The Department of Correction is hereby directed to allocate salary savings, based on performance, to provide for employee salary needs before other operational budget priorities are considered. Where applicable, employees whose salaries are below the midpoint of their pay grade or occupational groups with significant turnover rates shall be considered first in the order of salary savings distributions.
SECTION 5. Notwithstanding the provisions of Section 67-3511(1), Idaho Code, all appropriations made by the Legislature to the Department of Correction for personnel costs in fiscal year 2008, shall be used exclusively for employee compensation pursuant to Section 67-3508(1)(a), Idaho Code. For accounting purposes, this reappropriation shall be considered exempt from the provisions of Section 67-3511, Idaho Code, relating to the transfer of moneys between programs and expenditure classes. The reappropriation shall be used for the replacement of federal funding lost through the Maintaining Dignity in Idaho Jails Grant; conducting a criminal justice study; and for other one-time expenses related to moving offenders that are diagnosed with acute mental health disorders from the maximum security prison to Unit 16 at the Idaho State Correctional Institution. In addition, the department is directed to provide a detailed written report on the expenditure and use of these funds to the next regular session of the Idaho Legislature.

SECTION 9. The reappropriation for the General Fund granted in Section 8 of this act shall be subject to the following provisions:

state agencies.

In the case of a registered professional engineer, the certificate shall authorize the practice of "professional engineering," and in the case of a registered professional land surveyor the certificate shall authorize the practice of "professional land surveying." Certificates of registration shall show the full name of the registrant, shall give a serial registration number, and shall be signed by the chairman and the secretary of the board under seal of the board.

(2) The issuance of a certificate of registration by the board shall be prima facie evidence that the person named therein is entitled to all the rights, privileges and responsibilities of a registered professional engineer or of a registered professional land surveyor, provided that said certificate of registration has not expired or has not been suspended or revoked.

(3) Each registrant hereunder shall, upon registration, obtain a seal, the use and design of which are described below. It shall be unlawful for any person to affix or to permit his seal and signature to be affixed to any documents after the certificate of the registrant named thereon has expired or has been suspended or revoked, unless said certificate shall have been renewed, reinstated, or reissued, or for the purpose of aiding or abetting any other person to evade or attempt to evade any portion of this chapter.
(a) The seal may be a rubber stamp, crimp or electronically generated image. Whenever the seal is applied, the registrant's signature and date shall also be included. If the signature is handwritten, it shall be adjacent to or across the seal. No further words or wording is required. A facsimile signature generated by any method will not be acceptable unless accompanied by a digital signature.

(b) The seal, signature and date shall be placed on all final specifications, land surveys, reports, plats, drawings, plans, design information and calculations, whenever presented to a client or any public or governmental agency. Any such document presented to a client or public or governmental agency that is not final and does not contain a seal, signature and date shall be clearly marked as "preliminary," "draft," "not for construction" or with similar words to distinguish the document from a final document. In the event the final work product is preliminary in nature or contains the word "preliminary," such as a "preliminary engineering report," the final work product shall be sealed, signed and dated as a final document if the document is intended to be relied upon to make policy decisions important to the life, health, property, or fiscal interest of the public.

(c) The seal, signature and date shall be placed on all original documents in such a manner that such seal, signature and date are reproduced when the original document is copied. The application of the registrant's seal, signature and date shall constitute certification that the work thereon was done by him or under his responsible charge. Each plan or drawing sheet shall be sealed and signed by the registrant or registrants responsible for each sheet. In the case of a business entity, each plan or drawing sheet shall be sealed and signed by the registrant or registrants involved. The principal-in-responsible-charge shall sign and seal the title or first sheet. Copies of electronically produced documents, listed in paragraph (b) of this subsection, distributed for informational uses such as for bidding purposes or working copies, may be issued with the registrant's seal and a notice that the original document is on file with the registrant's signature and date. The words "Original Signed By:" and "Date Original Signed:" shall be placed adjacent to or across the seal on the electronic original. The storage location of the original document shall also be provided. Only the title page of reports, specifications and like documents need bear the seal, signature and date of the registrant.

(d) The seal and signature shall be used by registrants only when the work being stamped was under the registrant's responsible charge.

(e) The design of the seal shall be as determined by the board.

(4) The board shall issue to any applicant who, in the opinion of the board, has met the requirements of this chapter, an enrollment certificate or card as an engineer-in-training or land surveyor-in-training, which indicates that his name has been recorded as such in the board office. The engineer-in-training or land surveyor-in-training enrollment card does not authorize the holder to practice as a professional engineer or a professional land surveyor.

SECTION 4. That Section 54-1220, Idaho Code, be, and the same is hereby amended to read as follows:
54-1220. DISCIPLINARY ACTION -- PROCEDURES. (1) Any affected party may prefer charges of fraud, deceit, gross negligence, incompetence, misconduct or violation of any provision of this chapter, or violation of any of the rules promulgated by the board against any individual registrant or against any business entity holding a certificate of authorization or against a person applying for a certificate of authorization. Repeated acts of negligence may be considered as a gross act for disciplinary action. Such charges shall be in writing, and shall be sworn to by the person or persons making them and shall be filed with the executive director of the board. The executive director of the board shall be considered an affected party and may be the person making and filing the charges.

(2) All charges, unless dismissed by the board as unfounded or trivial, or unless settled informally, shall be heard by the board within six (6) months after the date they were received at the board office unless such time is extended by the board for justifiable cause.

(3) The time and place for said hearing shall be fixed by the board and a copy of the charges, together with a notice of the time and place of hearing, shall be personally served on or mailed to the last known address of such individual registrant or business entity holding a certificate of authorization at least thirty-days before the date fixed for the hearing. The proceedings shall be governed by the provisions of chapter 52, title 67, Idaho Code.

(4) If, after such hearing, the board votes in favor of sustaining the charges, the board may, in its discretion, impose an administrative penalty, not to exceed two thousand dollars ($2,000) for deposit in the general account of the state of Idaho. In addition, the board, in its discretion, may admonish, reprimand, suspend, revoke, refuse to renew, refuse to grant, or any combination thereof, the individual's certificate of registration or a business entity's certificate of authorization. The board may also, in its discretion, require the individual to practice under the supervision of another licensee, or require the individual to successfully complete continuing education courses as may be prescribed by the board.

(5) The board shall have jurisdiction over registrants whose licenses are not current provided the action relates to services performed when the license was current and valid.

SECTION 5. That Section 54-1223, Idaho Code, be, and the same is hereby amended to read as follows:

54-1223. SAVING CLAUSE -- EXEMPTIONS. (1) This chapter shall not be construed to affect:

(a) The practice of any other profession or trade for which a license is required under any law of this state or the United States.

(b) The work of an employee or a subordinate of a person holding a certificate of registration under this chapter, provided such work does not include final engineering design or land surveying decisions and is done under the direct responsibility, checking, and supervision of, and verified by, a person holding a certificate of registration under this chapter.

(c) Any individual teaching upper division engineering subjects that are classified as engineering design for any college or univer-
sity in this state as of July 1, 1988, and any such individual employed after July 1, 1988, for a period of five (5) years from the date of employment with any college or university in this state.

(d) An individual doing surveying work for himself, or through a business entity, on property owned or leased by the individual or business entity, or in which the individual or business entity has an interest, estate or possessory right and which affects exclusively the property or interests of the individual or business entity; provided, that all land surveying maps, plats or plans filed with any county recorder's office in the state of Idaho for the purpose of illustrating or defining boundaries of property ownership, shall be made and certified by a registered, professional land surveyor as provided in this chapter.

(e) An individual doing survey work for himself, or through a business entity with respect to the location, amendment, or relocation of a mining claim.

(f) The practice of engineering by employees of a business entity as long as the services provided by them are for internal business entity use only.

(2) The board, at its discretion, may exempt an exceptional individual who has twelve (12) or more years of appropriate experience in engineering from the requirement for satisfactory completion of an examination in the fundamentals of engineering.

(3) An applicant for licensure as a professional engineer either by examination or by comity who has earned a bachelor degree in engineering from an approved engineering program and has, in addition, earned a doctorate degree in engineering from a college or university which offers an approved undergraduate program in the same discipline as the doctorate degree earned, shall be exempt from the requirement for satisfactory completion of an examination in the fundamentals of engineering. Honorary doctorate degrees are not considered earned degrees for purposes of this subsection.

(4) In addition to, and notwithstanding other provisions of this chapter, in circumstances of emergency creating conditions of imminent and substantial danger to the public health, safety or environment through the provision of engineering services, the prosecuting attorney or the attorney general may institute a civil action for an immediate injunction to halt the provision of engineering services.

(5) A professional engineer licensed in Idaho may review the work of a professional engineer who is licensed in another jurisdiction of the United States or a foreign country on a project that is a site adaptation of a standard design plan to determine that the standard design plan meets the standard of care and is applicable to the intended circumstance, with or without modification. The Idaho professional engineer shall demonstrate responsible charge, as defined in this chapter, by performing professional services related to his assignment including developing or obtaining a complete design record with design criteria and calculations, performing necessary code research and developing any necessary and appropriate changes to the standard design plan necessary to properly apply the standard design to the intended circumstance. The nonprofessional services, such as drafting, need not be redone by the Idaho professional engineer, but must clearly and accurately reflect the Idaho professional engineer's work. The burden is on the Idaho professional engineer to show such compliance. The Idaho professional engineer
shall have control of and responsibility for the entire work product, shall seal, sign and date it as required in this chapter, and shall be in possession of all original documents or certified copies of documents related to the professional engineer's work for the project.

SECTION 6. Sections 1, 3, 4 and 5 of this act shall be in full force and effect on and after July 1, 2007. Section 2 of this act shall be in full force and effect on and after July 1, 2008.

(4) The shelter care hearing may be continued for a reasonable time upon request by the parent, custodian or counsel for the child.

(5) If, upon the completion of the shelter care hearing, it is shown that:

(a) A petition has been filed; and

(b) There is reasonable cause to believe the child comes within the jurisdiction of the court under this chapter and that reasonable efforts to prevent the placement of the child in shelter care could not be provided because of the immediate danger to the child or were provided but were not successful in eliminating the need for foster care placement of the child; and either:

(i) The department made reasonable efforts to eliminate the need for shelter care but the efforts were unsuccessful; or

(ii) The department made reasonable efforts to eliminate the need for shelter care but was not able to safely provide preventive services; and

Any evidence may be considered by the court which is of the type which reasonable people may rely upon.

(6) Upon ordering shelter care pursuant to subsection (5) of this section, the court shall also order an adjudicatory hearing to be held as soon as possible, but in no event later than thirty (30) days from the date the petition was filed.

(7) If the court does not find that the child should remain in shelter care under subsection (5) of this section, the child shall be released and the court may dismiss the petition.

Investigative reports required under section 16-1616, Idaho Code, shall be delivered to the court with copies to each of the parents and other legal custodians, guardian ad litem and attorney for the child prior to the date set for the pretrial conference.

(3) At the adjudicatory hearing, parents or guardians with disabilities shall have the right to introduce admissible evidence regarding how use of adaptive equipment or supportive services may enable the parent or guardian to carry out the responsibilities of parenting the child by addressing the reason for the removal of the child.

(4) If a preponderance of the evidence at the adjudicatory hearing shows that the child comes within the court's jurisdiction under this chapter upon the grounds set forth in section 16-1603, Idaho Code, the court shall so decree and in its decree shall make a finding on the record of the facts and conclusions of law upon which it exercises jurisdiction over the child.

(5) Upon entering its decree, the court shall consider any information relevant to the disposition of the child but in any event shall:

   (b) Vest legal custody in the department or other authorized agency subject to residual parental rights and subject to full judicial review by the court of all matters relating to the custody of the child by the department or other authorized agency.

(6) If the court vests legal custody in the department or other authorized agency, the court shall make detailed written findings based on facts in the record, that, in addition to the findings required in subsection (4) of this section, continuation of residence in the home
would be contrary to the welfare of the child and that vesting legal
custody with the department or other authorized agency would be in the
best interests of the child. In addition the court shall make detailed
written findings based on facts in the record as to whether the depart­
ment made reasonable efforts to prevent the placement of the child in
foster care, including findings, when appropriate, that:
(a) Reasonable efforts were made but were not successful in elimi­
nating the need for foster care placement of the child;
(b) Reasonable efforts were not made because of immediate danger to
the child. The department made reasonable efforts to prevent removal
but was not able to safely provide preventive services;
(c) Reasonable efforts to temporarily place the child with related
persons were made but were not successful; or
(d) Reasonable efforts were not required as the parent had sub­

abuse; sexual abuse; committed murder; committed voluntary man­

or solicited to commit such a murder or voluntary manslaughter; com­

the parental rights of the parent to a sibling of the child have
been terminated involuntarily and that as a result, a hearing to
determine the permanent future plan for this child will be held
within thirty (30) days of this determination.
(7) A decree vesting legal custody in the department shall be bind­
ing upon the department and may continue until the child's eighteenth
birthday. The decree shall state that the department shall prepare a
written case plan within thirty (30) days of placement.
(8) A decree vesting legal custody in an authorized agency other
than the department shall be for a period of time not to exceed the
child's eighteenth birthday, and on such other terms as the court shall
state in its decree to be in the best interests of the child and which
the court finds to be acceptable to such authorized agency.
(9) In order to preserve the unity of the family system and to
ensure the best interests of the child whether issuing an order of pro­
tective supervision or an order of legal custody, the court may consider
extending or initiating a protective order as part of the decree. The
protective order shall be determined as in the best interests of the
child and upon a showing of continuing danger to the child. The condi­
tions and terms of the protective order shall be clearly stated in the
decree.
(10) If the court does not find that the child comes within the
jurisdiction of this chapter pursuant to subsection (4) of this section

hereby amended to read as follows:

Code, may be filed by the department or any party; provided that no
motion may be filed by the respondents under this section within three
(3) months of a prior hearing on care and placement of the child. All
persons required to be summoned or notified of the original petition
pursuant to section 16-1611, Idaho Code, shall be served with notice of a motion for review of a child's case.

(2) If the motion filed under subsection (1) of this section alleges that the child's best interests are no longer served by carrying out the order issued under section 16-1619, Idaho Code, or the department or other authorized agency has failed to provide adequate care for the child, the court shall hold a hearing on the motion.

(3) A hearing for review of the child's case and permanency plan shall be held no later than six (6) months after entry of the court's order taking jurisdiction under the act, and every six (6) months thereafter, so long as the child is in the custody of the department or authorized agency.

(4) A hearing shall be held to review the permanency plan of the department prior to twelve (12) months from the date the child is removed from the home or the date of the court's order taking jurisdiction under this chapter, whichever occurs first. The court shall review, approve, reject or modify the permanency plan of the department and review progress in accomplishing the permanency plan. This permanency hearing may be combined with the review hearing required under subsection (3) of this section.

(5) By--order--of--court--a--hearing-officer-may-be-appointed-to conduct-hearings-under-this-section shall make written case-specific findings whether the department made reasonable efforts to finalize a permanency plan for the child.

(6) The department or authorized agency may move the court at any time to vacate any order placing a child in its custody or under its protective supervision.

The court may grant the department's motion if it appears based on compelling reasons in the record that the presumption has been rebutted.

SECTION 5. That Section 16-1629, Idaho Code, be, and the same is hereby amended to read as follows:

16-1629. POWERS AND DUTIES OF THE DEPARTMENT. The department, working in conjunction with the court and other public and private agencies and persons, shall have the primary responsibility to implement the purpose of this chapter. To this end, the department is empowered and shall have the duty to do all things reasonably necessary to carry out the purpose of this chapter, including, but not limited to, the following:

(1) The department shall administer treatment programs for the protection and care of neglected, abused and abandoned children, and in so doing may place in foster care, shelter care, or other diagnostic, treatment, or care centers or facilities, children of whom it has been given custody. The department is to be governed by the standards found in chapter 12, title 39, Idaho Code.

(2) On December 1, the department shall make an annual statistical report to the governor covering the preceding fiscal year showing the number and status of persons in its custody and including such other data as will provide sufficient facts for sound planning in the conservation of children and youth. All officials and employees of the state
and of every county and city shall furnish the department upon request, such information within their knowledge and control as the department deems necessary. Local agencies shall report in such uniform format as may be required by the department.

3) The department shall be required to maintain a central registry for the reporting of child neglect, abuse and abandonment information. Provided however, that the department shall not retain any information for this purpose relating to a child, or parent of a child, abandoned pursuant to chapter 82, title 39, Idaho Code.

4) The department shall make periodic evaluation of all persons in its custody or under its supervision for the purpose of determining whether existing orders and dispositions in individual cases shall be modified or continued in force. Evaluations may be made as frequently as the department considers desirable and shall be made with respect to every person at intervals not exceeding six (6) months. Reports of evaluation made pursuant to this section shall be filed with the court which vested custody of the person with the department. Reports of evaluation shall be provided to persons having full or partial legal or physical custody of a child. Failure of the department to evaluate a person or to reevaluate him within six (6) months of a previous examination shall not of itself entitle the person to a change in disposition but shall entitle him, his parent, guardian or custodian or his counsel to petition the court pursuant to section 16-1622, Idaho Code.

5) In a consultive capacity, the department shall assist communities in the development of constructive programs for the protection, prevention and care of children and youth.

6) The department shall keep written records of investigations, evaluations, prognoses and all orders concerning disposition or treatment of every person over whom it has legal custody. Department records shall be subject to disclosure according to chapter 3, title 9, Idaho Code, unless otherwise ordered by the court, the person consents to the disclosure, or disclosure is necessary for the delivery of services to the person. Notwithstanding the provisions restricting disclosure or the exemptions from disclosure provided in chapter 3, title 9, Idaho Code, all records pertaining to investigations, the rehabilitation of youth, the protection of children, evaluation, treatment and/or disposition records pertaining to the statutory responsibilities of the department shall be disclosed to any duly elected state official carrying out his official functions.

7) The department shall establish appropriate administrative procedures for the processing of complaints of child neglect, abuse and abandonment received and for the implementation of the protection, treatment and care of children formally or informally placed in the custody of the department under this chapter including, but not limited to:

(a) Department employees whose job duties are related to the child protective services system under this chapter shall first be trained as to their obligations under this chapter regarding the protection of children whose health and safety may be endangered. The curriculum shall include information regarding their legal duties, how to conduct their work in conformity with the requirements of this chapter, information regarding applicable federal and state laws with regard to the rights of the child, parent and others who may be under investigation under the child protective services system, and
the applicable legal and constitutional parameters within which they are to conduct their work.

(b) Department employees whose job duties are related to the child protective services system shall advise the individual of the complaints or allegations made against the individual at the time of the initial contact, consistent with protecting the identity of the referant.

(8) The department having been granted legal custody of a child, subject to the judicial review provisions of this subsection, shall have the right to determine where and with whom the child shall live, provided that the child shall not be placed outside the state without the court's consent. Provided however, that the court shall retain jurisdiction over the child, which jurisdiction shall be entered on any order or petition granting legal custody to the department, and the court shall have jurisdiction over all matters relating to the child. The department shall not place the child in the home from which the court ordered the child removed without first obtaining the approval of the court.

(9) The department shall give to the court any information concerning the child that the court may at any time require, but in any event shall report the progress of the child under its custody at intervals of not to exceed six (6) months. The department shall file with the court at least five (5) days prior to the permanency hearing either under section 16-1622, Idaho Code, or, in the case of a finding of aggravated circumstances, section 16-1620, Idaho Code, the permanency plan and recommendations of the department. There shall be a rebuttable presumption that if a child is placed in the custody of the department and was also placed in out of the home care for a period not less than fifteen (15) out of the last twenty-two (22) months from the date the child entered shelter care, the department shall initiate a petition for termination of parental rights. This presumption may be rebutted by a finding of the court that the filing of a petition for termination of parental rights would not be in the best interests of the child or reasonable efforts have not been provided to reunite the child with his family, or the child is placed permanently with a relative.

(10) The department shall establish appropriate administrative procedures for the conduct of administrative reviews and hearings as required by federal statute for all children committed to the department and placed in out of the home care.

(11) At any time the department is considering a placement pursuant to this act, the department shall make a reasonable effort to place the child in the least disruptive environment to the child and in so doing may consider, without limitation, placement of the child with related persons.

(3) Except in the case of a medical emergency, no abortion shall be performed unless, prior to the abortion, the attending physician or the attending physician's agent certifies in writing that the materials provided by the director have been provided to the pregnant patient at least twenty-four (24) hours before the performance of the abortion. If the materials are not available from the director of the department of health and welfare, no certification shall be required. The attending physician, or the attending physician's agent, shall provide any other information required under this act. All physicians or their agents who use ultrasound equipment in the performance of an abortion shall inform the patient that she has the right to view the ultrasound image of her
unborn child before an abortion is performed. If the patient requests to view the ultrasound image, she shall be allowed to view it before an abortion is performed. The physician or agent shall also offer to provide the patient with a physical picture of the ultrasound image of her unborn child prior to the performance of the abortion, and shall provide it if requested by the patient. In addition to providing the material, the attending physician may provide the pregnant patient with such other information which in the attending physician's judgment is relevant to the pregnant patient's decision as to whether to have the abortion or carry the pregnancy to term.

(4) Within thirty (30) days after performing any abortion without certification and delivery of the materials, the attending physician, or the attending physician's agent, shall cause to be delivered to the director of the department of health and welfare, a report signed by the attending physician, preserving the patient's anonymity, denoting the medical emergency that excused compliance with the duty to deliver the materials. The director of the department of health and welfare shall compile the information annually and report to the public the total number of abortions performed in the state where delivery of the materials was excused; provided that any information so reported shall not identify any physician or patient in any manner which would reveal their identities.

(5) If section 18-608(3), Idaho Code, applies to the abortion to be performed and the pregnant patient is an adult and for any reason unable to give a valid consent thereto, the requirement for that pregnant patient's consent shall be met as required by law for other medical or surgical procedures and shall be determined in consideration of the desires, interests and welfare of the pregnant patient.

(6) The knowing failure of the attending physician to perform any one (1) or more of the acts required under subsection (4) of this section or section 39-261, Idaho Code, is grounds for discipline pursuant to section 54-1814(6), Idaho Code, and shall subject the physician to assessment of a civil penalty of one hundred dollars ($100) for each month or portion thereof that each such failure continues, payable to the vital statistics unit of the department of health and welfare, but such failure shall not constitute a criminal act.

Approved March 27, 2007.

(a1) A certificate of each death which occurs in this state shall be filed with the local registrar of the district in which the death occurs, or as otherwise directed by the state registrar, within five (5) days after the occurrence. However, the board shall, by rule and upon such conditions as it may prescribe to assure compliance with the purposes of the vital statistics act, provide for the filing of death certificates without medical certifications of cause of death in cases in which compliance with the applicable prescribed period would result in undue hardship; but provided, however, that medical certifications of cause of death shall be provided by the certifying physician, physician assistant, advanced practice professional nurse or coroner to the vital statistics unit within fifteen (15) days from the filing of the death certificate. No certificate shall be deemed complete until every item of information required shall have been provided or its omission satisfactorily accounted for. When death occurs in a moving conveyance in the United States and the body is first removed from the conveyance in this state, the death shall be registered in this state and the place where the body is first removed shall be considered the place of death. When a death occurs on a moving conveyance while in international air-space airspace or in a foreign country or its air-space airspace and the body is first removed from the conveyance in this state, the death shall be registered in this state but the certificate shall show the actual place of death insofar as can be determined. If the place of death is unknown but the dead body is found in this state, the certificate of death shall be completed and filed in accordance with this section. The place where the body is found shall be shown as the place of death. If the date of death is unknown, it shall be determined by approximation.

The person in charge of interment or of removal of the body from the district shall be responsible for obtaining and filing the certificate. Said person shall obtain the required information from the following persons, over their respective signatures:

(1a) Personal data shall be supplied by the person best qualified to supply them; and

(2b) Except as otherwise provided, medical data shall be supplied by the physician, physician assistant or advanced practice professional nurse who attended the deceased during the last illness, who shall certify to the cause of death according to his best knowledge, information and belief within seventy-two (72) hours from time of death. In the absence of the attending physician, physician assistant or advanced practice professional nurse or with said physician's person's approval the certificate may be completed and signed by said physician's person's associate, physician who must be a physician, physician assistant or advanced practice professional nurse, the chief medical officer of the institution in which death occurred, or the physician who performed an autopsy upon the decedent, provided such individual has access to the medical history of the case, views the deceased at or after death, and death is due to natural causes.

(b2) The person in charge of interment or of removal of the body from the district shall refer the following cases to the coroner who shall make an immediate investigation, supply the necessary medical data, and certify to the cause of death:

professional nurse was in attendance during the last illness of the deceased; or

(c3) When a death is presumed to have occurred within this state but the body cannot be located, a death certificate may be prepared by the state registrar upon receipt of an order of a court of record of this state, which shall include the finding of facts required to complete the death certificate. Such a death certificate shall be marked "presumptive" and shall show on its face the date of registration and shall identify the court and the date of decree.

All induced terminations of pregnancy shall be reported in the manner prescribed in section 39-261, Idaho Code, and shall not be reported as stillbirths. No certificate shall be deemed complete until every item of information required shall have been provided or its omission satisfactorily accounted for.

(e) When a stillbirth occurs in an institution, the person in charge of the institution or a designated representative shall prepare the certificate, obtain the signature of the physician, physician assistant or advanced practice professional nurse in attendance, (except as otherwise provided in subsection 39-260(e); Idaho Code) (5) of this section, who shall provide the medical data, and forward the certificate to the mortician or person acting as such. In the absence of the attending physician, physician assistant or advanced practice professional nurse or with said physician's person's approval the certificate may be completed and signed by said physician's person's associate, physician who must be a physician, physician assistant or advanced practice professional nurse, the chief medical officer of the institution in which the stillbirth occurred, or the physician who performed an autopsy on the stillborn fetus, provided such individual has access to the medical history of the case and views the fetus at or after stillbirth. The mortician or person acting as such shall provide the disposition information and file the certificate with the local registrar.

(f) When a stillbirth occurs outside an institution, the mortician or person acting as such shall complete the certificate, obtain the medical data from and signature of the attendant at the stillbirth, (except as otherwise provided in subsection 39-260(e); Idaho Code) (5) of this section, and file the certificate. If the attendant at or immediately after the stillbirth is not a physician, physician assistant or advanced practice professional nurse, the coroner shall investigate and sign the certificate of stillbirth.
(3c) When a stillbirth occurs in a moving conveyance in the United States and the stillborn fetus is first removed from the conveyance in this state, the stillbirth shall be registered in this state and the place where the stillborn fetus is first removed shall be considered the place of stillbirth. When a stillbirth occurs in a moving conveyance while in international air-space airspace or in a foreign country or its air-space airspace and the stillborn fetus is first removed from the conveyance in this state, the stillbirth shall be registered in this state but the certificate shall show the actual place of stillbirth insofar as can be determined.

(4d) When a stillborn fetus is found in this state and the place of stillbirth is unknown, it shall be reported in this state. The place where the stillborn fetus was found shall be considered the place of stillbirth.

(5e) The name of the father shall be entered on the certificate of stillbirth as provided by section 39-255, Idaho Code.

(5) The person responsible for the preparation or completion of the stillbirth certificate as stated in subsections (4)(a) and (b) of this section shall refer the following cases to the coroner who shall make an immediate investigation, supply the necessary medical data and certify to the cause of stillbirth:

(a) When the circumstances suggest that the stillbirth occurred as a result of other than natural causes, (excepting legally induced abortions, as defined by section 39-241, Idaho Code), the local registrar shall refer the case to the coroner in the county where the stillbirth occurred. Said coroner shall make an immediate investigation, supply the necessary medical data, and certify to the cause of stillbirth; or

(b) When death is due to natural causes and the physician, physician assistant or advanced practice professional nurse in attendance at or immediately after the stillbirth or said person's designated associate is not available or is physically incapable of signing.

SECTION 2. That Section 39-268, Idaho Code, be, and the same is hereby amended to read as follows:

Except as specified in subsection (b2) of this section, the written report shall serve as permit to transport, bury or entomb the body or stillborn fetus within this state, provided that the mortician or person acting as such shall certify that the physician, physician assistant or advanced practice professional nurse in charge of the patient's care for the illness or condition which resulted in death or stillbirth has been contacted and has affirmatively stated that said physician, physician assistant or advanced practice professional nurse or the physician's designated associate according to section 39-260(4d)(4a), Idaho Code, will sign the certificate of death or stillbirth.

3. Make disposal or disposition of any body or stillborn fetus in any manner when inquiry is required under chapter 43, title 19, Idaho Code, or section 39-260(b2) or (e5), Idaho Code.

In accordance with the provisions of subsection (b2) of this section, the mortician or person acting as such who first assumes possession of a dead body or stillborn fetus shall obtain an authorization for final disposition prior to final disposal or removal from the state of the body or stillborn fetus. The physician, physician assistant, advanced practice professional nurse or coroner responsible for signing the death or stillbirth certificate shall authorize final disposition of the body or stillborn fetus, on a form prescribed and furnished by the state registrar. If the body is to be cremated, the coroner must also give additional authorization. In the case of stillbirths, the hospital may dispose of the stillborn fetus if the parent(s) so requests; authorization from the coroner is not necessary unless the coroner is responsible for signing the certificate of stillbirth.

When a dead body or stillborn fetus is transported into the state, a permit issued in accordance with the law of the state in which the death or stillbirth occurred or in which the body or stillborn fetus was found shall authorize the transportation and final disposition within the state of Idaho.

A permit for disposal shall not be required in the case of a dead fetus of less than twenty (20) weeks gestation and less than three hundred fifty (350) grams or twelve and thirty-five hundredths (12.35) ounces where disposal of the fetal remains is made within the institution where the delivery of the dead fetus occurred.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 36-1101, Idaho Code, be, and the same is hereby amended to read as follows:

1. Hunt from Motorized Vehicles. Hunt any of the game animals or game birds of this state from or by the use of any motorized vehicle except as provided by commission rule; provided however, that the commission shall promulgate rules which shall allow a physically handicapped person to apply for a special permit which would allow the person to hunt from a motorized vehicle which is not in motion.

A physically handicapped person means a person:

(A) Who has lost, or has lost the use of, one (1) or both lower extremities or both hands, or who has significant limitation in the use of the lower extremities, or who has a diagnosed disease or disorder which substantially impairs or interferes with mobility, or who is so severely disabled as to be unable to move without the aid of an assistance device.

(C) Who is impaired by cardiovascular disease to the extent that his functional limitations are classified in severity as class III or class IV according to standards accepted by the American Heart Association.

The commission shall specify the form of application for and design of the special permit which shall allow a physically handicapped person to hunt from a motorized vehicle which is not in motion. No fee shall be charged for the issuance of the special permit and the issuance of a special permit shall not exempt a person from otherwise properly purchasing or obtaining other necessary licenses, permits and tags in accordance with this title and rules promulgated pursuant thereto. The special permit shall not be transferable and may only be used by the person to whom it is issued. A person who has been issued a special permit which allows a physically handicapped person to hunt from a motorized vehicle not in motion shall have that permit prominently displayed on any vehicle the person is utilizing to hunt from and the person shall produce, on demand, the permit and other identification when so requested by a conservation officer of the department of fish and game. A person possessing a special permit shall not discharge any firearm from or across a public highway. In addition to other penalties any unauthorized use of the special permit shall be grounds for revocation of the permit.

4. Hunt from Helicopter. Make use of any helicopter in any manner in the taking of game or loading, transporting, or unloading hunters, game or hunting gear in any manner except when such use is at recognized airports or airplane landing fields, or at heliports which have been previously established on private land or which have been established by a department or agency of the federal, state or local government or when said use is in the course of emergency or search and rescue operations. Provided however, that nothing in this chapter shall limit or prohibit the lawful control of wolves through the use of helicopters when such measures are deemed necessary by federal or state agencies in accordance with existing laws or management plans.

5. Artificial Light. Hunt any animal or bird except raccoon by the aid of a spotlight, flashlight or artificial light of any kind. The act of casting or throwing, after sunset, the beam or rays of any spotlight, headlight or other artificial light capable of utilizing six (6) volts or more of electrical power upon any field, forest or other place by any person while having in his possession or under his control any uncased firearm or contrivance capable of killing any animal or bird, shall be prima facie evidence of hunting with an artificial light. Provided nothing in this subsection shall apply where the headlights of a motor vehicle, operated and proceeding in a normal manner on any highway or roadway, cast a light upon animals or birds on or adjacent to such highway or roadway and there is no intent or attempt to locate such animals or birds. Provided further, nothing in this subsection shall prevent the hunting of unprotected or predatory wildlife with the aid of artificial light when such hunting is for the purpose of protecting property or livestock, is done by landowners or persons authorized in writing by them to do so and is done on property they own, lease or control; and provided further that the hunting and taking of unprotected or predatory wildlife with the aid of artificial light on public lands is authorized after obtaining a permit to do so from the director. The director may, for good cause, refuse to issue such permit. Other provisions of this subsection notwithstanding, the commission may establish rules allowing the hunting of raccoon with the aid of an artificial light.

6. Regulation of Dogs.
   (A) No person shall make use of a dog for the purpose of pursuing, taking or killing any of the big game animals of this state except as otherwise provided by rules of the commission.

It shall be no defense that such dog or dogs were pursuing said big game animals without the aid or direction of the owner, possessor, or harborer.
   (C) Any dog found running at large and which is actively tracking, pursuing, harassing, attacking or killing deer or any other big game animal may be destroyed without criminal or civil liability by the director, or any peace officer, or other persons authorized to enforce the Idaho fish and game laws.
7. Attempt to take Simulated Wildlife.
   (A) Attempt to take, by firearm or any other contrivance capable of killing an animal or bird, simulated wildlife in violation of any of the provisions of this title or commission rules applicable to the taking of the wildlife being simulated, when the simulated wildlife is being used by a conservation officer or other person authorized to enforce Idaho fish and game laws or rules promulgated pursuant thereto. No person shall be found guilty of violating this subpart provided that no other law or rule has been violated.
   (B) Any person pleading guilty to, convicted of or found guilty for attempting to take simulated wildlife within this state shall be guilty of a misdemeanor and shall be punished as provided in either subsection (b) or (d) of section 36-1402, Idaho Code.

Approved March 29, 2007.
42-1508. WOOD RIVER BASIN -- ENHANCEMENT OF INSTREAM FLOWS AND DOWNSTREAM WATER SUPPLIES. (1) The water resource board is hereby authorized and directed to appropriate and hold in trust for the people of the state of Idaho minimum stream flow water rights in designated reaches of the Big Wood River and the Little Wood River for the purpose of preserving, restoring and enhancing fish and wildlife habitat, aquatic life, recreation, aesthetic beauty, navigation, transportation and water quality, and to enhance the water supply for other existing downstream water rights, in accordance with the provisions of this section. The designated reaches are in the Big Wood River immediately below the Bellevue diversion (45 district canal) downstream to the United States geological survey gage station number 13140800, located below Stanton Crossing and above Magic Reservoir; and in the Little Wood River from the confluence of Silver Creek downstream to the U.S. bureau of land management diversion located near the city of Richfield.

(2) The water resource board is authorized and directed to appropriate minimum stream flow water rights in amounts up to sixty (60) cfs in the designated reach of the Big Wood River, and up to seventy-four (74) cfs in the designated reach of the Little Wood River under this section and in accordance with the provisions of section 42-1503, Idaho Code. In acting upon the applications for permit, the director of the department of water resources need not determine that the appropriations are capable of being maintained based upon records of existing stream flows, because it is anticipated that the water rights will be satisfied and maintained over time through the donation of water rights to the board and the operation of the water supply bank within the Wood River basin consistent with the provisions of section 42-1765B, Idaho Code. In addition, the director need not determine that the appropriations meet a minimum amount as defined in section 42-1502(f), Idaho Code, or limit appropriations that might exceed such an amount, because of the need to fulfill the purpose of enhancing water supplies for other existing downstream water rights.

SECTION 2. That Chapter 17, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-1765B, Idaho Code, and to read as follows:

42-1765B. WOOD RIVER BASIN -- WATER RIGHTS DONATED TO ENHANCE INSTREAM FLOWS AND DOWNSTREAM WATER SUPPLIES -- LOCAL COMMITTEE. (1) The water resource board is authorized to accept the donation by gift, grant or bequest of water rights, in whole or in part, from the Big Wood River upstream of the United States geological survey gage station number 13140800 located below Stanton Crossing and above Magic Reservoir, and from Silver Creek tributary to the Little Wood River, and to place eligible portions of the water rights into the water supply bank. Section 42-1765, Idaho Code, and the board's water supply bank rules shall apply to the operation of the water supply bank in the Wood River basin, except as inconsistent with this section. Ground water rights shall not be eligible for donation under this section.

(2) The board shall appoint a local committee to facilitate donations of eligible water rights and to adopt local procedures. The local committee shall be comprised of the members of the water district 37/37M advisory committee. In addition, the district watermaster and other
individuals that may be appointed by the board, upon recommendation of the advisory committee, shall serve as ex officio members of the local committee.

(3) Upon acceptance of the ownership of the donated rights by the board, the appointed local committee shall have authority to accept the water rights, in whole or in part, into the water supply bank.

(4) Donated water rights may be accepted into the water supply bank to satisfy the board's minimum stream flow water rights authorized under section 42-1508, Idaho Code, and to satisfy existing minimum stream flow water rights previously appropriated by the board on Silver Creek and the Big Wood River; provided, that the director of the department of water resources, upon recommendation of the local committee, determines that there will be an equivalent reduction in the extent of consumptive use made under the donated water right, and that injury will not result to other water rights. The burden of proof shall be on the owner of the donated water right to demonstrate by clear and convincing evidence that injury will not result to other water rights. For purposes of water rights distribution under chapter 6, title 42, Idaho Code, water rights donated pursuant to this section shall retain their respective priority dates; provided however, that the local committee will recommend and the director shall condition or limit the use of donated water rights as necessary to avoid injury to other water rights and to provide for continued incidental recharge, or managed recharge, as necessary to maintain historic recharge patterns, and the provisions of section 42-1766, Idaho Code, shall apply to any appeals by water right holders regarding the use of the donated water rights. All donated water rights with points of diversion on the Big Wood River downstream of the 45 district canal shall flow through the bypass canal and be returned to the Big Wood River through the western branch of the 57F canal from the 57F divide. In addition, all water rights from the southern branch of the 57F divide shall be delivered through the bypass extension canal. A measuring device approved by the watermaster shall be installed at the beginning of the western branch of the 57F canal.

(5) For purposes of this section, the board and local committee may not accept for enhanced flows in the Big Wood River any water rights currently diverted into the Bellevue triangle via the 45 district canal (Bellevue diversion). In addition, all donated water rights with points of diversion located on the Big Wood River upstream of the 45 district canal shall be diverted into the 45 district canal in order to enhance local water supplies and to increase stream flows in Silver Creek and the Little Wood River.

(6) Water rights placed into the water supply bank from the Silver Creek and Little Wood River portions of the Wood River basin pursuant to this section may only be used to increase stream flows in Silver Creek and the Little Wood River.

(7) The watermaster for water district 37/37M shall collect water district expenses pursuant to chapter 6, title 42, Idaho Code, from the water users receiving water as a result of enhanced downstream water supplies provided pursuant to this section, as determined by the watermaster for water district 37/37M in cooperation with the local committee. Any additional water district expenses resulting from the administration of water rights donated under this section shall be treated as expenses related to the administration of nonconsumptive water rights under section 42-605A, Idaho Code, and shall be collected by the water-
master from the owners of the donated water rights or other persons agreeing to pay such costs.

SECTION 3. SEVERABILITY. (1) A tax is hereby imposed upon the receipt of distributor who receives motor fuel in this state, by--any--distributor--receiving--motor--fuel--upon-which-the-tax imposed by this section has not previously been paid The legal incidence of the tax imposed under this section is borne by the distributor. The tax becomes due and payable upon receipt of the motor fuel in this state by the distributor unless such tax liability has previously accrued to another distributor pursuant to this section. The tax shall be imposed without regard to whether use is on a governmental basis or otherwise, unless exempted by this chapter.

(2) The tax imposed in this section shall be at the rate of twenty-five cents (25¢) per gallon of motor fuel received. This tax shall be subject to the exemptions, deductions and refunds set forth in this chapter. The tax shall be paid by distributors upon the distributor's receipt of the motor fuel in this state.

(3) Nothing in this chapter shall prohibit the distributor who is
liable for payment of the tax imposed under subsection (1) of this section from including as part of the selling price an amount equal to such tax on motor fuels sold or delivered by such distributor; provided however, that nothing in this chapter shall be deemed to impose tax liability on any person to whom such fuel is sold or delivered except as provided in subsection (6) of this section.

(4) Any person coming into this state in a motor vehicle may transport in the manufacturer's original tank of that vehicle, for his own use only, not more than thirty (30) gallons of motor fuel for the purpose of operating that motor vehicle, without complying with the provisions of this chapter.

The licensed distributor may, in addition to the above, deduct the number of gallons equal to one percent (1%) of the total number of gallons received during the preceding calendar month, less the total number of gallons deducted under subsections (1) through (3) of this section, to cover shrinkage, evaporation, spillage and handling losses of a retail dealer. The latter deductions are to be allowed only upon filing with the commission satisfactory evidence as may be prescribed by it indicating the credit allowance has been made in favor of the retail dealer or paid to him. Health and Welfare, and for budgeting purposes any General Fund portion of the balance in the Cooperative Welfare Fund shall be identified as part of the General Fund.

SECTION 4. REAPPROPRIATION OF THE COOPERATIVE WELFARE FUND. There is hereby reappropriated to the Department of Health and Welfare any unexpended and unencumbered balances in the Cooperative Welfare Fund as originally appropriated to the Medicaid Administration and Medical Management for fiscal year 2007, for the following purposes: to continue the market analysis of rates paid to developmental disability service providers as referred to in Section 56-118, Idaho Code, to continue to develop the Medicaid Management Information System (MMIS); and to continue the efforts of the Health Quality Planning Commission and the distribution of health technology grants for the period July 1, 2007, through June 30, 2008. SECTION 8. COST-BENEFIT ANALYSIS. (S.B. No. 1126, As Amended, As Amended in the House)

AN ACT RELATING TO MOTOR VEHICLE LIABILITY; AMENDING SECTION 49-1212, IDAHO CODE, TO REQUIRE THAT A MINIMUM LEVEL OF MOTOR VEHICLE LIABILITY COVERAGE BE PROVIDED TO CERTAIN PERSONS; AND AMENDING SECTION 49-2417, IDAHO CODE, TO REVISE LIABILITY PROVISIONS RELATING TO LIABILITY FOR IMPUTED NEGLIGENCE AND TO PROVIDE NONLIABILITY TO THE OWNER THAT RENTS OR LEASES A MOTOR VEHICLE TO A PERSON UNDER CERTAIN CIRCUMSTANCES.
Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 49-1212, Idaho Code, be, and the same is hereby amended to read as follows:

49-1212. EXPRESSED, PERMITTED AND IMPLIED PROVISIONS OF MOTOR VEHICLE LIABILITY POLICY. (1) An owner's policy of liability insurance shall:

(a) Designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is to be granted; and

(b) Insure the person named therein and any other person, as insured, using any such described motor vehicles with the express or implied permission of the named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance or use of the motor vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each motor vehicle, as provided in section 49-117, Idaho Code.

(2) An operator's policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon him by law for damages arising out of the use by him of any motor vehicle not owned by him, within the same territorial limits and subject to the same limits of liability as are set forth in subsection (1) of this section with respect to an owner's policy of liability insurance.

(3) A motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period and the limits of liability, and shall contain an agreement or be indorsed that insurance is provided in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this chapter.

(4) A motor vehicle liability policy shall not insure any liability under any worker's compensation law as provided in title 72, Idaho Code, nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance or repair of any described motor vehicle nor any liability for damage to property owned by, rented to, in charge of or transported by the insured.

(5) Every motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:

(a) The policy may not be canceled or annulled as to any liability by any agreement between the insurance carrier and the insured after the occurrence of any injury or damage covered by the motor vehicle liability policy.

(b) Satisfaction by the insured of a judgment for injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of the injury or damage.

(c) The insurance carrier shall have the right to settle any claim covered by the policy, and if the settlement is made in good faith, the amount shall be deductible from the limits of liability specified in subsection (1)(b) of this section.

(d) The policy and its written application, if any, and any rider
or indorsement which does not conflict with the provisions of this chapter shall constitute the entire contract between the parties.

(6) Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy, and any excess or additional coverage shall not be subject to the provisions of this chapter. With respect to a policy which grants an excess of additional coverage the term "motor vehicle liability policy" shall apply only to that part of the coverage which is required by this section.

(7) Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this chapter.

(8) Any motor vehicle liability policy may provide for the prorating of the insurance with other valid and collectible insurance.

(9) The requirements for a motor vehicle liability policy may be fulfilled by the policies of one (1) or more insurance carriers which policies together meet the requirements of this chapter.

(10) Any binder issued pending the issuance of a motor vehicle liability policy shall be deemed to fulfill the requirements for such a policy.

(11) When the negligent operation of a loaned vehicle results in the death or injury to a person or personal property, except for the loaned vehicle, and at the time of the negligent operation of the loaned vehicle the operator of the loaned vehicle is insured under a motor vehicle liability policy complying with the financial responsibility law of this state, primary coverage for the death of or injury to a person or personal property, except for the loaned vehicle, shall be provided by the operator's motor vehicle liability policy. The insurance policy of the owner of the loaned vehicle shall provide secondary or excess coverage for the death of or injury to a person or personal property, however the loaned vehicle owner's insurance shall provide primary coverage for damage to the loaned vehicle.

(a) For the purpose of this subsection, "loaned vehicle" means a motor vehicle which is provided for temporary use without charge to the operator by an entity licensed under chapter 16, title 49, Idaho Code, for the purpose of demonstrating the vehicle to the operator as a prospective purchaser, or as a convenience to the operator during the repairing or servicing of a motor vehicle for the operator, regardless of whether such repair or service is performed by the owner of the loaned vehicle or by some other person or business.

(b) Should the owner of a motor vehicle receive any compensation from or on behalf of the operator for the temporary use of the motor vehicle, excluding any compensation provided to the owner as a result of the repairing or servicing of a motor vehicle for the operator, the owner's insurance coverage shall be primary and the operator's motor vehicle insurance shall be secondary or excess.

(12) No motor vehicle liability policy providing coverage beyond state mandated minimum limits shall provide a reduced level of coverage to any insured's family or household member or other authorized user except as provided in section 41-2510, Idaho Code.
SECTION 2. That Section 49-2417, Idaho Code, be, and the same is hereby amended to read as follows:

49-2417. OWNER'S TORT LIABILITY FOR NEGLIGENCE OF ANOTHER -- SUBROGATION. (1) Every owner of a motor vehicle is liable and responsible for the death of or injury to a person or property resulting from negligence in the operation of his motor vehicle, in the business of the owner or otherwise, by any person using or operating the vehicle with the permission, expressed or implied, of the owner, and the negligence of the person shall be imputed to the owner for all purposes of civil damages.

(2) The liability of an owner for imputed negligence imposed by the provisions of this section and not arising through the relationship of principal and agent or master and servant is limited to the amounts set forth under "proof of financial responsibility" in section 49-117, Idaho Code, or the limits of the liability insurance maintained by the owner, whichever is greater.

(3) In any action against an owner for imputed negligence as imposed by the provisions of this section the operator of the vehicle whose negligence is imputed to the owner shall be made a defendant party if personal service of process can be had upon that operator within Idaho. Upon recovery of a judgment, recourse shall first be had against the property of the operator so served.

(4) In the event a recovery is had under the provisions of this section against an owner for imputed negligence the owner is subrogated to all the rights of the person injured and may recover from the operator the total amount of any judgment and costs recovered against the owner. If the bailee of an owner with the permission, expressed or implied, of the owner, permits another to operate the motor vehicle of the owner, then the bailee and the driver shall both be deemed operators of the vehicle of the owner, within the meaning of subsections (3) and (4) of this section.

(5) Where two (2) or more persons are injured or killed in one (1) accident, the owner may settle or pay any bona fide claim for damages arising out of personal injuries or death, whether reduced to a judgment or not, and the payments shall diminish to the extent of the owners' total liability on account of the accident. Payments so made, aggregating the full sum of fifty thousand dollars ($50,000), shall extinguish all liability of the owner hereunder to the claimants and all other persons on account of the accident. Liability may exist by reason of imputed negligence, pursuant to this section, and not arising through the negligence of the owner nor through the relationship of principal and agent nor master and servant.

(6) If a motor vehicle is sold under a contract of conditional sale whereby the title to the motor vehicle remains in the vendor, the vendor or his assignee shall be deemed an owner within the provisions of this section.

(7) An owner that rents or leases a motor vehicle to a person shall not be liable under the laws of the state of Idaho or a political subdivision thereof, by reason of being the owner of the vehicle, for harm to persons or property that results or arises out of the use, operation, or possession of the vehicle during the period of the rental or lease if:
(a) The owner is engaged in the trade or business of renting or leasing motor vehicles; and
(b) There is no negligence or criminal wrongdoing on the part of the owner.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 20-520, Idaho Code, be, and the same is hereby amended to read as follows:

20-520. SENTENCING. (1) Upon the entry of an order finding the juvenile is within the purview of the act, the court shall then hold a sentencing hearing in the manner prescribed by the Idaho juvenile rules to determine the sentence that will promote accountability, competency development and community protection. Prior to the entry of an order disposing of the case, other than an order of discharge or dismissal, the court may request and, if requested, shall receive a report containing the results of an inquiry into the home environment, past history, competency development, prevention or out of home placement services provided, and the social, physical and mental condition of the juvenile. The court shall not consider or review the report prior to the entry of an order of adjudication. Upon presentation and consideration of the report by the court, the court may proceed to sentence the juvenile as follows:

(a) Place the juvenile on formal probation for a period not to exceed three (3) years from the date of the order, except the court may place a juvenile on formal probation for a period not to exceed the juvenile's twenty-first birthday if the court finds that the juvenile has committed a crime of a sexual nature;
(b) Sentence the juvenile to detention pursuant to this act for a period not to exceed thirty (30) days for each act, omission or status which is prohibited by the federal, state, local or municipal law or ordinance by reason of minority only. The sentence shall not be executed unless the act, omission or status is in violation of section 922(x) of title 18, United States Code, or the court finds that the juvenile has violated the court's decree imposing the sentence as provided below.
If the court, after notice and hearing, finds that a juvenile has violated the court's decree imposing the sentence under circumstances that bring the violation under the valid court order exception of the federal juvenile justice and delinquency prevention act of 1974, as amended, the court may commit the juvenile to detention for the period of detention previously imposed at sentencing;
(c) Commit the juvenile to a period of detention, pursuant to this act, for a period of time not to exceed ninety (90) days for each unlawful or criminal act the juvenile is found to have committed, if the unlawful or criminal act would be a misdemeanor if committed by an adult, or where the juvenile has been adjudicated as an habitual status offender;
(d) If the juvenile has committed an unlawful or criminal act which would be a felony if committed by an adult, the court may commit the juvenile to detention for a period not to exceed one hundred eighty (180) days for each unlawful or criminal act;
(e) Whenever a court commits a juvenile to a period of detention it shall notify the school district where the detention facility is located. No juvenile who is found to come within the purview of the act for the commission of a status offense shall be sentenced to detention in a jail facility unless an adjudication has been made that the juvenile is an habitual status offender;
(f) Commit the juvenile to detention and suspend the sentence on specific probationary conditions;
(g) The court may suspend or restrict the juvenile's driving privileges for such periods of time as the court deems necessary, and the court may take possession of the juvenile's driver's license. The juvenile may request restricted driving privileges during a period of suspension, which the court may allow if the juvenile shows by a preponderance of evidence that driving privileges are necessary for his employment or for family health needs;
(h) The court may order that the juvenile be examined or treated by a physician, surgeon, psychiatrist or psychologist, or that he receive other special care, or that he submit to an alcohol or drug evaluation, if needed, and for such purposes may place the juvenile in a hospital or other suitable facility;
(i) The court may order that the department of health and welfare conduct a comprehensive substance abuse assessment of the juvenile. After receiving the comprehensive substance abuse assessment, and upon a finding by the court that treatment will provide a cost-effective means of achieving the sentencing goals of accountability, competency development and community protection, the court may order that the juvenile receive immediate treatment for substance abuse in keeping with a plan of treatment approved by the court. The initial cost of the assessment and treatment shall be borne by the department of health and welfare. The director of the department of health and welfare may promulgate rules consistent with this paragraph (i) to establish a schedule of fees to be charged to parents by the department of health and welfare for such services based upon the cost of the services and the ability of parents to pay;
(j) In support of an order under the provisions of this section, the court may make an additional order setting forth reasonable conditions to be complied with by the parents, the juvenile, his legal guardian or custodian, or any other person who has been made a party
to the proceedings, including, but not limited to, restrictions on visitation by the parents or one (1) parent, restrictions on the juvenile's associates, occupation and other activities, and requirements to be observed by the parents, guardian or custodian;

(jk) The court may make any other reasonable order which is in the best interest of the juvenile or is required for the protection of the public, except that no person under the age of eighteen (18) years may be committed to jail, prison or a secure facility which does not meet the standards set forth in section 20-518, Idaho Code, unless jurisdiction over the individual is in the process of being waived or has been waived pursuant to section 20-508 or 20-509, Idaho Code. The court may combine several of the above-listed modes of disposition where they are compatible;

(kl) An order under the provisions of this section for probation or placement of a juvenile with an individual or an agency may provide a schedule for review of the case by the court;

(lm) Order the proceeding expanded or altered to include consideration of the cause pursuant to chapter 16, title 16, Idaho Code;

(mm) Order the case and all documents and records connected therewith transferred to the magistrate division of the district court for the county where the juvenile and/or parents reside if different than the county where the juvenile was charged and found to have committed the unlawful or criminal act, for the entry of a dispositional order;

(no) Order such other terms, conditions, care or treatment as appears to the court will best serve the interests of the juvenile and the community;

(op) The court shall assess a twenty dollar ($20.00) detention/probation training academy fee against the juvenile for every petition filed where there has been an adjudication that the juvenile is within the purview of this chapter. All moneys raised pursuant to this subsection paragraph shall be transmitted by the court for deposit in the juvenile corrections fund which is created in section 20-542, Idaho Code;

(pg) Additionally, the court shall assess a fee of sixty cents (60¢) per hour of community service against the juvenile for every petition filed where there has been an adjudication that the juvenile is within the purview of this chapter and the court is ordering community service. Such fee is to be remitted by the court to the state insurance fund for purposes of providing worker's compensation insurance for persons performing community service pursuant to this chapter;

(qr) Commit the juvenile to the legal custody of the department of juvenile corrections for an indeterminate period of time not to exceed the juvenile's nineteenth birthday, unless, in the opinion of the custody review board, extended time in custody is necessary to address competency development, accountability, and community protection; provided however, that no juvenile shall remain in the custody of the department beyond the juvenile's twenty-first birthday. The department shall adopt rules implementing the custody review board and operations and procedures of such board;
(rg) Notwithstanding any other provision of this section, a court may not commit a juvenile offender under the age of ten (10) years to a period of detention or to the custody of the department of juvenile corrections for placement in secure confinement.

(2) When an order is entered pursuant to this section, the juvenile shall be transported to the facility or program so designated by the court or the department, as applicable, by the sheriff of the county where the juvenile resides or is committed, or by an appointed agent. When committing a juvenile to the department, or another entity, the court shall at once forward to the department or entity a certified copy of the order of commitment.

(3) Unless the court determines that an order of restitution would be inappropriate or undesirable, it shall order the juvenile or his parents or both to pay restitution to or make whole any victim who suffers an economic loss as a result of the juvenile's conduct in accordance with the standards and requirements of sections 19-5304 and 19-5305, Idaho Code. The amount of restitution which may be ordered by the court shall not be subject to the limitations of section 6-210, Idaho Code. Court-ordered restitution shall be paid prior to any other court-ordered payments unless the court specifically orders otherwise.

(4) The court may order the juvenile's parents, legal guardian or custodian to pay the charges imposed by community programs ordered by the court for the juvenile, or the juvenile's parents, legal guardian or custodian.

(5) Any parent, legal guardian or custodian violating any order of the court entered against the person under the provisions of this chapter shall be subject to contempt proceedings under the provisions of chapter 6, title 7, Idaho Code.

SECTION 2. That Section 20-508, Idaho Code, be, and the same is hereby amended to read as follows:

20-508. WAIVER OF JURISDICTION AND TRANSFER TO OTHER COURTS. (1) After the filing of a petition and after full investigation and hearing, the court may waive jurisdiction under the juvenile corrections act over the juvenile and order that the juvenile be held for adult criminal proceedings when:

(a) A juvenile is alleged to have committed any of the crimes enumerated in section 20-509, Idaho Code; or

(b) A juvenile is alleged to have committed an act other than those enumerated in section 20-509, Idaho Code, after the child became fourteen (14) years of age which would be a crime if committed by an adult; or

(c) An adult at the time of the filing of the petition is alleged to have committed an act prior to his having become eighteen (18) years of age which would be a felony if committed by an adult, and the court finds that the adult is not committable to an institution for the mentally deficient or mentally ill, is not treatable in any available institution or facility available to the state designed for the care and treatment of juveniles, or that the safety of the community requires the adult continue under restraint; or

(d) An adult already under the jurisdiction of the court is alleged to have committed a crime while an adult.

(2) A motion to waive jurisdiction under the juvenile corrections
act and prosecute a juvenile under the criminal law may be made by the
prosecuting attorney, the juvenile, or by motion of the court upon its
own initiative. The motion shall be in writing and contain the grounds
and reasons in support thereof.

(3) Upon the filing of a motion to waive jurisdiction under the
juvenile corrections act, the court shall enter an order setting the
motion for hearing at a time and date certain and shall order a full and
complete investigation of the circumstances of the alleged offense to be
conducted by county probation, or such other agency or investigation
officer designated by the court.

(4) Upon setting the time for the hearing upon the motion to waive
jurisdiction, the court shall give written notice of said hearing to the
juvenile, and the parents, guardian or custodian of the juvenile, and
the prosecuting attorney, at least ten (10) days before the date of the
hearing, or a lesser period stipulated by the parties, and such notice
shall inform the juvenile and the parents, guardian or custodian of the
juvenile of their right to court appointed counsel. Service of the
notice shall be made in the manner prescribed for service of a summons
under section 20-512, Idaho Code.

(5) The hearing upon the motion to waive jurisdiction shall be held
in the same manner as an evidentiary hearing upon the original petition
and shall be made part of the record.

(6) If as a result of the hearing on the motion to waive jurisdic­
tion the court shall determine that jurisdiction should not be waived,
the petition shall be processed in the customary manner as a juvenile
corrections act proceeding. However, in the event the court determines,
as a result of the hearing, that juvenile corrections act jurisdiction
should be waived and the juvenile should be prosecuted under the crimi­
nal laws of the state of Idaho, the court shall enter findings of fact
and conclusions of law upon which it bases such decision together with a
decree waiving juvenile corrections act jurisdiction and binding the
juvenile over to the authorities for prosecution under the criminal laws
of the state of Idaho.

(7) No motion to waive juvenile corrections act jurisdiction shall
be recognized, considered, or heard by the court in the same case once
the court has entered an order or decree in that case that said juvenile
has come within the purview of the juvenile corrections act, and all
subsequent proceedings after the decree finding the juvenile within the
purview of the act must be under and pursuant to the act and not as a
criminal proceeding.

(8) In considering whether or not to waive juvenile court jurisdic­
tion over the juvenile, the juvenile court shall consider the following
factors:

(a) The seriousness of the offense and whether the protection of
the community requires isolation of the juvenile beyond that
afforded by juvenile facilities;
(b) Whether the alleged offense was committed in an aggressive,
violent, premeditated, or willful manner;
(c) Whether the alleged offense was against persons or property,
greater weight being given to offenses against persons;
(d) The maturity of the juvenile as determined by considerations of
his home, environment, emotional attitude, and pattern of living;
(e) The juvenile's record and previous history of contacts with the
juvenile corrections system;
(f) The likelihood that the juvenile will develop competency and life skills to become a contributing member of the community by use of facilities and resources available to the court;

(g) The amount of weight to be given to each of the factors listed in subsection (8) of this section is discretionary with the court, and a determination that the juvenile is not a fit and proper subject to be dealt with under the juvenile court law may be based on any one (1) or a combination of the factors set forth above, which shall be recited in the order of waiver.

(9) If the court does not waive jurisdiction and order a juvenile or adult held for criminal proceedings, the court in a county other than the juvenile's or adult's home county, after entering a decree that the juvenile or adult is within the purview of this chapter, may certify the case for sentencing to the court of the county in which the juvenile or adult resides upon being notified that the receiving court is willing to accept transfer. In the event of a transfer, which should be made unless the court finds it contrary to the interest of the juvenile or adult, the jurisdiction of the receiving court shall attach to the same extent as if the court had original jurisdiction.

(10) Upon conviction of a juvenile held for adult criminal proceedings under this section, the sentencing judge may, if a finding is made that adult sentencing measures would be inappropriate:

(a) Sentence the convicted person in accordance with the juvenile sentencing options set forth in this chapter; or

(b) Sentence the convicted person to the county jail or to the custody of the state board of correction but suspend the sentence or withhold judgment pursuant to section 19-2601, Idaho Code, and commit the defendant to the custody of the department of juvenile corrections for an indeterminate period of time in accordance with section 20-520(1)(qr), Idaho Code. The court, in its discretion, may order that the suspended sentence or withheld judgment be conditioned upon the convicted person's full compliance with all reasonable program requirements of the department of juvenile corrections. Such a sentence may also set terms of probation, which may be served under the supervision of county juvenile probation. However, in no event may the total of the actual time spent in the custody of the department plus any adult sentence imposed by the court exceed the maximum period of imprisonment that could be imposed on an adult convicted of the same crime.

(c) If a convicted person is given a suspended sentence or withheld judgment conditioned upon the convicted person's compliance with all reasonable program requirements of the department pursuant to paragraph (b) of this subsection, and if the department reasonably believes that the convicted person is failing to comply with all reasonable program requirements, the department may petition the sentencing court to revoke the commitment to the department and transfer the convicted person to the county jail or to the custody of the state board of correction for the remainder of the sentence.

SECTION 3. That Section 20-509, Idaho Code, be, and the same is hereby amended to read as follows:
20-509. VIOLENT OFFENSES, CONTROLLED SUBSTANCES VIOLATIONS NEAR SCHOOLS AND OFFENDERS. (1) Any juvenile, age fourteen (14) years to age eighteen (18) years, who is alleged to have committed any of the follow­ing crimes or any person under age fourteen (14) years who is alleged to have committed any of the following crimes and, pursuant to section 20-508, Idaho Code, has been ordered by the court to be held for adult criminal proceedings:

(b) Robbery;
(c) Rape, but excluding statutory rape;
(d) Forcible sexual penetration by the use of a foreign object;
(e) Infamous crimes against nature, committed by force or violence;
(f) Mayhem;
(g) Assault or battery with the intent to commit any of the above serious felonies;
(h) A violation of the provisions of section 37-2732(a)(1)(A), (B) or (C), Idaho Code, when the violation occurred on or within one thousand (1,000) feet of the property of any public or private pri­mary or secondary school, or in those portions of any building, park, stadium or other structure or grounds which were, at the time of the violation, being used for an activity sponsored by or through such a school;

(1) Arson in the first degree and aggravated arson;
shall be charged, arrested and proceeded against by complaint, indict­ment or information as an adult. All other felonies or misdemeanors charged in the complaint, indictment or information, which are based on the same act or transaction or on one (1) or more acts or transactions as the violent or controlled substances offense shall similarly be charged, arrested and proceeded against as an adult. Any juvenile pro­ceeded against pursuant to this section shall be accorded all constitu­tional rights, including bail and trial by jury, and procedural safe­guards as if that juvenile were an adult defendant.

(2) Once a juvenile has been formally charged or indicted pursuant to this section or has been transferred for criminal prosecution as an adult pursuant to the waiver provisions of section 20-508, Idaho Code, or this section, the juvenile shall be held in a county jail or other adult prison facility unless the court, after finding good cause, orders otherwise.

(3) Except as otherwise allowed by subsection (4) of this section, once a juvenile has been found to have committed the offense for which the juvenile was charged, indicted or transferred pursuant to this section or section 20-508, Idaho Code, or has been found guilty or pled guilty to a lesser offense or amended charge growing out of or included within the original charge, whether or not such lesser offense or amended charge is included within the acts enumerated in subsection (1) of this section, the juvenile shall thereafter be handled in every respect as an adult. For any subsequent violation of Idaho law, the juvenile shall be handled in every respect as an adult.

(4) Upon the conviction of a juvenile pursuant to this section, the sentencing judge may, if a finding is made that adult sentencing mea­ures would be inappropriate:

(a) Sentence the convicted person in accordance with the juvenile sentencing options set forth in this chapter; or
(b) Sentence the convicted person to the county jail or to the custody of the state board of correction but suspend the sentence or withhold judgment pursuant to section 19-2601, Idaho Code, and commit the defendant to the custody of the department of juvenile corrections for an indeterminate period of time in accordance with section 20-520(1)(qr), Idaho Code. The court, in its discretion, may order that the suspended sentence or withheld judgment be conditioned upon the convicted person's full compliance with all reasonable program requirements of the department of juvenile corrections. Such a sentence may also set terms of probation, which may be served under the supervision of county juvenile probation. However, in no event may the total of the actual time spent by the convicted person in the custody of the department plus any adult sentence imposed by the court exceed the maximum period of imprisonment that could be imposed on an adult convicted of the same crime.

(c) If a convicted person is given a suspended sentence or withheld judgment conditioned upon the convicted person's compliance with all reasonable program requirements of the department pursuant to paragraph (b) of this subsection, and if the department reasonably believes that the convicted person is failing to comply with all reasonable program requirements, the department may petition the sentencing court to revoke the commitment to the department and transfer the convicted person to the county jail or to the custody of the state board of correction for the remainder of the sentence.

SECTION 4. That Section 20-532, Idaho Code, be, and the same is hereby amended to read as follows:

20-532. TERM OF COMMITMENT -- REVIEW AFTER COMMITMENT. A juvenile offender committed to a secure facility shall remain until the offender reaches nineteen (19) years of age, is retained for extended custody pursuant to section 20-520(1)(qr), Idaho Code, or is released or discharged. A juvenile offender committed to a secure facility shall appear before the department within ninety (90) days after commitment, for review of treatment plans.

(2) If a substance abuse assessment ordered pursuant to this section indicates that the defendant is a drug addict or alcoholic, as those terms are defined in section 39-302, Idaho Code, then the assessment submitted to the court shall also include a plan of treatment. If the court concludes at sentencing that the defendant is a drug addict or alcoholic, as those terms are defined in section 39-302, Idaho Code, and if the court places the defendant on probation, the court may order the defendant, as a condition of probation, to undergo treatment consistent with the plan of treatment, subject to modification of the plan of treatment by the court.

2. Without treatment, the immediate prognosis is for major distress resulting in serious mental or physical deterioration of the defendant;
3. Treatment is available for such illness or defect; and
4. The relative risks and benefits of treatment or nontreatment are such that a reasonable person would consent to treatment.

(b) If the court, after receiving the mental health assessment and plan of treatment, determines that additional information is necessary to determine whether the factors listed above in subsection (3)(a) are present, or to determine an appropriate plan of treatment, the court may order an evaluation and/or recommendations for treatment to be furnished by a psychiatrist, licensed physician or licensed psychologist.

(c) If the court concludes at sentencing that all of the factors listed above in subsection (3)(a) are present, and if the court places the defendant on probation, then the court may order as a condition of probation that the defendant undergo treatment consistent with the plan of treatment, subject to modification of the plan of treatment by the court.

(a) Be available for at least fourteen (14) calendar days;
(b) List in alphabetical order the names of the registered agents; and
(c) State the type of filing and name of the represented entity making the filing.

30-406. LISTING OF COMMERCIAL REGISTERED AGENT. (1) An individual or a domestic or foreign entity may become listed as a commercial registered agent by filing with the secretary of state a commercial registered agent listing statement signed by or on behalf of the person which states:
(a) The name of the individual or the name, type, and jurisdiction of organization of the entity;
(b) That the person is in the business of serving as a commercial registered agent in this state; and
(c) The street address of a place of business of the person in this state to which service of process and other notice and documents being served on or sent to entities represented by it may be delivered.
(2) A commercial registered agent listing statement may include the information regarding acceptance of service of process in a record by the commercial registered agent provided for in section 30-413(4), Idaho Code.
(3) If the name of a person filing a commercial registered agent listing statement is not distinguishable on the records of the secretary of state from the name of another commercial registered agent listed under this section, the person must adopt a fictitious name that is distinguishable and use that name in its statement when it does business in this state as a commercial registered agent.
(4) A commercial registered agent listing statement takes effect upon filing.
(5) The secretary of state shall note the filing of the commercial registered agent listing statement in the index of filings maintained by the secretary of state for each entity represented by the registered
agent at the time of the filing. The statement has the effect of deleting the address of the registered agent from the registered agent filing of each of those entities.

30-407. TERMINATION OF LISTING OF COMMERCIAL REGISTERED AGENT. (1) A commercial registered agent may terminate its listing as a commercial registered agent by filing with the secretary of state a commercial registered agent termination statement signed by or on behalf of the agent which states:

Until an entity formerly represented by a terminated commercial registered agent appoints a new registered agent, service of process may be made on the entity as provided in section 30-413, Idaho Code. Termination of the listing of a commercial registered agent under this section does not affect any contractual rights a represented entity may have against the agent or that the agent may have against the entity.

30-408. CHANGE OF REGISTERED AGENT BY ENTITY. (1) A represented entity may change the information currently on file under section 30-405(1), Idaho Code, by filing with the secretary of state a statement of change signed on behalf of the entity which states:
   (a) The name of the entity; and
   (b) The information that is to be in effect as a result of the filing of the statement of change.
(2) The interest holders or governors of a domestic entity need not approve the filing of:
   (a) A statement of change under this section; or
   (b) A similar filing changing the registered agent or registered office of the entity in any other jurisdiction.
(3) The appointment of a registered agent pursuant to subsection (1) of this section is an affirmation by the represented entity that the agent has consented to serve as such.
(4) A statement of change filed under this section takes effect upon filing.
(5) As an alternative to using the procedures in this section, a represented entity may change the information currently on file under section 30-405(1), Idaho Code, by amending its most recent registered agent filing in the manner provided by the laws of this state other than this chapter for amending that filing.

30-409. CHANGE OF NAME OR ADDRESS BY NONCOMMERCIAL REGISTERED AGENT. (1) If a noncommercial registered agent changes its name or its address as currently in effect with respect to a represented entity pur-
suant to section 30-405(1), Idaho Code, the agent shall file with the secretary of state, with respect to each entity represented by the agent, a statement of change signed by or on behalf of the agent which states:

(a) The name of the entity;
(b) The name and address of the agent as currently in effect with respect to the entity;
(c) If the name of the agent has changed, its new name; and
(d) If the address of the agent has changed, the new address.

(2) A statement of change filed under this section takes effect upon filing.

(3) A noncommercial registered agent shall promptly furnish the represented entity with notice in a record of the filing of a statement of change and the changes made by the filing.

30-410. CHANGE OF NAME, ADDRESS, OR TYPE OF ORGANIZATION BY COMMERCIAL REGISTERED AGENT. (1) If a commercial registered agent changes its name, its address as currently listed under section 30-406(1), Idaho Code, or its type or jurisdiction of organization, the agent shall file with the secretary of state a statement of change signed by or on behalf of the agent which states:

(a) The name of the agent as currently listed under section 30-406(1), Idaho Code;
(b) If the name of the agent has changed, its new name;
(c) If the address of the agent has changed, the new address; and
(d) If the type or jurisdiction of organization of the agent has changed, the new type or jurisdiction of organization.

(2) The filing of a statement of change under subsection (1) of this section is effective to change the information regarding the commercial registered agent with respect to each entity represented by the agent.

(3) A statement of change filed under this section takes effect upon filing.

(4) A commercial registered agent shall promptly furnish each entity represented by it with notice in a record of the filing of a statement of change relating to the name or address of the agent and the changes made by the filing.

(5) If a commercial registered agent changes its address without filing a statement of change as required by this section, the secretary of state may cancel the listing of the agent under section 30-406, Idaho Code. A cancellation under this subsection has the same effect as a termination under section 30-407, Idaho Code. Promptly after canceling the listing of an agent, the secretary of state shall serve notice in a record in the manner provided in section 30-413(2) or (3), Idaho Code, on:

(a) Each entity represented by the agent, stating that the agent has ceased to be an agent for service of process on the entity and that, until the entity appoints a new registered agent, service of process may be made on the entity as provided in section 30-413, Idaho Code; and
(b) The agent, stating that the listing of the agent has been canceled under this section.
30-411. RESIGNATION OF REGISTERED AGENT. (1) A registered agent may resign at any time with respect to a represented entity by filing with the secretary of state a statement of resignation signed by or on behalf of the agent which states:
(a) The name of the entity;
(b) The name of the agent;
(c) That the agent resigns from serving as agent for service of process for the entity; and
(d) The name and address of the person to which the agent will send the notice required by subsection (3) of this section.

(2) A statement of resignation takes effect on the earlier of the thirty-first day after the day on which it is filed or the appointment of a new registered agent for the represented entity.

(3) The registered agent shall promptly furnish the represented entity notice in a record of the date on which a statement of resignation was filed.

(4) When a statement of resignation takes effect, the registered agent ceases to have responsibility for any matter tendered to it as agent for the represented entity. A resignation under this section does not affect any contractual rights the entity has against the agent or that the agent has against the entity.

(5) A registered agent may resign with respect to a represented entity whether or not the entity is in good standing.

30-412. APPOINTMENT OF AGENT BY NONFILING OR NONQUALIFIED FOREIGN ENTITY. (1) A domestic entity that is not a filing entity or a nonqualified foreign entity may file with the secretary of state a statement appointing an agent for service of process signed on behalf of the entity which states:
(a) The name, type, and jurisdiction of organization of the entity; and
(b) The information required by section 30-405(1), Idaho Code.

(2) A statement appointing an agent for service of process takes effect upon filing.

(3) The appointment of a registered agent under this section does not qualify a nonqualified foreign entity to do business in this state and is not sufficient alone to create personal jurisdiction over the nonqualified foreign entity in this state.

(4) A statement appointing an agent for service of process may not be rejected for filing because the name of the entity filing the statement is not distinguishable on the records of the secretary of state from the name of another entity appearing in those records. The filing of a statement appointing an agent for service of process does not make the name of the entity filing the statement unavailable for use by another entity.

(5) An entity that has filed a statement appointing an agent for service of process may cancel the statement by filing a statement of cancellation, which shall take effect upon filing, and must state the name of the entity and that the entity is canceling its appointment of an agent for service of process in this state. A statement appointing an agent for service of process which has not been canceled earlier is effective for a period of five (5) years after the date of filing.
(6) A statement appointing an agent for service of process for a nonqualified foreign entity terminates automatically on the date the entity becomes a qualified foreign entity.

30-413. SERVICE OF PROCESS ON ENTITIES. (1) A registered agent is an agent of the represented entity authorized to receive service of any process, notice, or demand required or permitted by law to be served on the entity.

(2) If an entity that previously filed a registered agent filing with the secretary of state no longer has a registered agent, or if its registered agent cannot with reasonable diligence be served, the entity may be served by registered or certified mail, return receipt requested, addressed to the governors of the entity by name at its principal office in accordance with any applicable judicial rules and procedures. The names of the governors and the address of the principal office may be as shown in the most recent annual report filed with the secretary of state. Service is perfected under this subsection at the earliest of:

(a) The date the entity receives the mail;
(b) The date shown on the return receipt, if signed on behalf of the entity; or
(c) Five (5) days after its deposit with the United States postal service, if correctly addressed and with sufficient postage.

(3) If process, notice, or demand cannot be served on an entity pursuant to subsection (1) or (2) of this section, service of process may be made by handing a copy to the manager, clerk, or other person in charge of any regular place of business or activity of the entity if the person served is not a plaintiff in the action.

(4) Service of process, notice, or demand on a registered agent must be in the form of a written document, except that service may be made on a commercial registered agent in such other forms of a record, and subject to such requirements as the agent has stated from time to time in its listing under section 30-406, Idaho Code, that it will accept.

(5) Service of process, notice, or demand may be perfected by any other means prescribed by law other than this chapter.

30-414. DUTIES OF REGISTERED AGENT. The only duties under this chapter of a registered agent that has complied with this chapter are:

(1) To forward to the represented entity at the address most recently supplied to the agent by the entity any process, notice, or demand that is served on the agent;

(2) To provide the notices required by this chapter to the entity at the address most recently supplied to the agent by the entity;

(3) If the agent is a noncommercial registered agent, to keep current the information required by section 30-405(1), Idaho Code, in the most recent registered agent filing for the entity;

(4) If the agent is a commercial registered agent, to keep current the information listed for it under section 30-406(1), Idaho Code; and

(5) To have an individual available during normal business hours at the registered agent's street address to accept service of process and other notices and documents.

30-415. JURISDICTION AND VENUE. The appointment or maintenance in this state of a registered agent does not by itself create the basis for
personal jurisdiction over the represented entity in this state. The
address of the agent does not determine venue in an action or proceeding
involving the entity.

30-416. CONSISTENCY OF APPLICATION. In applying and construing this
chapter, consideration must be given to the need to promote consistency
of the law with respect to its subject matter among states that enact
it.

30-417. RELATION TO ELECTRONIC SIGNATURES IN GLOBAL AND NATIONAL
COMMERCE ACT. This chapter modifies, limits, and supersedes the federal
electronic signatures in global and national commerce act, 15 U.S.C.
section 7001, et seq., but does not modify, limit, or supersede section
101 of that act, 15 U.S.C. section 7001(c), or authorize delivery of any
of the notices described in section 103 of that act, 15 U.S.C. section
7003(b).

30-418. SAVINGS CLAUSE. This chapter does not affect an action or
proceeding commenced or right accrued before July 1, 2007.

been formed, by an incorporator; or

beneath or opposite his signature his name and the capacity in which he

the document under section 30-1-121, Idaho Code, the document must be in
or on the prescribed form.
(9) The document must be delivered to the office of the secretary of state for filing. Delivery may be made by electronic transmission if and to the extent permitted by the secretary of state. If it is filed in typewritten or printed form and not transmitted electronically, the secretary of state may require one (1) exact or conformed copy to be delivered with the document, except as provided in sections 30-1-503 and 30-1-1509, Idaho Code.

(10) When the document is delivered to the office of the secretary of state for filing, the correct filing fee, and any other fee or penalty required to be paid therewith by this chapter or other law must be paid or provision for payment made in a manner permitted by the secretary of state.

(11) Whenever a provision of this chapter permits any of the terms of a plan or a filed document to be dependent upon facts objectively ascertainable outside the plan or filed document, the following provisions apply:

(a) The manner in which the facts will operate upon the terms of the plan or filed document shall be set forth in the plan or filed document.

(b) The facts may include, but are not limited to:

(11)(b)(i) of this section or a document that is a matter of public record, or the affected shareholders have not received notice of the fact from the corporation, then the corporation shall file with the secretary of state articles of amendment setting forth the fact promptly after the time when the fact referred to is first ascertaintainable or thereafter changes. Articles of amendment under this subsection (11)(e) are deemed to be authorized by the authorization of the original filed document or plan to which they relate and may be filed by the corporation without further action by the board of directors or the shareholders.

(4) The secretary of state's duty to file documents under this section is ministerial. His filing or refusing to file a document does not:

(a) Affect the validity or invalidity of the document in whole or part;
(b) Relate to the correctness or incorrectness of information contained in the document;
(c) Create a presumption that the document is valid or invalid or that information contained in the document is correct or incorrect.

SECTION 5. That Section 30-1-141, Idaho Code, be, and the same is hereby amended to read as follows:

30-1-141. NOTICE. (1) Notice under this chapter must be in writing unless oral notice is reasonable under the circumstances. Notice by electronic transmission is written notice.

(2) Notice may be communicated in person; by mail or other method of delivery; or by telephone, voice mail or other electronic means. If these forms of personal notice are impracticable, notice may be communicated by a newspaper of general circulation in the area where published, or by radio, television, or other form of public broadcast communication.

delivered an annual report, in its application for a certificate of
authority.

(5) Except as provided in subsection (3) of this section, written

following:

(5) A manufacturer or wholesale distributor shall not accept payment for, or allow the use of, a person's credit to establish an account for the purchase of prescription drugs from any person other than the owner(s) of record, the chief executive officer or the chief financial officer listed on the license of a person legally authorized to receive prescription drugs. At minimum, the necessary pedigree information shall include:

(c) Other procedures would result in unreasonable delay; the board shall issue an order requiring the appropriate person, including the distributors or retailers of the drug, to immediately cease distribution of the drug within the state.

(2) An order under subsection (1) of this section shall provide the person subject to the order with an opportunity for an informal hearing, to be held not later than ten (10) days after the date of the issuance of the order, on the actions required by the order. RELATING TO THE APPROPRIATION FOR THE PUBLIC SCHOOLS DIVISION OF OPERATIONS; APPROPRIATING MONEYS FOR TRANSFER TO THE PUBLIC SCHOOL INCOME FUND; APPROPRIATING MONEYS TO THE EDUCATIONAL SUPPORT PROGRAM/DIVISION OF OPERATIONS FOR FISCAL YEAR 2007; DIRECTING THAT MONEYS BE DISTRIBUTED TO REPLACE CERTAIN LEVIES; DIRECTING DISTRIBUTION OF CERTAIN AMOUNTS FOR REPLACEMENT OF SCHOOL MAINTENANCE AND OPERATION LEVY FUNDS; AND STATING LEGISLATIVE FINDINGS AND EXPRESSING LEGISLATIVE INTENT WITH REGARDS TO FUTURE DISTRIBUTIONS OF REPLACEMENT FUNDING PROVIDED IN LIEU OF PERSONAL PROPERTY TAXES ON AGRICULTURAL EQUIPMENT.

Be it enacted by the Legislature of the State of Idaho:

SECTION 1. Any other provision of law notwithstanding, there is hereby appropriated the following amount to be transferred to the Public School Income Fund for the period July 1, 2006, through June 30, 2007:

<thead>
<tr>

SECTION 2. In addition to the appropriation made in Section 3, Chapter 418, Laws of 2006 and Section 23, House Bill No. 1, as enacted by the First Extraordinary Session of the Fifty-eighth Idaho Legislature, there is hereby appropriated to the Educational Support Program/Division of Operations the following amount for the period July 1, 2006, through June 30, 2007:

<table>
<thead>
<tr>
<th>FROM:</th>
<th>$3,892,600</th>
</tr>
</thead>
<tbody>
<tr>
<td>Public School Income Fund</td>
<td></td>
</tr>
</tbody>
</table>

SECTION 3. The Superintendent of Public Instruction shall distribute $121,300 of the moneys appropriated in Section 2 of this act to school districts in the amount of any unequalized school maintenance and operation levy funds that would have been used to calculate such levies for tax year 2006, under the laws of the state of Idaho as they existed prior to the First Extraordinary Session of the Fifty-eighth Idaho Legislature, provided that the school district did not levy a budget stabilization levy for tax year 2006.

SECTION 4. The Superintendent of Public Instruction shall distribute $3,771,300 of the moneys appropriated in Section 2 of this act to school districts, in like amounts as the moneys distributed in fiscal year 2006, pursuant to Section 63-3638(10), Idaho Code, for the replacement of school maintenance and operation levy funds.
SECTION 5. It is the finding of the Legislature that House Bill No. 1, enacted by the First Extraordinary Session of the Fifty-eighth Idaho Legislature, exposed the previously unrecognized lack of equalization of moneys provided to school districts for the replacement of school maintenance and operation levies on agricultural equipment. Prior to House Bill No. 1, school districts received such unequalized funds, in highly varied amounts based, not on the size or needs of the school district, but on the amount of agricultural equipment contained therein. As was constitutionally appropriate, House Bill No. 1 dealt solely with the state replacement of equalized funds.

However, many school districts, particularly those in which the local economy is based on agriculture, have grown dependent on these extra, unequalized funds. In addition, school districts had already set fiscal year 2007 budgets based on the assumption of receiving these funds, prior to the passage of House Bill No. 1. The immediate removal of such moneys would have a negative and destabilizing effect on many school district budgets. Since House Bill No. 1 provided an additional $100,000,000 to the Public Education Stabilization Fund for the express purpose of providing stability in public school budgets, it is legislative intent to provide for the schedule of distributions, pursuant to this section, with appropriations from the Public Education Stabilization Fund.

Pursuant to the Legislature's responsibility to maintain a constitutionally uniform system of public school funding, it is legislative intent that the school maintenance and operation levy-related portion of state replacement funding provided in lieu of personal property taxes on agricultural equipment be phased out according to the following schedule:

AN ACT RELATING TO THE RURAL ECONOMIC DEVELOPMENT AND FREIGHT TRANSPORTATION PROGRAM; AMENDING SECTION 49-2901, IDAHO CODE, TO AUTHORIZE THE IDAHO DEPARTMENT OF AGRICULTURE TO ADMINISTER THE RURAL ECONOMIC DEVELOPMENT AND INTEGRATED FREIGHT TRANSPORTATION PROGRAM AND TO REVISE SPENDING PROVISIONS; AMENDING SECTION 49-2902, IDAHO CODE, TO REVISE PROVISIONS RELATING TO THE INTERAGENCY WORKING GROUP; AMENDING SECTION 49-2903, IDAHO CODE, TO REVISE DUTIES OF THE INTERAGENCY WORKING GROUP; AMENDING SECTION 49-2904, IDAHO CODE, TO REVISE PROVISIONS RELATING TO THE RURAL ECONOMIC DEVELOPMENT AND INTEGRATED FREIGHT TRANSPORTATION REVOLVING LOAN FUND AND TO PROVIDE CERTAIN GRANTS FOR PLANNING AND DEVELOPMENT OF INTERMODAL COMMERCE AUTHORITIES; AND AMENDING SECTION 49-2905, IDAHO CODE, TO REVISE PROVISIONS RELATING TO THE STATE RAIL AND INTERMODAL FACILITY SYSTEM PLAN.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 49-2901, Idaho Code, be, and the same is hereby amended to read as follows:

49-2901. RURAL ECONOMIC DEVELOPMENT AND INTEGRATED FREIGHT TRANSPORTATION PROGRAM. (1) The Idaho rural economic development and integrated freight transportation program is hereby established. The Idaho department of commerce--and-labor agriculture is designated and authorized to administer the rural economic development and integrated freight transportation program.

(2) State funding for rural freight transportation service projects shall benefit the state's interest by assisting businesses and industries to develop and expand their operations in shipping freight and products to market. The state's interest is served by maintaining competitive transportation services for Idaho freight shippers, reducing public roadway maintenance and repair costs, increasing economic development opportunities, increasing domestic and international trade, creating and preserving jobs, and enhancing safety. State funding for proj-
ects is contingent upon appropriate private sector partnerships with state and local governments, participation and cooperation. Before recommending the spending of these dedicated state moneys on intermodal projects, the Idaho department of commerce-and-labor agriculture shall seek federal, local and private funding and participation to the greatest extent possible. Whenever possible, the department shall seek to assist a private sector solution for the implementation of this chapter.

SECTION 2. That Section 49-2902, Idaho Code, be, and the same is hereby amended to read as follows:

49-2902. INTERAGENCY WORKING GROUP CREATED. (1) An interagency working group is hereby created to advise the department of commerce-and-labor agriculture on issues and policies in support of the department of commerce-and-labor agriculture's administration of the rural economic development and integrated freight transportation program established in section 49-2901, Idaho Code. The interagency working group shall participate in planning and identifying program needs and shall carry out its duties specified in section 49-2903, Idaho Code. Before recommending state funding, using state dedicated funds, and recommending priorities, the interagency working group shall seek pertinent information, facts and data from state and local governments, and agencies regarding rural freight transportation issues.

(2) The interagency working group shall be composed of seven eight (78) members:
   (a) Four (4) members shall be appointed by the director of the Idaho transportation department, two (2) of whom shall be employees of the Idaho transportation department with a working knowledge of rail and truck freight transportation and intermodal entities, one (1) member, not a state employee, shall represent freight shipping interests, and one (1) member shall be a representative from the local highway technical assistance council; and
   (b) Three (3) members shall be appointed by the director of the department of commerce-and-labor agriculture, two (2) of whom shall be employees of the department of commerce-and-labor agriculture with a working knowledge of economic development issues, and one (1) member, not a state employee, shall represent business development and financing interests; and
   (c) One (1) member shall be appointed by the director of the department of commerce and labor and shall be an employee with knowledge of rural economic development issues.
   (d) At the beginning of each state fiscal year, the director of the Idaho transportation department shall designate one (1) of his appointees as cochairman, and the director of the department of commerce and labor shall designate one (1) of his appointees as cochairman.
   (de) Each member appointed shall serve at the pleasure of the appointing authority, provided however, the service of state employee members shall run concurrently with their state employment. Nonstate employee members shall serve one (1) term of five (5) years, but may be appointed to serve nonconsecutive terms, and shall be reimbursed according to the provisions of section 59-509(b), Idaho Code.

49-2903. DUTIES OF THE INTERAGENCY WORKING GROUP. (1) The interagency working group shall provide recommendations to the department of commerce-and-labor agriculture in order for that department to establish criteria for evaluating intermodal projects of significance to the state, and the interagency working group shall continue to monitor projects for which it provides assistance to the department of commerce-and-labor agriculture.

(2) The interagency working group shall provide recommendations to the department of commerce-and-labor agriculture in order for the department to develop criteria for prioritizing freight rail and intermodal projects that meet the minimum eligibility requirements for state financial support from the revolving loan fund created in section 49-2904, Idaho Code. Project criteria should consider the level of local financial commitment to the project as well as the cost/benefit ratio. Railroads, shippers, intermodal commerce authorities as defined in chapter 22, title 70, Idaho Code, and others who benefit from the project should participate financially to the greatest extent practicable.

(3) The interagency working group shall provide the assistance necessary for the department to ensure that the state maintains a contingent interest in any equipment, property, rail line, or facility that has outstanding grants or loans. The owner of a qualified line as defined in section 49-2904, Idaho Code, shall not use the line as collateral, remove track, bridges or associated elements for salvage, or use it in any other manner subordinating the state's interest until any loan made to the owner pursuant to this chapter has been repaid in full. As the state is not a primary lender of money, it is understood the state may need to take a subordinate position for its contingent interest.

SECTION 4. That Section 49-2904, Idaho Code, be, and the same is hereby amended to read as follows:

49-2904. RURAL ECONOMIC DEVELOPMENT AND INTEGRATED FREIGHT TRANSPORTATION REVOLVING LOAN FUND. (1) The rural economic development and integrated freight transportation revolving loan fund is hereby created in the state treasury. manner as provided under section 67-1210, Idaho Code, with respect to other surplus or idle moneys in the state treasury. Interest earned on the investments shall be returned to the rural economic development and integrated freight transportation revolving loan fund.

(2) Moneys in the fund are subject to appropriation and may consist of appropriations, grants, repayment of loans and other revenues from any other sources.

(3) Moneys in the fund may be used for loans or grants for qualified rural projects for the development and preservation of intermodal rail and truck services and facilities upon terms and conditions to be determined by the department of commerce-and-labor agriculture with the assistance and advice of the interagency working group as appropriate, for the purpose of:
   (a) Rehabilitating, or improving rail lines to preserve essential local rail service;
   (b) Purchasing or rehabilitating railroad equipment necessary to maintain essential rail service;
   (c) Construction of loading or reloading facilities or other capital improvements including building or improving local transportation infrastructure, to increase business and commerce, and to improve shipping service; or
   (d) Coordinating intermodal truck and rail traffic for integrated rural freight transportation.

(4) For the purposes of this chapter, "qualified lines" means class III short lines, branch lines of class I railroads leased or operated by a class III railroad, branch lines of class II railroads, and lines owned by public entities including port districts and intermodal commerce authorities. Definition of class I, II and III railroads shall be as defined by the federal railroad administration.

(5) Moneys received by the department of commerce-and-labor agriculture from loan payments or other revenues shall be redeposited in the rural economic development and integrated freight transportation fund. Repayment of loans made under this chapter shall occur within a period as set by the department, but no repayment which exceeds fifteen (15) years shall be allowed. The repayment schedule and rate of interest shall be determined before the moneys are distributed.

(6) Moneys distributed under the provisions of this chapter shall be provided as loans to qualified lines or shippers.

CHAPTER 340
(H.B. No. 123, As Amended in the Senate)

AN ACT
RELATING TO EMERGENCY COMMUNICATIONS; AMENDING SECTION 31-4801, IDAHO CODE, TO PROVIDE A LEGISLATIVE FINDING AND A LEGISLATIVE INTENT AND TO MAKE A TECHNICAL CORRECTION; AMENDING SECTION 31-4802, IDAHO CODE, TO REVISE DEFINITIONS; AMENDING SECTION 31-4804, IDAHO CODE, TO PROVIDE FOR A FEE AND TO PROVIDE FOR THE IMPOSITION OF THE FEE; AND AMENDING SECTION 31-4813, IDAHO CODE, TO PROVIDE THAT PREPAID WIRELINE, WIRELESS AND VoIP PHONES WITH A SERVICE ADDRESS OR PLACE OF PRIMARY USE WITHIN IDAHO ARE NOT CONSIDERED PREPAID CALLING CARDS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 31-4801, Idaho Code, be, and the same is hereby amended to read as follows:

31-4801. PURPOSE. The legislature recognizes that providing consolidated emergency communications systems is vital in enhancing the public health, safety, and welfare of the residents of the state of Idaho. The legislature further finds that there is an obvious need for providing a means to finance the initiation, maintenance, operation, enhancement and governance of consolidated emergency communications systems.

(1) The legislature of the state of Idaho finds that:
(a) Since the original enactment of the emergency communications act in 1988, many of Idaho's communities have found that they are lacking in the resources to fully fund emergency communications systems at the local level;
(b) Changes in technology and the rapid growth of communications media have demonstrated that financing such systems solely by a line charge on subscribers to wire-line wireline services does not reflect utilization of emergency communications systems by subscribers to wireless and other forms of communications systems;
(c) There is a need to enhance funding for the initiation and enhancement of consolidated emergency communications systems throughout the state;
(d) Utilization of cellular telephones and voice over internet protocol (VoIP) communications to access emergency communications systems has substantially increased citizen access to emergency services while at the same time increasing demands upon the emergency response system;
(e) In order to protect and promote the public health and safety,
and to keep pace with advances in telecommunications technology and the various choices of telecommunications technology available to the public, there is a need to plan and develop a statewide coordinated policy and program to ensure that enhanced 911 services are available to all citizens of the state and in all areas of the state.

(2) Therefore, it is hereby declared that the intent and purpose of the provisions of this act are to:

(a) Provide authority to counties and 911 service areas to impose an emergency communications fee on the use of both telephone lines, and wireless, VoIP or other communications systems services that connect an individual dialing 911 to an established public safety answering point;
(b) Provide that the emergency communications fee shall be exclusively utilized by the counties or 911 service areas electing to impose it to finance the initiation, maintenance, operation, enhancement and governance of consolidated emergency systems as well as enhanced consolidated emergency systems;
(c) Provide for the agreed-to reimbursement to telecommunications providers for their implementation of enhanced consolidated emergency communications systems by counties or 911 service areas that have implemented enhanced consolidated emergency communications systems.

SECTION 2. That Section 31-4802, Idaho Code, be, and the same is hereby amended to read as follows:

31-4802. DEFINITIONS. As used in this chapter:

(1) "Access line" means any telephone line, trunk line, network access register, dedicated radio signal, or equivalent that provides switched telecommunications access to a consolidated emergency communications system from either a service address or a place of primary use within this state. In the case of wireless technology, each active dedicated telephone number shall be considered a single access line.

(2) "Administrator" means the person, officer or agency designated to operate a consolidated emergency communications system, and to receive funds for such an operation.

(3) "Basic consolidated emergency system" means consolidated emergency systems that are not enhanced.

(4) "Consolidated emergency communications system" means facilities, equipment and dispatching services directly related to establishing, maintaining, or enhancing a 911 emergency communications service.

(5) "Emergency communications fee" means the fee provided for in section 31-4803, Idaho Code.

(6) "Enhanced consolidated emergency system" means consolidated emergency systems that provide enhanced wireless 911 service and include, but are not limited to, the technological capability to provide call back numbers, cell site locations, and the location of calls by latitude and longitude and made through the systems of wireless carriers.

(7) "Governing board" means the joint powers board, if the 911 service area is a multicounty area, or the board of county commissioners of the county or the city council if the 911 service area is a city, or both the board of county commissioners and the city council if the 911
service area includes both city and county residents but not the entire county.

(8) "Interconnected" means the ability of the user to receive calls from and terminate calls to the public switched telephone network (PSTN), including commercial mobile radio service (CMRS) networks.

(9) "Interconnected VoIP service" means a service bearing the following characteristics:

(a) The service enables real-time, two-way voice communications;
(b) The service requires a broadband connection from the user's location;
(c) The service requires IP-compatible customer premises equipment; and
(d) The service permits users to receive calls that originate on the public switched telephone network (PSTN) and to terminate calls on the PSTN.

(10) "Interconnected VoIP service line" means an interconnected VoIP service that offers an active telephone number, or successor dialing protocol assigned by a VoIP provider to a VoIP service customer number that has an outbound calling capability of directly accessing a public safety answering point.

(11) "911 service area" means a regional, multicounty, county or area other than a whole county in which area the residents have voted to establish a consolidated emergency communications system.

(912) "Place of primary use" means the residential street address or the primary business street address in Idaho where the customer's use of the wireless or VoIP service primarily occurs. For the purposes of 911 fees imposed upon interconnected VoIP service lines, the place of primary use shall be the customer's registered location on the date the customer is billed.

(13) "Telecommunications provider" means any person providing:

(a) Exchange telephone service to a service address within this state; or
(b) Any wireless carrier providing telecommunications service to any customer having a place of primary use within this state; or
(c) Interconnected VoIP service to any customer having a place of primary use within this state; or

(14) "VoIP service provider" means any person providing interconnected voice over internet protocol (VoIP) service.

(15) "Wireless carrier" means a cellular licensee, a personal communications service licensee, and certain specialized mobile radio providers designated as covered carriers by the federal communications commission in 47 CFR 20.18 and any successor to such rule.

SECTION 3. That Section 31-4804, Idaho Code, be, and the same is hereby amended to read as follows:

31-4804. EMERGENCY COMMUNICATIONS FEE. (1) The emergency communications fee provided pursuant to the provisions of this chapter shall be a uniform amount not to exceed one dollar ($1.00) per month per access or interconnected VoIP service line, and such fee shall be used exclusively
to finance the initiation, maintenance, operation, enhancement and govern-ernance of a consolidated emergency communications system and provide for the reimbursement of telecommunications providers for implementing enhanced consolidated emergency systems as provided for in section 31-4804A, Idaho Code. All emergency communications fees collected and expended pursuant to this section shall be audited by an independent, third party auditor ordinarily retained by the governing board for auditing purposes. The purpose of the audit as related to emergency communications systems is to verify the accuracy and completeness of fees collected and costs expended.

(2) The fee shall be imposed upon and collected from customers purchasers of access lines or interconnected VoIP service lines with a service address or place of primary use within the county or 911 service area on a monthly basis by all telecommunications providers that--make available--access--lines--to--persons--within-the-county, or 911 service area, and of such services. The fee may be listed as a separate item on customers' monthly bills.

(3) The telecommunications providers shall remit such fee to the county treasurer's office or the administrator for the 911 service area based upon the 911 service area from which the fees were collected. In the event the telecommunications provider remits such fees based upon the emergency communications fee billed to the customer, a deduction shall be allowed for uncollected amounts when such amounts are treated as bad debt for financial reporting purposes.

(4) From every remittance to the governing body made on or before the date when the same becomes due, the telecommunications provider required to remit the same shall be entitled to deduct and retain one percent (1%) of the collected amount as the cost of administration for collecting the charge. Telecommunications providers will be allowed to list the surcharge as a separate item on the telephone subscriber's bill, and shall have no obligation to take any legal action to enforce the collection of any charge, nor be held liable for such uncollected amounts.

(5) Use of fees. The emergency communications fee provided hereunder shall be used only to pay for the lease, purchase or maintenance of emergency communications equipment for basic and enhanced consolidated emergency systems, including necessary computer hardware, software, database provisioning, training, salaries directly related to such systems, costs of establishing such systems, management, maintenance and operation of hardware and software applications and agreed-to reimbursement costs of telecommunications providers related to the operation of such systems. All other expenditures necessary to operate such systems and other normal and necessary safety or law enforcement functions including, but not limited to, those expenditures related to overhead, staffing, dispatching, administrative and other day to day operational expenditures, shall continue to be paid through the general funding of the respective governing boards; provided however, that any governing body using the emergency communication fee to pay the salaries of dispatchers as of March 1, 2006, may continue to do so until the beginning of such governing body's 2007 fiscal year.

SECTION 4. That Section 31-4813, Idaho Code, be, and the same is hereby amended to read as follows:
31-4813. PREPAID CALLING CARDS. The imposition of the emergency communications fee shall not apply to the prepaid calling cards for all forms of access fees. Prepaid wireline, wireless and VoIP phones with a service address or place of primary use within Idaho are not considered prepaid calling cards.

Approved April 2, 2007.

The department or authorized agent shall be given immediate access to such documentation upon written request.

TOTAL: $85,240,200

SECTION 4. It is legislative intent that public school employee benefits paid by the state, pursuant to Section 33-1004F, Idaho Code, be paid for all eligible employees that a school district or public charter school actually employs with its salary-based apportionment allotment, regardless of whether such employees are categorized as administrative, instructional or classified staff.

SECTION 5. That Section 33-1004E, Idaho Code, be, and the same is hereby amended to read as follows:

33-1004E. DISTRICT’S SALARY-BASED APPORTIONMENT. Each district shall be entitled to a salary-based apportionment calculated as provided in this section.

1. To determine the apportionment for instructional staff, first determine the district average experience and education index by placing all eligible district certificated instructional employees on the statewide index provided in section 33-1004A, Idaho Code. The resulting average is the district index. Districts with an index above the state average index shall receive their actual index but not more than the state average plus .03 for the 1994-95 school year, and shall receive their actual index but not more than the state average plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district instructional staff index shall be multiplied by the instructional base salary of $23,906. The amount so determined shall be multiplied by the district staff allowance for instructional staff...
determined as provided in section 33-1004 2., Idaho Code. The instructional salary allocation shall be increased by the amount necessary for each full-time equivalent instructional staff member placed on the experience and education index to be allocated at least the minimum salary mandated by this section. Full-time instructional staff salaries shall be determined from a salary schedule developed by each district and submitted to the state department of education. No full-time instructional staff member shall be paid less than $30,000. If an instructional staff member has been certified by the national board for professional teaching standards, the staff member shall be designated as a master teacher and receive $2,000 per year for five (5) years. The instructional salary shall be increased by $2,000 for each master teacher. The resulting amount is the district's salary-based apportionment for instructional staff. For purposes of this section, teachers qualifying for the salary increase as master teacher shall be those who have been recognized as national board certified teachers as of July 1 of each year.

2. To determine the apportionment for district administrative staff, first determine the district average experience and education index by placing all eligible certificated administrative employees on the statewide index provided in section 33-1004A, Idaho Code. The resulting average is the district index. Districts with an index above the state average index shall receive their actual index but not more than the state average index plus .03 for the school year 1994-95, and shall receive their actual index but not more than the state average index plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district administrative staff index shall be multiplied by the base salary of $34,773.816. The amount so determined shall be multiplied by the district staff allowance for administrative staff determined as provided in section 33-1004 3., Idaho Code. The resulting amount is the district's salary-based apportionment for administrative staff.

3. To determine the apportionment for classified staff, multiply $19,207 by the district classified staff allowance determined as provided in section 33-1004 4., Idaho Code. The amount so determined is the district's apportionment for classified staff.

4. The district's salary-based apportionment shall be the sum of the apportionments calculated in subsections 1., 2. and 3., of this section, plus the benefit apportionment as provided in section 33-1004F, Idaho Code.

SECTION 6. That Section 33-1009, Idaho Code, be, and the same is hereby amended to read as follows:

c. all payments distributed for the current fiscal year to the several school districts,
d. the adjustment based on the actual amount of discretionary funds per support unit required by the provisions of section 33-1018, Idaho Code,
e. payments made or due for the transportation support program and the exceptional education support program. The state department of education shall apportion and direct the payment to the several school districts the moneys in the public school income fund in each year, taking into account the advance made under subsection 2. of this section, in such amounts as will provide in full for each district its support program, and not more than therefor required, and no school district shall receive less than fifty dollars ($50.00).

4. If the full amount appropriated to the public school income fund
from the general account by the legislature is not transferred to the public school income fund by the end of the fiscal year, the deficiency resulting therefrom shall either be restored or reduced through a special transfer from the general account in the first sixty (60) days of the following fiscal year, or shall be calculated in computing district levies, and any additional levy shall be certified by the state superintendent of public instruction to the board of county commissioners and added to the district's maintenance and operation levy. If the deficiency is restored or reduced by special transfer, the amount so transferred shall be in addition to the amount appropriated to be transferred in such following fiscal year, and shall be apportioned to each school district in the same amount as each would have received had the transfer been made in the year the deficiency occurred. The state department of education shall distribute to the school district the full amount of the special transfer as soon as practical after such transfer is made. In making the levy computations required by this subsection the state department of education shall take into account and consider the full amount of money received into the public school income fund from all sources for the given fiscal year. Deficits in the transfer of the appropriated amount of general account revenue to the public school income fund shall be reduced by the amount, if any, that the total amount received from other sources into the public school income fund exceeds the official estimated amount from those sources. The official estimate of receipts from other sources shall be the total amount stated by the legislature in the appropriation bill. The provisions of this subsection shall not apply to any transfers to or from the public education stabilization fund.

5. Any apportionments in any year, made to any school district, which may within the succeeding three (3) year period be found to have been in error either of computation or transmittal, may be corrected during the three (3) year period by reduction of apportionments to any school district to which over-apportionments may have been made or received, and corresponding additions to apportionments to any school district to which under-apportionments may have been made or received.

SECTION 7. That Section 33-5208, Idaho Code, be, and the same is hereby amended to read as follows:

33-5208. PUBLIC CHARTER SCHOOL FINANCIAL SUPPORT. Except as provided in subsection (8) of this section, from the state educational support program the state department of education shall make the following apportionment to each public charter school for each fiscal year based on attendance figures submitted in a manner and time as required by the department of education:

(1) Per student support. Computation of support units for each public charter school shall be calculated as if it were a separate school according to the schedules in section 33-1002(4), Idaho Code, except that public charter schools with fewer than one hundred (100) secondary ADA shall use a divisor of twelve (12) and the minimum units shall not apply, and no public charter school shall receive an increase in support units that exceeds the support units it received in the prior year by more than twenty thirty (210). Funding from the state educational support program shall be equal to the total distribution factor, plus the salary-based apportionment provided in chapter 10, title 33, Idaho Code.
Provided however, any public charter school that is formed by the conversion of an existing traditional public school shall be assigned divisors, pursuant to section 33-1002, Idaho Code, that are no lower than the divisors of the school district in which the traditional public school is located, for each category of pupils listed.

(2) Special education. For each student enrolled in the public charter school who is entitled to special education services, the state and federal funds from the exceptional child education program for that student that would have been apportioned for that student to the school district in which the public charter school is located.

(3) Alternative school support. Public charter schools may qualify under the provisions of sections 33-1002 and 33-1002C, Idaho Code, provided the public charter school meets the necessary statutory requirements, and students qualify for attendance at an alternative school as provided by rule of the state board of education.

(4) Transportation support. Support shall be paid to the public charter school as provided in chapter 15, title 33, Idaho Code, and section 33-1006, Idaho Code. Each public charter school shall furnish the department with an enrollment count as of the first Friday in November, of public charter school students living more than one and one-half (1 1/2) miles from the school. For charter schools in the initial year of operation, the petition shall include a proposal for transportation services with an estimated first year cost. The state department of education is authorized to include in the annual appropriation to the charter school eighty percent (80%) of the estimated transportation cost. The final appropriation payment in July shall reflect eighty-five percent (85%) of the actual cost.

(5) Payment schedule. The state department of education is authorized to make an advance payment of twenty-five percent (25%) of a public charter school's estimated annual apportionment for its first year of operation, and each year thereafter, provided the public charter school has an increase of student population in any given year of twenty (20) students or more, to assist the school with initial start-up costs or payroll obligations.

(a) For a state public charter school to receive the advance payment, the school shall submit its anticipated fall membership for each grade level to the state department of education by June 1.

(b) Using the figures provided by the public charter school, the state department of education shall determine an estimated annual apportionment from which the amount of the advance payment shall be calculated. Advance payment shall be made to the school on or after July 1 but no later than July 31.

(c) All subsequent payments, taking into account the one-time advance payment made for the first year of operation, shall be made to the public charter school in the same manner as other traditional public schools in accordance with the provisions of section 33-1009, Idaho Code.

A public charter school shall comply with all applicable fiscal requirements of law, except that the following provisions shall not be applicable to public charter schools: section 33-1003B, Idaho Code, relating to guaranteed minimum support; that portion of section 33-1004, Idaho Code, relating to reduction of the administrative and instructional staff allowance when there is a discrepancy between the number allowed and the
number actually employed; and section 33-1004E, Idaho Code, for calculation of district staff indices.

(6) Nothing in this chapter shall be construed to prohibit any private person or organization from providing funding or other financial assistance to the establishment or operation of a public charter school.

(7) Nothing in this chapter shall prevent a public charter school from applying for federal grant moneys.

(8) (a) For the period July 1, 2003, through June 30, 2005, all public virtual schools shall be assigned divisors, pursuant to section 33-1002, Idaho Code, that are no higher than the median divisor shown for each respective category of pupils, among the possible divisors listed, for each respective category of pupils that contains more than one (1) divisor. If there is an even number of possible divisors listed for a particular category of pupils, then the lesser of the two (2) median divisors shall be used. For the period July 1, 2005, through June 30, 2007, all public virtual schools shall be assigned divisors, pursuant to section 33-1002, Idaho Code, that are no higher than the second highest divisor shown, among the possible divisors listed, for each respective category of pupils that contains more than one (1) divisor. The divisor provisions contained herein shall only be applicable to the number of pupils in average daily attendance in such public virtual schools for the period July 1, 2003, through June 30, 2004. If the number of pupils in average daily attendance in any particular category of pupils increases, during the period July 1, 2004, through June 30, 2005, to a number above that which existed in the prior fiscal year, then those additional pupils in average daily attendance shall be assigned the divisor, pursuant to section 33-1002, Idaho Code, that would have otherwise been assigned to the school district or public charter school had this section not been in force.

(b) Each student in attendance at a public virtual school shall be funded based upon either the actual hours of attendance in the public virtual school on a flexible schedule, or the percentage of coursework completed, whichever is more advantageous to the school, up to the maximum of one (1) full-time equivalent student.

(c) All federal educational funds shall be administered and distributed to public charter schools, including public virtual schools, that have been designated by the state board of education as a local education agency (LEA), as provided in section 33-5203(7), Idaho Code.

(9) Nothing in this section prohibits separate face-to-face learning activities or services.

Approved April 2, 2007.

33-1004E. DISTRICT'S SALARY-BASED APPORTIONMENT. Each district shall be entitled to a salary-based apportionment calculated as provided in this section.

1. To determine the apportionment for instructional staff, first determine the district average experience and education index by placing all eligible district certificated instructional employees on the statewide index provided in section 33-1004A, Idaho Code. The resulting average is the district index. Districts with an index above the state average index shall receive their actual index but not more than the state average plus .03 for the 1994-95 school year, and shall receive their actual index but not more than the state average plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district instructional staff index shall be multiplied by the instructional base salary of $39,906.24. The amount so determined shall be multiplied by the district staff allowance for instructional staff determined as provided in section 33-1004 2., Idaho Code. The instructional salary allocation shall be increased by the amount necessary for each full-time equivalent instructional staff member placed on the experience and education index to be allocated at least the minimum salary mandated by this section. Full-time instructional staff salaries shall be determined from a salary schedule developed by each district and submitted to the state department of education. No full-time
instructional staff member shall be paid less than $30,000. If an instructional staff member has been certified by the national board for professional teaching standards, the staff member shall be designated as a master teacher and receive $2,000 per year for five (5) years. The instructional salary shall be increased by $2,000 for each master teacher. The resulting amount is the district's salary-based apportionment for instructional staff. For purposes of this section, teachers qualifying for the salary increase as master teacher shall be those who have been recognized as national board certified teachers as of July 1 of each year.

2. To determine the apportionment for district administrative staff, first determine the district average experience and education index by placing all eligible certificated administrative employees on the statewide index provided in section 33-1004A, Idaho Code. The resulting average is the district index. Districts with an index above the state average index shall receive their actual index but not more than the state average index plus .03 for the school year 1994-95, and shall receive their actual index but not more than the state average index plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district administrative staff index shall be multiplied by the base salary of $34,773. The amount so determined shall be multiplied by the district staff allowance for administrative staff determined as provided in section 33-1004 3., Idaho Code. The resulting amount is the district's salary-based apportionment for administrative staff.

3. To determine the apportionment for classified staff, multiply $19,207 by the district classified staff allowance determined as provided in section 33-1004 4., Idaho Code. The amount so determined is the district's apportionment for classified staff.

4. The district's salary-based apportionment shall be the sum of the apportionments calculated in subsections 1., 2. and 3., of this section, plus the benefit apportionment as provided in section 33-1004F, Idaho Code.

Approved April 2, 2007.

SECTION 4. Of the moneys appropriated in Section 3 of this act, $9,800,000 shall be expended by the Superintendent of Public Instruction as follows:

(1) The Idaho Council for Technology in Learning shall distribute $4,050,000 for ongoing school district technology expenditures, through the Public School Technology Grant Program, pursuant to Section 33-4806, Idaho Code. Such expenditures may include the personnel costs associated with school district information technology staff support. Of this amount, up to $160,000 may be expended by the Superintendent of Public Instruction for staff support and various expenses related to the Idaho Council for Technology in Learning, as approved by the State Board of Education;

(2) The Superintendent of Public Instruction shall transfer $650,000 to the Library Services Improvement Fund for ongoing costs associated with the State Library's "Libraries Linking Idaho" (LiLI) projects;
(3) The Superintendent of Public Instruction shall distribute $5,100,000 to school districts in a like manner as equalized, ongoing state discretionary funds, with seventy-five percent (75%) of such funds being distributed by August 31, and twenty-five percent (25%) of such funds in the final payment of the fiscal year. Such funds shall be expended for the purchase of technology equipment and software.

SECTION 5. Of the moneys appropriated in Section 3 of this act, the Superintendent of Public Instruction shall distribute $3,017,000 to school districts, allocated according to the same proportions as the moneys distributed in fiscal year 2006, pursuant to Section 63-3638(10), Idaho Code, for the replacement of school maintenance and operations levy funds.

SECTION 6. Of the moneys appropriated in Section 3 of this act, $9,950,000 shall be distributed for the purchase of instructional software and textbooks, whether physical or electronic. In order to be eligible to receive such funds, the school district or public charter school shall expand at least one dollar ($1.00) in discretionary funds on such purchases for every three dollars ($3.00) in funds provided by this section. The Superintendent of Public Instruction shall determine the formulas and methodologies by which such funds are distributed, within the framework of an average daily attendance (ADA) based distribution.

SECTION 7. Of the moneys appropriated in Section 3 of this act, up to $100,000 may be expended by the Superintendent of Public Instruction to conduct a study and develop plans that address the challenges of rural schools including, but not limited to, the issues of declining enrollment, inefficiencies in administration and service delivery, and recruitment of qualified teachers.

SECTION 8. Pursuant to the provisions of Section 33-1018, Idaho Code, it is estimated that the appropriation of state funds to the Educational Support Program/Division of Operations will result in total discretionary funds of $25,442 per support unit. The Legislature recognizes that this figure does not reflect additional discretionary funds that will be made available through interest earnings at the local level as a result of this appropriation and the state's replacement of maintenance and operations levy funds. On a statewide basis, the maintenance and operations levy replacement will result in approximately $4.2 million in additional interest earnings, while the amendment of Section 33-1009, Idaho Code, will result in approximately $6.75 million in additional interest earnings, for a total of $10.95 million. This represents an additional 3.1% increase in the amount of discretionary funds per support unit that will actually be available at the local level.

In addition, this appropriation provides $20.13 million in new line item funding for classroom supplies, textbooks and remedial education. For school districts and public charter schools that currently expend discretionary funds for these items, which were not previously funded by the state, those moneys may now be freed up for other uses. In cases where the new state funds fully supplant existing local discretionary efforts, this will result in an additional 5.8% increase in the amount
of discretionary funds per support unit that will actually be available at the local level, for a total increase of 8.9%, when added to the additional interest earnings.

It is the intent of the Legislature that the Superintendent of Public Instruction and the Legislature understand the uses of and demands for discretionary funds. Inasmuch as significant discretionary funds were previously used for classroom supplies, textbooks and remediation, school districts and public charter schools are hereby requested to report to the Superintendent of Public Instruction the actual uses of discretionary funds for fiscal year 2007, and the budgeted uses for fiscal year 2008.

SECTION 9. That Section 33-1004E, Idaho Code, be, and the same is hereby amended to read as follows:

33-1004E. DISTRICT'S SALARY-BASED APPORTIONMENT. Each district shall be entitled to a salary-based apportionment calculated as provided in this section.

1. To determine the apportionment for instructional staff, first determine the district average experience and education index by placing all eligible district certificated instructional employees on the statewide index provided in section 33-1004A, Idaho Code. The resulting average is the district index. Districts with an index above the state average index shall receive their actual index but not more than the state average plus .03 for the 1994-95 school year, and shall receive their actual index but not more than the state average plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district instructional staff index shall be multiplied by the instructional base salary of $23,906. The amount so determined shall be multiplied by the district staff allowance for instructional staff determined as provided in section 33-1004 2., Idaho Code. The instructional salary allocation shall be increased by the amount necessary for each full-time equivalent instructional staff member placed on the experience and education index to be allocated at least the minimum salary mandated by this section. Full-time instructional staff salaries shall be determined from a salary schedule developed by each district and submitted to the state department of education. No full-time instructional staff member shall be paid less than $30,000. If an instructional staff member has been certified by the national board for professional teaching standards, the staff member shall be designated as a master teacher and receive $2,000 per year for five (5) years. The instructional salary shall be increased by $2,000 for each master teacher. The resulting amount is the district's salary-based apportionment for instructional staff. For purposes of this section, teachers qualifying for the salary increase as master teacher shall be those who have been recognized as national board certified teachers as of July 1 of each year.

2. To determine the apportionment for district administrative staff, first determine the district average experience and education index by placing all eligible certificated administrative employees on the statewide index provided in section 33-1004A, Idaho Code. The resulting average is the district index. Districts with an index above the state average index shall receive their actual index but not more than the state average index plus .03 for the school year 1994-95, and shall receive their actual index but not more than the state average index
plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district administrative staff index shall be multiplied by the base salary of $34,773. The amount so determined shall be multiplied by the district staff allowance for administrative staff determined as provided in section 33-1004 3., Idaho Code. The resulting amount is the district's salary-based apportionment for administrative staff.

3. To determine the apportionment for classified staff, multiply $19,297 by the district classified staff allowance determined as provided in section 33-1004 4., Idaho Code. The amount so determined is the district's apportionment for classified staff.

4. The district's salary-based apportionment shall be the sum of the apportionments calculated in subsections 1., 2. and 3., of this section, plus the benefit apportionment as provided in section 33-1004F, Idaho Code.

SECTION 10. That Section 33-1006, Idaho Code, be, and the same is hereby amended to read as follows:

33-1006. TRANSPORTATION SUPPORT PROGRAM. (1) The state board of education shall determine what costs of transporting pupils, including maintenance, operation and depreciation of basic vehicles, insurance, payments under contract with other public transportation providers whose vehicles used to transport pupils comply with federal transit administration regulations, "bus testing," 49 C.F.R. part 665, and any revision thereto, as provided in subsection (4)(d) of this section, or other state department of education approved private transportation providers, salaries of drivers, and any other costs, shall be allowable in computing the transportation support program of school districts.

(2) Any costs associated with the addition of vehicle features that are not part of the basic vehicle shall not be allowable in computing the transportation support program of school districts. A basic vehicle is hereby defined as the cost of the vehicle without optional features, plus the addition of essential safety features and features necessary for the transportation of pupils with disabilities.

(3) Each school district shall maintain records and make reports as are required for the purposes of this section.

(4) The transportation support program of a school district shall be based upon the allowable costs of:

(a) Transporting public school pupils one and one-half (1 1/2) miles or more to school;
(b) Transporting pupils less than one and one-half (1 1/2) miles as provided in section 33-1501, Idaho Code, when approved by the state board of education;
(c) The costs of payments when transportation is not furnished, as provided in section 33-1503, Idaho Code;
(d) The transportation program for grades six (6) through twelve (12), upon the costs of payments pursuant to a contract with other public or private transportation providers entered into as provided in section 33-1510, Idaho Code, if the school district establishes that the reimbursable costs of transportation under the contract are equal to or less than the costs for school buses;
(e) The costs of providing transportation to and from approved school activities as may be approved by rules of the state board of education;

(f) The employer's share of contributions to the public employee retirement system and to social security.

(5) The state's share of the transportation support program shall be eighty-five percent (85%) of reimbursable transportation costs of the district incurred during the immediately preceding state fiscal year, provided the reimbursable costs do not exceed one hundred three percent (103%) of the statewide average reimbursable cost per mile or the state average reimbursable cost per student rider, whichever is more advantageous to the school district. If a school district's costs exceed the one hundred three percent (103%) limit when computed by the more advantageous of the two (2) methods, that school district shall be reimbursed at eighty-five percent (85%) of the maximum limit for whichever method is more favorable to the school district. A school district may appeal the application of the one hundred three percent (103%) limit on reimbursable costs to the state board of education, which may establish for that district a new percentile limit for reimbursable costs compared to the statewide average, which is higher than one hundred three percent (103%). In doing so, the state board of education may set a new limit that is greater than one hundred three percent (103%), but is less than the percentile limit requested by the school district. However, the percentage increase in the one hundred three percent (103%) cap shall not exceed the percentage of the district's bus runs that qualify as a hardship bus run, pursuant to this subsection. Any costs above the new level established by the state board of education shall not be reimbursed. Such a change shall only be granted by the state board of education if the application can be justified based on uniquely difficult geographic circumstances, or extraordinary one-time circumstances outside the district's foresight and control. An application granted based on extraordinary one-time circumstances shall be effective for one (1) year-only. An application based on uniquely difficult geographic circumstances shall be reviewed by the state board of education for continued validity at least every five (5) years for hardship bus runs. To qualify as a hardship bus run, such bus run shall display uniquely difficult geographic circumstances and meet at least two (2) of the following criteria:

(a) The number of student riders per mile is less than fifty percent (50%) of the statewide average number of student riders per mile;
(b) Less than a majority of the miles on the bus run are by paved surface, concrete or asphalt, road;
(c) Over ten percent (10%) of the miles driven on the bus run are a five percent (5%) slope or greater.

The legislative audits section of the legislative services office shall review cap increases granted by the state board of education pursuant to this section, and shall include findings in the board's regular audit report for any instances in which such increases failed to meet the standards set forth in this subsection.

(6) School districts that are unable to absorb the impact of the limitation on reimbursable expenses, through either efficiencies or the utilization of fund balances, may apply to the state board of education to receive a loan of moneys, not to exceed the amount of state funds
lost through the application of the limitation on reimbursable expenses, from the public education stabilization fund. Any school district receiving such a loan shall cause its reimbursement of state transportation moneys to be reduced by a like amount in the subsequent fiscal year, and the moneys so reduced shall be deposited in the public education stabilization fund.

(7) Beginning on July 1, 2005, any eligible home-based public virtual school may claim transportation reimbursement for the prior fiscal year's cost of providing educational services to students. In order to be eligible, such a school shall have at least one (1) average daily attendance divisor, pursuant to section 33-1002, Idaho Code, that is greater than the median divisor shown for any category of pupils, among the actual divisors listed. For the purposes of paragraphs (a), (b) and (c) of this subsection (7), "education provider" means the home-based public virtual school or an entity that has legally contracted with the home-based public virtual school to supply education services. Reimbursable costs shall be limited to the costs of:

(a) Providing an internet connection service between the student and the education provider, not including the cost of telephone service;
(b) Providing electronic and computer equipment used by the student to transmit educational material between the student and the education provider;
(c) Providing a toll-free telephone service for students to communicate with the education provider;
(d) Providing education-related, face-to-face visits by representatives of the home-based public virtual school, with such reimbursements limited to the mileage costs set for state employee travel by the state board of examiners; and
(e) Any actual pupil transportation costs that would be reimbursable if claimed by a school district.

The total reimbursement for such home-based public virtual schools shall be exempt from the statewide average cost per mile limitations of this section. The state's share of reimbursable costs shall be eighty-five percent (85%), subject to the statewide cost per student rider provisions of this section. For the purposes of such home-based public virtual school, the number of student riders shall be the same as the number of pupils in average daily attendance.

In applying these tables to any given separate attendance unit, no school district shall receive less total money than it would receive if it had a lesser average daily attendance in such separate attendance unit. In applying the kindergarten table to a kindergarten program of less days than a full school year, the support unit allowance shall be in ratio to the number of days of a full school year. The tables for exceptional education and alternative school secondary support units shall be applicable only for programs approved by the state department of education following rules established by the state board of education. Moneys generated from computation of support units for alternative
schools shall be utilized for alternative school programs. School district administrative and facility costs may be included as part of the alternative school expenditures.

(5) State Distribution Factor per Support Unit. Divide educational support program distribution funds, after subtracting the amounts necessary to pay the obligations specified in subsection (2) of this section, by the total state support units to secure the state distribution factor per support unit.

(6) District Support Units. The number of support units for each school district in the state shall be determined as follows:

(a) (i) Divide the actual average daily attendance, excluding students approved for inclusion in the exceptional child educational program, for the administrative schools and each of the separate schools and attendance units by the appropriate divisor from the tables of support units in this section, then add the quotients to obtain the district's support units allowance for regular students, kindergarten through grade 12 including alternative school secondary students. Calculations in application of this subsection shall be carried out to the nearest tenth.

(ii) Divide the combined totals of the average daily attendance of all preschool, handicapped, kindergarten, elementary, secondary and juvenile detention center students approved for inclusion in the exceptional child program of the district by the appropriate divisor from the table for computation of exceptional education support units to obtain the number of support units allowed for the district's approved exceptional child program. Calculations for this subsection shall be carried out to the nearest tenth when more than one (1) unit is allowed.

(iii) The total number of support units of the district shall be the sum of the total support units for regular students, subsection (6)(a)(i) of this section, and the support units allowance for the approved exceptional child program, subsection (6)(a)(ii) of this section.

(b) Total District Allowance Educational Program. Multiply the district's total number of support units, carried out to the nearest tenth, by the state distribution factor per support unit and to this product add the approved amount of programs of the district provided in subsection (2) of this section to secure the district's total allowance for the educational support program.

(c) District Share. The district's share of state apportionment is the amount of the total district allowance, subsection (6)(b) of this section.

(d) Adjustment of District Share. The contract salary of every non-certificated teacher shall be subtracted from the district's share as calculated from the provisions of subsection (6)(c) of this section.

(7) Property Tax Computation Ratio. In order to receive state funds pursuant to this section a charter district shall utilize a school maintenance and operation property tax computation ratio for the purpose of calculating its maintenance and operation levy, that is no greater than that which it utilized in tax year 1994, less four-tenths of one percent (.4%). As used herein, the term "property tax computation ratio" shall
mean a ratio determined by dividing the district's certified property tax maintenance and operation budget by the actual or adjusted market value for assessment purposes as such values existed on December 31, 1993. Such maintenance and operation levy shall be based on the property tax computation ratio multiplied by the actual or adjusted market value for assessment purposes as such values existed on December 31 of the prior calendar year.

SECTION 12. That Chapter 10, Title 33, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 33-1020, Idaho Code, and to read as follows:

33-1020. IDAHO DIGITAL LEARNING ACADEMY FUNDING. Of the moneys appropriated for the educational support program, an amount shall be distributed to support the Idaho digital learning academy, created pursuant to chapter 55, title 33, Idaho Code. For the purposes of this section, an "enrollment" shall be counted each time an Idaho school age child enrolls in an Idaho digital learning academy class. A single child enrolled in multiple classes shall count as multiple enrollments. Summer enrollments shall be included in the fiscal year that begins that summer. The amount distributed shall be calculated as follows:

1. A fixed base amount shall be distributed, equal to the current fiscal year's statewide average salary-based apportionment funding per midterm support unit, multiplied by seven (7).
2. A variable base amount shall be distributed each time the number of enrollments meets or exceeds an increment of five thousand (5,000). The amount so distributed shall be equal to the number of such increments, multiplied by the current fiscal year's statewide average salary-based apportionment funding per midterm support unit, multiplied by four and thirty-three hundredths (4.33).
3. A variable amount shall be distributed, equal to the number of enrollments multiplied by the current fiscal year's statewide average salary-based apportionment funding per midterm support unit, divided by one hundred forty-three (143).

The state department of education shall make an estimated distribution of funds to the Idaho digital learning academy by no later than July 31 of each fiscal year, consisting of eighty percent (80%) of the estimated funding for the fiscal year. The balance of all remaining funds to be distributed, pursuant to the calculations in this section, shall be distributed by no later than May 15 of the same fiscal year.

SECTION 13. That Section 33-5508, Idaho Code, be, and the same is hereby amended to read as follows:

33-5508. FUNDING. (1) Funding for the infrastructure of the program shall be provided from an annual budget request to the legislature from the superintendent of public instruction pursuant to section 33-1020, Idaho Code. The superintendent shall disburse the funds to the Idaho digital learning academy board of directors who shall use the moneys to develop courses and maintain operations of the academy.

(2) Additional funding for course offerings through the Idaho digital learning academy shall be added to the Idaho digital learning academy budget by charging fees to the school districts for student participation. These fees shall be established annually by the Idaho digital...
learning academy board of directors and shall reflect the various types of course offerings available. Fees for summer school and professional development offerings to students and adults shall also be established by the Idaho digital learning academy board of directors.

SECTION 14. The Idaho Digital Learning Academy (IDLA), created pursuant to Chapter 55, Title 33, Idaho Code, shall utilize state funds to achieve the following:

1. No increase in tuition charged by IDLA to Idaho students.
2. Provide remedial coursework for students failing to achieve proficiency in one (1) or more areas of the Idaho Standards Achievement Test.
3. Pursuant to State Board of Education rule, IDAPA 08.02.03.106, provide advanced learning opportunities for students.
4. Pursuant to State Board of Education rule, IDAPA 08.02.03.106, work with institutions of higher education to provide dual credit coursework.

The preceding list shall not be construed as excluding other instruction and training that may be provided by the Idaho Digital Learning Academy.

SECTION 15. The State Department of Education is hereby granted the authority to transfer funds between the five (5) divisions of the Educational Support Program budget, in any amount necessary, to comply with the public school funding provisions of appropriations and the Idaho Code.

Approved April 2, 2007.

CHAPTER 354
(S.B. No. 1238)

AN ACT
RELATING TO THE APPROPRIATION FOR THE PUBLIC SCHOOLS DIVISION OF FACILITIES; APPROPRIATING FUNDS TO THE EDUCATIONAL SUPPORT PROGRAM/DIVISION OF FACILITIES FOR FISCAL YEAR 2008; TRANSFERRING AND APPROPRIATING CERTAIN FUNDS TO THE BOND LEVY EQUALIZATION FUND; LIMITING THE AMOUNT OF CIGARETTE AND TOBACCO PRODUCTS TAX REVENUE DEPOSITED IN THE GENERAL FUND FOR BOND LEVY EQUALIZATION; DIRECTING THAT UP TO $150,000 MAY BE EXPENDED FOR A SCHOOL SAFETY AND SECURITY STUDY; AMENDING SECTION 33-906, IDAHO CODE, TO ALLOW FOR REFINANCING BONDS TO QUALIFY FOR BOND LEVY EQUALIZATION FUNDS UNDER CERTAIN CIRCUMSTANCES; AND AMENDING SECTION 33-1019, IDAHO CODE, TO INCREASE THE MULTIPLIER FOR THE REPLACEMENT VALUE OF SCHOOL BUILDINGS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. There is hereby appropriated to the Educational Support Program/Division of Facilities, pursuant to law and the provisions of this act, the following amounts to be expended from the listed funds for the period July 1, 2007, through June 30, 2008:
SECTION 2. Of the General Fund moneys appropriated in Section 1 of this act, the amount necessary to fund the provisions of Section 33-906, Idaho Code, is hereby transferred and appropriated from the General Fund to the Bond Levy Equalization Fund.

SECTION 3. The provisions of subsection (4) of Section 63-2520, Idaho Code, notwithstanding, the amount of revenue distributed to the General Fund, pursuant to subsection (4) of Section 63-2520, Idaho Code, shall not exceed $6,535,000 for the period July 1, 2007, through June 30, 2008.

SECTION 4. Of the General Fund moneys appropriated in Section 1 of this act, up to $150,000 may be expended by the Superintendent of Public Instruction to conduct a study and develop plans that address the issue of school safety and security. Such plans shall include, but not be limited to, compiling an inventory of security features currently in place in Idaho public schools, the development of security standards for future school buildings built in Idaho, and the development of cost-effective measures for improving school security in existing buildings.

SECTION 5. That Section 33-906, Idaho Code, be, and the same is hereby amended to read as follows:

33-906. BOND LEVY EQUALIZATION SUPPORT PROGRAM. (1) Pursuant to section 33-906B, Idaho Code, school districts with a value index below one (1) shall be eligible to receive additional state financial assistance for the cost of annual bond interest and redemption payments made on bonds passed on or after September 15, 2002. However, any school district with a value index of less than one and one-half (1.5), shall receive no less than ten percent (10%) of the interest cost portion of the annual bond interest and redemption payment for bonds passed on or after September 15, 2002. The state department of education shall disburse such funds to school districts from moneys appropriated from the bond levy equalization fund. The department shall disburse the funds by no later than September 1 of each year for school districts in which voters have approved the issuance of qualifying bonds by no later than January 1 of that calendar year, and which are certifying a qualifying bond interest and redemption payment for the fiscal year in which the disbursement is made. For districts with a value index below one (1), the percentage of each annual bond interest and redemption payment that is paid by the state shall be determined by dividing the difference between one (1) and the school district's value index by one (1).

(2) For the purposes of this section, the annual bond interest and redemption payment shall be determined by dividing the total payment amounts by the number of fiscal years in which payments are to be made. The interest cost portion of the annual bond interest and redemption payment shall be determined by dividing the total interest paid by the number of fiscal years in which payments are to be made. For school districts not qualifying for a state payment in the first year of the bond
interest and redemption payment schedule, due solely to the January 1 eligibility deadline, the state department of education shall distribute an additional payment in the next fiscal year, in the amount of such funds that the school district would have otherwise qualified for in the current fiscal year.

(3) The provisions of this section may not be utilized to refinance existing debt or subsidize projects previously subsidized by state grants, unless the existing debt being refinanced is a bond passed on or after September 15, 2002; provided however, that any school district that has issued qualifying bonds prior to June 30, 2004, in conformance with this section shall not be deemed to be refinancing existing debt when the qualifying bonds are utilized to finance the acquisition of public school facilities previously leased or financed through means other than the issuance of general obligation bonds approved by a two-thirds (2/3) vote at an election called for that purpose subject to sub-section (5) of this section.

(4) School districts shall annually report the status of all qualifying bonds to the state department of education by January 1 of each year, including bonds approved by the voters, but not yet issued. Information submitted shall include the following:

(a) The actual or estimated bond interest and redemption payment schedule;
(b) Any qualifying bond that has been paid off;
(c) Other information as may be required by the state department of education.

(5) No school district eligible for participation in the bond levy equalization support program shall be deemed ineligible for participation due to that school district's eligibility and prior participation in the safe school facilities loan and grant program or the Idaho safe schools facilities program under section 33-804A, 33-1017 or 33-1613, Idaho Code, provided that:

CHAPTER 359
(H.B. No. 330)

AN ACT
RELATING TO APPROPRIATIONS FOR STATE GOVERNMENT; STATING FINDINGS OF THE LEGISLATURE REGARDING ECONOMIC ISSUES; STATING FINDINGS OF THE LEGISLATURE REGARDING CORRECTIONAL ISSUES; STATING FINDINGS OF THE LEGISLATURE REGARDING THE PASSAGE OF THE FEDERAL CRAIG-WYDEN BILL; DIRECTING THE TRANSFER OF MONEYS TO THE ECONOMIC RECOVERY RESERVE FUND; APPROPRIATING ADDITIONAL MONEYS TO THE DEPARTMENT OF COMMERCE; PROVIDING CONTINGENT SPENDING AUTHORITY OF THE AMOUNT APPROPRIATED TO THE DEPARTMENT OF COMMERCE; APPROPRIATING ADDITIONAL MONEYS TO THE EDUCATIONAL SUPPORT PROGRAM/DIVISION OF OPERATIONS TO REPLACE FEDERAL SECURE RURAL SCHOOLS AND COMMUNITY SELF-DETERMINATION ACT FUNDS; AND DIRECTING THE SUPERINTENDENT OF PUBLIC INSTRUCTION TO DISTRIBUTE FUNDS WHEN CERTAIN CONDITIONS ARE MET.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. It is the finding of the Legislature that it is prudent to earmark resources for immediate access to address any economic issues that may arise before the Legislature convenes in January 2008.
SECTION 2. It is the finding of the Legislature that as a result of offender population growth there is not sufficient capacity for current housing and programmatic needs of inmates without resorting to out-of-state placements. In addition, it is a recommendation of the Legislative Mental Health and Substance Abuse Interim Committee to endorse state planning for a secure mental health facility under the jurisdiction of the Board of Correction. In consideration of these circumstances the Legislature is setting aside funds that may be available in the next budget cycle for the Governor and the Legislature to address the needs of targeted correctional populations.

SECTION 3. It is the finding of the Legislature that there remains uncertainty in the reauthorization of the federal Secure Rural Schools and Community Self-Determination Act, or the Craig-Wyden bill, by the Congress of the United States. If the Craig-Wyden bill is not reauthorized, it will have a devastating effect on Idaho school districts and in this case the Legislature is prepared to mitigate the impact on Idaho's school districts for state fiscal year 2008.

SECTION 4. On July 1, 2007, or as soon thereafter as possible, the State Controller shall transfer the sum of $60,000,000 from the General Fund to the Economic Recovery Reserve Fund.

SECTION 5. In addition to any other appropriation provided by law, there is hereby appropriated $15,000,000 from the Economic Recovery Reserve Fund to the Department of Commerce for the period July 1, 2007, through December 31, 2007.

SECTION 6. Funds appropriated in Section 5 of this act shall be available contingent upon a joint request from the President Pro Tempore of the Senate, the Speaker of the House of Representatives, the Chairman of the Senate Finance Committee, and the Chairman of the House Appropriations Committee to the Governor of the State of Idaho, and upon the Governor's concurrence therein that an expenditure of funds is essential to maintain the economic stability of the state or the delivery of necessary state services.

SECTION 7. In addition to any other appropriation provided by law, and notwithstanding any other provision of law relating to the uses of the Public Education Stabilization Fund, there is hereby appropriated $3,500,000 to the Educational Support Program/Division of Operations from the Public Education Stabilization Fund to offset the loss of federal funds previously authorized under the Secure Rural Schools and Community Self-Determination Act for the period July 1, 2007, through June 30, 2008.

SECTION 8. If the Superintendent of Public Instruction determines that the federal government has reauthorized the Secure Rural Schools and Community Self-Determination Act, or substantially similar legislation, by February 10, 2008, then the appropriation made in Section 7 of this act shall be null and void, and of no further force and effect. Otherwise, the Superintendent of Public Instruction shall distribute such moneys to school districts as part of the February 15, 2008, distribution of state moneys, based on the same proportion of the total
that each school district received during state fiscal year 2007, pursuant to the Secure Rural Schools and Community Self-Determination Act. If the Superintendent of Public Instruction determines that the federal government has reauthorized the Secure Rural Schools and Community Self-Determination Act, or substantially similar legislation, after February 10, 2008, and that the first payment to school districts shall take place on or prior to July 15, 2008, then each school district shall return all state moneys distributed pursuant to this section to the Public Education Stabilization Fund, up to a maximum of the amount of federal money so received.

Law Without Signature.

72-1347A. EMPLOYMENT SECURITY RESERVE FUND — SPECIAL ADMINISTRATION FUND. (1) There is established in the state treasury a special trust fund, separate and apart from all other public funds of this state, to be known as the employment security reserve fund, hereinafter "reserve fund." Except as provided herein, all proceeds from the reserve tax defined in subsection (2) of this section shall be paid into the reserve fund. The moneys in the reserve fund may be used by the director for loans to the employment security fund, section 72-1346, Idaho Code, as security for loans from the federal unemployment insurance trust fund, and for the repayment of any interest bearing advances, including interest, made under title XII of the social security act, 42 USC 1321 through 1324, and shall be available to the director for expenditure in accordance with the provisions of this section. The state treasurer shall be the custodian of the reserve fund and shall invest said moneys in accordance with law. The state treasurer shall disburse the moneys from the reserve fund in accordance with the directions of the director.

(2) A reserve tax is imposed on all covered employers required to pay contributions pursuant to section 72-1350, Idaho Code, except deficit employers who have been assigned a taxable wage rate from deficit rate class six pursuant to section 72-1350(8)(a), Idaho Code. The reserve tax shall be due and payable at the same time and in the same manner as contributions. If the reserve fund is less than one percent (1%) of state taxable wages in the penultimate year as of September 30 of the preceding calendar year, the reserve tax rate for all eligible, standard-rated and deficit employers shall be equal to the taxable wage rate then in effect less the assigned contribution rate and training tax rate. The provisions of this chapter which apply to the payment and collection of contributions also apply to the payment and collection of the reserve tax, including the same calculations, assessments, method of payment, penalties, interest, costs, liens, injunctive relief, collection procedures and refund procedures. In the administration of the provisions of this section and the collection of the reserve tax, the director is granted all rights, authority, and prerogatives granted the director under the provisions of this chapter. Moneys collected from an employer delinquent in paying contributions and reserve taxes shall first be applied to pay any penalty and interest imposed pursuant to the provisions of this chapter and shall then be applied pro rata to pay delinquent contributions to the employment security fund, section 72-1346, Idaho Code, and delinquent reserve taxes to the reserve fund pursuant to this section. Any interest and penalties collected pursuant to this subsection shall be paid into the state employment security administrative and reimbursement fund, section 72-1348, Idaho Code, and any interest or penalties refunded under this subsection shall be paid out of that same fund. Reserve taxes paid pursuant to this subsection may not be deducted in whole or in part by any employer from the wages of individuals in its employ. All reserve taxes collected pursuant to this subsection shall be deposited in the clearing account of the
employment security fund, section 72-1346, Idaho Code, for clearance only and shall not become part of such fund. After clearance, the moneys shall be deposited in the reserve fund established in subsection (1) of this section. No reserve tax shall be imposed for any calendar year if, as of September 30 of the preceding calendar year, the balance of the reserve fund equals or exceeds one percent (1%) of the state taxable wages for the penultimate calendar year, or exceeds forty-nine percent (49%) of the actual balance of the employment security fund, section 72-1346, Idaho Code. Provided however, and notwithstanding any other provisions of this subsection, for calendar year 2006, the imposition of a reserve tax shall not be precluded even if the balance of the reserve fund exceeds forty-nine percent (49%) of the actual balance of the employment security fund.

(3) The interest earned from investment of the reserve fund shall be deposited in a fund established in the state treasurer's office, to be known as the department of commerce-and labor special administration fund, hereinafter "special administration fund." The moneys in the special administration fund shall be held separate and apart from all other public funds of this state. The state treasurer shall be the custodian of this fund and may invest said moneys in accordance with law. Any interest earned on said moneys shall be deposited in the special administration fund. In the absence of a specific appropriation, the moneys in the special administration fund are perpetually appropriated to the director and may be expended with the approval of the advisory council appointed pursuant to section 72-1336, Idaho Code, for costs related to programs administered by the department. The director shall report annually to the joint finance-appropriations committee and the advisory council the expenditures and disbursements made from the fund during the preceding fiscal year, and the expenditures and disbursements and commitments made during the current fiscal year to date.

(4) Administrative costs related to the reserve fund and the special administration fund shall be paid from federal administrative grants received under title III of the social security act, to the extent permitted by federal law, and then from the special administration fund.

The state treasurer shall be the custodian of the training fund and shall invest said moneys in accordance with law. Any interest earned on the moneys in the training fund shall be deposited in the training fund. Moneys in the training fund shall be disbursed in accordance with the directions of the director. In any month when the unencumbered balance in the training fund exceeds six million dollars ($6,000,000), the excess amount over six million dollars ($6,000,000) shall be transferred to the employment security reserve fund, section 72-1347A, Idaho Code. The moneys in the training fund shall be used for the following purposes:

The activities funded by the training fund will be coordinated with similar activities funded by the state division of professional-technical education. Expenditures from the training fund for purposes authorized in paragraphs (c) and (d) of subsection (2) of this section shall be approved by the director. The director shall pay all approved expenditures as long as the training fund has a positive balance. The council shall report annually to the governor and the joint finance-appropriations committee the commitments and expenditures made from the training fund in the preceding fiscal year and the results of the activities funded by the training fund.

(4) A training tax is hereby imposed on all covered employers required to pay contributions pursuant to section 72-1350, Idaho Code, with the exception of deficit employers who have been assigned a taxable wage rate from rate class six pursuant to section 72-1350, Idaho Code. The training tax rate shall be equal to three percent (3%) of the taxable wage rate then in effect for each eligible, standard-rated and deficit employer. The training tax shall be due and payable at the same time and in the same manner as contributions. This subsection is repealed effective January 1, 2012, unless, prior to that date, the Idaho legislature approves the continuation of this subsection by repeal of this sunset clause.

(5) The provisions of this chapter which apply to the payment and collection of contributions also apply to the payment and collection of the training tax, including the same calculations, assessments, method of payment, penalties, interest, costs, liens, injunctive relief, col-
lection procedures and refund procedures. In the administration of the provisions of this section, the director is granted all rights, authority, and prerogatives granted under the provisions of this chapter. Moneys collected from an employer delinquent in paying contributions, reserve taxes and the training tax shall first be applied to any penalty and interest imposed pursuant to the provisions of this chapter and shall then be applied pro rata to delinquent contributions to the employment security fund, section 72-1346, Idaho Code, delinquent reserve taxes to the reserve fund, section 72-1347A, Idaho Code, and delinquent training taxes to the training fund. Any interest and penalties collected pursuant to this subsection shall be paid into the state employment security administrative and reimbursement fund, section 72-1348, Idaho Code, and any interest or penalties refunded under this subsection shall be paid out of that same fund. Training taxes paid pursuant to this section shall not be credited to the employer's experience rating account and may not be deducted by any employer from the wages of individuals in its employ. All training taxes shall be deposited in the clearing account of the employment security fund, section 72-1346, Idaho Code, for clearance only and shall not become part of such fund. After clearance, the moneys shall be deposited in the training fund established in subsection (1) of this section.

AN ACT
RELATING TO HIGHWAY TRANSPORTATION PROJECTS; APPROVING BONDING AUTHORITY TO FINANCE CERTAIN HIGHWAY TRANSPORTATION PROJECTS; PROVIDING A LIST OF HIGHWAY TRANSPORTATION PROJECTS TO BE FINANCED WITH BOND PROCEEDS; LIMITING THE SCOPE OF TRANSPORTATION PROJECTS; PROVIDING A REQUIREMENT REGARDING A GARVEE PROGRAM MANAGEMENT SERVICES AGREEMENT; PROVIDING FOR ISSUANCE OF GARVEE BONDS; PROVIDING LEGISLATIVE INTENT AS TO THE IDAHO TRANSPORTATION BOARD'S PRIORITY USE OF BOND REVENUE; PROVIDING LEGISLATIVE INTENT REGARDING WORK PERFORMED BY THE IDAHO TRANSPORTATION DEPARTMENT; PROVIDING LEGISLATIVE INTENT AUTHORIZING THE IDAHO TRANSPORTATION BOARD TO ADJUST ALLOCATION OF BOND PROCEEDS; AUTHORIZING A TRANSFER OF FUNDS FOR DEBT SERVICE; PROVIDING A DATE FOR SUBMITTAL OF A REPORT TO THE LEGISLATURE; PROVIDING THAT BONDS AUTHORIZED BE ISSUED NO LATER THAN JUNE 30, 2008; PROVIDING FOR RESPONSIBILITIES OF THE IDAHO TRANSPORTATION BOARD AND PROVIDING FOR AUTHORITY OF THE IDAHO LEGISLATURE; AND AMENDING SECTION 40-315, IDAHO CODE, TO PROVIDE FOR RESPONSIBILITIES OF THE IDAHO TRANSPORTATION BOARD AND TO PROVIDE FOR AUTHORITY OF THE IDAHO LEGISLATURE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. The Idaho Legislature hereby approves bonding authority for the issuance of highway transportation (GARVEE) bonds by the Idaho Housing and Finance Association in a principal amount sufficient to finance the highway transportation projects listed in Section 2 of this act in an amount up to $250,000,000. Such bonds are expected to be paid from continuing appropriations of federal funds from the State Highway Account as provided in Section 40-707, Idaho Code.

SECTION 2. The Legislature finds that the bonding authority provided in Section 1 of this act shall be used in a manner that does not obligate future legislatures or governors for additional bonding authority. The bonding authorized in Section 1 of this act shall be used to finance the following projects and the Idaho Transportation Board shall allocate bond revenue to the projects listed with such revenue allocation falling within the range provided in this section:

</tbody>

In no event shall the Idaho Transportation Board's bond revenue allocation for the projects listed in this section exceed the bonding amount authorized in Section 1 of this act.
SECTION 3. The Idaho Transportation Board and the Idaho Transportation Department are hereby directed to not increase the scope, nor add specific projects, nor in any manner extend or enlarge the transportation projects listed in Section 2 of this act.

SECTION 4. To the extent the Idaho Transportation Board and the Idaho Transportation Department determine that GARVEE program management services are necessary, any agreement governing such services shall, to the extent possible, be fully transparent to the public and to the Legislature.

SECTION 5. The bonds issued under the authority provided in Section 1 of this act shall be issued upon an approved resolution by the Idaho Transportation Board requesting the Idaho Housing and Finance Association to issue bonds in amounts necessary to ensure that: the funds are necessary to meet program obligation requirements; the funds will be used and disbursed in accordance with United States Treasury regulations to ensure tax exempt status is retained; and the bonds are issued at prevailing market rates of interest. Further, it is the intent of the Legislature that the bonds authorized by the authority provided in Section 1 of this act be issued on an "as needed" basis as determined by the Idaho Transportation Board in an amount approximately, but not mandatorily, one-half (1/2) the total amount authorized. The purpose of this intent is to delay debt service on additional bonding until funds need to be obligated to pay for right-of-way acquisition, construction, and/or other necessary project-related costs and to avoid violation of arbitrage rules that may result from issuance of bonds too far in advance of the need to obligate for expenditure. It is also the request of the Legislature that the obligation of previously issued bonds be the signal for an additional issuance, with such issuance dependent upon advantageous market rates and costs of bonding transactions.

SECTION 6. It is legislative intent that the Idaho Transportation Board direct the use of the revenue raised from the bonding authority provided in Section 1 of this act in such a manner that revenue shall be expended in a priority fashion and that the first priority of expenditures shall be for construction, followed in order of priority by expenditures for right-of-way acquisition, followed in priority by other necessary project-related costs.

SECTION 7. Relating to the projects referenced in Section 2 of this act, it is legislative intent that, to the extent feasible and practical, the Idaho Transportation Department perform project-related work within the department itself. The goal of this directive is to preserve the expenditure of GARVEE funds for the priorities described in Section 6 of this act.

SECTION 8. It is legislative intent that the Idaho Transportation Board has the authority to adjust GARVEE bond proceeds allocated among the projects as listed in Section 2 of this act, provided that such an adjustment is necessary due to unanticipated reasons or circumstances or to accommodate federally approved alternative and innovative approaches
to the overall project development process; and provided further, that no proceeds shall be used for any projects not listed in Section 2 of this act.

SECTION 9. The Idaho Transportation Board is hereby authorized to transfer up to $7,000,000 from within the State Highway Account to the GARVEE Debt Service Fund to pay the state match as required for federal funds committed to pay the annual scheduled debt service on GARVEE bonds for fiscal year 2008.

SECTION 10. Notwithstanding any other provision of law, it is legislative intent that by September 30 of each year, the board shall submit a report to the Legislature concerning projects currently under construction using the bond financing as authorized by the provisions of this act, and shall include a list of planned highway transportation projects to be financed with such bond financing during the next succeeding fiscal year.

SECTION 11. The bonds described herein shall be issued no later than June 30, 2008.

SECTION 12. On and after July 1, 2008, all allocations of GARVEE bond proceeds shall be the sole responsibility and duty of the Idaho Transportation Board. The Legislature shall have authority to approve a total GARVEE bond amount on an annual basis. However, for fiscal year 2008 the Idaho Transportation Board is directed to allocate bond revenue only among the projects listed in Section 2, Chapter 457, Laws of 2006. In making its funding allocation for projects, the board shall take into consideration: the cost of the project and whether or not that project could be financed without bonding; whether the project is necessary to facilitate the traffic flow on vital transportation corridors; and whether the project is necessary to improve safety for the traveling public. On and after July 1, 2008, the board shall use due care in selecting projects for bonding and shall balance and coordinate the use of bonding with the use of highway construction moneys.

SECTION 13. That Section 40-315, Idaho Code, be, and the same is hereby amended to read as follows:

40-315. POWERS AND DUTIES -- FEDERALLY-FUNDED HIGHWAY PROJECT FINANCING. (1) In order to address the increasing need for timely improvements to Idaho's highway transportation infrastructure, the board may:

(a) Enter into agreements with the Idaho housing and finance association in connection with the funding of highway transportation projects qualifying for reimbursement from federal funds.

(b) Approve and recommend federal highway transportation projects to the Idaho housing and finance association for financing by the association. Such federal highway transportation projects shall be eligible for federal-aid debt financing under chapter 1, title 23, United States Code, and approval by the federal highway administration as an advanced construction (AC) project thereunder. The board shall select and designate such transportation projects to be funded with bond proceeds from the following list of eligible projects:

US-30               McCammon to Soda Springs

(c) On and after July 1, 2008, all allocations of GARVEE bond proceeds shall be the sole responsibility and duty of the Idaho transportation board. The legislature shall have authority to approve a total GARVEE bond amount on an annual basis. However, the Idaho transportation board is directed to allocate bond revenue only among the projects listed in subsection (1)(b) of this section. In making its funding allocation for projects, the board shall take into consideration: the cost of the project and whether or not that project could be financed without bonding; whether the project is necessary to facilitate the traffic flow on vital transportation corridors; and whether the project is necessary to improve safety for the traveling public. On and after July 1, 2008, the board shall use due care in selecting projects for bonding and shall balance and coordinate the use of bonding with the use of highway construction moneys. Notwithstanding the provisions of subsection (1)(b) of this section wherein eligible projects are listed for selection and designation by the board, if any of the designated projects are deemed to be ineligible by the board, the board shall have the authority to replace those projects with other projects deemed eligible by the board listed in subsection (1)(b) of this section.

(2) Prior to issuance by the Idaho housing and finance association of any bonds or notes to finance highway transportation projects, the board shall certify to the association that sufficient federal transportation funds are available to make any payments required for such bonds or notes.

(3) The board shall limit annual, total cumulative debt service and other bond-related expenses as follows:
   (a) In the 2006 legislative session for the fiscal year 2007 budget, total cumulative debt service and other bond-related expenses on federally-funded highway project financing shall be no more than twenty percent (20%) of annual federal-aid highway apportionments.
   (b) In the 2007 legislative session for the fiscal year 2008 budget, total cumulative debt service and other bond-related expenses on federally-funded highway project financing shall be no more than twenty percent (20%) of annual federal-aid highway apportionments.

(d) In the 2009 legislative session for the fiscal year 2010 budget, total cumulative debt service and other bond-related expenses on federally-funded highway project financing shall be no more than twenty percent (20%) of annual federal-aid highway apportionments.

(e) In the 2010 legislative session for the fiscal year 2011 budget, total cumulative debt service and other bond-related expenses on federally-funded highway project financing shall be no more than thirty percent (30%) of annual federal-aid highway apportionments.

(f) Beginning with the 2011 legislative session for the fiscal year 2012 budget, or for any year thereafter, the thirty percent (30%) limit may be exceeded, but only by affirmative action of both the house of representatives and the senate, and with the approval of the governor.

(4) In the event the board selects and designates to be funded with bond proceeds any of the transportation projects listed in subsection (1) of this section, and prior to entering into agreements with the Idaho housing and finance association as provided herein, the Idaho transportation department, as part of its annual budget request prepared pursuant to section 67-3502, Idaho Code, shall include a request for bonding authority as a separate item of its budget request. This request for bonding authority shall include a list of planned highway transportation projects to be financed with such bond financing during the next succeeding fiscal year.

vide a full salary to employees in certain dangerous occupations who
have been injured on the job. The legislature finds that the rights and
protections provided to peace officers and detention officers under this
chapter constitute matters of statewide concern. Since these officers
are employed in dangerous conditions, it is necessary that this chapter
be applicable to all such officers wherever situated within the state of
Idaho. In addition to the provisions of this chapter, state and local
law enforcement agencies may provide additional monetary protections for
their employees.
72-1102. SHORT TITLE. This chapter shall be known and may be cited as the "Peace Officer and Detention Officer Temporary Disability Act."

The employer shall withhold, collect and pay income tax on the salary paid to the employee as required by chapter 30, title 63, Idaho Code. Determinations and any disputes regarding entitlement to benefits under this chapter shall be decided by the industrial commission in accordance with the provisions of title 72, Idaho Code, and commission rules.
(2) During the period for which the salary for temporary incapacity shall be paid by the employer, any worker's compensation received or collected by the employee shall be remitted to the state or to the respective city or county, as applicable, and paid into the treasury thereof. In addition, the employer shall be reimbursed for any remaining amount of salary not covered by such worker's compensation by application to the peace officer and detention officer temporary disability fund, as established in section 72-1105, Idaho Code, pursuant to rules adopted by the industrial commission; provided however, that any such reimbursement from the fund shall continue only during such period as the employee qualifies for worker's compensation wage loss benefits under title 72, Idaho Code.

The treasurer shall invest all idle moneys in the fund. Any interest earned on the investment of idle moneys shall be returned to the fund.

(2) In addition to any other fine that may be imposed upon each person found guilty of criminal activity, the court shall impose a fine in the amount of three dollars ($3.00) for each conviction or finding of guilt of each felony or misdemeanor count, unless the court orders that such fine be waived only when the defendant is indigent and at the time of sentencing shows good cause for inability to pay and written findings to that effect are entered by the court.

(3) Except as otherwise provided in section 72-1025, Idaho Code, the fine imposed under this section shall have priority over all other judgments of the court, except an order to pay court costs.

A JOINT MEMORIAL

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the federal Sikes Act, as originally enacted in 1960, authorized the Secretary of Defense to develop cooperative plans for conservation and rehabilitation programs on military reservations and to establish outdoor recreation facilities; and

WHEREAS, over the course of time a number of amendments to the Act have been made by Congress and, in 1974, the Act was amended to include funding of wildlife work in cooperation with state wildlife agencies on land administered by the Bureau of Land Management; and

WHEREAS, cooperative agreements together with a comprehensive plan between state wildlife agencies and the Bureau of Land Management are basic to full implementation of the amended Sikes Act; and

WHEREAS, starting in 1975, the Region IV Supervisor of the Idaho Department of Fish and Game and the Burley, Jarbidge, and Shoshone District Managers of the Bureau of Land Management began to cooperatively develop comprehensive wildlife habitat management plans on 240 isolated tracts of public land located on the Snake River Plain; and

WHEREAS, the current Sikes Act Cooperative Wildlife Habitat - Farming Agreement was conceived in 1977 with the development of the Burley District Cassia-Twin Falls Isolated Tracts Wildlife Habitat Management Plan; and

WHEREAS, large portions of sagebrush within the region have been converted to agricultural lands and otherwise developed since 1977 and scattered tracts of public land remain to provide essential habitat for a broad array of wildlife species; and

WHEREAS, these critical isolated tracts need specific enhancements and protection to ensure their ability to provide needed wildlife habitat into the foreseeable future; and

WHEREAS, Sportsmen for Fish and Wildlife - Idaho, with cooperation from the Idaho Department of Fish and Game and the Bureau of Land Management, are requesting that Congress appropriate up to one million dol-
WHEREAS, the primary objective of that plan is to protect and enhance upland game bird habitat on 284 separate tracts of public lands comprising 33,533 acres on the Snake River Plain with appropriate spinoffs accruing to other game and nongame species; and

WHEREAS, federal appropriations will provide the money needed to improve and enhance the wildlife value on the isolated wildlife tracts in South Central Idaho for many years.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that it supports Sportsmen for Fish and Wildlife - Idaho's federal appropriation request for up to one million dollars as authorized under the Sikes Act for the South Central Idaho Isolated Wildlife Tract Cooperative Habitat Program and urges Congress to grant the appropriation request.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

(S.J.M. No. 105)

A JOINT MEMORIAL

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the state of Idaho has a strong and vibrant economic relationship with Taiwan; and

WHEREAS, the agricultural and manufacturing sectors of the Idaho economy, most notably the computer and electronic products, chemicals and machine industries, would benefit significantly if the United States entered into a free trade agreement with Taiwan; and

WHEREAS, a free trade agreement between the United States and Taiwan would substantially reduce or eliminate most import quotas, duties and other trade barriers, thereby expanding market opportunities for manufactured goods and agricultural products from Idaho and the entire United States; and

WHEREAS, the United States has completed or is in the process of negotiating free trade agreements with several countries and regions; and
WHEREAS, a free trade agreement with Taiwan is appropriate: Taiwan is already the United States' eighth largest trading partner and the sixth most important destination of United States agricultural exports; Taiwan's economy is thriving and robust; and Taiwan maintains longstanding educational and cultural ties with the United States; and

WHEREAS, Taiwan was admitted to the World Trade Organization (WTO) on January 1, 2002, and a free trade agreement between the United States and Taiwan would extend the coverage of WTO agreements to products, sectors and conditions of trade not adequately covered and it would provide a platform to address issues such as Taiwan's tariff rate on agricultural imports from the United States, which currently averages over fifteen percent; and

WHEREAS, Public Law 107-210, the Trade Act of 2002, gives the president the authority to enter into trade agreements with foreign countries whenever the president determines that one or more existing duties or other import restrictions of any foreign country or the United States are unduly burdening and restricting the foreign trade of the United States; and

WHEREAS, President George W. Bush, speaking before the historic signing of the United States-Australia Free Trade Agreement in 2004, emphasized that he supports free and open trade because "it has the power to create new wealth for whole nations and new opportunities for millions of people" and "has a record for creating jobs and raising living standards and lowering consumer prices."

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Idaho Legislature hereby commends the Republic of China (Taiwan) for its close economic and business ties with the state of Idaho and does respectfully urge and request that the President of the United States extend the benefits of free trade by directing the United States Trade Representative to negotiate a free trade agreement between the United States and Taiwan.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the United States Trade Representative, the President of the Senate, the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

Adopted by the Senate February 28, 2007
Adopted by the House March 14, 2007

(S.J.M. No. 106)

A JOINT MEMORIAL

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, bipartisan legislation sponsored by U.S. Senators Larry Craig and Ron Wyden has financially assisted counties with large tracts of federal timberland within the county boundaries; and

WHEREAS, the Craig-Wyden bill set annual payments to counties with large tracts of federal timberland, providing crucial funding for schools and roads and providing millions of dollars for a variety of natural resource conservation projects from weed control to bridge replacements, from thinning forests to trail building; and

WHEREAS, the Craig-Wyden bill's reauthorization is necessary to help rural counties with timberlands plan and maintain their transportation infrastructure; and

WHEREAS, certain counties of Idaho are hamstrung in their ability to collect property taxes by a supermajority of federal land ownership within their boundaries; and

WHEREAS, if the Craig-Wyden bill is not reauthorized, it will have little effect on the federal budget but could devastate timber counties and towns in the Northwest and Idaho; and

WHEREAS, more than fifty percent of the Idaho Panhandle is owned by the federal government and counties cannot collect property tax on federal lands to support schools and to build and maintain roads; and

WHEREAS, it is crucial in tight economic times that the U.S. government meet its obligation to the counties;

WHEREAS, in some counties the reauthorization of the Craig-Wyden bill means the difference between $22,000 and $1,080,000 in support for schools and roads; and

WHEREAS, in other counties, failure to reauthorize the Craig-Wyden bill means the per capita loss of $235 in support.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we support reauthorization of the "Secure Rural Schools and Community Self-Determination Act" or the enactment of its equitable equivalent by the Congress of the United States and we request the President of the United States to support this effort.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, George W. Bush, the Secretary of the Department of Agriculture, the Secretary of the Department of the Interior, the Secretary of the federal Department of Education, the Chief of the United States Forest Service, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

TO THE PRESIDENT OF THE UNITED STATES, TO THE SECRETARY OF THE UNITED STATES DEPARTMENT OF ENERGY, TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, it is in the best interests of Idaho individually and the United States as a whole to embrace an energy policy that encompasses a diverse array of sources so as to avoid economic dislocations associated with undue reliance on any single domestic or foreign energy source, while also accommodating carbon management concerns; and

WHEREAS, it is the formal policy of the United States of America, as delineated in the Energy Policy Act of 2005, to include nuclear power in the nation's diverse energy portfolio; and

WHEREAS, much of the developing world has already begun an ambitious effort to expand the use of noncarbon emitting nuclear power to supply its rapidly escalating demand for reliable baseload electricity; and

WHEREAS, the President of the United States and the United States Department of Energy (DOE) have determined that this country's national interests are best served by creating an orderly international framework and technology basis to guide the accelerating global expansion of nuclear energy; and

WHEREAS, this new framework is embodied in the Global Nuclear Energy Partnership (GNEP), which seeks to establish an international approach to extend the benefits of abundant nuclear-generated electricity to both the developed and developing worlds, get the most energy possible from one of nature's most energy-dense power sources, create a final waste form requiring management attention for a more limited amount of time, and greatly decrease the potential for misuse of used nuclear fuel; and

WHEREAS, the United States DOE has asked communities and states to help identify possible sites wherein the enabling technologies behind the full realization of GNEP can be thoroughly examined and proven; and

WHEREAS, community leaders in eastern Idaho have come together to identify sites in response to the DOE's request for help, realizing no other state in the nation has the proud nuclear legacy of Idaho, where usable electricity from the atom was first generated, breeder technology was first proven, lifesaving medical and industrial isotopes can and have been produced and fifty-two remarkable nuclear reactors were designed and built; and

WHEREAS, the long-standing partnership between Idaho and the federal government has resulted in countless improvements in the design and safety performance of both commercial and military nuclear power systems, as well as the cost-effective and DOE-complex leading performance of environmental cleanup activities as prescribed by a detailed, yet accommodative 1995 agreement that ensures our state's environment is protected now and would continue to be protected with any future projects.
NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that Idaho supports the goals of the Global Nuclear Energy Partnership and encourages this administration, the United States Congress and the Department of Energy to commit and provide the funding necessary to complete the Global Nuclear Energy Partnership initiative which is critical to the long-term well-being of the United States and to concur that Idaho is the most suitable and preferred site for the Global Nuclear Energy Partnership and other advanced nuclear and energy security research.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the Secretary of the United States Department of Energy, to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

TO SECRETARY OF HEALTH AND HUMAN SERVICES MIKE LEAVITT, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the Medicare Prescription Drug, Improvement and Modernization Act of 2003 (MMA) was designed to deliver a federal pharmacy benefit to Medicare beneficiaries. It was also designed to ease state Medicaid programs of their responsibilities for providing pharmacy benefits to those dually eligible for both the Medicare and Medicaid programs; and

WHEREAS, although the clear congressional intent was to ease the fiscal burden on states, the Phased-Down State Contribution, also known as the "clawback," will actually cause the state of Idaho to expend more money in Medicaid than it would have in the absence of the MMA; and

WHEREAS, while the federal formula used calendar year 2003 as the base year and applies an annual national inflation in the costs of the Phased-Down State Contribution, it fails to account for Idaho's current and future efforts to curtail prescription drug costs; and

WHEREAS, the state of Idaho has, since the base year of 2003, engaged in multiple efforts to curtail spending on Medicaid prescription drug costs, including enhancements to the state Medicaid Allowable Cost program, initiation of a supplemental federal rebate program, participation in a multistate purchasing pool, The Optimal Preferred Drug List or "TOPS," and implementation of a Mental Health Pharmacy Management Initiative to improve prescribing practices of Idaho Medicaid providers prescribing mental health drugs; and

WHEREAS, during the base calendar year of 2003, Idaho's rebate percentage was 21% and is used in the base of the Phased-Down State Contribution calculation, the actual rebate percentages in state fiscal years 2005 and 2006 were 27.07% and 32.59%, respectively. This gain in efficiency, which represents a reduction in net cost, is not accounted for in the Phased-Down State Contribution calculation.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-ninth Idaho Legislature, the House of Representa-
tives and the Senate concurring therein, that the Legislature of the State of Idaho respectfully requests the Secretary of Health and Human Services to amend, if not eliminate, the Phased-Down State Contribution since it has created an additional fiscal burden upon the state of Idaho.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to Secretary of Health and Human Services Mike Leavitt, and the congressional delegation representing the State of Idaho in the Congress of the United States.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, direct and unobstructed participation in international health cooperation forums and programs is crucial for all parts of the world, especially with today's greater potential for the cross-border spread of various infectious diseases such as AIDS; and

WHEREAS, Taiwan's achievements in the field of health care are substantial, including life expectancy levels that are some of the highest in Asia, maternal and infant mortality rates that are comparable to those of western countries, free hepatitis B vaccinations for children and the eradication of polio, cholera, smallpox and the plague; and

WHEREAS, the Centers for Disease Control and Prevention and its Taiwanese counterpart have enjoyed close collaboration on a wide range of public health issues; and

WHEREAS, in recent years Taiwan has expressed a willingness to give financial and technical assistance to the international aid and health activities supported by the World Health Organization; and

WHEREAS, Taiwan's population of twenty-three million is larger than that of seventy-five percent of World Health Organization member states; and

WHEREAS, the United States, in its 1994 Taiwan Policy Review, declared its intention to support Taiwan's participation in appropriate international organizations; and

WHEREAS, Taiwan's participation in the World Health Organization could bring many benefits to the state of health care, not only in Taiwan, but also regionally and globally.
NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we support the participation by Taiwan in a meaningful and appropriate way in the World Health Organization.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, to the President of the Senate and the Speaker of the House of Representatives of Congress, to the congressional delegation representing the State of Idaho in the Congress of the United States, to the Director-General of the World Health Organization and to the representative of the Taipei Economic and Cultural Representative Office in the United States.

A JOINT MEMORIAL

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the state of Idaho recognizes the Constitution of the United States as our charter of liberty and the Bill of Rights as affirming the fundamental and inalienable rights of Americans, including freedom of privacy and freedom from unreasonable searches; and

WHEREAS, Idaho has a diverse population whose contributions are vital to the state's economy, culture and civic character; and

WHEREAS, Idaho is proud of its tradition of protecting the civil rights and liberties of all its residents, affirming the fundamental rights of all people and providing more expansive protections than are granted by the Constitution of the United States; and

WHEREAS, the federal REAL ID Act of 2005, Public Law 109-13, creates a national identification card by mandating federal standards for state driver's licenses and identification cards and requires states to share their motor vehicle databases; and

WHEREAS, the REAL ID Act mandates the documents that states must require to issue driver's licenses and requires states to place uniform information on every driver's license in a standard, machine-readable format; and

WHEREAS, the REAL ID Act prohibits federal agencies and federally-regulated commercial aircraft from accepting a driver's license or identification card issued by a state that has not fully complied with the act; and
WHEREAS, the REAL ID Act places a costly, unfunded mandate on states, with initial estimates for Idaho of more than thirty-nine million dollars with ongoing annual expenses of an estimated nine million three hundred thousand dollars and a national estimate of more than eleven billion dollars over the next five years; and

WHEREAS, the REAL ID Act requires the creation of a massive public sector database containing information on every American that is accessible to all motor vehicle employees and law enforcement officers nationwide and that can be used to gather and manage information on citizens. Such activities are not the business or responsibility of government; and

WHEREAS, the REAL ID Act enables the creation of additional massive private sector databases, combining both transactional information and driver's license information gained from scanning the machine-readable information contained on every driver's license; and

WHEREAS, these public and private databases are likely to contain numerous errors and false information, creating significant hardship for Americans attempting to verify their identities in order to travel on commercial aircraft, open a bank account or perform any of the numerous functions required to live in the United States today; and

WHEREAS, the federal trade commission estimates that ten million Americans are victims of identity theft annually, and because identity thieves are increasingly targeting motor vehicle departments, the REAL ID Act will enable the crime of identity theft by making the personal information of all Americans, including date of birth and signature, accessible from tens of thousands of locations; and

WHEREAS, the REAL ID Act requires a driver's license to contain a person's actual home address and makes no exception for individuals in potential danger, such as undercover law enforcement personnel or victims of stalking or criminal harassment; and

WHEREAS, the REAL ID Act contains onerous record verification and retention provisions that place unreasonable burdens on the motor vehicle division and on third parties required to verify records; and

WHEREAS, the REAL ID Act will place enormous burdens on consumers seeking new driver's licenses, such as longer lines, increased document requests, higher costs and a waiting period; and

WHEREAS, the REAL ID Act will place state motor vehicle staff on the front lines of immigration enforcement by forcing state employees to determine federal citizenship and immigration status, excessively burdening both foreign-born applicants and motor vehicle staff; and

WHEREAS, the REAL ID Act passed without sufficient deliberation by Congress and did not receive a hearing by any congressional committee or a vote solely on its own merits, despite opposition from more than six hundred organizations; and

WHEREAS, the REAL ID Act eliminated a process of negotiated rulemaking initiated under the Intelligence Reform and Terrorism Prevention Act of 2004, which had convened federal, state and local policymakers, privacy advocates and industry experts to solve the problem of the misuse of identity documents; and

WHEREAS, the REAL ID Act provides little security benefit and leaves identification systems open to insider fraud, counterfeit documentation and database failures.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-ninth Idaho Legislature, the House of Representa-
tives and the Senate concurring therein, that we support the government of the United States in its campaign to secure our country, while affirming the commitment of the United States that this campaign not be waged at the expense of the essential civil rights and liberties of the citizens of this country.

BE IT FURTHER RESOLVED that it is the policy of the state of Idaho to oppose any portion of the REAL ID Act that violates the rights and liberties guaranteed under the constitutions of the State of Idaho and the United States, including the Bill of Rights.

BE IT FURTHER RESOLVED that the Idaho Legislature shall enact no legislation nor authorize an appropriation to implement the provisions of the REAL ID Act in Idaho, unless such appropriation is used exclusively for the purpose of undertaking a comprehensive analysis of the costs of implementing the REAL ID Act or to mount a constitutional challenge to the act by the state Attorney General.

BE IT FURTHER RESOLVED that the Idaho Legislature urges the Idaho congressional delegation to support measures to repeal the REAL ID Act.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States George W. Bush, the United States Attorney General Alberto Gonzales, the President of the Senate and the Speaker of the House of Representatives of Congress, the Governor of Idaho C. L. TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES AND TO THE LEGISLATURES OF THE STATES OF ALASKA, ARIZONA, CALIFORNIA, COLORADO, HAWAII, MONTANA, NEVADA, NEW MEXICO, OREGON, UTAH, WASHINGTON AND WYOMING.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, it has long been the intent and policy of the federal government to hold rural communities harmless from the creation of federal lands and in 1906 the Committee on Public Lands recognized that the presence of federal lands could create hardship for many counties as they provided little revenue or commerce at that time; and

WHEREAS, in 1908, the federal government promised rural counties twenty-five percent of all revenues generated from the multiple-use management of the newly created national forests to support public roads and public schools; and
WHEREAS, in recent decades, the forest resources have not been managed in a manner to produce long-term sustainable revenue to share with schools and counties; and

WHEREAS, in 2000, Congress passed Public Law 106-393, the Secure Rural Schools and Community Self-Determination Act. The Act restored historical payment levels previously made to states and counties from the federal government for road and school purposes because of declining levels of actual forest receipts; and

WHEREAS, the reauthorization and appropriation of the Secure Rural Schools and Community Self-Determination Act is pending before the United States Congress, and Idaho counties are on record as being strongly supportive of a fully funded approval of this Act; and

WHEREAS, federal land managers continue to be faced with funding shortages. In the event the Secure Rural Schools and Community Self-Determination Act is not reauthorized and appropriated, counties will be faced with higher property taxes or a reduction in services and, even if the Act is reauthorized and appropriated, it will likely be the last time, and the state of Idaho must seek a long-term solution; and

WHEREAS, in 2006, House Joint Memorial No. 21 was adopted by the members of the Second Regular Session of the Fifty-eighth Idaho Legislature to provide one option to address the problem of declining forest receipts by urging Congress to support federal legislation transferring management of National Forest System lands within Idaho to the state of Idaho to be managed for the benefit of the rural counties and schools; and

WHEREAS, in February 2007, a concurrent resolution was introduced in the Idaho House of Representatives and will be voted on by the First Regular Session of the Fifty-ninth Idaho Legislature authorizing Idaho's Legislative Council to appoint an interim committee to undertake and complete an assessment of the decline in receipts on National Forest System lands, which have historically been shared with counties. The goal of the interim committee's recommendations will be to develop a federal, bipartisan, long-term solution that addresses sustainable management of federal forest lands to stabilize payments to Idaho's forest counties, which help support roads and schools, and to provide projects that enhance forest ecosystem health, provide employment opportunities, and improve cooperative relationships among those who use and care about the lands the federal government manages. The resolution calls for the interim committee to work in cooperation and coordination with the state of Idaho, its counties, its school and highway districts, along with the recognized Indian tribes of the state of Idaho. The resolution also provides that the interim committee address National Forest System lands, but only those lands that do not have special designations. The interim committee is directed to formulate a solution that will protect all valid existing rights, existing public access and activities, including hunting, fishing and recreation, and that will not be construed to interfere with treaties or any other obligations to the Indian tribes, commitments to county governments, or the General Mining Law or Taylor Grazing Act.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the legislatures of all western states should consider the adoption of similar resolutions, working toward the development of a federal, bipartisan, long-term solu-
A JOINT MEMORIAL

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the U.S. Department of State, the U.S. Department of Commerce and the U.S. Department of Homeland Security participated in the formation of the Security and Prosperity Partnership of North America (SPP) on March 23, 2005, representing a trilateral agreement between Canada, Mexico and the United States designed, among other things, to facilitate common regulatory schemes between these countries; and

WHEREAS, reports issued by the SPP indicate that it has implemented regulatory changes among the three countries that circumvent United States trade, transportation, homeland security and border security functions and that it is the intention of SPP to continue toward a North American Union in the future; and

WHEREAS, the actions taken by the SPP to coordinate border security by eliminating obstacles to migration between Mexico and the United States actually makes the United States-Mexico border less secure and more vulnerable to possible terrorist activities, and Mexico is the primary source country of illegal immigrants, illegal drug entry and illegal human smuggling into the United States; and

WHEREAS, according to the U.S. Department of Commerce, the United States trade deficits with Mexico and Canada have significantly increased since the implementation of the North American Free Trade Agreement (NAFTA), and the volume of imports from Mexico has soared since NAFTA, straining security checks at the U.S. border; and

WHEREAS, the economic and physical security of the United States is
impaired by the potential loss of control of its borders attendant to the full operation of NAFTA and the SPP; and

WHEREAS, the regulatory and border security changes implemented and proposed by the SPP violate and threaten United States sovereignty; and

WHEREAS, the NAFTA Superhighway System from the west coast of Mexico through the United States and into Canada has been suggested as part of a North American Union to facilitate trade between the SPP countries; and

WHEREAS, the stability and economic viability of the U.S. ports along the western coast will be seriously compromised by huge cargos off-loaded at cheaper labor cost from foreign traders into the ports of Mazatlan and Lazaro Cardenas; and

WHEREAS, the state of Texas has already approved and begun planning of the Trans-Texas Corridor, a major multi-modal transportation project beginning at the United States-Mexico border, which would serve as an initial section of the NAFTA Superhighway System; and

WHEREAS, plans of Asian trading powers to divert cargo from U.S. ports such as Los Angeles to ports in Mexico will only put pressure on border inspectors, interfering with their already overwhelming job of intercepting the flow of drugs and illegals flowing into this country; and

WHEREAS, future unrestricted foreign trucking into the United States can pose a safety hazard due to inadequate maintenance and inspection, and the Transportation Security Administration's (TSA) lack of background checks for violations in Mexico, lack of drug and alcohol testing, lack of enforcement of size and weight requirements and lack of national security procedures, which threaten the American people and undermine the very charge given to our homeland security agency to defend our borders against these threats; and

WHEREAS, the Eisenhower National Highway System was designed for the national security of the United States for movement of the military, purposes of commerce from state to state, not from foreign countries, and this highway system should not be compromised by treaties or agreements with other countries that would supplant the control and management of our nation's highways by our U.S. Department of Transportation and the various states; and

WHEREAS, we strongly object to any treaty or agreement, which threatens to violate national security, private property, United States commerce, constitutional rights and American sovereignty and emphasize our commitment to the Pacific Northwest Economic Region (PNWER) and other cooperative working nations in mutual beneficial goals; and

WHEREAS, this trilateral partnership to develop a North American Union has never been presented to Congress as an agreement or treaty, and has had virtually no congressional oversight; and

WHEREAS, recent reports on internet news, Friday, January 26, 2007, WorldNetDaily, stating that Congressman Poe (R-Texas) asked about the U.S. Department of Transportation's work with the trade group North American Super-Corridor Coalition, Inc. (NASC0) and the department's plans to build the Trans-Texas Corridor, Congressman Poe was told that the NAFTA agreement superhighway corridor plans exist to move goods from Mexico through the United States to Canada; and

WHEREAS, American citizens and state and local governments throughout the United States would be negatively impacted by the SPP process.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular
Session of the Fifty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we emphatically urge and petition the Congress of the United States and particularly the congressional delegation representing the state of Idaho to use all efforts, energies and diligence to withdraw the United States from any further participation in the Security and Prosperity Partnership of North America or any other bilateral or multilateral activity that seeks to advance, authorize, fund or in any way promote the creation of any structure to create any form of North American Union.

BE IT FURTHER RESOLVED that House Concurrent Resolution 40 of the First Session of the 110th Congress addresses the concern herein expressed by the state of Idaho.

BE IT FURTHER RESOLVED that we are asking our congressional delegation, our U.S. Department of Transportation Secretary Mary E. Peters and President Bush to reject appropriated federal fuel tax dollars for such SPP or NAFTA when there is such a need for fuel tax dollars to be dedicated to the needs of the states in the U.S. in order to maintain our highway system.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

(S.C.R. No. 101)

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND RECOMMENDING THAT THE STATE ADOPT A POLICY THAT MOVES TOWARD STANDARDIZING TUITION COSTS AND FEES FOR PROFESSIONAL-TECHNICAL COURSES THAT ARE PROVIDED BY THE STATE'S FOUR-YEAR POSTSECONDARY EDUCATIONAL INSTITUTIONS AT A RATE COMMENSURATE WITH THE RATE CHARGED BY THE STATE'S COMMUNITY COLLEGES.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, community colleges strive to provide professional-technical programs that are both accessible and affordable to as many students as possible; and

WHEREAS, the cost per semester of tuition and fees for professional-technical courses and programs at any of the state's community colleges is approximately half the amount charged by the state's four-year postsecondary educational institutions for the same courses and programs; and

WHEREAS, this disparity in costs creates an inequity in affordability and therefore in access for many students; and

WHEREAS, to address the affordability in some measure, counties not organized as community college districts are obliged to pay a portion of tuition for their resident students who attend a community college; and

WHEREAS, counties pay such tuition obligation from their annual distribution of liquor funds; and

WHEREAS, noncommunity college district counties are authorized to levy a property tax to meet their tuition obligations should the liquor fund revenues be insufficient for the purpose; and

WHEREAS, the state of Idaho pays 100% of all costs associated with providing professional-technical courses at all of the state's six technical colleges.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we recommend that the state adopt a policy that moves toward standardizing tuition costs and fees for professional-technical courses that are provided by the state's four-year postsecondary educational institutions at a rate commensurate with the rate charged by the state's community colleges.

BE IT FURTHER RESOLVED that the Office of the State Board of Educa-
tion and the presidents of the colleges and universities are invited and encouraged to submit their recommendations to the Legislature for development of such a policy, noting that implementation of such a policy may occur over an extended period of time in order to reduce any impact it may have on funding policies.

WHEREAS, the legislative bodies of many states have formally recognized ASL; and

STATING FINDINGS OF THE LEGISLATURE AND REQUESTING THAT AN INDEPENDENT CONTRACTOR BE ENGAGED TO REVIEW IDAHO'S CURRENT MENTAL HEALTH AND SUBSTANCE ABUSE TREATMENT DELIVERY SYSTEM.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, in 2006, the Second Regular Session of the Fifty-eighth Idaho Legislature adopted House Concurrent Resolution No. 63 which authorized the Legislative Council to appoint a committee to undertake and complete a study of the current mental health and substance abuse treatment delivery system in Idaho, to review alternative ways to provide these services, and to submit a final report to the First Regular Session of the Fifty-ninth Idaho Legislature; and

WHEREAS, the Mental Health and Substance Abuse Interim Committee held four meetings across the state and considered testimony from state agencies, numerous groups representing both patients and providers, as well as individuals whose families have accessed or attempted to access mental health and substance abuse treatment services in Idaho; and

WHEREAS, the Mental Health and Substance Abuse Interim Committee determined that the state of Idaho needs to conduct an objective and more thorough review of Idaho's current mental health and substance abuse treatment delivery systems in order to address possible solutions.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Legislative Council is requested to engage an independent contractor to review Idaho's current mental health and substance abuse treatment delivery system. The independent contractor would assess treatment capacity, cost, eligibility standards, and areas of responsibility, and would make recommendations for how to improve Idaho's current system by creating appropriate oversight and service levels for a state system. Study areas and components would include, but not be limited to:

b. Determine whether there is a lead agency in Idaho responsible for paying for and coordinating services regardless of where an individual enters the mental health or substance abuse system and study the possibility of restructuring the current system via the creation of a separate agency combining mental health and substance abuse services in Idaho.

c. Review the capacity of the current state hospital system as well as the need for voluntary commitments, beds for children in psychiatric crisis, and the need for state hospital services in the Treasure Valley.

d. Review the need for crisis intervention training at all levels of public safety.

e. Regarding the offender population, study the creation of one specific agency responsible to conduct a range of assessments prior to sentencing in order to coordinate treatment and support alternatives to incarceration.
f. Increase the number of probation officers so caseloads shrink and probation officers can more closely interact with the rehabilitated offenders.

g. Evaluation of the concept of a regionally-based mental health and substance abuse treatment delivery system, including a review of other states with such a system and any positive results or shortcomings of such systems.

BE IT FURTHER RESOLVED that the legislative Health Care Task Force shall be the oversight body for the study and the results of the study shall be reported to the Health and Welfare and Judiciary and Rules germane committees during the Second Regular Session of the Fifty-ninth Idaho Legislature.

WHEREAS, the Boise State University football team has won the Western Athletic Conference championship for five consecutive years; and

WHEREAS, the Boise State University Broncos completed their most recent football season with a record of 13-0, being the only undefeated NCAA Division I team in the country and a win in the New Year's Day Bowl Championship Series Fiesta Bowl over the vaunted seven-time national champion Sooners of the University of Oklahoma in a classic David versus Goliath matchup; and

We commend the Broncos on their exciting style of play, gritty determination, dedication to the task at hand and their competitive spirit which led to not only the biggest victory in school history but also a victory that marks the dawn of a new era in college football by proving that teams from non-Bowl Championship Series conferences can compete and win against the nation's traditional football powers. A CONCURRENT RESOLUTION
STATING FINDINGS OF THE LEGISLATURE AND AUTHORIZING THE LEGISLATIVE COUNCIL TO APPOINT A COMMITTEE TO UNDERTAKE AND COMPLETE A STUDY OF THE DECLINE IN RECEIPTS ON NATIONAL FOREST SYSTEM LANDS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, it has long been the intent and policy of the federal government to hold rural communities harmless from the creation of federal lands and in 1906 the Committee on Public Lands recognized that the presence of federal lands could create hardship for many counties as they provided little revenue or commerce at that time; and

WHEREAS, in 1908, the federal government promised rural counties twenty-five percent of all revenues generated from the multiple-use management of the newly created national forests to support public roads and public schools; and

WHEREAS, in recent decades, the forest resources have not been managed in a manner to produce long-term sustainable revenue to share with schools and counties; and

WHEREAS, in 2000, Congress passed Public Law 106-393, the Secure Rural Schools and Community Self-Determination Act. The Act restored historical payment levels previously made to states and counties from the federal government for road and school purposes because of declining levels of actual forest receipts; and

WHEREAS, the reauthorization and appropriation of the Secure Rural Schools and Community Self-Determination Act is pending before the United States Congress, and Idaho counties are on record as being strongly supportive of a fully funded approval of this Act; and

WHEREAS, federal land managers continue to be faced with funding shortages. In the event the Secure Rural Schools and Community Self-Determination Act is not reauthorized and appropriated, counties will be faced with higher property taxes or a reduction in services and, even if the Act is reauthorized and appropriated, it will likely be the last time, and the state of Idaho must seek a long-term solution; and

WHEREAS, in 2006, House Joint Memorial No. 21 was adopted by the members of the Second Regular Session of the Fifty-eighth Idaho Legislature to provide one option to address the problem of declining forest receipts by urging Congress to support federal legislation transferring
management of National Forest System lands within Idaho to the state of Idaho to be managed for the benefit of the rural counties and schools.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislative Council is authorized to appoint an interim committee to undertake and complete an assessment of the decline in receipts on National Forest System lands, which have historically been shared with counties, with the goal of the interim committee's recommendations being to develop a federal, bipartisan, long-term solution that addresses sustainable management of federal forest lands to stabilize payments to Idaho's forest counties, which help support roads and schools, and to provide projects that enhance forest ecosystem health and provide employment opportunities, and to improve cooperative relationships among those who use and care about the lands the agencies manage. The Legislative Council shall determine the membership from each house appointed to the interim committee and shall authorize the interim committee to receive input, advice and assistance from interested and affected parties who are not members of the Legislature. As much as is practicable, the interim committee shall work in cooperation and coordination with the state of Idaho, its counties, its school and highway districts, along with the recognized Indian tribes of the state of Idaho. The interim committee is also authorized to retain the services of consultants, within appropriated moneys, who are familiar with forest receipts, and who can provide necessary economic and other research to assist the interim committee and the Legislature in making an informed decision on this most important topic.

NOW, THEREFORE, BE IT FURTHER RESOLVED, that the Idaho legislative interim committee on forest receipts will address National Forest System lands, but only those lands that do not have special designations. The interim committee is directed to formulate a solution that will protect all valid existing rights, existing public access and activities, including hunting, fishing and recreation, and that will not be construed to interfere with treaties or any other obligations to the Indian tribes, commitments to county governments, or the General Mining Law or Taylor Grazing Act.

NOW, THEREFORE, BE IT FURTHER RESOLVED, that nonlegislative members of the interim committee may be appointed by the cochairs of the interim committee who are appointed by the Legislative Council. Nonlegislative members of the interim committee shall not be reimbursed from legislative funds for per diem, mileage or other expenses and shall not have voting privileges regarding the interim committee's recommendations or proposed legislation.

NOW, THEREFORE, BE IT FURTHER RESOLVED, that the interim committee shall report its findings, recommendations and proposed legislation, if any, to the Second Regular Session of the Fifty-ninth Idaho Legislature.

WHEREAS, forest management agencies are spending record amounts on fire suppression, and forest health and fire mitigation issues make it imperative that woody biomass in the forests of Idaho be removed; and
WHEREAS, the United States Forest Service is beginning to require the removal of woody biomass that meets certain size requirements; and
WHEREAS, removal of woody biomass targeted in areas of insects and disease would help alleviate forest health issues and protect lands adjacent to forests; and
WHEREAS, the Idaho Department of Environmental Quality is formulating new regulations related to air quality which will make it more difficult for forest land owners to dispose of woody biomass in traditional ways such as slash burning; and
WHEREAS, efficient methods for the removal of woody biomass have been created and it has been demonstrated that woody biomass can be converted into value added products such as bark, mulch, wood pellets, posts and poles, flooring and other products; and
WHEREAS, the rural areas of Idaho that are agriculture and natural resource dependent could benefit from the creation of jobs relating to the removal and utilization of woody biomass; and
WHEREAS, there is a need to formulate strategies to stimulate harvest operators and value added entrepreneurs to plan for the removal and processing of woody biomass and incentives are needed to develop and assist operators and processors who want to remove and process woody biomass; and
WHEREAS, it is critical that the state of Idaho create a supportive business climate so that woody biomass harvest operators and processors can thrive in Idaho by taking advantage of opportunities for tax and investment incentives and create economic and employment opportunities for Idaho citizens.

EXECUTIVE ORDER NO. 2006-42

ESTABLISHMENT OF THE IDAHO ALCOHOL AND DRUG-FREE WORKPLACE POLICY

WHEREAS, the State of Idaho has a vital interest in maintaining a safe, healthy and efficient working environment for its employees, clients and the public; and
WHEREAS, employees impaired by alcohol or other drugs during work hours pose safety and health risks not only to themselves but to others; and
WHEREAS, employees who use illegal drugs, whether on or off duty, are generally less productive, less reliable and prone to greater absenteeism than employees who do not use drugs; and
WHEREAS, the use of illegal drugs by state employees is inconsistent with both the law-abiding behavior expected of all citizens, and the special trust placed in such employees as servants of the public; and
WHEREAS, the use of alcohol or drugs by state employees in certain positions of sensitivity poses a special risk to public safety and the effective enforcement of the law; and
WHEREAS, the use of alcohol or drugs becomes a matter of concern to the State of Idaho when it interferes with job performance, conduct, attendance, or safety of state employees; and
WHEREAS, the State of Idaho, as an employer, has a responsibility to taxpayers to ensure that state functions are performed efficiently and without undue risk to the people of the State; and
WHEREAS, the State of Idaho, as an employer, is also concerned with the well-being of its employees and should encourage the identification and rehabilitation of employees with alcohol or drug problems; and
WHEREAS, the position of Drug Czar was established within the Office of the Governor to advise and assist the Governor in coordinating all drug and substance abuse initiatives in the State of Idaho;
NOW, THEREFORE, I, JAMES E. RISCH, Governor of the State of Idaho, by virtue of the power and authority vested in me by the Constitution and statutes of the State of Idaho, do hereby order the Idaho Alcohol and Drug-Free Workplace Policy to become effective immediately for all employees of the State of Idaho:

1. The consumption of alcohol on the job is prohibited. Employees may not work if their performance is impaired by the use of alcohol;
2. The unlawful manufacturing, distribution, dispensing, possession, or use of a controlled substance is prohibited, and if occurring on State property or during an employee's hours of work, demands immediate corrective action;
3. Each State agency shall provide employees with information on Idaho's Alcohol and Drug-Free Workplace Policy, as well as information on the State's Employee Assistance Plan;
4. Violations of the Idaho Alcohol and Drug-Free Workplace Policy will be cause for management/supervisor intervention and may result in referral to treatment, including participation in the Employee Assistance Program. It shall be the policy of the State of Idaho to direct its efforts toward rehabilitation whenever reasonable;
5. Any intervention steps taken upon a violation of the Idaho Alcohol and Drug-Free Workplace Policy must be consistent with all due process requirements and other constitutional rights of state employees;
6. The privacy rights of employees are important. The director of each agency shall report quarterly, the first of January, April, July, and October, to the Division of Human Resources and Drug Czar any violations of the Idaho Alcohol and Drug-Free Workplace Policy and the corrective actions taken. 9. Whenever there is an alcohol or drug problem in a "safety-sensitive" position, it is critical that the problem be addressed aggressively. For the purpose of this policy, a "safety-sensitive" position is one in which:
   A. The duties involve a greater-than-normal level of trust for, responsibility for, or impact on the health and safety of the employee or others; and
   B. Errors in judgment, inattentiveness or diminished coordination, dexterity, or composure while performing the duties could clearly result in mistakes that would endanger the health and safety of the employee or others; and
   C. Employees in these positions work with such independence that it cannot be safely assumed that mistakes such as those described in subsection (B) could be prevented by a supervisor or another employee;

10. In the event the Division of Human Resources finds an alcohol or drug problem in any agency or classification, it shall report that to the Governor and the Drug Czar, and the agency, working in conjunction with the Division of Human Resources and the Governor, shall develop a program to respond to the problem. This program may include alcohol or drug testing for employees in safety-sensitive classifications where such a problem has been documented;

13. Where federal laws or regulations require the State to implement more stringent regulations than those contained in this policy, those federal regulations and procedures supersede and/or augment this policy.

This Executive Order shall cease to be effective four years after its entry into force.

WHEREAS, Idaho is among the most rural states in the nation; and
