AN ACT
RELATING TO DEVELOPMENT RIGHTS; AMENDING SECTION 67-6515A, IDAHO CODE,
TO PROVIDE THAT SELLERS AND BUYERS OF TRANSFERABLE DEVELOPMENT
RIGHTS SHALL HAVE THE DISCRETION TO MAKE CERTAIN DETERMINATIONS
REGARDING SUCH RIGHTS, TO PROVIDE FOR TIME PERIODS SET PURSUANT TO
WRITTEN CONTRACTS, TO PROVIDE THAT ORDINANCES SHALL PRESCRIBE PROCE-
DURES FOR THE ISSUANCE AND RECORDING OF CERTAIN INSTRUMENTS RELATING
TO THE TRANSFER OF DEVELOPMENT RIGHTS, TO SET FORTH REQUIREMENTS FOR
SUCH INSTRUMENTS AND TO PROVIDE THAT TRANSFERS OF DEVELOPMENT RIGHTS
WITHOUT WRITTEN AND RECORDED CONSENT SHALL BE VOID.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 67-6515A, Idaho Code, be, and the same is hereby amended to read as follows:

67-6515A. TRANSFER OF DEVELOPMENT RIGHTS. (1) Any city or county
governing body may, by ordinance, create development rights and estab-
lish procedures authorizing landowners to voluntarily transfer said
development rights subject to:

(a) Such conditions as the governing body shall determine to ful-
fill the goals of the city or county to preserve open space, protect
wildlife habitat and critical areas, and enhance and maintain the
rural character of lands with contiguity to agricultural lands suit-
able for long-range farming and ranching operations; and

(b) Voluntary acceptance by the landowner of the development rights
and any land use restrictions conditional to such acceptance.

(2) Before designating sending areas and receiving areas, a city or
county shall conduct an analysis of the market in an attempt to assure
that areas designated as receiving areas will have the capacity to
accommodate the number of development rights expected to be generated
from the sending areas.

(3) Ordinances providing for a transfer of development rights shall
not require a property owner in a sending area to sell development
rights. Once a transfer of development rights has been exercised it
shall constitute a restriction on the development of the property in
perpetuity, unless the city or county elects to extinguish such restriction pursuant to the provisions of this chapter.

(4) A city or county may not condition an application for a permit to which an applicant is otherwise entitled under existing zoning and subdivision ordinances on the acquisition of development rights. A city or county may not condition an application for a zoning district boundary change which is consistent with the comprehensive plan on the acquisition of development rights. A city or county may not reduce the density of an existing zone and thereafter require an applicant to acquire development rights as a condition of approving a request for a zoning district boundary change which would permit greater density.

(5) A person may not acquire a development right without the intent to exercise that right within a receiving area within ten-(10)-years of the date of acquisition. Upon a showing of good cause, a city or county may extend the right to exercise the development right for an additional period not to exceed five-(5)-years. It shall be at the discretion of the persons selling and buying a transferable development right to determine whether a right will be transferred permanently without being exercised in a designated receiving area or whether a right will have requirements to be exercised within a designated receiving area within a set time period. If the development right is not used before the end of the time period herein provided by written contract and any extension thereof, the development right will revert to the owner of the property from which it was transferred.

(6) No transfer of a development right, as contemplated herein, shall affect the validity or continued right to use any water right that is appurtenant to the real property from which such development right is transferred. The transfer of a water right shall remain subject to the provisions of title 42, Idaho Code.

(7) (a) Ordinances providing for the transfer of development rights shall provide that no transfer of development rights may occur without the written consent of prescribe procedures for the issuance and recording of the instruments necessary to sever development rights from the sending property and to affix the development rights to the receiving property. These instruments shall specifically describe the property, shall be executed by all lienholders and other parties with an interest of record in any of the affected property, from which development rights are proposed to be transferred and shall be recorded with the county recorder. Transfers of development rights without such written and recorded consent shall be void.

(b) A development right which is transferred shall be deemed to be an interest in real property and the rights evidenced thereby shall inure to the benefit of the transferee, his heirs, successors and assigns. An unexercised development right shall not be taxed as real or personal property.

(8) For the purposes of this section:

(a) "Development rights" shall mean the rights permitted to a lot, parcel or area of land under a zoning or other ordinance respecting permissible use, area, density, bulk or height of improvements. Development rights may be calculated and allocated in accordance with such factors as area, floor area, floor area ratios, density, height limitations, or any other criteria that will effectively quantify a value for the development right in a reasonable and uniform manner that will carry out the objectives of this section.
(b) "Receiving area" shall mean one (1) or more designated areas of land to which development rights generated from one (1) or more sending areas may be transferred and in which increased development is permitted to occur by reason of such transfer.

(c) "Sending area" shall mean one (1) or more designated areas of land in which development rights may be designated for use in one (1) or more receiving areas.

(d) "Transfer of development rights" shall mean the process by which development rights are transferred from one (1) lot, parcel or area of land in any sending area to another lot, parcel or area of land in one (1) or more receiving areas.

(2) It is the further purpose of this act to promote alcohol and drug-free workplaces in order that employers in this state be afforded the opportunity to maximize their levels of productivity, enhance their competitive positions in the marketplace and reach their desired levels of success without experiencing the cost delays and tragedies associated with work-related accidents resulting from substance abuse by employees.

or other qualified person.

(2) Any employee or prospective employee who has a positive test
result may request that the same sample be retested by a mutually agreed
upon laboratory. A request for retest must be done within seven (7)
working days from the date of the first confirmed positive test notifi­
cation and may be paid for by the employee or prospective employee
requesting the test. If the retest results in a negative test outcome,

The board may, at its discretion, call for proposals and sealed bids by public advertisement, and may evaluate said proposals and award the lease to the bidder whose proposal achieves the highest return over the term of the lease and who is capable of meeting such terms and conditions as may be set by the board; in the alternative, the board may call for lease applications by public advertisement and if more than one (1) person files an application to hold an auction in the same manner as provided in section 58-310, Idaho Code. In either case, the board must obtain a reasonable rental, based upon fair market value of the state land, throughout the duration of the lease. The board may reject any or all proposals and any or all bids, and may reoffer the lease at a later date if the board determines that the proposals or bids do not achieve the highest and best use of the land at market rental.

(2) The board shall review offenders who were sentenced and convicted for crimes enumerated in subsection (1) of this section and recidivists as defined in this chapter, who have been released under supervision, for the purpose of determining whether the offender should be designated as a violent sexual predator presenting a high risk of reoffense. Such review shall be undertaken upon request of the court having jurisdiction over the offender on probation or of the parole commission if the offender has been released on parole regardless of whether the offender has been reviewed by the board prior to release from incarceration. For purposes of seeking a board review pursuant to this subsection, the court or parole commission may consider all relevant evidence including, but not limited to, the probation or parole official's observations and opinions of these offenders while under supervision, in light of the circumstances of the underlying offense.

The guidelines shall be established with the assistance of sexual offender treatment and law enforcement professionals who have, by education, experience or training, expertise in the assessment and treatment of sexual offenders.
   (a) Factors to be used in establishment of the guidelines must be supported in the sexual offender assessment field as criteria reasonably related to the risk of reoffense and be objective criteria that can be gathered in a consistent and reliable manner.
   (b) The guidelines shall include, but are not limited to, the following general categories for risk assessment: seriousness of the offense, offense history, whether the offense was predatory, characteristics of the offender, characteristics of the victim, the rela-
tionship of the offender to the victim, the number of victims and the number of violations of each victim.

(S.B. No. 1028)

AN ACT
RELATING TO COURT FEES; AMENDING SECTION 18-918, IDAHO CODE, TO CORRECT A CODE REFERENCE; AMENDING SECTION 19-5116, IDAHO CODE, TO PROVIDE CODE REFERENCES; AND AMENDING SECTION 31-3201A, IDAHO CODE, TO PROVIDE FOR THE DEPOSIT OF CERTAIN COURT FEES TO THE STATE GENERAL FUND AND TO THE PEACE OFFICERS STANDARDS AND TRAINING FUND.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 18-918, Idaho Code, be, and the same is hereby amended to read as follows:

18-918. DOMESTIC VIOLENCE. (1) For the purpose of this section, "household member" means a person who is a spouse, former spouse, or a person who has a child in common regardless of whether they have been married or a person with whom a person is cohabiting, whether or not they have married or have held themselves out to be husband or wife.

(2) As used in this section, "traumatic injury" means a condition of the body, such as a wound or external or internal injury, whether of a minor or serious nature, caused by physical force.

(3) Any household member who commits a battery, as defined in section 18-903, Idaho Code, and willfully and unlawfully inflicts a traumatic injury upon any other household member is guilty of a felony.

(4) A household member who commits an assault, as defined in section 18-901, Idaho Code, against another household member which does not result in traumatic injury is guilty of a misdemeanor domestic assault.

(5) A household member who commits a battery, as defined in section 18-903, Idaho Code, against another household member which does not result in traumatic injury is guilty of a misdemeanor domestic battery.

(6) A conviction of felony domestic battery is punishable by imprisonment in the state prison for a term not to exceed ten (10) years or by a fine not to exceed ten thousand dollars ($10,000) or by both fine and imprisonment.

(7) (a) Upon a first conviction, the crime of misdemeanor domestic assault or battery is punishable by a fine not exceeding one thousand dollars ($1,000) or by imprisonment in a county jail not to exceed six (6) months, or both. Upon a second conviction, within ten (10) years of the first conviction, the person so convicted shall be punished by imprisonment in the county jail for a term not to exceed one (1) year or by a fine not exceeding two thousand dollars ($2,000) or by both fine and imprisonment. Upon a third or subsequent conviction, within fifteen (15) years of the first conviction, the person so convicted shall be punished by imprisonment in the state prison for a term not to exceed five (5) years or by a fine not to exceed five thousand dollars ($5,000) or by both fine and imprisonment.
(b) The maximum penalties provided in this section shall be doubled where the act of domestic assault or battery for which the person is convicted or pleads guilty took place in the presence of a child. For purposes of this section, "in the presence of a child" means in the physical presence of a child or knowing that a child is present and may see or hear an act of domestic assault or battery. For purposes of this section, "child" means a person under sixteen (16) years of age.

(8) (a) Any person who pleads guilty or is found guilty of a violation of this section shall undergo, at the person's own expense, an evaluation by a person, agency or organization approved by the court in accordance with subsection (c) of this section to determine whether the defendant should be required to obtain aggression counseling or other appropriate treatment. Such evaluation shall be completed prior to the sentencing date if the court's list of approved evaluators, in accordance with subsection (c) of this section, contains evaluators who are able to perform the evaluation prior to the sentencing dates. If the evaluation recommends counseling or other treatment, the evaluation shall recommend the type of counseling or treatment considered appropriate for the defendant, together with the estimated costs thereof, and shall recommend any other suitable alternative counseling or treatment programs, together with the estimated costs thereof. The defendant shall request that a copy of the completed evaluation be forwarded to the court. The court shall take the evaluation into consideration in determining an appropriate sentence. If a copy of the completed evaluation has not been provided to the court, the court may proceed to sentence the defendant; however, in such event, it shall be presumed that counseling is required unless the defendant makes a showing by a preponderance of evidence that counseling is not required. If the defendant has not made a good faith effort to provide the completed copy of the evaluation to the court, the court may consider the failure of the defendant to provide the report as an aggravating circumstance in determining an appropriate sentence. If counseling or other treatment is ordered, in no event shall the person, agency or organization doing the evaluation be the person, agency or organization that provides the counseling or other treatment unless this requirement is waived by the sentencing court, with the exception of federally recognized Indian tribes or federal military installations, where diagnosis and treatment are appropriate and available. Nothing herein contained shall preclude the use of funds authorized for court-ordered counseling or treatment pursuant to this section for indigent defendants as provided by law. In the event that funding is provided for or on behalf of the defendant by a governmental entity, the defendant shall be ordered to make restitution to such governmental entity in accordance with the restitution procedure for crime victims, as specified under chapter 53, title 19, Idaho Code.

(b) If the evaluation recommends counseling or other treatment, the court shall order the person to complete the counseling or other treatment in addition to any other sentence which may be imposed. If the court determines that counseling or treatment would be inappropriate or undesirable, the court shall enter findings articulating the reasons for such determination on the record. The court shall order the defendant to complete the preferred counseling or treat-

(H.B. No. 160, As Amended)

AN ACT
RELATING TO TERMINATION OF PARENTAL RIGHTS; AMENDING SECTION 16-2005, IDAHO CODE, TO REVISE CONDITIONS UNDER WHICH THE COURT MAY TERMINATE PARENTAL RIGHTS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 16-2005, Idaho Code, be, and the same is hereby amended to read as follows:

16-2005. CONDITIONS UNDER WHICH TERMINATION MAY BE GRANTED. The court may grant an order terminating the relationship where it finds one (1) or more of the following conditions exist:
a. The parent has abandoned the child by having willfully failed to maintain a normal parental relationship including, but not limited to, reasonable support or regular personal contact; failure of the parent to maintain this relationship without just cause for a period of one (1) year shall constitute prima facie evidence of abandonment under this section. Provided further, that where termination is sought by a grandparent seeking to adopt the child, willful failure of the parent to maintain a normal parental relationship as provided herein, without just cause, for six (6) months shall constitute prima facie evidence of abandonment.

b. The parent has neglected or abused the child. Neglect as used herein shall mean a situation in which the child lacks parental care necessary for his health, morals and well-being.

c. The presumptive parent is not the natural parent of the child.

d. The parent is unable to discharge parental responsibilities because of mental illness or mental deficiency, and there are reasonable grounds to believe the condition such inability will continue for a prolonged indeterminate period and will be injurious to the health, morals or well-being of the child.

e. If termination is found to be in the best interest of the parent and child, where the petition has been filed by a parent or through an authorized agency, or interested party.

f. Where a consent to termination in the manner and form prescribed by this act has been filed by the parent(s) of the child in conjunction with a petition for adoption initiated by the person or persons proposing to adopt the child, or where the consent to termination has been filed by a licensed adoption agency, no subsequent hearing on the merits of the petition shall be held. Consents required by this act must be witnessed by a district judge or magistrate of a district court, or equivalent judicial officer of the state, where a person consenting resides or is present, whether within or without the county, and shall be substantially in the following form:

IN THE DISTRICT COURT OF THE .... JUDICIAL DISTRICT OF THE STATE OF IDAHO, IN AND FOR THE COUNTY OF ....

In the Matter of the termination of the parental rights of ....

I (we), the undersigned, being the .... of ...., do hereby give my (our) full and free consent to the complete and absolute termination of my (our) parental right(s), to the said ...., who was born ...., ...., unto ...., hereby relinquishing completely and forever, all legal rights, privileges, duties and obligations, including all rights of inheritance to and from the said ...., and I (we) do hereby expressly waive my (our) right(s) to hearing on the petition to terminate my (our) parental relationship with the said ...., and respectfully request the petition be granted.

DATED: ...., 20...

STATE OF IDAHO .... ss.

COUNTY OF ....

On this .... day of ...., 20..., before me, the undersigned ...., .... (Judge or Magistrate) of the District Court of the .... Judicial
District of the state of Idaho, in and for the county of ...., personally appeared ...., known to me (or proved to me on the oath of ....) to be the person(s) whose name(s) is (are) subscribed to the within instrument, and acknowledged to me that he (she, they) executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

........................ (District Judge or Magistrate)

The court shall accept a consent or a surrender and release executed in another state if:

(1) It is witnessed by a magistrate or district judge of the state where signed; or

(2) The court receives an affidavit or a certificate from a court of comparable jurisdiction stating that the consent or the surrender and release was executed in accordance with the laws of the state in which it was executed, or the court is satisfied by other showing that the consent or surrender and release was executed in accordance with the laws of the state in which it was executed; or

(3) The court shall accept a termination or relinquishment from a sister state that has been ordered by a court of competent jurisdiction under like proceedings; or in any other manner authorized by the laws of a sister state. In a state where the father has failed to file notice of claim to paternity and willingness to assume responsibility as provided for pursuant to the laws of such state, and where such failure constitutes an abandonment of such child and constitutes a termination or relinquishment of the rights of the putative father, the court shall accept such failure as a termination in this state without further hearing on the merits, if the court is satisfied that such failure constitutes a termination or relinquishment of parental rights pursuant to the laws of that state.

g. Unless a consent to termination signed by the parent(s) of the child has been filed by an adoption agency licensed in the state of Idaho, or unless the consent to termination was filed in conjunction with a petition for adoption of the child, the court shall hold a hearing.

h. The court may grant termination as to a parent:

(1) Who caused the child to be conceived as a result of rape, incest, lewd conduct with a minor child under sixteen (16) years, or sexual abuse of a child under the age of sixteen (16) years, as defined in section 16-2002 o., Idaho Code; or

(2) Who murdered or intentionally killed the other parent of the child; or if the court determines the parent has been convicted of murder or voluntary manslaughter of another sibling of the child or has aided, abetted, conspired or solicited to commit such murder or voluntary manslaughter and/or if the court determines the parent has been convicted of a felony assault or battery which resulted in serious bodily injury to the child or a sibling; or

(3) Who has been incarcerated and has no possibility of parole; or

(4) If a court determines the child to be an abandoned infant.

There is a rebuttable presumption that termination of the parent-child relationship in any of the circumstances provided in subsection g. of this section is in the best interest of the child.

i. If the parent has a disability, as defined in this chapter, the parent shall have the right to provide evidence to the court regarding
the manner in which the use of adaptive equipment or supportive services will enable the parent to carry out the responsibilities of parenting the child. Nothing in this section shall be construed to create any new or additional obligation on state or local governments to purchase or provide adaptive equipment or supportive services for parents with disabilities.

Approved April 8, 2003.

AN ACT
RELATING TO PURCHASE OF PROPERTY BY THE SCHOOL DISTRICT BOARD OF
TRUSTEES; AMENDING SECTION 33-601, IDAHO CODE, TO INCREASE THE MINI-
MUM EXPENDITURE FOR WHICH THE BOARD MUST ADVERTISE FOR BIDS AND PER-
MIT THE SCHOOL TRUSTEES TO PROCEED UNDER ITS OWN DIRECTION IN THE
CONDITION SPECIFIED.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-601, Idaho Code, be, and the same is
hereby amended to read as follows:

33-601. REAL AND PERSONAL PROPERTY -- ACQUISITION, USE OR DISPOSAL
OF SAME. The board of trustees of each school district shall have the
following powers and duties:

1. To rent to or from others, school buildings or other property
used, or to be used, for school purposes.

2. To contract for the construction, repair, or improvement of any
real property, or the acquisition, purchase or repair of any equipment,
or other personal property necessary for the operation of the school
district.

Except for the purchase of curricular materials as defined in sec-
tion 33-118A, Idaho Code, no such contract shall be executed which
entails the expenditure of fifteen twenty-five thousand dollars
($152,500) or more without notice first being given by publishing twice
in the manner required by subsections g. and h. of section 33-402, Idaho
Code, unless in cooperation with the division of purchasing or coopera-
tive agency established pursuant to chapter 23, title 67, and/or sec-
tions 33-315 through 33-318, Idaho Code. The board of trustees may let
the contract to the lowest responsible bidder, or reject any bid, or
reject all bids and publish notice for bids, as before. If, thereafter,
no satisfactory bid is received, the board may proceed under its own
direction, subject to the approval of the state board of education.

3. To designate and purchase any real property necessary for school
purposes or in the operation of the district, or remove any building, or
dispose of any real property. Prior to, but not more than one (1) year
prior to, any purchase or disposal of real property, the board shall
have such property appraised by an appraiser certified in the state of
Idaho, which appraisal shall be entered in the records of the board of
trustees, and shall be used to establish the value of the real property.
The board of trustees shall determine the size of the site necessary for
school purposes. The site shall be located within the incorporated lim-
its of any city within the district; provided, however, that if the
board finds that it is not in the best interests of the electors and the
students of the district to locate the site within the incorporated lim-
its of a city, the board, by duly adopted resolution setting forth the
reasons for its finding, may designate a site located elsewhere within
the district. In elementary school districts, except upon removal for
highway purposes, a site may be designated or changed only after
approval of two-thirds (2/3) or more of the electors voting at the
annual meeting.
4. (a) To convey, except as provided by paragraph (b) of this subsection, by deed, bill of sale, or other appropriate instrument, all of the estate and interest of the district in any property, real or personal. In elementary school districts, except such conveyance as is authorized by subsection 6. of this section, any of the transactions authorized in this subsection shall be subject to the approval of two-thirds (2/3) or more of the electors voting at the annual meeting.

Prior to such sale or conveyance, the board shall have the property appraised pursuant to this section, which appraisal shall be entered in the records of the board of trustees. The property may be sold at public auction or by sealed bids, as the board of trustees shall determine, to the highest bidder. Such property may be sold for cash or for such terms and conditions as the board of trustees shall determine for a period not exceeding ten (10) years, with the annual rate of interest on all deferred payments not less than seven percent (7%) per annum. The title to all property sold on contract shall be retained in the name of the school district until full payment has been made by the purchaser, and title to all property sold under a note and mortgage or deed of trust shall be transferred to the purchaser at the point of sale under the terms and conditions of the mortgage or deed of trust as the board of trustees shall determine. Notice of the time and the conditions of such sale shall be published twice, and proof thereof made, in accordance with subsections g. and h. of section 33-402, Idaho Code, except that when the appraised value of the property is less than one thousand dollars ($1,000), one (1) single notice by publication shall be sufficient and the property shall be sold by sealed bids or at public auction.

The board of trustees may accept the highest bid, may reject any bid, or reject all bids. If the real property was donated to the school district the board may, within a period of one (1) year from the time of the appraisal, sell the property without additional advertising or bidding. Otherwise, the board of trustees must have new appraisals made and again publish notice for bids, as before. If, thereafter, no satisfactory bid is made and received, the board may proceed under its own direction to sell and convey the property. In no case shall any real property of the school district be sold for less than its appraisal.

The board of trustees may sell personal property, with an estimated value of less than one thousand dollars ($1,000), without appraisal, by sealed bid or at public auction, provided that there has been not less than one (1) published advertisement prior to the sale of said property. If the board, by a unanimous vote of those members present, finds that the property has an estimated value of less than five hundred dollars ($500) and is of insufficient value to defray the costs of arranging a sale, the property may be disposed of in the most cost-effective and expedient manner by an employee of the district empowered for that purpose by the board.

(b) Real and personal property may be exchanged hereunder for other property. Provided, however, that aside from the provisions of this paragraph, any school district may by a vote of one-half (1/2) plus one (1) of the members of the full board of trustees, by resolution duly adopted, authorize the transfer or conveyance of any real or
personal property owned by such school district to the government of the United States, any city, county, the state of Idaho, any hospital district organized under chapter 13, title 39, Idaho Code, any other school district, any library district, any community college district, or any recreation district, with or without any consideration accruing to the school district, when in the judgment of the board of trustees it is for the interest of such school district that said transfer or conveyance be made. Prior to any transfer or conveyance of any real or personal property pursuant to this paragraph 4.(b), the board shall have the property appraised by an appraiser certified in the state of Idaho, which appraisal shall be entered in the records of the board of trustees, and shall be used to establish the value of the real or personal property.

5. To enter into contracts with any city located within the boundaries of the school district for the joint purchase, construction, development, maintenance and equipping of playgrounds, ball parks, swimming pools, and other recreational facilities upon property owned either by the school district or the city.

6. To convey rights-of-way and easements for highway, public utility, and other purposes over, upon or across any school property and, when necessary to the use of such property for any such purpose, to authorize the removal of school buildings to such new location, or locations, as shall be determined by the board of trustees, and such removal shall be made at no cost or expense to the school district.

7. To authorize the use of any school building of the district as a community center, or for any public purpose, and to establish a policy of charges, if any, to be made for such use.

8. To exercise the right of eminent domain under the provisions of chapter 7, title 7, Idaho Code, for any of the uses and purposes provided in section 7-701, Idaho Code.

9. If there is a great public calamity, such as an extraordinary fire, flood, storm, epidemic, or other disaster, or if it is necessary to do emergency work to prepare for national or local defense, or it is necessary to do emergency work to safeguard life, health or property, the board of trustees may pass a resolution declaring that the public interest and necessity demand the immediate expenditure of public money to safeguard life, health or property. Upon adoption of the resolution, the board may expend any sum required in the emergency without compliance with this section.

(4) In any appeal taken to the board of tax appeals or the district court pursuant to this section, the burden of proof shall fall upon the party seeking affirmative relief to establish that the valuation from which the appeal is taken is erroneous, or that the board of equalization erred in its decision regarding a claim that certain property is exempt from taxation, the value thereof, or any other relief sought before the board of equalization. A preponderance of the evidence shall suffice to sustain the burden of proof. The burden of proof shall fall upon the party seeking affirmative relief and the burden of going forward with the evidence shall shift as in other civil litigation. The board of tax appeals or the district court shall render its decision in writing, including therein a concise statement of the facts found by the court and the conclusions of law reached by the court. (b) Any record made in such matter together with the record of all proceedings shall be filed by the clerk with the district court of the proper county.

(c) Appeals may be based upon any issue presented by the appellant to the board of tax appeals and shall be heard and determined by the court without a jury in a trial de novo on the issues in the same manner as though it were an original proceeding in that court. The burden of proof shall fall upon the party seeking affirmative relief to establish that the decision made by the board of tax appeals is erroneous. A preponderance of the evidence shall suffice to sustain the burden of proof. The burden of proof shall fall upon the party seeking affirmative relief and the party going forward with the evidence shall shift as in other civil litigation. The court shall render its decision in writing, including therein a concise statement of the facts found by the court and conclusions of law reached by the court. The program will perform an essential governmental function in the exercise of powers conferred upon it in this act and any assessments imposed or collected pursuant to the operation of the program shall at all times be free from taxation of every kind.

(3) The program shall operate subject to the supervision and control of the board established in section 41-5502, Idaho Code.

(4) Each small-employer carrier shall make a filing with the director containing the carrier's earned health insurance premium derived from health benefit plans delivered or issued for delivery to small employers in this state in the previous calendar year.

(5) The board shall submit to the director a plan of operation and
thereafter any amendments thereto necessary or suitable to assure the fair, reasonable and equitable administration of the program. The director may, after notice and hearing, approve the plan of operation if the director determines it to be suitable to assure the fair, reasonable and equitable administration of the program, and to provide for the sharing of program gains or losses on an equitable and proportionate basis in accordance with the provisions of this section. The plan of operation shall become effective upon written approval by the director.

(6) If the board fails to submit a suitable plan of operation, the director shall, after notice and hearing, adopt and promulgate a temporary plan of operation. The director shall approve the plan of operation submitted by the board, or adopt a temporary plan of operation if the board fails to submit a suitable plan. The director shall amend or rescind any plan adopted under the provisions of this subsection at the time a plan of operation is submitted by the board and approved by the director.

(7) The plan of operation shall:

(8) The program shall have the general powers and authority granted under the laws of this state to insurance companies and health maintenance organizations licensed to transact business, except the power to issue health benefit plans directly to either groups or individuals. In addition thereto, the program shall have the specific authority to:
(a) Enter into contracts as are necessary or proper to carry out the provisions and purposes of this chapter, including the authority, with the approval of the director, to enter into contracts with similar programs of other states for the joint performance of common functions or with persons or other organizations for the performance of administrative functions;

(c) Take any legal action necessary to avoid the payment of improper claims against the program;

(f) Establish actuarial functions as appropriate for the operation of the program;

(i) Borrow money to effect the purposes of the program. Any notes or other evidence of indebtedness of the program not in default shall be legal investments for carriers and may be carried as admitted assets.

(9) A reinsuring carrier may reinsure with the program as provided in this subsection:

(b) A small employer carrier may reinsure an entire employer group within sixty (60) days of the commencement of the group's coverage under a health benefit plan.

(c) A reinsuring small employer carrier may reinsure an eligible employee or dependent within a period of sixty (60) days following the commencement of the coverage with the small employer. A newly eligible employee or dependent of the reinsured small employer may be reinsured within sixty (60) days of the commencement of his coverage. Newborn dependents of insureds are not eligible for reinsurance unless a parent is already reinsured.

(d) (i) The program shall not reimburse a reinsuring carrier with respect to the claims of a reinsured employee or dependent until the carrier has incurred an initial level of claims for such employee or dependent of five thousand dollars ($5,000) in a calendar year for benefits covered by the program. In addition, the reinsuring carrier shall be responsible for ten percent (10%) of the next fifty thousand dollars ($50,000) of benefit payments during a calendar year and the program shall reinsure the remainder.

(ii) The board annually may adjust the initial level of claims and the maximum limit to be retained by the carrier to reflect increases in costs and utilization within the standard market for health benefit plans within the state. The adjustment shall not be less than the annual change in the medical component of the "Consumer Price Index for All Urban Consumers" of the department of labor, bureau of labor statistics, unless the board proposes and the director approves a lower adjustment factor.

(e) A reinsuring carrier may terminate reinsurance with the program for one (1) or more of the reinsured employees or dependents on any anniversary of the health benefit plan.
(f) A reinsuring carrier shall apply all managed care and claims handling techniques, including utilization review, individual case management, preferred provider provisions, and other managed care provisions or methods of operation consistently with respect to reinsured and nonreinsured business.

(10) (a) The board, as part of the plan of operation, shall establish a methodology for determining premium rates to be charged by the program for reinsuring small employers pursuant to this section. The methodology shall include a system for classification of small employers that reflects the types of case characteristics commonly used by small employer carriers in the state. The methodology shall provide for the development of base reinsurance premium rates, subject to the approval of the director, and shall be set at levels which reasonably approximate gross premiums charged to small employers by small employer carriers for health benefit plans with benefits similar to the standard health benefit plan, adjusted to reflect retention levels required under the provisions of this chapter.

(b) Premiums for the program shall be as established by the board.

(c) The board periodically shall review the methodology established under the provisions of paragraph (10)(a) of this section, including the system of classification and any rating factors, to assure that it reasonably reflects the claims experience of the program. The board may propose changes to the methodology which shall be subject to the approval of the director.

(d) The board may consider adjustments to the premium rates charged by the program to reflect the use of effective cost containment and managed care arrangements.

(11) If a health benefit plan for a small employer is entirely or partially reinsured with the program, the premium charged to the small employer for any rating period for the coverage issued shall meet the requirements relating to premium rates set forth in section 41-4706, Idaho Code.

(12) (a) Prior to March 1 of each year, the board shall determine and report to the director the program net loss for the previous calendar year, including administrative expenses and incurred losses for the year, taking into account investment income and other appropriate gains and losses.

(b) Any net loss for the year shall be recouped by assessments of carriers.

(c) (i) For the assessment of March 1, 1995, and prior to March 1 of each succeeding year, the board shall determine and file with the director an estimate of the assessments needed to fund the losses incurred by the program in the previous calendar year.

(ii) The individual assessments shall be determined by multiplying net losses, if net earnings are negative, as defined by subsection (12)(a) of this section, by a fraction, the numerator of which shall be the carrier’s total premiums earned in the preceding calendar year from all health benefit plans and policies or certificates of insurance for specific disease, and hospital confinement indemnity in this state as reported in the carrier’s annual report pursuant to subsection (16) of this section, and the denominator of which shall be the total pre-
miums earned in the preceding calendar year from all health benefit plans and policies or certificates of insurance for specific disease and hospital confinement indemnity in this state.

(d) If assessments exceed net losses of the program, the excess shall be held at interest and used by the board to offset future losses or to reduce program premiums. As used in this paragraph, "future losses" includes reserves for incurred but not reported claims.

(e) Each reinsuring carrier's proportion of the assessment shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed by the reinsuring carriers with the board or with the director.

(f) The plan of operation shall provide for the imposition of an interest penalty for late payment of assessments.

(g) A reinsuring carrier may seek from the director a deferment from all or part of an assessment imposed by the board. The director may defer all or part of the assessment of a reinsuring carrier if the director determines that the payment of the assessment would place the reinsuring carrier in a financially impaired condition. If all or part of an assessment against a reinsuring carrier is deferred the amount deferred shall be assessed against the other participating carriers in a manner consistent with the basis for assessment set forth in this subsection. The reinsuring carrier receiving the deferment shall remain liable to the program for the amount deferred and shall be prohibited from reinsuring any groups with the program until such time as it pays the assessments.

(13) (a) Neither the participation in the program as reinsuring carriers, the establishment of rates, forms or procedures, nor any other joint or collective action required under the provisions of this chapter shall be the basis of any legal action, criminal or civil liability, or penalty against the program or any of its reinsuring carriers either jointly or separately.

(b) Neither the board nor its employees shall be liable for any obligations of the program. No member or employee of the board shall be liable, and no cause of action of any nature may arise against them, for any act or omission related to the performance of their powers and duties under this chapter, unless such act or omission constitutes willful or wanton misconduct. The board may provide for indemnification of, and legal representation for, its members and employees.

(14) The board, as part of the plan of operation, shall develop standards setting forth the manner and levels of compensation to be paid to agents for the sale of small employer basic, standard and catastrophic health benefit plans. In establishing such standards, the board shall take into consideration the need to assure the broad availability of coverages, the objectives of the program, the time and effort expended in placing the coverage, the need to provide ongoing service to the small employer, the levels of compensation currently used in the industry and the overall costs of coverage to small employers selecting these plans.

(15) The program shall be exempt from any and all taxes.

(16) Each carrier shall file with the director, in a form and manner to be prescribed by the director, an annual report. The report shall
state the number of resident persons insured under the carrier's health benefit plan.

(17) If a reinsuring small employer carrier attempts to reinsure or reinsures an entire employer group, an employee, or a dependent of such employee that, immediately prior to the commencement of such coverage, it covered under a health benefit plan, the board shall assess all costs and losses incurred by the program for claims and administrative expenses relating to such group, employee or dependent of such employee only to the said reinsuring small employer carrier.

(18) Subsection (17) of this section shall apply to assessments made for the 1994 calendar year and each year thereafter.

This program applies to voter approved bonds issued by school districts. (b) The notes, including principal and interest, shall be repaid from the district's next payments pursuant to chapter 8, title 33, Idaho Code, as collected by the state treasurer;

(c) The state may make additional payments on the note;

(d) The endowment fund investment board may require the state treasurer to compel the school district to modify its fiscal practices and its general operations if the board determines that there is a substantial likelihood that the district will not be able to make future payments required under this section.

(4) The provisions of this section shall not be deemed to interfere with the state treasurer's ability in chapter 53, title 33, Idaho Code, to obtain repayment of a delinquent obligation.

(5) For purposes of administering the provisions of this section, the board shall make available the sum of at least one two hundred million dollars ($1,200,000,000) from the public school permanent endowment fund, for purposes of purchasing notes as authorized by this section. The amount of debt guaranteed by the credit enhancement program shall not be greater than two three (23) times the amount made available by the public school permanent endowment fund.

CHAPTER 271
(H.B. No. 327)

AN ACT
RELATING TO MUTUAL INSURANCE HOLDING COMPANIES; AMENDING SECTION 41-3821, IDAHO CODE, TO PROVIDE THAT THE FORMATION OF MUTUAL INSURANCE HOLDING COMPANIES SHOULD NOT INCREASE THE TAX BURDEN OF THE MUTUAL INSURANCE HOLDING COMPANY SYSTEM, TO PROVIDE THAT STOCK INSURANCE SUBSIDIARIES SHALL CONTINUE TO BE SUBJECT TO PREMIUM TAXATION AND REAL PROPERTY TAXATION, TO PROVIDE THAT SUBJECT TO THE APPROVAL OF THE DIRECTOR DIVIDENDS OR DISTRIBUTIONS MAY BE ISSUED BY A STOCK INSURANCE SUBSIDIARY TO A MUTUAL INSURANCE HOLDING COMPANY OR INTERMEDIATE HOLDING COMPANY, TO PROVIDE THAT SUCH DIVIDENDS OR DISTRIBUTIONS SHALL BE EXCLUDED FROM IDAHO TAXABLE INCOME AND TO PROVIDE THAT THE EXCLUSION SHALL NOT APPLY IN CERTAIN CIRCUMSTANCES; AND PROVIDING AN EFFECTIVE DATE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 41-3821, Idaho Code, be, and the same is hereby amended to read as follows:

41-3821. MUTUAL INSURANCE HOLDING COMPANIES.
(1) (a) A domestic mutual insurer, upon approval of the director, may reorganize by forming an insurance holding company system, "the mutual insurance holding company," based upon a mutual plan and continuing the corporate existence of the reorganizing insurer as a stock insurer. The director, after a public hearing as provided in section 41-3805, Idaho Code, if satisfied that the interests of the policyholders are properly protected and that the plan of reorganization is fair and equitable to the policyholders, may approve the proposed plan of reorganization and may require as a condition of approval such modifications of the proposed plan of reorganization as the director finds necessary for the protection of the policyholders' interests. The director may retain consultants as provided in section 41-3805(4), Idaho Code. A reorganization pursuant to this subsection is subject to sections 41-3802 and 41-3803, Idaho Code. The director shall retain jurisdiction over a mutual insurance holding company organized pursuant to this section to assure that policyholder interests are protected.
(b) All of the initial shares of the capital stock of the reorganized insurer shall be issued to the mutual insurance holding company. The membership interests of the policyholders of the reorganized insurer shall become membership interests in the mutual insur-
ance holding company. Policyholders of the reorganized insurer shall be members of the mutual insurance holding company in accordance with the articles of incorporation and bylaws of the mutual insurance holding company. The mutual insurance holding company shall at all times own a majority of the voting shares of the capital stock of the reorganized insurer.

(2) (a) A domestic mutual insurer, upon the approval of the director, may reorganize by merging its policyholders' membership interests into a mutual insurance holding company formed pursuant to subsection (1) of this section and continuing the corporate existence of the reorganizing insurer as a stock insurer subsidiary of the mutual insurance holding company. The director, after a public hearing as provided in section 41-3805, Idaho Code, if satisfied that the interests of the policyholders are properly protected and that the merger is fair and equitable to the policyholders, may approve the proposed merger and may require as a condition of approval such modifications of the proposed merger as the director finds necessary for the protection of the policyholders' interests. The director may retain consultants as provided in section 41-3805(4), Idaho Code. A merger pursuant to this subsection is subject to sections 41-3802 and 41-3803, Idaho Code. The director shall retain jurisdiction over the mutual insurance holding company organized pursuant to this section to assure that policyholder interests are protected.

(b) All of the initial shares of the capital stock of the reorganized insurer shall be issued to the mutual insurance holding company. The membership interests of the policyholders of the reorganized insurance company shall become membership interests in the mutual insurance holding company. Policyholders of the reorganized insurer shall be members of the mutual insurance holding company in accordance with the articles of incorporation and bylaws of the mutual insurance holding company. The mutual insurance holding company shall at all times own a majority of the voting shares of the capital stock of the reorganized insurer. A merger of policyholders' membership interests in a mutual insurer into a mutual insurance holding company shall be deemed to be a merger of insurance companies pursuant to section 41-2857, Idaho Code, and section 41-2857, Idaho Code, is also applicable.

(c) A foreign mutual insurer, which if a domestic corporation would be organized under chapter 3, title 41, Idaho Code, may reorganize upon the approval of the director and in compliance with the requirements of any law or rule which is applicable to the foreign mutual insurer by merging its policyholders' membership interests into a mutual insurance holding company formed pursuant to subsection (1) of this section and continuing the corporate existence of the reorganizing foreign mutual insurer as a foreign stock insurer subsidiary of the mutual insurance holding company. The director, after a public hearing as provided in section 41-3805, Idaho Code, may approve the proposed merger. The director may retain consultants as provided in section 41-3805(4), Idaho Code. A merger pursuant to this paragraph is subject to sections 41-3802 and 41-3803, Idaho Code. The reorganizing foreign mutual insurer may remain a foreign company or foreign corporation after the merger, and may be admitted to do business in this state. A foreign mutual insurer which is a party to the merger may at the same time redomesticate in this state.
by complying with the applicable requirements of this state and its state of domicile. The provisions of subsection (2)(b) shall apply to a merger authorized under this paragraph.

(3) A mutual insurance holding company resulting from the reorganization of a domestic mutual insurer organized under chapter 1, title 30, Idaho Code, shall be incorporated pursuant to chapter 1, title 30, Idaho Code. This requirement shall supersede any conflicting provisions of chapter 1, title 30, Idaho Code. The articles of incorporation and any amendments to such articles of the mutual insurance holding company shall be subject to approval of the director in the same manner as those of an insurance company.

(4) A mutual insurance holding company is deemed to be an insurer subject to chapter 33, title 41, Idaho Code, and shall automatically be a party to any proceeding under chapter 33, title 41, Idaho Code, involving an insurer which as a result of a reorganization pursuant to subsection (1) or (2) of this section is a subsidiary of the mutual insurance holding company. In any proceeding under chapter 33, title 41, Idaho Code, involving the reorganized insurer, the assets of the mutual insurance holding company are deemed to be assets of the estate of the reorganized insurer for purposes of satisfying the claims of the reorganized insurer's policyholders. A mutual insurance holding company shall not dissolve or liquidate without the approval of the director or as ordered by the district court pursuant to chapter 33, title 41, Idaho Code.

(5) (a) Section 41-2855, Idaho Code, is not applicable to a reorganization or merger pursuant to this section.

(b) Section 41-2855, Idaho Code, is applicable to demutualization of a mutual insurance holding company which resulted from the reorganization of a domestic mutual insurer organized under chapter 3, title 41, Idaho Code, as if it were a mutual life insurer.

(6) A membership interest in a domestic mutual insurance holding company shall not constitute a security as defined in section 30-1402(12), Idaho Code.

(7) The majority of the voting shares of the capital stock of the reorganized insurer, which is required by this section to be at all times owned by a mutual insurance holding company, shall not be conveyed, transferred, assigned, pledged, subject to a security interest or lien, encumbered, or otherwise hypothecated or alienated by the mutual insurance holding company or intermediate holding company. Any conveyance, transfer, assignment, pledge, security interest, lien, encumbrance, or hypothecation or alienation of, in or on the majority of the voting shares of the reorganized insurer which is required by this section to be at all times owned by a mutual insurance holding company, is in violation of this section and shall be void in inverse chronological order of the date of such conveyance, transfer, assignment, pledge, security interest, lien, encumbrance, or hypothecation or alienation, as to the shares necessary to constitute a majority of such voting shares. The majority of the voting shares of the capital stock of the reorganized insurer which is required by this section to be at all times owned by a mutual insurance holding company shall not be subject to execution and levy as provided in title 11, Idaho Code. The shares of the capital stock of the surviving or new company resulting from a merger or consolidation of two (2) or more reorganized insurers or two (2) or more intermediate holding companies which were subsidiaries of the same
mutual insurance holding company are subject to the same requirements, restrictions, and limitations as provided in this section to which the shares of the merging or consolidating reorganized insurers or intermediate holding companies were subject by this section prior to the merger or consolidation.

As used in this section, "majority of the voting shares of the capital stock of the reorganized insurer" means shares of the capital stock of the reorganized insurer which carry the right to cast a majority of the votes entitled to be cast by all of the outstanding shares of the capital stock of the reorganized insurer for the election of directors and on all other matters submitted to a vote of the shareholders of the reorganized insurer. The ownership of a majority of the voting shares of the capital stock of the reorganized insurer which are required by this section to be at all times owned by a parent mutual insurance holding company includes indirect ownership through one (1) or more intermediate holding companies in a corporate structure approved by the director. However, indirect ownership through one (1) or more intermediate holding companies shall not result in the mutual insurance holding company owning less than the equivalent of a majority of the voting shares of the capital stock of the reorganized insurer. The director shall have jurisdiction over an intermediate holding company as if it were a mutual insurance holding company.

As used in this section, "intermediate holding company" means a holding company which is a subsidiary of a mutual insurance holding company, and which either directly or through a subsidiary intermediate holding company has one (1) or more subsidiary reorganized insurers of which a majority of the voting shares of the capital stock would otherwise have been required by this section to be at all times owned by the mutual insurance holding company.

(8) It is the intent of the legislature that the formation of a mutual insurance holding company should not increase the Idaho tax burden of the mutual insurance holding company system and that a stock insurance subsidiary shall continue to be subject to Idaho insurance premium taxation in lieu of all other taxes except real property taxes as provided in section 41-405, Idaho Code. Subject to approval by the director as required under Idaho law, a stock insurance subsidiary may issue dividends or distributions to the mutual insurance holding company or any intermediate holding company, and such dividends or distributions shall be excluded from the Idaho taxable income of the recipients; provided however, that such exclusion shall not apply to the extent that, in the year preceding the year in which the dividends or distributions were made, the subsidiary insurer's liability for Idaho premium tax was less than the amount of Idaho income tax for which the insurer would have been liable in such year had the insurer been subject to Idaho income taxation rather than premium taxation.

SECTION 2. This act shall be in full force and effect on and after January 1, 2004.

Approved April 8, 2003.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 42-3212, Idaho Code, be, and the same is hereby amended to read as follows:

42-3212. GENERAL POWERS OF BOARD. For and on behalf of the district the board shall have the following powers:

(l) To fix and from time to time to increase or decrease water and sewer rates, tolls or charges for services or facilities furnished by the district, and to pledge such revenue for the payment of any indebtedness of the district. The board shall fix rates, tolls and charges and the time or times for the payment thereof. All such rates, tolls and charges not paid within thirty (30) days after the date fixed for the payment thereof shall become delinquent; the board shall certify all such delinquent rates, tolls and charges to the tax collector of the county by the district, not later than the first day of August and shall be, by said tax collector, placed upon the tax roll and collected in the same manner and subject to the same penalties as other district taxes; provided, however, that special assessments certified to the tax collector which are placed on property qualifying for a hardship exemption may be returned to the taxing district from which they originated if the special assessments are not paid within three (3) years. (2) The teams shall develop a written protocol for investigation of child abuse cases and for interviewing alleged victims of such abuse or neglect, including protocols for investigations involving a family member with a disability. Each team shall develop written agreements signed by member agencies, specifying the role of each agency, procedures to be followed to assess risks to the child and criteria and procedures to be followed to ensure the child victim's safety including removal of the alleged offender.

(3) Each team member shall be trained in risk assessment, dynamics of child abuse and interviewing and investigatory techniques.

shall include independent citizen input. Nonoffending parents of child abuse victims shall be notified of the review procedure.

(6) Prosecuting attorneys of the various counties may determine that multidisciplinary teams may be most effectively established through the use of joint exercise of powers agreements among more than one county and such agreements are hereby authorized.

(7) Lack of review by a multidisciplinary team of a particular case does not defeat the jurisdiction of the court.

SECTION 6. That Section 16-1610, Idaho Code, be, and the same is hereby amended to read as follows:

16-1610. PLANNING HEARING. (a) The department shall prepare a written case plan. Within five (5) days of filing the plan, the court shall hold a planning hearing to determine whether to adopt, reject or modify the case plan proposed by the department.

(b) Notice of the planning hearing shall be provided to the parents, legal guardians, guardians ad litem and foster parents. Although foster parents are provided notice of this hearing, they are not parties to the child protective act action.

(c) The case plan shall set forth reasonable efforts which will be made to make it possible for the child to return to his home and shall concurrently include a plan setting forth reasonable efforts to place the child for adoption with a legal guardian or in another approved permanent placement. The plan shall state with specificity the role of the department toward each parent and shall be for an indeterminate period not to exceed the child's eighteenth birthday.

(d) The case plan, as approved by the court, shall be entered into the record as an order of the court. In the absence of a finding of aggravated circumstances as provided for in section 16-1608(ef)(4), Idaho Code, the court's order shall provide that reasonable efforts shall be made to reunify the family in a timely manner in accordance with the case plan or in the alternative to complete the steps necessary to finalize the permanent placement of the child.

Unless there are compelling reasons it would not be in the best interest of the child, the department shall be required to file a petition to terminate parental rights within sixty (60) days of a judicial determination that
an infant has been abandoned or that reasonable efforts, as defined in section 16-1608(ef), Idaho Code, are not required because the court determines the parent has been convicted of murder or voluntary manslaughter of another sibling of the child or has aided, abetted, attempted, conspired or solicited to commit such murder or voluntary manslaughter and/or if the court determines the parent has been convicted of a felony assault or battery which resulted in serious bodily injury to the child or a sibling. The department shall join as a party to the petition if such a petition to terminate is filed by another party; as well as to concurrently identify, recruit, process and approve a qualified family for adoption unless it is determined that such actions would not be in the best interest of the child, or the child is placed with a relative. If termination of parental rights is granted and the child is placed in the guardianship or legal custody of the department of health and welfare the court, upon petition, shall conduct a hearing as to the future status of the child within twelve (12) months of the order of termination of parental rights, and every twelve (12) months subsequently until the child is adopted or is in a placement sanctioned by the court. A petition to terminate parental rights shall be filed as a motion in the existing child protective action.

AN ACT RELATING TO SENTENCING CRITERIA IN DRUG CASES; AMENDING SECTION 37-2738, IDAHO CODE, TO REVISE PROVISIONS RELATING TO SUBSTANCE ABUSE EVALUATIONS AND TO MAKE TECHNICAL CORRECTIONS; AND AMENDING SECTION 18-1502C, IDAHO CODE, TO CLARIFY A CODE REFERENCE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 37-2738; Idaho Code, be, and the same is hereby amended to read as follows:

37-2738. SENTENCING CRITERIA IN DRUG CASES. (1) Any person who pleads guilty to, is found guilty of or has a judgment of conviction entered upon a violation of the provisions of subsections (a), (b), (c) or (e), of section 37-2732, Idaho Code, shall be sentenced according to the criteria set forth herein.

(2) Prior to sentencing for a violation enumerated in subsection (1) above, the defendant shall undergo, at his own expense (or at county expense through the procedures set forth in chapters 34 and 35, title 31, Idaho Code), a substance abuse evaluation at a facility approved by the Idaho department of health and welfare. Provided however, that if
the defendant has no prior or pending charges under the provisions of subsection (a), (b), (c) or (e), of section 37-2732, Idaho Code, and the court does not have any reason to believe that the defendant regularly abuses drugs and is in need of treatment, the court may, in its discretion, waive the evaluation with respect to sentencing for a violation of subsection (b) or (e) of section 37-2732, Idaho Code, and proceed to sentence the defendant. The court may also, in its discretion, waive the requirement of a substance abuse evaluation with respect to a defendant's violation of the provisions of subsection (a), (b), (c) or (e), of section 37-2732, Idaho Code, and proceed to sentence the defendant if the court has a presentence investigation report, substance abuse assessment, criminogenic risk assessment, or similar assessment which has evaluated the defendant's need for substance abuse treatment conducted within twelve (12) months preceding the date of the defendant's sentencing.

(3) In the event the a substance abuse evaluation indicates the need for substance abuse treatment, the evaluation shall recommend an appropriate treatment program, together with the estimated costs thereof, and recommendations for other suitable alternative treatment programs, together with the estimated costs thereof. The person shall request that a copy of the completed evaluation be forwarded to the court. The court shall take the evaluation into consideration to determine an appropriate sentence. If a copy of the completed evaluation has not been provided to the court, the court may proceed to sentence the defendant; however, in such event it shall be presumed that substance abuse treatment is needed unless it is shown by a preponderance of evidence that treatment is not required. If the defendant has not made a good faith effort to provide the completed copy of the evaluation to the court, the court may consider the failure of the defendant to provide or report an aggravating circumstance in determining an appropriate sentence. If treatment is ordered, the person or facility performing the evaluation shall not be the person or facility that provides the treatment, unless this requirement is waived by the sentencing court, and with the exception of federally recognized Indian tribes or federal military installations where diagnoses and treatment are appropriate and available. Nothing herein contained shall preclude the use of funds authorized pursuant to the provisions of chapter 3, title 39, Idaho Code, for court ordered substance abuse treatment for indigent defendants.

(34) When sentencing an individual for the crimes enumerated in section (1) of this section, the court shall not enter a withheld judgment unless it finds by a preponderance of the evidence that:

(a) The defendant has no prior finding of guilt for any felony, any violation of chapter 80, title 18, Idaho Code, or subsections (a), (b), (c) or (e), of section 37-2732, Idaho Code, whatsoever; and
(b) The sentencing court has an abiding conviction that the defendant will successfully complete the terms of probation; and
(c) The defendant has satisfactorily cooperated with law enforcement authorities in the prosecution of drug related crimes of which the defendant has previously had involvement.

(45) Any person who pleads guilty to or is found guilty of a violation of the provisions of the Idaho Code identified in subsection (1) of this section shall, when granted a probationary period of any sort what-
soever, be required by the court to complete a period of not less than
one hundred (100) hours of community service work.

who shall unlawfully use or be under the influence of controlled sub­
stances in violation of the provisions of section 37-2732C, Idaho Code,
shall be guilty of a misdemeanor, and upon conviction, may be punished
by a fine not in excess of one thousand dollars ($1,000) or by ninety
(90) days in a juvenile detention facility or by both or may be subject
to the provisions of chapter 5, title 20, Idaho Code. If the juvenile is
adjudicated under the provisions of chapter 5, title 20, Idaho Code, for
a violation of this section he shall be sentenced in accordance with the
provisions of chapter 5, title 20, Idaho Code. The juvenile shall be
adjudicated under chapter 5, title 20, Idaho Code, for a violation of
section 37-2732C, Idaho Code, unless the court finds that adjudication
under chapter 5, title 20, Idaho Code, is not appropriate in the circum­
stances.

(2) A conviction under this section shall not be used as a factor
or considered in any manner for the purpose of establishing rates of
motor vehicle insurance charged by a casualty insurer, nor shall such
conviction be grounds for nonrenewal of any insurance policy as provided
in section 41-2507, Idaho Code.

(3) Any person who pleads guilty or is found guilty of possession
of marijuana pursuant to this section, or any person under eighteen (18)
years of age who pleads guilty or is found guilty of a violation of sec­
tion 37-2732C, Idaho Code, then in addition to the penalty provided in
subsection (1) of this section:

(a) The court shall suspend the person's driving privileges for a
period of not more than one (1) year. The person may request
restricted driving privileges during the period of suspension, which
the court may allow, if the person shows by a preponderance of the
evidence that driving privileges are necessary as deemed appropriate
by the court.

(b) If the person's driving privileges have been previously sus­
pended under this section, the court shall suspend the person's
driving privileges for a period of not more than two (2) years. The
person may request restricted driving privileges during the period of
suspension, which the court may allow, if the person shows by a
preponderance of the evidence that driving privileges are necessary
as deemed appropriate by the court.

(c) The person shall surrender his license or permit to the court.

(d) The court shall notify the motor vehicle division of the Idaho
transportation department of all orders of suspension it issues pur­

In the event an alcohol evaluation indicates the need for alcohol treatment, the evaluation shall contain a recommendation by the evaluator as to the most appropriate treatment program, together with the estimated cost thereof, and recommendations for other suitable alternative treatment programs, together with the estimated costs thereof. The person shall request that a copy of the completed evaluation be forwarded to the court. The court shall take the evaluation into consideration in determining an appropriate sentence. If a copy of the completed evaluation has not been provided to the court, the court may proceed to sentence the defendant; however, in such event, it shall be presumed that alcohol treatment is required unless the defendant makes a showing by a preponderance of evidence that treatment is not required. If the defendant has not made a good faith effort to provide the completed copy of the evaluation to the court, the court may consider the failure of the defendant to provide the report as an aggravating circumstance in determining an appropriate sentence. If treatment is ordered, in no event shall the person or facility doing the evaluation be the person or facility that provides the treatment unless this requirement is waived by the sentencing court, with the exception of federally recognized Indian tribes or federal military installations, where diagnosis and treatment are appropriate and available. Nothing herein contained shall preclude the use of funds authorized pursuant to the provisions of chapter 3, title 39, Idaho Code, for court-ordered alcohol treatment for indigent defendants.

(10) At the time of sentencing, the court shall be provided with the following information:

(a) The results, if administered, of any evidentiary test for alcohol and/or drugs;
(b) A computer or teletype or other acceptable copy of the person's driving record;
(c) Information as to whether the defendant has pled guilty to or been found guilty of violation of the provisions of section 18-8004, 18-8004C or 18-8006, Idaho Code, or a similar offense within the past five (5) years, notwithstanding the form of the judgment(s) or withheld judgment(s); and
(d) The alcohol evaluation required in subsection (9) of this section, if any.

(11) A minor may be prosecuted for a violation of the provisions of
section 18-8004 or 18-8004C, Idaho Code, under chapter 5, title 20, Idaho Code. In addition to any other penalty, if a minor pleads guilty to or is found guilty of a violation of the provisions of section 18-8004(1)(a), (b) or (c) or 18-8004C, Idaho Code, he shall have his driving privileges suspended or denied for an additional one (1) year following the end of any period of suspension or revocation existing at the time of the violation, or until he reaches the age of twenty-one (21) years, whichever period is greater. During the period of additional suspension or denial, absolutely no driving privileges shall be allowed.

(12) In the event that the alcohol evaluation required in subsection (9) of this section recommends alcohol treatment, the court shall order the person to complete a treatment program in addition to any other sentence which may be imposed, unless the court determines that alcohol treatment would be inappropriate or undesirable, in which event, the court shall enter findings articulating the reasons for such determination on the record. The court shall order the defendant to complete the preferred treatment program set forth in the evaluation, or a comparable alternative, unless it appears that the defendant cannot reasonably obtain adequate financial resources for such treatment. In that event, the court may order the defendant to complete a less costly alternative set forth in the evaluation, or a comparable program. Such treatment shall, to the greatest extent possible, be at the expense of the defendant. In the event that funding is provided for or on behalf of the defendant by an entity of state government, restitution shall be ordered to such governmental entity in accordance with the restitution procedure for crime victims, as specified under chapter 53, title 19, Idaho Code. Nothing contained herein shall be construed as requiring a court to order that a governmental entity shall provide alcohol treatment at government expense unless otherwise required by law.

(13) Any person who is disqualified shall not be granted restricted driving privileges to operate a commercial motor vehicle.

THE COURTS, TO PROVIDE A PROCEDURE, TO PROVIDE FOR PRIORITY OF CERTAIN CLAIMS, TO PROVIDE CERTAIN CONDITIONS, TO PROVIDE FOR ADMINISTRATIVE WAIVERS OF SET-OFFS, TO PROVIDE FOR REIMBURSEMENT OF REFUNDS SET-OFF IN ERROR, TO PROVIDE FOR A SUSPENSE ACCOUNT FOR THE PAYMENT OF AMOUNTS SET-OFF IN ERROR OR FOR THE REFUND OF BALANCES REMAINING AFTER A DEBT TO THE COURTS IS SATISFIED, TO PROVIDE FOR WAIVERS OF THE RIGHT TO CONTEST A SET-OFF, TO PROVIDE FOR OBJECTIONS RELATING TO JOINT RETURNS, TO PROVIDE FOR DEBTS THAT ARE NOT SATISFIED BY REFUND SET-OFFS, TO PROVIDE FOR THE APPLICATION OF PROCEEDS FROM SET-OFFS AND TO AUTHORIZE CERTAIN RULEMAKING AND AGREEMENTS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 16, Title 1, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 1-1624, Idaho Code, and to read as follows:

1-1624. SET-OFF PROCEDURE FOR DELINQUENT DEBTS OWED TO THE COURTS.

(1) The purpose of this legislation is to enable the Idaho supreme court, as the supervisor of the unified and integrated judicial system of this state, to apply for a set-off of state tax refunds and credits owing to a taxpayer in payment of a delinquent debt owed by the taxpayer to the courts of this state. It is the intent of the legislature that this set-off remedy be in addition to and not in substitution of any other remedy or action provided for by law for the collection of these amounts.

(2) The state tax commission shall withhold and set-off any income tax or tax credit refund of any taxpayer, upon notification from the Idaho supreme court, to collect any debt owed to the courts by the taxpayer which is delinquent. A remittance by the state tax commission to the court pursuant to this section shall be deemed to be, to the extent of the remittance, a refund to the taxpayer and any other person who has a claim to such refund, and the state tax commission shall not be liable to any person because of a refund that has been remitted under this section.

(3) A "debt owed to the courts" means any assessment of fines, court costs, surcharges, penalties, fees, restitution, moneys expended in providing counsel and other defense services to indigent defendants, or other charges which a court judgment has ordered to be paid to the court or which a party has agreed to pay in criminal or civil cases and includes any interest or penalty on such unpaid amounts as provided for in the judgment or by law, except this section does not apply to a debt owed to the courts which does not exceed the sum of fifty dollars ($50.00). A debt owed to the courts is delinquent when it is not paid according to the terms of the judgment or order or any agreement entered into between the court and the taxpayer for the payment thereof.

(4) Any claims for current or past-due child support presented under section 56-203D, Idaho Code, or claims for set-off of income tax refunds against any tax liability or overpayment of benefits owed to the state department of labor pursuant to section 63-3077A, Idaho Code, shall take priority over any claim for delinquent debt owed to the courts under this section.

(5) The set-off or withholding of a refund due a taxpayer shall be remitted only after the following conditions have been met:
(a) A debt owed to the courts is delinquent. This section shall not be used to satisfy any amount ordered by the court until the order or judgment is final and the time for appealing the judgment or order has elapsed without any further right on the part of the person owing the amount to judicial review.

(b) All outstanding tax liabilities collectible by the state tax commission are satisfied.

(c) The supreme court shall forward to the state tax commission the full name and social security number of the taxpayer. The tax commission shall notify the supreme court of the amount of refund due the taxpayer and the taxpayer's address on the income tax return.

(d) Upon remittance of any set-off or part thereof, the court shall cause a written notice to be sent to the taxpayer whose refund is subject to the set-off. Notice of the set-off shall be sent by United States mail to the taxpayer at the address listed on the income tax return. Within twenty-one (21) days after such notice has been mailed (not counting Saturday, Sunday or a state holiday as the twenty-first day), the taxpayer may file a written request for an administrative waiver of the set-off in accordance with procedures established by the supreme court, which may impose reasonable requirements concerning the information necessary to process the request for an administrative waiver. No issues or claims previously decided in a court order or judgment, or admitted or agreed to by the taxpayer, shall be considered in connection with a request for an administrative waiver. In the case of a refund that is set-off in error under this section, the court shall reimburse the taxpayer.

(6) The supreme court shall create a suspense account to pay amounts that are found to be set-off in error under the provisions of subsection (5)(d) of this section or to refund any balance that remains after the debt to the courts is satisfied. If no written request for an administrative waiver of the set-off is made within twenty-one (21) days, such failure shall be deemed a waiver of the right to contest the set-off and the amount of the set-off shall be removed from the suspense account and shall be credited to the taxpayer's debt to the courts. The court may waive the twenty-one (21) day time limit in appropriate circumstances.

(7) When set-off is attempted on a joint return under the provisions of this section, the taxpayer not specified to be the obligor in the judgment or agreement creating the debt owed to the court may file a written objection within the time limits specified in subsection (5)(d) of this section and the set-off will be limited to one-half (1/2) of the joint refund.

(8) If the refund is insufficient to satisfy the entire debt owed to the courts, the remainder of the debt may be collected as provided by law or submitted for set-off against subsequent refunds.

(9) The proceeds from the set-off shall be credited to the debt owing to the courts and shall be distributed as provided by law.

(10) The state tax commission and the supreme court independently may adopt rules governing its administration of this section and are authorized to enter into a written agreement to implement and facilitate the provisions of this section, including the method of making remittances of the amount which has been set-off pursuant to this section.

CHAPTER 290
(H.B. No. 363)

RELATING TO THE EMERGENCY COMMUNICATIONS ACT; AMENDING SECTION 31-4801, IDAHO CODE, TO PROVIDE FURTHER LEGISLATIVE PURPOSE; AMENDING SECTION 31-4802, IDAHO CODE, TO FURTHER DEFINE TERMS AND TO MAKE A TECHNICAL CORRECTION; AMENDING SECTION 31-4803, IDAHO CODE, TO PROVIDE FOR A VOTER APPROVED EMERGENCY COMMUNICATIONS FEE, TO PROVIDE WHEN NO FURTHER VOTE IS NECESSARY, TO PROVIDE FOR REVIEW OF THE FEE AND TO MAKE TECHNICAL CORRECTIONS; AMENDING SECTION 31-4804, IDAHO CODE, TO PROVIDE THE AMOUNT OF THE EMERGENCY COMMUNICATIONS FEE, TO PROVIDE PRO-

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 31-4801, Idaho Code, be, and the same is hereby amended to read as follows:

31-4801. PURPOSE. The legislature recognizes that providing consolidated emergency communications systems is vital in enhancing the public health, safety, and welfare of the residents of the state of Idaho. The legislature further finds that there is an obvious need for providing a means to finance the initiation, maintenance, and operation, enhancement and governance of consolidated emergency communications systems.

(1) The legislature of the state of Idaho finds that:

(a) Since the original enactment of the emergency communications act in 1988, many of Idaho's communities have found that they are lacking in the resources to fully fund emergency communications systems at the local level;

(b) Changes in technology and the rapid growth of communications media have demonstrated that financing such systems solely by a line charge on subscribers to wire-line services does not reflect utilization of emergency communications systems by subscribers to wireless and other forms of communications systems;

(c) There is a need to enhance funding for the initiation and enhancement of consolidated emergency communications systems throughout the state;

(d) Utilization of cellular telephones to access emergency communications systems has substantially increased citizen access to emergency services while at the same time increasing demands upon the emergency response system.

(e) In order to protect and promote the public health and safety, and to keep pace with advances in telecommunications technology and the various choices of telecommunications technology available to the public, there is a need to plan and develop a statewide coordinated policy and program to ensure that enhanced 911 services are available to all citizens of the state and in all areas of the state. Accordingly, it is the intent of the legislature that the association of Idaho cities and the Idaho association of counties establish a task force composed of county commissioners, sheriffs, city councilmen, police chiefs, fire chiefs, emergency medical service providers and telecommunications providers. The purpose of the
task force is to review and, if appropriate, recommend legislation to the second regular session of the fifty-seventh Idaho legislature concerning the: (i) governance of 911 emergency communications systems and (ii) the establishment of emergency communications systems for those counties of the state that do not have such systems.

(2) Therefore, it is hereby declared that the intent and purpose of the provisions of this act are to:

(a) Provide authority to counties and 911 service areas to impose an emergency communications fee on the use of both telephone lines and wireless communications systems;

(b) Provide that the emergency communications fee shall be exclusively utilized by the counties electing to impose it to finance the initiation, maintenance, operation, enhancement and governance of consolidated emergency systems as well as enhanced consolidated emergency systems;

(c) Provide for the agreed-to reimbursement to wireless carriers for their implementation of enhanced consolidated emergency communications systems by counties or 911 service areas that have implemented enhanced consolidated emergency communications systems.

SECTION 2. That Section 31-4802, Idaho Code, be, and the same is hereby amended to read as follows:

31-4802. DEFINITIONS. As used in this chapter:

(1) "Access line" means any telephone line, trunk line, network access register, dedicated radio signal, or equivalent that provides switched telecommunications access to a consolidated emergency communications system from either a service address or a place of primary use within this state. In the case of wireless technology, each active dedicated telephone number shall be considered a single access line.

(2) "Administrator" means the person, officer or agency designated to operate a consolidated emergency communications system, and to receive funds for such an operation.

(3) "Basic consolidated emergency system" means consolidated emergency systems that are not enhanced.

(4) "Consolidated emergency communications system" means facilities, equipment and dispatching services directly related to establishing, maintaining, or enhancing a 911 emergency communications service.

(5) "Emergency communications fee" means the fee provided for in section 31-4803, Idaho Code.

(6) "Enhanced consolidated emergency system" means consolidated emergency systems that provide enhanced wireless 911 service and include, but are not limited to, the technological capability to provide call back numbers, cell site locations, and the location of calls by latitude and longitude and made through the systems of wireless carriers.

(7) "Governing board" means the joint powers board, if the 911 service area is a multicounty area, or the board of county commissioners of the county or the city council if the 911 service area is a city, or both the board of county commissioners and the city council if the 911 service area includes both city and county residents but not the entire county.

(8) "911 service area" means a regional, multicounty, county or area other than a whole county in which area the residents have voted to
establish a consolidated emergency communications system.

(9) "Place of primary use" means the residential street address or the primary business street address in Idaho where the customer's use of the wireless service primarily occurs.

(10) "Telecommunications provider" means any person providing exchange telephone service to a service address within this state or any wireless carrier providing telecommunications service to any customer having a place of primary use within this state.

(11) "Wireless carrier" means a cellular licensee, a personal communications service licensee, and certain specialized mobile radio providers designated as covered carriers by the federal communications commission in 47 CFR 20.18 and any successor to such rule.

SECTION 3. That Section 31-4803, Idaho Code, be, and the same is hereby amended to read as follows:

31-4803. AUTHORITY TO ESTABLISH AND FOR VOTERS TO APPROVE FUNDING FOR A CONSOLIDATED EMERGENCY COMMUNICATIONS SYSTEM. (1) The board of commissioners of any county may establish a consolidated emergency communications system by virtue of authority granted by this chapter or by chapter 23, title 67, Idaho Code. The service area may be regional, multicounty, county-wide countywide, or any part or parts of the county, and may include or exclude a city or cities. If the board of county commissioners has adopted a resolution stating that the county is unable to establish a county-wide countywide consolidated emergency communications system, or if the voters reject a county-wide countywide consolidated 911 system, then a 911 service area may be established by action of any city or cities within the county. The 911 service area shall be described in the ordinance of creation. The ordinance shall further provide for an election on the question as provided in subsection (2) of this section. The ordinance of creation shall define the governing board, designate the administrator, and the agency to service the 911 calls. The costs of the election ordered by the county shall be a proper charge against the county current expense fund. The costs of the election for a 911 service area shall be a proper charge against the city or cities initiating the election.

(2) The voters of any county or 911 service area may authorize funding to support implementation of a consolidated emergency communications system pursuant to the provisions of this chapter. The authorization to provide such funding must be made by the registered voters of the county or of the 911 service area at either a primary or general election. A notice for any election shall be published for twenty (20) days as required by section 60-109, Idaho Code. A sixty percent (60%) majority of the votes cast in favor of the question shall be necessary to authorize the telephone-line-user emergency communications fee.

(3) If a 911 system is to be financed in whole or in part by a telephone-line-user emergency communications fee, the governing board shall submit the question to the electors of the county or 911 service area in substantially the following form:

"Shall the governing board of ............ be authorized to institute a telephone-line-user an emergency communications fee in an amount no greater than one dollar ($1.00) per month to be used to fund an emergency telephone system, commonly known as 911 service?".
(4) No telephone-line-user emergency communications fee for a consolidated emergency communications system shall be charged without voter approval as provided in subsection (2) of this section.

(5) Any net savings in operating expenditures realized by any taxing district utilizing a consolidated emergency communications system shall be used by that taxing district for a reduction in the ad valorem property tax charges of that taxing district.

(6) If the voters of any county or 911 service area have previously approved funding of a consolidated emergency communications system in the manner provided in subsections (2) and (3) of this section, no further vote is necessary to authorize the emergency communications fee set forth in this act.

(7) Effective October 1, 2004, and every year thereafter, the emergency communications fee provided for in this act shall be reviewed and modified as required by this subsection by the board of commissioners of a countywide system or by the governing board of a 911 service area as follows:

(a) The level of the emergency communications fee shall be reviewed and, as appropriate and necessary, readjusted by action of the board of commissioners or the governing board on an annual basis. The board of commissioners or governing board shall set the level of the fee based upon the revenue requirements necessary to implement an annual budget prepared under the direction of the board of commissioners or governing board for the initiation, maintenance, operation, enhancement and governance of a consolidated emergency communications system, including both basic and, if applicable, enhanced consolidated emergency systems.

(b) The revenues from emergency communications fees shall be exclusively expended pursuant to the budget established in paragraph (a) of this subsection. Use of such revenues for any other purpose is expressly prohibited.

(c) The process of reviewing and setting the level of emergency communications fees shall be governed by the meeting and public notice provisions of section 31-710(4), Idaho Code. For the purposes of this section, the setting of a fee shall be deemed to be the promulgation of a rule such that public participation provisions of section 67-5222, Idaho Code, shall apply to the meetings of the board of commissioners or of a governing board pursuant to this section.

SECTION 4. That Section 31-4804, Idaho Code, be, and the same is hereby amended to read as follows:

31-4804. TELEPHONE-LINE-USER EMERGENCY COMMUNICATIONS FEE. (1) The telephone-line-user emergency communications fee provided pursuant to the provisions of this chapter shall be a uniform amount not to exceed one dollar ($1.00) per month per exchange access line, trunk-line, network-access-register, or equivalent, and such fee shall be used exclusively to finance the initiation, maintenance, operation, enhancement and governance of a consolidated emergency communications system within the boundaries of one (1)-county or 911 service area and provide for the reimbursement of wireless carriers for implementing enhanced consolidated emergency systems as provided for in section 31-4804A, Idaho Code. All emergency communications fees collected and expended pursuant to
this section shall be audited by an independent, third party auditor ordinarily retained by the governing board for auditing purposes. The purpose of the audit as related to emergency communications systems is to verify the accuracy and completeness of fees collected and costs expended.

(2) The fee shall be collected from customers on a monthly basis by all telecommunications entities which provide local telephone line service providers that make available access lines to persons within the county, or 911 service area, and may be listed as a separate item on customers' monthly bills.

(3) The telephone companies telecommunications providers shall remit such fee to the county treasurer's office or the administrator for the 911 service area based upon the 911 service area from which the fees were collected. In the event the telecommunications provider remits such fees based upon the emergency communications fee billed to the customer, a deduction shall be allowed for uncollected amounts when such amounts are treated as bad debt for financial reporting purposes.

(4) From every remittance to the governing body made on or before the date when the same becomes due, the telephone company telecommunications provider required to remit the same shall be entitled to deduct and retain three-fourths of one percent (0.75%) of the collected amount as the cost of administration for collecting the charge. Local—exchange companies Telecommunications providers will be allowed to list the surcharge as a separate item on the telephone subscriber's bill, and shall have no obligation to take any legal action to enforce the collection of any charge, nor be held liable for such uncollected amounts.

(5) Use of fees. The emergency communications fee provided hereunder shall be used only to pay for the lease, purchase or maintenance of emergency communications equipment for basic and enhanced consolidated emergency systems, including necessary computer hardware, software, database provisioning, training, salaries directly related to such systems, costs of establishing such systems, and agreed-to reimbursement costs of telecommunications providers related to the operation of such systems. All other expenditures necessary to operate such systems and other normal and necessary safety or law enforcement functions including, but not limited to, those expenditures related to overhead, staffing, administrative and other day to day operational expenditures, shall continue to be paid through the general funding of the respective governing boards.

SECTION 5. That Chapter 48, Title 31, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 31-4804A, Idaho Code, and to read as follows:

31-4804A. ESTABLISHMENT OF ENHANCED CONSOLIDATED EMERGENCY COMMUNICATIONS SYSTEMS. (1) Any county or 911 service area that has established a basic consolidated emergency system may establish an enhanced consolidated emergency system by action of the governing board of the basic consolidated emergency system.

(2) The governing boards establishing enhanced consolidated emergency systems shall request that wireless carriers serving such counties or 911 service areas collectively implement an enhanced consolidated emergency communications system within a reasonable time. When so requested, all wireless carriers serving such counties or 911 service
areas shall implement enhanced consolidated emergency communications systems within a reasonable time. The governing boards and wireless carriers shall enter into agreements that:
(a) Establish the scope and purpose of the proposed enhanced consolidated emergency communications system.
(b) Provide for an agreed-to level of reimbursement for telecommunications providers for the costs of wireless carriers resulting from their implementation and operation of enhanced emergency communications systems that may include the acquisition, construction, financing, installation and operation of all equipment and facilities necessary to implement such enhanced systems.
(c) Provide that the agreed-to level of reimbursement for telecommunications providers for enhanced 911 service may include the costs and expenses incurred for designing, upgrading, purchasing, leasing, programming, installing, testing, or maintaining all necessary data, hardware and software required in order to provide such service as well as the recurring and nonrecurring costs of operating such service. All costs and expenses must be commercially reasonable.
(d) Provide that reimbursement to a telecommunications provider shall be nondiscriminatory and be made available to all other telecommunications providers.
Agreements shall provide for prompt reimbursement on invoices submitted by wireless carriers to the governing board.

SECTION 6. That Section 31-4805, Idaho Code, be, and the same is hereby amended to read as follows:

31-4805. ESTABLISHMENT OF JOINT POWERS BOARD FOR OPERATION OF EMERGENCY COMMUNICATIONS SERVICE. Within one hundred eighty (180) days following voter approval of a telephone-line-user emergency communications fee as provided in section 31-4803, Idaho Code, a governing board or administrator may be established under a joint powers agreement pursuant to sections 67-2326 through 67-2332, Idaho Code. Such joint powers board or administrator shall be responsible for establishing, maintaining, operating, enhancing and governing a consolidated emergency communications system. Providing an emergency communications service shall be considered a governmental function.

SECTION 7. That Section 31-4806, Idaho Code, be, and the same is hereby amended to read as follows:

31-4806. AUTHORIZATION FOR GOVERNING BOARD TO APPOINT OFFICIAL TO SUPERVISE EMERGENCY COMMUNICATIONS SERVICE IN THE ABSENCE OF JOINT POWERS AGREEMENT. Whenever the electors approve imposing the telephone-line-user emergency communications fee as provided in this chapter, but in the absence of an agreement to form a joint powers board or administrator as provided in this chapter, the governing board is hereby authorized to appoint an official or administrator to maintain, operate, enhance and govern a consolidated emergency communications system.

SECTION 8. That Section 31-4812, Idaho Code, be, and the same is hereby amended to read as follows:
31-4812. IMMUNITY AND CONDITIONS OF LIABILITY IN PROVIDING EMERGENCY COMMUNICATIONS SERVICE. In order to further the purposes of this chapter, and to encourage the development of consolidated emergency communications systems, the legislature finds that telephone-companies-providing telecommunications providers making available consolidated emergency communications systems and related services shall not be subject to liability in conjunction with providing such services except on the terms stated below.

(1) No telephone-company-or telecommunications provider shall be liable to any person for the good faith release to emergency communications system personnel of information not in the public record including, but not limited to, nonpublished or nonlisted telephone numbers.

(2) A local-exchange-telephone-company-or-other telecommunications entity-providing provider making available emergency communications systems or services, and its employees and agents, shall not be liable in tort to any person for damages alleged to have been caused by the design, development, installation, maintenance or provision of consolidated emergency communications systems or services, unless such entities or persons act with malice or criminal intent, or commit reckless, willful and wanton conduct.

(3) For the purposes of this section, "reckless, willful and wanton conduct" is defined as an intentional and knowing action, or failure to act, creating an unreasonable risk of harm to another, and which involves a high degree of probability that such harm will result.

SECTION 9. That Chapter 48, Title 31, Idaho Code, be, and the same is hereby amended by the addition thereto of NEW SECTIONS, to be known and designated as Sections 31-4813 and 31-4814, Idaho Code, and to read as follows:

31-4813. PREPAID CALLING CARDS. The imposition of the emergency communications fee shall not apply to the prepaid calling cards for all forms of access fees.

31-4814. CONFIDENTIAL AND PROPRIETARY DATA. All data submitted to governing boards by wireless carriers deemed by such carriers as confidential and proprietary shall be deemed to be trade secrets pursuant to chapter 3, title 9, Idaho Code.

(7) Except for geothermal, oil and gas, and mineral and commercial leases, the lease year shall run from January 1 through December 31, and all leases shall expire on December 31 of the year of expiration.

(9) Where conflicts appear upon leases which do not contain a preferential right to renew clause, such applications shall be considered as having been filed simultaneously. However, nothing herein shall be construed to prevent the state board of land commissioners from accepting and considering applications for new leases at any time.

In either case, the board must obtain a reasonable rental, based upon fair market value of the state land, throughout the duration of the lease. The board may reject any or all proposals and any or all bids, and may reoffer the lease at a later date if the board determines that the proposals or bids do not achieve the highest and best use of the land at market rental.

AN ACT
RELATING TO INCOME TAX WITHHOLDING; AMENDING SECTION 63-3035, IDAHO CODE, TO INCREASE THE MAXIMUM ANNUAL AND MONTHLY AMOUNTS OF WITHHOLDING WHEN THE EMPLOYER MUST PAY TO THE STATE TAX COMMISSION NOT LATER THAN FIVE DAYS AFTER THE END OF THE WITHHOLDING PERIOD, TO PROVIDE THAT COMMENCING IN 2006, THE STATE TAX COMMISSION SHALL DETERMINE WHETHER THE THRESHOLD AMOUNTS MUST BE ADJUSTED TO REFLECT FLUCTUATIONS IN THE COST OF LIVING AND TO INCREASE MONTHLY THRESHOLD AMOUNTS; AND PROVIDING AN EFFECTIVE DATE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-3035, Idaho Code, be, and the same is hereby amended to read as follows:

63-3035. STATE WITHHOLDING TAX ON PERCENTAGE BASIS -- WITHHOLDING, COLLECTION AND PAYMENT OF TAX. (a) Every employer who is required under the provisions of the Internal Revenue Code to withhold, collect and pay income tax on wages or salaries paid by such employer to any employee (other than employees specified in Internal Revenue Code section 3401(a)(2)) shall, at the time of such payment of wages, salary, bonus or other emolument to such employee, deduct and retain therefrom an amount substantially equivalent to the tax reasonably calculated by the state tax commission to be due from the employee under this chapter. The state tax commission shall prepare tables showing amounts to be withheld, and shall supply same to each employer subject to this section. In the event that an employer can demonstrate administrative inconvenience in complying with the exact requirements set forth in these tables, he may, with the consent of the state tax commission and upon application to it, use a different method which will produce substantially the same amount of taxes withheld. Every employer making payments of wages or salaries earned in Idaho, regardless of the place where such payment is made:

1. shall be liable to the state of Idaho for the payment of the tax required to be deducted and withheld under this section and shall not be liable to any individual for the amount deducted from his wages and paid over in compliance or intended compliance with this section;
2. must pay to the state tax commission monthly on or before the 20th day of the succeeding month, or at such other times as the state tax commission may allow, an amount of tax which, under the provisions of this chapter, he is required to deduct and withhold;
3. shall register with the state tax commission, in the manner prescribed by it, to establish an employer's withholding account number. The account number will be used to report all amounts withheld, for the annual reconciliation required in this section, and for such other purposes relating to withholding as the state tax commission may require; and
4. must, notwithstanding the provisions of paragraphs (1) and (2) of this subsection, if the amount of withholding of such employer
for the preceding twelve (12) month period equals or exceeds **sixty two hundred forty thousand dollars** ($624,000) per annum or an average of **five twenty thousand dollars** ($520,000) per month per annum, pay to the state tax commission on the basis of withholding periods which begin on the 16th day of the month and end on the 15th day of the following month, and payment shall be made not later than five (5) days after the end of the withholding period.

(5) If the payments made pursuant to subsections (a)(2) and (a)(4) of this section are equal to the withholding under this section shown or required to be shown on the return required by subsection (b)(1) of this section, no penalty shall apply to the underpayment for the period between the due date of the payment and the due date of the return. Interest, at the rate provided by section 63-3045, Idaho Code, shall apply to any such underpayment.

(6) Commencing in 1996, the state tax commission shall determine whether the threshold amounts established by subsection (a)(4) of this section must be adjusted to reflect fluctuations in the cost of living. The commission shall base its determination on the cumulative effect of the annual cost-of-living percentage modifications determined by the United States secretary of health and human services pursuant to 42 USC 415(i). When the cumulative percentage applied to the monthly threshold amount equals or exceeds **one five thousand dollars** ($15,000), the commission shall promulgate a rule adjusting the monthly threshold amount by **one five thousand dollars** ($15,000) and making the necessary proportional adjustment to the annual threshold amount. The rule shall be effective for the next succeeding calendar year and each year thereafter until again adjusted by the commission. The tax commission shall determine subsequent adjustments in the same manner, in each case using the year of the last adjustment as the base year.

(b) (1) Every employer shall file a return upon such form as shall be prescribed by the state tax commission, but not more frequently than quarterly, or as required pursuant to any agreement between the state tax commission and the department of labor under section 63-3035B, Idaho Code. The return shall show, for the period to which it relates, the total amount of wages, salary, bonus or other emolument paid to his employees, the amount deducted therefrom in accordance with the provisions of the Internal Revenue Code, the amount deducted therefrom in accordance with the provisions of this section, the amount of any previous payments made pursuant to this section, and such pertinent and necessary information as the state tax commission may require.

(2) Every employer making a declaration of withholding as provided herein shall furnish to the employees annually, but not later than thirty (30) days after the end of the calendar year, a record of the amount of tax withheld from such employee on forms to be prescribed, prepared and furnished by the state tax commission and on or before the last day of February every employer shall file a copy thereof with the state tax commission. Every employer who is required, under Internal Revenue Code section 6011, to file returns on magnetic media or in other machine readable form may be required by rules of the state tax commission to file corresponding state returns on similar magnetic media or other machine readable form.

(c) All moneys deducted and withheld by every employer shall imme-
diately upon such deduction be state money and every employer who
deducts and retains any amount of money under the provisions of this
chapter shall hold the same in trust for the state of Idaho and for the
payment thereof to the state tax commission in the manner and at the
times in this chapter provided. Any employer who does not possess real
property situated within the state of Idaho, which, in the opinion of
the state tax commission, is of sufficient value to cover his probable
tax liability, may be required to post a surety bond in such sum as the
state tax commission shall deem adequate to protect the state.

(d) The provisions of this chapter relating to additions to tax in
case of delinquency, and penalties, shall apply to employers subject to
the provisions of this section and for these purposes any amount
deducted, or required to be deducted and remitted to the state tax com­
mission under this section, shall be considered to be the tax of the
employer and with respect to such amount he shall be considered the tax­
payer.

(e) Amounts deducted from wages of an employee during any calendar
year in accordance with the provisions of this section shall be consid­
ered to be in part payment of the tax imposed on such employee for his
tax year which begins within such calendar year and the return made by
the employer under this subsection (e) shall be accepted by the state
tax commission as evidence in favor of the employee of the amount so
deducted from his wages. Where the total amount so deducted exceeds the
amount of tax on the employee, based on his Idaho taxable income, or
where his income is not taxable under this chapter, the state tax com­
mission shall, after examining the annual return filed by the employee
in accordance with this chapter, but not later than sixty (60) days
after the filing of each return, refund the amount of the excess
deducted.

(f) This section shall in no way relieve any taxpayer from his
obligation of filing a return at the time required under this chapter,
and, should the amount withheld under the provisions of this section be
insufficient to pay the total tax of such taxpayer, such unpaid tax
shall be paid at the time prescribed by section 63-3034, Idaho Code.

(g) An employee receiving wages shall on any day be entitled to not
more than, but may claim fewer than, the number of withholding exemp­
tions to which he is entitled under the Internal Revenue Code for fed­
eral income tax withholding purposes.

(h) An employer shall use the exemption certificate filed by the
employee with the employer under the withholding exemption provisions of
the Internal Revenue Code in determining the amount of tax to be with­
held from the employee's wages or salary under this chapter. The tax
commission may redetermine the number of withholding exemptions to which
an employee is entitled under subsection (g) of this section, and the
state tax commission may require such exemption certificate to be filed
on a form prescribed by the commission in any circumstance where the
commission finds that the exemption certificate filed for Internal Reve­
 nue Code purposes does not properly reflect the number of withholding
exemptions to which the employee is entitled under this chapter. In no
event shall any employee give an exemption certificate which claims a
higher number of withholding exemptions than the number to which the
employee is entitled by subsection (g) of this section.
SECTION 2. This act shall be in full force and effect on and after July 1, 2005.

Approved April 15, 2003.

water by a municipal provider for municipal purposes within a service

(2) The director of the department of water resources shall cause the notice to be published in a newspaper printed within the county wherein the point of diversion lies or, in the event no newspaper is printed in said county, then in a newspaper of general circulation therein. When the application proposes a diversion in excess of ten (10) c.f.s. or one thousand (1,000) acre feet, the director shall cause the notice to be published in a newspaper or newspapers sufficient to achieve statewide circulation. Any notice shall be published at least once each week for two (2) successive weeks.

(3) The director of the department shall cause a copy of the notice of application to be sent by ordinary mail to any person who requests in writing to receive any class of notices of application and who pays an annual mailing fee as established by departmental regulation.

be appropriated, or (c) where it appears to the satisfaction of the 
director that such application is not made in good faith, is made for 
delay or speculative purposes, or (d) that the applicant has not suffi-
cient financial resources with which to complete the work involved 
therin, or (e) that it will conflict with the local public interest, 
where-the-local-public-interest-is-as-defined-as-the-affairs-of-the-peo-
ple-in-the-area-directly-affected-by-the-proposed-use-in-section 
42-202B, Idaho Code, or (f) that it is contrary to conservation of water 
resources within the state of Idaho, or (g) that it will adversely 
affect the local economy of the watershed or local area within which the 
source of water for the proposed use originates, in the case where the 
place of use is outside of the watershed or local area where the source 
of water originates; the director of the department of water resources 
may reject such application and refuse issuance of a permit therefor, or 
may partially approve and grant a permit for a smaller quantity of water 
than applied for, or may grant a permit upon conditions. Provided how-
ever, that minimum stream flow water rights may not be established under 
the local public interest criterion, and may only be established pursu-
ant to chapter 15, title 42, Idaho Code. The provisions of this section 
shall apply to any boundary stream between this and any other state in 
all cases where the water sought to be appropriated has its source 
largely within the state, irrespective of the location of any proposed 
power generating plant.

(6) Any person or corporation who has formally appeared at the 
hearing, aggrieved by the judgment of the director of the department of 
water resources, may seek judicial review thereof in accordance with 
section 42-1701A(4), Idaho Code.

SECTION 3. That Section 42-222, Idaho Code, be, and the same is 
hereby amended to read as follows:

42-222. CHANGE IN POINT OF DIVERSION, PLACE OF USE, PERIOD OF USE, 
OR NATURE OF USE OF WATER UNDER ESTABLISHED RIGHTS -- FORFEITURE AND 
EXTENSION -- APPEALS. (1) Any person, entitled to the use of water 
whether represented by license issued by the department of water 
resources, by claims to water rights by reason of diversion and applica-
tion to a beneficial use as filed under the provisions of this chapter, 
or by decree of the court, who shall desire to change the point of 
diversion, place of use, period of use or nature of use of all or part 
of the water, under the right shall first make application to the 
department of water resources for approval of such change. Such applica-
tion shall be upon forms furnished by the department and shall describe 
the right licensed, claimed or decreed which is to be changed and the 
changes which are proposed, and shall be accompanied by the statutory 
filing fee as in this chapter provided. Upon receipt of such application 
it shall be the duty of the director of the department of water 
resources to examine same, obtain any consent required in section 
42-108, Idaho Code, and if otherwise proper to provide notice of the 
proposed change in the same manner as applications under section 
42-203A, Idaho Code. Such notice shall advise that anyone who desires to 
protest the proposed change shall file notice of protests with the 
department within ten (10) days of the last date of publication. Upon 
the receipt of any protest, accompanied by the statutory filing fee as 
provided in section 42-221, Idaho Code, it shall be the duty of the
director of the department of water resources to investigate the same and to conduct a hearing thereon. He shall also advise the watermaster of the district in which such water is used of the proposed change and the watermaster shall notify the director of the department of water resources of his recommendation on the application, and the director of the department of water resources shall not finally determine the action on the application for change until he has received from such watermaster his recommendation thereof, which action of the watermaster shall be received and considered as other evidence.

When the nature of use of the water right is to be changed to municipal purposes and some or all of the right will be held by a municipal provider to serve reasonably anticipated future needs, the municipal provider shall provide to the department sufficient information and documentation to establish that the applicant qualifies as a municipal provider and that the reasonably anticipated future needs, the service area and the planning horizon are consistent with the definitions and requirements specified in this chapter. The service area need not be described by legal description nor by description of every intended use in detail, but the area must be described with sufficient information to identify the general location where the water under the water right is to be used and the types and quantity of uses that generally will be made.

When a water right or a portion thereof to be changed is held by a municipal provider for municipal purposes, as defined in section 42-202B, Idaho Code, that portion of the right held for reasonably anticipated future needs at the time of the change shall not be changed to a place of use outside the service area, as defined in section 42-202B, Idaho Code, or to a new nature of use.

The director of the department of water resources shall examine all the evidence and available information and shall approve the change in whole, or in part, or upon conditions, provided no other water rights are injured thereby, the change does not constitute an enlargement in use of the original right, the change is consistent with the conservation of water resources within the state of Idaho and is in the local public interest as defined in section 42-202B, Idaho Code, the change will not adversely affect the local economy of the watershed or local area within which the source of water for the proposed use originates, in the case where the place of use is outside of the watershed or local area where the source of water originates, and the new use is a beneficial use, which in the case of a municipal provider shall be satisfied if the water right is necessary to serve reasonably anticipated future needs as provided in this chapter. The director may consider consumptive use, as defined in section 42-202B, Idaho Code, as a factor in determining whether a proposed change would constitute an enlargement in use of the original water right. The director shall not approve a change in the nature of use from agricultural use where such change would significantly affect the agricultural base of the local area. The transfer of the right to the use of stored water for irrigation purposes shall not constitute an enlargement in use of the original right even though more acres may be irrigated, if no other water rights are injured thereby. A copy of the approved application for change shall be returned to the applicant and he shall be authorized upon receipt thereof to make the change and the original water right shall be presumed to have been amended by reason of such authorized change. In the
event the director of the department of water resources determines that
a proposed change shall not be approved as provided in this section, he
shall deny the same and forward notice of such action to the applicant
by certified mail, which decision shall be subject to judicial review as
hereafter provided set forth. Provided however, minimum stream flow
water rights may not be established under the local public interest cri-
terion, and may only be established pursuant to chapter 15, title 42,
Idaho Code.

(2) All rights to the use of water acquired under this chapter or
otherwise shall be lost and forfeited by a failure for the term of five
(5) years to apply it to the beneficial use for which it was appropria-
ted and when any right to the use of water shall be lost through nonuse
or forfeiture such rights to such water shall revert to the state and be
again subject to appropriation under this chapter; except that any right
to the use of water shall not be lost through forfeiture by the failure
to apply the water to beneficial use under certain circumstances as
specified in section 42-223, Idaho Code.

(3) Upon proper showing before the director of the department of
water resources of good and sufficient reason for nonapplication to ben-
eficial use of such water for such term of five (5) years, the director
of the department of water resources is hereby authorized to grant an
extension of time extending the time for forfeiture of title for nonuse
thereof, to such waters for a period of not to exceed five (5) addi-
tional years.

(4) Application for an extension shall be made before the end of
the five (5) year period upon forms to be furnished by the department of
water resources and shall fully describe the right on which an extension
of time to resume the use is requested and the reasons for such nonuse
and shall be accompanied by the statutory filing fee; provided that
water rights protected from forfeiture under the provisions of section
42-223, Idaho Code, are exempt from this requirement.

(a) Upon the receipt of such application it shall be the duty of
the director of the department of water resources to examine the
same and to provide notice of the application for an extension in
the same manner as applications under section 42-203A, Idaho Code.
The notice shall fully describe the right, the extension which is
requested and the reason for such nonuse and shall state that any
person desiring to object to the requested extension may submit a
protest, accompanied by the statutory filing fee as provided in sec-
tion 42-221, Idaho Code, to the director of the department of water
resources within ten (10) days of the last date of publication.

(b) Upon receipt of a protest it shall be the duty of the director
of the department of water resources to investigate and conduct a
hearing thereon as in this chapter provided.

(c) The director of the department of water resources shall find
from the evidence presented in any hearing, or from information
available to the department, the reasons for such nonuse of water
and where it appears to the satisfaction of the director of the
department of water resources that other rights will not be impaired
by granting an extension of time within which to resume the use of
the water and good cause appearing for such nonuse, he may grant one
(1) extension of five (5) years within which to resume such use.

(d) In his approval of the application for an extension of time
under this section the director of the department of water resources
shall set the date when the use of water is to be resumed. Sixty (60) days before such date the director of the department of water resources shall forward to the applicant at his address of record a notice by certified mail setting forth the date on which the use of water is to be resumed and a form for reporting the resumption of the use of the water right. If the use of the water has not been resumed and report thereon made on or before the date set for resumption of use such right shall revert to the state and again be subject to appropriation, as provided in this section.

(e) In the event the director of the department of water resources determines that a proposed extension of time within which to resume use of a water right shall not be approved as provided in this section, he shall deny same and forward notice of such action to the applicant by certified mail, which decision shall be subject to judicial review as hereafter provided.

(5) Any person or persons feeling themselves aggrieved by the determination of the department of water resources in approving or rejecting an application to change the point of diversion, place, period of use or nature of use of water under an established right or an application for an extension of time within which to resume the use of water as provided in this section, may, if a protest was filed and a hearing held thereon, seek judicial review pursuant to section 42-1701A(4), Idaho Code. If no protest was filed and no hearing held, the applicant may request a hearing pursuant to section 42-1701A(3), Idaho Code, for the purpose of contesting the action of the director and may seek judicial review of the final order of the director following the hearing pursuant to section 42-1701A(4), Idaho Code.

SECTION 4. That Section 42-240, Idaho Code, be, and the same is hereby amended to read as follows:

42-240. APPLICATION FOR RIGHT TO EXCHANGE WATER -- FILING FEE -- NOTICE -- PROTEST -- HEARING -- APPROVAL OR DENIAL -- APPEAL. (1) Any person holding a right for the use of surface water may make application to the director of the department of water resources to exchange water authorized to be diverted under the right with the same or a different source, or with water authorized to be diverted under one (1) or more other rights from the same source or another surface water source. If the application proposes an exchange with water under another water right, the application shall be accompanied by an agreement in writing subscribed by the person proposing the exchange and each person or organization owning rights to water with whom the exchange is proposed to be made.

(2) The application shall be upon forms furnished by the department and shall contain such information as shall enable the director to determine the nature of the proposed exchange, and shall be accompanied by the statutory filing fee provided under section 42-221, Idaho Code, for an application to change a vested water right.

(3) Upon receipt of the application, it shall be the duty of the director to examine the same and, if otherwise proper, to cause notice of the proposed exchange to be published in the same manner as applications under section 42-203A, Idaho Code. The notice shall fully describe the nature of the proposed exchange of water and shall advise that anyone who wishes to protest shall file notice of protest in accordance
with the provisions of section 42-203A, Idaho Code.

(4) Upon the receipt of any protest it shall be the duty of the director to investigate the same and to conduct a hearing thereon. The director shall also advise the watermaster of the district in which the exchange is proposed, if a district exists, and the watermaster shall notify the director of the watermaster's recommendations on the application. The director shall not take final action on the application or exchange until the director has received the recommendations of the watermaster, including recommended conditions necessary for the exchange of water to be properly administered and regulated.

(5) The director shall examine all the evidence and available information and shall approve the exchange in whole, or in part, or upon conditions, provided no other water rights are injured thereby, the exchange does not constitute an enlargement in use of the original right or rights, the exchange is consistent with the conservation of water resources within the state of Idaho, and the exchange is in the local public interest as defined in section 42-203A 42-202B, Idaho Code, and the exchange will not adversely affect the local economy of the watershed or local area within which the source of water for the proposed use originates, in the case where the place of use is outside of the watershed or local area where the source of water originates. Unless otherwise provided in a written agreement between the applicant and other right holders, the director shall condition approval of an exchange so that the exchange will not be operative during times when water is not available to satisfy the exchange, and that during these times the right to use water automatically reverts to the place of use authorized under the water rights. A copy of the approved application for exchange shall be provided to the applicant and the watermaster, and the applicant shall be authorized upon receipt thereof to make the exchange in accordance with the conditions set forth by the director. Should an approved exchange thereafter be discontinued, the applicant or the applicant's successor in interest must so notify the director and the district watermaster.

(6) In the absence of a contrary agreement by the parties to an exchange, when the director has approved a right to exchange storage water for the natural flow of a stream or other water supply, the storage water shall be delivered in preference to any exchange rights subsequently approved using the same storage water right.

(7) Any person or persons feeling themselves aggrieved by a final order or final action of the director under this section may, if a protest was filed and hearing held thereon, seek judicial review pursuant to section 42-1701A(4), Idaho Code. If no protest was filed and no hearing held, the applicant may request a hearing pursuant to section 42-1701A(3), Idaho Code, for the purpose of contesting the action of the director and may seek judicial review of the final order of the director following the hearing pursuant to section 42-1701A(4), Idaho Code.

SECTION 5. That Section 42-1763, Idaho Code, be, and the same is hereby amended to read as follows:

42-1763. RENTALS FROM BANK — APPROVAL BY DIRECTOR. The terms and conditions of any rental of water from the water supply bank must be approved by the director of the department of water resources. The director of the department of water resources may reject and refuse
approval for or may partially approve for a less quantity of water or may approve upon conditions any proposed rental of water from the water supply bank where the proposed use is such that it will reduce the quantity of water available under other existing water rights, the water supply involved is insufficient for the purpose for which it is sought, the rental would cause the use of water to be enlarged beyond that authorized under the water right to be rented, or--it the rental will conflict with the local public interest where the local public interest is as defined as the affairs of the people in the area directly affected by the proposed use in section 42-202B, Idaho Code, or the rental will adversely affect the local economy of the watershed or local area within which the source of water for the proposed use originates, in the case where the place of use is outside of the watershed or local area where the source of water originates. The director shall consider in determining whether to approve a rental of water for use outside of the state of Idaho those factors enumerated in subsection (3) of section 42-401, Idaho Code.

Approved April 15, 2003.

COMPUTATION OF ALTERNATIVE SCHOOL SECONDARY SUPPORT UNITS

Pupils in Attendance | Attendance Divisor | Minimum Units Allowed
---|---|---
12 or more | 12 | 1 or more as computed

In applying these tables to any given separate attendance unit, no school district shall receive less total money than it would receive if it had a lesser average daily attendance in such separate attendance unit. In applying the kindergarten table to a kindergarten program of less days than a full school year, the support unit allowance shall be in ratio to the number of days of a full school year. The tables for exceptional education and alternative school secondary support units shall be applicable only for programs approved by the state department of education following rules established by the state board of education. Moneys generated from computation of support units for alternative schools shall be utilized for alternative school programs. School district administrative and facility costs may be included as part of the alternative school expenditures.

7. State Distribution Factor per Support Unit. Divide educational support program distribution funds, after subtracting the amounts necessary to pay the obligations specified in subsection 2. of this section, by the total state support units to secure the state distribution factor per support unit.

8. District Share of State Funds for Educational Support Program. Ascertains a district's share of state funds for the educational support program as follows:

a. District Contribution Calculation. Without including any allowance as a credit for prepaid taxes, as provided in section 63-1607, Idaho Code, the district contribution calculation shall be the rate determined under subsection 3. of this section.

b. District Support Units. The number of support units for each school district in the state shall be determined as follows:

(1) Divide the actual average daily attendance, excluding students approved for inclusion in the exceptional child educational program, for the administrative schools and each of the separate schools and attendance units by the appropriate divisor from the tables of support units in this section, then add the quotients to obtain the district's support units allowance for regular students, kindergarten through grade 12 including alternative school secondary students. Calculations in application of this subsection shall be carried out to the nearest tenth.

(2) Divide the combined totals of the average daily attendance of all preschool, handicapped, kindergarten, elementary, secondary and juvenile detention center students approved for inclusion in the exceptional child program of the district by the appropriate divisor from the table for computation of exceptional education support units to obtain the number of support units allowed for the district's approved exceptional child program. Calculations for this subsection shall be carried out to the nearest tenth when more than one (1) unit is allowed.

(3) The total number of support units of the district shall be the sum of the total support units for regular students, subsection 8.b.(1) of this section, and the support units allow-
ance for the approved exceptional child program, subsection 8.b.(2) of this section.

c. Total District Allowance Educational Program. Multiply the district's total number of support units, carried out to the nearest tenth, by the state distribution factor per support unit and to this product add the approved amount of programs of the district provided in subsection 2. of this section to secure the district's total allowance for the educational support program.

d. District Share. To secure the district's share of state apportionment, subtract the amount of the local district contribution calculation, subsection 3. of this section, from the amount of the total district allowance, subsection 8.c. of this section.

e. Adjustment of District Share. The contract salary of every non-certificated teacher shall be subtracted from the district's share as calculated from the provisions of subsection 8.d. of this section.

SECTION 5. That Section 33-515, Idaho Code, be, and the same is hereby amended to read as follows:

33-515. ISSUANCE OF RENEWABLE CONTRACTS. During the third full year of continuous employment by the same school district, including any specially chartered district, each certificated employee named in subsection 167. of section 33-1001, Idaho Code, and each school nurse and school librarian shall be evaluated for a renewable contract and shall, upon having been offered a contract for the next ensuing year, having given notice of acceptance of renewal and upon signing a contract for a fourth full year, be placed on a renewable contract status with said school district subject to the provisions included in this chapter.

After the third full year of employment and at least once annually, the performance of each such certificated employee, school nurse, or school librarian shall be evaluated according to criteria and procedures established by the board of trustees in accordance with general guidelines approved by the state board of education. Except as otherwise provided, that person shall have the right to automatic renewal of contract by giving notice, in writing, of acceptance of renewal. Such notice shall be given to the board of trustees of the school district then employing such person not later than the first day of June preceding the expiration of the term of the current contract. Except as otherwise provided by this paragraph, the board of trustees shall notify each person entitled to be employed on a renewable contract of the requirement that such person must give the notice hereinabove and that failure to do so may be interpreted by the board as a declination of the right to automatic renewal or the offer of another contract. Such notification shall be made, in writing, not later than the fifteenth day of May, in each year, except to those persons to whom the board, prior to said date, has sent proposed contracts for the next ensuing year, or to whom the board has given the notice required by this section.

Any contract automatically renewed under the provisions of this section shall be for the same length as the term stated in the current contract and at a salary no lower than that specified therein, to which shall be added such increments as may be determined by the statutory or regulatory rights of such employee by reason of training, service, or performance.
Nothing herein shall prevent the board of trustees from offering a renewed contract increasing the salary of any certificated person, or from reassigning an administrative employee to a nonadministrative position with appropriate reduction of salary from the preexisting salary level. In the event the board of trustees reassigns an administrative employee to a nonadministrative position, the board shall give written notice to the employee which contains a statement of the reasons for the reassignment. The employee, upon written request to the board, shall be entitled to an informal review of that decision. The process and procedure for the informal review shall be determined by the local board of trustees.

Before a board of trustees can determine not to renew for reasons of an unsatisfactory report of the performance of any certificated person whose contract would otherwise be automatically renewed, or to renew the contract of any such person at a reduced salary, such person shall be entitled to a reasonable period of probation. This period of probation shall be preceded by a written notice from the board of trustees with reasons for such probationary period and with provisions for adequate supervision and evaluation of the person's performance during the probationary period. Such period of probation shall not affect the person's renewable contract status. Consideration of probationary status for certificated personnel is consideration of the status of an employee within the meaning of section 67-2345, Idaho Code, and may be held in executive session. If the consideration results in probationary status, the individual on probation shall not be named in the minutes of the meeting. A record of the decision shall be placed in the teacher's personnel file.

If the board of trustees takes action to immediately discharge or discharge upon termination of the current contract a certificated person whose contract would otherwise be automatically renewed, or to renew the contract of any such person at a reduced salary, the action of the board shall be consistent with the procedures specified in section 33-513(5), Idaho Code, and furthermore, the board shall notify the employee in writing whether there is just and reasonable cause not to renew the contract or to reduce the salary of the affected employee, and if so, what reasons it relied upon in that determination.

If the board of trustees, for reasons other than unsatisfactory service, for the ensuing contract year, determines to change the length of the term stated in the current contract, reduce the salary or not renew the contract of a certificated person whose contract would otherwise be automatically renewed, nothing herein shall require a probationary period.

SECTION 6. That Section 33-1004G, Idaho Code, be, and the same is hereby amended to read as follows:

33-1004G. EARLY RETIREMENT INCENTIVE. (1) Each certificated employee of an Idaho public school district as defined in section 33-1001 167, Idaho Code, is eligible for an early retirement incentive, provided they meet the following criteria:

(c) Incentive payments for certified employees not placed on the experience and education multiplier table as provided in section 33-1004A, Idaho Code, will be calculated using the BA column of the table.

(3) Incentives and the employer's share of FICA benefits shall be paid by the state department of education to the Idaho public school district with which the applicant was last contracted on or before July 31 of the year of application and acceptance.

(4) Incentives shall be considered additional compensation flowing from the employment relationship and subject to federal and state tax laws. Incentives shall not be considered salary for purposes of the public employee retirement system.

(5) Any employee receiving an early retirement incentive as provided in this section shall not be eligible for future employment with an Idaho school district where such employment would again qualify him/her for participation in the state retirement system.

(6) Any applicant choosing to withdraw their application must notify the state superintendent of public instruction in writing no later than June 20 in the year of application.
(7) A special application of the early retirement incentive shall supersede the limitations of this section to the extent necessary to comply with this subsection. An otherwise qualified certificated employee who becomes medically unable to work prior to July 1 of any year shall be eligible to apply for the early retirement incentive for which the employee would have been eligible retroactive to April 1.

CHAPTER 302
(H.B. No. 294)

AN ACT
RELATING TO WOLVES; PROVIDING LEGISLATIVE INTENT; AMENDING SECTION 36-715, IDAHO CODE, TO PROVIDE FOR TRANSITION FROM FEDERAL MANAGEMENT OF WOLVES TO STATE MANAGEMENT, TO PROVIDE FOR CERTAIN AUTHORITY AND DUTIES OF THE FISH AND GAME COMMISSION AND THE OFFICE OF SPECIES CONSERVATION RELATING TO WOLF CONSERVATION AND MANAGEMENT AND TO REVISE THE AUTHORITIES AND DUTIES OF THE DEPARTMENT OF FISH AND GAME RELATING TO WOLF CONSERVATION AND MANAGEMENT.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. LEGISLATIVE INTENT. It is the public policy of the state of Idaho to use every option to assert state sovereignty and mitigate the impacts of gray wolves on residents of the state of Idaho and to seek the delisting and management of gray wolves at recovery levels that will ensure viable, self-sustaining populations pursuant to the Idaho Wolf Conservation and Management Plan. The state of Idaho arrived at this policy in 2002 with the passage of Senate Concurrent Resolution No. 134, which approved the Idaho Wolf Conservation and Management Plan after objecting to the reintroduction of wolves and after adopting a memorial seeking the removal of wolves from the state. The Idaho Wolf Conservation and Management Plan affirms that Idaho is on the record asking the federal government to remove wolves from the state by the adoption in 2001 of House Joint Memorial No. 5 but that in order to use every available option to mitigate the severe impacts on the residents
of the state of Idaho, the state will seek delisting and manage wolves at recovery levels that will ensure viable, self-sustaining populations pursuant to the Idaho Wolf Conservation and Management Plan. Pursuant to Section 67-818, Idaho Code, the Idaho Wolf Conservation and Management Plan is the policy of the state of Idaho subject to legislative approval, amendment or rejection by concurrent resolution. Idaho directly opposes the fundamental flaw in the federal Endangered Species Act that allows the wolf reintroduction and other federal initiatives to override state policy. Therefore, in addition to the duties described below, the Fish and Game Commission, through the Department of Fish and Game, shall assist the Governor's Office of Species Conservation in seeking changes to federal policy that will ensure full partnership between state and federal government in species conservation.

SECTION 2. That Section 36-715, Idaho Code, be, and the same is hereby amended to read as follows:

36-715. WOLVES -- TRANSITION -- AUTHORITIES AND DUTIES OF THE OFFICE OF SPECIES CONSERVATION -- FISH AND GAME COMMISSION -- DEPARTMENT OF FISH AND GAME. CHAPTER 311
(S.B. No. 1178)

AN ACT
RELATING TO THE EMERGENCY COMMUNICATIONS ACT; AMENDING SECTION 31-4801, IDAHO CODE, AS AMENDED BY HOUSE BILL 363, AS ENACTED BY THE FIRST REGULAR SESSION OF THE FIFTY-SEVENTH IDAHO LEGISLATURE, TO PROVIDE FOR UTILIZATION OF THE EMERGENCY COMMUNICATIONS FEE BY A 911 SERVICE AREA; AND AMENDING SECTION 31-4804, IDAHO CODE, AS AMENDED BY HOUSE BILL 363, AS ENACTED BY THE FIRST REGULAR SESSION OF THE FIFTY-SEVENTH IDAHO LEGISLATURE, TO PROVIDE FOR REIMBURSEMENT OF TELECOMMUNICATIONS PROVIDERS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 31-4801, Idaho Code, as amended by House Bill 363, as enacted by the First Regular Session of the Fifty-seventh Idaho Legislature, be, and the same is amended to read as follows:
31-4801. PURPOSE. The legislature recognizes that providing consolidated emergency communications systems is vital in enhancing the public health, safety, and welfare of the residents of the state of Idaho. The legislature further finds that there is an obvious need for providing a means to finance the initiation, maintenance, operation, enhancement and governance of consolidated emergency communications systems.

(1) The legislature of the state of Idaho finds that:
(a) Since the original enactment of the emergency communications act in 1988, many of Idaho's communities have found that they are lacking in the resources to fully fund emergency communications systems at the local level;
(b) Changes in technology and the rapid growth of communications media have demonstrated that financing such systems solely by a line charge on subscribers to wire-line services does not reflect utilization of emergency communications systems by subscribers to wireless and other forms of communications systems;
(c) There is a need to enhance funding for the initiation and enhancement of consolidated emergency communications systems throughout the state;
(d) Utilization of cellular telephones to access emergency communications systems has substantially increased citizen access to emergency services while at the same time increasing demands upon the emergency response system.
(e) In order to protect and promote the public health and safety, and to keep pace with advances in telecommunications technology and the various choices of telecommunications technology available to the public, there is a need to plan and develop a statewide coordinated policy and program to ensure that enhanced 911 services are available to all citizens of the state and in all areas of the state. Accordingly, it is the intent of the legislature that the association of Idaho cities and the Idaho association of counties establish a task force composed of county commissioners, sheriffs, city councilmen, police chiefs, fire chiefs, emergency medical service providers and telecommunications providers. The purpose of the task force is to review and, if appropriate, recommend legislation to the second regular session of the fifty-seventh Idaho legislature concerning the: (i) governance of 911 emergency communications systems and (ii) the establishment of emergency communications systems for those counties of the state that do not have such systems.

(2) Therefore, it is hereby declared that the intent and purpose of the provisions of this act are to:
(a) Provide authority to counties and 911 service areas to impose an emergency communications fee on the use of both telephone lines and wireless communications systems;
(b) Provide that the emergency communications fee shall be exclusively utilized by the counties or 911 service areas electing to impose it to finance the initiation, maintenance, operation, enhancement and governance of consolidated emergency systems as well as enhanced consolidated emergency systems;
(c) Provide for the agreed-to reimbursement to wireless carriers for their implementation of enhanced consolidated emergency communications systems by counties or 911 service areas that have implemented enhanced consolidated emergency communications systems.
SECTION 2. That Section 31-4804, Idaho Code, as amended by House Bill 363, as enacted by the First Regular Session of the Fifty-seventh Idaho Legislature, be, and the same is amended to read as follows:

31-4804. EMERGENCY COMMUNICATIONS FEE. (1) The emergency communications fee provided pursuant to the provisions of this chapter shall be a uniform amount not to exceed one dollar ($1.00) per month per access line, and such fee shall be used exclusively to finance the initiation, maintenance, operation, enhancement and governance of a consolidated emergency communications system and provide for the reimbursement of wireless-carriers telecommunications providers for implementing enhanced consolidated emergency systems as provided for in section 31-4804A, Idaho Code. All emergency communications fees collected and expended pursuant to this section shall be audited by an independent, third party auditor ordinarily retained by the governing board for auditing purposes. The purpose of the audit as related to emergency communications systems is to verify the accuracy and completeness of fees collected and costs expended.

(2) The fee shall be collected from customers on a monthly basis by all telecommunications providers that make available access lines to persons within the county, or 911 service area, and may be listed as a separate item on customers' monthly bills.

(3) The telecommunications providers shall remit such fee to the county treasurer's office or the administrator for the 911 service area based upon the 911 service area from which the fees were collected. In the event the telecommunications provider remits such fees based upon the emergency communications fee billed to the customer, a deduction shall be allowed for uncollected amounts when such amounts are treated as bad debt for financial reporting purposes.

(4) From every remittance to the governing body made on or before the date when the same becomes due, the telecommunications provider required to remit the same shall be entitled to deduct and retain one percent (1%) of the collected amount as the cost of administration for collecting the charge. Telecommunications providers will be allowed to list the surcharge as a separate item on the telephone subscriber's bill, and shall have no obligation to take any legal action to enforce the collection of any charge, nor be held liable for such uncollected amounts.

(5) Use of fees. The emergency communications fee provided hereunder shall be used only to pay for the lease, purchase or maintenance of emergency communications equipment for basic and enhanced consolidated emergency systems, including necessary computer hardware, software, database provisioning, training, salaries directly related to such systems, costs of establishing such systems, and agreed-to reimbursement costs of telecommunications providers related to the operation of such systems. All other expenditures necessary to operate such systems and other normal and necessary safety or law enforcement functions including, but not limited to, those expenditures related to overhead, staffing, administrative and other day to day operational expenditures, shall continue to be paid through the general funding of the respective governing boards.

(H.B. No. 374, As Amended in the Senate)  

AN ACT  
RELATING TO HORSE RACING; AMENDING SECTION 54-2512, IDAHO CODE, TO CLARIFY THAT ADVANCE DEPOSIT WAGERING ON HORSE RACING CONDUCTED BY LICENSEES IS DECLARED TO BE LAWFUL, TO PROVIDE PROCEDURES, TO PROVIDE LIMITS, TO PROVIDE FOR A SOURCE MARKET FEE FOR OUT OF STATE WAGERS, TO DEFINE TERMS, TO PROVIDE FOR DISTRIBUTION OF FUNDS AND TO PROVIDE FOR RULES BY THE RACING COMMISSION; AND DECLARING AN EMERGENCY.  

Be It Enacted by the Legislature of the State of Idaho:  

SECTION 1. That Section 54-2512, Idaho Code, be, and the same is hereby amended to read as follows:  

54-2512. PARI-MUTUEL BETTING -- OTHER BETTING ILLEGAL. (1) Any licensee conducting a race meet under this act may provide a place or places in the race meet grounds or enclosure at which such licensee may conduct and supervise the use of the pari-mutuel system by patrons on the result of the races conducted by such licensee at such race meet and, upon written application by a licensee and approval by the commission, on the result of simulcast and/or televised races. The commission shall issue no more than one (1) license to simulcast per live race meet licensee and there shall be no more simulcasting sites in the state than there are licensed live race meet sites.  

(2) (a) Licenses authorizing simulcast and/or televised races will be regulated by the commission, in addition to its other responsibilities, for the purpose of enhancing, promoting, and protecting the live race industry in the state of Idaho. No license authorizing simulcast and/or televised races shall be issued to or renewed for persons that are not also licensed to conduct live race meets in the state of Idaho. Persons applying for a simulcast and/or televised race license shall have annually conducted live race meets in the state of Idaho during the preceding two (2) calendar years, and have an agreement reached voluntarily or pursuant to binding arbitration in conformance with chapter 9, title 7, Idaho Code, with a horsemen's group as the term "horsemen's group" is defined in section 54-2502, Idaho Code. The agreement shall address, but not be limited to, number of live race days and percentage of the live race and simulcast handle that is dedicated to the live horse race purse structure. Race days agreed upon shall be submitted to the Idaho racing commission for its approval.  

(b) In addition to the restrictions recited in paragraph (a) of this subsection, live horse race licensees that have had a total race handle from both live races and simulcast races exceeding five million dollars ($5,000,000) during the last calendar year in operation shall not have a license authorizing simulcast and/or televised races issued or renewed if the licensee has not run in the calendar year immediately preceding the year for which the application for a license is being made for at least ninety percent (90%) of the number of live race days that were conducted by that licensee in 1989.
(c) The commission may issue a license authorizing simulcast and/or televised races to a live horse race licensee only after that licensee has conducted at that facility a minimum of forty (40) live horse races in each of the two (2) calendar years preceding the application for such license. The requirements of this paragraph are only applicable to live horse race licensees who have received their initial live horse race license after April 1, 1997.

(3) Such pari-mutuel system conducted at such race meet shall not under any circumstances, if conducted under the provisions of this act and in conformity thereto and to the rules of the commission, be held or construed to be unlawful, other statutes of this state to the contrary notwithstanding.

(4) The participation by a licensee in an interstate combined wagering pool does not cause that licensee to be considered to be doing business in any jurisdiction other than the jurisdiction in which the licensee is physically located.

(5) Advance deposit wagering on live and/or simulcast horse racing conducted by licensees is hereby declared to be lawful and within the scope of the licensee’s license. As used in this section, “advance deposit wagering” means a form of wagering in which an account holder may deposit money with a licensee and then use the balance to fund wagers. The bettor can then contact the licensee from a location without actually being physically present at the licensee’s premises in order to communicate the desired use of those funds for wagering purposes. However, no wager can be accepted by the licensee that exceeds the amount in the account held by the licensee for the person placing the wager. Any advance deposit wagering conducted by a person with a provider outside of the state by telephone or other electronic means shall be illegal unless that provider is licensed by the Idaho state racing commission and provides a source market fee of not less than ten percent (10%) of the handle forwarded monthly to the commission. All moneys in the advance deposit wagering accounts held by the commission are hereby continuously appropriated to the commission for payment as required by this section. Payments to recipients shall be made annually, but not later than December 31. Distribution of the source market fee shall be forty percent (40%) to purses at all tracks weighted by number of races run through the year of distribution, forty percent (40%) to the simulcast sites in the state weighted by the annual simulcast handle, five percent (5%) to the track distribution fund, five percent (5%) to the breed distribution fund, five percent (5%) to the Idaho state racing commission and five percent (5%) to the public school income fund. For purposes of this section, wagering instructions concerning funds held in an advance deposit account shall be deemed to be issued within the licensee’s enclosure. As used in this section, “source market fee” means that part of a wager, made outside of the state by an Idaho resident, that is returned to the state of Idaho. The commission may promulgate rules pursuant to chapter 52, title 67, Idaho Code, to implement the provisions of this subsection.

(6) Pari-mutuel taxes or commissions may not be imposed on any amounts wagered in an interstate combined wagering pool other than amounts wagered within this jurisdiction.
(67) It shall be unlawful to conduct pool selling, bookmaking, or to circulate handbooks, or to bet or wager on a race of any licensed race meet, other than by the pari-mutuel system; and it shall further be unlawful knowingly to permit any minor to use the pari-mutuel system.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Each such organization shall keep a ledger of the numbers of all such papers used during each session. All paper must be tracked as either sold, damaged, donated, used for promotion, or omitted from the original distributor or manufacturer. Paper tracking ledgers and invoices from the distributor or manufacturer for nonrefundable colored bingo paper must be kept with the permanent records for that bingo operation.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 22-4801, Idaho Code, be, and the same is hereby amended to read as follows:
22-4801. LEGISLATIVE FINDINGS AND INTENT. The legislature finds that the current knowledge and technology support the practice of burning crop residue to control disease, weeds, pests, and to enhance crop rotations. It is the intent of the legislature to promote agricultural activities—currently some of those activities include crop residue burning while at the same time protecting public health. The legislature finds that due to the climate, soils, and crop rotations unique to north Idaho counties, crop residue burning is a prevalent agricultural practice and that there is an environmental benefit to protecting water quality from the growing of certain crops in environmentally sensitive areas. It is the intent of the legislature to reduce the loss to the state of its agricultural resources by providing a safe harbor to farmers when burning crop residues in compliance with this chapter and limiting the circumstances under which agricultural operations may be exposed to claims outside of the lawful framework for crop residue burning. The director of the Idaho department of agriculture may promulgate rules relating to crop residue burning under this chapter. Further, the legislature encourages the Idaho department of agriculture and the Idaho department of environmental quality to cooperate with local communities and the agricultural community and in order to establish voluntary smoke management and crop residue burning programs. The legislature encourages the Idaho department of agriculture and the agricultural community to pursue alternative means to crop residue disposal. Nothing in this chapter shall prohibit the Idaho department of environmental quality from enforcing the environmental protection and health act, chapter 1, title 39, Idaho Code, and the rules promulgated pursuant thereto, as they relate to air quality and protection of the state and national ambient air quality standards.

SECTION 2. That Section 22-4803, Idaho Code, be, and the same is hereby amended to read as follows:

22-4803. AGRICULTURAL FIELD BURNING. (1) The open burning of crop residue grown in agricultural fields shall be an allowable form of open burning when the provisions of this chapter, and any rules promulgated pursuant thereto, and the environmental protection and health act, and any rules promulgated pursuant thereto, are met, and when no other agricultural economically viable alternatives to burning are available, as determined by the director, for the purpose of:
   (a) Disposing of crop residues;
   (b) Developing physiological conditions conducive to increased crop yields; or
   (c) Controlling diseases, insects, pests or weed infestations.
(2) The following provisions shall apply to all agricultural field burning:
   (a) In order to minimize impacts upon populated areas of the counties designated in subsection (3) of this section, any person conducting crop residue burning must make every reasonable effort to burn only when weather conditions are conducive to adequate smoke dispersion, and the burning does not emit particulates or other material which exceed the state and federal ambient air quality standards; and
   (b) The open burning of crop residue shall be conducted in the field where it was generated.
(3) In Kootenai, and Benewah, Boundary, Bonner, Shoshone, Latah, Clearwater, Nez Perce, Lewis and Idaho counties, the legislature finds that there are a great many cereal grain, field grass, forage grass, and turf grass fields, and it is a practice to burn these fields to control disease, weeds and pests in these counties. The director shall prepare a written report setting forth the basis upon which any monetary penalty is imposed and/or computed and shall retain the report on file with the department.

(3) The director, or his designee is authorized to enter upon public or private property for the purpose of investigating or inspecting for possible violations. Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. SHORT TITLE. This act shall be known and may be cited as the "2003 Economic Recovery and Stabilization Act."

SECTION 2. That Section 63-3619, Idaho Code, be, and the same is hereby amended to read as follows:

63-3619. IMPOSITION AND RATE OF THE SALES TAX. An excise tax is hereby imposed upon each sale at retail at the rate of five percent six percent (56%) of the sales price of all retail sales subject to taxation under this chapter and such amount shall be computed monthly on all sales at retail within the preceding month.

(a) The tax shall apply to, be computed on, and collected for all credit, installment, conditional or similar sales at the time of the sale or, in the case of rentals, at the time the rental is charged.

(b) The tax hereby imposed shall be collected by the retailer from the consumer.

(c) The state tax commission shall provide schedules for collection of the tax on sales which involve a fraction of a dollar. The retailer
shall calculate the tax upon the entire amount of the purchases of the consumer made at a particular time and not separately upon each item purchased. The retailer may retain any amount collected under the bracket system prescribed which is in excess of the amount of tax for which he is liable to the state during the period as compensation for the work of collecting the tax.

(d) It is unlawful for any retailer to advertise or hold out or state to the public or to any customer, directly or indirectly, that the tax or any part thereof will be assumed or absorbed by the retailer or that it will not be added to the selling price of the property sold or that if added it or any part thereof will be refunded. Any person violating any provision of this section is guilty of a misdemeanor.

(e) The tax commission may by rule provide that the amount collected by the retailer from the customer in reimbursement of the tax be displayed separately from the list price, the price advertised on the premises, the marked price, or other price on the sales slip or other proof of sale.

(f) The taxes imposed by this chapter shall apply to the sales to contractors purchasing for use in the performance of contracts with the United States.

SECTION 3. That Section 63-3621, Idaho Code, be, and the same is hereby amended to read as follows:

63-3621. IMPOSITION AND RATE OF THE USE TAX -- EXEMPTIONS. An excise tax is hereby imposed on the storage, use, or other consumption in this state of tangible personal property acquired on or after July 1, 1965-2003, for storage, use, or other consumption in this state at the rate of five six percent (5.6%) of the value of the property, and a recent sales price shall be presumptive evidence of the value of the property unless the property is wireless telecommunications equipment, in which case a recent sales price shall be conclusive evidence of the value of the property.

(a) Every person storing, using, or otherwise consuming, in this state, tangible personal property is liable for the tax. His liability is not extinguished until the tax has been paid to this state except that a receipt from a retailer maintaining a place of business in this state or engaged in business in this state given to the purchaser is sufficient to relieve the purchaser from further liability for the tax to which the receipt refers. A retailer shall not be considered to have stored, used or consumed wireless telecommunications equipment by virtue of giving, selling or otherwise transferring such equipment at a discount as an inducement to a consumer to commence or continue a contract for telecommunications service.

(b) Every retailer engaged in business in this state, and making sales of tangible personal property for the storage, use, or other consumption in this state, not exempted under section 63-3622, Idaho Code, shall, at the time of making the sales or, if storage, use or other consumption of the tangible personal property is not then taxable hereunder, at the time the storage, use or other consumption becomes taxable, collect the tax from the purchaser and give to the purchaser a receipt therefor in the manner and form prescribed by the state tax commission.

(c) The provisions of this section shall not apply when the retailer pays sales tax on the transaction and collects reimbursement
for such sales tax from the customer.

(d) Every retailer engaged in business in this state or maintaining a place of business in this state shall register with the state tax commission and give the name and address of all agents operating in this state, the location of all distributions or sales houses or offices or other places of business in this state, and such other information as the state tax commission may require.

(e) For the purpose of the proper administration of this act and to prevent evasion of the use tax and the duty to collect the use tax, it shall be presumed that tangible personal property sold by any person for delivery in this state is sold for storage, use, or other consumption in this state. The burden of proving the sale is tax exempt is upon the person who makes the sale unless he obtains from the purchaser a resale certificate to the effect that the property is purchased for resale or rental. It shall be presumed that sales made to a person who has completed a resale certificate for the seller's records are not taxable and the seller need not collect sales or use taxes unless the tangible personal property purchased is taxable to the purchaser as a matter of law in the particular instance claimed on the resale certificate.

A seller may accept a resale certificate from a purchaser prior to the time of sale, at the time of sale, or at any reasonable time after the sale when necessary to establish the privilege of the exemption. The resale certificate relieves the person selling the property from the burden of proof only if taken from a person who is engaged in the business of selling or renting tangible personal property and who holds the permit provided for by section 63-3620, Idaho Code, or who is a retailer not engaged in business in this state, and who, at the time of purchasing the tangible personal property, intends to sell or rent it in the regular course of business or is unable to ascertain at the time of purchase whether the property will be sold or will be used for some other purpose. Other than as provided elsewhere in this section, when a resale certificate, properly executed, is presented to the seller, the seller has no duty or obligation to collect sales or use taxes in regard to any sales transaction so documented regardless of whether the purchaser properly or improperly claimed an exemption. A seller so relieved of the obligation to collect tax is also relieved of any liability to the purchaser for failure to collect tax or for making any report or disclosure of information required or permitted under this chapter.

The resale certificate shall bear the name and address of the purchaser, shall be signed by the purchaser or his agent, shall indicate the number of the permit issued to the purchaser, or that the purchaser is an out-of-state retailer, and shall indicate the general character of the tangible personal property sold by the purchaser in the regular course of business. The certificate shall be substantially in such form as the state tax commission may prescribe.

(f) If a purchaser who gives a resale certificate makes any storage or use of the property other than retention, demonstration or display while holding it for sale in the regular course of business, the storage or use is taxable as of the time the property is first so stored or used.

(g) Any person violating any provision of this section is guilty of a misdemeanor and punishable by a fine not in excess of one hundred dollars ($100), and each violation shall constitute a separate offense.

(h) It shall be presumed that tangible personal property shipped or
brought to this state by the purchaser was purchased from a retailer, for storage, use or other consumption in this state.

(i) It shall be presumed that tangible personal property delivered outside this state to a purchaser known by the retailer to be a resident of this state was purchased from a retailer for storage, use, or other consumption in this state. This presumption may be controverted by evidence satisfactory to the state tax commission that the property was not purchased for storage, use, or other consumption in this state.

(j) When the tangible personal property subject to use tax has been subjected to a general retail sales or use tax by another state of the United States in an amount equal to or greater than the amount of the Idaho tax, and evidence can be given of such payment, the property will not be subject to Idaho use tax. If the amount paid the other state was less, the property will be subject to use tax to the extent that the Idaho tax exceeds the tax paid to the other state. For the purposes of this subsection, a registration certificate or title issued by another state or subdivision thereof for a vehicle or trailer or a vessel as defined in section 67-7003, Idaho Code, shall be sufficient evidence of payment of a general retail sales or use tax.

(k) The use tax herein imposed shall not apply to the use by a non-resident of this state of a motor vehicle which is registered or licensed under the laws of the state of his residence and is not used in this state more than a cumulative period of time totaling ninety (90) days in any consecutive twelve (12) months, and which is not required to be registered or licensed under the laws of this state.

(l) The use tax herein imposed shall not apply to the use of household goods, personal effects and personally owned motor vehicles by a resident of this state, if such articles were acquired by such person in another state while a resident of that state and primarily for use outside this state and if such use was actual and substantial, but if an article was acquired less than three (3) months prior to the time he entered this state, it will be presumed that the article was acquired for use in this state and that its use outside this state was not actual and substantial. For purposes of this subsection, "resident" shall be as defined in section 63-3013 or 63-3013A, Idaho Code.

(m) The use tax herein imposed shall not apply to the storage, use or other consumption of tangible personal property which is or will be incorporated into real property and which has been donated to and has become the property of:

(1) A nonprofit organization as defined in section 63-36220, Idaho Code; or

(2) The state of Idaho; or

(3) Any political subdivision of the state.

This exemption applies whether the tangible personal property is incorporated in real property by the donee, a contractor or subcontractor of the donee, or any other person.

SECTION 4. That Section 63-3638, Idaho Code, be, and the same is hereby amended to read as follows:

(b) Twenty-eight and two-tenths percent (28.2\%) shall be paid to the various counties as follows:
(i) One million three hundred twenty thousand dollars ($1,320,000) annually shall be distributed one forty-fourth (1/44) to each of the various counties; and
(ii) The balance of such amount shall be paid to the various counties, and each county shall be entitled to an amount in the proportion that the population of that county bears to the population of the state;

(c) Thirty-five and nine-tenths percent (35.9\%) of the amount appropriated in this subsection (9) shall be paid to the several counties for distribution to the cities and counties as follows:
(i) Each city and county which received a payment under the provisions of section 63-3638(e), Idaho Code, during the fourth quarter of calendar year 1999, shall be entitled to a like amount during succeeding calendar quarters.

A retailer shall not be considered to have stored, used or consumed wireless telecommunications equipment by virtue of giving, selling or otherwise transferring such equipment at a discount as an inducement to a consumer to commence or continue a contract for telecommunications service.

(b) Every retailer engaged in business in this state, and making sales of tangible personal property for the storage, use, or other consumption in this state, not exempted under section 63-3622, Idaho Code, shall, at the time of making the sales or, if storage, use or other consumption of the tangible personal property is not then taxable hereunder, at the time the storage, use or other consumption becomes taxable, collect the tax from the purchaser and give to the purchaser a receipt therefor in the manner and form prescribed by the state tax commission.

(c) The provisions of this section shall not apply when the retailer pays sales tax on the transaction and collects reimbursement for such sales tax from the customer.

(d) Every retailer engaged in business in this state or maintaining
a place of business in this state shall register with the state tax com-
mission and give the name and address of all agents operating in this
state, the location of all distributions or sales houses or offices or
other places of business in this state, and such other information as
the state tax commission may require.

(e) For the purpose of the proper administration of this act and to
prevent evasion of the use tax and the duty to collect the use tax, it
shall be presumed that tangible personal property sold by any person for
delivery in this state is sold for storage, use, or other consumption in
this state. The burden of proving the sale is tax exempt is upon the
person who makes the sale unless he obtains from the purchaser a resale
certificate to the effect that the property is purchased for resale or
rental. It shall be presumed that sales made to a person who has com-
pleted a resale certificate for the seller's records are not taxable and
the seller need not collect sales or use taxes unless the tangible per-
sonal property purchased is taxable to the purchaser as a matter of law
in the particular instance claimed on the resale certificate.

A seller may accept a resale certificate from a purchaser prior to
the time of sale, at the time of sale, or at any reasonable time after
the sale when necessary to establish the privilege of the exemption. The
resale certificate relieves the person selling the property from the
burden of proof only if taken from a person who is engaged in the busi-
ness of selling or renting tangible personal property and who holds the
permit provided for by section 63-3620, Idaho Code, or who is a retailer
not engaged in business in this state, and who, at the time of purchas-
ing the tangible personal property, intends to sell or rent it in the
regular course of business or is unable to ascertain at the time of pur-
chase whether the property will be sold or will be used for some other
purpose. Other than as provided elsewhere in this section, when a resale
certificate, properly executed, is presented to the seller, the seller
has no duty or obligation to collect sales or use taxes in regard to any
sales transaction so documented regardless of whether the purchaser
properly or improperly claimed an exemption. A seller so relieved of the
obligation to collect tax is also relieved of any liability to the pur-
chaser for failure to collect tax or for making any report or disclosure
of information required or permitted under this chapter.

The resale certificate shall bear the name and address of the pur-
chaser, shall be signed by the purchaser or his agent, shall indicate
the number of the permit issued to the purchaser, or that the purchaser
is an out-of-state retailer, and shall indicate the general character of
the tangible personal property sold by the purchaser in the regular
course of business. The certificate shall be substantially in such form
as the state tax commission may prescribe.

(f) If a purchaser who gives a resale certificate makes any storage
or use of the property other than retention, demonstration or display
while holding it for sale in the regular course of business, the storage
or use is taxable as of the time the property is first so stored or
used.

(g) Any person violating any provision of this section is guilty of
a misdemeanor and punishable by a fine not in excess of one hundred dol-
ars ($100), and each violation shall constitute a separate offense.

(h) It shall be presumed that tangible personal property shipped or
brought to this state by the purchaser was purchased from a retailer,
for storage, use or other consumption in this state.
(i) It shall be presumed that tangible personal property delivered outside this state to a purchaser known by the retailer to be a resident of this state was purchased from a retailer for storage, use, or other consumption in this state. This presumption may be controverted by evidence satisfactory to the state tax commission that the property was not purchased for storage, use, or other consumption in this state.

(j) When the tangible personal property subject to use tax has been subjected to a general retail sales or use tax by another state of the United States in an amount equal to or greater than the amount of the Idaho tax, and evidence can be given of such payment, the property will not be subject to Idaho use tax. If the amount paid the other state was less, the property will be subject to use tax to the extent that the Idaho tax exceeds the tax paid to the other state. For the purposes of this subsection, a registration certificate or title issued by another state or subdivision thereof for a vehicle or trailer or a vessel as defined in section 67-7003, Idaho Code, shall be sufficient evidence of payment of a general retail sales or use tax.

(k) The use tax herein imposed shall not apply to the use by a non-resident of this state of a motor vehicle which is registered or licensed under the laws of the state of his residence and is not used in this state more than a cumulative period of time totaling ninety (90) days in any consecutive twelve (12) months, and which is not required to be registered or licensed under the laws of this state.

(l) The use tax herein imposed shall not apply to the use of household goods, personal effects and personally owned motor vehicles by a resident of this state, if such articles were acquired by such person in another state while a resident of that state and primarily for use outside this state and if such use was actual and substantial, but if an article was acquired less than three (3) months prior to the time he entered this state, it will be presumed that the article was acquired for use in this state and that its use outside this state was not actual and substantial. For purposes of this subsection, "resident" shall be as defined in section 63-3013 or 63-3013A, Idaho Code.

(m) The use tax herein imposed shall not apply to the storage, use or other consumption of tangible personal property which is or will be incorporated into real property and which has been donated to and has become the property of:

1. A nonprofit organization as defined in section 63-36220, Idaho Code;
or
2. The state of Idaho; or
3. Any political subdivision of the state.

This exemption applies whether the tangible personal property is incorporated into real property by the donee, a contractor or subcontractor of the donee, or any other person.

SECTION 9. That Chapter 36, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-3638, Idaho Code, and to read as follows:

(9) Thirteen and three-quarters percent (13.75%) is continuously appropriated and shall be distributed to the revenue sharing account which is created in the state treasury, and the moneys in the revenue sharing account will be paid in installments each calendar quarter by the tax commission as follows:

(a) Twenty-eight and two-tenths percent (28.2%) shall be paid to the various cities as follows:

   (i) Fifty percent (50%) of such amount shall be paid to the various cities, and each city shall be entitled to an amount in the proportion that the population of that city bears to the population of all cities within the state; and

   (ii) Fifty percent (50%) of such amount shall be paid to the various cities, and each city shall be entitled to an amount in the proportion that the preceding year's market value for assessment purposes for that city bears to the preceding year's market value for assessment purposes for all cities within the state.

(b) Twenty-eight and two-tenths percent (28.2%) shall be paid to
the various counties as follows:

(ii) The balance of such amount shall be paid to the various counties, and each county shall be entitled to an amount in the proportion that the population of that county bears to the population of the state;

(c) Thirty-five and nine-tenths percent (35.9%) of the amount appropriated in this subsection (9) shall be paid to the several counties for distribution to the cities and counties as follows:

(i) Each city and county which received a payment under the provisions of section 63-3638(e), Idaho Code, during the fourth quarter of calendar year 1999, shall be entitled to a like amount during succeeding calendar quarters.

(iv) If the dollar amount of money available under this subsection (9)(c) in any quarter exceeds one hundred five percent (105%) of the total payment made in the fourth quarter of calendar year 1999, any amount over and above such one hundred five percent (105%) shall be paid fifty percent (50%) to the various cities in the proportion that the population of the city bears to the population of all cities within the state, and fifty percent (50%) to the various counties in the proportion that the population of a county bears to the population of the state; and

(d) Seven and seven-tenths percent (7.7%) of the amount appropriated in this subsection (9) shall be paid to the several counties for distribution to special purpose taxing districts as follows:

(i) Each such district which received a payment under the provisions of section 63-3638(e), Idaho Code, during the fourth quarter of calendar year 1999, shall be entitled to a like amount during succeeding calendar quarters.

(ii) If the dollar amount of money available under this subsection (9)(d) in any quarter does not equal the amount paid in the fourth quarter of calendar year 1999, each special purpose taxing district's payment shall be reduced proportionately.

(iii) If the dollar amount of money available under this subsection (9)(d) in any quarter exceeds the amount distributed under paragraph (i) of this subsection (9)(d), each special purpose taxing district shall be entitled to a share of the excess based on the proportion each such district's current property tax budget bears to the sum of the current property tax budgets of all such districts in the state. The state tax
commission shall calculate district current property tax budgets to include any unrecovered foregone amounts as determined under section 63-802(1)(e), Idaho Code. When a special purpose taxing district is situated in more than one (1) county, the tax commission shall determine the portion attributable to the special purpose taxing district from each county in which it is situated.

(v) If a special purpose taxing district is dissolved or disincorporated, the state tax commission shall continuously distribute to the board of county commissioners an amount equal to the last quarter's distribution prior to dissolution or disincorporation. The board of county commissioners shall determine any redistribution of moneys so received.

(vi) Taxing districts formed after January 1, 2001, are not entitled to a payment under the provisions of this subsection (9)(d).

(vii) For purposes of this subsection (9)(d), a special purpose taxing district is any taxing district which is not a city, a county or a school district.

Idaho Transportation Department is authorized no more than one thousand eight hundred thirty-eight (1,838) full-time equivalent positions at any point during the period July 1, 2003, through June 30, 2004, for the programs specified in Section 1 of this act, unless specifically authorized by the Governor. The Joint Finance-Appropriations Committee will be notified promptly of any increased positions so authorized.

SECTION 3. It is legislative intent that all moneys transferred to the Local Bridge Inspection Fund and to the Railroad Grade Crossing Protection Fund, as provided in Section 63-2412, Idaho Code, are hereby continuously appropriated to the Idaho Transportation Department for the stated purposes of those funds.
SECTION 4. The Idaho Transportation Department is authorized to transfer up to $71,300 from the State Highway Fund to the State Aeronautics Fund during the fiscal year. It is legislative intent that the moneys transferred be used to offset operating costs of the Aircraft Pool Program or be used to establish a reserve for capital replacement costs of the Aircraft Pool Program.

SECTION 5. There is hereby reappropriated to the Idaho Transportation Department any unexpended and unencumbered balances of the State Highway Fund appropriated for the Contract Construction and Right-of-Way Acquisition Program for fiscal year 2003, to be used for Contract Construction and Right-of-Way Acquisition only for the period July 1, 2003, through June 30, 2004.

SECTION 6. All unexpended and unencumbered moneys previously appropriated to the Idaho Transportation Department from funds deposited to the restricted disaster State Highway Fund are hereby reappropriated to the Idaho Transportation Department for the period July 1, 2003, through June 30, 2004.

SECTION 7. There is hereby reappropriated to the Idaho Transportation Department any unexpended and unencumbered balances of the State Aeronautics Fund appropriated for trustee and benefit payments for fiscal year 2003, to be used for Airport Development Grants for the period July 1, 2003, through June 30, 2004.

SECTION 8. There is hereby reappropriated to the Idaho Transportation Department any unexpended and unencumbered balances, not to exceed $168,500, of the State Aeronautics Fund stemming from insurance settlement received in fiscal year 2003, to be used for Aircraft Pool Program costs for the period July 1, 2003, through June 30, 2004.

SECTION 9. There is hereby appropriated and the State Controller is directed to transfer $25,000 from the State Highway Fund to the Tourism and Promotion Fund in the Department of Commerce during fiscal year 2004. This transfer will provide the matching fund support of the Gateway Visitor Centers.

SECTION 10. The Legislature herein restates its conviction that maximizing highway construction dollars has, and will continue to be, the most important aspect of the Idaho Transportation Department's budget. In the event federal funds in excess of those provided for in this bill become available to the Department during the period July 1, 2003, through June 30, 2004, the Legislature directs the Department to access those funds in a manner consistent with the receipt and expenditure of noncognizable funding. Further, in the event revenues to the Idaho Transportation Department's State Highway Fund exceed the spending authority provided for in this act, the Legislature directs the Department to report to the Joint Finance-Appropriations Committee on the need for any supplemental spending authority required for state funds necessary to match federal highway funds.

CHAPTER 339
(H.B. No. 403, As Amended)

AN ACT
RELATING TO THE CONSTITUTIONALLY BASED EDUCATIONAL CLAIMS ACT; PROVIDING LEGISLATIVE FINDINGS; AMENDING SECTION 6-2214, IDAHO CODE, TO PROVIDE THE IMPOSITION OF AN EDUCATIONAL NECESSITY LEVY TO ABATE UNSAFE OR UNHEALTHY CONDITIONS UPON CERTAIN CONDITIONS OCCURRING AND TO PROVIDE PROCEDURES; AMENDING SECTION 6-2215, IDAHO CODE, TO PROVIDE THAT THE CONSTITUTIONALLY BASED EDUCATIONAL CLAIMS ACT SHALL APPLY TO PENDING LAWSUITS PRESENTING CONSTITUTIONALLY BASED EDUCATIONAL CLAIMS THAT HAVE NOT PROCEEDED TO FINAL JUDGMENT, TO PROVIDE FOR SUSPENSION OF SUCH PROCEEDINGS AND REFILING OF COMPLAINTS, TO PROVIDE VENUE, TO PROVIDE FOR THE DISMISSAL OF PARTIES TO THE SUSPENDED LAWSUIT THAT ARE NOT PARTIES TO A REFILED LAWSUIT AND TO PROVIDE FOR DESIGNATION OF PORTIONS OF THE RECORD TO BE FORWARDED TO THE COURTS HEARING REFILED LAWSUITS; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:
SECTION 1. LEGISLATIVE FINDINGS. The Legislature finds that over twelve years of litigation regarding Idaho's system of school funding has not productively used the state's resources to ensure that there is a general, uniform and thorough system of public, free common schools. Trial was held in the spring of 2000, but no final judgment or appealable order has been issued and no findings of fact specifying which school districts are unable to provide safe and healthy school facilities under the current system of school financing have been issued. Current proceedings are likely to be even more protracted if a special master is appointed and there is further delay until final judgment, an appealable order, or findings of fact specifying which school districts are unable to provide safe and healthy school facilities under the current system of school financing have been issued. The Legislature therefore determines it can best exercise its constitutional duty to establish and maintain a general, uniform and thorough system of public, free common schools by altering the procedure of the existing lawsuit to bring it under the Constitutionally Based Educational Claims Act, which will allow the parties to focus on districts having the most serious health and safety problems, and to provide a remedy of an educational necessity levy as necessary to abate unsafe or unhealthy conditions.

SECTION 2. That Section 6-2214, Idaho Code, be, and the same is hereby amended to read as follows:

6-2214. EDUCATIONAL NECESSITY LEVY. (1) In general. There is hereby created an educational necessity levy that may be levied by a local school district as authorized in this chapter. The educational necessity levy shall expire upon order of the district court having jurisdiction over a suit brought under this chapter or five (5) years after it comes into existence, whichever comes first. An educational necessity levy authorized by this chapter may be imposed under the terms of this chapter notwithstanding the provisions of section 63-802, Idaho Code.

(2) For safety and health. Notwithstanding any other provisions of this chapter, the district court may impose an educational necessity levy for the purpose of raising revenues to abate unsafe or unhealthy conditions that have been identified by findings of fact or a judgment of the district court, by a consent agreement that has been accepted (with or without modification) by the district court, or by a local school district plan to abate unsafe or unhealthy conditions that has been accepted (with or without modification) by the district court. The district court shall approve an educational necessity levy if it finds that the school district has no alternative source of revenue to use to abate unsafe or unhealthy conditions that have been identified by findings of fact or judgment of the district court, by a consent agreement that has been accepted (with or without modification) by the district court or by a local school district plan to abate unsafe or unhealthy conditions that has been accepted (with or without modification) by the district court. The limitations of sections 6-2209 and 6-2210, Idaho Code, regarding the calculation of and the maximum amount of the educational necessity levy do not apply to an educational necessity levy imposed to abate unsafe or unhealthy conditions that have been identified by findings of fact or a judgment of the district court, by a consent agreement that has been accepted (with or without modification) by the district court, or by a local school district plan to abate unsafe
or unhealthy conditions that has been accepted (with or without modification) by the district court.

SECTION 3. That Section 6-2215, Idaho Code, be, and the same is hereby amended to read as follows:

6-2215. EFFECT ON PENDING LAWSUITS. (1) Chapter to apply to pending lawsuits. This chapter shall not apply to any lawsuit pending on its effective date, but that has not proceeded to final judgment in the district court on the effective date of this amendment to this section if the lawsuit presents constitutionally based educational claims or counterclaims by any patrons or by the state of Idaho or state officers, and shall apply to any lawsuit bringing a constitutionally based educational claim filed after its effective date. Provided, however, that if section 1-12-108, Idaho Code, is amended to require the legislature to provide procedures for lawsuits brought under that section, including pending lawsuits, this chapter shall apply to all suits pending when such a constitutional amendment is approved.

(2) Procedure for pending lawsuits. If this chapter applies to a lawsuit pending on the effective date of this amendment to this section, all proceedings in the lawsuit shall be suspended for fifty-six (56) days from the effective date of this amendment to this section, except to notify the district court of the passage of this amendment and to allow refiling of complaints consistent with this subsection. Any patrons who are parties to such a lawsuit shall have the fifty-six (56) days of the suspension period to file parens patriae complaint(s) consistent with the requirements of this chapter. The legislature and superintendent of public instruction shall have the fifty-six (56) days of the suspension period to file parens patriae complaint(s) consistent with the requirements of this chapter. If a patron files a parens patriae complaint under this subsection, the legislature and the superintendent of public instruction may intervene as a matter of right pursuant to section 6-2206, Idaho Code, within the time period prescribed by section 6-2206, Idaho Code. If any complaints are filed under this subsection, separate complaints shall be filed for each school district that is a defendant, and venue for such a suit against a school district shall be in the county in which the school district maintains its principal business office. At the expiration of the fifty-six (56) day suspension period described in the first sentence of this subsection, any school districts that are defendants to patron suits or to parens patriae suits under this chapter shall be able to answer as provided by the Idaho rules of civil procedure. All further proceedings in such a suit shall be pursuant to this chapter.

(3) Dismissal of entities not parties and transfer of records in pending lawsuit. School districts that were parties to a lawsuit that presented constitutionally based educational claims or counterclaims on the effective date of this section and that are not defendants in any complaints filed pursuant to subsection (2) of this section shall no longer be parties and shall be dismissed from any proceedings that were suspended. Any defendant to a lawsuit that presented constitutionally based educational claims or counterclaims on the effective date of this section and who is not a defendant authorized by this chapter shall be dismissed from any proceeding that was suspended. Any plaintiff, defend-
ant or an intervenor as of right to a lawsuit filed under subsection (2) of this section in which there is a school district that was a party to a lawsuit that presented constitutionally based educational claims or counterclaims and which lawsuit was suspended under subsection (2) of this section may designate the portions of the records of the suspended lawsuit that pertain to the school district. Upon written request of the plaintiff, the defendant, or an intervenor as of right or the court in a lawsuit filed under subsection (2) of this section, those parts of the record designated by the plaintiff, defendant or an intervenor as of right or the court shall be copied by the clerk of the district court of the suspended lawsuit and forwarded to the clerk of the district court presiding over the complaint filed under subsection (2) of this section and shall be included in the record of that case.

SECTION 4. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

CHAPTER 344
(H.B. No. 451)

AN ACT
RELATING TO ACTS OR SECTIONS OF ACTS ENACTED BY THE FIRST REGULAR SESSION OF THE FIFTY-SEVENTH IDAHO LEGISLATURE; PROVIDING CLARIFICATION FOR EFFECTIVE DATES FOR CERTAIN ACTS OR SECTIONS OF ACTS ENACTED BY THE FIRST REGULAR SESSION OF THE FIFTY-SEVENTH IDAHO LEGISLATURE; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. If the First Regular Session of the Fifty-seventh Idaho Legislature has not adjourned sine die on or before May 2, 2003, all acts or sections of acts enacted by the First Regular Session of the Fifty-seventh Idaho Legislature and signed into law or allowed to become law by the Governor without his signature in which the entire act or sections of those acts would have been effective on July 1, 2003, had the Legislature adjourned sine die on or before May 2, 2003, shall be amended to have the act or the section of the act become effective on July 1, 2003, and an emergency is declared to exist and shall be deemed incorporated in the title of the bill and the preamble or the body of
the law, as applicable. The provisions of this section shall not affect any act or section of an act signed into law or allowed to become law by the Governor without his signature, in which any effective date other than July 1, 2003, has been incorporated in the title of the bill and the preamble or the body of the law, as applicable.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

CHAPTER 345
(H.B. No. 453)

AN ACT
RELATING TO TAXATION; AMENDING SECTION 63-3029B, IDAHO CODE, TO PROVIDE THAT FOR QUALIFIED INVESTMENTS PLACED IN SERVICE IN TAXABLE YEARS BEGINNING IN 2003 AND THEREAFTER, THE TAXPAYER MAY ELECT, IN LIEU OF THE INCOME TAX CREDIT PROVIDED FOR CAPITAL INVESTMENT, A TWO YEAR EXEMPTION FROM ALL TAXES ON PERSONAL PROPERTY ON THE QUALIFIED INVESTMENT, TO PROVIDE PROCEDURES, TO PROVIDE FOR COOPERATION BETWEEN THE STATE TAX COMMISSION AND COUNTY ASSESSORS AND TO PROVIDE PENALTIES; PROVIDING FOR SEVERABILITY; DECLARING AN EMERGENCY AND PROVIDING RETROACTIVE APPLICATION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-3029B, Idaho Code, be, and the same is hereby amended to read as follows:

63-3029B. INCOME TAX CREDIT FOR CAPITAL INVESTMENT. (1) At the election of the taxpayer there shall be allowed, subject to the applicable limitations provided herein as a credit against the income tax imposed by chapter 30, title 63, Idaho Code, an amount equal to the sum of:

(a) The tax credit carryovers; and
(b) The tax credit for the taxable year.

(2) The maximum allowable amount of the credit for the current taxable year shall be three percent (3%) of the amount of qualified investments made during the taxable year.

(3) As used in this section "qualified investment" means certain depreciable property which:

(a) (i) Is eligible for the federal investment tax credit, as defined in sections 46(c) and 48 of the Internal Revenue Code subject to the limitations provided for certain regulated companies in section 46(f) of the Internal Revenue Code and is not a motor vehicle under eight thousand (8,000) pounds gross weight; or
(ii) Is qualified broadband equipment as defined in section 63-30291, Idaho Code; and
(b) Is acquired, constructed, reconstructed, erected or placed into service after December 31, 1981; and
(c) Has a situs in Idaho.

(4) (a) For qualified investments placed in service in taxable years beginning in 2003 and thereafter, the taxpayer may elect, in lieu of the credit provided by this section, a two (2) year exemption from all taxes on personal property on the qualified investment. The exemption from personal property tax shall apply to the year the election is filed as provided in this section and the immediately following year. The election provided by this paragraph is available only to a taxpayer whose Idaho taxable income in the second preceding taxable year in which the investment is placed in service is negative.

(b) The election shall be made in the form prescribed by the state tax commission and shall include a specific description and location of all qualified investments placed into service and located in the jurisdiction of the assessing authority, a designation of the specific assets for which the exemption is claimed, and such other information as the state tax commission may require. The election must be made by including the election form with the listing of personal property required by section 63-302, Idaho Code, or, in the case of operating property assessed under chapter 4, title 63, Idaho Code, with the operator's statement required by section 63-404, Idaho Code, for the calendar year immediately following the taxable year in which the property was placed in service. Once made the election is irrevocable. If no election is made, the election is not otherwise available. A copy of the election form must also be attached to the original income tax return due for the taxable year in which the claim was made.

(c) The state tax commission and the various county assessors are authorized to exchange information as necessary to properly coordinate the exemption provided in this subsection.

(d) In the event that an investment in regard to which the election under this section was made is determined by the state tax commission to not be a qualified investment or ceases to qualify during the recapture period, the taxpayer shall be subject to a penalty equal to the amount of the claimed investment times the average urban property tax levy of the state as determined by the state tax commission times two (2).

(5) Notwithstanding the provisions of subsections (1) and (2) of this section, the amount of the credit allowed shall not exceed fifty percent (50%) of the tax liability of the taxpayer. The tax liability of the taxpayer shall be the tax after deducting the credit allowed by section 63-3029, Idaho Code.

(56) If the sum of credit carryovers from the credit allowed by subsection (2) of this section and the amount of credit for the taxable year from the credit allowed by subsection (2) of this section exceed the limitation imposed by subsection (45) of this section for the current taxable year, the excess attributable to the current taxable year's credit shall be an investment credit carryover to the fourteen (14) succeeding taxable years. In the case of a group of corporations filing a combined report under section 63-3027, Idaho Code, or sections 63-3027B through 63-3027E, Idaho Code, credit earned by one (1) member of the group but not used by that member may be used by another member of the group, subject to the provisions of subsection (45) of this section, instead of carried over. The entire amount of unused credit shall be
carried forward to the earliest of the succeeding years, wherein the oldest available unused credit shall be used first, so long as the qualified investment property for which the unused credit was granted still maintains Idaho situs. For a combined group of corporations, credit carried forward may be claimed by any member of the group unless the member who earned the credit is no longer included in the combined group.

(67) Any recapture of the credit allowed by subsection (2) of this section on property disposed of or ceasing to qualify, prior to the close of the recapture period, shall be determined according to the applicable recapture provisions of the Internal Revenue Code. In the case of a unitary group of corporations, the increase in tax due to the recapture of investment tax credit must be reported by the member of the group who earned the credit regardless of which member claimed the credit against tax.

(68) For the purpose of determining whether property placed in service is a "qualified investment" as defined in subsection (3) of this section, the provisions of section 48 of the Internal Revenue Code shall be disregarded.

(89) For purposes of this section, property has a situs in Idaho during a taxable year if it is used in Idaho at any time during the taxable year. Property not used in Idaho during a taxable year does not have a situs in Idaho in the taxable year during which the property is not used in Idaho or in any subsequent taxable year. No credit or carryover of credit is permitted under this section if the credit or carryover relates to property that does not have a situs in Idaho during the taxable year for which the credit or carryover is claimed. The Idaho situs of property must be established by records maintained by the taxpayer which are created reasonably contemporaneously with the use of the property.

(910) In the case of property used both in and outside Idaho, the taxpayer, electing to claim the credit provided in this section, must elect to compute the qualified investment in property with a situs in Idaho for all such investments first qualifying during that year in one of the following ways:

(a) The amount of each qualified investment in a specific asset shall be separately computed based on the percentage of the actual use of the property in Idaho by using a measure of the use, such as total miles or total machine hours, that most accurately reflects the beneficial use during the taxable year in which it is first acquired, constructed, reconstructed, erected or placed into service; provided, that the asset is placed in service more than ninety (90) days before the end of the taxable year. In the case of assets acquired, constructed, reconstructed, erected or placed into service within ninety (90) days prior to the end of the taxable year in which the investment first qualifies, the measure of the use of that asset within Idaho for that year shall be based upon the percentage of use in Idaho during the first ninety (90) days of use of the asset;

(b) The investment in qualified property used both inside and outside Idaho during the taxable year in which it is first acquired, constructed, reconstructed, erected or placed into service shall be multiplied by the percent of the investment that would be included in the numerator of the Idaho property factor determined pursuant to section 63-3027, Idaho Code, for the same year.
(101) Only for the purposes of subsections (3)(a) and (78) of this section, references to sections of the "Internal Revenue Code" mean the sections referred to as they existed in the Internal Revenue Code of 1986 prior to November 5, 1990.

SECTION 2. SEVERABILITY. The provisions of this act are hereby declared to be severable and if any provision of this act or the application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of the remaining portions of this act.

SECTION 3. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 2003.

moneys appropriated by Section 1, Chapter 339, Laws of 2002, to be used for nonrecurring expenditures only for the period July 1, 2003, through June 30, 2004.

SECTION 4. The Idaho School for the Deaf and the Blind may deposit any funds appropriated by Section 1, Chapter 339, Laws of 2002, in a contingency reserve fund created pursuant to Section 33-3409, Idaho Code.

SECTION 5. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after July 1, 2003.

SECTION 2. In accordance with Section 67-3519, Idaho Code, the Department of Correction is authorized no more than one thousand four hundred seventeen and three-tenths (1,417.3) full-time equivalent positions at any point during the period July 1, 2003, through June 30, 2004, for the programs specified in Section 1 of this act, unless specifically authorized by the Governor. The Joint Finance-Appropriations Committee will be notified promptly of any increased positions so authorized.

SECTION 3. The Department of Correction is hereby authorized to use necessary federal funds to negotiate and purchase the St. Anthony Work Camp from the city of St. Anthony. The source of the federal funds is the Violent Offender Incarceration/Truth in Sentencing Grant. The Division of Financial Management authorized the transfer of state matching General Funds to the Department of Administration in fiscal year 2002.

SECTION 4. The Department of Correction is hereby authorized to use necessary federal funds to expand the South Boise Women's Correctional Center. The source of the federal funds is the Violent Offender Incarceration/Truth in Sentencing Grant. The Division of Financial Management authorized the transfer of state matching General Funds to the Department of Administration in fiscal year 2002.

SECTION 5. It is the finding of the Legislature that there is an appropriate segment of the offender population that can be safely managed in the community with adequate supervision and appropriate treatment services not now available throughout Idaho. The Legislature also supports the previous efforts to expand transitional services and the Governor's Substance Abuse Initiative which, in recent revenue shortfalls, have been curtailed. All offenders eligible for parole who are considered for placement in the community shall meet public safety standards set by the Commission of Pardons and Parole. The population targeted for these programs shall be offenders eligible for parole who would otherwise be granted parole if not for the lack of community services, and parolees and probationers who would otherwise be violated back to prison due to the lack of community services. The Commission of Pardons and Parole shall clearly remain the approving authority for parole eligibility under these circumstances, and shall be informed of actions to maintain parole violators in the community with services.

SECTION 6. There is hereby appropriated $1,000,000 from the General Fund to the Idaho Department of Correction for the period July 1, 2003, through June 30, 2004. These funds shall be available upon a request by the Board of Correction to the Governor of the State of Idaho, in the case that the offender population grows to an extent beyond the capacity of the Board of Correction to manage with the appropriation authorized in Section 1 of this act.
SECTION 7. In addition to the appropriation made in Section 1, Chapter 175, Laws of 2002, there is hereby appropriated to the Department of Correction, the following amounts to be expended for the designated programs according to the designated expense class from the listed funds for the period July 1, 2002, through June 30, 2003:

The port commission shall, upon receiving a petition for disincorporation signed by not less than twenty-five percent (25%) of the number of qualified electors casting votes at the last election of the port commissioners held therein, submit the question of whether such port district shall disincorporate to the electors of the port district. SECTIONS 5. CATASTROPHIC HEALTH CARE COST PROGRAM. The state of
Idaho has an incident-based medically indigent health care program that
is funded entirely with county and state funds. Counties pay the first
$10,000 in medical bills incurred by a medically indigent person in any

responsible for all medical bills in excess of $10,000. It is therefore
the intent of the Idaho Legislature that the Department of Health and Welfare
work with federal officials, the Idaho Association of Counties, and other various health care interests in exploring and evaluating ways
in which the present county and state catastrophic fund could be used to
draw federal match through the state's Medicaid Program. Any proposed
legislation as a result of this effort, should originate with the Idaho
Association of Counties.

The reappropriation shall be computed by the Department of Health and Welfare from available moneys.

**SECTION 4. EXPENDITURES OF COLLECTED RECEIPTS.** Notwithstanding the provisions of Section 67-3516(2), Idaho Code, the Department of Health and Welfare is hereby authorized to expend all receipts collected as noncognizable funds for the period July 1, 2003, through June 30, 2004.

CHAPTER 361
(S.B. No. 1194)

AN ACT
RELATING TO APPROPRIATIONS; PROVIDING LEGISLATIVE INTENT; TO PROVIDE A
REDUCTION IN THE APPROPRIATIONS TO THE VARIOUS STATE AGENCIES,
INSTITUTIONS AND ENTITIES FOR FISCAL YEAR 2003; PROVIDING THAT THE
PRESIDENT PRO TEMPORE OF THE SENATE AND THE SPEAKER OF THE HOUSE OF
REPRESENTATIVES SHALL DIRECT THE STATE CONTROLLER TO REDUCE THE
FUNDS TRANSFER TO THE LEGISLATIVE FUND; PROVIDING DIRECTION TO THE
BOARD OF EXAMINERS IN THE EVENT OF A BUDGET SHORTFALL; AND DECLARING
AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. LEGISLATIVE INTENT. The January 2003 revised General
Fund revenue estimates indicate that sufficient revenues will not be
available to meet the fiscal year 2003 appropriations authorized by the
Legislature. Section 11, Article VII, of the Constitution of the State
of Idaho provides that: "No appropriation shall be made, nor any expen­
diture authorized by the legislature, whereby the expenditure of the
state during any fiscal year shall exceed the total tax then provided
for by law, and applicable to such appropriation or expenditure...".
Therefore, the Legislature finds it necessary to reduce agency appropri­
ations to balance General Fund expenditures with anticipated revenues
for the current fiscal year.

SECTION 2. Notwithstanding any other provision of law to the con­
trary, the appropriation of moneys made in the following sections of the
following chapters, Laws of 2002, is hereby reduced by the following
amounts from the General Fund for the period July 1, 2002, through June
30, 2003. Agencies and institutions shall administer these reductions by
program and by expense class so as to minimize the impacts on essential
services:

SECTION 3. On or before June 1, 2003, the President Pro Tempore of the Senate and the Speaker of the House of Representatives shall direct the State Controller to reduce by $188,300 the amount transferred from
the General Fund to the Legislative Fund pursuant to Section 67-451(2), Idaho Code, for the period July 1, 2002, through June 30, 2003.

SECTION 4. The Legislature finds that the current economic situation facing the state of Idaho may require additional reductions to state expenditure levels beyond those reductions contained in this act. The likelihood of these budgetary actions requires that certain prudent and responsible steps be followed in order to ensure a balanced budget for the current fiscal year.

If, after the First Regular Session of the Fifty-seventh Idaho Legislature has adjourned sine die, and subsequently, state revenues do not appear adequate to support state expenditures through the balance of the fiscal year, the Board of Examiners shall, as provided by Section 67-3512, Idaho Code, reduce legislative appropriations to agencies and institutions for the current fiscal year by amounts necessary to balance the budget.

If, any payments or obligations from fiscal year 2003 are carried over into fiscal year 2004 beyond the normal encumbrance process authorized by Section 67-3521, Idaho Code, then the Board of Examiners shall reduce the fiscal year 2004 appropriations for those agencies and institutions in the same amount as their fiscal year 2003 payments or obligations carried into fiscal year 2004.

Any fiscal year 2003 or fiscal year 2004 reduction in the legislative appropriation that is authorized by the Board of Examiners for public schools, pursuant to the provisions of this section, shall be exempt from the provisions of Section 33-1009 4., Idaho Code.

SECTION 5. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

CHAPTER 363
(H.B. No. 428)

AN ACT
RELATING TO A COUNTY SALES TAX; REPEALING CHAPTER 26, TITLE 63, IDAHO CODE; AMENDING TITLE 63, IDAHO CODE, BY THE ADDITION OF A NEW CHAPTER 26, TITLE 63, IDAHO CODE, TO PROVIDE LEGISLATIVE FINDINGS, TO PROVIDE AUTHORITY FOR A COUNTY SALES OR USE TAX, TO CREATE THE COUNTY PROPERTY TAX RELIEF FUND, TO PROVIDE GENERAL PROVISIONS FOR AN ORDINANCE ASSESSING THE TAX, TO PROVIDE FOR COLLECTION AND ADMINISTRATION OF LOCAL OPTION SALES OR USE TAXES BY THE STATE TAX COMMISSION AND TO PROVIDE FOR DISTRIBUTION; PROVIDING SEVERABILITY; DECLARING AN EMERGENCY AND PROVIDING A SUNSET CLAUSE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 26, Title 63, Idaho Code, be, and the same is hereby repealed.

SECTION 2. That Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 26, Title 63, Idaho Code, and to read as follows:

CHAPTER 26
COUNTY SALES TAX

63-2601. LEGISLATIVE FINDINGS. The legislature hereby finds that the increase in growth of the population of certain counties and the influx of great numbers of people traveling to those counties for sport, recreation and business have created a drain on the county infrastructure that is borne to an inequitable degree by the property owners of those counties. The legislature finds that it is both equitable and desirable to shift this tax burden in part from the property owners of the county to those visitors partaking of the services of the county. The legislature also finds that this objective must be subject to the approval and supervision of the voters of the county both through their elected officials and through direct input at the ballot box.

63-2602. AUTHORITY FOR COUNTY SALES OR USE TAX. The voters of a county are given the authority to authorize their county government to
adopt, implement and collect a sales tax or use tax upon all sales, without exception, that are subject to taxation under chapter 36, title 63, Idaho Code. The county commissioners of any such county are hereby given the freedom and authority to adopt, implement and collect a sales or use tax as provided herein if approved by the required minimum of sixty-six and two-thirds percent (66 2/3%) of county voters voting in an election conducted on the fourth Tuesday in May or on the first Tuesday after the first Monday in November. No local option sales or use tax proposal may be presented to county voters for approval or modification for a period of fifty-one (51) weeks after an election to approve or disapprove such tax. The question presented to the voters of a county shall state the rate of the local sales or use tax, the duration of the tax, which shall not exceed ten (10) years, and the purposes of the tax which shall be county property tax relief and debt retirement for expansion of detention facilities.

63-2603. COUNTY PROPERTY TAX RELIEF FUND. (1) Any county which implements a sales or use tax pursuant to this chapter shall create and establish in the office of the county treasurer a county property tax relief fund into which shall be placed a minimum of fifty percent (50%) of any revenue received from the county sales or use tax. On or before the Tuesday following the first Monday in September of each year, the county treasurer shall submit to the board of county commissioners and the state tax commission a statement showing the balance in the county property tax relief fund as of September 1 of that year.

(2) No later than October 10, the balance in the county property tax relief fund, as of September 1, shall be distributed to the county and any cities within the county entitled to receive revenues from the county sales or use tax. Moneys distributed shall be in an amount proportional to the percentage that the previous year's property tax portion of the budget subject to the limitations of section 63-802, Idaho Code, for the county and each city bears to the previous year's total property tax portion of the budget subject to the limitations of section 63-802, Idaho Code, for the county and all cities in the county.

(3) The dollar amount subject to the limitations of section 63-802, Idaho Code, shall be the sum of the dollar amount of the portion of property taxes certified to the board of county commissioners under section 63-804, Idaho Code, and subject to the limitations of section 63-802, Idaho Code, as if no county property tax relief fund moneys were to be distributed, and the dollar amount to be received from the property tax relief fund. The division of the resulting sum by the value subject to taxation is a quotient that shall not exceed the levy limits prescribed by Idaho Code. If these limitations are exceeded, the board of county commissioners shall reduce any applicable budget request to comply with this section. The levy set to fund this portion of the budget shall be calculated based on the budget subject to the limitations of section 63-802, Idaho Code, less the money to be received from the county property tax relief fund.

63-2604. GENERAL PROVISIONS. Any ordinance assessing a tax pursuant to this chapter shall contain a finding by the board of county commissioners based upon evidence presented to it that the conditions set forth in section 63-2601, Idaho Code, exist and shall provide the methods for reporting and collecting taxes due. Taxes collected pursuant to
any such ordinance shall be remitted to the county official designated in such ordinance or other such official contracting, pursuant to this chapter, with the county to provide collection services, and shall constitute revenue of the county available for county property tax relief and debt retirement for expansion of detention facilities. In any election, the ordinance submitted to county voters shall: (1) state and define the sales or use tax to be approved; (2) state the exact rate of the tax to be assessed, which in no event shall exceed five-tenths of one percent (0.5%) of the sales price of an item subject to taxation; (3) state that the revenues derived from the sales or use tax shall be used for county property tax relief and debt retirement for expansion of detention facilities; (4) state the duration of the tax which shall not be in excess of ten (10) years or the date the obligation has been met for the project for which the sales and use tax was passed pursuant to this chapter, whichever occurs first. The county clerk of any county adopting an ordinance, or any amendment thereto, shall forward a copy of the ordinance or amendment to the state controller, the chairman of the state tax commission and the chairman of the state board of tax appeals.

63-2605. COLLECTION AND ADMINISTRATION OF LOCAL OPTION SALES OR USE TAXES BY THE STATE TAX COMMISSION -- DISTRIBUTION. (1) Any county which has levied a tax pursuant to section 63-2602, Idaho Code, may contract with the state tax commission for the collection and administration of such taxes in like manner and under definitions and rules of the state tax commission for the collection and administration of the state sales or use tax under chapter 36, title 63, Idaho Code. A county which levies such tax shall have the right to review and audit the records of collection thereof maintained by the commission and the returns of taxpayers relating to such tax. Alternatively, such county shall have authority to administer and collect such tax.

(2) All revenues collected by the state tax commission pursuant to section 63-2602, Idaho Code, shall be distributed as follows:

(a) An amount of money shall be distributed to the state refund fund sufficient to pay current refund claims. All refunds authorized by the commission to be paid shall be paid through the state refund fund and those moneys are continuously appropriated.

(b) An amount of money equal to such fee as may be agreed upon between the state tax commission and such county for the actual cost of the collection and administration of the tax. The amount retained by the commission shall not exceed the amount authorized to be expended by appropriation by the legislature. Any unencumbered balance in excess of the actual cost at the end of each fiscal year shall be distributed as provided in subsection (2)(c) of this section.

(c) All remaining moneys received pursuant to this chapter shall be placed in a fund designated by the state controller and remitted monthly to the county levying such sales or use tax.

SECTION 3. SEVERABILITY. The provisions of this act are hereby declared to be severable and if any provision of this act or the application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of the remaining portions of this act.
SECTION 4. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and shall be null, void and of no force and effect on and after December 31, 2009.

CHAPTER 364
(H.B. No. 454)

RELATING TO TAXATION; AMENDING SECTION 63-317, IDAHO CODE, TO INCLUDE OCCUPANCY OF IMPROVEMENTS OR USE IN STORAGE OF VEHICLES, BOATS OR HOUSEHOLD GOODS, PROVIDED SUCH USE IS NOT SOLELY RELATED TO CONSTRUCTION OR SALE OF THE PROPERTY IN THE DEFINITION OF "OCCUPIED" FOR OCCUPANCY TAX PURPOSES; DECLARING AN EMERGENCY AND PROVIDING RETROACTIVE APPLICATION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-317, Idaho Code, be, and the same is hereby amended to read as follows:

63-317. OCCUPANCY TAX -- PROCEDURES. (1) All real property subject to property taxation shall be valued and taxed based upon its status as of January 1 of each tax year. Improvements, other than additions to existing improvements, constructed upon real property shall not be subject to property taxation during the year of construction other than that portion actually in place as of January 1 of each calendar year.

(2) There is hereby levied an occupancy tax upon all newly constructed and occupied residential and commercial structures, except additions to existing improvements, prorated for the portion of the year for which the structure was occupied. The occupancy tax shall be upon those improvements for that portion of the calendar year in which first occupancy occurs. For the purposes of this section, the term "occupied" means:

(a) Use of the property by any person as a residence including occupancy of improvements or use in storage of vehicles, boats or household goods, provided such use is not solely related to construction or sale of the property; or
(b) Use of the property for any business or commercial purpose unrelated to the construction and sale of the property; or
(c) Any possessory use of the property for which the owner received any compensation or consideration.

(3) The owner of any newly constructed improvement, as described in this section, upon which no occupancy tax has been charged shall report to the county assessor that the improvement has been occupied. As soon as practical after receiving such a report, the county assessor shall appraise and determine the market value for assessment purposes.

(a) At the time the county assessor determines the market value for assessment purposes of any improvement, he shall allow as an offset against the market value of the improvement, the market value of any
portion of that improvement which was existing on January 1 and placed upon the property roll.

(b) Upon completion of the appraisal, the county assessor shall notify the owner of the appraisal, and further shall notify the owner of their right to apply for the exemption provided in sections 63-602G and 63-602X, Idaho Code. If the owner applies for and meets the requirements for such exemption within thirty (30) days of the notification by the county assessor, the exemption shall be extended to the newly constructed and occupied residential structures in compliance with section 63-602G, Idaho Code, notwithstanding limitations requiring occupancy as of January 1 of the tax year.

(c) In the event that the owner fails to report to the county assessor that the property is ready for occupancy, the assessor shall notify the county board of equalization, who may impose as penalty an additional amount equal to five percent (5%) of the tax for each month following the date of first occupancy during which the report is not made, to a maximum of twenty-five percent (25%) of the tax.

(4) Appeals of the market value for assessment purposes shall be resolved in the same manner as all other appeals of valuation by the board of equalization.

(5) The occupancy tax calculated upon the values set by the county assessor, and any penalty imposed by the board of equalization shall be collected in the same manner as all other property taxes.

(6) An occupancy tax lien shall be imposed in the manner provided in section 63-206, Idaho Code.

(7) Occupancy taxes shall be billed, collected and distributed in the same manner as all other property taxes.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 36, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-3622PP, Idaho Code, and to read as follows:

63-3622PP. IDAHO COMMEMORATIVE SILVER MEDALLIONS. There is hereby exempted from the taxes imposed by this chapter the sale or purchase of Idaho commemorative silver medallions through the office of the treasurer of the state of Idaho or through agents designated by the state treasurer pursuant to the issuance of Idaho commemorative silver medallions authorized in section 67-1223, Idaho Code.
SECTION 2. That Chapter 12, Title 67, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 67-1223, Idaho Code, and to read as follows:

67-1223. IDAHO COMMEMORATIVE SILVER MEDALLIONS ISSUED BY THE STATE TREASURER. (1) The state treasurer is hereby authorized to issue a series of commemorative silver medallions for sale to the public. Each series shall commemorate Idaho history, people or resources and may bear the great seal of the state of Idaho. Medallions shall contain one (1) ounce of fine silver, shall be alloyed to at least ninety percent (90%) fineness, and shall not constitute legal tender. No sales or use tax shall be imposed on the sale or purchase of medallions from the state treasurer or any agent designated by the state treasurer. Only mints which have contracted with the state treasurer may produce Idaho commemorative silver medallions. Any other production of such medallions is a misdemeanor.

(2) The state treasurer shall make such arrangements as the state treasurer considers appropriate for the production, distribution and sale of medallions, and shall ensure that all moneys received from the sale of medallions are paid into the state treasury and credited to the state veterans cemetery maintenance fund created in section 65-107, Idaho Code. Provided however, the state treasurer is hereby authorized to retain such amounts from the sale of medallions as necessary to repay costs incurred by the state treasurer in shipping and handling medallions. Provided further, if the initial cost to mint a series of medallions is provided by moneys from another state fund, then such other fund shall first be reimbursed for such costs before the remaining revenues are credited to the state veterans cemetery maintenance fund. The revenues shall be used for the purposes designated in section 65-107, Idaho Code.

(3) The state treasurer, in collaboration with a committee of legislators comprised of representatives appointed by the speaker of the house of representatives and senators appointed by the president pro tempore of the senate, shall determine the number of medallions to be issued in a series, shall determine the number of series to be issued, and shall approve the design of medallions for each series.

The design of each series of Idaho commemorative silver medallions is the property of the state of Idaho, and the state of Idaho and the taxpayers shall be deemed to have a trademark on each design. It is the duty of the state treasurer to protect each and every trademark.

(a) If a person reproduces a trademark medallion design and distributes any product using any such design for the purpose of direct or indirect commercial advantage, the person shall owe to the state treasurer, as the agent of the state of Idaho, a royalty fee in addition to the revenues derived from the sale of products using a medallion design. Any person who reproduces a trademark design and distributes any product with a medallion design in violation of the provisions of this subsection (4), shall be deemed to be an infringer of the state of Idaho's trademark. The state treasurer,
through the office of the attorney general, is entitled to institute an action for any infringement of that particular right committed while the state treasurer or his designated agent has custody of the trademark.
(b) A court having jurisdiction of a civil action arising under this subsection (4) may grant such relief as it deems appropriate. At any time while an action under this subsection (4) is pending, the court may order the impounding, on such terms as it deems reasonable, of all products in inventory of the infringer which are in violation of law.
(c) An infringer on the state of Idaho's trademark pursuant to this subsection (4) is liable for any profits the infringer has incurred reproducing a trademark design and distributing products using the design for commercial purposes or is liable for statutory damages as provided in paragraph (d) of this subsection (4).
(d) The state treasurer, as agent of the trademark owner, may elect, at any time before final judgment is rendered, to recover, instead of actual damages and profits, an award of statutory damages for all infringements involved in the action, with respect to a trademark medallion design for which any one (1) infringer is liable individually, or for which any two (2) or more infringers are liable jointly and severally, in a sum of not less than two hundred fifty dollars ($250) or more than ten thousand dollars ($10,000), as the court considers just.

In applying these tables to any given separate attendance unit, no school district shall receive less total money than it would receive if it had a lesser average daily attendance in such separate attendance unit. In applying the kindergarten table to a kindergarten program of less days than a full school year, the support unit allowance shall be in ratio to the number of days of a full school year. The tables for exceptional education and alternative school secondary support units shall be applicable only for programs approved by the state department of education following rules established by the state board of education. Moneys generated from computation of support units for alternative schools shall be utilized for alternative school programs. School district administrative and facility costs may be included as part of the alternative school expenditures.

7. **State Distribution Factor per Support Unit.** Divide educational support program distribution funds, after subtracting the amounts necessary to pay the obligations specified in subsection 2. of this section, by the total state support units to secure the state distribution factor per support unit.

8. **District Share of State Funds for Educational Support Program.** Ascertain a district's share of state funds for the educational support program as follows:
   a. **District Contribution Calculation.** Without including any allowance as a credit for prepaid taxes, as provided in section 63-1607, Idaho Code, the district contribution calculation shall be the rate determined under subsection 3. of this section.
   b. **District Support Units.** The number of support units for each school district in the state shall be determined as follows:
      (1) Divide the actual average daily attendance, excluding students approved for inclusion in the exceptional child educational program, for the administrative schools and each of the separate schools and attendance units by the appropriate divisor from the tables of support units in this section, then add the quotients to obtain the district's support units allowance for regular students, kindergarten through grade 12 including alternative school secondary students. Calculations in application of this subsection shall be carried out to the nearest tenth.
      (2) Divide the combined totals of the average daily attendance of all preschool, handicapped, kindergarten, elementary, secondary and juvenile detention center students approved for inclusion in the exceptional child program of the district by
the appropriate divisor from the table for computation of exceptional education support units to obtain the number of support units allowed for the district's approved exceptional child program. Calculations for this subsection shall be carried out to the nearest tenth when more than one (1) unit is allowed.

(3) The total number of support units of the district shall be the sum of the total support units for regular students, subsection 8.b.(1) of this section, and the support units allowance for the approved exceptional child program, subsection 8.b.(2) of this section.

c. Total District Allowance Educational Program. Multiply the district's total number of support units, carried out to the nearest tenth, by the state distribution factor per support unit and to this product add the approved amount of programs of the district provided in subsection 2. of this section to secure the district's total allowance for the educational support program.

d. District Share. To secure the district's share of state apportionment, subtract the amount of the local district contribution calculation, subsection 3. of this section, from the amount of the total district allowance, subsection 8.c. of this section.

e. Adjustment of District Share. The contract salary of every non-certificated teacher shall be subtracted from the district's share as calculated from the provisions of subsection 8.d. of this section.

SECTION 10. That Section 33-1002D, Idaho Code, be, and the same is hereby amended to read as follows:

33-1002D. PROPERTY TAX REPLACEMENT. The purpose of this section is to replace a portion of the authorized school maintenance and operation property tax levy with state sales tax receipts. As used in this section, the term "property tax computation ratio" shall mean a ratio determined by dividing the district's certified property tax maintenance and operation budget by the actual or adjusted market value for assessment purposes as such values existed on December 31 of the previous calendar year.

(1) (a) In the case of a school district that had a property tax computation ratio of not less than four-tenths of one percent (.4%) in tax year 1994, that school district shall receive from the appropriations made for that purpose, an amount equal to the greater of the district's actual or adjusted market value for assessment purposes as such valuation existed on December 31 of the previous calendar year multiplied by one-tenth of one percent (.1%).

(b) In the case of a school district that had a property tax computation ratio of less than four-tenths of one percent (.4%) in tax year 1994, the greater of the 1992, 1993 or 1994 property tax computation ratio less three-tenths of one percent (.3%) shall be designated the district's base multiplier. In no case shall the base multiplier be less than zero (0). Four-tenths of one percent (.4%) less the greater of the district's 1992, 1993 or 1994 property tax computation ratio shall be designated the district's adjustment factor. In no case shall the adjustment factor be greater than one-tenth of one percent (.1%) or less than zero (0). Each school
district's actual multiplier shall be the base multiplier plus one-fifth (1/5) of the adjustment factor in tax year 1995, the base multiplier plus two-fifths (2/5) of the adjustment factor in tax year 1996, the base multiplier plus three-fifths (3/5) of the adjustment factor in tax year 1997, the base multiplier plus four-fifths (4/5) of the adjustment factor in tax year 1998, and the base multiplier plus the adjustment factor in tax year 1999 and beyond. Each school district shall receive, from the appropriations made for that purpose, an amount equal to the district's actual or adjusted market value for assessment purposes as such valuation existed on December 31 of the previous calendar year multiplied by the district's actual multiplier.

(c) The preceding provisions of this subsection notwithstanding, appropriations from the state for the value of one-tenth of one percent (.1%) of the greater of the district's actual or adjusted market value for assessment purposes as such valuation existed on December 31 of the previous calendar year shall not exceed seventy-five million dollars ($75,000,000) in any fiscal year. If the amount school districts would otherwise be entitled to receive pursuant to the preceding provisions of this subsection exceeds seventy-five million dollars ($75,000,000), then each school district shall receive its pro rata share of seventy-five million dollars ($75,000,000).

(2) (a) Participation in this property tax reduction program is voluntary for a charter district. If a charter district participates, in addition to the provisions of subsection (1) of this section it shall not have a property tax computation ratio that is above three-tenths of one percent (.3%) or the district's property tax computation ratio in tax year 1994, less one-tenth of one percent (.1%), whichever is greater.

(b) If in any year the charter district's property tax computation ratio used to calculate its maintenance and operation budget is increased above the limit specified in this subsection the district shall not be eligible for the distribution pursuant to subsection (1) of this section for that year.

(3) Limitations imposed upon a school district's property tax computation ratio under the provisions of this section do not apply to any levy approved by electors of the school district as provided by law.

(4) Distributions calculated as provided in this section shall be made to school districts of this state in two (2) equal installments on the due dates as specified in section 63-903(1), Idaho Code, for the property taxes being replaced.

(5) For purposes of section 33-1002, Idaho Code, moneys distributed pursuant to this section shall not be included in determining total state funds.

SECTION 11. That Section 33-1006, Idaho Code, be, and the same is hereby amended to read as follows:

33-1006. TRANSPORTATION SUPPORT PROGRAM. (1) The state board of education shall determine what costs of transporting pupils, including maintenance, operation and depreciation of basic vehicles, insurance, payments under contract with other public transportation providers whose vehicles used to transport pupils comply with federal transit adminis-
tration regulations, "bus testing," 49 C.F.R. part 665, and any revision thereto, as provided in subsection (4)(d) of this section, or other state department of education approved private transportation providers, salaries of drivers, and any other costs, shall be allowable in computing the transportation support program of school districts.

(2) Any costs associated with the addition of vehicle features that are not part of the basic vehicle shall not be allowable in computing the transportation support program of school districts. A basic vehicle is hereby defined as the cost of the vehicle without optional features, plus the addition of essential safety features and features necessary for the transportation of pupils with disabilities.

(3) Each school district shall maintain records and make reports as are required for the purposes of this section.

(4) The transportation support program of a school district shall be based upon the allowable costs of:

1. (a) Transporting public school pupils one and one-half (1 1/2) miles or more to school;
2. (b) Transporting pupils less than one and one-half (1 1/2) miles as provided in section 33-1501, Idaho Code, when approved by the state board of education;
3. (c) The costs of payments when transportation is not furnished, as provided in section 33-1503, Idaho Code;
4. (d) The transportation program for grades six (6) through twelve (12), upon the costs of payments pursuant to a contract with other public or private transportation providers entered into as provided in section 33-1510, Idaho Code, if the school district establishes that the reimbursable costs of transportation under the contract are equal to or less than the costs for school buses;
5. (e) The costs of providing transportation to and from approved school activities as may be approved by rules of the state board of education;
6. (f) The employer's share of contributions to the public employee retirement system and to social security.

(5) The state's share of the transportation support program shall be eighty-five percent (85%) of allowable transportation costs of the district for incurred during the next immediately preceding state fiscal year, provided the allowable costs do not exceed one hundred three percent (103%) of the state average reimbursable cost per mile or the state average reimbursable cost per student, whichever is more advantageous to the school district. If a school district's costs exceed the one hundred three percent (103%) limit when computed by the more advantageous of the two (2) methods, that school district shall be reimbursed at eighty-five percent (85%) of the maximum limit for whichever method is more favorable to the school district. A school district may appeal the application of the one hundred three percent (103%) limit on allowable costs to the state board of education, which may establish for that district a new percentile limit for allowable costs compared to the state average, which is higher than one hundred three percent (103%). In doing so, the state board of education may set a new limit that is greater than one hundred three percent (103%), but is less than the percentile limit requested by the school district. Any costs above the new level established by the state board of education shall not be reimbursed. Such a change shall only be granted by the state board of education if the application can be justified based on uniquely difficult geographic cir-
cumstances, or extraordinary one (1) time circumstances outside the district's foresight and control. An application granted based on extraordinary one (1) time circumstances shall be effective for one (1) year only. An application based on uniquely difficult geographic circumstances shall be reviewed by the state board of education for continued validity at least every five (5) years.

(6) School districts that are unable to absorb the impact of the limitation on reimbursable expenses, through either efficiencies or the utilization of fund balances, may apply to the state board of education to receive a loan of moneys, not to exceed the amount of state funds lost through the application of the limitation on reimbursable expenses, from the public education stabilization fund. Any school district receiving such a loan shall cause its reimbursement of state transportation moneys to be reduced by a like amount in the subsequent fiscal year, and the moneys so reduced shall be deposited in the public education stabilization fund.

SECTION 12. That Section 33-1009, Idaho Code, be, and the same is hereby amended to read as follows:

33-1009. PAYMENTS FROM THE PUBLIC SCHOOL INCOME FUND.
1. a. Payments of the state general account appropriation for public school support shall be made each year by the state board of education to the public school districts of the state in five (5) payments. Payments to the districts shall be made not later than the fifteenth day of August, the first day of October, the fifteenth day of November, the fifteenth day of February, and the fifteenth day of May each year. Each payment by the state board of education shall be approximately twenty percent (20%) of the total general account appropriation for the fiscal year. Amounts apportioned due to a special transfer to the public school income fund to restore or reduce a deficiency in the prior year's transfer pursuant to subsection 4. of this section shall not be subject to this limitation.

b. Payments of moneys, other than the state general account appropriation, that accrue to the public school income fund shall be made by the state board of education to the school districts of the state on the fifteenth day of November, February, May and July each year. The total amount of such payments shall be determined by the state department of education and shall not exceed the amount of moneys available and on deposit in the public school income fund at the time such payment is made.

c. Amounts apportioned due to a special transfer to the public school income fund to restore or reduce a deficiency in the prior year's transfer pursuant to subsection 4. of this section shall not be subject to the limitation imposed by paragraphs a. and b.

2. Payments made to the school districts in August, October and November are advance payments for the current year and will be based upon payments from the public school income fund for the preceding school year. Each school district shall receive its proportionate share of the advance payments in the same ratio that its total payment for the preceding year was to the total payments to all school districts for the preceding year.

3. No later than the fifteenth day of February in each year, the
state department of education shall compute the state distribution factor based on the total average daily attendance through the first Friday in November. The factor will be used in payments of state funds in February and May. Attendance shall be reported in a format and at a time specified by the state department of education.

As of the thirtieth day of June of each year the state department of education shall determine final payments to be made on July fifteenth succeeding to the several school districts from the public school income fund for the school year ended June 30. The July payments shall take into consideration:

a. the average daily attendance of the several school districts for the twenty-eight (28) best weeks of the school year completed not later than the thirtieth of June,
b. all funds available in the public school income fund for the fiscal year ending on the thirtieth of June,
c. all payments distributed for the current fiscal year to the several school districts,
d. the adjustment based on the actual amount of discretionary funds per support unit required by the provisions of section 33-1018, Idaho Code,
e. payments made or due for the transportation support program and the exceptional education support program. The state department of education shall apportion and direct the payment to the several school districts the moneys in the public school income fund in each year, taking into account the advance made under subsection 2. of this section, in such amounts as will provide in full for each district its support program, and not more than therefor required, and no school district shall receive less than fifty dollars ($50.00).

4. If the full amount appropriated to the public school income fund from the general account by the legislature is not transferred to the public school income fund by the end of the fiscal year, the deficiency resulting therefrom shall either be restored or reduced through a special transfer from the general account in the first sixty (60) days of the following fiscal year, or shall be calculated in computing district levies, and any additional levy shall be certified by the state superintendent of public instruction to the board of county commissioners and added to the district's maintenance and operation levy. If the deficiency is restored or reduced by special transfer, the amount so transferred shall be in addition to the amount appropriated to be transferred in such following fiscal year, and shall be apportioned to each school district in the same amount as each would have received had the transfer been made in the year the deficiency occurred. The state department of education shall distribute to the school district the full amount of the special transfer as soon as practical after such transfer is made. In making the levy computations required by this subsection the state department of education shall take into account and consider the full amount of money receipted into the public school income fund from all sources for the given fiscal year. Deficits in the transfer of the appropriated amount of general account revenue to the public school income fund shall be reduced by the amount, if any, that the total amount receipted from other sources into the public school income fund exceeds the official estimated amount from those sources. The official estimate of receipts from other sources shall be the total amount stated by the legislature in the appropriation bill. The provisions of this
subsection shall not apply to any transfers to or from the public education stabilization fund.

5. Any apportionments in any year, made to any school district, which may within the succeeding three (3) year period be found to have been in error either of computation or transmittal, may be corrected during the three (3) year period by reduction of apportionments to any school district to which over-apportionments may have been made or received, and corresponding additions to apportionments to any school district to which under-apportionments may have been made or received.

SECTION 13. That Chapter 10, Title 33, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 33-1018, Idaho Code, and to read as follows:

33-1018. PUBLIC SCHOOL DISCRETIONARY FUNDING VARIABILITY. The legislature shall annually state in the appropriation for the educational support program/division of operations the estimate of the total discretionary funding provided per support unit. The department of education shall, before the end of each fiscal year, calculate the actual discretionary funding available per support unit.

(1) If the total estimated discretionary funding per support unit stated in the appropriation for the educational support program/division of operations is lower than the actual discretionary funding available per support unit, then the state controller shall multiply the difference by the number of actual support units, and transfer the result from the public school income fund to the public education stabilization fund and the final distributions to school districts from the department of education shall be reduced by a like amount.

(2) If the total estimated discretionary funding per support unit stated in the appropriation for the educational support program/division of operations is greater than the actual discretionary funding available per support unit, then the state controller shall multiply the difference by the number of actual support units, and transfer the result from the public education stabilization fund to the public school income fund. This transfer shall be limited to moneys available in the public education stabilization fund. Moneys transferred from the public education stabilization fund to the public school income fund under the provisions of this section are hereby continuously appropriated for the educational support program/division of operations.

SECTION 14. That Chapter 10, Title 33, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 33-1018A, Idaho Code, and to read as follows:

33-1018A. OTHER USES OF PUBLIC EDUCATION STABILIZATION FUND. (1) If, in any fiscal year, general fund revenues are inadequate to sustain general fund appropriations made for that year by the legislature, then the board of examiners may transfer moneys from the public education stabilization fund to the general fund. The maximum amount that may be transferred by the board in any fiscal year shall be determined by dividing the total of all general fund appropriations for the educational support program by the total of all general fund appropriations, and multiplying the result by the amount of the shortfall in general fund revenues.
(2) The governor may recommend, and the legislature may authorize, the appropriation of moneys from the public education stabilization fund to offset declining distributions from the public school earnings reserve fund to the public school income fund.

SECTION 15. It was and remains the intent of the Legislature that the provisions of Chapter 254, Laws of 2001, be applied to the allocation of investment gains and losses between Earnings Reserve Funds and Permanent Endowment Funds during the period July 1, 2000, through June 30, 2001. Any reallocations made necessary by the application of these provisions shall be completed by no later than July 1, 2003.

SECTION 16. Pursuant to the provisions of Section 33-1018, Idaho Code, it is estimated that the appropriation of state funds to the Educational Support Program/Division of Operations will result in total discretionary funds of $24,447 per support unit.

SECTION 17. The State Controller shall transfer $9,785,000 from the Public School Income Fund to the Public Education Stabilization Fund.

SECTION 18. The provisions of Section 33-1006, Idaho Code, notwithstanding, for the period July 1, 2003, through June 30, 2004, only, the limitation on allowable school district transportation costs as compared to the statewide average cost per mile, or the statewide average cost per student, whichever is more beneficial to the school district, shall be one hundred ten percent (110%), rather than the one hundred three percent (103%) stated in Section 33-1006, Idaho Code. The provisions of Section 33-1006, Idaho Code, notwithstanding, for the period July 1, 2004, through June 30, 2005, only, the limitation on allowable school district transportation costs as compared to the statewide average cost per mile, or the statewide average cost per student, whichever is more beneficial to the school district, shall be one hundred five percent (105%), rather than the one hundred three percent (103%) stated in Section 33-1006, Idaho Code.

SECTION 19. An emergency existing therefor, which emergency is hereby declared to exist, Section 15 of this act shall be in full force and effect on and after passage and approval; the remaining provisions of this act shall be in full force and effect on and after July 1, 2003.

Approved May 9, 2003.

(H.B. No. 467)

AN ACT
RELATING TO PROVISIONS GOVERNING DISTRIBUTION AND APPROPRIATION FOR THE PUBLIC SCHOOLS DIVISION OF OPERATIONS; AMENDING SECTION 33-1002D, IDAHO CODE, AS AMENDED BY SECTION 10, HOUSE BILL NO. 463, AS ENACTED BY THE FIRST REGULAR SESSION OF THE FIFTY-SEVENTH IDAHO LEGISLATURE, TO CLARIFY THE FORMULA FOR CERTAIN PROPERTY TAX REPLACEMENT DOLLARS; AMENDING SECTION 17, HOUSE BILL NO. 463, AS ENACTED BY THE
FIRST REGULAR SESSION OF THE FIFTY-SEVENTH IDAHO LEGISLATURE, TO REVISE THE AMOUNT OF THE TRANSFER FROM THE PUBLIC SCHOOL INCOME FUND TO THE PUBLIC EDUCATION STABILIZATION FUND; AMENDING SECTION 18, HOUSE BILL NO. 463, AS ENACTED BY THE FIRST REGULAR SESSION OF THE FIFTY-SEVENTH IDAHO LEGISLATURE, TO REVISE DATES; AMENDING SECTION 19, HOUSE BILL NO. 463, AS ENACTED BY THE FIRST REGULAR SESSION OF THE FIFTY-SEVENTH IDAHO LEGISLATURE, TO REVISE CERTAIN EFFECTIVE DATES; DECLARING AN EMERGENCY AND PROVIDING AN EFFECTIVE DATE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-1002D, Idaho Code, as amended by Section 10, House Bill No. 463, as enacted by the First Regular Session of the Fifty-seventh Idaho Legislature, be, and the same is hereby amended to read as follows:

33-1002D. PROPERTY TAX REPLACEMENT. The purpose of this section is to replace a portion of the authorized school maintenance and operation property tax levy with state sales tax receipts. As used in this section, the term "property tax computation ratio" shall mean a ratio determined by dividing the district's certified property tax maintenance and operation budget by the actual or adjusted market value for assessment purposes as such values existed on December 31 of the previous calendar year.

(1) (a) In the case of a school district that had a property tax computation ratio of not less than four-tenths of one percent (.4%) in tax year 1994, that school district shall receive from the appropriations made for that purpose, an amount equal to the greater of the district's actual or adjusted market value for assessment purposes as such valuation existed on December 31 of the previous calendar year multiplied by one-tenth of one percent (.1%).

(b) In the case of a school district that had a property tax computation ratio of less than four-tenths of one percent (.4%) in tax year 1994, the greater of the 1992, 1993 or 1994 property tax computation ratio less three-tenths of one percent (.3%) shall be designated the district's base multiplier. In no case shall the base multiplier be less than zero (0). Four-tenths of one percent (.4%) less the greater of the district's 1992, 1993 or 1994 property tax computation ratio shall be designated the district's adjustment factor. In no case shall the adjustment factor be greater than one-tenth of one percent (.1%) or less than zero (0). Each school district's actual multiplier shall be the base multiplier plus one-fifth (1/5) of the adjustment factor in tax year 1995, the base multiplier plus two-fifths (2/5) of the adjustment factor in tax year 1996, the base multiplier plus three-fifths (3/5) of the adjustment factor in tax year 1997, the base multiplier plus four-fifths (4/5) of the adjustment factor in tax year 1998, and the base multiplier plus the adjustment factor in tax year 1999 and beyond. Each school district shall receive, from the appropriations made for that purpose, an amount equal to the district's actual or adjusted market value for assessment purposes as such valuation existed on December 31 of the previous calendar year multiplied by the district's actual multiplier.

(c) The preceding provisions of this subsection notwithstanding,
appropriations from the state for the value of one-tenth of one percent (0.1%) of the greater of the district's actual or adjusted market value for assessment purposes as such valuation existed on December 31 of the previous calendar year shall not exceed seventy-five million dollars ($75,000,000) in any fiscal year. If the amount school districts would otherwise be entitled to receive pursuant to the preceding provisions of this subsection exceeds seventy-five million dollars ($75,000,000), then each school district shall receive its pro-rata share of seventy-five million dollars ($75,000,000) based on the formulas contained in this section.

(2) (a) Participation in this property tax reduction program is voluntary for a charter district. If a charter district participates, in addition to the provisions of subsection (1) of this section it shall not have a property tax computation ratio that is above three-tenths of one percent (0.3%) or the district's property tax computation ratio in tax year 1994, less one-tenth of one percent (0.1%), whichever is greater.

(b) If in any year the charter district's property tax computation ratio used to calculate its maintenance and operation budget is increased above the limit specified in this subsection the district shall not be eligible for the distribution pursuant to subsection (1) of this section for that year.

(3) Limitations imposed upon a school district's property tax computation ratio under the provisions of this section do not apply to any levy approved by electors of the school district as provided by law.

(4) Distributions calculated as provided in this section shall be made to school districts of this state in two (2) equal installments on the due dates as specified in section 63-903(1), Idaho Code, for the property taxes being replaced.

(5) For purposes of section 33-1002, Idaho Code, moneys distributed pursuant to this section shall not be included in determining total state funds.

SECTION 2. That Section 17, House Bill No. 463, as enacted by the First Regular Session of the Fifty-seventh Idaho Legislature, be, and the same is hereby amended to read as follows:

SECTION 17. The State Controller shall transfer $9,785,000 from the Public School Income Fund to the Public Education Stabilization Fund.

SECTION 18. The provisions of Section 33-1006, Idaho Code, notwithstanding, for the period July 1, 2003, through June 30, 2004, only, the limitation on allowable school district transportation costs as compared to the statewide average cost per mile, or the statewide average cost per student, whichever is more beneficial to the school district, shall be one hundred ten percent (110%), rather than the one hundred three percent (103%) stated in Section 33-1006, Idaho Code. The provisions of Section 33-1006, Idaho Code, notwithstanding, for the period July 1, 2004, through June 30, 2005, only, the limitation on allowable
school district transportation costs as compared to the statewide average cost per mile, or the statewide average cost per student, whichever is more beneficial to the school district, shall be one hundred five percent (105%), rather than the one hundred three percent (103%) stated in Section 33-1006, Idaho Code.

SECTION 4. That Section 19, House Bill No. 463, as enacted by the First Regular Session of the Fifty-seventh Idaho Legislature, be, and the same is hereby amended to read as follows:

In determining the experience factor, the actual years of teaching or administrative service in an accredited public school or in an accredited private or parochial school shall be credited.

In determining the education factor, only credits earned after initial certification, based upon a transcript on file with the teacher certification office of the state department of education, earned at an institution of higher education accredited by the state board of education or a regional accrediting association, shall be allowed. Instructional staff whose initial certificate is an occupational specialist certificate shall be treated as BA degree prepared instructional staff. Credits earned by such occupational specialist instructional staff after initial certification shall be credited toward the education factor.

In determining the statewide average multiplier for administrative staff, no multiplier in excess of 1.86643 shall be used. If the actual statewide average multiplier for administrative staff, as determined by this section, exceeds 1.86643, then each school district's administrative staff multiplier shall be multiplied by the result of 1.86643 divided by the actual statewide average multiplier for administrative staff.

SECTION 5. That Section 33-1004, Idaho Code, be, and the same is hereby amended to read as follows:
33-1004. STAFF ALLOWANCE. For each school district, a staff allowance shall be determined as follows:

1. Using the daily attendance reports that have been submitted for computing the February 15th apportionment of state funds as provided in section 33-1009, Idaho Code, determine the total support units for the district in the manner provided in section 33-1002 C.3., Idaho Code;

2. Determine the instructional staff allowance by multiplying the support units by 1.1. A district must demonstrate that it actually employs the number of certificated instructional staff allowed. If the district does not employ the number allowed, the staff allowance shall be reduced to the actual number employed;

3. Determine the administrative staff allowance by multiplying the support units by .0757. A district must demonstrate that it actually employs the non-certificated administrative staff allowed. If the district does not employ the non-certificated administrative staff allowed, the staff allowance shall be reduced to the actual number employed except that not more than twenty percent of the administrative staff allowance may be non-certificated staff;

4. Determine the classified staff allowance by multiplying the support units by .375;

5. Additional conditions governing staff allowance:
   a. In determining the number of staff in subsections 2., 3. and 4. of this section, a district may contract separately for services to be rendered by nondistrict employees and such employees may be counted in the staff allowance. A "nondistrict employee" means a person for whom the school district does not pay the employer's obligations for employee benefits. When a district contracts for the services of a nondistrict employee, only the salary portion of the contract shall be allowable for computations.
   b. If there are circumstances preventing eligible use of staff allowance to which a district is entitled as provided in subsections 2. and 3. of this section, an appeal may be filed with the state department of education outlining the reasons and proposed alternative use of these funds, and a waiver may be granted.
   c. For any district with less than forty (40) support units:
      (1) The instructional staff allowance shall be calculated applying the actual number of support units. If the actual instructional staff employed in the school year is greater than the instructional staff allowance, then the instructional staff allowance shall be increased by one-half (1/2) staff allowance; and
      (2) The administrative staff allowance shall be calculated applying the actual number of support units. If the actual administrative staff employed in the school year is greater than the administrative staff allowance, then the administrative staff allowance shall be increased by one-half (1/2) staff allowance.
      (3) Additionally, for any district with less than twenty (20) support units, the instructional staff allowance shall be calculated applying the actual number of support units. If the number of instructional staff employed in the school year is greater than the instructional staff allowance, the staff allowance shall be increased as provided in paragraphs (1) and (2) of this subsection, and by an additional one-half (1/2)
instructional staff allowance.

d. Only instructional, administrative and classified personnel compensated by the school district from the general maintenance and operation fund of the district shall be included in the calculation of staff allowance or in any other calculations based upon staff, including determination of the experience and education multiplier, the reporting requirements, or the district's salary-based apportionment calculation. No food service staff or transportation staff shall be included in the staff allowance.

6. In the event that the staff allowance in any category is insufficient to meet accreditation standards, a district may appeal to the state board of education, demonstrating the insufficiency, and the state board may grant a waiver authorizing sufficient additional staff to be included within the staff allowance to meet accreditation standards. Such a waiver shall be limited to one (1) year, but may be renewed upon showing of continuing justification.

SECTION 6. That Section 33-1004G, Idaho Code, be, and the same is hereby amended to read as follows:

33-1004G. EARLY RETIREMENT INCENTIVE -- ADMINISTRATIVE STAFF EXCLUDED. (1) Except as provided in subsection (8) of this section, each certificated employee of an Idaho public school district as defined in section 33-1001.16, Idaho Code, is eligible for an early retirement incentive, provided they meet the following criteria:

(a) The employee has completed a minimum of ten (10) years of continuous full-time certified employment, which may include time spent on a sabbatical leave, in Idaho public school districts at the time of application.

(b) The employee is not eligible for unreduced service, early or disability retirement from the public employee retirement system of Idaho at the time of application.

(c) The employee is fifty-five (55) years old before September 1 of the year the application is made; provided that persons turning fifty-six (56) years old or greater between August 15 and 31, 2000, will be eligible to receive the retirement incentive option percentage provided in this section that reflects their age on August 15, 2000.

(d) The employee submits his/her application to the state superintendent of public instruction on or before April 1 of the year of application.

(e) The employee is contracted with an Idaho public school district for the entire school year during the year of application and has not been terminated or on a leave of absence for the current or upcoming school year.

(2) (a) Full-time qualifying applicants shall receive as a one (1) time incentive the following amount of the employee's qualifying salary allocation as provided in section 33-1004E, Idaho Code:

(b) Certified employees working less than full-time in the application year will have the incentive payment prorated according to their full-time equivalent (FTE) percentage.

(c) Incentive payments for certified employees not placed on the experience and education multiplier table as provided in section 33-1004A, Idaho Code, will be calculated using the BA column of the table.

(3) Incentives and the employer's share of FICA benefits shall be paid by the state department of education to the Idaho public school district with which the applicant was last contracted on or before July 31 of the year of application and acceptance.

(4) Incentives shall be considered additional compensation flowing from the employment relationship and subject to federal and state tax laws. Incentives shall not be considered salary for purposes of the public employee retirement system.

(5) Any employee receiving an early retirement incentive as provided in this section shall not be eligible for future employment with an Idaho school district where such employment would again qualify him/her for participation in the state retirement system.

(6) Any applicant choosing to withdraw their application must notify the state superintendent of public instruction in writing no later than June 20 in the year of application.

(7) A special application of the early retirement incentive shall supersede the limitations of this section to the extent necessary to comply with this subsection. An otherwise qualified certificated employee who becomes medically unable to work prior to July 1 of any year shall be eligible to apply for the early retirement incentive for which the employee would have been eligible retroactive to April 1.

(8) Administrative staff shall not be allowed to participate in the early retirement incentive program as provided in this section and such staff are hereby excluded from participation in the program.

SECTION 7. Of the moneys appropriated in Section 3 of this act, $138,300 in General Fund moneys and $415,000 in federal grant funds shall be for the third and final phase of the implementation of achievement standards established under the provisions of the rules of the State Board of Education, IDAPA 08.02.03. These funds shall be distributed according to formulas and criteria established by the Superintendent of Public Instruction. It is legislative intent that the State Department of Education and State Board of Education seek any waivers that may be necessary to utilize the $415,000 in federal grant funds.

SECTION 8. An emergency existing therefor, which emergency is hereby declared to exist, Sections 1, 2, 3, 4, 5 and 7 of this act shall be in full force and effect on and after July 1, 2003. Section 6 of this act shall be in full force and effect on and after September 1, 2003.

Be It Enacted by the Legislature of the State of Idaho:

CHAPTER 380
(H.B. No. 462)

AN ACT
EXPRESSING LEGISLATIVE INTENT REGARDING EMPLOYEE BENEFITS; PROVIDING ADDITIONAL APPROPRIATIONS FOR VARIOUS DEPARTMENTS, AGENCIES AND INSTITUTIONS FOR FISCAL YEAR 2004; DECLARING AN EMERGENCY AND PROVIDING AN EFFECTIVE DATE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. The Legislature finds it in the best interest of the state to provide a quality benefits package to its employees. A quality benefits package is a critical component of employee compensation and employee retention. Therefore, the appropriations in Section 2 of this act are provided to pay the estimated increases in employer paid benefits and employee paid premiums related to health insurance for fiscal year 2004. Furthermore, should actual health insurance premium increases exceed those for which funding is provided, it is legislative intent that the funding provided through the employee group insurance fund for the Employee Assistance Program be applied to pay premium costs for group medical and dental insurance coverage.

SECTION 2. In addition to any other appropriation enacted by the First Regular Session of the Fifty-seventh Idaho Legislature, there is hereby appropriated to the designated departments, agencies and institutions the following amounts from the listed funds for the period July 1, 2003, through June 30, 2004. CHAPTER 381
(H.B. No. 452)

AN ACT RELATING TO THE SALES AND USE TAX; AMENDING CHAPTER 36, TITLE 63, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 63-3640, IDAHO CODE, TO PROVIDE FOR CONTRACTS ENTERED INTO PRIOR TO THE EFFECTIVE DATE OF THE INCREASED SALES AND USE TAX; DECLARING AN EMERGENCY AND PROVIDING RETROACTIVE APPLICATION.
Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 36, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-3640, Idaho Code, and to read as follows:

63-3640. CONTRACTS ENTERED INTO BEFORE EFFECTIVE DATE OF INCREASED TAX. (1) Commencing May 1, 2003, and ending June 30, 2005, the purchase, use, storage or other consumption of tangible personal property which is otherwise subject to the taxes imposed by this chapter by persons defined in section 63-3609(a), Idaho Code, shall be exempt from one cent (1¢) of the taxes imposed by sections 63-3619 and 63-3621, Idaho Code, if:

(a) The tangible personal property is purchased, used, stored or otherwise consumed for incorporation into real property; and
(b) The tangible personal property is purchased, used, stored or otherwise consumed in regard to a project performed by such person pursuant to a qualified contract; and
(c) The taxpayer claims the exemption in the manner provided by subsection (3) of this section.

(2) As used in this section, the term "qualified contract" means a contract which:
(a) Is a written contract; and
(b) Was in effect on April 15, 2003, or was submitted for bid or bid in written form on or before April 15, 2003, and subsequently became a written contract; and
(c) Was negotiated or bid based upon the sales or use tax being five percent (5%); and
(d) Requires the cost of the sales or use tax to be borne by the contractor.

(3) A person entitled to the exemption granted in subsection (1) of this section may submit a claim for refund to the state tax commission for the amount of one cent (1¢) of the tax imposed by sections 63-3619 and 63-3621, Idaho Code, if it has actually been paid by him. The claim for refund shall include:
(a) A copy of a written contract which is a qualified contract; and
(b) A detailed invoice prepared by the seller showing all items of tangible personal property purchased by the claimant, the sale of which is subject to the exemption granted in subsection (1) of this section; and
(c) A document signed by the purchaser certifying that the tangible personal property shown on the invoice required by subsection (3)(b) of this section has in fact been used by him on the project to which the qualified contract relates.

(4) Upon receipt of the claim for refund, the state tax commission shall review the claim and, if it finds it to be proper, shall pay the refund together with interest from the date that the claim was filed at the rate established by section 63-3045, Idaho Code, within thirty (30) days from the date the claim was received by the commission.

(5) The use or incorporation into real property of any tangible personal property upon which the exemption provided by subsection (1) of this section has been claimed pursuant to any contract other than a qualified contract shall be a misdemeanor.

(6) In addition to the criminal penalties provided by subsection
(5) of this section, the use or incorporation into real property of tangible personal property upon which the exemption provided by subsection (1) of this section has been claimed pursuant to any contract which is not a qualified contract shall subject the user to a penalty of three (3) times the sales or use tax otherwise due under this chapter to be enforced and collected as provided by sections 63-3634 and 63-3635, Idaho Code.

(7) In the case of a retailer who makes sales of tangible personal property to any person entitled to the exemption granted in subsection (1) of this section who is for any reason unable to collect one cent (1¢) of the tax imposed by sections 63-3619 and 63-3621, Idaho Code, from the purchaser, the retailer shall be entitled to claim the refund otherwise available to the purchaser. The claim for refund shall be filed in the manner prescribed by subsection (3) of this section. Nothing in this subsection shall excuse the retailer from reporting sales and use taxes at the full statutory rate on all taxable sales made during the period to which his sales or use tax return relates. If a refund claim is filed concurrently with the return, the refund claimed may be credited against the tax due on the return. Any retailer who claims a refund for any taxes actually collected from the purchaser shall be subject to a penalty of three (3) times the sales or use tax refund improperly claimed to be enforced and collected as provided by sections 63-3634 and 63-3635, Idaho Code.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to April 24, 2003.

SENATE JOINT MEMORIALS

(S.J.M. No. 101)

A JOINT MEMORIAL

TO THE PRESIDENT OF THE UNITED STATES, TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, for many years western states, including Idaho, have grappled with the challenge of providing the best education for their citizens and western states face unique challenges in achieving this goal; and

WHEREAS, from 1979 to 1998, the percent change in expenditures per pupil in 13 western states was 28%, compared to 57% in the remaining states; and

WHEREAS, in 2000-2001, the pupil per teacher ratio in 13 western states averaged 17.9 to one compared with 14.8 to one in the remaining states; and

WHEREAS, the conditions in western states are exacerbated by projections that enrollment will increase by an average of 7.1% compared to an average decrease of 2.6% in the rest of the nation; and

WHEREAS, despite the wide disparities in expenditures per pupil and pupil per teacher ratio, western states tax at a comparable rate and allocate as much of their budgets to public education as the rest of the nation; and

WHEREAS, the ability of western states to fund education is directly related to federal ownership of state lands and the federal government owns an average of 51.9% of the land in 13 western states compared to 4.1% in the remaining states; and

WHEREAS, the enabling acts of most western states promise that five percent of the proceeds from the sale of federal lands will go to the states for public education; and

WHEREAS, a federal policy change in 1977 ended these sales resulting in an estimated 14 billion dollars in lost public education funding for western states; and
WHEREAS, the ability of western states to fund public education is further impacted by the fact that state and local property taxes upon which public education relies heavily to fund education cannot be assessed on federal lands; and
WHEREAS, the estimated annual impact of this property tax prohibition on western lands is over 4 billion dollars; and
WHEREAS, the federal government shares only half of its royalty revenue with the states and royalties are further reduced because federal lands are less likely to be developed and federal laws often place stipulations on the use of state royalty payments; and
WHEREAS, the estimated annual impact of royalty payment policies on western states is over 1.86 billion dollars; and
WHEREAS, much of the land that the federal government transferred to states upon statehood as a trust for public education is difficult to administer and to make productive because it is surrounded by federal land; and
WHEREAS, federal land ownership greatly hinders the ability of western states, including Idaho, to fund public education; and
WHEREAS, the federal government should compensate western states for the significant impact federal land ownership has on the ability of western states to educate their citizens; and
WHEREAS, just compensation will allow western states to be on equal footing with the rest of the nation in their efforts to provide education for their citizens.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-seventh Idaho Legislature, the Senate and the House of Representatives concurring therein, that we support and endorse the "Action Plan for Public Lands and Education," we support and endorse an initiative urging the federal government to provide an expedited land exchange process for land not intended for wilderness designation, and we support and endorse an initiative seeking just compensation from the federal government for the impact its ownership of lands within western states has on the states' ability to fund public education.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-seventh Idaho Legislature, do hereby respectfully represent that:
WHEREAS, under tax relief legislation passed in 2001, the death tax was temporarily phased out but not permanently eliminated; and
WHEREAS, farmers and other small business owners will face losing their farms and businesses if the federal government resumes the heavy taxation of citizens at death; and
WHEREAS, this is a tax that is particularly damaging to families who are working their way up the ladder and trying to accumulate wealth for the first time; and
WHEREAS, employees suffer layoffs when small and medium businesses are liquidated to pay death taxes; and
WHEREAS, if the death tax had been repealed in 1996, the United States economy would have realized billions of dollars each year of extra output and an average of 145,000 additional new jobs would have been created; and
WHEREAS, having repeatedly passed in the United States House of Representatives and the Senate, repeal of the death tax holds wide bipartisan support.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-seventh Idaho Legislature, the Senate and the House of Representatives concurring therein, that we respectfully urge the Congress of the United States and our elected Senators and Representatives in the United States Congress to support, work to pass and vote for the immediate and permanent repeal of the death tax.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, in 1969, the United States Congress created the Alternative Minimum Tax to prevent wealthy Americans and corporations from using otherwise available deductions to reduce their income tax liability; and
WHEREAS, today the Alternative Minimum Tax has placed an onerous burden on working, middle-class families and productive companies; and
WHEREAS, any family with an annual income of more than $49,000 which deducts its state and local taxes, mortgage interest, children and college education will be subject to the Alternative Minimum Tax; and
WHEREAS, the corporate Alternative Minimum Tax targets capital-intensive industries that create jobs, raise the incomes of workers and increase the standard of living for all Americans; and
WHEREAS, corporations subject to the Alternative Minimum Tax during recessions are more likely to lay off their employees; and
WHEREAS, it is important to protect working families and productive companies from tax burdens that reduce the possibility of economic prosperity.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-seventh Idaho Legislature, the Senate and the House of Representatives concurring therein, that we hereby respectfully urge the Congress of the United States and our elected Senators and Representatives in the United States Congress to vote to repeal the individual and corporate Alternative Minimum Tax.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Fifty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, Americans everywhere pay equal premiums to support Medicare, the health insurance program primarily for people sixty-five years of age and older; and

WHEREAS, physician reimbursement for services provided to Medicare beneficiaries are set by the federal government according to a complex formula; and

WHEREAS, because of the way the Medicare formula is written, reimbursement for medical services is much higher in larger, more populous states than it is in small, rural states like Idaho; and

WHEREAS, this disparity can result in the physician or other provider in Idaho being reimbursed half as much as a colleague in another state for the same service; and

WHEREAS, this disparity is unjustified and unfair and has a negative impact on patient access to services in Idaho; and

WHEREAS, the Idaho Medical Association has joined its peers from seventeen other small states to form the Geographic Equity in Medicare (GEM) Coalition; and

WHEREAS, Iowa Senator Charles Grassley introduced S.2873 "Improving Our Well-Being Act" in the last Congress to remedy this geographic disparity but that legislation was not acted upon.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that we hereby respectfully urge the members of the Idaho Congressional delegation to support the passage of legislation similar to S.2873 as introduced by Senator Grassley that removes the geographic disparity in Medicare reimbursements that currently exists in the Medicare program.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Repre-

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Fifty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, for the past decade the Pacific Northwest Power Planning Council, the Bonneville Power Administration and other hydroelectric utilities have put into place numerous measures intended to protect and enhance the survival of anadromous salmon and steelhead, particularly several species native to the state of Idaho; and

WHEREAS, the National Marine Fisheries Service, the Bureau of Reclamation, the Bonneville Power Administration and the U.S. Army Corps of Engineers have put into place measures for fish recovery that have been guided by both the federal Endangered Species Act and the Northwest Power Act; and

WHEREAS, considerable cost for fish recovery has been borne by the electrical ratepayers of the Northwest both in the form of higher costs and less power generated because of less storage capacity and water being put into the river for fish restoration purposes; and

WHEREAS, the programs and activities associated with the Endangered Species Act are causing unintended economic hardship in communities in the Pacific Northwest; and

WHEREAS, fish advocates who expressed doom for Northwest anadromous fish were surprised to see that the return migration of fish to the Northwest and Idaho was not as they had predicted, which would seem to indicate that the plans in place for fish restoration may not be as scientifically sound as once thought; and

WHEREAS, the Northwest Power Act instructs the Bonneville Administrator and other federal operating agencies to adequately protect, mitigate and enhance fish and wildlife and give them equitable treatment with other purposes of the hydro system; and

WHEREAS, the federal government should establish a mitigation fund; and

WHEREAS, amending the Northwest Power Act can provide necessary mitigation resources to Northwest communities that are impacted by fish recovery efforts; and
WHEREAS, the federal government and the nation's taxpayers and not the Bonneville Power Administration and Northwest ratepayers should establish a mitigation fund to assist with fish recovery because a vital Northwest fishery benefits the entire nation and is a public benefit; and

WHEREAS, the Pacific Northwest region is in an economic downturn and having cheaper power rates would allow economic recovery to occur more quickly; and

WHEREAS, Congress can enact legislation providing mitigation funding to communities that are economically impacted by Endangered Species Act efforts for fish restoration.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that we request Congress to amend the Northwest Power Act and other appropriate federal statutes so that Northwest communities can be eligible for economic grants to assist communities impacted by Endangered Species Act fish recovery programs.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

WHEREAS, the state of Idaho has a close cultural, economic and intergovernmental relationship with the Canadian province of British Columbia; and

WHEREAS, this close relationship has developed as the result of a common border, similar economies, and complementary recreation and tourism industries; and

WHEREAS, British Columbia and the state of Idaho are both members of the Pacific Northwest economic region representing the tenth largest economy in the world; and

WHEREAS, the 2002 Winter Olympic Games in Salt Lake City, Utah, generated over one billion dollars in revenue and spending in the entire western region; and

WHEREAS, the state of Idaho's participation with other states in the 2002 Winter Olympic Games was extremely successful; and
WHEREAS, the region has legacy facilities from world class winter recreation which include the Sun Valley Resort and Whistler/Blackcomb, which are considered to be among the top ten ski resorts in North America; and

WHEREAS, the Pacific Northwest economic region as a whole, and particularly tourism and emerging industries and small businesses, will benefit from an estimated six billion dollars' worth of worldwide media attention; and

WHEREAS, such benefits accrue for over ten years on a continuing basis from increased tourism.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the state of Idaho respectfully communicates its support for backing the Vancouver 2010 Olympic bid.

A JOINT MEMORIAL
TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Fifty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the government of the United States of America and of the several states were created and rest upon settled principles of the rule of law; and

WHEREAS, the proper, orderly and reliable administration of justice depends upon fairness, impartiality, absence of bias or prejudice, absence of political dogma, and respect for the Constitution of the United States of America, which all judges are bound by oath of office to support and enforce, and upon judicial restraint; and

WHEREAS, the United States Court of Appeals for the Ninth Circuit has a history of ignoring and violating these cornerstones of the administration of justice and of deciding cases in ways which place political dogma, social engineering, and personal doctrines of world view ahead of proper judicial neutrality; and

WHEREAS, the liberal, environmental tendencies of the Ninth Circuit do not reflect the political philosophies of the citizens of Idaho, thus weakening the traditional economic foundation of the state; and

WHEREAS, the said court has most recently misread, misinterpreted
and misapplied the Second Amendment to the Constitution of the United States, thereby imposing an unnatural, distorted meaning to that amendment which ignores its plain and clear meaning to protect the right of the people to keep and bear arms in such a way that the amendment is twisted into guaranteeing that right only to the National Guard, such ruling being at odds with logic and judicial reason; and

WHEREAS, decisions of the Ninth Circuit Court of Appeals are more frequently overturned by the United States Supreme Court than any other circuit in the country; and

WHEREAS, the Ninth Circuit Court decision that "God" in the Pledge of Allegiance violates the principle of the separation of church and state, and undermines the Judeo-Christian base upon which our country was founded; and

WHEREAS, the Ninth Circuit Court of Appeals is geographically the largest of the circuit courts in the nation, and is already overburdened with a large caseload; and

WHEREAS, the great state of Idaho and its citizens deserve to live and prosper under the Constitution of the United States of America as written, free from abuse and distortion.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that we urge the Idaho delegation in the United States Congress to sponsor and support legislation to create a new Circuit of the United States Court of Appeals for better regional representation, wherein the judges thereof administer justice fairly, impartially and free from bias and distortion of the Constitution of the United States, and to place Idaho in this new circuit.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

TO THE UNITED STATES SECRETARY OF AGRICULTURE, THE UNITED STATES SECRETARY OF THE INTERIOR, TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Fifty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, ground and road access to the Idaho backcountry is very limited and the Idaho backcountry airstrip system provides remote access for tourism, recreation, mail and supply delivery, fire suppression, law enforcement, military training, search and rescue, medical evacuation, disaster response and in-flight emergencies; and

WHEREAS, backcountry aircraft landing strips enable people who are otherwise physically unable, to enjoy the remote outdoor opportunities Idaho has to offer; and

WHEREAS, the Idaho backcountry airstrip system is unique and is an important asset to the economy of Idaho because it draws tourism and recreation visitors from all fifty states and numerous foreign countries; and

WHEREAS, forty-five of the sixty-two Idaho backcountry airstrips for public use are located on lands managed by the federal government; and

WHEREAS, the federal Central Idaho Wilderness Act of 1980, Public Law 96-312, allows continued use of airstrips which were in use prior to the wilderness designation and does not allow the closure of such airstrips without the express written concurrence of the state of Idaho; and
WHEREAS, the federal government is acting in such a way as to establish a disturbing trend that is circumventing federal law and is effectively closing airstrips or is denying access to many airstrips for use by the general public; and
WHEREAS, one method being used by the federal government to deny access to backcountry airstrips located on federally-managed lands lying both within and outside of wilderness areas is to change designation of the airstrip from "public use" to "private use" or "emergency use only" thereby requiring express permission to be obtained from the federal government before the airstrip can be used; and
WHEREAS, another method being used by the federal government to effectively close airstrips is to publish official airport identification locator maps in which existing, usable airstrips have been intentionally omitted; and
WHEREAS, the federal government employs yet another method to actually close existing airstrips by purchasing land containing an airstrip and having the previous private owner remove airstrip designation from the description of the property prior to the sale so that when ownership of the land transfers to the federal government, no airstrip transfers with the title.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that we urgently request the Congress of the United States to preserve access to backcountry airstrips by introducing into the current 108th Congress Senate Bill No. 681, the Backcountry Landing Strip Access Act from the 107th Congress and its companion legislation House Resolution No. 1363; and
BE IT FURTHER RESOLVED that to ensure the greatest amount of public access to public recreation lands, the Congress of the United States is strongly urged to designate as "public use" all nonmilitary aircraft landing areas located on federally-managed lands.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the United States Secretary of Agriculture and the United States Secretary of the Interior, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

WHEREAS, there are 3,357 veterans waiting to see a primary care physician at the Boise VA Medical Center; and
WHEREAS, there are 4,350 veterans waiting for specialty care appointments at the Boise VA Medical Center; and
WHEREAS, there are 2,703 veterans on the waiting list at the Spokane VA Medical Center; and
WHEREAS, there are waits of as long as two to three years at the Spokane VA Medical Center; and
WHEREAS, prompt, high quality and compassionate medical care was promised to our servicemen and servicewomen and is currently an unmet promise.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that we find the failure to provide prompt medical care is a failure to provide care, that it is not acceptable, and we urgently request that the members of the Idaho congressional delegation address the appropriations necessary to provide timely access to health care for our valued veterans.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

WHEREAS, these initiatives include categorical exclusions to accelerate unexpected and imperative fuels, fire rehabilitation and small timber sale projects; reforming the administrative appeals process; and revising the regulations for forest planning; and

WHEREAS, the citizens of Idaho would benefit from increased levels of forest management that would help reduce the risks of wildfires and insect epidemics in the National Forests in Idaho.

A CONCURRENT RESOLUTION
STATING LEGISLATIVE FINDINGS AND APPROVING AND EXTENDING TEMPORARY RULES REVIEWED BY THE LEGISLATURE, WITH AN EXCEPTION.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Legislature by statute must approve temporary rules by adoption of a concurrent resolution approving the rule if the temporary rule is to remain in effect beyond the end of the current legislative session; and
WHEREAS, the expiration of temporary rules would occasion additional expense to state agencies in readopting and republishing temporary rules needed to conduct state business; and
WHEREAS, the Legislature finds that it is in the public interest to adopt this resolution.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-seventh Idaho Legislature, the Senate and the House of Representatives concurring therein, that all temporary rules adopted by state agencies pursuant to the Administrative Procedure Act and submitted to the Legislature at the Legislature's request through the Office of Rules Coordinator for review during the 2003 legislative session, and all temporary rules previously approved and extended by concurrent resolution adopted in a prior regular session of the Idaho Legislature, be, and the same are approved, with the exception of the following enumerated temporary rule section:

IDAPA 16.03.09, the entire rulemaking docket, related to governing the medical assistance program and concerning dental services, denturist policy guidelines, denturist procedure codes, PWC codes, covered emergency dental codes for adults, and dental prior authorization, rules of the Department of Health and Welfare, adopted as temporary rules under Docket Number 16-0309-0216.

Fifty-seventh Idaho Legislature unless it is further extended by adoption of a concurrent resolution by both houses of the Legislature. Temporary rules or sections of temporary rules which are excepted from approval hereunder or which were not submitted to the Legislature for review during the 2003 legislative session shall expire by operation of statute upon adjournment of the First Regular Session of the Fifty-seventh Idaho Legislature, unless approved by adoption of a separate concurrent resolution by both houses of the Legislature.

A CONCURRENT RESOLUTION
STATING FINDINGS OF THE LEGISLATURE AND AUTHORIZING THE LEGISLATIVE COUNCIL TO APPOINT A COMMITTEE TO UNDERTAKE AND COMPLETE A STUDY OF JUDICIAL ELECTIONS, INCLUDING METHODS OF FINANCING ELECTIONS AND METHODS OF SELECTION.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the judicial system in the state of Idaho, as in many other states, has recently been the subject of intense interest resulting from a variety of pressures upon the system; and

WHEREAS, preservation of the independence and integrity of an independent judicial system is essential to the preservation of the critical role of the judiciary in the system of American government; and

WHEREAS, judicial electioneering undermines judicial independence. The financing of judicial campaigns is thus limited to those wealthy enough to independently fund their campaigns, a limitation unrelated to judicial competence. Additionally, fundraising undertaken by candidates to achieve election may create a perception of judges feeling indebted to certain parties or interest groups; and

WHEREAS, when judges are subject to elections, there may be an impression that a judge develops a personal stake in the outcome of major cases. Elected judges cannot help but be aware that if the public is not satisfied with the outcome of a particular case, it could hurt their reelection prospects; and

WHEREAS, recent court decisions subject regulations of campaign financing to strict application of First Amendment protections which, while an essential guarantee, may minimize significant needs of citizens and voters to know the sources of funding and campaign support and to place limits on the amounts of money which can be spent in a given campaign; and

WHEREAS, in addition to considerations of campaign finance reporting and limits, there is also value in consideration of alternative judicial plans including the "Missouri Plan" and others which may offer appropriate options.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-seventh Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Legislative Council is
authorized to appoint a committee to undertake and complete a study of judicial elections, including methods of financing elections and methods of selection. The Legislative Council shall determine the number of legislators and membership from each house appointed to the committee and shall authorize the committee to receive input, advice and assistance from interested and affected parties who are not members of the Legislature.

BE IT FURTHER RESOLVED that nonlegislative members of the committee may be appointed by the cochairs of the committee who are appointed by the Legislative Council. Nonlegislative members of the advisory committee shall not be reimbursed from legislative funds for per diem, mileage or other expenses and shall not have voting privileges regarding the committee's recommendations or proposed legislation. Membership may include representation from the Idaho Bar Association, the League of Women Voters, public interest groups, the Idaho Judicial Council, the court system, and others appropriate to the study.

BE IT FURTHER RESOLVED that the committee shall report its findings, recommendations and proposed legislation, if any, as may be appropriate due to the level of committee activity, to either the Second Regular Session of the Fifty-seventh Idaho Legislature or the First Regular Session of the Fifty-eighth Idaho Legislature, or to both such Sessions.

WHEREAS, Section 57-814(2)(a), Idaho Code, directs the State Controller to transfer certain funds to the Budget Stabilization Fund if revenues are in excess of four percent (4%) over the previous fiscal year; and

WHEREAS, all available revenues will be needed to support critical on-going programs and services of the state of Idaho; and

WHEREAS, Section 57-814(3), Idaho Code, authorizes the Legislature through Concurrent Resolution to reduce the transfers made by the State Controller to the Budget Stabilization Fund.
NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the State Controller is hereby directed not to transfer general funds to the Budget Stabilization Fund pursuant to Section 57-814, Idaho Code, during fiscal year 2004.

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE CONCERNING THE IMPACTS OF OBESITY ON THE CITIZENS OF IDAHO AND DECLARING JANUARY THROUGH MARCH AS OBESITY AWARENESS MONTHS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Idaho's leaders have a responsibility to encourage and promote healthy lifestyles for the citizens of this state including communicating information about healthy diet and the importance of physical activity; and

WHEREAS, poor health in the form of obesity and inactivity has increased dramatically in recent years as evidenced by the following:
(A) More than one-half of all American adults are overweight, representing approximately 69 million people;
(B) According to the Centers for Disease Control, in the year 2000, prevalence of obesity among U.S. adults was approximately 19.8%, up 61% since 1991;
(C) Only 22% of American adults get recommended regular physical activity of any intensity during leisure time, and only 15% get the recommended amount of vigorous activity;
(D) Obesity leads to a 50-100% increase in risk of death from all causes, over 280,000 Americans die each year from obesity-related disease;
(E) An astounding 15% of all children and adolescents are now overweight, this number having nearly doubled in the last two decades;
(F) In 1990, fewer than 4% of childhood diabetes cases were type 2, but that number has risen to approximately 20%, and of the children diagnosed with type 2 diabetes, 85% are obese;
(G) Because the prevalence of type 2 diabetes has tripled in the last 30 years, more people will live with diabetes longer, with greater chances of developing disabling, life-threatening complications of diabetes;
(H) The direct costs of inactivity and obesity account for approximately 9.4% of national health care expenditures, costs reaching at the very least 39.3 billion dollars; and

WHEREAS, citizens will be made more aware of the growing problems related to obesity and inactivity if given pertinent information and if good examples are set by leaders of the community.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the months of January through March 2003 (the months of the legislative session) be declared as obesity awareness months. We urge communities, businesses and schools throughout the state of Idaho to develop awareness campaigns and voluntary programs appropriate to their settings which focus on the causes of
obesity, the symptoms and long-term consequences associated with obesity, and the healthy alternatives for food choices and appropriate programs of physical fitness which lead to control of weight and improved lifestyle.

A CONCURRENT RESOLUTION
STATING LEGISLATIVE FINDINGS AND AUTHORIZING THE LEGISLATIVE COUNCIL TO APPOINT A COMMITTEE ON ENERGY.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, there were numerous bills introduced in Congress from 1996 through 2002 which would have provided for the restructuring of the electric utility and energy industries in this country; and

WHEREAS, Idaho currently enjoys low electric rates compared to the rest of the nation, mainly because of our hydropower base; and

WHEREAS, while there may be some benefits to a competitive electric utility industry, there have been some large unintended consequences to the ratepayers and the citizens of the state given the California energy crisis and the Enron collapse; and

WHEREAS, on July 31, 2002, the Federal Energy Regulatory Commission announced a series of broad proposals to reform the wholesale power generation, trading and transmission markets known as Standard Market Design; and

WHEREAS, the Standard Market Design proposal has been repudiated and is opposed in most southern and western states and fails to recognize the distinct nature of the Northwest electricity grid, including the significant reliance on coordinated hydro operations that are subject to various nonpower obligations; and

WHEREAS, Idaho's water rights system is a complex system of management, and electric utility restructuring or the Standard Market Design rules could affect demand loads and river flows and have some large unintended consequences if not managed properly.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislative Council is authorized to appoint a Committee to undertake and complete a study of energy related issues from both the statewide perspective and the national perspective. The Committee is directed to involve representatives of industry, agricultural groups, small businesses, consumers of electricity and conservation interests. The Committee is also authorized to retain the services of a consultant, within appropriated moneys, who is familiar with the energy industry and who can provide necessary economic or other research that can assist the Committee and the Legislature in making an informed decision on this most important topic.

BE IT FURTHER RESOLVED that the Committee shall make a progress report to the Second Regular Session of the Fifty-seventh Idaho Legisla-
ture and shall make a report detailing its findings, recommendations and proposed legislation, if any, to the First Regular Session of the Fifty-eighth Idaho Legislature.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Medicaid costs for services to people with developmental

WHEREAS, many Idahoans with developmental disabilities rely on Med­

WHEREAS, people with developmental disabilities should control a

BE IT FURTHER RESOLVED that the Legislature recommends that this
waiver would be available to no more than two hundred qualified individ­

services currently available through the HCBS waiver for people with
developmental disabilities, would include an individual budget driven by a person-centered plan, would allow people with developmental disabili­ties to negotiate for services and supports from traditional and nontraditional providers with the assistance of a broker and a fiscal agent, and would continue for a period of at least two years to permit adequate usage and data collection.

INITIATIVES
AN INITIATIVE DEFINING TRIBAL VIDEO GAMING MACHINES AND PROVIDING FOR AMENDMENT OF STATE-TRIBAL GAMING COMPACT PROVIDING FOR THEIR USE.

An initiative relating to Indian gaming; providing findings and purposes; clarifying public policy regarding Indian gaming; adding Idaho Code section 67-429B defining tribal video gaming machines as gaming machines used by Indian tribes which are not activated by a handle or lever, do not dispense coins, currency, tokens or chips, and which perform only certain defined functions, and defining such machines as neither slot machines nor imitations or simulations of any form of casino gaming; adding section 67-429C allowing amendment of state-tribal compacts to allow use of tribal video gaming machines; limiting the number of machines to those in a tribe's possession on January 1, 2002, allowing an increase of 5% per year not to exceed 25% over 10 years; requiring renegotiations of compacts after 10 years; providing a tribal contribution of 5% of annual net gaming income for educational programs and schools on or near the reservations; limiting gaming to Indian lands; providing amendment to state-tribal compacts upon certification to the Idaho Secretary of State of a tribal resolution; providing for automatic approval by State without necessity of executive or legislative action; making initiative effective upon completion of canvass of votes by Idaho Secretary of State; and containing a severability clause.

Be it enacted by the People of the State of Idaho:

Section 1. Title. This act shall be known as the Indian Gaming and Self-Reliance Act.

Section 2. Findings and Purposes. The people of the State of Idaho recognize and declare the following:
(1) For most of the last century, Indians on reservations in Idaho suffered from disproportionately high unemployment, severe poverty, and a lack of the basic social services available to most Americans. In 1988, federal law confirmed the right of Indian tribes to have limited, regulated gaming on their own land to provide jobs and to generate vitally-needed revenues for education, health care, housing, clean water supplies, roads and other basic services for tribal members and communities on or near reservations.
(2) The Idaho Constitution provides that, except as authorized by the Congress of the United States, the State of Idaho has no jurisdiction or control over Indian lands. Congress has allowed states a limited role in Indian gaming by providing for the negotiation of gaming agreements, called compacts, between states and Indian tribes. Such compacts, which indicate how certain types of Indian gaming will be conducted in a state, were negotiated and agreed upon by the State of Idaho and various Indian tribes in Idaho beginning in 1992.
(3) Since 1992, the tribes in Idaho have proceeded in good faith to make major investments in Indian gaming facilities, and those facilities have finally enabled the tribes to reduce unemployment and welfare and improve living conditions on their reservations. Moreover, Indian gaming
has supported jobs for many Idahoans, benefitted the local economies of many Idaho communities, and saved taxpayers millions of dollars by reducing unemployment and welfare on and near reservations.

(4) Now, however, the economic and social progress made by the Indian tribes in Idaho as a result of gaming is in serious jeopardy. Due to differences in opinion over the interpretation of Idaho law, these tribes face legal uncertainties about the types of gaming machines they can operate on Indian lands. This uncertainty threatens the future of Indian gaming in Idaho and the ability of these tribes to continue their progress toward economic self-reliance.

(5) Attempts by the tribes and the governor to resolve these legal uncertainties have failed, jeopardizing the future of tribally-funded education, health care, and social service programs. Therefore, the citizens of Idaho desire to secure the future of tribal gaming on Indian lands in Idaho themselves through this ballot measure.

(6) This ballot measure clarifies that it is the public policy of the State of Idaho that Indian tribes can continue to operate the types of lottery-style gaming machines currently used at Indian gaming facilities on Idaho reservations under the terms of this act. It also sets reasonable limits on Indian gaming and gaming machines, and provides a mechanism for Indian tribes to share 5% of their net gaming income to support local educational programs and schools on or near reservations.

Section 3. Chapter 4, Title 67, Idaho Code, is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 67-429B, Idaho Code, and to read as follows:

67-429B. AUTHORIZED TRIBAL VIDEO GAMING MACHINES. (1) Indian tribes are authorized to conduct gaming using tribal video gaming machines pursuant to state-tribal gaming compacts which specifically permit their use. A tribal video gaming machine may be used to conduct gaming only by an Indian tribe, is not activated by a handle or lever, does not dispense coins, currency, tokens, or chips, and performs only the following functions:

(a) Accepts currency or other representative of value to qualify a player to participate in one or more games;

(b) Dispenses, at the player's request, a cash out ticket that has printed upon it the game identifier and the player's credit balance;

(c) Shows on a video screen or other electronic display, rather than on a paper ticket, the results of each game played;

(d) Shows on a video screen or other electronic display, in an area separate from the game results, the player's credit balance;

(e) Selects randomly, by computer, numbers or symbols to determine game results; and

(f) Maintains the integrity of the operations of the terminal.

(2) Notwithstanding any other provision of Idaho law, a tribal video gaming machine as described in subsection (1) above is not a slot machine or an electronic or electromechanical imitation or simulation of any form of casino gambling.

Section 4. Chapter 4, Title 67, Idaho Code, is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 67-429C, Idaho Code, and to read as follows:
67-429C. AMENDMENT OF STATE-TRIBAL GAMING COMPACTS. (1) Any tribe with an existing state-tribal gaming compact may amend its compact through the procedure set forth in subsection (2) below to incorporate all of the following terms:

(a) As clarified by this compact amendment, the tribe is permitted to conduct gaming using tribal video gaming machines as described in Section 67-429B, Idaho Code.

(b) In the 10 years following incorporation of this term into its compact, the number of tribal video gaming machines the tribe may possess is limited to the number of tribal video gaming machines possessed by the tribe as of January 1, 2002, plus 25% of that number; provided, however, that no increase in any single year shall exceed 5% of the number possessed as of January 1, 2002. Thereafter, the tribe may operate such additional tribal video gaming machines as are agreed to pursuant to good faith negotiations between the state and the tribe under a prudent business standard.

(c) To the extent such contributions are not already required under the tribe's existing compact, the tribe agrees to contribute 5% of its annual net gaming income for the support of local educational programs and schools on or near the reservation. The tribe may elect to contribute additional sums for these or other educational purposes. Disbursements of these funds shall be at the sole direction of the tribe.

(d) The tribe agrees not to conduct gaming outside of Indian lands.

(2) To amend its compact to incorporate the terms set forth in subsection (1) above, a tribe shall deliver to the Secretary of State a tribal resolution signifying the tribe's acceptance of the terms. Immediately upon delivery of such tribal resolution to the Secretary of State, (a) the tribe's state-tribal gaming compact shall be deemed amended to incorporate the terms; (b) the tribe's compact as so amended shall be deemed approved by the state in accordance with Section 67-429A, Idaho Code, without the need for further signature or action by the executive or legislative branches of state government, and (c) except to the extent federal government approval is required, the newly incorporated compact terms shall be deemed effective immediately.

(3) Nothing in this section shall be construed to (a) indicate that any gaming activity currently conducted by any tribe is unauthorized or otherwise inappropriate under Idaho law or the tribe's existing compact, or (b) prohibit a tribe from negotiating with the state for an initial compact or a compact amendment regarding tribal video gaming machines or any other matter through a procedure other than the procedure specified in subsection (2) above or which contains terms different than those specified in subsection (1) above.

Section 5. Effect. Notwithstanding any other provision of Idaho law, this act shall be in full force and effect after voter approval and immediately upon completion of the canvass of the votes by the Secretary of State. No further action by the executive or legislative branches of state government are required to implement the provisions of this act.

Section 6. Severability. The terms of this act are severable such that if any term or provision is declared by a court of competent jurisdiction to be illegal, void, or unenforceable, the remaining provisions of this act shall continue to be valid and enforceable. It is the intent
of the voters, that, to the extent any term or provision is declared to be illegal, void, or unenforceable, the legislature shall take all available steps to enact such term or provision in a legal, valid, and enforceable manner, whether through a statute or a proposed constitutional amendment.
WHEREAS, The Secretary of State, in the presence of the Governor, has canvassed the votes cast on November 5, 2002, concerning Proposition One (An initiative defining tribal video gaming machines and providing for amendment of state-tribal gaming compact providing for their use.), and,

WHEREAS, The results show that the said Proposition One has received 232,986 "Yes" votes, 170,097 "No" votes,

EXECUTIVE ORDER NO. 2002-01

ESTABLISHMENT OF THE IDAHO ALCOHOL AND DRUG-FREE WORKPLACE POLICY

WHEREAS, the State of Idaho has a vital interest in maintaining a safe, healthy, and efficient working environment for its employees, clients and the public; and

WHEREAS, employees impaired by alcohol or other drugs during work hours pose safety and health risks not only to themselves but to others; and

WHEREAS, employees who use illegal drugs, whether on or off duty, are generally less productive, less reliable and prone to greater absenteeism than employees who do not use drugs; and

WHEREAS, the use of illegal drugs by state employees is inconsistent with the law-abiding behavior expected of all citizens, and with the special trust placed in such employees as servants of the public; and

WHEREAS, the use of alcohol or drugs by state employees in certain positions of sensitivity poses a special risk to public safety and the effective enforcement of the law; and

WHEREAS, the use of alcohol or drugs becomes a matter of concern to the State of Idaho when it interferes with job performance, conduct, attendance, or safety of state employees; and

WHEREAS, the State of Idaho, as an employer, has a responsibility to taxpayers to ensure that state functions are performed efficiently and without undue risk to the people of the state; and

WHEREAS, the State of Idaho, as an employer, is also concerned with the well-being of its employees and should encourage the identification and rehabilitation of employees with alcohol or drug problems.

NOW, THEREFORE, I, DIRK KEMPTHORNE, Governor of the State of Idaho, by virtue of the power and authority vested in me by the Constitution and statutes of the State of Idaho, do hereby order the following Idaho Alcohol and Drug-Free Workplace Policy to become effective immediately for all employees of the State of Idaho:

1. The consumption of alcohol on the job is prohibited. Employees may not work if their performance is impaired by the use of alcohol;
2. The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited, and if occurring on state property or during an employee's hours of work, demands immediate corrective action;
3. Each state agency shall provide employees with information on Idaho's Alcohol and Drug-Free Workplace Policy, as well as information on the state's Employee Assistance Plan;
4. Violations of the Idaho Alcohol and Drug-Free Workplace Policy will be cause for management/supervisor intervention and may result in referral to treatment, including participation in the Employee
Assistance Program. It shall be the policy of the State of Idaho to direct its efforts toward rehabilitation whenever reasonable;

5. Any intervention steps taken upon a violation of the Idaho Alcohol and Drug-Free Workplace Policy must be consistent with all due process requirements and other constitutional rights of state employees;

6. The privacy rights of employees are important. Any intervention steps taken upon a violation of the Idaho Alcohol and Drug-Free Workplace Policy, including a referral for treatment, counseling or rehabilitation programs, shall include procedures to protect the confidentiality of treatment records as well as the employee's identity;

7. The director of each agency shall report quarterly, the first of January, April, July, and October, to the Division of Human Resources any violations of the Idaho Alcohol and Drug-Free Workplace Policy and the corrective actions taken. "Quarterly" means the report shall be filed the first day of January, April, July, and October. The report shall, to the extent practicable, protect the confidentiality of the employee involved, but shall describe the nature of the employee's position;

8. The Division of Human Resources shall annually compile information regarding violations of this policy and the corrective actions taken, and report this information by June 30 to the Governor. Any information so reported shall be reported in a manner to avoid revealing the identity of the employees involved. The Division of Human Resources, when it compiles this data, shall do so by type of position so as to determine whether there is an alcohol or drug problem in any "safety-sensitive" positions;

9. Whenever there is an alcohol or drug problem in a "safety-sensitive" position, it is critical that the problem be addressed aggressively. For the purpose of this policy, a "safety-sensitive" position is one in which:
   A. The duties involve a greater-than-normal level of trust for, responsibility for, or impact on the health and safety of the employee or others; and
   B. Errors in judgment, inattentiveness or diminished coordination, dexterity, or composure while performing the duties could clearly result in mistakes that would endanger the health and safety of the employee or others; and
   C. Employees in these positions work with such independence that it cannot be safely assumed that mistakes such as those described in subsection B. could be prevented by a supervisor or another employee;

10. In the event the Division of Human Resources finds an alcohol or drug problem in any agency or classification, it shall report that to the Governor, and the agency, working in conjunction with the Division of Human Resources and the Governor, shall develop a program to respond to the problem. This program may include alcohol or drug testing for employees in safety-sensitive classifications where such a problem has been documented;

11. All state agencies responsible to the Governor are directed, and all other public entities are requested, to assist the Division of Human Resources in discharging its responsibilities under this order;
12. Nothing in this order shall be deemed to abrogate any existing policy or directive relating to alcohol or drug use by state employees or to affect any existing or future state employee disciplinary proceeding; and

13. Where federal laws or regulations require the state to implement more stringent regulations than those contained in this policy, those federal regulations and procedures supersede and/or augment this policy.

This Executive Order shall cease to be effective four years after its entry into force.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho at the Capitol in Boise on this seventh day of November in the year of our Lord two thousand and two, and of the Independence of the United States of America the two hundred twenty-sixth and of the Statehood of Idaho the one hundred twelfth.

EXECUTIVE ORDER NO. 2003-01

CONTINUATION OF THE IDAHO RURAL PARTNERSHIP
REPEALING AND REPLACING EXECUTIVE ORDER 2001-01

WHEREAS, Idaho is among the most rural states in the nation; and
WHEREAS, Idaho's tremendous geography and sparse population create problems of distance and isolation; and
WHEREAS, the most rural counties in Idaho consistently have lower per capita incomes, higher unemployment rates, lower rates of population growth, higher poverty levels, and less new construction, and job growth; and
WHEREAS, the most rural residents of Idaho have less access to health care services, employment training, business assistance, library service, and diverse educational and cultural opportunities; and
WHEREAS, the most rural communities have disproportionately large infrastructure needs for transportation, utility services, and education; and
WHEREAS, the multitude of public and private organizations with an interest in helping rural Idaho need a mechanism for coordination and collaboration; and
WHEREAS, there are critical areas of need in rural Idaho including increased leadership and governance, connectivity to telecommunication and broad bandwidth, excellent and relevant education and workforce development at all levels, funding for the creation, maintenance, and improvement of infrastructure, and the development of active local economic development teams;
NOW, THEREFORE, I, DIRK KEMPTHORNE, Governor of the State of Idaho, by the authority vested in me by the Constitution and laws of this state, do hereby order that:

1. The Idaho Rural Partnership (IRP) shall be authorized as an organization with an open membership for institutions, including all local, tribal, state, and federal governments, as well as for-profit and not-for-profit private organizations, that have an interest in or some responsibility for Idaho's rural development.

2. The IRP's responsibilities will be to:
   a. Assess conditions of rural Idaho;
   b. Advise the Governor and the Legislature on public policy and strategies to improve the quality of life in rural Idaho;
   c. Act as a clearinghouse of information and as a referral center on rural programs and policies;

   e. Identify organizations, authorities, and resources to address various aspects of rural development;
   f. Serve as a nonpartisan forum for identifying and understanding rural issues from all perspectives;
   g. Develop better intergovernmental and private/public coordination and to seek out opportunities for new partnerships to achieve rural development goals within the existing structure;
   h. Foster coordinated approaches to rural development that support local initiatives, not to usurp the individual missions of any of its member organizations or duplicate effort.
   i. Seek solutions to unnecessary impediments to rural development, first within Idaho and then through the National Rural Development Partnership; and
   j. Work cooperatively with the National Rural Development Partnership and other state rural development councils.

3. The IRP shall be managed by a Board of Directors that shall include the following members:

h. Non-voting, ad-hoc members may be included on the Board to assist with specific issues and projects as necessary.

4. Except for their initial appointment, which shall be from the time this Executive Order is enacted, those IRP Board members appointed by the Governor (see paragraphs 3 a, b, and g above) shall serve four-year terms concurrent with the Governor's term, though lagging behind by three months, the Governor's term. The difference of three months will allow the Governor time to make appointments to the Board after his or her inauguration, and to ease the transition for new members.

5. The IRP shall be led by two Co-Chairs, one of which shall be elected by the IRP Board of Directors from among their membership, and the other appointed by the Governor from among the State Agency Directors serving on the Board. The Co-Chairs shall serve for a four-year term synonymous with the Governor's term. The responsibilities of the Co-Chairs shall be to:
