(S.B. No. 1446)

AN ACT
RELATING TO THE PUBLIC EMPLOYEE RETIREMENT SYSTEM; AMENDING SECTION 59-1302, IDAHO CODE, TO FURTHER DEFINE "MILITARY SERVICE"; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 59-1302, Idaho Code, be, and the same is
hereby amended to read as follows:

59-1302. DEFINITIONS. (1) As used in this chapter, each of the
terms defined in this section shall have the meaning given in this sec-
tion unless a different meaning is clearly required by the context.

(2) "Active member" means any employee who is not establishing the
right to receive benefits through his or her employer's participation in
any other retirement system established for Idaho public employees, if
such participation is mandated by applicable Idaho statutes other than
this chapter. In no case will an employee be entitled to any benefit
under this chapter for public service if such employee is establishing
retirement benefit entitlements by other Idaho statutes or federal stat-
utes other than military service or social security for that same ser-
vice.

(3) "Accumulated contributions" means the sum of amounts contrib-
uted by a member of the system, together with regular interest credit
thereon.

(4) "Actuarial equivalent" means a benefit equal in value to
another benefit, when computed upon the basis of the actuarial tables in
use by the system.
(5) "Actuarial tables" means such tables as shall have been adopted by the board in accordance with recommendations of the actuary.

(5A) "Alternate payee" means a spouse or former spouse of a member who is recognized by an approved domestic retirement order as having a right to all or a portion of the accrued benefits in the retirement system with respect to such member.

(5B) "Approved domestic retirement order" means a domestic retirement order which creates or recognizes the existence of an alternate payee's right or assigns to an alternate payee the right to all or a portion of the accrued benefits of a member under the retirement system, which directs the system to establish a segregated account or disburse benefits to an alternate payee, and which the executive director of the retirement system has determined meets the requirements of sections 59-1319 and 59-1320, Idaho Code.

(5C) "Average monthly salary" means the member's average salary during the base period as calculated pursuant to rules adopted by the retirement board.

(5D) (a) "Base period" means the period of fifty-four (54) consecutive calendar months during which the member earned:
   (i) The highest average salary; and
   (ii) Membership service of at least one-half (1/2) the number of months in the period, excluding months of service attributable to:
      A. Military service;
      B. Service qualifying as minimum benefit pursuant to section 59-1342(5), Idaho Code; and
      C. Worker's compensation income benefits.
   (b) Effective October 1, 1993, the consecutive calendar months shall be forty-eight (48). Effective October 1, 1994, the consecutive calendar months shall be forty-two (42).
   (c) Entitlement to a base period shall not vest until the effective date of that base period. The retirement benefits shall be calculated on the amounts, terms and conditions in effect at the date of the final contribution by the member.
   (d) If no base period exists for a member, the member's average monthly salary shall be determined by the board, using standards not inconsistent with those established in this subsection.
   (e) To assure equitable treatment for all members, salary increases inconsistent with usual compensation patterns may be disallowed by the board in determining average monthly salary and base period.

(6) "Beneficiary" means the person who is nominated by the written designation of a member, duly executed and filed with the board, to receive the death benefit.

(7) "Calendar year" means twelve (12) calendar months commencing on the first day of January.

   (b) That the member will likely remain so disabled permanently and continuously during the remainder of the member's life.

It is not necessary that a person be absolutely helpless or entirely unable to do anything worthy of compensation to be considered disabled. If the person is so disabled that substantially all the avenues of employment are reasonably closed to the person, that condition is within the meaning of "disabled." In evaluating whether a person is disabled, medical factors and nonmedical factors including, but not limited to, education, economic and social environment, training and usable skills may be considered.

Refusal to submit to a medical examination ordered by the board before the commencement of a disability retirement allowance or at any reasonable time thereafter shall constitute proof that the member is not disabled. The board shall be empowered to select for such medical examination one (1) or more physicians or surgeons who are licensed to practice medicine and perform surgery. The fees and expenses of such examination shall be paid from the administration account of the fund. No member shall be required to undergo such examination more often than once each year after he has received a disability retirement allowance continuously for two (2) years.

(12A) "Disabled service" means the total number of months elapsing from the first day of the month next succeeding the final contribution of a member prior to receiving a disability retirement allowance to the first day of the month following the date of termination of such disability retirement allowance. During such period, the member shall remain classified in the membership category held during the month of final contribution. The total number of months of disabled service credited for a person first becoming disabled after the effective date of this chapter shall not exceed the excess, if any, of three hundred sixty (360) over the total number of months of prior service and membership service.

(12B) "Domestic retirement order" means any judgment, decree, or order, including approval of a property settlement agreement which relates to the provision of marital property rights to a spouse or former spouse of a member, and is made pursuant to a domestic relations law, including the community property law of the state of Idaho or of another state.

Governmental entity means any organization composed of units of government of Idaho or organizations funded only by government or employee contributions or organizations who discharge governmental responsibilities or proprietary responsibilities that would otherwise be performed by government. approaching the crossing to come to a full stop prior to entering the crossing at all railroad crossings where electric or mechanical warning signals do not exist. Placement of these stop signs shall be mandatory except when in the determination of public highway agencies the existence of stop signs at a given crossing would constitute a greater hazard than their absence based on a recognized engineering study.

Nothing in this subsection shall be construed as granting immunity to any railroad company as to liability, if any, for an accident which might occur at a crossing where stop signs are erected and in place, but liability, if any, shall be determined as provided by law. Liability on the part of governmental authorities on account of absence of any stop sign at a crossing shall be determined as provided by law.

(26) The department and local authorities are authorized to determine those portions of any highway under their respective jurisdictions where overtaking and passing or driving on the left side of the roadway would be especially hazardous and may by appropriate signs or markings on the roadway indicate the beginning and end of those zones and when signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey those directions.

Consumptive use is not an element of a water right. Consumptive use does not include any water that falls as precipitation directly on the place of use. *unless the precipitation is captured, controlled, and used under an appurtenant water right.* Precipitation shall not be considered to reduce the consumptive use of a water right. *Authorized consumptive use* means the maximum consumptive use that may be made of a water right. If the use of a water right is for irrigation, for example, the authorized consumptive use reflects irrigation of the most consumptive vegetation that may be grown at the place of use. Changes in consumptive use do not require a transfer pursuant to section 42-222, Idaho Code.
(2) "Digital boundary" means the boundary encompassing and defining an area consisting of or incorporating the place of use or permissible place of use for a water right prepared and maintained by the department of water resources using a geographic information system in conformance with the national standard for spatial data accuracy or succeeding standard.

(6) "Municipal purposes" refers to water for residential, commer-
ocial, industrial, irrigation of parks and open space, and related purposes, excluding use of water from geothermal sources for heating, which a municipal provider is entitled or obligated to supply to all those users within a service area, including those located outside the boundaries of a municipality served by a municipal provider.

(7) "Planning horizon" refers to the length of time that the department determines is reasonable for a municipal provider to hold water rights to meet reasonably anticipated future needs. The length of the planning horizon may vary according to the needs of the particular municipal provider.

(8) "Reasonably anticipated future needs" refers to future uses of water by a municipal provider for municipal purposes within a service area which, on the basis of population and other planning data, are reasonably expected to be required within the planning horizon of each municipality within the service area not inconsistent with comprehensive land use plans approved by each municipality. Reasonably anticipated future needs shall not include uses of water within areas overlapped by conflicting comprehensive land use plans.

(c) In the event that the owner fails to report to the county assessor that the property is ready for occupancy, the assessor shall notify the county board of equalization, who may impose as penalty an additional amount equal to five percent (5%) of the tax for each month following the date of first occupancy during which the report is not made, to a maximum of twenty-five percent (25%) of the tax.

(4) Appeals of the market value for assessment purposes shall be resolved in the same manner as all other appeals of valuation by the board of equalization.

SECTION 3. That Section 67-6602, Idaho Code, be, and the same is hereby amended to read as follows:

67-6602. DEFINITIONS. As used in this chapter, the following terms have the following meanings:

(a) "Candidate" means an individual who has taken affirmative action to seek nomination or election to public office. An individual shall be deemed to have taken affirmative action to seek such nomination or election to public office when he first:

(1) Receives contributions or makes expenditures or reserves space or facilities with intent to promote his candidacy for office; or
(2) Announces publicly or files for office.

(3) For purposes of this chapter, an incumbent shall be presumed to be a candidate in the subsequent election for his or her office. Contributions received by an incumbent candidate shall not be in excess of the prescribed contribution limits for the subsequent election by which the incumbent candidate's name would first appear on the ballot. An incumbent shall no longer be a candidate for his or her office after the deadline for the filing of a declaration of candidacy to first appear on the ballot for that office has expired.

(b) "Compensation" includes any advance, conveyance, forgiveness of indebtedness, deposit, distribution, loan, payment, gift, pledge or transfer of money or anything of value, and any contract, agreement, promise or other obligation, whether or not legally enforceable, to do any of the foregoing, for services rendered or to be rendered, but does not include reimbursement of expenses if such reimbursement does not exceed the amount actually expended for such expenses and is substantiated by an itemization of such expenses.
(c) "Contribution" includes any advance, conveyance, forgiveness of indebtedness, deposit, distribution, loan, payment, gift, pledge, subscription or transfer of money or anything of value, and any contract, agreement, promise or other obligation, whether or not legally enforceable, to make a contribution, in support of or in opposition to any candidate, political committee or measure. Such term also includes personal funds or other property of a candidate or members of his household expended or transferred to cover expenditures incurred in support of such candidate but does not include personal funds used to pay the candidate filing fee. Such term also includes the rendering of personal and professional services for less than full consideration, but does not include ordinary home hospitality or the rendering of "part-time" personal services of the sort commonly performed by volunteer campaign workers or advisors or incidental expenses not in excess of twenty-five dollars ($25.00) personally paid for by any volunteer campaign worker. "Part-time" services for the purposes of this definition, means services in addition to regular full-time employment, or, in the case of an unemployed person or persons engaged in part-time employment, services rendered without compensation or reimbursement of expenses from any source other than the candidate or political committee for whom such services are rendered. For the purposes of this act, contributions, other than money or its equivalents shall be deemed to have a money value equivalent to the fair market value of the contribution.

(d) "Election" means any general, special or primary election.

(e) "Election campaign" means any campaign in support of or in opposition to a candidate for election to public office and any campaign in support of, or in opposition to, a measure.

(f) "Expenditure" includes any payment, contribution, subscription, distribution, loan, advance, deposit, or gift of money or anything of value, and includes a contract, promise, or agreement, whether or not legally enforceable, to make an expenditure. The term "expenditure" also includes a promise to pay, a payment or a transfer of anything of value in exchange for goods, services, property, facilities or anything of value for the purpose of assisting, benefiting or honoring any public official or candidate, or assisting in furthering or opposing any election campaign.

(g) "Independent expenditure" means any expenditure by a person for a communication expressly advocating the election, passage or defeat of a clearly identified candidate or measure that is not made with the cooperation or with the prior consent of, or in consultation with, or at the consent of, or in consultation with, or at the request of a suggestion of, a candidate or any agent or authorized committee of the candidate or political committee supporting or opposing a measure. As used in this subsection, "expressly advocating" means any communication containing a message advocating election, passage or defeat including, but not limited to, the name of the candidate or measure, or expression such as "vote for," "elect," "support," "cast your ballot for," "vote against," "defeat" or "reject."

(h) "Lobby" and "lobbying" each means attempting through contacts with, or causing others to make contact with, members of the legislature or legislative committees, to influence the approval, modification or rejection of any legislation by the legislature of the state of Idaho or any committee thereof. Neither "lobby" nor "lobbying" includes an association's or other organization's act of communicating with the mem-
bers of that association or organization.

(i) "Lobbyist" includes any person who lobbies.

(j) "Lobbyist's employer" means the person or persons by whom a lobbyist is employed, directly or indirectly, and all persons by whom he is compensated for acting as a lobbyist.

Any entity registered with the federal election commission shall not be considered a political committee for purposes of this chapter.

(3) A county, district or regional committee of a recognized political party shall not be considered a political committee for the purposes of this chapter unless such party committee has expenditures exceeding five thousand dollars ($5,000) in a calendar year.

(o) "Political treasurer" means an individual appointed by a candidate or political committee as provided in section 67-6603, Idaho Code.

resentation, nonpayment of premium, exhaustion of benefits or if the
insured for whom the prior approval was granted is not enrolled at
the time the covered service was provided; and

cific payment made, in any type or form, to the provider as an
inducement to deny, reduce, limit, or delay specific, medically nec­
essary, and appropriate services covered by the health care policy.
(2) No health care provider shall require an insured to make addi­
tional payments for covered services under a policy subject to subsec­
tion (1) of this section, other than specified deductibles, copayments

insurer's reimbursement rate to provide a covered service.

RELATING TO PROMPT PAYMENT OF CLAIMS; AMENDING TITLE 41, IDAHO CODE, BY THE ADDITION OF A NEW CHAPTER 56, TITLE 41, IDAHO CODE, TO DEFINE TERMS, TO REQUIRE THE PROMPT PAYMENT OF CLAIMS, TO PROVIDE FOR INTEREST PAYMENTS, TO PROVIDE THAT INSURERS ARE NOT REQUIRED TO ACCEPT AN ASSIGNMENT OF PAYMENT, TO PROVIDE EXCEPTIONS AND TO PROVIDE PENALTIES; PROVIDING AN EFFECTIVE DATE AND PROVIDING FOR APPLICATION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 41, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 56, Title 41, Idaho Code, and to read as follows:

CHAPTER 56
PROMPT PAYMENT OF CLAIMS

41-5601. DEFINITIONS. As used in this chapter:
(1) "Beneficiary" means a policyholder, subscriber, member, employer or other person who is eligible for benefits under a contract providing hospital, surgical, or medical expense coverage or a managed care organization policy or agreement under which a third party payer agrees to reimburse for covered health care services rendered to beneficiaries in accordance with the benefits contract.
(2) "Date of payment" means the date the payment is sent as indicated by the mail stamp on the envelope, by the insurer to the practitioner or facility or to the beneficiary in the event there is not a contract for direct payment by the insurer to the practitioner or facil-
ity, or, in the event of a wire or other electronic funds transfer, upon
acceptance by the insurer's bank of a payment order.
(3) "Department" means the department of insurance.
(4) "Director" means the director of the department of insurance.
(5) "Electronic claim" means a claim that is transmitted through
the use of electronic media, which includes the internet, extranet,

that are physically moved from one (1) location to another using mag­
netic tape, disk or compact disk media. The claim shall contain the
proper format and code sets in accordance with the applicable implemen­
tation specifications under 45 CFR 160 et seq., and 45 CFR 162 et seq.
(6) "Insurer" means any insurer that sells hospital, medical, long­
term care, or vision insurance policies or certificates and managed care
organizations. For the purpose of this chapter only, "Insurer" also
includes a third party administrator who makes payments to beneficia­
ries, practitioners or facilities on behalf of an insurer and a hospital
or professional service corporation that provides hospital, medical,
long-term care or vision health care services.
(7) "Practitioner or facility" means any physician, hospital or
other person or facility licensed or otherwise authorized to furnish
health care services.
(8) "Receipt of claim" means the date the claim is actually
received by the insurer from the practitioner or facility or the benefi­

(9) "Submission of claim" means the date the claim is sent as indi­
cated by the mail stamp on the envelope, by the beneficiary, practitio­
er or facility, to the insurer or the date an electronic claim is
transmitted to an insurer.

41-5602. PROMPT PAYMENT OF CLAIMS. (1) Except as otherwise specifi­
cally provided in this chapter, an insurer shall process a claim for
payment for health care services rendered by a practitioner or facility
to a beneficiary in accordance with this section.
(2) If a beneficiary, practitioner or facility submits an elec­
tronic claim to an insurer within thirty (30) days of the date on which
service was delivered, an insurer shall pay or deny the claim not later
than thirty (30) days after receipt of the claim.
(3) If a beneficiary, practitioner or facility submits a paper
claim for payment to an insurer within forty-five (45) days of the date
on which service was delivered, an insurer shall pay or deny the claim not later than forty-five (45) days after receipt of the claim.
(4) If an insurer denies the claim or needs additional information
to process the claim, the insurer shall notify the practitioner or
facility and the beneficiary in writing within thirty (30) days of
receipt of the claim. The notice shall state why the insurer denied the
claim.
(5) If the claim was denied because more information was required
to process the claim, the notice shall specifically describe all infor­
mation and supporting documentation needed to evaluate the claim for
processing. If the practitioner or facility submits the information and
documentation identified by the insurer within thirty (30) days of
receipt of the written notice, the insurer shall process and pay the
claim within thirty (30) days of receipt of the additional information
or, if appropriate, deny the claim.
(6) Any claim submitted pursuant to this chapter shall use the current procedural terminology (CPT) code in effect, as published by the American medical association, the international classification of disease (ICD) code in effect, as published by the United States department of health and human services, or the healthcare common procedural coding system (HCPCS) code in effect, as published by the United States centers for medicaid and medicare services (CMS).

(7) This chapter shall not apply to claims submitted under policies or certificates of insurance for specific disease, hospital confinement indemnity, accident-only, credit, medicare supplement, disability income insurance, student health benefits only coverage issued as a supplement to liability insurance, worker's compensation or similar insurance, automobile medical payment insurance or nonrenewable short-term coverage issued for a period of twelve (12) months or less.

41-5603. INTEREST PAYMENTS. An insurer that fails to pay, request additional information or documentation or deny a claim from a beneficiary, practitioner or facility within the time periods established in this chapter shall pay interest at the contract statutory rate pursuant to section 28-22-104, Idaho Code, on the unpaid amount of a claim that is determined to be due and owing. The interest shall accrue from the date payment was due, pursuant to the provisions of this chapter, until the claim is paid. Payment of any interest amount of less than four dollars ($4.00) shall not be required. Insurers may add any interest due to a future payment to the beneficiary, practitioner or facility.

41-5604. ASSIGNMENT. Nothing in this chapter requires an insurer to accept an assignment of payment by the beneficiary to the practitioner or facility.

41-5605. EXCEPTIONS. (1) The time periods set forth in section 41-5602, Idaho Code, shall not apply to claims that the insurer reasonably believes involve fraud or misrepresentation by the practitioner or facility or the beneficiary or to instances where the insurer has not been provided the information necessary to evaluate the claim after notice has been given requesting additional information by the insurer as required by section 41-5602(5), Idaho Code.

(2) The time periods set forth in section 41-5602, Idaho Code, shall not apply to claims that the insurer reasonably believes require medical records, including accident reports, for the purpose of investigating whether a claim is valid for subrogation, or the coordination of benefits payable by the insurer with benefits payable by another insurer or payable under federal or state law.

(3) An insurer is not required to comply with the time periods set forth in section 41-5602, Idaho Code, if the insurer is in compliance with a contract with the practitioner or facility which specifies different payment requirements. Payments made within the time periods set forth in section 41-5602, Idaho Code, for the purpose of this chapter, shall be deemed to be made in a reasonable and timely manner.

(4) An insurer is not required to comply with the periods set forth in section 41-5602, Idaho Code, if the fee or premium entitled to insurance benefits has not been paid in full.

(5) An insurer is not required to comply with the time periods set forth in section 41-5602, Idaho Code, if failure to comply is due to an
act of God, bankruptcy, an act of a governmental authority responding to
an act of God or emergency or the result of a strike, walkout or other
labor dispute, or act of terrorism.

41-5606. PENALTIES. (1) The director shall enforce the provisions
of this chapter and shall review and, if appropriate, investigate com-
plaints received by the department related to noncompliance with the
provisions of this chapter.

(2) If the director determines an insurer has violated the provi-
sions of this chapter, the director may impose an administrative fine
not to exceed five thousand dollars ($5,000) based upon an enforcement
action.

(3) The director shall not suspend or revoke an insurer's certifi-
cate of authority for violation of this chapter.

(4) No administrative penalty shall be imposed against an insurer
under this chapter or any other provision of law for failure to comply
with this chapter if, in the calendar year it has paid ninety-five per-
cent (95%) or more of all claims subject to this chapter to or on behalf
of beneficiaries within the time periods set forth in section 41-5602,
Idaho Code.

(5) This section shall not create a private cause of action by or
on behalf of a beneficiary or practitioner or facility against an
insurer.

SECTION 2. This act shall be in full force and effect on and after
January 1, 2005, and shall apply to those claims with a date of service
on and after January 1, 2005.

Fifty-seventh Idaho Legislature, there is hereby appropriated to the
Department of Administration the following amount to be expended for the
designated program according to the designated expense class from the
listed fund for the period July 1, 2004, through June 30, 2005:

I. PUBLIC WORKS:
FOR: Operating Expenditures $650,000
FROM: Administration and Accounting Services Fund $650,000

AN ACT
RELATING TO IDAHO COMMEMORATIVE SILVER MEDALLIONS; AMENDING SECTION 67-1223, IDAHO CODE, TO AUTHORIZE THE STATE TREASURER TO MAKE ARRANGEMENTS FOR THE PROMOTION OF MEDALLIONS AND TO RETAIN AMOUNTS FROM THE SALE OF MEDALLIONS AS NECESSARY TO REPAY THE STATE TREASURER FOR PROMOTION COSTS INCURRED; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 67-1223, Idaho Code, be, and the same is hereby amended to read as follows:

67-1223. IDAHO COMMEMORATIVE SILVER MEDALLIONS ISSUED BY THE STATE TREASURER. (1) The state treasurer is hereby authorized to issue a series of commemorative silver medallions for sale to the public. Each series shall commemorate Idaho history, people or resources and may bear the great seal of the state of Idaho. Medallions shall contain one (1) ounce of fine silver, shall be alloyed to at least ninety percent (90%) fineness, and shall not constitute legal tender. No sales or use tax shall be imposed on the sale or purchase of medallions from the state treasurer or any agent designated by the state treasurer. Only mints which have contracted with the state treasurer may produce Idaho commemorative silver medallions. Any other production of such medallions is a misdemeanor.

(2) The state treasurer shall make such arrangements as the state treasurer considers appropriate for the production, promotion, distribution and sale of medallions, and shall ensure that all moneys received from the sale of medallions are paid into the state treasury and credited to the state veterans cemetery maintenance fund created in section 65-107, Idaho Code. Provided however, the state treasurer is hereby authorized to retain such amounts from the sale of medallions as necessary to repay costs incurred by the state treasurer in the promotion, shipping and handling of medallions. Provided further, if the initial cost to mint a series of medallions is provided by moneys from another state fund, then such other fund shall first be reimbursed for such costs before the remaining revenues are credited to the state veterans cemetery maintenance fund. The revenues shall be used for the purposes designated in section 65-107, Idaho Code.

(3) The state treasurer, in collaboration with a committee of legislators comprised of representatives appointed by the speaker of the house of representatives and senators appointed by the president pro tempore of the senate, shall determine the number of medallions to be issued in a series, shall determine the number of series to be issued, and shall approve the design of medallions for each series.

(4) The state treasurer, as agent of the state of Idaho, is hereby directed to obtain a federal trademark on the design of each series of medallions issued, and is further authorized, after consultation with the attorney general, to register for a state trademark under chapter 5, title 48, Idaho Code. The design of each series of Idaho commemorative silver medallions is the property of the state of Idaho, and the state
of Idaho and the taxpayers shall be deemed to have a trademark on each
design. It is the duty of the state treasurer to protect each and every
trademark.

(a) If a person reproduces a trademark medallion design and dis­
tributes any product using any such design for the purpose of direct
or indirect commercial advantage, the person shall owe to the state
treasurer, as the agent of the state of Idaho, a royalty fee in
addition to the revenues derived from the sale of products using a
medallion design. Any person who reproduces a trademark design and
distributes any product with a medallion design in violation of the
provisions of this subsection (4), shall be deemed to be an
infringer of the state of Idaho's trademark. The state treasurer,
through the office of the attorney general, is entitled to institute
an action for any infringement of that particular right committed
while the state treasurer or his designated agent has custody of the
trademark.

(b) A court having jurisdiction of a civil action arising under
this subsection (4) may grant such relief as it deems appropriate.
At any time while an action under this subsection (4) is pending,
the court may order the impounding, on such terms as it deems rea­
sonable, of all products in inventory of the infringer which are in
violation of law.

(c) An infringer on the state of Idaho's trademark pursuant to this
subsection (4) is liable for any profits the infringer has incurred
reproducing a trademark design and distributing products using the
design for commercial purposes or is liable for statutory damages as
provided in paragraph (d) of this subsection (4).

(d) The state treasurer, as agent of the trademark owner, may
elect, at any time before final judgment is rendered, to recover,
instead of actual damages and profits, an award of statutory damages
for all infringements involved in the action, with respect to a
trademark medallion design for which any one (1) infringer is liable
individually, or for which any two (2) or more infringers are liable
jointly and severally, in a sum of not less than two hundred fifty
dollars ($250) or more than ten thousand dollars ($10,000), as the
court considers just.

(e) In any civil action under this subsection (4), the court may
allow the recovery of full costs by or against any party and may
also award reasonable attorney's fees to the prevailing party as
part of the costs.

(5) Medallions in the first series issued shall commenmorate
"Support of Idaho's Heroes" to honor the courage and sacrifice of all
Idaho servicemen and veterans of the United States armed forces and
Idaho military branches of the armed services.

SECTION 2. An emergency existing therefor, which emergency is
hereby declared to exist, this act shall be in full force and effect on
and after its passage and approval.

CHAPTER 294  
(S.B. No. 1256)  

AN ACT  
RELATING TO THE PUBLIC EMPLOYEE RETIREMENT SYSTEM; AMENDING SECTION 59-1302, IDAHO CODE, TO REVISE THE DEFINITION OF "EMPLOYEE."

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 59-1302, Idaho Code, be, and the same is hereby amended to read as follows:

59-1302. DEFINITIONS. (1) As used in this chapter, each of the terms defined in this section shall have the meaning given in this section unless a different meaning is clearly required by the context.

(2) "Active member" means any employee who is not establishing the right to receive benefits through his or her employer's participation in any other retirement system established for Idaho public employees, if such participation is mandated by applicable Idaho statutes other than this chapter. In no case will an employee be entitled to any benefit
under this chapter for public service if such employee is establishing retirement benefit entitlements by other Idaho statutes or federal statutes other than military service or social security for that same service.

(3) "Accumulated contributions" means the sum of amounts contributed by a member of the system, together with regular interest credit thereon.

(4) "Actuarial equivalent" means a benefit equal in value to another benefit, when computed upon the basis of the actuarial tables in use by the system.

(5) "Actuarial tables" means such tables as shall have been adopted by the board in accordance with recommendations of the actuary.

(5A) "Alternate payee" means a spouse or former spouse of a member who is recognized by an approved domestic retirement order as having a right to all or a portion of the accrued benefits in the retirement system with respect to such member.

(5B) "Approved domestic retirement order" means a domestic retirement order which creates or recognizes the existence of an alternate payee's right or assigns to an alternate payee the right to all or a portion of the accrued benefits of a member under the retirement system, which directs the system to establish a segregated account or disburse benefits to an alternate payee, and which the executive director of the retirement system has determined meets the requirements of sections 59-1319 and 59-1320, Idaho Code.

(5C) "Average monthly salary" means the member's average salary during the base period as calculated pursuant to rules adopted by the retirement board.

(5D) (a) "Base period" means the period of fifty-four (54) consecutive calendar months during which the member earned:

(i) The highest average salary; and

(ii) Membership service of at least one-half (1/2) the number of months in the period, excluding months of service attributable to:

A. Military service;
B. Service qualifying as minimum benefit pursuant to section 59-1342(5), Idaho Code; and
C. Worker's compensation income benefits.

(b) Effective October 1, 1993, the consecutive calendar months shall be forty-eight (48). Effective October 1, 1994, the consecutive calendar months shall be forty-two (42).

(c) Entitlement to a base period shall not vest until the effective date of that base period. The retirement benefits shall be calculated on the amounts, terms and conditions in effect at the date of the final contribution by the member.

(d) If no base period exists for a member, the member's average monthly salary shall be determined by the board, using standards not inconsistent with those established in this subsection.

(e) To assure equitable treatment for all members, salary increments inconsistent with usual compensation patterns may be disallowed by the board in determining average monthly salary and base period.

(6) "Beneficiary" means the person who is nominated by the written designation of a member, duly executed and filed with the board, to receive the death benefit.
"Calendar year" means twelve (12) calendar months commencing on the first day of January.

"Contingent annuitant" means the person designated by a member under certain retirement options to receive benefit payments upon the death of the member. The person so designated must be born and living on the effective date of retirement.

"Credited service" means the aggregate of membership service, prior service and disabled service.

"Date of establishment" means July 1, 1965, or a later date established by the board or statute.

"Death benefit" means the amount, if any, payable upon the death of a member.

"Disability retirement allowance" means the periodic payment becoming payable upon an active member's ceasing to be an employee while eligible for disability retirement.

"Disabled" means:
(a) That the member is prevented from engaging in any occupation or employment for remuneration or profit as a result of bodily injury or disease, either occupational or nonoccupational in cause, but excluding disabilities resulting from service in the armed forces of any country, or from an intentionally self-inflicted injury; and
(b) That the member will likely remain so disabled permanently and continuously during the remainder of the member's life.

It is not necessary that a person be absolutely helpless or entirely unable to do anything worthy of compensation to be considered disabled. If the person is so disabled that substantially all the avenues of employment are reasonably closed to the person, that condition is within the meaning of "disabled." In evaluating whether a person is disabled, medical factors and nonmedical factors including, but not limited to, education, economic and social environment, training and usable skills may be considered.

Refusal to submit to a medical examination ordered by the board before the commencement of a disability retirement allowance or at any reasonable time thereafter shall constitute proof that the member is not disabled. The board shall be empowered to select for such medical examination one (1) or more physicians or surgeons who are licensed to practice medicine and perform surgery. The fees and expenses of such examination shall be paid from the administration account of the fund. No member shall be required to undergo such examination more often than once each year after he has received a disability retirement allowance continuously for two (2) years.

"Disabled service" means the total number of months elapsing from the first day of the month next succeeding the final contribution of a member prior to receiving a disability retirement allowance to the first day of the month following the date of termination of such disability retirement allowance. During such period, the member shall remain classified in the membership category held during the month of final contribution. The total number of months of disabled service credited for a person first becoming disabled after the effective date of this chapter shall not exceed the excess, if any, of three hundred sixty (360) over the total number of months of prior service and membership service.

"Domestic retirement order" means any judgment, decree, or order, including approval of a property settlement agreement which
relates to the provision of marital property rights to a spouse or former spouse of a member, and is made pursuant to a domestic relations law, including the community property law of the state of Idaho or of another state.

CHAPTER 317
(H.B. No. 609, As Amended)

AN ACT
RELATING TO SENTENCING IN CAPITAL CASES; AMENDING SECTION 19-2515, IDAHO CODE, TO PROVIDE THAT CERTAIN INFORMATION CONCERNING THE VICTIM AND THE IMPACT OF THE DEATH OF THE VICTIM IS RELEVANT AND ADMISSIBLE AND TO PROVIDE THAT CHARACTERIZATIONS AND OPINIONS ABOUT THE CRIME, THE DEFENDANT AND THE APPROPRIATE SENTENCE SHALL NOT BE PERMITTED AS PART OF ANY VICTIM IMPACT INFORMATION; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 19-2515, Idaho Code, be, and the same is hereby amended to read as follows:

19-2515. SENTENCE IN CAPITAL CASES -- SPECIAL SENTENCING PROCEEDING -- STATUTORY AGGRAVATING CIRCUMSTANCES -- SPECIAL VERDICT OR WRITTEN FINDINGS.

(1) Except as provided in section 19-2515A, Idaho Code, a person convicted of murder in the first degree shall be liable for the imposition of the penalty of death if such person killed, intended a killing, or acted with reckless indifference to human life, irrespective of whether such person directly committed the acts that caused death.

(2) Where a person is sentenced to serve a term in the penitentiary, after conviction of a crime which falls within the provisions of section 20-223, Idaho Code, except in cases where the court retains jurisdiction, the comments and arguments of the counsel for the state and the defendant relative to the sentencing and the comments of the judge relative to the sentencing shall be recorded. If the comments are recorded electronically, they need not be transcribed. Otherwise, they shall be transcribed by the court reporter.

(3) Where a person is convicted of an offense which may be punishable by death, a sentence of death shall not be imposed unless:

(a) A notice of intent to seek the death penalty was filed and served as provided in section 18-4004A, Idaho Code; and

(b) The jury, or the court if a jury is waived, finds beyond a reasonable doubt at least one (1) statutory aggravating circumstance.
Where a statutory aggravating circumstance is found, the defendant shall be sentenced to death unless mitigating circumstances which may be presented are found to be sufficiently compelling that the death penalty would be unjust. The jury shall not direct imposition of a sentence of death unless it unanimously finds at least one (1) statutory aggravating circumstance and unanimously determines that the penalty of death should be imposed.

(4) Notwithstanding any court rule to the contrary, when a defendant is adjudicated guilty of murder in the first degree, whether by acceptance of a plea of guilty, by verdict of a jury, or by decision of the trial court sitting without a jury, no presentence investigation shall be conducted; provided however, that if a special sentencing proceeding is not held or if a special sentencing proceeding is held but no statutory aggravating circumstance has been proven beyond a reasonable doubt, the court may order that a presentence investigation be conducted.

(5) (a) If a person is adjudicated guilty of murder in the first degree, whether by acceptance of a plea of guilty, by verdict of a jury, or by decision of the trial court sitting without a jury, and a notice of intent to seek the death penalty was filed and served as provided in section 18-4004A, Idaho Code, a special sentencing proceeding shall be held promptly for the purpose of hearing all relevant evidence and arguments of counsel in aggravation and mitigation of the offense. Information concerning the victim and the impact that the death of the victim has had on the victim's family is relevant and admissible. Such information shall be designed to demonstrate the victim's uniqueness as an individual human being and the resultant loss to the community by the victim's death. Characterizations and opinions about the crime, the defendant and the appropriate sentence shall not be permitted as part of any victim impact information. The special sentencing proceeding shall be conducted before a jury unless a jury is waived by the defendant with the consent of the prosecuting attorney.

(b) If the defendant's guilt was determined by a jury verdict, the same jury shall hear the special sentencing proceeding; provided however, that if it is impracticable to reconvene the same jury to hear the special sentencing proceeding due to an insufficient number of jurors, the trial court may dismiss that jury and convene a new jury of twelve (12) persons, plus alternate jurors as the trial court deems necessary pursuant to section 19-1904, Idaho Code.

(c) If the defendant's guilt was determined by a plea of guilty or by a decision of the trial court sitting without a jury, or if a retrial of the special sentencing proceeding is necessary for any reason including, but not limited to, a mistrial in a previous special sentencing proceeding or as a consequence of a remand from an appellate court, the trial court shall impanel a jury of twelve (12) persons, plus alternate jurors as the trial court deems necessary pursuant to section 19-1904, Idaho Code, unless such jury is waived.

(d) If a special sentencing proceeding is conducted before a newly impaneled jury pursuant to the provisions of subsection (5)(b) or (5)(c) of this section, the state and the defense may present evidence to inform the jury of the nature and circumstances of the murder for which the defendant was convicted. The newly impaneled jury shall be instructed that the defendant has previously been found
guilty of first-degree murder and that the jury's purpose is limited to making findings relevant for sentencing.

(6) At the special sentencing proceeding, the state and the defendant shall be entitled to present all relevant evidence in aggravation and mitigation. Disclosure of evidence to be relied on in the sentencing proceeding shall be made in accordance with Idaho criminal rule 16. (1) The legislature of the state of Idaho finds that:
(a) Since the original enactment of the emergency communications act in 1988, many of Idaho's communities have found that they are lacking in the resources to fully fund emergency communications systems at the local level;
(b) Changes in technology and the rapid growth of communications media have demonstrated that financing such systems solely by a line charge on subscribers to wire-line services does not reflect utilization of emergency communications systems by subscribers to wireless and other forms of communications systems;
(c) There is a need to enhance funding for the initiation and enhancement of consolidated emergency communications systems throughout the state;
(d) Utilization of cellular telephones to access emergency communications systems has substantially increased citizen access to emergency services while at the same time increasing demands upon the emergency response system;
(e) In order to protect and promote the public health and safety, and to keep pace with advances in telecommunications technology and the various choices of telecommunications technology available to the public, there is a need to plan and develop a statewide coordinated policy and program to ensure that enhanced 911 services are available to all citizens of the state and in all areas of the state. Accordingly, it is the intent of the legislature that the association of Idaho cities and the Idaho association of counties establish a task force composed of county commissioners, sheriffs, city councilmen, police chiefs, fire chiefs, emergency medical service providers and telecommunications providers. The purpose of the task force is to review and, if appropriate, recommend legislation.

tems-and—(ii)—the-establishment-of-emergency-communications—systems

(2) Therefore, it is hereby declared that the intent and purpose of
the provisions of this act are to:
(a) Provide authority to counties and 911 service areas to impose
an emergency communications fee on the use of both telephone lines
and wireless communications systems;
(b) Provide that the emergency communications fee shall be exclu-
sively utilized by the counties or 911 service areas electing to
impose it to finance the initiation, maintenance, operation,
enhancement and governance of consolidated emergency systems as well
as enhanced consolidated emergency systems;
(c) Provide for the agreed-to reimbursement to wireless—carriers
telecommunications providers for their implementation of enhanced
consolidated emergency communications systems by counties or 911
service areas that have implemented enhanced consolidated emergency
communications systems.

SECTION 2. That Chapter 48, Title 31, Idaho Code, be, and the same
is hereby amended by the addition thereto of NEW SECTIONS, to be known
and designated as Sections 31-4815, 31-4816, 31-4817 and 31-4818, Idaho

The commission shall have sixty (60) days from the date of submission of any issues to mediate and recommend a course of action to the local governments involved in the dispute. Any recommendation of the commission shall be advisory only and shall not be binding on the parties involved. After receipt of any recommendation by the commission, the local governments may accept in whole or in part the recommendations or may initiate legal action as provided by contract or law.
31-4818. IDAHO EMERGENCY COMMUNICATIONS FUND -- ESTABLISHMENT AND ADMINISTRATION. (1) There is hereby created within the treasury of the state of Idaho a separate fund known as the Idaho emergency communications fund, which shall consist of moneys received from counties, cities, consolidated emergency communications operations, grants, donations, gifts and revenues from any other source to support the delivery of consolidated emergency communications systems.

(2) Moneys in the fund are hereby continuously appropriated and shall be utilized exclusively for the purposes set forth in this chapter as determined by the commission.

(3) Annually, at the direction of the commission, not more than one percent (1%) of the total emergency communications fees collected in the state of Idaho is hereby dedicated for and shall be placed in the fund on a quarterly basis by county, city or consolidated emergency communications systems. RELATING TO THE IDAHO STATE INDEPENDENT LIVING COUNCIL; AMENDING TITLE 56, IDAHO CODE, BY THE ADDITION OF A NEW CHAPTER 12, TITLE 56, IDAHO CODE, TO PROVIDE LEGISLATIVE INTENT AND TO CREATE THE IDAHO STATE INDEPENDENT LIVING COUNCIL, TO PROVIDE EXEMPTION FROM CERTAIN STATE LAWS, TO PROVIDE POWERS OF THE IDAHO STATE INDEPENDENT LIVING COUNCIL, TO PROVIDE FOR APPOINTMENT OF DIRECTORS OF THE IDAHO STATE INDEPENDENT LIVING COUNCIL, TO PROVIDE ADDITIONAL POWERS AND DUTIES OF THE COUNCIL, TO PROVIDE FOR ALLOCATION OF FUNDS BY DESIGNATED STATE UNITS AND TO CREATE THE IDAHO STATE INDEPENDENT LIVING COUNCIL FUND.
Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 56, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 12, Title 56, Idaho Code, and to read as follows:

CHAPTER 12
IDAHO STATE INDEPENDENT LIVING COUNCIL

56-1201. IDAHO STATE INDEPENDENT LIVING COUNCIL — LEGISLATIVE INTENT. The Idaho state independent living council, as hereby created and as provided for in this chapter, is not a single department of state government unto itself, nor is it a part of any of the twenty (20) departments of state government authorized by section 20, article IV, of the constitution of the state of Idaho, or of the departments prescribed in section 67-2402, Idaho Code.

It is legislative intent that the Idaho state independent living council operate and be recognized not as a state agency or department, but as a governmental entity whose creation has been authorized by the state, much in the same manner as other single purpose districts. Pursuant to this intent, and because the Idaho state independent living council is not a state department or agency, the Idaho state independent living council is exempt from the required participation in the services of the purchasing agent or employee liability coverage, as rendered by the department of administration. However, nothing shall prohibit the Idaho state independent living council from entering into contractual arrangements with the department of administration, or any other department of state government or an elected constitutional officer, for these or any other services.

It is legislative intent to require compliance with the state merit system, and to affirm the participation of the Idaho state independent living council in the public employee retirement system, chapter 13, title 59, Idaho Code, and the personnel system, chapter 53, title 67, Idaho Code.

It is also legislative intent that the matters of location of deposit of Idaho state independent living council funds, or the instruments or documents of payment from those funds shall be construed as no more than items of convenience for the conduct of business, and in no way reflect upon the nature or status of the Idaho state independent living council as an entity of government.

This section merely affirms that the Idaho state independent living council created under this chapter is not a state agency and in no way changes the character of it as it existed prior to this chapter. The functions previously performed by the state independent living council created by executive order no. 2002-05, are hereby transferred to the Idaho state independent living council pursuant to this chapter.

56-1202. IDAHO STATE INDEPENDENT LIVING COUNCIL — POWERS. The council shall:

(1) Be independent of any state agency;
(2) Adopt bylaws and policies governing its operation;
(3) Provide to the council's employees the employee benefit package offered to state of Idaho employees; and
(4) Meet at least quarterly.
56-1203. DIRECTORS OF IDAHO STATE INDEPENDENT LIVING COUNCIL. Directors of the Idaho state independent living council shall be appointed by, and serve at the pleasure of, the governor. The governor shall comply with the provisions of 29 U.S.C. section 796d(b) and 34 CFR 364.21 in making appointments to the council. The council shall select an executive director to carry out the executive functions of the council.

56-1204. ADDITIONAL POWERS AND DUTIES. The council shall carry out those powers and duties set forth in 29 U.S.C. section 796d(c) and 34 CFR 364.21. The council shall also:

1. Assess the need for services for Idahoans with disabilities and advocate with decision makers;
2. Supervise and evaluate such staff as may be necessary to carry out the functions of the council;
3. Ensure that all regularly scheduled meetings of the council are open to the public and that sufficient advance notice of meetings is provided pursuant to the open meeting law;
4. Prepare reports and make recommendations, as necessary;
5. Perform other activities the council deems necessary to increase the ability of Idahoans with disabilities to live independently;
6. Promulgate rules, as may be necessary, in compliance with chapter 52, title 67, Idaho Code.

56-1205. ALLOCATION OF FUNDS BY DESIGNATED STATE UNITS. The Idaho division of vocational rehabilitation shall enter into an agreement with the Idaho state independent living council for the allocation of funds to support the council's activities. The funds shall be deposited in the Idaho state independent living council fund created pursuant to section 56-1206, Idaho Code. Such an agreement shall not be subject to the competitive bidding requirements as provided by law, and shall be limited to the amounts appropriated by the legislature or the United States congress.

56-1206. IDAHO STATE INDEPENDENT LIVING COUNCIL FUND. There is hereby created in the state treasury the Idaho state independent living council fund. Moneys in the fund shall consist of appropriations, grants, federal funds, donations, gifts, or moneys from any other source. Moneys in the fund are hereby perpetually appropriated for purposes provided in this chapter. The state treasurer shall invest idle moneys in the fund and any interest received on those investments shall be returned to the fund.

CHAPTER 328
(H.B. No. 726, As Amended)

AN ACT
RELATING TO THE PUBLIC EMPLOYEE RETIREMENT SYSTEM; AMENDING SECTION 59-1319, IDAHO CODE, TO PROVIDE CIRCUMSTANCES WHEN THE ALTERNATE PAYEE IS THE MEMBER'S NAMED CONTINGENT ANNUITANT AND IS WAIVING ALL
SURVIVOR BENEFITS AS THE NAMED CONTINGENT ANNUITANT; AMENDING SECTION 59-1320, IDAHO CODE, TO PROVIDE FOR ADJUSTMENT OF A MEMBER'S BENEFIT IF AN ALTERNATE PAYEE WAIVES ALL SURVIVOR BENEFITS OTHERWISE PAYABLE AS A CONTINGENT ANNUITANT; AND AMENDING SECTION 59-1351, IDAHO CODE, TO PROVIDE FOR THE PAYMENT OF BENEFITS WHEN SURVIVOR BENEFITS ARE WAIVED PURSUANT TO A DOMESTIC RETIREMENT ORDER.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 59-1319, Idaho Code, be, and the same is hereby amended to read as follows:

59-1319. APPROVED DOMESTIC RETIREMENT ORDERS — REQUIREMENTS. (1) An approved domestic retirement order must meet the following requirements:

(a) Clearly specify that such order applies to the retirement system;
(b) Clearly specify the effective date of the order, which is the date of divorce or the date of an earlier property settlement agreement incorporated into the initial divorce decree, the name, social security number, date of birth, sex, and last known mailing address of the member and the name, social security number, date of birth, sex, and last known mailing address of the alternate payee covered by the order;
(c) Provide for a proportional reduction of the amount awarded to an alternate payee in the event that benefits available to the member are reduced by law;
(d) For benefits as defined in chapter 13, title 59, Idaho Code, for members who are not retired members: (i) clearly specify the amount or percentage of the member's taxed and tax deferred accumulated contributions which are to be credited to the segregated account or the manner in which such amount or percentage is to be determined, and (ii) clearly specify the member's months of credited service, either by specific amount or percentage, to be transferred by the retirement system to the segregated account or the manner in which such amount or percentage is to be determined. The months of credited service transferred to the alternate payee shall be proportional to the accumulated contributions attributable to such months of credited service. Months of credited service transferred shall be whole months and not partial months;
(e) For benefits as defined in chapter 13, title 59, Idaho Code, for retired members, clearly specify the amount or percentage of the member's benefit being paid that the retirement system is to pay to the alternate payee, or the manner in which such amount or percentage is to be determined, and if the alternate payee is the member's named contingent annuitant and is waiving all survivor benefits as the named contingent annuitant, clearly specify such waiver pursuant to this subsection; and
(f) For benefits as defined in chapter 14, title 72, Idaho Code, clearly specify the amount or percentage of the member's benefit paid at the time of retirement which the retirement system is to pay to the alternate payee, or the manner in which such percentage is to be determined.

(2) An approved domestic retirement order cannot:
(a) Require the retirement system to provide any type or form of benefit or any option not otherwise provided under the retirement system;
(b) Require the retirement system to provide increased benefits determined on the basis of actuarial value;
(c) Require the payment of benefits to an alternate payee which are required to be paid to another alternate payee under another order previously determined to be an approved domestic retirement order or a court order entered prior to July 1, 1998;
(d) Require any action on the part of the retirement system contrary to its governing statutes or rules other than the direct payment of the benefit awarded to an alternate payee;
(e) Segregate or attempt to segregate the right to reinstate previous credited service as provided in section 59-1360, Idaho Code, unless such credited service has been fully reinstated by full payment of contributions and interest as provided in section 59-1360, Idaho Code;
(f) Purport to award to the alternate payee any future benefit increases that are provided or required by the legislature, except as provided in subsections (6) and (7) of section 59-1320, Idaho Code; or
(g) Require the payment of benefits to an alternate payee before the date on which the alternate payee attains the earliest retirement age under the retirement system. However, an alternate payee may take a lump sum distribution any time prior to receiving a lifetime annuity payment.

In no event shall an approved domestic retirement order cause the retirement system to pay any benefit or any amount of benefit greater than would have been paid had the member's account not been segregated.

(4) A party to any domestic retirement order issued prior to July 1, 1998, which distributes benefits defined in either chapter 13, title 59, Idaho Code, or chapter 14, title 72, Idaho Code, may move the court to modify such order to comply with the requirements of this section and section 59-1320, Idaho Code, provided that modifications be limited to issues related to the distribution of benefits defined in either chapter 13, title 59, Idaho Code, or chapter 14, title 72, Idaho Code, and that the value of the distribution is not materially changed.

SECTION 2. That Section 59-1320, Idaho Code, be, and the same is hereby amended to read as follows:

59-1320. APPROVED DOMESTIC RETIREMENT ORDERS -- APPLICATION AND EFFECT. (1) The executive director of the public employee retirement system or his designee upon receipt of a copy of a domestic retirement order, shall determine whether the order is an approved domestic retirement order and shall notify the member and the alternate payee of the determination within ninety (90) days. Orders shall be applied prospectively only from the first day of the month following the order being determined to be an approved domestic retirement order. The retirement system shall then pay benefits or establish a segregated account in accordance with the order. When established, the segregated account will consist of accumulated contributions identified in the approved domestic retirement order together with accrued interest on that amount from the
effective date to the date of segregation.

(2) If the order is determined not to be an approved domestic retirement order, or if no determination is issued within ninety (90) days, the member or the alternate payee named in the order may move the court which issued the order to amend the order so that it will be approved. The court that issued the order or which would otherwise have jurisdiction over the matter has jurisdiction to amend the order so that it will be qualified even though all other matters incident to the action or proceeding have been fully and finally adjudicated.

(3) The executive director of the retirement system to which a domestic retirement order is submitted or his designee has exclusive authority to determine whether a domestic retirement order is an approved domestic retirement order. If it is determined that a domestic retirement order does not meet the requirements for an approved domestic retirement order, both the issuing court and the parties to the order shall be notified so action may be taken to amend the order.

(4) Because an approved domestic retirement order cannot cause the retirement system to pay any benefit or any amount of benefit greater than would have been paid had the member's account not been segregated, disputes related to benefits paid under an approved domestic retirement order shall be resolved between the parties to the order by the court issuing that order. The retirement system shall not be made a party to the action. Any cost, including attorney's fees, incurred by the retirement system as a result of such actions shall be distributed by the court among the parties and included in any amended order issued.

(5) Unless the approved domestic retirement order specifies differently, if the member has a right to a vested benefit as of the effective date of the order, then both the member and the alternate payee shall have a right to a vested benefit after the transfer of months of service even if the member or the alternate payee has less than sixty (60) months of membership service.

(6) For benefits under chapter 13, title 59, Idaho Code, for members other than retired members, if the domestic retirement order awards to the alternate payee a portion of the member's accumulated contributions the alternate payee shall be entitled to all the same benefits and rights an inactive member has under chapter 13, title 59, Idaho Code. The alternate payee's benefit calculation for a lifetime annuity shall use the member's average monthly salary and base period as of the effective date of the order and the months of credited service transferred to the alternate payee's segregated account. The benefit calculation shall use the alternate payee's age with the appropriate reduction factors based on the alternate payee's age at the time of payment of the lifetime annuity. For the purpose of the lifetime annuity, the bridging factor, as specified in section 59-1355, Idaho Code, shall be the bridging factor between the effective date of the order or the last day of contributions by the member prior to the effective date of the order, whichever is earliest, and the date of the first lifetime annuity payment to the alternate payee. The alternate payee shall have the right to select any of the optional retirement allowances provided in section 59-1351, Idaho Code. The alternate payee shall have the right to name a beneficiary.

(7) For benefits defined under chapter 13, title 59, Idaho Code, for retired members, and for benefits under chapter 14, title 72, Idaho Code, the retirement system shall include in the alternate payee's
amount or percentage of the benefit, on a proportional basis, all future adjustments, including postretirement increases that are granted by the retirement system, and any death benefit. Furthermore, upon the death of the alternate payee, his/her percentage of the benefit will revert to the person or persons, including the member, who are entitled to the benefit under the system at the time of the alternate payee's death.

(8) For benefits under chapter 13, title 59, Idaho Code, for retired members, the form of payment previously elected by the member under section 59-1351, Idaho Code, cannot be changed by a domestic retirement order, except that a member's benefit may be adjusted as provided in section 59-1351(2), Idaho Code, if an alternate payee waives all survivor benefits otherwise payable as a contingent annuitant as provided in section 59-1319(1)(e), Idaho Code. Furthermore, no segregated account will be established by the retirement system for the alternate payee.

(9) For benefits defined under chapter 14, title 72, Idaho Code, the benefit paid to the alternate payee shall start when the retirement system begins paying benefits to the member, surviving spouse, or surviving children. Unless otherwise ordered, in the event the member dies and leaves a surviving spouse, during the surviving spouse's lifetime, the alternate payee shall be paid his/her designated amount or percentage of the benefit. Unless otherwise ordered, if there is no surviving spouse or the surviving spouse dies and there is a surviving child or children of the member who are under eighteen (18) years of age and unmarried, then the alternate payee shall be paid his/her designated amount or percentage of the benefit until the child or children reach the age of eighteen (18) years or marries, whichever occurs first.

(10) The retirement system shall be authorized to issue any and all appropriate tax forms or reports for any payments made to the alternate payee.

(11) The retirement system, the retirement board, and officers and employees of the retirement system shall not be liable to any person for making payments of any benefits in accordance with an approved domestic retirement order.

SECTION 3. That Section 59-1351, Idaho Code, be, and the same is hereby amended to read as follows:

59-1351. CONVERSION OF SERVICE RETIREMENT OR EARLY RETIREMENT ALLOWANCES INTO OPTIONAL RETIREMENT ALLOWANCES — FORM OF OPTIONAL RETIREMENT. (1) The service retirement allowance, or the early retirement allowance of a member who, at time of retirement, so elects shall be converted into an optional retirement allowance which is the actuarial equivalent of such other allowance. The optional retirement allowance may take one (1) of the forms listed below and shall be in lieu of all other benefits under this chapter except that the provisions of section 59-1361(2), Idaho Code, shall be applicable:

(a) Option 1 provides a reduced retirement allowance payable during the lifetime of the retired member, and a continuation thereafter of such reduced retirement allowance during the lifetime of the member's named contingent annuitant.

(b) Option 2 provides a reduced retirement allowance payable during the lifetime of the retired member, and a continuation thereafter of one-half (1/2) of such reduced retirement allowance during the life-
(c) Option 3, which is available only if the member retires before the date of the social security normal retirement age for that member, provides an increased retirement allowance until such date and a reduced retirement allowance thereafter, the difference between the two (2) amounts approximately equaling the governmental old-age benefit becoming payable at such date as estimated by the board.

(d) Option 4, which is available only if the member retires before the date of the social security normal retirement age for that member, provides either an adjusted option 1 (option 4A) or option 2 (option 4B) retirement allowance until such date and a reduced retirement allowance thereafter, the difference between the two (2) amounts approximately equaling the governmental old-age benefit becoming payable at such date as estimated by the board. The adjusted retirement allowance shall be paid to the retired member during the member’s lifetime and the appropriate continuation amount of the adjusted allowance to the member’s named contingent annuitant for life thereafter.

(2) Should the named contingent annuitant under option 1 or option 2 either predecease a member retiring on or after October 1, 1992, or waive all survivor benefits pursuant to a domestic retirement order approved under section 59-1320, Idaho Code, upon notification to the board, the member’s benefit on the first day of the month following the death of the contingent annuitant or approval of the domestic retirement order, as applicable, will thereafter become an allowance calculated pursuant to section 59-1342 or 59-1346, Idaho Code, whichever was applicable on the date of retirement, in addition to any postretirement allowance adjustments which may have accrued from that time. Should the named contingent annuitant under option 4 either predecease the member under option 4, or waive all survivor benefits pursuant to a domestic retirement order approved under section 59-1320, Idaho Code, upon notification to the board, the member’s benefit on the first day of the month following the contingent annuitant’s death or approval of the domestic retirement order, as applicable will thereafter become the option 3 allowance to which the member would have been entitled as of the date of the annuitant’s death, or approval of the domestic retirement order, as applicable. The benefit changes under this subsection shall be available only to members whose last contribution was made after the effective date of this act June 30, 1992.

(3) Option 1 or 2 may not be chosen if initial payments of less than twenty dollars ($20.00) per month would result.

(4) Application for any optional retirement allowance shall be in writing, duly executed and filed with the board. Such application shall contain all information required by the board, including such proofs of age as are deemed necessary by the board.

(5) A retirement option elected at the time of retirement as provided for in this section may not be changed except by written notice to the retirement board no later than five (5) business days after the receipt of the first retirement allowance.

(6) Not later than one (1) year after the marriage of a retired member, the member may elect option 1, 2 or 4 to become effective one (1) year after the date of such election, provided the member’s spouse is named as a contingent annuitant, and either:
(a) The member was not married at the time of the member's retirement; or
(b) The member earlier elected option 1, 2, 4A or 4B, having named the member's spouse as contingent annuitant, and said spouse has died or has waived all survivor benefits as provided in subsection (2) of this section. The retirement allowance to be converted in such a case is that currently being paid.

RELATING TO REAL PROPERTY OWNED BY THE UNIVERSITY OF IDAHO; AMENDING SECTION 58-335, IDAHO CODE, TO PROVIDE FOR A PROCESS TO BE FOLLOWED IN THE DISPOSAL OF REAL PROPERTY BY THE UNIVERSITY OF IDAHO.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 58-335, Idaho Code, be, and the same is hereby amended to read as follows:

58-335. LANDS EXEMPT FROM ACT. This act shall not be construed as applying to any lands or properties acquired under the act of congress, known as the Idaho Admission Act, or in the subsequent operations of the various endowment funds of the state. Nor shall this act apply to any lands or properties in the custody of the board of regents of the University of Idaho in its corporate capacity; provided, however, that the board of regents, desiring to avail itself of the facilities of this act, for the sale, exchange or transfer of any such properties, may proceed to negotiate a sale, transfer or exchange with the state board of land commissioners as would any other tax-supported agency. If the board of regents of the University of Idaho does not avail itself of the
facilities of this act, the board of regents shall use a process for disposal of real property that includes, at a minimum, a required appraisal and public notice of the proposed real property disposal prior to disposal; and for property disposals that are not part of an exchange or transfer, consideration given to granting a first option to purchase to local, state and federal governmental entities.

CHAPTER 332  
(H.B. No. 803)  

AN ACT  
RELATING TO INSURANCE; AMENDING SECTION 41-5208, IDAHO CODE, TO PROVIDE THAT THE PREEXISTING CONDITION LIMITATION SHALL NOT APPLY TO CERTAIN INDIVIDUALS; AMENDING SECTION 41-5501, IDAHO CODE, TO FURTHER DEFINE "ELIGIBLE INDIVIDUAL" AND TO MAKE A TECHNICAL CORRECTION; AND AMENDING SECTION 41-5510, IDAHO CODE, TO PROVIDE THAT CERTAIN PERSONS SHALL BE ELIGIBLE FOR HEALTH BENEFIT PLANS AND TO PROVIDE THAT CERTAIN LIMITATIONS AND REQUIREMENTS SHALL NOT APPLY IF SUCH PERSONS HAVE MAINTAINED CREDITABLE HEALTH INSURANCE COVERAGE FOR A SPECIFIED PERIOD OF TIME.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 41-5208, Idaho Code, be, and the same is hereby amended to read as follows:

41-5208. AVAILABILITY OF COVERAGE -- PREEXISTING CONDITIONS -- PORTABILITY.  
(1) (a) Every individual carrier shall, as a condition of offering health benefit plans in this state to individuals, actively offer health benefit plans to individuals, including the individual basic health benefit plan, the individual standard health benefit plan, the individual catastrophic A health benefit plan and the individual catastrophic B health benefit plan.  
(b) An individual carrier shall issue an individual basic, standard, catastrophic A or catastrophic B health benefit plan to any eligible individual that applies for such plan and agrees to make the required premium payments and to satisfy the other reasonable provisions of the health benefit plan not inconsistent with the provisions of this chapter.  
(2) (a) An individual carrier shall file with the director, in a format and manner prescribed by the director, the basic, standard and catastrophic health benefit plans to be used by the carrier. A health benefit plan filed pursuant to the provisions of this paragraph may be used by an individual carrier beginning thirty (30) days after it is filed unless the director disapproves its use.  
(b) The director at any time may, after providing notice and an opportunity for a hearing to the individual carrier, disapprove the continued use by an individual carrier of a basic, standard, or catastrophic health benefit plan on the grounds that the plan does not meet the requirements of this chapter.
(3) Health benefit plans covering individuals shall comply with the following provisions:

(a) A health benefit plan shall not deny, exclude or limit benefits for a covered individual for covered expenses incurred more than twelve (12) months following the effective date of the individual's coverage due to a preexisting condition. A health benefit plan shall not define a preexisting condition more restrictively than:

(i) A condition that would have caused an ordinarily prudent person to seek medical advice, diagnosis, care or treatment during the six (6) months immediately preceding the effective date of coverage;

(ii) A condition for which medical advice, diagnosis, care or treatment was recommended or received during the six (6) months immediately preceding the effective date of coverage; or

(iii) A pregnancy existing on the effective date of coverage.

(b) A health benefit plan shall waive any time period applicable to a preexisting condition exclusion or limitation period with respect to particular services for the period of time an individual was previously covered by qualifying previous coverage to the extent such previous coverage provided benefits with respect to such services, provided that the qualifying previous coverage was continuous to a date not more than sixty-three (63) days prior to the effective date of the new coverage.

(c) An individual carrier shall not modify a basic, standard, or catastrophic health benefit plan with respect to an individual or any dependent through riders, endorsements, or otherwise, to restrict or exclude coverage for certain diseases or medical conditions otherwise covered by the health benefit plan.

(d) In the case of an individual who is eligible for the credit for health insurance costs under section 35 of the Internal Revenue Code of 1986, the preexisting condition limitation shall not apply only if the individual maintained creditable health insurance coverage for an aggregate period of three (3) months as of the date on which the individual seeks to enroll in pool coverage, not counting any period prior to a sixty-three (63) day break in coverage.

(4) (a) An individual carrier shall not be required to offer coverage or accept applications pursuant to the provisions of subsection (1) of this section in the case of the following:

(i) To an individual, where the individual is not residing in the carrier's established geographic service area;

(ii) Within an area where the individual carrier reasonably anticipates, and demonstrates to the satisfaction of the director, that it will not have the capacity within its established geographic service area to deliver service adequately to individuals because of its obligations to existing groups or individuals.

(b) An individual carrier that cannot offer coverage pursuant to the provisions of subsection (4)(a)(ii) of this section may not offer coverage in the applicable area to new employer groups with more than fifty (50) eligible employees or to any small employer groups or to any individuals until the later of one hundred eighty (180) days following each such refusal or the date on which the carrier notifies the director that it has regained capacity to deliver services to individuals and groups.
(5) An individual carrier shall not be required to provide coverage to individuals pursuant to the provisions of subsection (1) of this section for any period of time for which the director determines that requiring the acceptance of individuals in accordance with the provisions of subsection (1) of this section would place the individual carrier in a financially impaired condition.

CHAPTER 333
(H.B. No. 815)

AN ACT
RELATING TO DISCLOSURE OF CONTROLLED SUBSTANCE ADULTERATION OR MISAPPROPRIATION; AMENDING CHAPTER 1, TITLE 37, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 37-117A, IDAHO CODE, TO PROVIDE REPORTING AND DISCLOSURE REQUIREMENTS FOR CERTAIN HEALTH CARE PROVIDERS WHO ARE TERMINATED FROM EMPLOYMENT FOR ADULTERATION OR MISAPPROPRIATION OF CONTROLLED SUBSTANCES.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 1, Title 37, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 37-117A, Idaho Code, and to read as follows:

37-117A. REPORTING AND DISCLOSURE REQUIREMENTS FOR EMPLOYMENT RELATED ADULTERATION OR MISAPPROPRIATION OF CERTAIN DRUGS. (1) When the employment of a health care provider has been terminated, either voluntarily or involuntarily, for adulteration or misappropriation of controlled substances, as defined in chapter 27, title 37, Idaho Code, the employer shall, within thirty (30) days of the termination, furnish written notice of the termination, described herein as "notice of termination," to the health care provider's professional licensing board of the state of Idaho, which shall include a description of the controlled substance adulteration or misappropriation involved in the termination. An employer who in good faith provides such information shall not be held civilly liable for the disclosure or the consequences of providing the information. There is a rebuttable presumption that an employer is acting in good faith when the employer provides such information. The presumption of good faith is overcome only upon showing by clear and convincing evidence that the employer disclosed the information with actual malice or with deliberate intent to mislead. For the purposes of this section, "actual malice" means knowledge that the information was false or given with reckless disregard of whether the information was false. For the purposes of this section, the term "health care provider" means any person licensed by a professional licensing board of the state of Idaho whose license permits the health care provider to dispense or administer controlled substances. For the purposes of this section, "employer" means a person or entity licensed under chapter 18, title 54, Idaho Code, or chapter 13, title 39, Idaho Code, who employs a health care provider or providers.

(2) A professional licensing board that receives a notice of termination from an employer pursuant to subsection (1) of this section shall maintain the notice of termination for the health care provider. The
notice of termination shall be subject to disclosure in accordance with the provisions of subsection (3) of this section.

(3) Any prospective employer of a health care provider shall, before hiring such health care provider, request in writing that the health care provider's professional licensing board furnish the prospective employer any notice of termination maintained by the board with respect to the health care provider. The prospective employer shall maintain the confidentiality of such information and shall not disclose it to any other person or entity without the prior written approval of the health care provider or as required by law, court order or the rules of civil procedure. The professional licensing board shall require, as a condition of furnishing the notice of termination, that the prospective employer file a written request for the health care provider's notice of termination, stating under oath that the request for the notice of termination is made for a bona fide hiring purpose, that the request is made pursuant to the provisions of this section, and that the prospective employer will not disclose the information to any other person or entity without the prior written approval of the health care provider or as required by law, court order or rules of civil procedure. In the event that the prospective employer discloses the information in the notice of termination to any other person or entity in violation of the provisions of this section, and unless the disclosure is required by law, court order or the rules of civil procedure, the health care provider may pursue a civil cause of action against the prospective employer for a breach of the health care provider's right of privacy. Upon receipt of a request made in accordance with this section for a health care provider's notice of termination, the professional licensing board shall furnish the notice of termination to the prospective employer. The professional licensing board shall not be held liable for the correctness or completeness of the information contained in the notice of termination and shall include a disclaimer statement on all released information, attesting that the information has not been verified by the professional licensing board. An employer who obtains a notice of termination from the appropriate professional licensing board as provided in this section shall not be held civilly liable for hiring or contracting with a health care provider who the employer in good faith believes has been rehabilitated from drug abuse, absent the employer's gross negligence or reckless conduct.

(4) Notices of termination submitted hereunder shall be maintained and available to employers as set forth above for fifteen (15) years from the date of receipt by the professional licensing board.

AN ACT
RELATING TO DRIVER'S LICENSES; AMENDING SECTION 49-319, IDAHO CODE, TO PROVIDE FOR RENEWAL OF A DRIVER'S LICENSE UPON APPLICATION IN PERSON WITHOUT THE REQUIREMENT TO TAKE A KNOWLEDGE OR SKILLS TEST IF THE IDAHO DRIVER'S LICENSE HAS EXPIRED WHILE THE PERSON WAS SERVING ON ACTIVE DUTY IN THE ARMED FORCES OF THE UNITED STATES OR IS A MEMBER OF THE IMMEDIATE FAMILY ACCOMPANYING SUCH PERSON; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 49-319, Idaho Code, be, and the same is hereby amended to read as follows:

49-319. EXPIRATION AND RENEWAL OF DRIVER'S LICENSE. (1) Every non-commercial Idaho driver's license issued to a driver shall expire and be renewable as follows:
(a) Twenty-one (21) years of age or older shall expire on the licensee's birthday in the fourth year following the issuance of the driver's license.
(b) At the option of the applicant, for drivers twenty-one (21) years of age through sixty-two (62) years of age, the driver's license shall expire either on the licensee's birthday in the fourth year or the eighth year following the issuance of the driver's license.
(c) Every driver's license issued to a driver under eighteen (18) years of age shall expire five (5) days after the licensee's eighteenth birthday.
(d) Every driver's license issued to a driver eighteen (18) years of age but under twenty-one (21) years of age shall expire five (5) days after the licensee's twenty-first birthday.
(e) Except licenses issued to drivers under twenty-one (21) years of age, every driver's license that is not, as provided by law, suspended, revoked or disqualified in this state or any other jurisdiction shall be renewable on or before its expiration, but not more than twelve (12) months before, upon application, payment of the required fee, and satisfactory completion of the required eyesight examination.
(2) Every commercial driver's license issued to a person twenty-one (21) years of age or older shall expire on the licensee's birthday in the fourth year following issuance of the license, and any Class A, B or C license issued to a person eighteen (18), nineteen (19) or twenty (20) years of age shall expire five (5) days after the licensee's twenty-first birthday. There shall be no option for an eight-year Class A, B or C license.

(3) An applicant who is issued a driver's license in another jurisdiction after an Idaho driver's license has been issued is not eligible for renewal or a duplicate of the Idaho driver's license. The applicant may apply for a new Idaho driver's license as provided in section 49-306, Idaho Code.

(4) No knowledge test shall be required for renewal of a driver's license, except for renewal of a hazardous material endorsement. Appropriate knowledge and skill tests shall be required for an upgrade in a driver's license class or an endorsement addition. In the case of a name change, the applicant shall provide legal documentation to verify the change in accordance with department rules.

(5) Except for drivers under twenty-one (21) years of age, when a driver's license has been expired for fewer than twelve (12) months, the renewal of the driver's license shall start from the original date of expiration regardless of the year in which the application for renewal is made. If the driver's license is expired for twelve (12) months or more, the applicant shall be required to take the knowledge, skills for the class of license or endorsement being applied for, and vision tests and the application shall expire on the licensee's birthday in the fourth year following issuance of the driver's license for drivers twenty-one (21) years of age or older. (6) (a) If a driver's license has expired or will expire and the licensee is temporarily out-of-state except on active military duty, and the driver's license has not, as provided by law, been suspended, revoked, canceled, denied, refused or disqualified, the licensee may request in writing on a form prescribed by the department an extension of the driver's license. The request shall be accompanied by the fee fixed in section 49-306, Idaho Code, and the extension shall be less than a twelve (12) month period. If the department determines that an extension of the driver's license is necessary, it may issue a certificate of extension showing the date to which the expired driver's license is extended, and this certificate shall be attached to the expired driver's license. Certificates of extension are limited to two (2) per licensee.

(b) Upon returning to the state of Idaho, the licensee shall within ten (10) days, apply for a renewal of the expired driver's license and surrender the certificate of extension and the expired driver's license.

(c) A hazardous material endorsement cannot be extended.

(7) An Idaho driver's license issued to any person prior to serving on active duty in the armed forces of the United States, or a member of the immediate family accompanying such a person, if valid and in full force and effect upon entering active duty, shall remain in full force and effect and shall, upon application, be extended for a period of four
(4) years so long as active duty continues, or shall be renewed upon application in person without the requirement to take a knowledge or skills test if their Idaho driver's license expired while on active duty, if the driver's license is not suspended, denied, disqualified, canceled or revoked, as provided by law, during the active duty, and the driver's license shall remain in full force and effect sixty (60) days following the date the holder is released from active duty.

(8) The department may use a mail renewal process for four-year class D licenses based on criteria established by rule.

(9) A seasonal driver's license is only valid for a one hundred eighty (180) day period from the date of issuance. Only one (1) seasonal driver's license may be obtained in any twelve (12) month period, and may only be obtained twice in a driver's lifetime.

(10) A person who applies for renewal of a license may request that the notation "permanently disabled" be imprinted on the license and the department shall imprint "permanently disabled" on the license if:
   (a) The person has a permanent disability; and
   (b) The person presents written certification from a licensed physician verifying that the person's stated impairment qualifies as a permanent disability as provided in section 49-117, Idaho Code; and
   (c) The department determines that the person meets the requirements for issuance of a license as specified in section 49-313, Idaho Code.

In determining the experience factor, the actual years of teaching or administrative service in an accredited public school or in an accredited private or parochial school shall be credited.

In determining the education factor, only credits earned after initial certification, based upon a transcript on file with the teacher
certification office of the state department of education, earned at an institution of higher education accredited by the state board of education or a regional accrediting association, shall be allowed. Instructional staff whose initial certificate is an occupational specialist certificate shall be treated as BA degree prepared instructional staff. Credits earned by such occupational specialist instructional staff after initial certification shall be credited toward the education factor.

In determining the statewide average multiplier for instructional staff, no multiplier in excess of 1.58513 1.59092 shall be used. If the actual statewide average multiplier for instructional staff, as determined by this section, exceeds 1.58513 1.59092, then each school district's instructional staff multiplier shall be multiplied by the result of 1.58513 1.59092 divided by the actual statewide average multiplier for instructional staff.

In determining the statewide average multiplier for administrative staff, no multiplier in excess of 1.86643 shall be used. If the actual statewide average multiplier for administrative staff, as determined by this section, exceeds 1.86643, then each school district's administrative staff multiplier shall be multiplied by the result of 1.86643 divided by the actual statewide average multiplier for administrative staff.

SECTION 5. That Section 33-1004E, Idaho Code, be, and the same is hereby amended to read as follows:

33-1004E. DISTRICT'S SALARY-BASED APPORTIONMENT. Each district shall be entitled to a salary-based apportionment calculated as provided in this section.

1. To determine the apportionment for instructional staff, first determine the district average experience and education index by placing all eligible district certificated instructional employees on the statewide index provided in section 33-1004A, Idaho Code. The resulting average is the district index. Districts with an index above the state average index shall receive their actual index but not more than the state average plus .03 for the 1994-95 school year, and shall receive their actual index but not more than the state average plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district instructional staff index shall be multiplied by the instructional base salary of $23,210. The amount so determined shall be multiplied by the district staff allowance for instructional staff determined as provided in section 33-1004 2., Idaho Code. The instructional salary allocation shall be increased by $1,999 the amount necessary for each teacher full-time equivalent instructional staff member placed on step-one, column-one, of the experience and education index to be allocated at least the minimum salary mandated by this section. Full-time instructional staff salaries shall be determined from a salary schedule developed by each district and submitted to the state department of education. No full-time instructional staff member shall be paid less than the state instructional base salary plus $17,000 or $25,000, whichever is greater $27,500. If an instructional staff member has been certified by the national board for professional teaching standards, the staff member shall be designated as a master teacher and receive $2,000 per year for five (5) years. The instructional salary shall be increased by $2,000 for each master teacher. The resulting amount is the
district's salary-based apportionment for instructional staff. For purposes of this section, teachers qualifying for the salary increase as master teacher shall be those who have been recognized as national board certified teachers as of July 1 of each year.

2. To determine the apportionment for district administrative staff, first determine the district average experience and education index by placing all eligible certificated administrative employees on the statewide index provided in section 33-1004A, Idaho Code. The resulting average is the district index. Districts with an index above the state average index shall receive their actual index but not more than the state average plus .03 for the school year 1994-95, and shall receive their actual index but not more than the state average index plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district administrative staff index shall be multiplied by the base salary of $33,760. The amount so determined shall be multiplied by the district staff allowance for administrative staff determined as provided in section 33-1004 3., Idaho Code. The resulting amount is the district's salary-based apportionment for administrative staff.

3. To determine the apportionment for classified staff, multiply $18,463 by the district classified staff allowance determined as provided in section 33-1004 4., Idaho Code. The amount so determined is the district's apportionment for classified staff.

4. The district's salary-based apportionment shall be the sum of the apportionments calculated in subsections 1., 2. and 3., of this section, plus the benefit apportionment as provided in section 33-1004F, Idaho Code.

SECTION 6. Of the moneys appropriated in Section 3 of this act, the amount necessary for the Unemployment Insurance Program shall be expended according to Section 72-1349A, Idaho Code, for the period July 1, 2004, through June 30, 2005.

SECTION 7. Of the moneys appropriated in Section 3 of this act, an amount up to $696,400 shall be awarded to those instructional staff members who have been recognized as master teachers by the National Board for Professional Teaching Standards, according to the provisions of Section 33-1004E, Idaho Code.

SECTION 8. 33-1004E. DISTRICT'S SALARY-BASED APPORTIONMENT. Each district shall be entitled to a salary-based apportionment calculated as provided in this section.

1. To determine the apportionment for instructional staff, first determine the district average experience and education index by placing all eligible district certificated instructional employees on the state-
wide index provided in section 33-1004A, Idaho Code. The resulting average is the district index. Districts with an index above the state average index shall receive their actual index but not more than the state average plus .03 for the 1994-95 school year, and shall receive their actual index but not more than the state average plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district instructional staff index shall be multiplied by the instructional base salary of $23,210. The amount so determined shall be multiplied by the district staff allowance for instructional staff determined as provided in section 33-1004 2., Idaho Code. The instructional salary allocation shall be increased by $1,000 for each teacher placed on step one, column one, of the experience and education index. Full-time instructional staff salaries shall be determined from a salary schedule developed by each district and submitted to the state department of education. No full-time instructional staff member shall be paid less than the state instructional base salary plus $1,000, or $25,000, whichever is greater. If an instructional staff member has been certified by the national board for professional teaching standards, the staff member shall be designated as a master teacher and receive $2,000 per year for five (5) years. The instructional salary shall be increased by $2,000 for each master teacher. The resulting amount is the district's salary-based apportionment for instructional staff. For purposes of this section, teachers qualifying for the salary increase as master teacher shall be those who have been recognized as national board certified teachers as of July 1 of each year.

2. To determine the apportionment for district administrative staff, first determine the district average experience and education index by placing all eligible certificated administrative employees on the statewide index provided in section 33-1004A, Idaho Code. The resulting average is the district index. Districts with an index above the state average index shall receive their actual index but not more than the state average plus .03 for the school year 1994-95, and shall receive their actual index but not more than the state average index plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district administrative staff index shall be multiplied by the base salary of $33,760. The amount so determined shall be multiplied by the district staff allowance for administrative staff determined as provided in section 33-1004 3., Idaho Code. The resulting amount is the district's salary-based apportionment for administrative staff.

3. To determine the apportionment for classified staff, multiply $8,463,648 by the district classified staff allowance determined as provided in section 33-1004 4., Idaho Code. The amount so determined is the district's apportionment for classified staff.

4. The district's salary-based apportionment shall be the sum of the apportionments calculated in subsections 1., 2. and 3., of this section, plus the benefit apportionment as provided in section 33-1004F, Idaho Code.

beginning of the taxpayer's taxable year beginning in 2001 shall be claimed on the taxpayer's return for its taxable year 2001 in addition to credit relating to activity in that year.

(2) As used in this section:

(a) The terms "qualified research expenses," "qualified research," "basic research payments" and "basic research" shall be as defined in section 41 of the Internal Revenue Code except that the research must be conducted in Idaho.

(b) The term "base amount" shall mean an amount calculated as provided in sections 41(c) and 41(h) of the Internal Revenue Code, except that:

(i) The base amount does not include the calculation of the alternative incremental credit provided for in section 41(c)(4) of the Internal Revenue Code;

(6) In addition to other needed rules, the state tax commission may promulgate rules prescribing, in the case of S corporations, partnerships, trusts or estates, a method of attributing the credit under this section to the shareholders, partners or beneficiaries in proportion to their share of the income from the S corporation, partnership, trust or estate.

SECTION 2. That Section 63-3029I, Idaho Code, be, and the same is hereby amended to read as follows:
INCOME TAX CREDIT FOR INVESTMENT IN BROADBAND EQUIPMENT.

(1) Subject to the limitations of this section, for taxable years beginning before January 1, 2001, and after December 31, 2005, inclusive, there shall be allowed to a taxpayer a nonrefundable credit against taxes imposed by sections 63-3024, 63-3025 and 63-3025A, Idaho Code, for qualified expenditures in qualified broadband equipment in Idaho.

(2) The credit permitted in subsection (1) of this section shall be three percent (3%) of the qualified investment in qualified broadband equipment in Idaho and shall be in addition to the credit for capital investment permitted by section 63-3029B, Idaho Code.

(3) As used in this section the term:

(a) "Qualified investment" shall be as defined in section 63-3029B, Idaho Code.

(b) "Qualified broadband equipment" means equipment that qualifies for the credit for capital investment permitted by section 63-3029B, Idaho Code, and is capable of transmitting signals at a rate of at least two hundred thousand (200,000) bits per second to a subscriber and at least one hundred twenty-five thousand (125,000) bits per second from a subscriber, and

(i) In the case of a telecommunications carrier, such qualifying equipment shall be necessary to the provision of broadband service and an integral part of a broadband network. "Telecommunications carrier" has the meaning given such term by section 3(44) of the communications act of 1934, as amended, but does not include a commercial mobile service provider.

(ii) In the case of a commercial mobile service carrier, such qualifying equipment shall extend from the subscriber side of the mobile telecommunications switching office to a transmitting/receiving antenna, including such antenna, on the outside of the structure in which the subscriber is located. "Commercial mobile service carrier" means any person authorized to provide commercial mobile radio service to subscribers as defined in section 20.3 of title 47, Code of Federal Regulations (10-1-99 ed.), as amended.

(iii) In the case of a cable or open video system operator, such qualifying equipment shall extend from the subscriber's side of the headend to the outside of the structure in which the subscriber is located. The terms "cable operator" and "open video system operator" have the meanings given such terms by sections 602(5) and 653, respectively, of the communications act of 1934, as amended.

(iv) In the case of a satellite carrier or a wireless carrier other than listed above, such qualifying equipment is only that equipment that extends from a transmitting/receiving antenna, including such antenna, which transmits and receives signals to or from multiple subscribers to a transmitting/receiving antenna on the outside of the structure in which the subscriber is located. "Satellite carrier" means any person using the facilities of a satellite or satellite services licensed by the federal communications commission and operating a fixed-satellite service or direct broadcast satellite services to provide point-to-multipoint distribution of signals. "Other wireless carrier" means any person, other than a telecommunications carrier, commercial mobile service carrier, cable opera-
tor, open video operator, or satellite carrier, providing broadband services to subscribers through the radio transmission of energy.

(v) In the case of packet switching equipment, such packet equipment installed in connection with other qualifying equipment listed in subsections (2)(b)(i) through (2)(b)(iv) of this section, provided it is the last in a series of equipment that transmits signals to a subscriber or the first in a series of equipment that transmits signals from a subscriber. "Packet switching" means controlling or routing the path of a digital transmission signal which is assembled into packets or cells.

(vi) In the case of multiplexing and demultiplexing equipment, such equipment only to the extent that it is deployed in connection with providing broadband services in locations between packet switching equipment and the structure in which the subscriber is located. "Multiplexing" means the transmission of two (2) or more signals over a communications circuit without regard to the communications technology.

(vii) Any property not primarily used to provide services in Idaho to public subscribers is not qualified broadband equipment.

(4) No equipment described in subsections (2)(b)(i) through (2)(b)(vi) of this section shall qualify for the credit provided in subsection (1) of this section until the taxpayer applies to and obtains from the Idaho public utilities commission an order confirming that the installed equipment is qualified broadband equipment. Applications submitted to the commission shall be governed by the commission's rules of procedure. The commission may issue procedural orders necessary to implement this section.

(5) The credit allowed by subsection (1) of this section together with any credits carried forward under subsection (7) of this section shall not, in any one (1) taxable year, exceed the lesser of:

(a) The amount of tax due under sections 63-3024, 63-3025 and 63-3025A, Idaho Code, after allowance for all other credits permitted by this chapter; or

(b) Seven hundred fifty thousand dollars ($750,000).

When credits earned in more than one (1) taxable year are available, the oldest credits shall be applied first.

(6) In the case of a group of corporations filing a combined report under subsection (t) of section 63-3027, Idaho Code, credit earned by one (1) member of the group but not used by that member may be used by another member of the group, subject to the provisions of subsection (7) of this section, instead of carried over. For a combined group of corporations, credit carried forward may be claimed by any member of the group unless the member who earned the credit is no longer included in the combined group.

(7) If the credit allowed by subsection (1) of this section exceeds the limitation under subsection (5) of this section, the excess amount may be carried forward for a period that does not exceed the next fourteen (14) taxable years.

(8) In the event that qualified broadband equipment upon which the credit allowed by this section has been used ceases to qualify for the credit allowed by section 63-3029B, Idaho Code, or is subject to recapture of that credit, the recapture of credit under this section shall be
in the same proportion and subject to the same provisions as the amount of credit required to be recaptured under section 63-3029B, Idaho Code.

(9) (a) Subject to the requirements of this subsection, a taxpayer who earns and is entitled to the credit or to an unused portion of the credit allowed by this section may transfer all or a portion of the unused credit to:

(i) Another taxpayer required to file a return under this chapter; or

(ii) To an intermediary for its use or for resale to a taxpayer required to file a return under this chapter.

In the event of either such a transfer, the transferee may claim the credit on the transferee's income tax return originally filed during the calendar year in which the transfer takes place and, in the case of carryover of the credit, on the transferee's returns for the number of years of carryover available to the transferor at the time of the transfer unless earlier exhausted.

(b) Before completing a transfer under this subsection, the transferor shall notify the state tax commission of its intention to transfer the credit and the identity of the transferee. The state tax commission shall provide the transferor with a written statement of the amount of credit available under this section as then appearing in the commission's records and the number of years the credit may be carried over. The transferee shall attach a copy of the statement to any return in regard to which the transferred credit is claimed.

(c) In the event that after the transfer the state tax commission determines that the amount of credit properly available under this section is less than the amount claimed by the transferor of the credit or that the credit is subject to recapture, the commission shall assess the amount of overstated or recaptured credit as taxes due from the transferor and not the transferee. The assessment shall be made in the manner provided for a deficiency in taxes under this chapter.

(10) In addition to other needed rules, the state tax commission may promulgate rules prescribing, in the case of S corporations, partnerships, trusts or estates, a method of attributing the credit under this section to the shareholders, partners or beneficiaries in proportion to their share of the income from the S corporation, partnership, trust or estate.

The disposal by sale, lease, or otherwise must be in accordance with the laws of this state and the governing body governing the disposition of other public property, unless a sale, lease, mortgage or other disposition is made under this chapter to secure bonds of the intermodal authority.

70-2211. BONDS AND OBLIGATIONS. (1) Except for providing financial support to a private organization, including a business operating under Idaho law, whose purpose is to advance the economic development of its jurisdiction and of the state and its citizens, an intermodal authority may borrow money for any of its lawful purposes. For the purposes of sections 3 and 3B, article VIII of the constitution of the state of Idaho, the local intermodal authority shall be deemed and considered to be a port district. As further security for the bonds, the intermodal authority, with the approval of the governing body of the county that created the authority, may pledge, lease, sell, mortgage, or grant a security interest in all or any portion of its land-based port, transportation, storage or other facilities, whether or not the facilities are financed by the bonds. The instrument effecting the pledge, lease, sale, mortgage, or security interest may contain any agreements and provisions customarily contained in instruments securing bonds, as the commissioners of the intermodal authority consider advisable. The provisions must be consistent with this chapter and are subject to and must be in accordance with the laws of this state governing mortgages, trust indentures, security agreements, or instruments. The instrument may provide that in the event of a default in the payment of principal or interest on the bonds or in the performance of any agreement contained in the proceedings authorizing the bonds or instrument, the payment or performance may be enforced by the appointment of a receiver in equity. The receiver may collect charges, rents or fees and may apply the revenue from the mortgaged property or collateral in accordance with the provisions of the instrument.

(6) Nothing in this section may be construed to limit the use of intermodal authority revenue, including federal, state and local money to make grants and loans or to otherwise provide financial and other support to a private intermodal authority, including corporations and business entities operating under the provisions of Idaho law. The credit of the state, county or municipal governments or their agencies or authorities may not be pledged to provide financial support to the intermodal authority.

AN ACT
RELATING TO INSURANCE PREMIUM RATES; AMENDING SECTIONS 41-4706 AND 41-5206, IDAHO CODE, TO REMOVE SUNSET PROVISIONS AND TO DELETE LANGUAGE REQUIRING A REVIEW AND REPORT BY THE DIRECTOR OF THE DEPARTMENT OF INSURANCE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 41-4706, Idaho Code, be, and the same is hereby amended to read as follows:

41-4706. RESTRICTIONS RELATING TO PREMIUM RATES. (1) Premium rates for health benefit plans subject to the provisions of this chapter shall be subject to the following provisions:

(a) The index rate for a rating period for any class of business shall not exceed the index rate for any other class of business by more than twenty percent (20%).

(b) For a class of business, the premium rates charged during a rating period to small employers with similar case characteristics for the same or similar coverage, or the rates that could be charged to such employers under the rating system for that class of business, shall not vary from the index rate by more than fifty percent (50%) of the index rate.

(c) The percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

(i) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a health benefit plan into which the small employer carrier is no longer enrolling new small employers, the small employer carrier shall use the percentage change in the base premium rate, provided that such change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the small employer carrier is actively enrolling new small employers;

(ii) Any adjustment, not to exceed fifteen percent (15%) annually and adjusted pro rata for rating periods of less than one (1) year, due to the claim experience, health status or duration of coverage of the employees or dependents of the small employer as determined from the small employer carrier's rate manual for the class of business; and

(iii) Any adjustment due to change in coverage or change in the
case characteristics of the small employer as determined from the small employer carrier's rate manual for the class of business.

(d) Adjustments in rates for claim experience, health status, and duration of coverage shall not be charged to individual employees or dependents. Any such adjustment shall be applied uniformly to the rates charged for all employees and dependents of the small employer.

(e) Premium rates for health benefit plans shall comply with the requirements of this section notwithstanding any assessments paid or payable by small employer carriers pursuant to section 41-4711, Idaho Code, or chapter 55, title 41, Idaho Code.

(f) (i) Small employer carriers shall apply rating factors, including case characteristics, consistently with respect to all small employers in a class of business. Rating factors shall produce premiums for identical groups which differ only by the amounts attributable to plan design and do not reflect differences due to the nature of the groups assumed to select particular health benefit plans; and

(ii) A small employer carrier shall treat all health benefit plans issued or renewed in the same calendar month as having the same rating period.

(g) For the purposes of this subsection, a health benefit plan that utilizes a restricted provider network shall not be considered similar coverage to a health benefit plan that does not utilize such a network, provided that utilization of the restricted provider network results in substantial differences in claims costs.

(h) The small employer carrier shall not use case characteristics, other than age, individual tobacco use, geography, as defined by rule of the director, or gender, without prior approval of the director.

(i) A small employer carrier may utilize age as a case characteristic in establishing premium rates, provided that the same rating factor shall be applied to all dependents under twenty-three (23) years of age, and the same rating factor may be applied on an annual basis as to individuals or nondependents twenty (20) years of age or older.

(j) The director may establish rules to implement the provisions of this section and to assure that rating practices used by small employer carriers are consistent with the purposes of this chapter, including rules that:

(i) Assure that differences in rates charged for health benefit plans by small employer carriers are reasonable and reflect objective differences in plan design, not including differences due to the nature of the groups assumed to select particular health benefit plans;

(ii) Prescribe the manner in which case characteristics may be used by small employer carriers; and

(iii) Prescribe the manner in which a small employer carrier is to demonstrate compliance with the provisions of this section, including requirements that a small employer carrier provide the director with actuarial certification as to such compliance.

(2) A small employer carrier shall not transfer a small employer
involuntarily into or out of a class of business. A small employer carrier shall not offer to transfer a small employer into or out of a class of business unless such offer is made to transfer all small employers in the class of business without regard to case characteristics, claim experience, health status or duration of coverage since issue.

(3) The director may suspend for a specified period the application of subsection (1)(a) of this section as to the premium rates applicable to one (1) or more small employers included within a class of business of a small employer carrier for one (1) or more rating periods upon a filing by the small employer carrier and a finding by the director either that the suspension is reasonable in light of the financial condition of the small employer carrier or that the suspension would enhance the efficiency and fairness of the marketplace for small employer health insurance.

(4) In connection with the offering for sale of any health benefit plan to a small employer, a small employer carrier shall make a reasonable disclosure, as part of its solicitation and sales materials, of all of the following:

(a) The extent to which premium rates for a specified small employer are established or adjusted based upon the actual or expected variation in claims costs or actual or expected variation in health status of the employees of the small employer and their dependents;
(b) The provisions of the health benefit plan concerning the small employer carrier's right to change premium rates and the factors, other than claim experience, that affect changes in premium rates;
(c) The provisions relating to renewability of policies and contracts; and
(d) The provisions relating to any preexisting condition provision.

(5) (a) Each small employer carrier shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation that demonstrate that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.
(b) Each small employer carrier shall file with the director annually on or before March 15, an actuarial certification certifying that the carrier is in compliance with the provisions of this chapter and that the rating methods of the small employer carrier are actuarially sound. Such certification shall be in a form and manner, and shall contain such information, as specified by the director. A copy of the certification shall be retained by the small employer carrier at its principal place of business.
(c) A small employer carrier shall make the information and documentation described in subsection (4)(a) of this section available to the director upon request. Except in cases of violations of the provisions of this chapter, the information shall be considered proprietary and trade secret information and shall not be subject to disclosure by the director to persons outside of the department except as agreed to by the small employer carrier or as ordered by a court of competent jurisdiction.

SECTION 2. That Section 41-5206, Idaho Code, be, and the same is hereby amended to read as follows:

The provisions of this subsection shall apply until July 1, 2004, with respect to all health benefit plans offered to individuals other than the individual basic, standard, catastrophic-A and catastrophic-B plans. The director shall review the provisions of this subsection following the receipt of data from health care insurers for calendar year 2004 and shall submit to the house business committee and the senate commerce and human resources committee a report regarding retention of the index rate bands.

(b) The percentage increase in the premium rate charged to an individual for a new rating period may not exceed the sum of the following:

(i) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a health benefit plan into which the individual carrier is no longer enrolling new individuals, the individual carrier shall use the percentage change in the base premium rate, provided that such change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the individual carrier is actively enrolling new individuals.

(ii) Any adjustment, not to exceed fifteen percent (15%) annually and adjusted pro rata for rating periods of less than one year, due to the claim experience, health status or duration of coverage of the individual or dependents as determined from the individual carrier's rate manual; and

(iii) Any adjustment due to change in coverage or change in the case characteristics of the individual as determined from the individual carrier's rate manual.

(c) Premium rates for health benefit plans shall comply with the requirements of this section notwithstanding any assessments paid or payable by carriers pursuant to section 41-4711, Idaho Code, or chapter 55, title 41, Idaho Code.

(d) (i) Individual carriers shall apply rating factors, including case characteristics, consistently with respect to all individuals. Rating factors shall produce premiums for identical individuals which differ only by the amounts attributable to plan design and do not reflect differences due to the nature of the individuals assumed to select particular health benefit plans; and

(ii) An individual carrier shall treat all health benefit plans issued or renewed in the same calendar month as having the same rating period.

(e) For purposes of this subsection, a health benefit plan that utilizes a restricted provider network shall not be considered similar coverage to a health benefit plan that does not utilize such a
network, provided that utilization of the restricted provider net-
work results in substantial differences in claims costs.
(f) The individual carrier shall not use case characteristics,
other than age, individual tobacco use, geography as defined by rule
of the director, or gender, without prior approval of the director.
(g) An individual carrier may utilize age as a case characteristic
in establishing premium rates, provided that the same rating factor
shall be applied to all dependents under twenty-three (23) years of
age, and the same rating factor may be applied on an annual basis as
to individuals or nondependents twenty (20) years of age or older.
(h) The director may establish rules to implement the provisions of
this section and to assure that rating practices used by individual
carriers are consistent with the purposes of this chapter, including
rules that:
(i) Assure that differences in rates charged for health bene-
fit plans by individual carriers are reasonable and reflect
objective differences in plan design, not including differences
due to the nature of the individuals assumed to select particu-
lar health benefit plans;
(ii) Prescribe the manner in which case characteristics may be
used by individual carriers; and
(iii) Prescribe the manner in which an individual carrier is to
demonstrate compliance with the provisions of this section,
including requirements that an individual carrier provide the
director with actuarial certification as to such compliance.
(2) The director may suspend for a specified period the application
of subsection (1)(a) of this section as to the premium rates applicable
to one (1) or more individuals for one (1) or more rating periods upon a
filing by the individual carrier and a finding by the director either
that the suspension is reasonable in light of the financial condition of
the individual carrier or that the suspension would enhance the effi-
ciency and fairness of the marketplace for individual health insurance.
(3) In connection with the offering for sale of any health benefit
plan to an individual, an individual carrier shall make a reasonable
disclosure, as part of its solicitation and sales materials, of all of
the following:
(a) The extent to which premium rates for an individual are estab-
lished or adjusted based upon the actual or expected variation in
claims costs or actual or expected variation in health status of the
individual and his dependents;
(b) The provisions of the health benefit plan concerning the indi-
vidual carrier's right to change premium rates and the factors,
other than claim experience, that affect changes in premium rates;
(c) The provisions relating to renewability of policies and con-
tracts; and
(d) The provisions relating to any preexisting condition provision.
(4) (a) Each individual carrier shall maintain at its principal
place of business a complete and detailed description of its rating
practices and renewal underwriting practices, including information
and documentation that demonstrate that its rating methods and prac-
tices are based upon commonly accepted actuarial assumptions and are
in accordance with sound actuarial principles.
(b) Each individual carrier shall file with the director annually
on or before September 15, an actuarial certification certifying
that the carrier is in compliance with the provisions of this chapter and that the rating methods of the individual carrier are actuarially sound. Such certification shall be in a form and manner, and shall contain such information, as specified by the director. A copy of the certification shall be retained by the individual carrier at its principal place of business.

(c) An individual carrier shall make the information and documentation described in subsection (4)(a) of this section available to the director upon request. Except in cases of violations of the provisions of this chapter, the information shall be considered proprietary and trade secret information and shall not be subject to disclosure by the director to persons outside of the department except as agreed to by the individual carrier or as ordered by a court of competent jurisdiction.

Approved April 1, 2004.

### CHAPTER 370
(S.B. No. 1443)

**AN ACT**

**RELATING TO PUBLIC CHARTER SCHOOLS; AMENDING SECTION 33-1006, IDAHO CODE, TO PROVIDE PROPER TERMINOLOGY AND TO PROVIDE TRANSPORTATION REIMBURSEMENT FOR PUBLIC VIRTUAL SCHOOLS; AMENDING CHAPTER 52, TITLE 33, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 33-5202A, IDAHO CODE, TO DEFINE TERMS; AMENDING SECTION 33-5208, IDAHO CODE, TO CLARIFY COMPUTATION OF SUPPORT UNITS FOR CHARTER SCHOOLS FORMED BY CONVERSION OF AN EXISTING TRADITIONAL PUBLIC SCHOOL, TO PROVIDE FUNDING FOR PUBLIC VIRTUAL SCHOOLS AND TO PROVIDE PROPER TERMINOLOGY; AND DECLARING AN EMERGENCY.**

Be It Enacted by the Legislature of the State of Idaho:

**SECTION 1.** That Section 33-1006, Idaho Code, be, and the same is hereby amended to read as follows:
33-1006. TRANSPORTATION SUPPORT PROGRAM. (1) The state board of education shall determine what costs of transporting pupils, including maintenance, operation and depreciation of basic vehicles, insurance, payments under contract with other public transportation providers whose vehicles used to transport pupils comply with federal transit administration regulations, "bus testing," 49 C.F.R. part 665, and any revision thereto, as provided in subsection (4)(d) of this section, or other state department of education approved private transportation providers, salaries of drivers, and any other costs, shall be allowable in computing the transportation support program of school districts.

(2) Any costs associated with the addition of vehicle features that are not part of the basic vehicle shall not be allowable in computing the transportation support program of school districts. A basic vehicle is hereby defined as the cost of the vehicle without optional features, plus the addition of essential safety features and features necessary for the transportation of pupils with disabilities.

(3) Each school district shall maintain records and make reports as are required for the purposes of this section.

(4) The transportation support program of a school district shall be based upon the allowable costs of:

(a) Transporting public school pupils one and one-half (1 1/2) miles or more to school;
(b) Transporting pupils less than one and one-half (1 1/2) miles as provided in section 33-1501, Idaho Code, when approved by the state board of education;
(c) The costs of payments when transportation is not furnished, as provided in section 33-1503, Idaho Code;
(d) The transportation program for grades six (6) through twelve (12), upon the costs of payments pursuant to a contract with other public or private transportation providers entered into as provided in section 33-1510, Idaho Code, if the school district establishes that the reimbursable costs of transportation under the contract are equal to or less than the costs for school buses;
(e) The costs of providing transportation to and from approved school activities as may be approved by rules of the state board of education;
(f) The employer's share of contributions to the public employee retirement system and to social security.

(5) The state's share of the transportation support program shall be eighty-five percent (85%) of allowable reimbursable transportation costs of the district incurred during the immediately preceding state fiscal year, provided the allowable reimbursable costs do not exceed one hundred three percent (103%) of the statewide average reimbursable cost per mile or the state average reimbursable cost per student rider, whichever is more advantageous to the school district. If a school district's costs exceed the one hundred three percent (103%) limit when computed by the more advantageous of the two (2) methods, that school district shall be reimbursed at eighty-five percent (85%) of the maximum limit for whichever method is more favorable to the school district. A school district may appeal the application of the one hundred three percent (103%) limit on allowable reimbursable costs to the state board of education, which may establish for that district a new percentile limit for allowable reimbursable costs compared to the statewide average, which is higher than one hundred three percent (103%). In doing so, the
state board of education may set a new limit that is greater than one hundred three percent (103%), but is less than the percentile limit requested by the school district. Any costs above the new level established by the state board of education shall not be reimbursed. Such a change shall only be granted by the state board of education if the application can be justified based on uniquely difficult geographic circumstances, or extraordinary one (1) time circumstances outside the district's foresight and control. An application granted based on extraordinary one (1) time circumstances shall be effective for one (1) year only. An application based on uniquely difficult geographic circumstances shall be reviewed by the state board of education for continued validity at least every five (5) years.

(6) School districts that are unable to absorb the impact of the limitation on reimbursable expenses, through either efficiencies or the utilization of fund balances, may apply to the state board of education to receive a loan of moneys, not to exceed the amount of state funds lost through the application of the limitation on reimbursable expenses, from the public education stabilization fund. Any school district receiving such a loan shall cause its reimbursement of state transportation moneys to be reduced by a like amount in the subsequent fiscal year, and the moneys so reduced shall be deposited in the public education stabilization fund.

(7) Beginning on July 1, 2005, any eligible home-based public virtual school may claim transportation reimbursement for the prior fiscal year's cost of providing educational services to students. In order to be eligible, such a school shall have at least one (1) average daily attendance divisor, pursuant to section 33-1002, Idaho Code, that is greater than the median divisor shown for any category of pupils, among the actual divisors listed. For the purposes of paragraphs (a), (b) and (c) of this subsection (7), "education provider" means the home-based public virtual school or an entity that has legally contracted with the home-based public virtual school to supply education services. Reimbursable costs shall be limited to the costs of:

(a) Providing an internet connection service between the student and the education provider, not including the cost of telephone service;

(b) Providing electronic and computer equipment used by the student to transmit educational material between the student and the education provider;

(c) Providing a toll-free telephone service for students to communicate with the education provider;

(d) Providing education-related, face-to-face visits by representatives of the home-based public virtual school, with such reimbursements limited to the mileage costs set for state employee travel by the state board of examiners; and

(e) Any actual pupil transportation costs that would be reimbursable if claimed by a school district.

The total reimbursement for such home-based public virtual schools shall be exempt from the statewide average cost per mile limitations of this section. The state's share of reimbursable costs shall be eighty-five percent (85%), subject to the statewide cost per student rider provisions of this section. For the purposes of such home-based public virtual school, the number of student riders shall be the same as the number of pupils in average daily attendance.
SECTION 2. That Chapter 52, Title 33, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 33-5202A, Idaho Code, and to read as follows:

33-5202A. DEFINITIONS. As used in this chapter, unless the context requires otherwise:

(1) "Public charter school" means a school that is authorized under this chapter to deliver public education in Idaho.

(2) "Public virtual school" means a public charter school that may serve students in more than one (1) school district and that provides instruction to pupils primarily through virtual distance learning or online technologies. A building-based public virtual school primarily provides such instruction at one (1) or more central building locations. A home-based public virtual school primarily provides such instruction directly to the pupil at home.

(3) "Traditional public school" means any school existing or to be built that is operated and controlled by a school district in this state.

SECTION 3. That Section 33-5208, Idaho Code, be, and the same is hereby amended to read as follows:

33-5208. PUBLIC CHARTER SCHOOL FINANCIAL SUPPORT. Except as provided in subsection (8) of this section, from the state educational support program the state department of education shall make the following apportionment to each public charter school for each fiscal year based on attendance figures submitted in a manner and time as required by the department of education:

(1) Per student support. Computation of support units for each public charter school shall be calculated as if it were a separate school according to the schedules in section 33-1002 6., Idaho Code, except that public charter schools with fewer than one hundred (100) secondary ADA shall use a divisor of twelve (12) and the minimum units shall not apply. Funding from the state educational support program shall be equal to the total distribution factor, plus the salary-based apportionment provided in chapter 10, title 33, Idaho Code. Provided however, any public charter school that is formed by the conversion of an existing traditional public school shall be assigned divisors, pursuant to section 33-1002, Idaho Code, that are no lower than the divisors of the school district in which the traditional public school is located, for each category of pupils listed.

(2) Special education. For each student enrolled in the public charter school who is entitled to special education services, the state and federal funds from the exceptional child education program for that student that would have been apportioned for that student to the school district in which the public charter school is located.

(3) Alternative school support. Public charter schools may qualify under the provisions of sections 33-1002 and 33-1002C, Idaho Code, provided the public charter school meets the necessary statutory requirements, and students qualify for attendance at an alternative school as provided by rule of the state board of education.

(4) Transportation support. Support shall be paid to the public charter school as provided in chapter 15, title 33, Idaho Code, and section 33-1006, Idaho Code. Each public charter school shall furnish the
department with an enrollment count as of the first Friday in November, of public charter school students living more than one and one-half (1 1/2) miles from the school.

(5) Payment schedule. The state department of education is authorized to make an advance payment of twenty-five percent (25%) of a public charter school's estimated annual apportionment for its first year of operation, and each year thereafter, provided the public charter school has an increase of student population in any given year of twenty (20) students or more, to assist the school with initial start-up costs or payroll obligations.

(a) For a state public charter school to receive the advance payment, the school shall submit its anticipated fall membership for each grade level to the state department of education by June 1.

(b) Using the figures provided by the public charter school, the state department of education shall determine an estimated annual apportionment from which the amount of the advance payment shall be calculated. Advance payment shall be made to the school on or after July 1 but no later than July 31.

(c) All subsequent payments, taking into account the one-time advance payment made for the first year of operation, shall be made to the public charter school in the same manner as other traditional public schools in accordance with the provisions of section 33-1009, Idaho Code.

A public charter school shall comply with all applicable fiscal requirements of law, except that the following provisions shall not be applicable to public charter schools: section 33-1003B, Idaho Code, relating to guaranteed minimum support; that portion of section 33-1004, Idaho Code, relating to reduction of the administrative and instructional staff allowance when there is a discrepancy between the number allowed and the number actually employed; and section 33-1004E, Idaho Code, for calculation of district staff indices.

(6) Nothing in this chapter shall be construed to prohibit any private person or organization from providing funding or other financial assistance to the establishment or operation of a public charter school.

(7) Nothing in this chapter shall prevent a public charter school from applying for federal grant moneys.

(8) (a) For the period July 1, 2003, through June 30, 2005, all public virtual schools shall be assigned divisors, pursuant to section 33-1002, Idaho Code, that are no higher than the median divisor shown for each respective category of pupils, among the possible divisors listed, for each respective category of pupils that contains more than one (1) divisor. If there is an even number of possible divisors listed for a particular category of pupils, then the lesser of the two (2) median divisors shall be used. For the period July 1, 2005, through June 30, 2007, all public virtual schools shall be assigned divisors, pursuant to section 33-1002, Idaho Code, that are no higher than the second highest divisor shown, among the possible divisors listed, for each respective category of pupils that contains more than one (1) divisor. The divisor provisions contained herein shall only be applicable to the number of pupils in average daily attendance in such public virtual schools for the period July 1, 2003, through June 30, 2004. If the number of pupils in average daily attendance in any particular category of pupils increases, during the period July 1, 2004, through June 30, 2005, to
a number above that which existed in the prior fiscal year, then those additional pupils in average daily attendance shall be assigned the divisor, pursuant to section 33-1002, Idaho Code, that would have otherwise been assigned to the school district or public charter school had this section not been in force.

(b) Each student in attendance at a public virtual school shall be funded based upon either the actual hours of attendance in the public virtual school on a flexible schedule, or the percentage of coursework completed, whichever is more advantageous to the school, up to the maximum of one (1) full-time equivalent student.

(c) At the discretion of the board of directors, and subject to any specific limitations in its charter, all federal educational funds shall be administered and distributed to public virtual schools that enroll students from multiple school districts in the same manner as an independent local education agency (LEA).

(9) Nothing in this section prohibits separate face-to-face learning activities or services.

SECTION 4. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved April 1, 2004.

SECTION 3. GENERAL FUND TRANSFERS. As appropriated, the State Controller shall make transfers from the General Fund to the Cooperative Welfare Fund, periodically, as requested by the director of the Department of Health and Welfare and approved by the Board of Examiners.

SECTION 4. REAPPROPRIATION OF THE COOPERATIVE WELFARE FUND. There is hereby reappropriated to the Department of Health and Welfare any unexpended and unencumbered balances in the Cooperative Welfare Fund as appropriated for fiscal year 2004, to be used for nonrecurring expenditures only for the period July 1, 2004, through June 30, 2005. The reappropriation shall be computed by the Department of Health and Welfare from available moneys.

SECTION 5. EXPENDITURES OF COLLECTED RECEIPTS. Notwithstanding the provisions of Section 67-3516(2), Idaho Code, the Department of Health and Welfare is hereby authorized to expend all receipts collected as noncognizable funds for the period July 1, 2004, through June 30, 2005.

As envisioned, the benefits for the new CHIP Plan B and Children's Access Card programs will provide needed reform with no impact to the General Fund. In order to better manage growth in the children's health insurance programs, enrollment will be limited to available revenues as appropriated from the Idaho Health Insurance Access Card Fund along with the associated federal match, for the period July 1, 2004, through June 30, 2005.

SECTION 7. MEDICAID REPORT. In order to keep the Legislature informed on the extent to which Medicaid has achieved cost savings through various cost reduction initiatives and to better ascertain the impact of its policy decisions, the Department of Health and Welfare is hereby directed to provide the House and Senate germane committees and the Joint Finance-Appropriations Committee with a comprehensive written report on the status of Medicaid in January 2005. At a minimum, the report should address the implementation and issues surrounding the children's health insurance programs. The Department should also report on the estimated cost savings versus actual savings for those initiatives identified and implemented such as managed care, disease management, and the First Choice Drug Program.

SECTION 8. MEDICAID BUY-IN. It is the intent of the Idaho Legislature that the Department of Health and Welfare begin the Medicaid Buy-In Program in fiscal year 2005 with existing financial resources. Implementation should be based on budget neutrality.

SECTION 9. An emergency existing therefor, which emergency is hereby declared to exist, Section 2 of this act shall be in full force and effect on and after its passage and approval.

The report shall show the name and address of the insured or insureds, name and address of the insurer, the subject of the insurance, a general description of the coverage, the amount of premium currently charged therefor, and such additional pertinent information as the director reasonably requests. If the insurance covers also a subject of insurance resident, located or to be performed outside this state a proper pro rata portion of the entire premium payable for all such insurance shall be allocated to this state for the purposes of this section.

(2) Any insurance in an unauthorized insurer procured through negotiations or an application in whole or in part occurring or made within or from within this state, or for which premiums in whole or in part are remitted directly or indirectly from within this state, shall be deemed to be insurance procured or continued or renewed in this state within the intent of subsection (1) of this section.

(3) The insured with respect to the obligation, chose in action, or right represented by such insurance shall be subject to chapter 4 of title 41, Idaho Code, as it pertains to premium tax. director and a stamping fee to the surplus line association.

(4) The tax imposed hereunder if delinquent shall bear interest at the rate of six percent (6%) per annum, compounded annually.

(5) The tax shall be collectible from the insured by civil action brought by the director, or by distraint.

(6) This section does not abrogate or modify any provision of sections 41-1201 (representing or aiding unauthorized insurer prohibited), 41-1202 (representing or aiding unauthorized insurer prohibited — penalty), or 41-1203 (suits by unauthorized insurer prohibited), Idaho Code.

(7) This section does not apply as to life or disability insurances.

CHAPTER 389
(S.B. No. 1283)

AN ACT

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 39-5501, Idaho Code, be, and the same is hereby amended to read as follows:

39-5501. LEGISLATIVE FINDINGS AND INTENT. (1) Public health officials have concluded that secondhand tobacco smoke causes disease, including lung cancer and heart disease, in nonsmoking adults, as well as causes serious conditions in children such as asthma, respiratory infections, middle ear infections, and sudden infant death syndrome. In addition, public health officials have concluded that secondhand smoke can exacerbate adult asthma and allergies and cause eye, throat and nasal irritation. The conclusions of public health officials concerning secondhand tobacco smoke are sufficient to warrant measures that regulate smoking in public places in order to protect the public health and the health of employees who work at public places.

(2) The intent of this chapter is to protect the public health, comfort and environment, the health of employees who work at public places, and the rights of nonsmokers to breathe clean air by restricting prohibiting smoking in public places and at public meetings, to designated smoking areas.

No employer or other person in charge of a public place or publicly-owned building or office shall knowingly or intentionally permit the smoking of tobacco products in violation of this chapter.

(2) Failure to post signs shall not be construed as indicating the area to be either smoking or nonsmoking. SENATE JOINT MEMORIALS

(S.J.M. No. 105)

A JOINT MEMORIAL

TO THE PRESIDENT OF THE UNITED STATES, GEORGE W. BUSH, TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Fifty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, it has been determined by the Department of Defense and the Congress of the United States that reductions will occur in the size of the military forces of the United States; and

WHEREAS, these force reductions will result in the elimination and consolidation of military bases throughout the United States; and

WHEREAS, maximizing the security of the United States with a downsized military establishment will necessitate utilizing the most cost-effective and versatile bases; and

WHEREAS, Mountain Home Air Force Base has been demonstrated to be a highly cost-effective and versatile base, with costs of operation among the lowest in the nation; and

WHEREAS, the state of Idaho has worked closely with the United States Air Force in order to significantly increase the size and capabilities of the training range used by Mountain Home Air Force Base, demonstrating the commitment of the state of Idaho to the United States Air Force and the strategic defense of the United States of America.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-seventh Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Congress of the United States should give strong consideration to both increasing the current mission and adding additional missions to Mountain Home Air Force Base.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to President George W. Bush, to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

A JOINT MEMORIAL

TO THE PRESIDENT OF THE UNITED STATES, TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, TO THE SECRETARY OF THE TREASURY, TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES AND TO GOVERNOR KEMPTHORNE.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Fifty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, protecting consumers and ensuring the safety and soundness of insurance companies operating in the United States have been the prime objectives of state insurance regulation for over 150 years; and

WHEREAS, the states have the sole authority to regulate the business of insurance as provided under the McCarran-Ferguson Act and as recently affirmed by the Gramm-Leach-Bliley Financial Services Modernization Act of 1999; and

WHEREAS, state insurance regulation has been successful and effective, and has continuously adapted to change in the marketplace including, but not limited to, the challenges of financial services modernization; and

WHEREAS, in responding to the Gramm-Leach-Bliley Financial Services Modernization Act, states already have successfully implemented reforms to meet the requirements of the law including, among other things, agent licensing reform and consumer financial privacy protections, and are working to develop and implement further efficiencies; and

WHEREAS, governors, state legislators, and insurance commissioners have acknowledged the need to streamline and simplify insurance regulation for the 21st century financial services marketplace and are enacting specific reforms to address differences in state laws and rules that can present obstacles to insurers, consumers' needs, and marketplace efficiencies; and

WHEREAS, some insurance companies and national associations representing insurers and banks support federal legislation to either establish one federal regulator of insurance or allow for dual federal and state insurance regulation; and

WHEREAS, if enacted by Congress, these proposals will bifurcate insurance regulation between the states and the federal government, undermining the state system of consumer protections and financial surveillance, as well as inevitably causing a loss of jobs, taxes, fees, and other vital and necessary state revenues needed to effectively regulate the insurance market and provide revenues to support residual market programs, such as high-risk pools.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-seventh Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Idaho Legislature is committed to maintaining the states as the sole regulators of the business of insurance, and continue to support state efforts to streamline, simplify and modernize insurance regulation.

BE IT FURTHER RESOLVED that the Idaho Legislature will oppose any proposed federal law that undermines this state authority, including
allowing insurers the ability to obtain federal charters, or ceding any authority to federal agencies to regulate financial institutions involved in the business of insurance.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the President of the Senate and the Speaker of the House of Representatives of Congress, the Secretary of the Treasury, the congressional delegation representing the State of Idaho in the Congress of the United States, and Governor Dirk Kempthorne as chairman of the National Governors Association.

A JOINT MEMORIAL

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Fifty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, ground and road access to the Idaho backcountry is very limited and the Idaho backcountry airstrip system provides remote access for tourism, recreation, mail and supply delivery, fire suppression, law enforcement, military training, search and rescue, medical evacuation, disaster response and in-flight emergencies; and

WHEREAS, backcountry aircraft landing strips enable people who are otherwise physically unable, or who are constrained by time or finances, to access remote areas and to enjoy the outdoor opportunities Idaho has to offer; and

WHEREAS, the Idaho backcountry airstrip system is unique and is an important asset to Idaho because it creates jobs and economic enhancements by drawing tourism and recreational visitors from all fifty states and numerous foreign countries; and

WHEREAS, forty-five of the sixty-two Idaho backcountry public use airstrips are located on lands managed by the federal government; and

WHEREAS, the federal Central Idaho Wilderness Act of 1980, Public Law 96-312, allows continued use of airstrips which were in use prior to the wilderness designation and does not allow the closure of such airstrips without the express written concurrence of the state of Idaho; and

WHEREAS, the state of Idaho has issued a notice that it is appealing the decision of the Forest Supervisors of the Bitterroot, Nez Perce, Payette and Salmon-Challis National Forests to select a management alternative which renders four airstrips unserviceable and closes yet another airstrip; and

WHEREAS, the federal government continues to act in such a way as to
establish a disturbing trend that is circumventing federal law and is effectively closing airstrips or is denying access to many airstrips for use by the general public; and

WHEREAS, one method being used by the federal government to deny access to backcountry airstrips located on federally-managed lands lying both within and outside of wilderness areas is to change designation of the airstrip from "public use" to "private use" or "emergency use only," thereby sharply curtailing or eliminating general use of these airstrips and forcing air traffic to be concentrated at other airstrips; and

WHEREAS, in concentrating air traffic and increasing use at fewer airstrips, the federal government is not only limiting access of specific outdoor areas, but the federal government's stated objective is to assess use limits at public airstrips and require a special use permit; and

WHEREAS, another method used by the federal government to close existing airstrips is to purchase land containing an airstrip and have the previous private owner remove airstrip designation from the description of the property prior to the sale so that when ownership of the land transfers to the federal government, no airstrip transfers with the title; and

WHEREAS, many of these existing backcountry airstrips which were privately owned and open to general public use and provided access to recreational areas are no longer available because the federal government is implementing its stated standard of not converting any newly-acquired private airstrips to public use airstrip facilities; and

WHEREAS, yet another method being used by the federal government to effectively close airstrips is to intentionally omit certain airstrips from published, official airport identification locator maps and wilderness maps.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-seventh Idaho Legislature, the Senate and the House of Representatives concurring therein, that we urgently request the Congress of the United States to preserve access to, and the historic use of backcountry airstrips by introducing into Congress legislation which will preserve backcountry landing strips on currently-owned federal lands and any future federal acquisition of lands.

BE IT FURTHER RESOLVED that to ensure the greatest amount of public access to public recreational lands, the Congress of the United States is strongly urged to designate as "public use" all nonmilitary aircraft landing areas located on federally-managed lands.

BE IT FURTHER RESOLVED that to further ensure the greatest amount of public access to public recreational lands, the Congress of the United States is strongly urged to limit the ability of the federal government to place use limits or require special use permits for using any backcountry airstrip.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the United States Secretary of Agriculture, the United States Secretary of the Interior, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

TO THE PRESIDENT OF THE UNITED STATES, TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Fifty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the goal of the No Child Left Behind Act is to move all students to proficiency in reading, language arts and mathematics by 2014; and
WHEREAS, that goal can best be achieved by giving states flexibility to capitalize on their unique resources and populations; and
WHEREAS, the short and long term financial implications of compliance with the No Child Left Behind Act are of concern at the school district, state and national levels; and
WHEREAS, it is appropriate for the President and Congress to consider amendments to the No Child Left Behind Act that will continue both the commitment to a quality public school education for every child and ensure that states, school districts and educators can achieve the goals of the No Child Left Behind Act.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-seventh Idaho Legislature, the Senate and the House of Representatives concurring therein, that we urge Congress to support amendments to the No Child Left Behind Act that will accomplish the following:

(1) Allow determinations of "adequate yearly progress" to be made on the basis of individual student growth from year to year;
(2) Target options for choice and supplemental services to specific subgroups that fail to make adequate yearly progress rather than to all children in a school;
(3) Provide flexibility and more reasonable rules for English Language Learners so that these students are exempt from the calculation of a school's participation level until they have been in the United States for one full academic year; that scores of such students may, at the state's option, be exempted from adequate yearly progress proficiency measurements until they have been in the United States for three years; and that students who become proficient in English will be allowed to continue to be included in the English Language Learners subgroup; and
(4) Permit states to identify, for school improvement only, those schools that fail to meet adequate yearly progress for two consecutive years in the same subject and for the same subgroup.

BE IT FURTHER RESOLVED that we request the United States Department of Education and the states to continue progress on the open communications that have started in implementing the No Child Left Behind Act.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to President George W. Bush, to the President of the Senate and the Speaker
of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

A JOINT MEMORIAL

TO THE PRESIDENT OF THE UNITED STATES, TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Fifty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, Idaho is a rapidly growing state with large, low-population density areas that need additional federal support for transit services; and

WHEREAS, providing rural transit services in Idaho and other rural states is a challenge due to long trip distances and the allocation of transit costs among relatively fewer riders; and

WHEREAS, over 62% of the lands in the state of Idaho are under federal ownership, and cannot be taxed or developed by the state, thereby reducing the ability of the state to raise additional tax revenues; and

WHEREAS, under Section 120 of Title 23, United States Code on federal share payable, federal law has compensated for this reduced ability to raise tax revenues by providing a "sliding scale" upward adjustment in the federal share of project costs in the highway program in those states with a high percentage of federal lands, but no such adjustment has been applied to the transit program to date; and

WHEREAS, the United States Congress is currently in the process of reauthorizing the Transportation Equity Act for the 21st Century (TEA-21) which will set the surface transportation programs for highways and transit for the next six years; and

WHEREAS, reauthorization legislation pending in Congress would, commendably, apply the upward adjustment to certain areas of the federal transit program, resulting in an increased percentage of federal transit program formula dollars being distributed to rural states and their communities.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-seventh Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Congress be commended for its efforts to date to increase transit funding for Idaho and to apply a higher federal match to transit projects due to the presence of significant federal lands in a state.

BE IT FURTHER RESOLVED that the Congress, as it completes highway and transit reauthorization legislation, should extend the concept of the federal lands upward match adjustment into additional areas in the
transit program and ensure that such match adjustment takes into account all forms of federal lands to the same extent as is done under the highway program.

BE IT FURTHER RESOLVED that the Congress should adopt funding and formula features that will do the most to enable Idaho and its communities to more fully respond to pressing transit needs.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Fifty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, 39% of the land area in the state of Idaho is national forest administered by the U.S. Forest Service, and an additional 22% of the land area in Idaho is public land administered by the U.S. Bureau of Land Management; and

WHEREAS, in 1996, the Idaho Board of Land Commissioners appointed the Federal Land Task Force to examine alternative methods of federal land management in Idaho. In July of 1998, the task force completed its report entitled "New Approaches for Managing Federally Administered Lands." The report identified problems with management of lands administered by the Forest Service and the Bureau of Land Management in Idaho and recommended the pursuit of pilot projects to test collaborative, cooperative, and/or trust models as alternative approaches for federal land management; and

WHEREAS, in March of 1999, the First Regular Session of the Fifty-fifth Idaho Legislature adopted House Concurrent Resolution No. 8, endorsing the task force report, stating its support for further action by the Idaho Board of Land Commissioners on the proposals contained in the report, and urging the Congress of the United States to pass legislation implementing the recommendations contained in the report; and

WHEREAS, in September of 1999, the Idaho Board of Land Commissioners appointed the Federal Land Task Force Working Group to identify pilot projects to test the three alternative approaches described in the task force report; and

WHEREAS, in December of 2000, after soliciting and reviewing pilot
project proposals from around Idaho, the working group completed its report entitled "Breaking the Gridlock: Federal Land Pilot Projects in Idaho." The report confirmed the continuing need to pursue alternative ways to manage federal lands in Idaho, described five such pilot projects proposed for different locations within Idaho, and recommended the projects be considered for implementation; and

WHEREAS, the working group report was circulated for public comment between December of 2000 and February of 2001, and over 80% of the 500 comments received from within and outside Idaho were favorable of the report. In February of 2001, the Idaho Board of Land Commissioners reviewed and approved the report; and

WHEREAS, one of the projects in the report, designed to provide a working test of a more collaborative approach to management of national forest lands in the Clearwater River Basin, was developed into draft legislation known as the Clearwater Basin Project Act; and

WHEREAS, in the first session of the 108th Congress of the United States, the Clearwater Basin Project Act was introduced in the United States House of Representatives by Congressman Otter of Idaho, on behalf of himself and Congressman Simpson, as H.R. 835, and in the United States Senate by Senator Craig of Idaho as S. 433; and

WHEREAS, since introduction of the Clearwater Basin Project Act, the federal Healthy Forests Restoration Act of 2003 was enacted, and Congress has expanded stewardship contracting authority for projects on lands administered by the Bureau of Land Management and Forest Service; and

WHEREAS, catastrophic fire, fish and wildlife habitat, forest health, and other environmental and management problems identified in the reports of the task force and working group persist regarding federal lands administered by the Forest Service in the Clearwater Basin, in which the citizens and communities of Idaho have a vital stake; and

WHEREAS, the proposed federal Clearwater Basin Project Act will assist in addressing these problems and providing a useful working test for improved management of national forest lands, fully consistent with continued federal ownership and decision making authority over these lands, inclusive of requirements for public participation and environmental protection; and

WHEREAS, the proposed Clearwater Basin Project Act will act to enhance, and will be fully consistent with, the Healthy Forests Restoration Act, national, state of Idaho, and community catastrophic wildfire risk reduction plans, stewardship contracting authority, and other initiatives addressing federal land management issues; and

WHEREAS, additional useful pilot projects to implement the recommendations in the reports of the Federal Land Task Force and Federal Land Task Force Working Group may be further developed with local interest and support, and require federal legislation to fully implement.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-seventh Idaho Legislature, the Senate and the House of Representatives concurring therein, that we endorse the federally proposed Clearwater Basin Project Act, urge the congressional delegation representing the state of Idaho to work toward enactment of the legislation with continued public participation, and urge the Congress of the United States to enact the Clearwater Basin Project Act.

BE IT FURTHER RESOLVED that we endorse continued action by the federal government, as well as the Idaho Board of Land Commissioners,
toward additional development and implementation of pilot projects for improved management of federal lands in other areas of Idaho where local support exists, in accordance with the recommendations in the July 1998 report of the Federal Lands Task Force and the December 2000 report of the Federal Lands Task Force Working Group.

BE IT FURTHER RESOLVED that we endorse coordinating Idaho federal land pilot project efforts with implementation by federal agencies of the Healthy Forests Restoration Act, national, state of Idaho, and community catastrophic wildfire risk reduction plans, stewardship contracting authority, and other initiatives to improve federal land management.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Fifty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the state of Idaho experiences on its roads and highways every year significant movement of agricultural commodities, including livestock, livestock food, poultry and poultry feed; and

WHEREAS, the federal National Highway System Designation Act of 1995 includes an agricultural operations exemption from the federal hours of service regulations for truck drivers transporting agricultural commodities; and

WHEREAS, the majority of states in the nation have, without adverse safety consequences, implemented the agricultural operations exemption based upon the specific agricultural transportation needs found within the individual states; and

WHEREAS, produce and other perishable commodities must be delivered in a timely manner, as the need for efficient, timely commercial agricultural transportation grows; and

WHEREAS, the federal Motor Carrier Safety Administration has issued a "guidance" which states that livestock, livestock feed, poultry and poultry feed are not agricultural commodities.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that we urgently support the passage of H.R. 871, to amend the national Highway System Designation Act of 1995, to provide a comprehensive definition of the term "agricultural commodity" and thereby make the agricultural operations exemption permanent and not subject to modification or revocation by the United States Department of Transportation.

BE IT FURTHER RESOLVED that we urge the congressional delegation representing the State of Idaho in the Congress of the United States to actively support and become cosponsors for passage of H.R. 871.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Fifty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, current federal and state medical assistance expenditures for long-term care services in Idaho exceed $145.7 million annually, with the state's annual share at approximately $43.7 million; and

WHEREAS, skyrocketing costs of providing care to persons who need assistance to meet daily needs have hit the middle class particularly hard; and

WHEREAS, the national average cost for nursing home care is approximately $50,000 per year; and

WHEREAS, costs to the state of Idaho will rise on account of increasing demands for services as our population ages; and

WHEREAS, the purpose of the long-term care partnership program is to provide incentives to individuals to purchase long-term care insurance, and consequently to relieve the financial burdens on the states when they assume payment for the long-term care needs of their citizens under the Medicaid program by allowing individuals who exhaust qualified private long-term care policy benefits to protect an equivalent value of assets and still satisfy Medicaid's financial eligibility requirements; and

WHEREAS, the concept of long-term care partnership results in private insurance paying first and government paying last; and

WHEREAS, the four states that have had partnership plans for almost a decade, specifically California, Connecticut, Indiana and New York, have experienced significant savings to taxpayers, and have seen less than 100 total partnership purchasers qualify for Medicaid; and

WHEREAS, American citizens in 46 states, the District of Columbia and territories of the United States are being discriminated against by not being able to enjoy the benefits provided by long-term care partnership plans due to a restriction present in Section 1917(b)(1)(C) of the Social Security Act (49 Stat. 620, 42 U.S.C. 1396p(b)(1)(C)) which has discouraged additional states from enacting long-term care partnership programs by effectively removing the major incentive for individuals to participate.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-seventh Idaho Legislature:...
Session of the Fifty-seventh Idaho Legislature, the House of Representa­tives and the Senate concurring therein, that we urge the United States Congress to amend Section 1917(b)(1)(C) of the Social Security Act (49 Stat. 620, 42 U.S.C. 1396p(b)(1)(C)) by deleting May 14, 1993, as the deadline for approval by states of long-term care partnership plans, thus affording states throughout the nation the ability to give their citizens the same rights to participate in those types of plans.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Represent­atives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delega­tion representing the State of Idaho in the Congress of the United States.

A JOINT MEMORIAL
TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CON­GRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Fifty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the state of Idaho is the second leading producer of sugarbeets in the United States, producing eighteen percent of the nation's market share; and

WHEREAS, the United States is already the world's fourth largest sugar-importing nation and has existing World Trade Organization commit­ments to import at least 1,250,000 tons of foreign sugar every year, duty free, from forty-one foreign nations including the Central American Free Trade Area (CAFTA) countries; and

WHEREAS, the United States sugar producers are already holding over 700,000 tons of United States sugar off the market this year under the marketing allocation system in the U.S. Farm Bill in order to properly manage the program, stabilize prices and prevent a glut on the market; and

WHEREAS, the nation's sugarbeet industry is facing one of the gravest threats in its history in the form of the CAFTA agreement, as well as other trade agreements currently under negotiation, which seek to provide unneeded additional foreign access to the United States sugar market; and

WHEREAS, in January 2002, the federal government announced that it was initiating negotiations on a free trade agreement involving the countries of El Salvador, Guatemala, Honduras and Nicaragua. That nego­tiation concluded in December 2003. The United States is also seeking to include Costa Rica and the Dominican Republic in the agreement. Congress must now decide whether to ratify CAFTA; and
WHEREAS, CAFTA would allow the Central American countries to export over 100,000 additional tons of sugar to the United States, harming the United States sugar industry in the process; and

WHEREAS, the United States sugar industry is efficient by world standards but cannot be expected to compete with these foreign countries under free trade agreements due to the labor practices, lack of environmental regulations and subsidized agricultural production of these foreign countries; and

WHEREAS, concerns over free trade agreements face the sugar industry at a time when the domestic consumption of sugar is declining, forcing domestic sugar producers to store extremely high quantities of sugar; and

WHEREAS, the state of Idaho stands to lose thousands of jobs and millions of dollars if these free trade agreements are implemented, potentially devastating the state’s sugarbeet industry, moving production into other supply-sensitive crops, and severely harming the state’s economy as a whole; and

WHEREAS, the economic impact of any trade agreement on the states must be recognized and considered to maintain viable economic health of agricultural industries, as well as all industries, with an emphasis on fair trade, rather than free trade; and

WHEREAS, the provisions of CAFTA should be renegotiated to limit exports from Central American countries to a needs-based access, allowing the United States sugar policy to properly function and fairly treat sugarbeet and cane growers in the United States.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that in negotiating any national trade agreements, the federal government is urged to recognize the economic impact of such trade agreements on the states and consider those impacts to maintain viable economic health of agricultural industries, as well as all industries, with an emphasis on fair trade, rather than free trade. The government is further urged to renegotiate the provisions of CAFTA to limit sugar exports from the Central American countries to fairly protect sugarbeet and cane growers in the United States.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.
We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Fifty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, state financial regulators and attorneys general have a long history of protecting consumers from predatory lending and other lending abuses; and

WHEREAS, state financial regulators aggressively promote access to healthy, comprehensive, and competitive financial services for their citizens; and

WHEREAS, on January 7, 2004, the federal Office of the Comptroller of the Currency (OCC) finalized rules that preempt most state consumer protection laws and enforcement of those laws as they apply to national banks, their operating subsidiaries and agents; and

WHEREAS, the sweeping OCC rules reach beyond preempting state laws and enforcement for national banks, and also prohibit the states from licensing, examining and otherwise regulating state-chartered corporations that are subsidiaries of national banks, like mortgage brokers and mortgage lenders, finance companies, and other nondepository lending companies; and

WHEREAS, the OCC has no office in Idaho, is not listed in Idaho telephone books, and has no other local presence in Idaho, and under the OCC rules, Idaho consumers with complaints regarding national banks and their subsidiaries would be referred to one OCC office in Texas; and

WHEREAS, the OCC ignored calls from members of Congress, the National Governors Association, National Association of Attorneys General, National Conference of State Legislatures, Conference of State Bank Supervisors, North American Securities Administrators Association, American Association of Residential Mortgage Regulators, major consumer groups and state financial regulators, for congressional oversight and review of the impact of the rules, and finalized the rules while Congress was in recess; and

WHEREAS, the OCC preemption threatens to undermine the unique American dual banking system that promotes the strongest banking market in the world and provides critical fuel to the economy of the United States; and

WHEREAS, the OCC's rules radically rewrite the time-honored standard for federal preemption of state laws as interpreted by courts and intended by Congress; and

WHEREAS, the federalist system is based upon belief in a decentralized government, with authority given to the states and the federal government, and the OCC's rules centralize regulatory power in the hands of a single individual - the Comptroller; and

WHEREAS, Congress has authority over this federal regulatory agency that is not operating in the best interest of the nation's banking system and economy; and

WHEREAS, both houses of Congress have either held or scheduled oversight hearings to address the OCC's preemption rules.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Idaho Legislature is committed to maintaining the role of the states in enforcement of consumer protection laws and in dual regulation of financial institutions, and it opposes any federal rule that undermines this state authority,
including the OCC's rules preempting state consumer protection laws and enforcement that apply to national banks, their operating subsidiaries and agents.

BE IT FURTHER RESOLVED that the Legislature of the State of Idaho urges Congress to carefully review the actions of the OCC, reestablish a balance of power between state and federal laws in a way that benefits consumers, all financial institutions and our economy, restore the dual banking system, and reassert its authority over federal banking policy.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

WHEREAS, military veterans who suffer from service-connected disabilities have had to forfeit a dollar of military retired pay for each dollar of Department of Veterans Affairs Disability Compensation pay they receive; and

WHEREAS, the Military Retirement Trust Fund was authorized by Public Law 98-94 for accumulation of funds to finance the liabilities of the Department of Defense under military retirement and survivors benefit programs; and

WHEREAS, the reported mission of the Military Retirement Trust Fund is to accumulate funds in order to finance, on an actuarially sound basis, the liabilities of the Department of Defense under military retirement and survivors benefit programs; and

WHEREAS, the Secretary of Defense is tasked with the responsibility of budgeting funds annually for replenishment of the fund; and

WHEREAS, disabled retired veterans are having deductions from their retirement checks to offset, dollar for dollar, their Department of Veterans Affairs Disability Compensation and those offsets are Military Retirement Trust Fund assets, which should be creating a surplus; and

WHEREAS, the United States government and the Department of Defense have been required by their own laws and regulations to fund retired military pay; and

WHEREAS, no persons, other than military retirees, fund their own disability payments from their retirement funds; and
WHEREAS, this inequity was partially addressed in November 2003, when President Bush signed the fiscal year 2004 Department of Defense bill containing provisions to phase-in concurrent receipt; and
WHEREAS, Public Law 108-136 became effective January 1, 2004; and
WHEREAS, all military retirees with Department of Veterans Affairs disability ratings of fifty percent or higher will have full concurrent receipt phased-in over a ten year period; and
WHEREAS, National Guard and Reservist career retirees will be treated the same as active duty retirees and will be included in both the Combat-Related Special Compensation Program and the phase-in of concurrent disability pay receipt for veterans rated fifty percent or higher; and
WHEREAS, Public Law 108-136 is a move forward; however, military retirees with noncombat disabilities rated less than fifty percent continue to be treated unfairly; and
WHEREAS, Idaho's chartered veterans' organizations intend to resume efforts to expand concurrent receipt benefits to more retirees during the 108th Congress.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that we support the concurrent receipt of military retirement pay and disability compensation.

WHEREAS, the Idaho National Engineering and Environmental Laboratory is the largest employer in Eastern Idaho and one of the largest in the state of Idaho; and
WHEREAS, the Idaho National Engineering and Environmental Laboratory has provided support to our nation's security, by manufacturing tank armor that protects our troops, testing materials for the nuclear Navy to make better warships, developing instrumentation that allows our law enforcement agencies and the military to detect chemical or radiological
hazards safely, and developing instruments and processes that help us maintain and protect our critical infrastructure such as information, communications and information systems; and

WHEREAS, the Idaho National Engineering and Environmental Laboratory is the United States Department of Energy's leader in the development of nuclear energy, particularly in the next generation of nuclear reactors that will be cleaner, safer, more efficient and more proliferation resistant; and

WHEREAS, the Idaho National Engineering and Environmental Laboratory and Argonne National Laboratory-West will be joined in 2005 to form the Idaho National Laboratory, which the United States Department of Energy intends to develop into the preeminent nuclear research, development and demonstration lab within ten years and the Idaho National Laboratory will also establish itself as a center for national security technology development and demonstration; and

WHEREAS, the Idaho National Laboratory will offer new opportunities to Idaho small business and industry, universities and communities to become involved in developing this world class laboratory.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that we request the President and Congress to vigorously support and expand the Idaho National Laboratory as it develops a world class, multiprogram laboratory that attracts and retains exceptional scientific, technical and business talent to accomplish its programs.

WHEREAS, on January 16, 2004, several conservation and fishing groups filed a complaint in the federal district court in Oregon in the case of American Rivers v. NOAA Fisheries, Civ. No. 04-CV-0061-RE, alleging that the biological opinions issued by NOAA Fisheries in 2001 and 2002 regarding operation of the Bureau of Reclamation projects in the Upper Snake River Basin are arbitrary and capricious, and otherwise contrary to law, and should be set aside by the court; and

WHEREAS, the complaint also alleges that the current federal program of sending up to 427,000 acre-feet of water downstream for flow augmentation, under a willing-seller program that must comply with state law, is insufficient for the needs of the listed species; and

WHEREAS, the complaint contends that sufficient water needs to be sent downstream from the Upper Snake River projects to meet arbitrary and unrealistic flow targets that have been established downstream by NOAA Fisheries; and

WHEREAS, providing water downstream to meet the flow targets would require sending millions of acre-feet of water out of Idaho, thereby devastating its agricultural economy and significantly affecting supplies for municipalities, recreation, resident fisheries, ground water recharge and spring flows; and

WHEREAS, Idaho has been in the midst of a severe drought over the past several years; and

WHEREAS, the downstream flow targets are not hard constraints, as previously determined by the federal district court in Oregon and by NOAA Fisheries; and

WHEREAS, flow augmentation using water from the Upper Snake River projects has been demonstrated to be a failed experiment by virtue of the fact that it does not decrease travel time or provide temperature benefits for the listed species; and

WHEREAS, the Idaho State Legislature has made plain its intent, in Section 42-1763B, Idaho Code, to repeal the temporary legislative authorization for the Bureau to release storage water for flow augmentation in the event that the 2002 biological opinion is set aside by a court; and

WHEREAS, the conservation and fishing groups have made clear that their primary motivation for filing the complaint includes placing pressure upon the state of Idaho, water users, and other citizens of the state to support removal or breaching of the four federal dams on the Lower Snake River.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Idaho Legislature opposes efforts to release large amounts of storage water for flow augmentation, contrary to the laws of the state of Idaho, and also opposes removal or breaching of the four Lower Snake River dams.

BE IT FURTHER RESOLVED that the Idaho State Legislature supports the efforts of the state of Idaho, by and through the offices of the Governor and the Attorney General, to intervene in the current legal proceedings to protect the sovereignty of Idaho's water.

WHEREAS, Idaho is an arid state and is in the midst of a prolonged drought; and

WHEREAS, Idaho is a rapidly growing state, with emerging water supply needs for municipalities, urban development, industries and commercial enterprises, as well as continued agricultural demands; and

WHEREAS, additional water supplies are desired to help address conjunctive administration issues involving the legal and hydrologic relationship between surface and ground water needs; and

WHEREAS, listings of fish and other aquatic species under the Endangered Species Act, lawsuits, and other demands for water continue to perplex our state.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that we support the identification and development of additional water supply enhancement projects including, but not limited to, on-stream and off-stream storage, increased capacity at existing storage facilities, ground water storage, recharge of aquifer supplies and pressurized irrigation systems.

BE IT FURTHER RESOLVED that we encourage the Bureau of Reclamation, the United States Army Corps of Engineers, the Idaho Water Resource...
Board, the Idaho Department of Water Resources, and other federal and state agencies to cooperate with the citizens of the state of Idaho in identifying and developing such water supply projects as are necessary to address the growing needs and demands of the state.

WHEREAS, the majority of energy required by the Pacific Northwest is produced by hydropower; and

WHEREAS, spill for fish should be managed according to the most biologically effective level at each hydro project; and

WHEREAS, spilling to the maximum gas supersaturation levels of one hundred twenty percent may be increasing mortality at some dams when compared to what would occur at lesser volumes of spill; and

WHEREAS, the difference in survival between spillway passage and other passage methods may in some instances be minimal; and

WHEREAS, the maximum level of fish survival at each project may be different from and not necessarily correlated with the most spill; and

WHEREAS, spill may have negative effects on returning adults; and

WHEREAS, there are few fish in the river system in July and August because the majority of smolts are barged; and

WHEREAS, the 2000 Biological Opinion provides adequate latitude for spill adjustments including spill reductions; and

WHEREAS, spillway passage for migrating salmon can also be the most costly to the regional power system, especially in years of low water or high market prices for energy; and

WHEREAS, the Bonneville Power Administration has estimated the cost of spill in the months of July and August by the Federal Columbia Power System to be approximately 77 million dollars; and

WHEREAS, the Northwest Power and Conservation Council has called on the federal government to conduct an evaluation of the biological effectiveness and costs of spillway passage at each project.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-seventh Idaho Legislature, the House of Representa-
tives and the Senate concurring therein, that we request the United States government to conduct salmon survival evaluations in the 2004 spill year, the goal of which should be to determine if it is possible to achieve the same or greater levels of survival and biological benefit to migrating fish as is currently achieved while reducing the amount of water spilled, thus decreasing the adverse impacts on the region's power supply.

WHEREAS, nonattainment designation could result in a substantial reduction in federal transportation funds as well as significantly reducing economic development opportunities in areas so designated; and

WHEREAS, existing public transportation systems within the state may not be adequate to meet existing and future demand; and

WHEREAS, there is a need to analyze both the wide variety of methods to coordinate and enhance public transportation as well as the methods to protect and enhance air quality in various regions of the state; and

WHEREAS, there is a need to examine the various federal programs and related funding sources designed to support public transportation as well as to protect and enhance air quality; and

WHEREAS, the Second Regular Session of the Fifty-seventh Idaho Legislature considered legislation to require motor vehicle emissions control programs in densely-populated counties where emissions from all sources, including vehicles, threaten to exceed ambient air quality standards; and

(5) Recommend strategies for providing private and public funding of public transportation services;
(6) Recommend strategies for maintaining and enhancing air quality in the regions of the state of Idaho threatened by potential federal Clean Air Act nonattainment designations; and
(7) Develop any legislation related to these matters as the committee deems appropriate.

BE IT FURTHER RESOLVED that the committee shall request that the Idaho Transportation Department, the Idaho Department of Health and Welfare, the Idaho Department of Environmental Quality, the Idaho Commission on Aging and all other state agencies necessary for completion of the committee's assignments assist the committee as requested.

BE IT FURTHER RESOLVED that the committee shall request that the Interagency Working Group on Public Transportation created in Section 40-514, Idaho Code, be a collaborator with the committee to provide input and advice. STATING FINDINGS OF THE LEGISLATURE AND EXPRESSING SUPPORT AND ENCOURAGEMENT FOR THE EFFORTS OF THE PULASKI PROJECT IN ACCOMPLISHING ITS IMPORTANT MISSION IN TRIBUTE TO EDWARD PULASKI AND IN ACKNOWLEDGMENT OF THE DEDICATED SERVICE OF ALL PAST, PRESENT AND FUTURE WILDFIRE FIGHTERS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, on August 20, 1910, in the beautiful mountains and forests of northern Idaho and western Montana, known as the "high lonesome," the worst forest fire in American history erupted, burning three million acres of timberland over the course of two days, causing many to believe the fire heralded the end of the world; and

WHEREAS, although in July of 1910, thousands of wildfires were sparked during the driest year in memory, by August 19, 1910, most of the fires were under control until hurricane force winds, blowing up to 80 miles per hour, swept into Idaho and coaxed the remaining fires together, creating a firestorm; and
WHEREAS, firefighters battled the blaze, from which smoke could be seen as far away as Denver, and which spanned from eastern Washington, across Idaho and into Montana; and
WHEREAS, the devastating fire ultimately claimed the lives of eighty-six people; and
WHEREAS, during the afternoon of August 20, 1910, just outside of Wallace, Idaho, Edward Pulaski, a district ranger with the recently created U.S. Forest Service, realized that he and his crew were trapped in the fire and that they could only try to save their lives; and
WHEREAS, being the only one familiar with the backcountry trails, Pulaski led his 45-man crew through fire and smoky darkness to safety in the abandoned Nicholson Mine, now commonly known as the Pulaski Tunnel; and
WHEREAS, in leading the men to safety, Pulaski ordered them to lay face down to keep from suffocating from gas and smoke from the fire and, in the midst of some of the men succumbing to panic, he prevented any of them from leaving the mine, and from certain death, by holding them at bay with his pistol; and
WHEREAS, as timbers at the entrance of the mine caught fire, Pulaski beat out the flames with horse blankets and water from the mine floor that he gathered with his hat; and
WHEREAS, many of the men, including Pulaski, eventually lost consciousness from the heat, smoke and gas, but, in the morning, all but five of the men emerged from the tunnel and hiked back to Wallace, their lives having been spared; and
WHEREAS, Pulaski, who had emerged from the fire a hero, was hospitalized for nearly two months with blindness and pneumonia and carried scars of the firestorm on his hands and face for the rest of his life; and
WHEREAS, in 1984, the U.S. Forest Service placed a monument, dedicated to those who lost their lives in the fire and to Edward Pulaski, on Moon Pass Road near the trail to the Pulaski Tunnel; and
WHEREAS, because over the course of time the trail and adit of the mine have fallen into severe disrepair, a dedicated group launched the Pulaski Project in 2002, in an effort to preserve this important piece of Idaho's history and the history of this country; and
WHEREAS, in addition to serving as a tribute to Edward Pulaski, the Pulaski Project serves as an acknowledgment of the dedicated service despite hardship, peril, and sacrifice, of all past, present and future wildfire fighters; and
WHEREAS, the Pulaski Project focuses on four primary goals: (1) the upgrading of the mine adit and trail that Pulaski and his men used to survive and escape the fire; (2) the creation of a National Wildfire Education Center and Museum in Silverton/Wallace, whose purpose is to elevate the priority of wildfire and forest management in the region and the nation, as well as to educate the public regarding the shift away from the 100% suppression paradigm that was launched by the great 1910 fire; (3) the upgrading of two collective U.S. Forest Service gravesites at Nine Mile Cemetery; and, finally, (4) the ongoing development of both a web page (see www.pulaski-project.org) and an online discussion group for the furtherance of enlightened and serious discussion of the issues that divide the nation regarding wildfire and forest management today; and
WHEREAS, the Pulaski Project's goals serve the people of Idaho and the nation by commemorating the historical significance of the 1910 fire, and by addressing the importance across Idaho, the northwest, and the nation, regarding wildfires and forest management.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature herein expresses support and encouragement to the Pulaski Project in accomplishing its important mission in tribute to Edward Pulaski and in acknowledgment of the dedicated service of all past, present and future wildfire fighters.

STATING FINDINGS OF THE LEGISLATURE, ADOPTING A STATE EMPLOYEE COMPENSATION POLICY, ADOPTING FUNDING RECOMMENDATIONS, STATING POLICY TOWARD SALARY SAVINGS REGARDING PAY POLICIES FOR STATE EMPLOYEES AND DIRECTING MANAGEMENT OF COMPENSATION AND FUNDING POLICIES.
WHEREAS, the Legislature has by law provided that the Governor and the Division of Human Resources report to the Legislature their recommendations for proposed pay policies, together with the estimated cost thereof; and

WHEREAS, the Legislature has received and reviewed the report of the Governor dated January 12, 2004, and the report of the Division of Human Resources dated October 1, 2003; and

WHEREAS, it is the mission of the Idaho State Government to provide a high level of responsive service in meeting the needs of its citizens.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that:

(1) It is the policy of the state of Idaho to provide a total compensation system that attracts, retains and recognizes state employees for their valuable service. The foundation of this system is to pay competitive job market average salaries and to reward performance with a merit based compensation philosophy.

(2) The Joint Finance-Appropriations Committee is directed to provide funding for the following specific compensation measures:
   (a) Funding of $10,923,900 from the General Fund for benefit cost increases for health insurance, Public Employee Retirement System rate changes, and various other salary based benefits as recommended in the Governor's report;
   (b) Funding of $10,002,100 from the General Fund for 2% salary increases for state employees as recommended in the Governor's report; and
   (c) One-time contingency funding of $5,001,000 in General Funds, for an additional temporary salary increase of 1%. This increase shall be contingent upon General Fund revenues exceeding the fiscal year 2004 revenue projection used by the Joint Finance-Appropriations Committee by a minimum of $5,001,000. The Joint Finance-Appropriations Committee shall design a surplus eliminator appropriation to provide this temporary salary increase, should available funds in excess of the revenue projection become available.

(3) For those agencies funded in total or in part from non-General Fund money, the Joint Finance-Appropriations Committee is directed to appropriate in as nearly as possible the same manner as agencies funded by the General Fund.

(4) The Legislature recognizes that no specific funding for salary increases for state agencies and institutions has been provided for the last two fiscal years. As such, state agency directors and institution executives are encouraged to allocate agency salary savings to provide for employee salary needs before other operational budget priorities are considered. One-time salary increases should be given if the salary savings are one-time in nature. Ongoing salary increases may be given if the salary savings are expected to be ongoing in nature and, where applicable, particular emphasis should be placed on those employees in occupational groups with significant market pay lag and turnover rates.

(5) The Division of Human Resources and the Division of Financial Management shall ensure that agency and institution compensation policies are managed consistent with the policies contained herein.
(6) The effective date of implementation of these salary adjustments shall be June 6, 2004.

BE IT FURTHER RESOLVED that appropriations measures to fund nonclassified employees be prepared in as nearly as possible the same manner as for classified employees.

BY THE GOVERNOR:

/s/ DIRK KEMPTHORNE
GOVERNOR OF THE STATE OF IDAHO

/s/ BEN YSURSA
SECRETARY OF STATE
ESTABLISHMENT OF THE IDAHO HOMELAND SECURITY COUNCIL

WHEREAS, the Constitution of the State of Idaho requires that government provide for the public safety and security; and
WHEREAS, enemies of the United States, through acts of terrorism, have already attacked this nation's citizens and critical infrastructure; and
WHEREAS, those enemies have demonstrated a continuing desire to overthrow this nation's government, its military, and the economic base of this nation and each of its sovereign states.
NOW, THEREFORE, I, DIRK KEMPTHORNE, Governor of the State of Idaho, by the authority vested in me under the Constitution and laws of this state hereby establish an Idaho Homeland Security Council for the purpose of conducting planning and information sharing between executive level representatives of private sector critical infrastructure and representatives of state, tribal, local, and special districts of governmental agencies charged with maintaining the public health, safety, and security of the people of the State of Idaho.

It is the policy of the State of Idaho to strategically prepare its citizens and local communities, including private sector entities, within the budgetary and legal constraints imposed by the Legislature, to respond to, and recover from, the debilitating impact of both natural and man-caused disasters including paramilitary acts of terrorism and the potential use of weapons of mass destruction. Principal among those preparedness strategies is the protection of the state's critical infrastructure, upon which society depends to meet the basic essentials required for the preservation of life and economic survival. Critical Infrastructure is defined as "those systems and assets, physical or virtual, so vital to the well-being of the citizens of Idaho, that severely reduced capacity or destruction would have a debilitating impact on public health, safety, security and/or the state and local economy."

It shall be the mission of the Council to share information and planning resources in a protected environment under Section 9-340B, Idaho Code, to improve the capability of the public and private sectors to mitigate, prepare, respond, and recover from major disasters, including acts of terrorism and the use of weapons of mass destruction. The Council will, through the Council Chairman, make recommendations and periodically report its findings to the Governor.

The Council shall establish and maintain, through the Idaho Bureau of Disaster Services, a system for exchanging meaningful threat information to executives of critical infrastructure organizations, first responders, local government, state agencies and those private nonprofit organizations that are critical to the health and well-being of the citizens of the State of Idaho.

The Council shall develop recommendations that outline appropriate measures that could be implemented to assist public and private sector organizations with the protection of the state's critical infrastructure when credible threat information has been gathered from any source, and when there is a likelihood of attack on those assets and systems. Recommendations shall include measures for the operation of critical infrastructure when systems and assets are under duress as a result of threats, actual attacks of terrorism, or when the infrastructure is...
affected by major emergencies and natural or man-caused disasters.

The Council shall develop recommendations to improve preparedness planning, including economic recovery initiatives that are mutually inclusive and compatible with local, tribal, state, and federal response and recovery plans.

The Council shall be comprised of representatives of the following agencies and organizations:

Chairperson. In accordance with Section 46-1006, Idaho Code, the Adjutant General of the State of Idaho is the Governor's authorized representative for emergency planning, preparedness, response, and recovery from all hazards including paramilitary acts, such as terrorism and the use of weapons of mass destruction. The Adjutant General is hereby appointed as chair of the Idaho Homeland Security Council.

The Adjutant General shall recommend to the Governor the names of private and public sector executives to be appointed to the Idaho Homeland Security Council. Council members will be appointed by the Governor. Each appointed Council member shall chair a committee that will further reach out to those local, tribal, state and federal agencies and private organizations that are necessary to adequately plan and prepare for a successful response and recovery from acts of terrorism. The Adjutant General, acting on behalf of the Governor, may appoint private and public sector personnel to committees of the Council. All state agencies may be called upon by the Adjutant General to assist in planning and preparing for terrorism and the potential use of weapons of mass destruction.

Consolidation of State Terrorism Planning Activities:

To ensure that all state agency terrorism-preparedness objectives are compatible, directors of state agencies and heads of self-governing state agencies will submit agency terrorism preparedness plans to the Adjutant General through the Bureau of Disaster Services.

The Lieutenant Governor's Bioterrorism Planning Committee is, effective immediately, reformed under the Health Care and Medical Services Committee of the Idaho Homeland Security Council, chaired by the Director, Idaho Department of Health and Welfare. Council and committee members will serve without remuneration or reimbursement for expenses, including related travel and per diem to attend council and committee meetings and other related Council functions.

Nothing in this Executive Order changes practices established by existing laws or previously established Executive Orders concerning preparedness for natural or man-caused disasters. Rather, this Executive Order establishes a central body for the review of terrorism plans and a preparedness activity at the state level that provides an avenue for private sector input and information sharing for the purpose of improving the survivability and operation of critical infrastructure in a terrorist environment.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho at the Capitol in Boise on this eleventh day of August in
WHEREAS, the State of Idaho owes a lasting debt of gratitude to all heroic members of our Armed Forces who have risked their safety to defend the lives and liberty of others; and
WHEREAS, the State will not forget our Nation's prisoners of war and those missing in action (POWs/MIs) and the devoted service they have bravely rendered to our country, and neither will the State of Idaho fail to meet its obligation to their families; and
WHEREAS, Idaho remembers those Americans who remain missing and unaccounted for; and
WHEREAS, our State is determined to keep faith with those who have so faithfully served and defended the United States; and
WHEREAS, Idaho recognizes the profound suffering of those who continue to await word of the fate of their loved ones, and the State is determined to help them gain the peace and consolation that word will bring; and
WHEREAS, the POW/MIA flag symbolizes Idaho's firm and united commitment to securing the release of any Americans who may still be held against their will, to obtaining the fullest possible accounting for the missing, and to repatriation of all recoverable American remains; and
WHEREAS, Executive Order 2003-03 establishes a schedule for flying the POW/MIA flag over the Idaho State Capitol Building, independent of this Executive Order.

NOW, THEREFORE, I, DIRK KEMPTHORNE, Governor of the State of Idaho, by the authority vested in me under the Constitution and laws of this state do hereby order as follows:

The POW/MIA flag shall be flown over the Idaho State Capitol Building from November 11, 2003, Veterans Day, until the opening of the Idaho State Veterans Cemetery, at which time it will be transferred to and permanently flown at the cemetery. The POW/MIA flag is a symbol of the gratitude of the citizens of this state to all the men and women who are listed as missing in action, or who are or have been forcibly detained as prisoners of war by our enemies. These persons have sacrificed and suffered much for their country while fighting for the cause of freedom.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho at the Capitol.
in Boise on this eleventh day of November in the year of our Lord two thousand and three, and of the Independence of the United States of America the two hundred twenty-eighth and of the Statehood of Idaho the one hundred fourteenth.

WHEREAS, the water supply of the Eastern Snake Plain Aquifer (ESPA) is hydraulically connected to the Snake River and tributary surface water sources; and
WHEREAS, discharges from the Thousand Springs area have diminished and are expected to be further diminished primarily because of significant reductions in incidental recharge of the ESPA and the last four consecutive years of drought; and
