RELATING TO PUBLIC INSTITUTIONS OF HIGHER EDUCATION; AMENDING SECTION 33-3717B, IDAHO CODE, TO REVISE DEFINITIONS, TO PROVIDE A PRESUMPTION FOR BEING IN IDAHO PRIMARILY FOR EDUCATIONAL PURPOSES AND TO PROVIDE THAT A CERTAIN PERIOD OF ENROLLMENT DOES NOT COUNT TOWARD THE ESTABLISHMENT OF BONA FIDE DOMICILE IN IDAHO UNLESS THE STUDENT PROVES CERTAIN SPECIFIED FACTORS.

Be it enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-3717B, Idaho Code, be, and the same is hereby amended to read as follows:

33-3717B. RESIDENCY REQUIREMENTS. (1) For any public institution of higher education in Idaho, a "resident student" is:
(a) Any student who has one (1) or more parent or parents or court-appointed guardians who are domiciled in the state of Idaho, and the parent, parents or guardians provide at least fifty percent (50%) of the student's support. Domicile, in the case of a parent or guardian as used in this section, means that individual's true, fixed and permanent home and place of habitation. It is the place where that individual intends to remain, and to which that individual expects to return when that individual leaves without intending to establish a new domicile elsewhere. To qualify under this section, the parent, parents or guardians must have maintained a bona fide domicile in the state of Idaho for at least one--(1)--year twelve (12) months prior to the opening day of the term for which the student matriculates.
(b) Any student, who receives less than fifty percent (50%) of the student's support from a parent, parents or legal guardians and who are not residents of this state for voting purposes, but which student has continuously resided and maintained a bona fide domicile in the state of Idaho primarily for purposes other than educational for twelve (12) months next preceding the opening day of the term during which the student proposes to attend the college or university, and who has in fact established a bona fide domicile in this state primarily for purposes other than educational.
(c) Subject to subsection (2) of this section, any student who is a graduate of an accredited secondary school in the state of Idaho, and who matriculates at a college or university in the state of Idaho during the term immediately following such graduation regardless of the residence of the student's parent or guardian.

(d) The spouse of a person who is classified, or is eligible for classification, as a resident of the state of Idaho for the purposes of attending a college or university.

(e) A member of the armed forces of the United States, stationed in the state of Idaho on military orders.

(f) A student whose parent or guardian is a member of the armed forces and stationed in the state of Idaho on military orders and who receives fifty percent (50%) or more of support from parents or legal guardians. The student, while in continuous attendance, shall not lose that residence when the student's parent or guardian is transferred on military orders.

(g) A person separated, under honorable conditions, from the United States armed forces after at least two (2) years of service, who at the time of separation designates the state of Idaho as his intended domicile or who has Idaho as the home of record in service and enters a college or university in the state of Idaho within one (1) year of the date of separation.

(h) Any individual who has been domiciled in the state of Idaho, has qualified and would otherwise be qualified under the provisions of this statute and who is away from the state for a period of less than one-(i)-calendar-year thirty (30) months and has not established legal residence elsewhere provided a twelve (12) month period of continuous residence has been established immediately prior to departure.

(i) A student who is a member of any of the following Idaho Native American Indian tribes, regardless of current domicile, shall be considered an Idaho state resident for purposes of fees or tuition at institutions of higher education: members of the following Idaho Native American Indian tribes, whose traditional and customary tribal boundaries included portions of the state of Idaho, or whose Indian tribe was granted reserved lands within the state of Idaho: (i) Coeur d’Alene tribe; (ii) Shoshone-Paiute tribes; (iii) Nez Perce tribe; (iv) Shoshone-Bannock tribes; (v) Kootenai tribe.

(2) A "nonresident student" shall mean any student who does not qualify as a "resident student" under the provisions of subsection (1) of this section, and shall include:

(a) A student attending an institution in this state with the aid of financial assistance provided by another state or governmental unit or agency thereof, such nonresidency continuing for one (1) year after the completion of the semester for which such assistance is last provided.

(3) The establishment of a new domicile in Idaho by a person for-
merly domiciled in another state has occurred if such person is physically present in Idaho primarily for purposes other than educational and can show satisfactory proof that such person is without a present intention to return to such other state or to acquire a domicile at some other place outside of Idaho. A student who is enrolled for more than eight (8) hours in any semester or quarter during a twelve (12) month period shall be presumed to be in Idaho for primarily educational purposes. Such period of enrollment shall not be counted toward the establishment of a bona fide domicile in this state unless the student proves, in fact, establishment of a bona fide domicile in this state primarily for purposes other than educational. Institutions determining whether a student is domiciled in the state of Idaho primarily for purposes other than educational shall consider, but shall not be limited to, the following factors:

(a) Registration— and— payment— of— Idaho— taxes— or— fees— on— a— motor vehicle, mobile home, travel trailer, or other item of personal property for which state registration and the payment of a state tax or fee is required. Any of the following, if done for at least twelve (12) months before the term in which the student proposes to enroll as a resident student, proves the establishment and maintenance of domicile in Idaho for purposes other than educational and supports classification of a student as an Idaho resident:

(b) Filing of Idaho state income tax returns covering a period of at least twelve (12) months before the term in which the student proposes to enroll as a resident student;

(ii) Permanent full— time employment or the hourly equivalent thereof in the state of Idaho; or

(iii) Ownership by the student of the student's living quarters.

(b) The following, if done for at least twelve (12) months before the term in which the student proposes to enroll as a resident student, lend support to domiciliary intent and the absence of which indicates a lack of domiciliary intent. By themselves, the following do not constitute sufficient evidence of the establishment and maintenance of a domicile in Idaho for purposes other than educational:

(i) Registration and payment of Idaho taxes or fees on a motor vehicle, mobile home, travel trailer or other item of personal property for which state registration and the payment of a state tax or fee is required;

(ii) Registration to vote for state elected officials in Idaho at a general election;

(iii) Holding an Idaho driver's license;

(iv) Evidence of abandonment of a previous domicile;

(v) Presence of household goods in Idaho;

(vi) Establishment of accounts with Idaho financial institutions; and

(vii) Other similar factors indicating intent to be domiciled in Idaho and the maintenance of such domicile.

(4) The state board of education and the board of regents of the university of Idaho shall adopt uniform and standard rules applicable to all state colleges and universities now or hereafter established to determine resident status of any student and to establish procedures for review of that status.

(5) Appeal from a final determination denying resident status may
be initiated by the filing of an action in the district court of the county in which the affected college or university is located; an appeal from the district court shall lie as in all civil actions.

(6) Nothing contained herein shall prevent the state board of education and the board of regents of the university of Idaho from establishing quotas, standards for admission, standards for readmission, or other terms and requirements governing persons who are not residents for purposes of higher education.

(7) For students who apply for special graduate and professional programs including, but not limited to, the WAMI (Washington, Alaska, Montana, Idaho) regional medical program, the WICHE student exchange programs, Creighton university school of dental science, the university of Utah college of medicine, and the Washington, Oregon, Idaho (WOI) regional program in veterinary medical education, no applicant shall be certified or otherwise designated as a beneficiary of such special program who has not been a resident of the state of Idaho for at least one (1) calendar year previous to the application date.

Approved March 20, 2008.

SECTION 2. That Section 63-3502B, Idaho Code, be, and the same is hereby amended to read as follows:

63-3502B. LEVY OF TAX ON WIND ENERGY OR GEOTHERMAL ENERGY ELECTRICAL PRODUCTION. There shall be levied against every producer of electricity by means of wind energy or geothermal energy a wind energy tax or a geothermal energy tax equal to three percent (3%) of such producer's gross wind energy earnings or geothermal energy earnings. This wind energy tax or geothermal energy tax shall be in lieu of all other taxes on the operating property, as defined in section 63-3501(h), Idaho Code, of such wind energy producer or of such geothermal energy producer.

SECTION 3. That Section 63-3503B, Idaho Code, be, and the same is hereby amended to read as follows:

63-3503B. FILING OPERATORS' STATEMENTS -- ALLOTMENT AND APPORTIONMENT OF TAX DUE FROM PRODUCERS OF ELECTRICITY BY MEANS OF WIND Energy OR GEOTHERMAL ENERGY BY STATE TAX COMMISSION. Every producer of electricity by means of wind energy or by means of geothermal energy in this state shall file with the state tax commission of the state of Idaho an operator's statement in the manner as provided for in section 63-404, Idaho Code, and shall include thereon a statement of the prior calendar year's gross wind energy earnings or gross geothermal energy earnings. Upon examining and verifying said statement, the state tax commission shall compute the amount of the wind energy tax or the geothermal energy
tax based on the gross wind energy earnings or the gross geothermal energy earnings and shall allot to each county in which the operating property of such producer is situate either: that proportion of the total wind energy tax or that proportion of the total geothermal energy tax of such producer shown to be due as the same proportion that the total original cost of operating property situate in such county bears to the total original cost of operating property of such producer for the wind energy project or of such producer for the geothermal energy project. The state tax commission shall then, for each county, apportion the wind energy tax or geothermal energy tax so allotted to such county among the several taxing units thereof within which any operating property of such producer is situate, by apportioning to each such taxing unit that proportion of the wind energy tax or geothermal energy tax so allotted to such county. For such apportionment, the state tax commission shall calculate the weighted original cost which shall be the product of the original cost of such operating property within such taxing unit times such taxing unit's property tax levy for the prior year and the weighted apportionment rate which shall be the ratio of the wind energy tax or of the geothermal energy tax as the case may be, allotted to such county, to the aggregate weighted original cost for all such taxing units within which the operating property is located and then shall calculate the apportionment of the wind energy tax or geothermal energy tax for each such taxing unit to be equal to the product of the weighted original cost times the weighted apportionment rate. The state tax commission shall, on or before the second Monday in August, notify the state superintendent of public instruction, the county auditor, and the county treasurer of such allotment and apportionment and the amounts thereof. On or before the third Monday in August, the county auditor shall notify the appropriate taxing units of the amount of wind energy tax or the amount of the geothermal energy tax being apportioned.

SECTION 4. That Section 63-3504, Idaho Code, be, and the same is hereby amended to read as follows:

63-3504. COLLECTION BY COUNTY TREASURER -- PENALTY AND INTEREST IMPOSED WHEN DELINQUENT. Upon receipt of the notification of the allotment and apportionment of such taxes by the state tax commission by the county treasurer, said county treasurer shall, not later than June 15 of each year, notify each cooperative electrical association, natural gas cooperative, and producer of electricity by means of wind energy or by means of geothermal energy, of the amount of taxes owed, and the apportionment thereof to the county and to the several taxing districts in the county and such tax shall be due and payable not later than July 1, following and, upon the payment thereof, the county treasurer shall pay over to each taxing district its apportionment as herein determined. Any such taxes not paid by July 1, as aforesaid, shall become delinquent and a penalty of five percent (5%) thereof shall be imposed, together with interest at the rate of one percent (1%) per month from July 1 until paid.

SECTION 5. That Section 63-3505, Idaho Code, be, and the same is hereby amended to read as follows:
63-3505. TAXES A LIEN ON PROPERTY OF ASSOCIATION OR PRODUCER UNTIL PAID. All taxes due and payable under this chapter shall be a lien on all property, real and personal, of the electrical, or natural gas association, or the producer of electricity by means of wind energy or by means of geothermal energy, owing the same, as of June 15 of each year and shall be discharged only by the payment thereof. In any action to enforce payment of any delinquent taxes due under this chapter, the county prosecuting such action shall be entitled to a judgment for the reasonable costs of prosecuting such action, as well as for the delinquent taxes, penalty and interest.

SECTION 6. That Section 63-3506, Idaho Code, be, and the same is hereby amended to read as follows:

63-3506. ASSESSMENT OF NONOPERATING PROPERTY BY ASSESSOR. The nonoperating property of any cooperative electrical or natural gas association, or producer of electricity by means of wind energy or by means of geothermal energy, shall be assessed by the county assessor of the county wherein such property is situate, and taxes levied against the same shall be a lien, and shall be due and payable, in the same manner as are any other taxes on property.

SECTION 7. That Section 63-3622QQ, Idaho Code, be, and the same is hereby amended to read as follows:

63-3622QQ. EQUIPMENT USED IN ALTERNATIVE METHOD OF GENERATION OF ELECTRICITY. (1) Purchasers of machinery and equipment used directly in generating electricity using fuel cells, low impact hydro, wind, geothermal resources, biomass, cogeneration, sun or landfill gas as the principal source of power may qualify for a rebate of sales or use taxes paid on such purchases but only if the purchaser develops with such machinery, equipment, and tangible personal property a facility capable of generating not less than twenty-five (25) kilowatts of electricity.

(2) For purposes of this section:
(a) "Landfill gas" means biomass fuel of the type qualified for federal tax credits under 26 U.S.C. section 29 collected from a landfill. "Landfill" means a landfill as defined in section 39-7403, Idaho Code;
(b) "Machinery and equipment" means industrial fixtures, devices, and support facilities that are integral and necessary to the generation of electricity using fuel cells, low impact hydro, wind, geothermal resources, biomass, cogeneration, sun, or landfill gas as the principal source of power. "Machinery and equipment" includes all operating property as described in section 63-3501(h), Idaho Code;
(c) Notwithstanding subsection (2)(b) of this section, "Machinery and equipment" does not include:
(i) Hand-powered tools;
(ii) Property with a useful life of less than one (1) year;
(iii) Repair parts required to restore machinery and equipment to normal working order;
(iv) Replacement parts that do not increase productivity, improve efficiency, or extend the useful life of machinery and equipment;
(v) Buildings; or
(vi) Building fixtures that are not integral and necessary to the generation of electricity that are permanently affixed to and become a physical part of a building;

(d) Machinery and equipment is "used directly" in generating electricity with fuel cells or by low impact hydro, wind energy, geothermal resources, biomass, cogeneration, solar energy or landfill gas power if it provides any part of the process that captures the energy of the fuel cells, low impact hydro, wind, geothermal resources, biomass, cogeneration, sun, or landfill gas, converts that energy to electricity, and stores, transforms or transmits that electricity for entry into or operation in parallel with electric transmission and distribution systems;

(e) "Fuel cell" means an electrochemical reaction that generates electricity by combining atoms of hydrogen and oxygen in the presence of a catalyst;

(f) "Low impact hydro" means an electric generating facility utilizing water for the generation of electricity, housed in existing canals or existing reservoirs and having a power production capacity twenty-five (25) kilowatts or greater.

(3) To qualify for the rebate, the taxpayer and his contractors must pay sales and use tax on their purchases of property. Once a public utility, a cooperative, a municipality or the public utilities commission certifies the project will generate at least twenty-five (25) kilowatts of electricity, the taxpayer may file a refund request with the state tax commission. The refund request shall state that the taxpayer will construct or has constructed a project that will generate sufficient kilowatts of electricity at the project site to be eligible for the rebate and that the taxpayer is entitled to receive a rebate of all sales and use taxes paid that qualifies for the rebate created by this section.

(4) Upon filing of a written refund claim by the taxpayer entitled to the rebate, and subject to such reasonable documentation and verification as the state tax commission may require, the rebate shall be paid by the state tax commission as a refund allowable under section 63-3626, Idaho Code. A claim for rebate under this section must be filed on or before the last day of the third calendar year following the year in which the taxes sought to be rebated were paid or the right to the rebate is lost.

(5) Any rebate paid shall be subject to recapture by the state tax commission. In the event the property is not used, stored or otherwise consumed in the process of generating electricity for a period of sixty (60) months, the state tax commission may recapture the tax paid in the same proportion as an amount of credit required to be recaptured under section 63-3029B, Idaho Code.

(6) Any recapture amount due under this section shall be a deficiency in tax for the period in which the disqualification first occurs for purposes of section 63-3629, Idaho Code, and may be enforced and collected in the manner provided by the Idaho sales tax act, provided however, that in lieu of the provisions of section 63-3633, Idaho Code, the period of time within which the commission may issue a notice under section 63-3629, Idaho Code, in regard to an amount subject to recapture shall be the later of five (5) years after the end of the taxable year, for income tax purposes, in which the project period ends.
SECTION 8. That Section 63-602JJ, Idaho Code, be, and the same is hereby amended to read as follows:

63-602JJ. PROPERTY EXEMPT FROM TAXATION -- CERTAIN OPERATING PROPERTY OF PRODUCER OF ELECTRICITY BY MEANS OF WIND ENERGY OR BY MEANS OF GEOTHERMAL ENERGY. The following property is exempt from taxation: (i) operating property of producers of electricity by means of wind energy exclusively used to produce electricity by means of wind energy on which the tax on gross wind energy earnings will be paid; and (ii) operating property of producers of electricity by means of geothermal energy exclusively used to produce electricity by means of geothermal energy on which the tax on gross geothermal energy earnings will be paid.

SECTION 9. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 2008.

RELATING TO ADDRESS CONFIDENTIALITY FOR VICTIMS OF VIOLENCE; AMENDING TITLE 19, IDAHO CODE, BY THE ADDITION OF A NEW CHAPTER 57, TITLE 19, IDAHO CODE, TO PROVIDE A PURPOSE, TO DEFINE TERMS, TO PROVIDE A PROCEDURE FOR AN ADDRESS CONFIDENTIALITY PROGRAM AND TO PROVIDE PENALTY PROVISIONS RELATING TO FALSELY ATTESTED APPLICATIONS, TO PROVIDE FOR CERTIFICATION CANCELLATION, TO PROVIDE FOR USE OF DESIGNATED ADDRESSES, TO PROHIBIT THE DISCLOSURE OF RECORDS AND TO PROVIDE EXCEPTIONS, TO PROVIDE FOR IMMUNITY FROM LIABILITY AND TO AUTHORIZE THE SECRETARY OF STATE TO PROMULGATE CERTAIN RULES; AND AMENDING SECTION 9-340C, IDAHO CODE, TO PROVIDE THAT CERTAIN RECORDS IN AN ADDRESS CONFIDENTIALITY PROGRAM PARTICIPANT'S FILE ARE EXEMPT FROM DISCLOSURE AND TO PROVIDE EXCEPTIONS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 19, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 57, Title 19, Idaho Code, and to read as follows:

CHAPTER 57
ADDRESS CONFIDENTIALITY FOR VICTIMS OF VIOLENCE

19-5701. PURPOSE. The legislature finds that persons attempting to escape from actual or threatened domestic violence, sexual assault or malicious harassment frequently establish new addresses in order to prevent their assailants or probable assailants from finding them. The purpose of this chapter is to enable state and local agencies to respond to requests for public records without disclosing the location of a victim of domestic violence, sexual assault or stalking, to enable interagency cooperation with the secretary of state in providing address confidentiality for victims of domestic violence, sexual assault or stalking, and to enable state and local agencies to accept a program participant's use of an address designated by the secretary of state as a substitute mailing address.
19-5702. DEFINITIONS. Unless the context clearly requires otherwise, for purposes of this chapter the following terms have the following meanings:

(1) "Address" means a residential street address of an individual as specified on the individual's application to be a program participant under this chapter.

(2) "Program participant" means:
   (a) An individual who has obtained an order of protection pursuant to section 39-6306, Idaho Code, after a hearing for which the defendant in the proceeding received notice; or
   (b) An individual who has obtained a certification from a prosecutor stating that the individual is the victim of a crime in which the defendant has been charged pursuant to section 18-918, 18-1506, 18-1508, 18-1508A, 18-6101, 18-7902, 18-7905 or 18-7906, Idaho Code, or in which the defendant is charged with attempt to commit any of the foregoing crimes.

19-5703. ADDRESS CONFIDENTIALITY PROGRAM -- APPLICATION -- CERTIFICATION. (1) An adult person, a parent or a guardian acting on behalf of a minor, or a guardian appointed pursuant to section 15-5-304, Idaho Code, acting on behalf of an incapacitated person, may apply to the secretary of state to have an address designated by the secretary of state serve as the person's address or the address of the minor or incapacitated person. The secretary of state shall approve an application if it is filed in the manner and on the form prescribed by the secretary of state and if it contains:

   (a) A sworn statement by the applicant that the applicant has good reason to believe:
      (i) That the applicant, or the minor or incapacitated person on whose behalf the application is made, is a victim of domestic violence, stalking, rape or malicious harassment, or any other crime listed in section 19-5702(2)(b), Idaho Code; and
      (ii) That the applicant fears for his or her safety or his or her children's safety, or the safety of the minor or incapacitated person on whose behalf the application is made.
   (b) A certified copy of a domestic protection order issued pursuant to section 39-6306, Idaho Code, or a certified statement from a prosecutor stating that the individual is a victim of crime as provided in subsection (2)(b) of section 19-5702, Idaho Code.
   (c) A designation of the secretary of state as agent for purposes of service of process and for the purpose of receipt of mail.
   (d) The mailing address where the applicant can be contacted by the secretary of state, and the telephone number or numbers where the applicant can be called by the secretary of state.
   (e) The address or addresses that the applicant requests not be disclosed.

(2) Applications shall be filed with the office of the secretary of state.

(3) Upon filing a properly completed application, the secretary of state shall certify the applicant as a program participant. Applicants shall be certified for four (4) years following the date of filing unless the certification is withdrawn or invalidated before that date. The application may be renewed at the end of four (4) years.

(4) A person who falsely attests in an application that disclosure
of the applicant's address would endanger the applicant's safety or the safety of the applicant's children, or the minor or incapacitated person on whose behalf the application is made, or who knowingly provides false or incorrect information upon making an application, shall be punishable under section 18-5414, Idaho Code, or other applicable statutes.

19-5704. CERTIFICATION CANCELLATION. (1) The secretary of state may cancel a program participant's certification if there is a change in the name or residential address from that listed on the application, unless the program participant provides the secretary of state with seven (7) days' prior notice of the change of name or address.

(2) The secretary of state may cancel certification of a program participant if mail forwarded by the secretary to the program participant's address is returned as nondeliverable.

(3) The secretary of state may cancel certification of a program participant who applies using false information.

19-5705. USE OF DESIGNATED ADDRESS. (1) A program participant may request that state and local agencies use the address designated by the secretary of state as his or her address. When creating a new public record, state and local agencies shall accept the address designated by the secretary of state as a program participant's substitute address, unless the agency shows that:

(a) The agency has a bona fide statutory or administrative requirement for the use of a program participant's address which would otherwise be confidential under this chapter;

(b) The program participant's address will be used only for those statutory and administrative purposes; and

(c) The agency takes reasonable precautions to protect the confidentiality of the program participant.

(2) A program participant may use the address designated by the secretary of state as his or her work address.

(3) The office of the secretary of state shall forward all first class mail to the appropriate program participant.

19-5706. DISCLOSURE OF RECORDS PROHIBITED -- EXCEPTIONS. Notwithstanding any other provision of state law, the secretary of state shall not make any records in a program participant's file available for inspection or copying, other than the address designated by the secretary of state, except under the following circumstances:

(1) If requested by a law enforcement agency, to the law enforcement agency; or

(2) If directed by a court order, to a person identified in the order.

19-5707. IMMUNITY FROM LIABILITY. Neither a governmental entity nor its employees, while acting within the course and scope of their employment and without malice or criminal intent, shall be liable under the Idaho tort claims act, chapter 9, title 6, Idaho Code, for any injury resulting from the release of confidential information under this act.

19-5708. ADOPTION OF RULES. The secretary of state may adopt rules to facilitate the administration of this chapter by state and local agencies.

(c) The exemptions allowed in subsections (a)(1), (a)(2), (a)(3) and (a)(4) of this section shall also be available to a business, or separately operated segment of a business, engaged in farming or mining, whether as a subcontractor, contractor, contractee or subcontractee, when such business or segment of a business is primarily devoted to producing tangible personal property which is intended for ultimate sale at retail within or without this state, without regard to the ownership of the product being produced.

(d) The exemptions allowed in subsections (a)(1), (a)(2), (a)(3) and (a)(4) of this section shall also be available to a business, or separately operated segment of a business, engaged in the business of processing materials, substances or commodities for use as fuel for the production of energy, whether as a subcontractor, contractor, contractee or subcontractee, without regard to the ownership of the materials, substances or commodities being processed and irrespective of whether the materials, substances or commodities being processed are intended for ultimate sale at retail within or without this state.

Any tangible personal property taxed under this chapter which later qualifies for this exemption shall not entitle the owner of it to any claim for refund.

CHAPTER 239
(S.B. No. 1348)

AN ACT RELATING TO WATER RIGHTS; AMENDING SECTION 42-223, IDAHO CODE, TO PROVIDE THAT UNDER CERTAIN CONDITIONS WATER RIGHTS RELATED TO MINING, MINERAL PROCESSING OR MILLING SHALL NOT BE LOST OR FORFEITED FOR NONUSE; DECLARING AN EMERGENCY AND PROVIDING FOR APPLICABILITY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 42-223, Idaho Code, be, and the same is hereby amended to read as follows:

42-223. EXCEPTIONS OR DEFENSES TO FORFEITURE. A right to the use of water shall not be lost by forfeiture pursuant to the provisions of section 42-222, Idaho Code, for a failure to apply the water to beneficial use under the conditions specified in any subsection of this section. The legislature does not intend through enactment of this section to diminish or impair any statutory or common law exception or defense to forfeiture existing on the date of enactment or amendment of this section, or to preclude judicial or administrative recognition of other exceptions or defenses to forfeiture recognized in Idaho case law or
other provisions of the Idaho Code. No provision of this section shall be construed to imply that the legislature does not recognize the existence or validity of any common law exception or defense to forfeiture existing on the date of enactment or amendment of this section.

(1) A water right appurtenant to land contracted in a federal cropland set-aside program shall not be lost or forfeited for nonuse during the contracted period. The running of any five (5) year period of nonuse for forfeiture of a water right shall be tolled during the time that the land remains in the cropland set-aside program.

(2) A water right held by a municipal provider to meet reasonably anticipated future needs shall be deemed to constitute beneficial use, and such rights shall not be lost or forfeited for nonuse unless the planning horizon specified in the license has expired and the quantity of water authorized for use under the license is no longer needed to meet reasonably anticipated future needs.

(3) A water right shall not be lost or forfeited by a failure to divert and apply the water to beneficial use if the water is not needed to maintain full beneficial use under the right because of land application of waste for disposal purposes including, but not limited to, discharge from dairy lagoons used in combination with or substituted for water diverted under the water right.

(4) A water right shall not be lost or forfeited by a failure to divert and apply the water to beneficial use if the reason for the nonuse of the water is to comply with the provisions of a ground water management plan approved by the director of the department of water resources pursuant to section 42-233a or 42-233b, Idaho Code.

(5) A water right shall not be lost or forfeited by a failure of the owner of the right to divert and apply the water to beneficial use while the water right is placed in the water supply bank or is retained in or rented from the water supply bank pursuant to sections 42-1761 through 42-1765A, Idaho Code, or while the water right is leased pursuant to sections 43-335 through 43-342, Idaho Code, or sections 42-2501 through 42-2509, Idaho Code, or while use of the water is made under any other provision of law authorizing the rental or lease of water rights.

(6) No portion of any water right shall be lost or forfeited for nonuse if the nonuse results from circumstances over which the water right owner has no control. Whether the water right owner has control over nonuse of water shall be determined on a case-by-case basis.

(7) No portion of a water right held by an irrigation district, a Carey Act operating company, or any other company, corporation, association, or entity which holds water rights for distribution to its landowners, shareholders or members shall be lost or forfeited due to nonuse by such landowners, shareholders or members, unless the nonuse is subject to the control of such entity.

(8) No portion of a water right held by an irrigation district shall be lost, forfeited or subject to forfeiture as a result of the exclusion of land from the district pursuant to chapter 11, title 43, Idaho Code, so long as any five (5) year period of nonuse following the exclusion does not result from circumstances over which the district has control.

(9) No portion of any water right shall be lost or forfeited for nonuse if the nonuse results from a water conservation practice, which maintains the full beneficial use authorized by the water right, as defined in section 42-250, Idaho Code.
(10) No portion of any water right shall be lost or forfeited for nonuse if the nonuse results from the water right being used for mitigation purposes approved by the director of the department of water resources including as a condition of approval for a new water right appropriation approved pursuant to section 42-203A, Idaho Code, a water right transfer approved pursuant to section 42-222, Idaho Code, a water exchange approved pursuant to section 42-240, Idaho Code, or a mitigation plan approved in accordance with rules promulgated pursuant to section 42-603, Idaho Code.

(11) No portion of any water right with a beneficial use related to mining, mineral processing, or milling shall be lost or forfeited for nonuse, so long as the nonuse results from a closure, suspension or reduced production of the mine, processing facility or mill due in whole or in part to mineral prices, if the mining property has a valuable mineral, as defined in section 47-1205, Idaho Code, and the water right owner has maintained property and mineral rights for potential future mineral production.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and shall apply to all existing water rights, but shall not be applied to revive any water right that has been finally determined to be forfeited prior to the date of passage and approval of this act.

Approved March 25, 2008.

The following shall be considered as minimum evidence that the applicant is qualified to take an examination for registration as a professional geologist:

(2) Completion of thirty (30) semester units in courses in geological science leading to a degree in the geological sciences of which at least twenty-four (24) units are in third or fourth year, and/or graduate courses; and have at least seven (7) years of professional geological work which shall include either a minimum of three (3) years of professional geological work under the supervision of a registered geologist; or, wherein the applicant has been under the direct supervision of an individual acceptable to the board, or, wherein the applicant has demonstrated five (5) years of progressive experience in responsible
charge of geological work that is acceptable to the board. Each year of undergraduate study in the geological sciences shall count as one-half (1/2) year of training up to a maximum of two (2) years, and each year of graduate study or research counts as a year of training.

Teaching in the geological sciences at college level shall be credited year for year toward meeting the requirement in this category, provided that the total annual teaching experience includes six (6) semester units of third or fourth year or graduate courses.

Credit for undergraduate study, graduate study, and teaching, individually, or in any combination thereof, shall in no case exceed a total of four (4) years towards meeting the requirement for at least seven (7) years of professional geological work as set forth above.

The adequacy of the required supervision and experience shall be determined by the board in accordance with standards set forth in the rules adopted by it.

INTO CONSIDERATION THE EQUALIZED ASSESSED VALUATION OF SPECIFIED
TAXABLE PROPERTY IN FIXING ANY TAX LEVY; AMENDING SECTION 63-803,

SECTION 1. That Section 50-2908, Idaho Code, be, and the same is
hereby amended to read as follows:

(1) For purposes of calculating the rate at which taxes shall be levied by or for each taxing district in which a revenue allocation area is located, the county commissioners shall, with respect to the taxable property located in such revenue allocation area, use the equalized assessed value of such taxable property as shown on the base assessment roll rather than on the current equalized assessed valuation of such taxable property, except the current equalized assessed valuation shall be used for calculating the tax rate for:

(a) Levies for refunds and credits pursuant to section 63-1305, Idaho Code, and any judgment pursuant to section 33-802(1), Idaho Code, certified after December 31, 2007;

(e) School levies for supplemental maintenance and operation pursuant to section 33-802(3), Idaho Code, approved after December 31, 2007, or in the case of charter school districts any supplemental levy that does not exceed two (2) years in duration.

(2) With respect to each such taxing district, the tax rate calculated under subsection (1) of this section shall be applied to the current equalized assessed valuation of all taxable property in the taxing district, including the taxable property in the revenue allocation area. The tax revenues thereby produced shall be allocated as follows:

(a) To the taxing district shall be allocated and shall be paid by the county treasurer:
   (i) All taxes levied by the taxing district or on its behalf on taxable property located within the taxing district but outside the revenue allocation area; and
   (ii) A portion of the taxes levied by the taxing district or on its behalf on the taxable property located within the revenue allocation area, which portion is the amount produced by applying the taxing district's tax rate determined under subsection (1) of this section to the equalized assessed valuation, as shown on the base assessment roll, of the taxable property located within the revenue allocation area; and
   (iii) All taxes levied by the taxing district to satisfy obligations specified in subsection (1)(a) through (e) of this section.

(b) To the urban renewal agency shall be allocated the balance, if any, of the taxes levied on the taxable property located within the revenue allocation area.

(4) For the purposes of section 63-803, Idaho Code, during the
period when revenue allocation under this chapter is in effect, and
solely with respect to any taxing district in which a revenue allocation
area is located, the county commissioners shall, in fixing any tax levy
other than the levy specified in subsection (1)(a) through (e) of this
section, take into consideration the equalized assessed valuation of the
taxable property situated in the revenue allocation area as shown in the
base assessment roll, rather than the current equalized assessed value
of such taxable property.
(5) For all other purposes, including, without limitation, for pur­
poses of sections 33-802, 33-1002 and 63-1313, Idaho Code, reference in

county auditor, county assessor, county commissioners or to any other
county officer, any property tax levy, upon property located within said
district, such certification shall, notwithstanding any other provision
of the law applicable to any such district, be made at the time and in
the manner hereinafter provided.
(2) The county auditor shall inform each of the taxing districts
within his county of the taxable value of that district as soon as such
value is known to the auditor, whether the value comes from the

(3) Using the taxable value of the district, the council, trustees,
board or other governing body of any taxing district shall certify the
total amount required from a property tax upon property within the dis­
Trict to raise the amount of money fixed by their budget as previously
prepared or approved. The amount of money so determined shall be certi­
fied in dollars to the appropriate county commissioners. Any taxing
unit, except regional airport authorities, located in more than one (1)
county shall divide its dollar budget for certification to the separate
counties by multiplying the amount of such budget by a fraction, the
numerator of which shall be the total taxable value of all property in
such taxing unit within the county to which such certification is to be
made, and the denominator of which shall be the total taxable value of
property in such taxing unit in all such counties. Budget certification
to the participating counties of regional airport authorities shall be
made in the manner prescribed in section 21-807(10), Idaho Code. Taxable
value shall be certified by the county auditor of each affected county
to such taxing unit and such certification shall be used in this for­
mula. Except as provided in section 33-805, Idaho Code, relating to school emergency fund levies, the certification to the county commissioners required in this section shall be made not later than the Thursday prior to the second Monday in September, unless, upon application therefor, the county commissioners grant an extension of not more than seven (7) working days. After receipt of this certification, the county commissioners shall make a tax levy as a percent of taxable value of all property in the taxing district, which when applied to the tax rolls, will meet the budget requirements certified by such taxing districts.

(4) Except as provided in subsection (1)(a) through (e) of section 50-2908, Idaho Code, for the purpose of this section, "taxable value" shall mean the portion of the equalized assessed value, less any exemptions and the value that exceeds the value of the base assessment roll for the portion of any taxing district within a revenue allocation area of an urban renewal district, located within each taxing district which certifies a budget to be raised from a property tax levy. When the county auditor is notified of revenues sufficient to cover expenses as provided in section 50-2903(5), Idaho Code, taxable value shall also include the value that exceeds the value of the base assessment roll for the portion of any taxing district within a revenue allocation area. For each taxing district, taxable value shall include the value from the property and operating property rolls for the current year and subsequent and missed property rolls for the prior year or the best estimate of the subsequent and missed property rolls for the current year.

SECTION 3. That Section 63-811, Idaho Code, be, and the same is hereby amended to read as follows:

63-811. COMPUTATION OF PROPERTY TAXES -- DUTY OF COUNTY AUDITOR.
(1) The county auditor must cause to be computed the amount of the local property taxes levied on the total of the taxable value as entered on the property and operating property rolls, and must deliver the property and operating property rolls to the tax collector on or before the first Monday of November.

(2) The county auditor must cause to be computed the amount of the local property taxes levied on the total of the taxable value as entered on the subsequent property roll, and must deliver the subsequent property roll to the tax collector as soon as possible, without delay, after the first Monday of December.

(3) The county auditor must cause to be computed the amount of the state property tax and the amount of the local property taxes levied on the total taxable value as entered on the missed property roll, and must deliver the missed property roll to the tax collector as soon as possible, without delay, after the first Monday of March of the year following the year in which the assessment was entered on the missed property roll.

(4) Except as provided in subsection (1)(a) through (e) of section 50-2908, Idaho Code, for the purpose of this section, "taxable value" shall mean the portion of the equalized assessed value, less any exemptions and the value that exceeds the value of the base assessment roll for the portion of any taxing district within a revenue allocation area of an urban renewal district, located within each taxing district which certifies a budget to be raised from a property tax levy.

(5) The county auditor, at the time of delivery to the county tax
collector of the property roll, subsequent property roll, missed property roll or operating property roll with all property taxes computed, must subscribe an affidavit to such roll that he has to the best of his knowledge and ability computed the proper amount of property taxes due, and recorded such orders of the board of equalization as have been made and has made no other changes.

(6) Failure of the auditor to make the affidavit shall not affect the validity of any entry on the roll. The making of such affidavit, however, is declared to be a duty pertaining to the office of the county auditor. In every case where the said affidavit is omitted from the real property assessment roll, completed and delivered as aforesaid, the board of county commissioners must require the county auditor to make the same, and upon refusal or neglect of such county auditor to make and subscribe to such affidavit forthwith, the chairman of the board must immediately file in the district court in the county, an information in writing, verified by his oath, charging such county auditor with refusal or neglect to perform the official duties pertaining to his office, and thereupon he must be proceeded against as in such cases provided by law.

SECTION 4. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 2008.

(H.B. No. 543, As Amended)

AN ACT
RELATING TO THE IDAHO EDUCATION NETWORK; STATING LEGISLATIVE FINDINGS; AMENDING SECTION 33-125, IDAHO CODE, TO REQUIRE THE STATE DEPARTMENT OF EDUCATION TO PERFORM THE DUTIES ASSIGNED TO IT RELATING TO THE IDAHO EDUCATION NETWORK; AND AMENDING CHAPTER 57, TITLE 67, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 67-5745D, IDAHO CODE, TO PROVIDE LEGISLATIVE FINDINGS, TO DEFINE "IDAHO EDUCATION NETWORK (IEN)," TO PROVIDE FOR ADMINISTRATIVE OVERSIGHT OF THE IDAHO EDUCATION NETWORK BY THE DEPARTMENT OF ADMINISTRATION, TO SPECIFY DUTIES OF THE DEPARTMENT OF ADMINISTRATION INCLUDING IMPLEMENTATION OF THE GOALS AND PLAN OF THE IDAHO EDUCATION NETWORK, TO SPECIFY DUTIES OF THE STATE DEPARTMENT OF EDUCATION, TO PROVIDE FOR MANAGEMENT OF SITE OPERATIONS AND TO CREATE THE IDAHO EDUCATION NETWORK FUND.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. LEGISLATIVE FINDINGS. The Legislature finds that:

(1) High-bandwidth connectivity is an essential component of education infrastructure in the 21st century;

(2) Idaho is behind in the use of high-bandwidth connectivity and technology to deliver educational opportunities to students and teachers;

(3) High-bandwidth connectivity and technology can enable advanced and specialized courses to be shared within or among school districts and allow students access to concurrent enrollment offered by higher education; and

(4) A common high-bandwidth connectivity and technology platform will enable scarce educational resources to be shared throughout the state.

SECTION 2. That Section 33-125, Idaho Code, be, and the same is hereby amended to read as follows:

33-125. STATE DEPARTMENT OF EDUCATION -- CREATION -- DUTIES. There is hereby established as an executive agency of the state board of education a department known as the state department of education. The
state superintendent shall serve as the executive officer of such department and shall have the responsibility for carrying out policies, procedures and duties authorized by law or established by the state board of education for all elementary and secondary school matters, and to administer grants for the promotion of science education as provided in sections 33-128 and 33-129, Idaho Code. 67-5745D. IDAHO EDUCATION NETWORK. (1) The legislature finds that:
(a) Idaho does not have a statewide coordinated and funded high-bandwidth education network;
(b) Such a network will enable required and advanced courses, concurrent enrollment and teacher training to be deliverable to all public high schools through an efficiently-managed statewide infrastructure; and
(c) Aggregating and leveraging demand at the statewide level will provide overall benefits and efficiencies in the procurement of telecommunications services, including high-bandwidth connectivity, internet access, purchases of equipment, federal subsidy program expertise and other related services.
(2) As used in this section, "Idaho Education Network (IEN)" means the coordinated, statewide telecommunications distribution system for distance learning for each public school, including two-way interactive video, data, internet access and other telecommunications services for providing distance learning. The term also includes connections to each institution of higher education and other locations as necessary to facilitate distance education, teacher training and other related services.
(3) The department of administration shall provide administrative oversight for IEN.
(4) In performing the duties under this section, the department of administration shall consider the following goals to ensure that:
(a) Idaho will utilize technology to facilitate comparable access to educational opportunities for all students;
(b) Idaho will be a leader in the use of technology to deliver advanced high school curricula, concurrent college credit, and ongoing teacher training on an equitable basis throughout the state; and
(c) Idaho will leverage its statewide purchasing power for the IEN to promote private sector investment in telecommunications infrastructure that will benefit other technology applications such as telemedicine, telecommuting, telegovernment and economic development.
(5) In performing the duties under this section, subject to the availability of funds, the department of administration shall:
(a) Coordinate the development, outsourcing and implementation of a statewide network for education, which shall include high-bandwidth connectivity, two-way interactive video and internet access, using primarily fiber optic and other high-bandwidth transmission media;
(b) Consider statewide economic development impacts in the design
and implementation of the educational telecommunications infrastructure;

(c) Coordinate and support the telecommunications needs, other than basic voice communications of public education;

(d) Procure high-quality, cost-effective internet access and appropriate interface equipment to public education facilities;

(e) Procure telecommunications services and equipment on behalf of public education;

(f) Procure and implement technology and equipment for the delivery of distance learning;

(g) In conjunction with the state department of education, apply for state and federal funding for technology on behalf of IEN services;

(h) Procure telecommunications services and equipment for the IEN through an open and competitive bidding process;

(i) Work with the private sector to deliver high-quality, cost-effective services statewide; and

(j) Cooperate with state and local governmental and educational entities and provide leadership and consulting for telecommunications for education.

(6) The department of administration shall follow an implementation plan that:

(a) In the first phase, will connect each public high school with a scalable, high-bandwidth connection, including connections to each institution of higher education as necessary, thereby allowing any location on IEN to share educational resources with any other location;

(b) Upon completion of the first phase, shall provide that each public high school will be served with high-bandwidth connectivity, internet access and equipment in at least one (1) two-way interactive video classroom; and

(c) In subsequent phases, will evaluate and make recommendations to the legislature for:

(i) Connectivity to each elementary and middle school;

(b) Coordinate with the state board of education and institutions of higher education to distribute college credit telecourses, teleconferences and other instructional and training services;

(c) Act as a clearinghouse for the materials, courses, publications and other applicable information related to the requirements of this section; and

(d) Coordinate all e-rate funding applications for Idaho's school districts and implement e-rate funds, through the department of administration, for related services provided under the purview of the IEN.

(8) Educational institutions served by the IEN shall manage site operations under policy established by the department of administration.
(9) Idaho education network fund. There is hereby created in the state treasury the Idaho education network fund. Moneys in the fund shall consist of funds received from state appropriations, grants, federal moneys, donations or funds from any other source. Moneys in the fund may be expended, pursuant to appropriation, for implementation and ongoing costs of the Idaho education network. The treasurer shall invest all idle moneys in the fund. Any interest earned on the investment of idle moneys shall be returned to the fund.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-3022, Idaho Code, be, and the same is hereby amended to read as follows:

63-3022. ADJUSTMENTS TO TAXABLE INCOME. The additions and subtractions set forth in this section, and in sections 63-3022A through 63-3022Q, Idaho Code, are to be applied to the extent allowed in computing Idaho taxable income:

(a) Add any state and local taxes, as defined in section 164 of the Internal Revenue Code and, measured by net income, paid or accrued during the taxable year adjusted for state or local tax refunds used in arriving at taxable income.

(b) Add the net operating loss deduction used in arriving at taxable income.

(c) (1) A net operating loss for any taxable year commencing on and after January 1, 2000, shall be a net operating loss carryback not to exceed a total of one hundred thousand dollars ($100,000) to the two (2) immediately preceding taxable years. Any portion of the net operating loss not subtracted in the two (2) preceding years may be subtracted in the next twenty (20) years succeeding the taxable year in which the loss arises in order until exhausted. The sum of the deductions may not exceed the amount of the net operating loss deduction incurred. At the election of the taxpayer, the two (2) year carryback may be foregone and the loss subtracted from income received in taxable years arising in the next twenty (20) years succeeding the taxable year in which the loss arises in order until exhausted. The election shall be made as under section 172(b)(3) of
the Internal Revenue Code. An election under this subsection must be in the manner prescribed in the rules of the state tax commission and once made is irrevocable for the year in which it is made. The term "income" as used in this subsection (c) means Idaho taxable income as defined in this chapter as modified by section 63-3021(b)(2), (3) and (4), Idaho Code.

(2) Net operating losses incurred by a corporation during a year in which such corporation did not transact business in Idaho or was not included in a group of corporations combined under subsection (t) of section 63-3027, Idaho Code, may not be subtracted. However, if at least one (1) corporation within a group of corporations combined under subsection (t) of section 63-3027, Idaho Code, was transacting business in Idaho during the taxable year in which the loss was incurred, then the net operating loss may be subtracted. Net operating losses incurred by a person, other than a corporation, in activities not taxable by Idaho may not be subtracted.

(d) In the case of a corporation, add the amount deducted under the provisions of sections 243(a) and (c), 244, 245 and 246A of the Internal Revenue Code (relating to dividends received by corporations) as limited by section 246(b)(1) of said code.

(e) In the case of a corporation, subtract an amount determined under section 78 of the Internal Revenue Code to be taxable as dividends.

(f) Subtract the amount of any income received or accrued during the taxable year which is exempt from taxation by this state, under the provisions of any other law of this state or a law of the United States, if not previously subtracted in arriving at taxable income.

(g) For the purpose of determining the Idaho taxable income of the beneficiary of a trust or of an estate:

(1) Distributable net income as defined for federal tax purposes shall be corrected for the other adjustments required by this section.

(2) Net operating losses attributable to a beneficiary of a trust or estate under section 642 of the Internal Revenue Code shall be a deduction for the beneficiary to the extent that income from the trust or estate would be attributable to this state under the provisions of this chapter.

(h) In the case of an individual who is on active duty as a full-time officer, enlistee or draftee, with the armed forces of the United States, which full-time duty is or will be continuous and uninterrupted for one hundred twenty (120) consecutive days or more, deduct compensation paid by the armed forces of the United States for services performed outside this state. The deduction is allowed only to the extent such income is included in taxable income.

(i) In the case of a corporation, including any corporation included in a group of corporations combined under subsection (t) of section 63-3027, Idaho Code, add any capital loss deducted which loss was incurred during any year in which such corporation did not transact business in Idaho. However, do not add any capital loss deducted if a corporation, including any corporation in a group of corporations combined under subsection (t) of section 63-3027, Idaho Code, was transacting business in Idaho during the taxable year in which the loss was incurred. In the case of persons, other than corporations, add any capital loss deducted which was incurred in activities not taxable by Idaho.
at the time such loss was incurred. In computing the income taxable to an S corporation or partnership under this section, deduction shall not be allowed for a carryover or carryback of a net operating loss provided for in subsection (c) of this section or a capital loss provided for in section 1212 of the Internal Revenue Code.

(j) In the case of an individual, there shall be allowed as a deduction from gross income either (1) or (2) at the option of the taxpayer:

(1) The standard deduction as defined in section 63, Internal Revenue Code.
(2) Itemized deductions as defined in section 63 of the Internal Revenue Code except state or local taxes measured by net income and general sales taxes as either is defined in section 164 of the Internal Revenue Code.

(n) In the case of an individual, deduct the amount contributed to a college savings program pursuant to chapter 54, title 33, Idaho Code, but not more than four thousand dollars ($4,000) per tax year. If the contribution is made on or before April 15, 2001, it may be deducted for tax year 2000 and an individual can make another contribution and claim the deduction according to the limits provided in this subsection during 2001 for tax year 2001, as long as the contribution is made on or before December 31, 2001.

(o) In the case of an individual, add the amount of a nonqualified withdrawal from an individual trust account or savings account established pursuant to chapter 54, title 33, Idaho Code, less any amount of such nonqualified withdrawal included in the individual's federal gross income pursuant to section 529 of the Internal Revenue Code.

CHAPTER 274
(H.B. No. 422, As Amended in the Senate)

AN ACT RELATING TO ENERGY EFFICIENT STATE BUILDINGS; AMENDING TITLE 39, IDAHO CODE, BY THE ADDITION OF A NEW CHAPTER 29, TITLE 39, IDAHO CODE, TO PROVIDE A SHORT TITLE, TO PROVIDE LEGISLATIVE FINDINGS AND INTENT, TO DEFINE TERMS AND TO PROVIDE REQUIREMENTS FOR MAJOR FACILITY PROJECTS; AND PROVIDING A SUNSET CLAUSE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 39, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 29, Title 39, Idaho Code, and to read as follows:

CHAPTER 29
ENERGY EFFICIENT STATE BUILDINGS

39-2901. SHORT TITLE. This chapter shall be known and cited as the "Idaho Energy Efficient State Buildings Act."
39-2902. LEGISLATIVE FINDINGS AND INTENT. (1) The legislature finds that serious energy challenges face the state of Idaho and that the operation of Idaho state buildings consumes significant amounts of energy and electricity.

(2) The legislature finds that, with minimal if any additional cost, there is considerable potential for energy savings and operational cost savings in the operation of both new and renovated state buildings if they are designed and constructed to an energy savings target over and above the state building code requirements.

(3) The legislature finds that by adopting energy savings measures into the design and construction of state buildings the state has an opportunity to demonstrate leadership to the private sector and to local government and to provide both an environmental and a fiscal benefit for Idaho's citizens.

(4) It is the intent and established goal of the legislature to adopt an energy performance target, including operational cost savings, for state buildings and thereby reduce consumption of and dollars spent for energy by the state of Idaho, and to have the state agencies occupying such buildings document and report the costs of the buildings' design, construction and operation and the cost savings associated therewith.

39-2903. DEFINITIONS. As used in this chapter:

(1) "Full commissioning" means that a third-party commissioning authority has validated and documented that the building and its systems are designed, installed, tested and capable of being operated and maintained to perform in accordance with the design intent, including energy performance. The full commissioning process extends through all phases of the project, from conceptualization to occupancy and operation, with evaluation checks at each phase to ensure validation of the building's performance.

(2) "Idaho state building authority" means the Idaho state building authority as established in chapter 64, title 67, Idaho Code.

(3) "Major facility project" means:

(a) A building project constructed by a state agency or for occupancy or use by a state agency that is larger than five thousand (5,000) gross square feet of occupied or conditioned space as defined in the appropriate building code adopted by the Idaho building code board pursuant to chapter 41, title 39, Idaho Code; or

(b) A building renovation project constructed by a state agency or for occupancy or use by a state agency on an existing building that is larger than five thousand (5,000) gross square feet of occupied or conditioned space as defined in the appropriate building code adopted by the Idaho building code board pursuant to chapter 41, title 39, Idaho Code, and with a project cost greater than fifty percent (50%) of the assessed value of the existing building.

(4) "Operational cost savings" means that the savings of the operational costs of a major facility project constructed pursuant to section 39-2904(1), Idaho Code, over a period of ten (10) years, will equal or be more than the additional cost of construction of the building as required in section 39-3904, Idaho Code.

(5) "Permanent building fund advisory council" means the permanent building fund advisory council created in section 67-5710, Idaho Code.

(6) "State agency" means every state officer, department, division,
bureau, commission and board, including those in the legislative or judicial branch and public postsecondary educational institutions. With the exception of community college districts, for purposes of this chapter, "state agency" does not include a political subdivision as defined in section 67-2320(5), Idaho Code, or a public charter school as defined in section 33-5202A, Idaho Code.

39-2904. MAJOR FACILITY PROJECTS. (1) To the extent it is fiscally prudent and to the extent it is practical and feasible given the intended use of the building, all major facility projects receiving funding from the state general fund or the state permanent building fund or financed through the Idaho state building authority shall be designed, constructed and certified to meet a target of at least ten percent (10%) to thirty percent (30%) better efficiency than a building of equal size, function and orientation built on the same site to the requirements of then current state building codes as provided in section 39-4109, Idaho Code. Full commissioning shall be considered on all major facility projects.

(2) The provisions of subsection (1) of this section shall apply to major facility projects that have not entered the schematic design phase prior to the effective date of this chapter.

(3) Beginning in 2009, on or before December 1 of each year, the division of public works, in cooperation with each appropriate state agency, shall submit a report to the permanent building fund advisory council, the legislature and the governor. The report shall describe the ongoing implementation of this chapter with achieved energy efficiency data and supporting narrative for each major facility project designed, constructed or certified as provided in subsection (1) of this section during the previous year.

(4) The governor shall designate a state office or agency to provide technical assistance to the state agencies and the permanent building fund advisory council on the implementation of this chapter.

SECTION 2. The provisions of this act shall be null, void and of no force and effect on and after July 1, 2013.

Approved March 25, 2008.

10. Administer the program and any trust established by the board as instrumentalities of the state under section 529 of the Internal Revenue Code of 1986, as amended, and the federal securities law, including the securities act of 1933, as amended, the trust indenture act of 1939, as amended, and the investment company act of 1940, as amended.

SECTION 3. That Section 33-5404, Idaho Code, be, and the same is hereby amended to read as follows:

33-5404. PROGRAM REQUIREMENTS. (1) The program shall be operated through the use of accounts. An account may be opened by any person who desires to save to pay the qualified higher education expenses of a person. Minors may open an account which cannot be disaffirmed pursuant to section 32-103, Idaho Code. A person may open an account by satisfying
each of the following requirements:

(a) Completing an application in the form prescribed by the board. The application shall include the following information:
   (i) The name, address and social security number or employer identification number of the contributor;
   (ii) The name, address and social security number of the account owner if the account owner is not the contributor;
   (iii) The name, address and social security number of the designated beneficiary;
   (iv) The certification relating to no excess contributions required by subsection (13) of this section;
   (v) Any other information that the board may require;
(b) Paying the one-time application fee established by the board;
(c) Making the minimum contribution required by the board or by opening an account;
(d) Designating the type of account to be opened if more than one type of account is offered.
(2) Any person may make contributions to an account after the account is opened.
(3) Contributions to accounts may be made only in cash.
(4) Account owners may withdraw all or part of the balance from an account on sixty (60) days' notice, or a shorter period as may be authorized by the board, under rules prescribed by the board. These rules—shall—include provisions that will generally enable the board or program manager to determine if a withdrawal is a nonqualified withdrawal or a qualified withdrawal. The rules may, but need not, require one of the following:
   (a) Account owners seeking to make a qualified withdrawal or other withdrawal that is not a nonqualified withdrawal shall provide certifications, copies of bills for qualified higher education expenses or other supporting materials.
   (b) Qualified withdrawals from an account shall be made only by a check payable as designated by the account owner.
(5) An account owner may change the designated beneficiary of an account to an individual who is a member of the family of the former designated beneficiary in accordance with procedures established by the board.
(6) On the direction of an account owner, all or a portion of an account may be transferred to another account of which the designated beneficiary is a member of the family of the designated beneficiary of the transferee account.
(7) Changes in designated beneficiaries and rollovers under this section are not permitted if the changes or rollovers would violate either of the following provisions of this section relating to excess contributions or to investment choice.
(8) Each account shall be maintained separately from each other account under the program.
(9) Separate records and accounting shall be maintained for each account for each designated beneficiary.
(10) No contributor to, account owner of or designated beneficiary of any account may direct the investment of any contributions to an account or the earnings from the account.
(11) If the board terminates the authority of a financial institution to hold accounts and accounts must be moved from that financial
institution to another financial institution, the board shall select the financial institution and type of investment to which the balance of the account is moved unless the internal revenue service provides guidance stating that allowing the account owner to select among several financial institutions that are current contractors would not cause a plan to cease to be a qualified tuition program.

(12) Neither an account owner nor a designated beneficiary may use an interest in an account as security for a loan. Any pledge of an interest in an account is of no force and effect.

(13) The board shall adopt rules to prevent contributions on behalf of a designated beneficiary in excess of those necessary to pay the qualified higher education expenses of the designated beneficiaries. The rules shall address the following:

(a) Procedures for aggregating the total balances of multiple accounts established for a designated beneficiary;
(b) The establishment of a maximum total balance that may be held in accounts for a designated beneficiary;
(c) The board shall review the quarterly reports received from participating financial institutions and certify that the balance in all qualified tuition programs, as defined in section 529 of the Internal Revenue Code, of which that person is the designated beneficiary does not exceed the lesser of:
   (i) A maximum college savings amount established by the board from time to time;
   (ii) The cost in current dollars of qualified higher education expenses that the contributor reasonably anticipates the designated beneficiary will incur;
(d) Requirements that any excess balances with respect to a designated beneficiary be promptly withdrawn in a nonqualified withdrawal or rolled over to another account in accordance with this section.

(14) If there is any distribution from an account to any person or for the benefit of any person during a calendar year, the distribution shall be reported to the internal revenue service and the account owner or the designated beneficiary to the extent required by federal law.

(15) The financial institution shall provide statements to each account owner at least once each year within thirty-one (31) days after the twelve (12) month period to which they relate. The statement shall identify the contributions made during a preceding twelve (12) month period, the total contributions made through the end of the period, the value of the account as of the end of this period, distributions made during this period and any other matters that the board requires be reported to the account owner.

(16) Statements and information returns relating to accounts shall be prepared and filed to the extent required by federal or state tax law.

(17) A state or local government or organization described in section 501(c)(3) of the Internal Revenue Code may open and become the account owner of an account to fund scholarships for persons whose identity will be determined after an account is opened.

(18) In the case of any account described in subsection (17) of this section, the requirement that a designated beneficiary be designated when an account is opened does not apply and each person who receives an interest in the account as a scholarship shall be treated as a designated beneficiary with respect to the interest.
(19) Any social security numbers, addresses or telephone numbers of individual account holders and designated beneficiaries that come into the possession of the board are confidential, are not public records and shall not be released by the board.

SECTION 4. That Section 33-5407, Idaho Code, be, and the same is hereby amended to read as follows:

33-5407. LIMITATIONS OF CHAPTER. (1) Nothing in this chapter shall be construed to:

(a) Give any designated beneficiary any rights or legal interest with respect to an account unless the designated beneficiary is the account owner;
(b) Guarantee that a designated beneficiary will be admitted to an higher eligible education institution or be allowed to continue enrollment at or graduate from an higher eligible education institution located in this state after admission;
(c) Establish state residency for a person merely because the person is a designated beneficiary;
(d) Guarantee that amounts saved pursuant to the program will be sufficient to cover the qualified higher education expenses of a designated beneficiary.

(2) Nothing in this chapter establishes any obligation of this state or any agency or instrumentality of this state to guarantee for the benefit of any account owner, contributor to an account or designated beneficiary any of the following:

(a) The return of any amounts contributed to an account;
(b) The rate of interest or other return on any account;
(c) The payment of interest or other return on any account;
(d) Tuition rates or the cost of related higher education expenditures.

(3) Under rates policies adopted by the board, every contract, application, deposit slip or other similar document that may be used in connection with a contribution to an account shall clearly indicate that the account is not insured by this state and neither the principal deposited nor the investment return is guaranteed by this state.

SECTION 5. That Chapter 54, Title 33, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 33-5410, Idaho Code, and to read as follows:

33-5410. UNCLAIMED ACCOUNTS. Unclaimed accounts shall be subject to the provisions of section 14-506, Idaho Code. The date upon which the account owner is deemed to have last communicated that the owner is currently aware of his interest in the account shall not occur prior to the eighteenth birthday of the designated beneficiary.

TO PROVIDE FOR PENALTIES AND ENFORCEMENT, TO PROVIDE RULEMAKING AUTHORITY, TO PROVIDE FOR INSPECTION, TO PROVIDE FOR THE REDUCED CIGARETTE IGNITION PROPENSITY AND FIREFIGHTER PROTECTION ACT FUND, TO PROVIDE FOR MANUFACTURING AND SALE OF CIGARETTES OUTSIDE OF THE STATE AND TO PROVIDE FOR FEDERAL PREEMPTION; PROVIDING FOR LOCAL REGULATION; AND PROVIDING EFFECTIVE DATES.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 39, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 89, Title 39, Idaho Code, and to read as follows:

CHAPTER 89
REDUCED CIGARETTE IGNITION PROPENSITY

39-8901. SHORT TITLE. This act may be known and cited as the "Reduced Cigarette Ignition Propensity and Firefighter Protection Act."

39-8902. DEFINITIONS. As used in this chapter:
(1) "Agent" means any person authorized by the state tax commission to purchase and affix stamps on packages of cigarettes.
(2) "Cigarette" means any roll for smoking, whether made wholly or in part of tobacco or any other substance, irrespective of size or shape, and whether or not such tobacco or substance is flavored, adulterated or mixed with any other ingredient, the wrapper or cover of which is made of paper or any other substance or material, other than tobacco.
(3) "Manufacturer" means:
(a) Any entity that manufactures or otherwise produces cigarettes or causes cigarettes to be manufactured or produced anywhere that the manufacturer intends to be sold in this state, including cigarettes intended to be sold in the United States through an importer; or
(b) The first purchaser anywhere that intends to resell in the United States cigarettes manufactured anywhere that the original manufacturer or maker does not intend to be sold in the United States; or
(c) Any entity that becomes a successor of an entity described in paragraph (a) or (b) of this subsection.
(4) "Quality control and quality assurance program" means the laboratory procedures implemented to ensure that operator bias, systematic and nonsystematic methodological errors, and equipment-related problems do not affect the results of the testing. The program ensures that the testing repeatability remains within the required repeatability values stated in section 39-8903(1)(f), Idaho Code, for all test trials used to certify cigarettes in accordance with this chapter.
(5) "Repeatability" means the range of values within which the repeat results of cigarette test trials from a single laboratory will fall ninety-five percent (95%) of the time.
(6) "Retail dealer" means any person, other than a manufacturer or wholesale dealer, engaged in selling cigarettes or tobacco products.
(7) "Sale" means any transfer of title or possession or both, exchange or barter, conditional or otherwise, in any manner or by any
means whatever or any agreement therefor. In addition to cash and credit sales, the giving of cigarettes as samples, prizes or gifts, and the exchanging of cigarettes for any consideration other than money, are considered sales.

(8) "Wholesale dealer" means any person other than a manufacturer who sells cigarettes or tobacco products to retail dealers or other persons for purposes of resale, and any person who owns, operates or maintains one (1) or more cigarette or tobacco product vending machines in, at or upon premises owned or occupied by any other person.

39-8903. TEST METHOD AND PERFORMANCE STANDARD. (1) Except as provided in subsection (7) of this section, no cigarettes may be sold or offered for sale in this state or offered for sale or sold to persons located in this state unless the cigarettes have been tested in accordance with the test method and meet the performance standard specified in this section, a written certification has been filed by the manufacturer with the state fire marshal in accordance with section 39-8904, Idaho Code, and the cigarettes have been marked in accordance with section 39-8905, Idaho Code.

(a) Testing of cigarettes shall be conducted in accordance with the American society of testing and materials (ASTM) standard E2187-04, "standard test method for measuring the ignition strength of cigarettes."

(b) Testing shall be conducted on ten (10) layers of filter paper.

(c) No more than twenty-five percent (25%) of the cigarettes tested in a test trial in accordance with this section shall exhibit full-length burns. Forty (40) replicate tests shall comprise a complete test trial for each cigarette tested.

(d) The performance standard required in this section shall only be applied to a complete test trial.

(e) Written certifications shall be based upon testing conducted by a laboratory that has been accredited pursuant to standard ISO/IEC 17025 of the international organization for standardization (ISO), or other comparable accreditation standard required by the state fire marshal.

(f) Laboratories conducting testing in accordance with this section shall implement a quality control and quality assurance program that includes a procedure that will determine the repeatability of the testing results. The repeatability value shall be no greater than 0.19.

(g) This section does not require additional testing if cigarettes are tested consistent with this chapter for any other purpose.

(h) Testing performed or sponsored by the state fire marshal to determine a cigarette's compliance with the performance standard required in this section shall be conducted in accordance with this section.

(2) Each cigarette listed in a certification submitted pursuant to section 39-8904, Idaho Code, that uses lowered permeability bands in the cigarette paper to achieve compliance with the performance standard set forth in this section shall have at least two (2) nominally identical bands on the paper surrounding the tobacco column. At least one (1) complete band shall be located at least fifteen (15) millimeters from the lighting end of the cigarette. For cigarettes on which the bands are positioned by design, there shall be at least two (2) bands fully
located at least fifteen (15) millimeters from the lighting end and ten (10) millimeters from the filter end of the tobacco column, or ten (10) millimeters from the labeled end of the tobacco column for nonfiltered cigarettes.

(3) A manufacturer of a cigarette that the state fire marshal determines cannot be tested in accordance with the test method prescribed in paragraph (1)(a) of this section shall propose a test method and performance standard for the cigarette to the state fire marshal. Upon approval of the proposed test method and a determination by the state fire marshal that the performance standard proposed by the manufacturer is equivalent to the performance standard prescribed in paragraph (1)(c) of this section, the manufacturer may employ that test method and performance standard to certify the cigarette pursuant to section 39-8904, Idaho Code. If the state fire marshal determines that another state has enacted reduced cigarette ignition propensity standards that include a test method and performance standard that are the same as those contained in this chapter, and the state fire marshal finds that the officials responsible for implementing those requirements have approved the proposed alternative test method and performance standard for a particular cigarette proposed by a manufacturer as meeting the fire safety standards of that state's law or regulation under a legal provision comparable to this section, then the state fire marshal shall authorize that manufacturer to employ the alternative test method and performance standard to certify that cigarette for sale in this state, unless the state fire marshal demonstrates a reasonable basis why the alternative test should not be accepted under this chapter. All other applicable requirements of this section shall apply to the manufacturer.

(4) Each manufacturer shall maintain copies of the reports of all tests conducted on all cigarettes offered for sale for a period of three (3) years, and shall make copies of these reports available to the state fire marshal and the attorney general upon written request. Any manufacturer who fails to make copies of these reports available within sixty (60) days of receiving a written request shall be subject to a civil penalty not to exceed ten thousand dollars ($10,000) for each day after the sixtieth day that the manufacturer does not make the copies available.

(5) The state fire marshal may adopt a subsequent ASTM standard test method for measuring the ignition strength of cigarettes upon a finding that the subsequent method does not result in a change in the percentage of full-length burns exhibited by any tested cigarette when compared to the percentage of full-length burns the same cigarette would exhibit when tested in accordance with ASTM standard E2187-04 and the performance standard in subsection (1)(c) of this section.

(6) The state fire marshal shall review the effectiveness of this section and report the state fire marshal's findings every three (3) years to the legislature and, if appropriate, make recommendations for legislation to improve the effectiveness of this chapter. The report and legislative recommendations shall be submitted no later than June 30 following the conclusion of each three (3) year period.

(7) The requirements of subsection (1) of this section shall not prohibit:

(a) Wholesale or retail dealers from selling their existing inventory of cigarettes on or after the effective date of this chapter if
the wholesale or retail dealer can establish that state tax stamps were affixed to the cigarettes prior to the effective date and the wholesale or retail dealer can establish that the inventory was purchased prior to the effective date in comparable quantity to the inventory purchased during the same period of the prior year; or

(b) The sale of cigarettes solely for the purpose of consumer testing. For purposes of this subsection, the term "consumer testing" means an assessment of cigarettes that is conducted by a manufacturer, or under the control and direction of a manufacturer, for the purpose of evaluating consumer acceptance of those cigarettes, utilizing only the quantity of cigarettes that is reasonably necessary for the assessment.

(8) This chapter shall be implemented in accordance with the implementation and substance of the New York fire safety standards for cigarettes.

39-8904. CERTIFICATION AND PRODUCT CHANGE. (1) Each manufacturer shall submit to the state fire marshal a written certification attesting that:

(a) Each cigarette listed in the certification has been tested in accordance with section 39-8903, Idaho Code; and

(b) Each cigarette listed in the certification meets the performance standard set forth in section 39-8903, Idaho Code.

(2) Each cigarette listed in the certification shall be described with the following information:

(a) Brand, or trade name on the package;

(b) Style, such as light or ultra light;

(c) Length in millimeters;

(d) Circumference in millimeters;

(e) Flavor, such as menthol or chocolate, if applicable;

(f) Filter or nonfilter;

(g) Package description, such as soft pack or box;

(h) Marking pursuant to section 39-8905, Idaho Code;

(i) The name, address and telephone number of the laboratory, if different than the manufacturer that conducted the test; and

(j) The date that the testing occurred.

(3) The certifications shall be made available to the attorney general for purposes consistent with this chapter and the state tax commission for purposes of ensuring compliance with this section.

(4) Each cigarette certified under this section shall be recertified every three (3) years.

(5) For each brand family listed in a certification, a manufacturer shall pay to the state fire marshal a one thousand dollar ($1000) fee. The fee paid shall apply to all cigarettes within the brand family certified and shall include any new cigarette certified within the brand family during the three (3) year certification period.

(6) All moneys collected as certification fees submitted by manufacturers shall be deposited in the state treasury to the credit of a special account in the state operating fund hereby created to be known as the "Reduced Cigarette Ignition Propensity and Firefighter Protection Act Enforcement Fund." The fund shall, in addition to any other moneys made available for that purpose, be available to the state fire marshal solely to support processing, testing, enforcement and oversight activities under this chapter.
(7) If a manufacturer has certified a cigarette pursuant to this section, and thereafter makes any change to the cigarette that is likely to alter its compliance with the reduced cigarette ignition propensity standards required in this chapter, that cigarette shall not be sold or offered for sale in this state until the manufacturer retests the cigarette in accordance with the testing standards set forth in section 39-8903, Idaho Code, and maintains records of that retesting as required by section 39-8903, Idaho Code. Any altered cigarette which does not meet the performance standard set forth in section 39-8903, Idaho Code, may not be sold in this state.

39-8905. MARKING OF CIGARETTE PACKAGING. (1) Cigarettes that are certified by a manufacturer in accordance with section 39-8904, Idaho Code, shall be marked to indicate compliance with the requirements of section 39-8903, Idaho Code. The marking shall be in eight (8) point type or larger and consist of:

(a) Modification of the product UPC code to include a visible mark printed at or around the area of the UPC code. The mark may consist of alphanumeric or symbolic characters permanently stamped, engraved, embossed or printed in conjunction with the UPC; or

(b) Any visible combination of alphanumeric or symbolic characters permanently stamped, engraved or embossed upon the cigarette package or cellophane wrap; or

(c) Printed, stamped, engraved or embossed text that indicates that the cigarettes meet the standards of this chapter.

(2) A manufacturer shall use only one (1) marking, and shall apply this marking uniformly for all packages including, but not limited to, packs, cartons and cases, and brands marketed by that manufacturer.

(3) The state fire marshal shall be notified as to the marking that is selected.

(4) Prior to the certification of any cigarette, a manufacturer shall present its proposed marking to the state fire marshal for approval. Upon receipt of the request, the state fire marshal shall approve or disapprove the marking offered, except that the state fire marshal shall approve:

(a) Any marking in use and approved for sale in another state; or

(b) The letters "FSC," which signify fire standards compliant, appearing in eight (8) point type or larger and permanently printed, stamped, engraved or embossed on the package at or near the UPC code.

Proposed markings shall be deemed approved if the state fire marshal fails to act within ten (10) business days of receiving a request for approval.

(5) No manufacturer shall modify its approved marking unless the modification has been approved by the state fire marshal in accordance with this section.

(6) Manufacturers certifying cigarettes in accordance with section 39-8904, Idaho Code, shall provide a copy of the certifications to all wholesale dealers and agents to which they sell cigarettes, and shall also provide sufficient copies of an illustration of the package marking utilized by the manufacturer pursuant to this section for each retail dealer to which the wholesale dealers or agents sell cigarettes. Wholesale dealers and agents shall provide a copy of these package markings received from manufacturers to all retail dealers to which they sell.
cigarettes. Wholesale dealers, agents and retail dealers shall permit the state fire marshal, the state tax commission, the attorney general, and their employees to inspect markings of cigarette packaging marked in accordance with this section.

39-8906. PENALTIES. (1) A manufacturer, wholesale dealer, agent or any other person or entity who knowingly sells or offers to sell cigarettes, other than through retail sale, in violation of section 39-8903, Idaho Code, shall be subject to a civil penalty not to exceed one hundred dollars ($100) for each pack of the cigarettes sold or offered for sale; provided however, that in no case shall the penalty against that person or entity exceed one hundred thousand dollars ($100,000) during any thirty (30) day period.

(2) A retail dealer who knowingly sells or offers to sell cigarettes in violation of section 39-8903, Idaho Code, shall be subject to a civil penalty not to exceed one hundred dollars ($100) for each pack of the cigarettes sold or offered for sale; provided however, that in no case shall the penalty against that retail dealer exceed twenty-five thousand dollars ($25,000) during any thirty (30) day period.

(3) In addition to any penalty prescribed by law, any corporation, partnership, sole proprietor, limited partnership or association engaged in the manufacture of cigarettes that knowingly makes a false certification pursuant to section 39-8904, Idaho Code, shall be subject to a civil penalty of at least seventy-five thousand dollars ($75,000) and not to exceed two hundred fifty thousand dollars ($250,000) for each false certification.

(4) Any person violating any other provision in this chapter shall be subject to a civil penalty for a first offense not to exceed one thousand dollars ($1,000), and for a subsequent offense subject to a civil penalty not to exceed five thousand dollars ($5,000) for each violation.

(5) Any cigarettes that have been sold or offered for sale that do not comply with the performance standard required by section 39-8903, Idaho Code, shall be subject to forfeiture. Cigarettes forfeited pursuant to this subsection shall be destroyed; provided however, that prior to the destruction of any cigarettes forfeited pursuant to these provisions, the true holder of the trademark rights in the cigarette brand shall be permitted to inspect the cigarettes.

(6) In addition to any other remedy provided by law, the state fire marshal or attorney general may file an action in district court for a violation of this chapter, including petitioning for injunctive relief or to recover any costs or damages suffered by the state because of a violation of this chapter, including enforcement costs relating to the specific violation and attorney's fees. Each violation of this chapter or of rules adopted under this chapter constitutes a separate civil violation for which the state fire marshal or attorney general may obtain relief.

(7) Whenever any law enforcement personnel or duly authorized representative of the state fire marshal shall discover any cigarettes that have not been marked in the manner required in section 39-8905, Idaho Code, the personnel is hereby authorized and empowered to seize and take possession of the cigarettes. The cigarettes shall be turned over to the state tax commission, and shall be forfeited to the state. Cigarettes seized pursuant to this subsection shall be destroyed; provided however,
that prior to the destruction of any cigarettes seized pursuant to these provisions, the true holder of the trademark rights in the cigarette brand shall be permitted to inspect the cigarettes.

39-8907. IMPLEMENTATION. (1) The state fire marshal may promulgate rules pursuant to the provisions of chapter 52, title 67, Idaho Code, the administrative procedure act, necessary to effectuate the purposes of this chapter.

(2) The state tax commission in the regular course of conducting inspections of wholesale dealers, agents and retail dealers, as authorized under chapter 25, title 63, Idaho Code, may inspect the cigarettes to determine if the cigarettes are marked as required in section 39-8905, Idaho Code. If the cigarettes are not marked as required, the state tax commission shall notify the state fire marshal.

39-8908. INSPECTION. To enforce the provisions of this chapter, the attorney general, the state tax commission and the state fire marshal, their duly authorized representatives and other law enforcement personnel are hereby authorized to examine the books, papers, invoices and other records of any person in possession, control or occupancy of any premises where cigarettes are placed, stored, sold or offered for sale, as well as the stock of cigarettes on the premises. Every person in the possession, control or occupancy of any premises where cigarettes are placed, sold or offered for sale, is hereby directed and required to give the attorney general, the state tax commission and the state fire marshal, their duly authorized representatives and other law enforcement personnel the means, facilities and opportunity for the examinations authorized in this section.

39-8909. REDUCED CIGARETTE IGNITION PROPENSITY AND FIREFIGHTER PROTECTION ACT FUND. All moneys collected as civil penalties under section 39-8906, Idaho Code, shall be deposited in the state treasury to the credit of a special account in the state operating fund hereby created to be known as the "Reduced Cigarette Ignition Propensity and Firefighter Protection Act Fund." The moneys shall be deposited to the credit of the fund and shall, in addition to any other moneys made available for that purpose, be made available to the state fire marshal to support fire safety and prevention programs.

39-8910. SALE OUTSIDE OF IDAHO. Nothing in this chapter shall be construed to prohibit any person or entity from manufacturing or selling cigarettes that do not meet the requirements of section 39-8903, Idaho Code, if the cigarettes are or will be stamped for sale in another state or are packaged for sale outside the United States and that person or entity has taken reasonable steps to ensure that the cigarettes will not be sold or offered for sale to persons located in this state.

39-8911. PREEMPTION. This chapter shall be repealed if a federal reduced cigarette ignition propensity standard that preempts this chapter is adopted and becomes effective.

SECTION 2. LOCAL REGULATION. Notwithstanding any other provision of law, the local governmental units of this state may neither enact nor enforce any ordinance or other local law or regulation conflicting with,
or preempted by, any provision of this chapter or with any policy of this state expressed by this chapter, whether that policy be expressed by inclusion of a provision in this chapter or by exclusion of that subject from this chapter.

In the case of water rights, the director shall request an investigation by the director of the department of water resources of the conditions complained of. The director of the department of water resources shall request a recommendation from the local water master, if any, and upon such examination, shall certify to the director of the department of fish and game whether said wildlife, or houses, dams or other structures erected by said wildlife is injuring or otherwise adversely impacting water rights. If it appears that the complaint is well-founded and the property of such complainant is being or is likely to be damaged or destroyed by any such wildlife protected under this title, the director may:

No liability whatever shall accrue to the department or the director by reason of any direct or indirect damage arising from such entry upon land, destruction, removal or modification.

4. Issue a permit to any bona fide owner or lessee of property which is being actually and materially damaged by furbearing animals, to trap or kill or to have trapped or killed such animals on his own or leased premises. Such permit may be issued without cost to a landholder applicant and shall designate therein the number of furbearing animals that may be trapped or killed, the name of the person who the landowner has designated to take such furbearers and the valid trapping license number of the taker. 44-2702. DEFINITIONS. For purposes of this section, the following terms shall have the following meanings:
(1) "Key employees" and "key independent contractors" shall include those employees or independent contractors who, by reason of the employer's investment of time, money, trust, exposure to the public, or exposure to technologies, intellectual property, business plans, business processes and methods of operation, customers, vendors or other business relationships during the course of employment, have gained a high level of inside knowledge, influence, credibility, notoriety, fame, reputation or public persona as a representative or spokesperson of the employer, and as a result, have the ability to harm or threaten an employer's legitimate business interests.
(2) "Legitimate business interests" shall include, but not be limited to, an employer's goodwill, technologies, intellectual property, business plans, business processes and methods of operation, customers, customer lists, customer contacts and referral sources, vendors and vendor contacts, financial and marketing information, and trade secrets as that term is defined by chapter 8, title 48, Idaho Code.

44-2703. CONSTRUCTION AND ENFORCEMENT. To the extent any such agreement or covenant is found to be unreasonable in any respect, a court shall limit or modify the agreement or covenant as it shall determine necessary to reflect the intent of the parties and render it reasonable in light of the circumstances in which it was made and specifically enforce the agreement or covenant as limited or modified.

44-2704. RESTRICTION OF DIRECT COMPETITION -- REBUTTABLE PRESUMPTIONS. (1) Under no circumstances shall a provision of such agreement or covenant, as set forth herein, establish a postemployment restriction of direct competition that exceeds a period of eighteen (18) months from the time of the key employee's or key independent contractor's termination unless consideration, in addition to employment or continued employment, is given to a key employee or key independent contractor. Nothing in this chapter shall be construed to limit a party's ability to

(4) It shall be a rebuttable presumption that an agreement or covenant is reasonable as to type of employment or line of business if it is limited to the type of employment or line of business conducted by the key employee or key independent contractor while working for the employer.

(5) It shall be a rebuttable presumption that an employee or independent contractor who is among the highest paid five percent (5%) of the employer's employees or independent contractors is a "key employee" or a "key independent contractor." AN ACT
RELATING TO INSURANCE; AMENDING SECTIONS 41-2210 AND 41-3216, IDAHO CODE, TO PROVIDE THAT CERTAIN PERSONS SHALL BE PERMITTED TO REMAIN ON CERTAIN CONTRACTS; AMENDING SECTION 41-3436, IDAHO CODE, TO PROVIDE THAT CERTAIN PERSONS SHALL BE PERMITTED TO REMAIN ON CERTAIN CONTRACTS AND TO MAKE TECHNICAL CORRECTIONS; AND AMENDING SECTIONS 41-4023 AND 41-4124, IDAHO CODE, TO PROVIDE THAT CERTAIN PERSONS SHALL BE PERMITTED TO REMAIN ON CERTAIN PLANS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 41-2210, Idaho Code, be, and the same is hereby amended to read as follows:

41-2210. REQUIRED PROVISION IN GROUP AND BLANKET POLICIES. (1) Any group disability insurance contract or blanket disability insurance contract, delivered or issued for delivery in this state which provides coverage for injury or sickness for newborn dependent children of subscribers or other members of the covered group, shall provide coverage for such newborn children, including adopted newborn children that are placed with the adoptive subscriber or other member of the covered group within sixty (60) days of the adopted child's date of birth, from and after the moment of birth. Coverage under the contract for an adopted newborn child placed with the adoptive subscriber or other member of the covered group more than sixty (60) days after the birth of the adopted
child shall be from and after the date the child is so placed. Coverage provided in accord with this section shall include, but not be limited to, coverage for congenital anomalies. For the purposes of this section, "child" means an individual who has not attained age eighteen (18) years as of the date of the adoption or placement for adoption. For the purposes of this section, "placed" shall mean physical placement in the care of the adoptive subscriber or other member of the covered group, or in those circumstances in which such physical placement is prevented due to the medical needs of the child requiring placement in a medical facility, it shall mean when the adoptive subscriber or other member of the covered group signs an agreement for adoption of such child and signs an agreement assuming financial responsibility for such child. Prior to legal finalization of adoption, the coverage required under the provisions of this subsection (1) as to a child placed for adoption with a subscriber or other member of the covered group continues in the same manner as it would with respect to a naturally born child of the subscriber or other member of the covered group until the first to occur of the following events:

(1) Date the child is removed permanently from that placement and the legal obligation terminates; or

(2) The date the subscriber or other member of the covered group rescinds, in writing, the agreement of adoption or agreement assuming financial responsibility.

(2) An insurer shall not restrict coverage under a group disability insurance contract or a blanket disability insurance contract of any dependent child adopted by a participant or beneficiary, or placed with a participant or beneficiary for adoption, solely on the basis of a pre-existing condition of a child at the time the child would otherwise become eligible for coverage under the plan, if the adoption or placement for adoption occurs while the participant or beneficiary is eligible for coverage under the plan.

(3) Any group disability insurance contract or blanket disability insurance contract delivered or issued for delivery in this state shall provide that an unmarried child under the age of twenty-one (21) years or an unmarried child who is a full-time student under the age of twenty-five (25) years and who is financially dependent upon the parent shall be permitted to remain on the parent's or parents' contract. Further, any unmarried child of any age who is medically certified as disabled and financially dependent upon the parent is permitted to remain on the parent's or parents' contract.

(4) No policy of disability insurance which provides maternity benefits for a person covered continuously from conception shall be issued, amended, delivered, or renewed in this state on or after January 1, 1977, if it contains any exclusion, reduction, or other limitations as to coverage, deductibles, or coinsurance provisions, as to involuntary complications of pregnancy, unless such provisions apply generally to all benefits paid under the policy. If a fixed amount is specified in such policy for surgery, the fixed amounts for surgical procedures involving involuntary complications of pregnancy shall be commensurate with other fixed amounts payable for procedures of comparable difficulty and severity. In a case where a fixed amount is payable for maternity benefits, involuntary complications of pregnancy shall be deemed an illness and entitled to benefits otherwise provided by the policy. Where the policy contains a maternity deductible, the maternity deductible
shall apply only to expenses resulting from normal delivery and cesarean section delivery; however, expenses for cesarean section delivery in excess of the deductible shall be treated as expenses for any other illness under the policy. This section shall apply to all disability policies except any group disability policy made subject to an applicable collective-bargaining agreement in effect before January 1, 1977.

For purposes of this section, involuntary complications of pregnancy shall include, but not be limited to, puerperal infection, eclampsia, cesarean section delivery, ectopic pregnancy, and toxemia.

All policies subject to this section and issued, amended, delivered, or renewed in this state on or after January 1, 1977, shall be construed to be in compliance with this section, and any provision in any such policy which is in conflict with this section shall be of no force or effect.

(45) From and after January 1, 1998, no policy of disability insurance which provides medical expense maternity benefits, shall restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child in a manner that would be in conflict with the newborns' and mothers' health protection act of 1996.

SECTION 2. That Section 41-3216, Idaho Code, be, and the same is hereby amended to read as follows:

41-3216. BENEFITS. (1) A society may provide the following contractual benefits in any form:

(g) Such other benefits as authorized for life insurers and which are not inconsistent with this chapter.

(2) A society shall specify in its rules those persons who may be issued, or covered by, the contractual benefits in subsection (1) of this section, consistent with providing benefits to members and their dependents. A society may provide benefits on the lives of children under the minimum age for adult membership upon application of an adult person.

(3) Any society contract relating to hospital, medical or nursing benefits delivered or issued for delivery in this state shall provide that an unmarried child under the age of twenty-one (21) years or an unmarried child who is a full-time student under the age of twenty-five (25) years and who is financially dependent upon the parent shall be permitted to remain on the parent's or parents' contract. Further, any unmarried child of any age who is medically certified as disabled and financially dependent upon the parent is permitted to remain on the parent's or parents' contract.

SECTION 3. That Section 41-3436, Idaho Code, be, and the same is hereby amended to read as follows:

The service corporation may require at reasonable intervals during the two (2) years following the child's attainment of the limiting age subsequent proof of the child's disability and dependency. After the two (2) year period, such subsequent proof may not be required more than once each year.

SECTION 4. That Section 41-4023, Idaho Code, be, and the same is hereby amended to read as follows:

Coverage under the self-funded plan for an adopted newborn child placed with the adoptive covered family more than sixty (60) days after the birth of the adopted child shall be from and after the date the child is so placed. Coverage provided in accordance with this section shall include, but not be limited to, coverage for congenital anomalies. For the purposes of this section, "child" means an individual who has not reached eighteen (18) years of age as of the date of the adoption or placement for adoption. For the purposes of this section, "placed" shall mean physical placement in the care of the adoptive covered family, or in those circumstances in which such physical placement is prevented due to the medical needs of the child requiring placement in a medical facility, it shall mean when the adoptive covered family signs an agreement for adoption of such child and signs an agreement assuming financial responsibility for such child. Prior to legal finalization of adoption, the coverage required under the provisions of this subsection (1) as to a child placed for adoption with a covered family continues in the same manner as it would with respect to a naturally born child of the
covered family until the first to occur of the following events:
   (a) Date the child is removed permanently from that placement and the legal obligation terminates; or
   (b) The date the covered family rescinds, in writing, the agreement of adoption or agreement assuming financial responsibility. No such plan may be issued or amended if it contains any disclaimer, waiver, or other limitation of coverage relative to the coverage or insurability of newborn or adopted children or infants of a covered family covered from and after the moment of birth that is inconsistent with the provisions of this section.

(2) Neither the plan trustee or employer nor an insurer shall restrict coverage under a self-funded plan of any dependent child adopted by a participant or beneficiary, or placed with a participant or beneficiary for adoption, solely on the basis of a preexisting condition of the child at the time the child would otherwise become eligible for coverage under the plan, if the adoption or placement for adoption occurs while the participant or beneficiary is eligible for coverage under the plan.

(3) No self-funded plan which provides maternity benefits for a person covered continuously from conception shall be issued, amended, delivered, or renewed in this state on or after January 1, 1977, if it contains any exclusion, reduction, or other limitations as to coverage, deductibles, or coinsurance provisions as to involuntary complications of pregnancy, unless such provisions apply generally to all benefits paid under the plan. If a fixed amount is specified in such plan for surgery, the fixed amounts for surgical procedures involving involuntary complications of pregnancy shall be commensurate with other fixed amounts payable for procedures of comparable difficulty and severity. In a case where a fixed amount is payable for maternity benefits, involuntary complications of pregnancy shall be deemed an illness and entitled to benefits otherwise provided by the plan. Where the plan contains a maternity deductible, the maternity deductible shall apply only to expenses resulting from normal delivery and cesarean section delivery; however, expenses for cesarean section delivery in excess of the deductible shall be treated as expenses for any other illness under the plan. This subsection shall apply to all self-funded plans except any such plan made subject to an applicable collective-bargaining agreement in effect before January 1, 1977.

For purposes of this subsection, involuntary complications of pregnancy shall include, but not be limited to, puerperal infection, eclampsia, cesarean section delivery, ectopic pregnancy, and toxemia.

All plans subject to this subsection and issued, amended, delivered, or renewed in this state on or after January 1, 1977, shall be construed to be in compliance with this section, and any provision in any such plan which is in conflict with this section shall be of no force or effect.

(4) From and after January 1, 1998, no self-funded plan that provides maternity benefits shall restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child in a manner that would be in conflict with the newborns' and mothers' health protection act of 1996.

(5) Any self-funded group disability plan or blanket disability plan delivered or issued for delivery in this state shall provide that an unmarried child under the age of twenty-one (21) years or an unmarried...
ried child who is a full-time student under the age of twenty-five (25) years and who is financially dependent upon the parent shall be permitted to remain on the parent's or parents' plan. Further, any unmarried child of any age who is medically certified as disabled and financially dependent upon the parent is permitted to remain on the parent's or parents' plan.

SECTION 5. That Section 41-4124, Idaho Code, be, and the same is hereby amended to read as follows:

41-4124. SERVICES PROVIDED BY GOVERNMENTAL ENTITIES. (1) From and after July 1, 2006, no joint public agency self-funded plan shall be issued in Idaho which excludes from coverage services rendered the subscriber while a resident in an Idaho state institution, provided the services to the subscriber would be covered by the contract if rendered to him outside an Idaho state institution.

(2) From and after July 1, 2006, no joint public agency self-funded plan may contain any provision denying or reducing benefits otherwise provided under the policy for the reason that the person insured is receiving health or mental health care or developmental services provided by the department of health and welfare, whether or not the department of health and welfare bases its charges for such services on the recipient's ability to pay. Provided, nothing in this section shall prevent the issuance of a contract which excludes or reduces benefits where the charge level or amount of the charge levied by a governmental entity for such services would vary or be affected in any way by the existence of coverage under a joint public agency self-funded plan.

(3) Any joint public agency self-funded plan delivered or issued for delivery in this state shall provide that an unmarried child under the age of twenty-one (21) years or an unmarried child who is a full-time student under the age of twenty-five (25) years and who is financially dependent upon the parent shall be permitted to remain on the parent's or parents' plan. Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 43-2504, Idaho Code, be, and the same is hereby amended to read as follows:

43-2504. INITIATION OF ORGANIZATION OF LOCAL IMPROVEMENT DISTRICT. The organization of any local improvement district herein provided for may be initiated upon a petition signed by not less than sixty percent (60%) of the owners of property subject to assessment within such local improvement district, or by resolution of the board adopted by an affirmative vote of a majority of the members of the full board at a regular or special meeting thereof. The terms of a petition shall include a description of the boundaries of a proposed local improvement district, the improvements to be made and the property to be assessed.

The board may, in its discretion, authorize a preliminary study to determine the feasibility and costs and expenses of a proposed local improvement district and pay for such study out of the general fund of the district. In the event the local improvement district is formed, the cost of the study may be included in the cost of the local improvement district and added to the assessment roll. In the event the local improvement district is not formed, for any reason, the board may authorize the cost of the study to be added to the general assessment rolls of the district as to the property within the proposed local improvement district.
In the alternative, the board may, in its discretion, as a condition of the board proceeding further with the formation of the local improvement district, require the petitioners to provide to the district a deposit in an amount determined in the board's discretion to pay for a preliminary study of the proposed local improvement district to determine the feasibility and costs and expenses of the project.

The petition shall include an acknowledgment by the petitioners that the district may require the petitioners to provide to the district a deposit in an amount determined in the board's discretion to pay for a preliminary study or that the board may, in its discretion, authorize the cost of the study to be paid out of the general fund of the district, with the cost of the study to be included in the cost of the local improvement district and added to the assessment roll if one is formed or to be added to the general assessment rolls of the district as to the property within the proposed local improvement district if the local improvement district is not formed.

SECTION 2. That Section 43-2506, Idaho Code, be, and the same is hereby amended to read as follows:

43-2506. NOTICE OF INTENTION AND HEARING. The notice of intention shall be published in the official newspaper of the district. If the district is located in more than one (1) county, the notice of intention may be published only in the county where the property to be assessed in the proposed local improvement district is located. Publication shall be in three (3) consecutive issues if a daily newspaper, or in two (2) issues if a weekly newspaper or in case no newspaper is published in such district then by posting for five (5) days in three (3) public places within the proposed local improvement district. A copy of such notice shall be mailed to each owner of property, if known, or his agent, if known, within the limits of the proposed local improvement district, addressed to such person at his post office address if known, or if unknown, to a post office in the district where the improvement is to be made. Ownership of property shall be determined as of the date of the adoption of the resolution of intent to create. The hearing shall take place not less than ten (10) days from the date of the first of said publications or postings or the date of said mailing, whichever is later.

SECTION 3. That Section 43-2507, Idaho Code, be, and the same is hereby amended to read as follows:

43-2507. PROTESTS AND HEARINGS. Any owner of property to be assessed in the proposed local improvement district described in the notice of intention shall have the right, in advance of the hearing, to file, in writing, a protest to the creation of the district or making any other objections in relation thereto. No further or additional notice of any kind
shall be required. At any continued hearing, the board shall not con­sider any protests that were filed after the original hearing date. The decision of the board as to all protests shall be conclusive and final, and if it should so determine, the board may delete any improvements on any property which had originally been contemplated in the said notice. If owners of more than two-thirds (2/3) of the property to be assessed protest any of the proposed improvements which affect their property, the board shall not proceed further with the work so protested unless a majority of the members of the full board shall vote to proceed with such work. The vote on the hereinafter mentioned resolution creating the local improvement district shall constitute the vote as to whether or not the board will proceed. Any property owner who fails to file a protest within the time specified, or having filed one withdraws said protest, shall be deemed to have waived any objection to the creation of the local improvement district, the making of the improvements, and the inclusion of his property in the local improvement district. Such waiver shall not preclude his right to object to the amount of the assessment at the later hearing provided for such purpose.

In cases where written protests are filed and sixty percent (60%) of the owners or the owners of two-thirds (2/3) of the lots and lands within such proposed local improvement district have signed such protest, the board shall not be allowed to proceed with the creation of the local improvement district for a period of one hundred eighty (180) days. During this one-hundred-eighty-(180)-day-period, the city council shall act as a review board for as much of the proposed local improvement district as is situated within the boundaries of any city, and the board of county commissioners shall act as a review board for that portion of the proposed local improvement district as is situated within the unincorporated portion of the county. As a review board, the city council or board of county commissioners shall review the record of the proposal, including conformance with procedural provisions of law. The city council or board of county commissioners shall also evaluate the necessity or desirability of the proposed local improvement district, and shall take into consideration the creation of the proposed local improvement district as it relates to the financial impact of the creation and implementation of the objectives of the proposed local improvement district upon the property owners within the proposed local improvement district; especially in light of projects recently undertaken for the near future within the district.

After its evaluation, the city council shall approve, modify or reject the proposal for the creation of a local improvement district for as much of the proposed district as is situated within the boundaries of the city, and the board of county commissioners shall approve, modify or reject the proposal for the creation of a local improvement district for as much of the proposed district as is situated within the unincorporated portion of the county. After expiration of the one hundred eighty (180) day period, the district may recommence the initiation of a local improvement district as originally proposed or as modified as provided in this chapter.

The notice shall further state the date, time and place at which the board will hear and consider objections to the assessment roll by the parties aggrieved by such assessments. The secretary shall, not less than fifteen (15) days before the date fixed for hearing objections to said assessment roll, mail a substantially similar notice to each owner of property if known, or his agent if known, within the limits of the local improvement district, addressed to such person at his post office address if known, or if unknown, to the post office in such district where the improvement is to be made. The mailed notice shall also state the amount of the individual assessment and that at the specified time and place the board will hold a hearing to hear and determine all objections to the regularity of the proceedings in making such assessment, the correctness of the assessment, and the amount levied on the particular lot or parcel in relation to the benefits accruing thereon and in relation to the proper proportionate share of the total cost of the improvements in the project. It shall further state that each owner of property within the district is given notice that in revising the assessment roll at or after the hearing, the board may increase any assessment or assessments up to twenty percent (20%) of the original amount thereof without giving further notice and holding a new hearing thereon. The owner or owners of any property which is assessed in such assessment roll, whether named or not in such roll, may, before the date and time fixed for the hearing, file with the secretary his objections in writing to said assessment.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 55-2708, Idaho Code, be, and the same is hereby amended to read as follows:

55-2708. ADJUSTMENTS TO RENT, SERVICES, UTILITIES OR RULES -- FEES.
(1) A landlord may increase or decrease rents only after ninety (90) days' written notice to the tenants.
(2) Rental rates shall at all times be reasonable. Factors to be considered in determining whether a change in rent is reasonable are as follows:
(a) The rent provided in previous and current rental agreements between the landlord and tenant;
(b) The rent charged by comparable marinas, taking into account such factors as location, facilities, condition, services and other relevant factors;
(c) The landlord's costs associated with owning, controlling and maintaining the marina, including the uplands, to the extent reasonably necessary to support the marina facilities which serve the floating home, moorage area and the landlord's need for realizing a reasonable rate of return over such costs;
(d) The availability and costs of alternative long-term float home moorage sites;
(e) The need to maintain price stability in a market restricted by state regulation of navigable waters and limited availability of float home moorage sites;
(f) The opportunity costs, if any, borne by the landlord by not converting the floating home marina, including uplands, to other uses; and
(g) Any other circumstances justifying a rental rate.

(3) If twenty-five percent (25%) or more of the tenants within a marina, or the marina owner, assert that a moorage rental increase is unreasonable under any circumstances, the dispute shall be resolved by arbitration. The tenants must appoint a single party to act as their agent in the arbitration proceeding.

(a) The tenants' agent and the marina owner shall mutually agree upon one (1) or more arbitrators. If the parties cannot mutually agree upon one (1) or more arbitrators, the parties may petition the district court in the judicial district in which the marina in question is situated, which shall appoint an arbitrator or panel of arbitrators for the parties.

(b) In determining what constitutes a reasonable increase in a moorage rental rate the arbitrator shall consider and make written findings on each of the factors set forth in subsection (2) of this section.

(c) The arbitrator shall afford any party to the arbitration an opportunity to be heard, if requested, as provided herein.

(i) A hearing may be requested by a party requesting arbitration by including the request for hearing in the request for arbitration;

(ii) Other parties to the arbitration may request a hearing within five (5) business days after service upon them of the request for arbitration;

(iii) The hearing may be informal in nature provided the arbitrator adopts a hearing procedure that reasonably affords each party to the arbitration an opportunity to be heard;

(iv) The arbitrator shall issue written findings and conclusions within sixty (60) days of the appointment of the arbitrator, unless such time is extended by the written stipulation of the parties or upon a finding by the arbitrator that additional time is reasonably required;

(v) The costs of arbitration and the fees of the arbitrator shall be paid one-half (1/2) by the tenants and one-half (1/2) by the marina owner.

(4) Except as provided herein, rental increases shall be uniform throughout the floating home marina. Notwithstanding the foregoing provision:

(a) When rents within a floating home marina are structured by reason of slip or floating home size, amenities, slip location or otherwise, rental increases shall be uniform among all floating homes in the same rent tier; and

(b) A rental agreement may include an escalation clause for a pro rata share of any increase or decrease in the floating home marina's property taxes, utility assessments or other services as included in the monthly rental charge, after the effective date of such a change.

(35) No fees may be charged except for rent, services and utilities actually provided.

(46) No fees can be charged for services unless the services are listed in the rental agreement or unless ninety (90) days' notice is given.

(57) A tenant shall not be charged a fee for the enforcement of any of the rules and regulations of the floating home marina, except as pro-
vided in the rental agreement or rules and regulations of the floating home marina.

(68) Unless the tenant specifically requests the service from the landlord in writing, a tenant shall not be charged a fee for entry, installation, hookup or improvements as a condition of tenancy except for an actual fee or cost imposed by a local governmental ordinance or requirement directly related to the occupancy of the specific moorage site where the floating home is located and incurred as a portion of the development of the floating home marina as a whole. However, reasonable improvements and maintenance requirements may be included in the floating home marina rules and regulations. The landlord shall not require a tenant or prospective tenant to purchase, rent or lease goods or services for improvements from any person, company or corporation.

(79) Where the landlord provides master meter utilities to a tenant, the cost of the utilities must be separately stated each billing period along with the opening and closing meter readings. The landlord must also post the current rates charged by the utility in at least one (1) conspicuous place in the floating home marina.

(810) The landlord shall maintain year round facilities for garbage and trash disposal from the floating home marina.

(911) The landlord shall maintain entry lights and common area lighting, if any, in good working order.

(102) The landlord shall not prevent the ingress or egress to watercraft moorage contained within a floating home.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

AN ACT
RELATING TO SCHOOL DISTRICT REAL AND PERSONAL PROPERTY; AMENDING SECTION 33-601, IDAHO CODE, TO PROVIDE FOR THE TRANSFER OR CONVEYANCE OF ANY REAL OR PERSONAL PROPERTY OWNED BY A SCHOOL DISTRICT TO THE IDAHO HOUSING AND FINANCE ASSOCIATION AND TO MAKE TECHNICAL CORRECTIONS; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-601, Idaho Code, be, and the same is hereby amended to read as follows:

33-601. REAL AND PERSONAL PROPERTY -- ACQUISITION, USE OR DISPOSAL OF SAME. The board of trustees of each school district shall have the following powers and duties:

{(1)} To rent to or from others, school buildings or other property used, or to be used, for school purposes.

{(2)} To contract for the construction, repair, or improvement of any real property, or the acquisition, purchase or repair of any equipment, or other personal property necessary for the operation of the school district.

Except for the purchase of curricular materials as defined in section 33-118A, Idaho Code, such contract shall be executed in accordance with the provisions of chapter 28, title 67, Idaho Code.

{(3)} To designate and purchase any real property necessary for school purposes or in the operation of the district, or remove any building, or dispose of any real property. Prior to, but not more than one (1) year prior to, any purchase or disposal of real property, the board shall have such property appraised by an appraiser certified in the state of Idaho, which appraisal shall be entered in the records of the board of trustees, and shall be used to establish the value of the real property. The board of trustees shall determine the size of the site necessary for school purposes. The site shall be located within the incorporated limits of any city within the district; provided, however, that if the board finds that it is not in the best interests of the electors and the students of the district to locate the site within the incorporated limits of a city, the board, by duly adopted resolution setting forth the reasons for its finding, may designate a site located elsewhere within the district. In elementary school districts, except upon removal for highway purposes, a site may be designated or changed only after approval of two-thirds (2/3) or more of the electors voting at the annual meeting.

{(4)} (a) To convey, except as provided by paragraph (b) of this subsection, by deed, bill of sale, or other appropriate instrument, all of the estate and interest of the district in any property, real or personal. In elementary school districts, except such conveyance as is authorized by subsection (6) of this section, any of the transactions authorized in this subsection shall be subject to the approval of two-thirds (2/3) or more of the electors voting at the annual meeting.
Prior to such sale or conveyance, the board shall have the property appraised pursuant to this section, which appraisal shall be entered in the records of the board of trustees. The property may be sold at public auction or by sealed bids, as the board of trustees shall determine, to the highest bidder. Such property may be sold for cash or for such terms and conditions as the board of trustees shall determine for a period not exceeding ten (10) years, with the annual rate of interest on all deferred payments not less than seven percent (7%) per annum. The title to all property sold on contract shall be retained in the name of the school district until full payment has been made by the purchaser, and title to all property sold under a note and mortgage or deed of trust shall be transferred to the purchaser at the point of sale under the terms and conditions of the mortgage or deed of trust as the board of trustees shall determine. Notice of the time and the conditions of such sale shall be published twice, and proof thereof made, in accordance with subsections g. and h. of section 33-402, Idaho Code, except that when the appraised value of the property is less than one thousand dollars ($1,000), one (1) single notice by publication shall be sufficient and the property shall be sold by sealed bids or at public auction.

The board of trustees may accept the highest bid, may reject any bid, or reject all bids. If the real property was donated to the school district the board may, within a period of one (1) year from the time of the appraisal, sell the property without additional advertising or bidding. Otherwise, the board of trustees must have new appraisals made and again publish notice for bids, as before. If, thereafter, no satisfactory bid is made and received, the board may proceed under its own direction to sell and convey the property. In no case shall any real property of the school district be sold for less than its appraisal.

The board of trustees may sell personal property, with an estimated value of less than one thousand dollars ($1,000), without appraisal, by sealed bid or at public auction, provided that there has been not less than one (1) published advertisement prior to the sale of said property. If the property has an estimated value of less than five hundred dollars ($500), the property may be disposed of in the most cost-effective and expedient manner by an employee of the district empowered for that purpose by the board, provided however, such employee shall notify the board prior to disposal of said property.

(b) Real and personal property may be exchanged hereunder for other property. Provided, however, that aside from the provisions of this paragraph, any school district may by a vote of one-half (1/2) plus one (1) of the members of the full board of trustees, by resolution duly adopted, authorize the transfer or conveyance of any real or personal property owned by such school district to the government of the United States, any city, county, the state of Idaho, any hospital district organized under chapter 13, title 39, Idaho Code, any other school district, the Idaho housing and finance association, any library district, any community college district, or any recreation district, with or without any consideration accruing to the school district, when in the judgment of the board of trustees it is for the interest of such school district that said transfer or con-
veyance be made. Prior to any transfer or conveyance of any real or personal property pursuant to this paragraph (4T)(b), the board shall have the property appraised by an appraiser certified in the state of Idaho, which appraisal shall be entered in the records of the board of trustees, and shall be used to establish the value of the real or personal property.

To enter into contracts with any city located within the boundaries of the school district for the joint purchase, construction, development, maintenance and equipping of playgrounds, ball parks, swimming pools, and other recreational facilities upon property owned either by the school district or the city.

To convey rights-of-way and easements for highway, public utility, and other purposes over, upon or across any school property and, when necessary to the use of such property for any such purpose, to authorize the removal of school buildings to such new location, or locations, as shall be determined by the board of trustees, and such removal shall be made at no cost or expense to the school district.

To authorize the use of any school building of the district as a community center, or for any public purpose, and to establish a policy of charges, if any, to be made for such use.

To exercise the right of eminent domain under the provisions of chapter 7, title 7, Idaho Code, for any of the uses and purposes provided in section 7-701, Idaho Code.

If there is a great public calamity, such as an extraordinary fire, flood, storm, epidemic, or other disaster, or if it is necessary to do emergency work to prepare for national or local defense, or it is necessary to do emergency work to safeguard life, health or property, the board of trustees may pass a resolution declaring that the public interest and necessity demand the immediate expenditure of public money to safeguard life, health or property. Upon adoption of the resolution, the board may expend any sum required in the emergency without compliance with this section.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved March 28, 2008.

(b) Is acquired, constructed, reconstructed, erected or placed into service after December 31, 1981; and

(c) Has a situs in Idaho.

(4) (a) For qualified investments placed in service in 2003 and thereafter, a taxpayer, other than a person whose rate of charge or rate of return, or both, is regulated or limited according to federal or state law, may elect, in lieu of the credit provided by this section, a two (2) year exemption from all taxes on personal property on the qualified investment. The exemption from personal property tax shall apply to the year the election is filed as provided in this section and the immediately following year. The election provided by this paragraph is available only to a taxpayer whose Idaho taxable income, before application of net operating losses carried back or forward, in the second preceding taxable year in which the investment is placed in service is negative.

(b) The election shall be made in the form prescribed by the state tax commission and shall include a specific description and location of all qualified investments placed into service and located in the jurisdiction of the assessing authority, a designation of the specific assets for which the exemption is claimed, and such other information as the state tax commission may require. (c) The state tax commission and the various county assessors are authorized to exchange information as necessary to properly coordinate the exemption provided in this subsection. (d) In the event that an investment in regard to which the election under this subsection was made is determined by the state tax commission:

(i) To not be a qualified investment, or
(ii) To have ceased to qualify during the recapture period, or
(iii) To be otherwise not qualified for the election, the taxpayer shall be subject to recapture of the property tax benefit.

(e) The benefit to be recaptured in subsection (4)(d) of this section shall be computed in the manner required in subsection (7) of this section and such recapture amount shall be subject to assessment in the same manner as a deficiency in tax under this chapter. For purposes of calculating the recapture, the property tax benefit shall be:

(i) In the case of locally assessed property located in a single county or nonapportioned centrally assessed property, the market value of exempted property times the average property tax levy for that county in the year or years for which the exemption was claimed.

(ii) In the case of other centrally assessed property and property located in more than one (1) county, the market value of exempted property times the average urban property tax levy of the state as determined by the state tax commission in each of the years for which the exemption was claimed.

(f) In the event that a recapture of the exemption is required under this subsection (4), the person claiming the exemption shall report the event to the state tax commission in the manner the state tax commission may by rule require. The report shall be due no later than the due date of that person's income tax return under this chapter for the taxable year in which the event occurs. The recapture amount is due and payable with the report. Any amount of recapture not paid is a deficiency within the meaning of section 63-3044, Idaho Code.

(g) All moneys collected by the state tax commission pursuant to this subsection, which amounts are continuously appropriated for this purpose, shall be deposited with the state treasurer and placed in the state refund account, as provided by section 63-3067, Idaho Code, to be remitted to the county within which the property was located that was not a qualified investment or ceased to qualify during the recapture period. The county shall distribute this remittance to all appropriate taxing districts based on the proportion each appropriate taxing district's levy is to the total of all the levies of the taxing districts for the tax code area where the property was located for each year the exemption was granted. If any
taxing district is dissolved or disincorporated, the proportionate share of the remittance to be distributed to that taxing district shall be deposited in the county current expense fund.

(h) For purposes of the limitation provided by section 63-802, Idaho Code, moneys received pursuant to this subsection shall be treated as property tax revenue by taxing districts.

(5) Notwithstanding the provisions of subsections (1) and (2) of this section, the amount of the credit allowed shall not exceed fifty percent (50%) of the tax liability of the taxpayer. The tax liability of the taxpayer shall be the tax after deducting the credit allowed by section 63-3029, Idaho Code.

(6) If the sum of credit carryovers from the credit allowed by subsection (2) of this section and the amount of credit for the taxable year from the credit allowed by subsection (2) of this section exceed the limitation imposed by subsection (5) of this section for the current taxable year, the excess attributable to the current taxable year's credit shall be an investment credit carryover to the fourteen (14) succeeding taxable years. In the case of a group of corporations filing a combined report under section 63-3027, Idaho Code, or sections 63-3027B through 63-3027E, Idaho Code, credit earned by one (1) member of the group but not used by that member may be used by another member of the group, subject to the provisions of subsection (5) of this section, instead of carried over. The entire amount of unused credit shall be carried forward to the earliest of the succeeding years, wherein the oldest available unused credit shall be used first, so long as the qualified investment property for which the unused credit was granted still maintains Idaho situs. For a combined group of corporations, credit carried forward may be claimed by any member of the group unless the member who earned the credit is no longer included in the combined group.

(7) Any recapture of the credit allowed by subsection (2) of this section on property disposed of or ceasing to qualify, prior to the close of the recapture period, shall be determined according to the applicable recapture provisions of the Internal Revenue Code. In the case of a unitary group of corporations, the increase in tax due to the recapture of investment tax credit must be reported by the member of the group who earned the credit regardless of which member claimed the credit against tax.

(8) For the purpose of determining whether property placed in service is a "qualified investment" as defined in subsection (3) of this section, the provisions of section 49 of the Internal Revenue Code shall be disregarded. "Qualified investment" shall not include any amount for which a deduction is allowed under section 168(k) or section 179 of the Internal Revenue Code in computing taxable income.

(9) For purposes of this section, property has a situs in Idaho during a taxable year if it is used in Idaho at any time during the taxable year. Property not used in Idaho during a taxable year does not have a situs in Idaho in the taxable year during which the property is not used in Idaho or in any subsequent taxable year. No credit or carryover of credit is permitted under this section if the credit or carryover relates to property that does not have a situs in Idaho during the taxable year for which the credit or carryover is claimed. The Idaho situs of property must be established by records maintained by the taxpayer which are created reasonably contemporaneously with the use of the property.
(10) In the case of property used both in and outside Idaho, the taxpayer, electing to claim the credit provided in this section, must elect to compute the qualified investment in property with a situs in Idaho for all such investments first qualifying during that year in one (1), but only one (1), of the following ways:
(a) The amount of each qualified investment in a specific asset shall be separately computed based on the percentage of the actual use of the property in Idaho by using a measure of the use, such as total miles or total machine hours, that most accurately reflects the beneficial use during the taxable year in which it is first acquired, constructed, reconstructed, erected or placed into service; provided, that the asset is placed in service more than ninety (90) days before the end of the taxable year. In the case of assets acquired, constructed, reconstructed, erected or placed into service within ninety (90) days prior to the end of the taxable year in which the investment first qualifies, the measure of the use of that asset within Idaho for that year shall be based upon the percentage of use in Idaho during the first ninety (90) days of use of the asset;
(b) The investment in qualified property used both inside and outside Idaho during the taxable year in which it is first acquired, constructed, reconstructed, erected or placed into service shall be multiplied by the percent of the investment that would be included in the numerator of the Idaho property factor determined pursuant to section 63-3027, Idaho Code, for the same year.
(11) Only for the purposes of subsections (3)(a) and (8) of this section, references to sections of the "Internal Revenue Code" mean the sections referred to as they existed in the Internal Revenue Code of 1986 prior to November 5, 1990.

SECTION 4. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 2008.

Approved March 31, 2008.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 42-201, Idaho Code, be, and the same is hereby amended to read as follows:
42-201. WATER RIGHTS ACQUIRED UNDER CHAPTER — ILLEGAL DIVERSION AND APPLICATION OF WATER — USES FOR WHICH WATER RIGHT NOT REQUIRED -- EXCLUSIVE AUTHORITY OF DEPARTMENT. (1) All rights to divert and use the waters of this state for beneficial purposes shall hereafter be acquired and confirmed under the provisions of this chapter and not otherwise. And after the passage of this title all the waters of this state shall be controlled and administered in the manner herein provided. Such appropriation shall be perfected only by means of the application, permit and license procedure as provided in this title; provided, however, that in the event an appropriation has been commenced by diversion and application to beneficial use prior to the effective date of this act it may be perfected under such method of appropriation.

(2) No person shall use the public waters of the state of Idaho except in accordance with the laws of the state of Idaho. No person shall divert any water from a natural watercourse or apply water to land without having obtained a valid water right to do so, or apply it to purposes for which no valid water right exists.

(3) Notwithstanding the provisions of subsection (2) of this section, water may be diverted from a natural watercourse and used at any time, with or without a water right:

(a) To extinguish an existing fire on private or public lands, structures, or equipment, or to prevent an existing fire from spreading to private or public lands, structures, or equipment endangered by an existing fire;

(b) For forest practices as defined in section 38-1303(1), Idaho Code, and forest dust abatement. Such forest practices and forest dust abatement use is limited to two-tenths (0.2) acre-feet per day from a single watercourse.

(4) For purposes of subsection (3)(b) of this section, no person shall divert water from a canal or other irrigation facility while the water is lawfully diverted, captured, conveyed, used or otherwise physically controlled by the appropriator.

(5) If water is to be diverted from a natural watercourse within a water district, or from a natural watercourse from which an irrigation delivery entity diverts water, a person diverting water pursuant to subsection (3)(b) of this section shall give notice to the watermaster of the intent to divert water for the purposes set forth in said subsection. In the event that the water to be diverted pursuant to subsection (3)(b) of this section is not within a water district, but an irrigation delivery entity diverts water from the same natural watercourse, the required notices shall be given to said irrigation delivery entity. For uses authorized in subsection (3)(a) of this section, notice shall not be required but may be provided when it is reasonable to do so.

(6) A water right holder, who determines that a use set forth in subsection (3) of this section is causing a water right to which the holder is entitled to be deprived of water to which it may be otherwise entitled, may petition the director of the department of water resources to order cessation of or modification of the use to prevent injury to a water right. Upon such a petition, the director shall cause an investigation to be made and may hold hearings or gather information in some other manner. In the event that the director finds that an injury is occurring to a water right, he may require the use to cease or be modified to ensure that no injury to other water rights occurs. A water right holder feeling aggrieved by a decision or action of the director
shall be entitled to contest the action of the director pursuant to sec-
section 42-1701A(3), Idaho Code.

This title delegates to the department of water resources
exclusive authority over the appropriation of the public surface and
ground waters of the state. No other agency, department, county, city,
municipal corporation or other instrumentality or political subdivision
of the state shall enact any rule or ordinance or take any other action
to prohibit, restrict or regulate the appropriation of the public sur-
face or ground waters of the state, and any such action shall be null
and void.

Approved March 31, 2008.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 32-706, Idaho Code, be, and the same is hereby amended to read as follows:

32-706. CHILD SUPPORT. (1) In a proceeding for divorce or child support, the court may order either or both parents owing a duty of support to a child to pay an amount reasonable or necessary for his or her support and education until the child is eighteen (18) years of age, without regard to marital misconduct, after considering all relevant factors which may include:

(a) The financial resources of the child;
(b) The financial resources, needs, and obligations of both the custodial and noncustodial parents which ordinarily shall not include a parent's community property interest in the financial resources or obligations of a spouse who is not a parent of the child, unless compelling reasons exist;
(c) The standard of living the child enjoyed during the marriage;
(d) The physical and emotional condition and needs of the child and his or her educational needs;
(e) The availability of medical coverage for the child at reasonable cost as defined in section 32-1214B, Idaho Code;
(f) The actual tax benefit recognized by the party claiming the federal child dependency exemption.

(2) If the child continues his high school education subsequent to reaching the age of eighteen (18) years, the court may, in its discretion, and after considering all relevant factors which include those set forth in subsection (1) of this section, order the continuation of support payments until the child discontinues his high school education or reaches the age of nineteen (19) years, whichever is sooner.

(3) All child support orders shall notify the obligor that the order will be enforced by income withholding pursuant to chapter 12, title 32, Idaho Code. Failure to include this provision does not affect the validity of the support order. The court shall require that the social security numbers of both the obligor and obligee be included in the order or decree.
(4) In a proceeding for the support of a child or a minor parent, the court may order the parent(s) of each minor parent to pay an amount reasonable or necessary for the support and education of the child born to the minor parent(s) until the minor parent is eighteen (18) years of age, after considering all relevant factors which may include:

(5) The legislature hereby authorizes and encourages the supreme court of the state of Idaho to adopt and to periodically review for modification guidelines that utilize and implement the factors set forth in subsections (1) through (4) of this section to create a uniform procedure for reaching fair and adequate child support awards. There shall be a rebuttable presumption that the amount of the award which would result from the application of the guidelines is the amount of child support to be awarded, unless evidence is presented in a particular case which indicates that an application of the guidelines would be unjust or inappropriate. If the court determines that circumstances exist to permit a departure from the guidelines, the judge making the determination shall make a written or specific finding on the record that the application of the guidelines would be unjust or inappropriate in the particular case before the court. When adopting guidelines, the supreme court shall provide that in a proceeding to modify an existing award, children of the party requesting the modification who are born or adopted after the entry of the existing order shall not be considered.

Tires with built-in lugs of tungsten carbide or other suitable material, hereinafter called studs, may be used upon

(d) In no case post requirements for chains on bare pavement.

(6) Provided that the conditions in subsection (5) of this section are met, the chain requirement shall be met by chaining a minimum of one tire on each side of:

(a) One (1) drive axle, regardless of the number of drive axles; and
(b) One (1) axle at or near the rear of each towed vehicle. Such axle shall not include a variable load suspension axle or an axle of a converter dolly.

Any other traction device differing from chains in construction, material or design but capable of providing traction equal to or exceeding that of chains under similar conditions may be used.

(8) The Idaho transportation department shall place and maintain signs and other traffic control devices on the interstate and state highway passes as designated in subsection (5) of this section that indicate the chain requirements under subsection (6) of this section.

(9) Exempt from the chaining requirements provided for in subsections (5) and (6) of this section are:

(a) Motor vehicles operated by the Idaho transportation department when used in the maintenance of the interstate or state highway system; and

(b) The following:

(i) Motor vehicles employed solely in transporting school children and teachers to or from school or to or from approved school activities, when the motor vehicle is either:

SECTION 3. That Section 66-329, Idaho Code, be, and the same is hereby amended to read as follows:

66-329. COMMITMENT TO DEPARTMENT DIRECTOR UPON COURT ORDER -- JUDICIAL PROCEDURE. (a) Proceedings for the involuntary care and treatment of mentally ill persons by the department of health and welfare may be commenced by the filing of a written application with a court of competent jurisdiction by a friend, relative, spouse or guardian of the proposed patient, or by a licensed physician, prosecuting attorney, or other public official of a municipality, county or of the state of Idaho, or the director of any facility in which such patient may be.

(b) The application shall state the name and last known address of the proposed patient; the name and address of either the spouse, guardian, next of kin or friend of the proposed patient; whether the proposed patient can be cared for privately in the event commitment is not
ordered; if the proposed patient is, at the time of the application, a voluntary patient; whether the proposed patient has applied for release pursuant to section 66-320, Idaho Code; and a simple and precise statement of the facts showing that the proposed patient is mentally ill and either likely to injure himself or others or is gravely disabled due to mental illness.

(e3) Any such application shall be accompanied by a certificate of a designated examiner stating that he has personally examined the proposed patient within the last fourteen (14) days and is of the opinion that the proposed patient is: (i) mentally ill; (ii) likely to injure himself or others or is gravely disabled due to mental illness; and (iii) lacks capacity to make informed decisions about treatment, or a written statement by the applicant that the proposed patient has refused to submit to examination by a designated examiner.

(d4) Upon receipt of an application for commitment, the court shall, within forty-eight (48) hours appoint another designated examiner to make a personal examination of the proposed patient or if the proposed patient has not been examined, the court shall appoint two (2) designated examiners to make individual personal examinations of the proposed patient and may order the proposed patient to submit to an immediate examination. If neither designated examiner is a physician, the court shall order a physical examination of the proposed patient. At least one (1) designated examiner shall be a psychiatrist, licensed physician or licensed psychologist. The designated examiners shall report to the court their findings within the following seventy-two (72) hours as to the mental condition of the proposed patient and his need for custody, care, or treatment by a facility. The reports shall be in the form of written certificates which shall be filed with the court. The court may terminate the proceedings and dismiss the application without taking any further action in the event the reports of the designated examiners are to the effect that the proposed patient is not mentally ill or, although mentally ill, is not likely to injure himself or others or is not gravely disabled due to mental illness. If the proceedings are terminated, the proposed patient shall be released immediately.

(e5) If the designated examiner's certificate states a belief that the proposed patient is mentally ill and either likely to injure himself or others or is gravely disabled due to mental illness, the judge of such court shall issue an order authorizing any health officer, peace officer, or director of a facility to take the proposed patient to a facility in the community in which the proposed patient is residing or to the nearest facility to await the hearing and for good cause may authorize treatment during such period subject to the provisions of section 66-346(a)(4), Idaho Code. Under no circumstances shall the proposed patient be detained in a nonmedical unit used for the detention of individuals charged with or convicted of penal offenses.

(f6) Upon receipt of such application and designated examiners' reports the court shall appoint a time and place for hearing not more than seven (7) days from the receipt of such designated examiners' reports and thereupon give written notice of such time and place of such hearing together with a copy of the application, designated examiner's certificates, and notice of the proposed patient's right to be represented by an attorney, or if indigent, to be represented by a court-appointed attorney, to the applicant, to the proposed patient, to the proposed patient's spouse, guardian, next of kin or friend. With the con-
sent of the proposed patient and his attorney, the hearing may be held immediately. (g) An opportunity to be represented by counsel shall be afforded to every proposed patient, and if neither the proposed patient nor others provide counsel, the court shall appoint counsel in accordance with chapter 8, title 19, Idaho Code, no later than the time the application is received by the court.

(h) If the involuntary detention was commenced under this section, the hearing shall be held at a facility, at the home of the proposed patient, or at any other suitable place not likely to have a harmful effect on the proposed patient's physical or mental health. Venue for the hearing shall be in the county of residence of the proposed patient; unless the patient waives the right to have venue fixed there or in the county where the proposed patient was found immediately prior to commencement of such proceedings.

(i) In all proceedings under this section, any existing provision of the law prohibiting the disclosure of confidential communications between the designated examiner and proposed patient shall not apply and any designated examiner who shall have examined the proposed patient shall be a competent witness to testify as to the proposed patient's condition.

(j) The proposed patient, the applicant, and any other persons to whom notice is required to be given shall be afforded an opportunity to appear at the hearing, to testify, and to present and cross-examine witnesses. The proposed patient shall be required to be present at the hearing unless the court determines that the mental or physical state of the proposed patient is such that his presence at the hearing would be detrimental to the proposed patient's health or would unduly disrupt the proceedings. A record of the proceedings shall be made as for other civil hearings. The hearing shall be conducted in as informal a manner as may be consistent with orderly procedure. The court shall receive all relevant and material evidence consistent with the rules of evidence.

(k) If, upon completion of the hearing and consideration of the record, and after consideration of reasonable alternatives including, but not limited to, holding the proceedings in abeyance for a period of up to thirty (30) days, the court finds by clear and convincing evidence that the proposed patient:

(1) is mentally ill; and

(2) is, because of such condition, likely to injure himself or others, or is gravely disabled due to mental illness;

the court shall order the proposed patient committed to the custody of the department director for observation, care and treatment for an indeterminate period of time not to exceed one (1) year. The department director, through his dispositioner, shall determine within twenty-four (24) hours the least restrictive available facility or outpatient treatment, consistent with the needs of each patient committed under this section for observation, care, and treatment.

(1) The commitment order constitutes a continuing authorization for the department of health and welfare, law enforcement, or director of a facility, upon request of the director of the outpatient facility, the physician, or the department director through his dispositioner, to
transport a committed patient to designated outpatient treatment for the purpose of making reasonable efforts to obtain the committed patient's compliance with the terms and conditions of outpatient treatment. If the director of the outpatient facility, the treating physician, or the department director through his dispositioner determines any of the following:

(a) The patient is failing to adhere to the terms and conditions of outpatient treatment or the patient refuses outpatient treatment after reasonable efforts at compliance have been made; or

(b) Outpatient treatment is not effective after reasonable efforts have been made;

the department director through his dispositioner shall cause the committed patient to be transported by the department of health and welfare, law enforcement, or director of a facility to the least restrictive available facility for observation, care and treatment on an inpatient basis. Within forty-eight (48) hours of a committed patient's transfer from outpatient treatment to a facility for inpatient treatment, the department director through his dispositioner shall notify the court that originally ordered the commitment, the committed patient's attorney, and either the committed patient's spouse, guardian, adult next of kin or friend of the change in disposition and provide a detailed affidavit reciting the facts and circumstances supporting the transfer from outpatient treatment to inpatient treatment at a facility. The court shall conduct an ex parte review of the notice and affidavit within forty-eight (48) hours of filing and determine whether the change in disposition from outpatient treatment to inpatient treatment at a facility is supported by probable cause. In no event shall the calculation of forty-eight (48) hours provided for in this subsection include holidays formally recognized and observed by the state of Idaho, nor shall the calculation include weekends. If the court determines that probable cause exists, the department director through his dispositioner shall continue with care and treatment on an inpatient basis at the least restrictive available facility. Within twenty-four (24) hours of a finding of probable cause, the court shall issue an order to show cause why the patient does not meet the conditions in subsection (12)(a) or (12)(b) of this section. The order shall be served on the committed patient, the committed patient's attorney and either the committed patient's spouse, guardian, adult next of kin or friend. The patient shall have fifteen (15) days to present evidence that the conditions in subsection (12)(a) or (12)(b) of this section have not been met. In no event shall the calculation of twenty-four (24) hours provided for in this subsection include holidays formally recognized and observed by the state of Idaho, nor shall the calculation include weekends. If the court determines that a change in disposition from outpatient treatment to inpatient treatment does not meet the conditions in subsection (12)(a) or (12)(b) of this section, the department director through his dispositioner will continue with outpatient treatment on the same or modified terms and conditions. Nothing provided in this section shall limit the authority of any law enforcement officer to detain a patient pursuant to the emergency authority conferred by section 66-326, Idaho Code.

(413) Nothing in this chapter or in any rule adopted pursuant thereto shall be construed to authorize the detention or involuntary admission to a hospital or other facility of an individual who:
(a) has epilepsy, a developmental disability, a physical disability, mental retardation, is impaired by chronic alcoholism or drug abuse, or aged, unless in addition to such condition, such person is mentally ill;

(b) is a patient under treatment by spiritual means alone, through prayer, in accordance with the tenets and practices of a recognized church or religious denomination by a duly accredited practitioner thereof and who asserts to any authority attempting to detain him that he is under such treatment and who gives the name of a practitioner so treating him to such authority; or

(c) can be properly cared for privately with the help of willing and able family or friends, and provided, that such person may be detained or involuntarily admitted if such person is mentally ill and presents a substantial risk of injury to himself or others if allowed to remain at liberty.

The order of commitment shall state whether the proposed patient lacks capacity to make informed decisions about treatment, the name and address of the patient's attorney and either the patient's spouse, guardian, adult next of kin, or friend.

If the patient has no spouse or guardian and if the patient has property which may not be cared for pursuant to chapter 5, title 66, Idaho Code, or by the patient while confined at a facility, the court shall appoint a guardian ad litem for the purpose of preserving the patient's estate, pending further guardianship or conservatorship proceedings.

The commitment shall continue until the commitment is terminated and shall be unaffected by the patient's conditional release or change in disposition.

AN ACT
RELATING TO THE BOARD OF TRUSTEES OF SCHOOL DISTRICTS CREATED BY CONSOLIDATION; AMENDING SECTION 33-313, IDAHO CODE, TO PROVIDE THAT IN DIVIDING TRUSTEE ZONES EACH FORMER DISTRICT IN THE NEW DISTRICT SHALL NOT BE SPLIT INTO DIFFERENT TRUSTEE ZONES, WITH AN EXCEPTION, AND TO MAKE TECHNICAL CORRECTIONS; AMENDING SECTION 33-501, IDAHO CODE, TO REVISE THE NUMBER OF MEMBERS OF THE BOARD OF TRUSTEES OF ANY SCHOOL DISTRICT THAT HAS HAD A CHANGE IN DISTRICT BOUNDARIES BECAUSE OF CONSOLIDATION ON AND AFTER JANUARY 1, 2008, AND TO MAKE A TECHNICAL CORRECTION; AND AMENDING SECTION 33-505, IDAHO CODE, TO REVISE HOW TRUSTEES OF SCHOOL DISTRICTS INVOLVED IN CONSOLIDATION ARE APPOINTED, TO PROVIDE A CODE REFERENCE AND TO MAKE A TECHNICAL CORRECTION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-313, Idaho Code, be, and the same is hereby amended to read as follows:

33-313. TRUSTEE ZONES. (1) Each elementary school district shall be divided into three (3) trustee zones and each other school district shall be divided into no fewer than five (5) nor more than nine (9) trustee zones according to the provisions of section 33-501, Idaho Code. A school district that has had a change in its district boundaries because of consolidation on and after January 1, 2008, shall divide trustee zones so that each former district in the new district shall not be split into different trustee zones, unless the provisions of subsection (2) of this section cannot be satisfied.

(2) Any proposal to define the boundaries of the several trustee zones in each such school district shall include the determination, where appropriate, of the number of trustee zones in such district, and the date of expiration of the term of office for each trustee. The boundaries of the several trustee zones in each such school district shall be defined and drawn so that, as reasonably as may be, each such zone shall have approximately the same population.

(3) Whenever the area of any district has been enlarged by the annexation of all or any part of another district, or by the correction of errors in the legal description of school district boundaries, any such additional territory shall be included in the trustee zone or zones contiguous to such additional territory until such time as the trustee zones may be redefined and changed. Trustee zones may be redefined and changed, but not more than once every five (5) years in the manner hereinafter provided.

(4) A proposal to redefine and change trustee zones of any district may be initiated by its board of trustees and shall be initiated by its board of trustees at the first meeting following the report of the decennial census, and submitted to the state board of education, or by petition signed by not less than fifty (50) school electors residing in the district, and presented to the board of trustees of the district. Within one hundred twenty (120) days following the decennial census or
the receipt of a petition to redefine and change the trustee zones of a
district the board of trustees shall prepare a proposal for a change
which will equalize the population in each zone in the district and
shall submit the proposal to the state board of education. Any proposal
shall include a legal description of each trustee zone as the same would
appear as proposed, a map of the district showing how each trustee zone
would then appear, and the approximate population each would then have,
should the proposal to change any trustee zones become effective.

(5) Within sixty (60) days after it has received the said proposal
the state board of education may approve or disapprove the proposal to
redefine and change trustee zones and shall give notice thereof in writ­
ting to the board of trustees of the district wherein the change is pro­
posed. Should the state board of education disapprove a proposal the
board of trustees shall within forty-five (45) days submit a revised
proposal to the state board of education. Should the state board of edu­
cation approve the proposal, the trustee zones shall be changed in
accordance with the proposal.

(6) At the next regular meeting of the board of trustees following
the approval of the proposal the board shall appoint from its membership
a trustee for each new zone to serve as trustee until that incumbent
trustee's three (3) year term expires. If the current board membership
includes two (2) incumbent trustees from the same new trustee zone, the
board will select the incumbent trustee with the most seniority as a
trustee to serve the remainder of his three (3) year term. If both
incumbent trustees have equal seniority, the board will choose one (1)
of the trustees by the drawing of lots. If there is a trustee vacancy in
any of the new zones, the board of trustees shall appoint from the
patrons resident in that new trustee zone, a person from that zone to
serve as trustee until the next annual meeting. At the annual election a
trustee shall be elected to serve during the term specified in the elec­
tion for the zone. The elected trustee shall assume office at the annual
meeting of the school district next following the election.

SECTION 2. That Section 33-501, Idaho Code, be, and the same is
hereby amended to read as follows:

33-501. BOARD OF TRUSTEES. Each school district shall be governed
by a board of trustees. The board of trustees of each elementary school
district shall consist of three (3) members, and the board of trustees
of each other school district shall consist of five (5) members. Pro­
vided, however, that the board of trustees of any district which has had
a change in its district boundaries subsequent to June 30, 1973, may
consist of no fewer than five (5) nor more than nine (9) members if such
provisions are included as part of an approved proposal to redefine and
change trustee zones as provided in section 33-313, Idaho Code. The
board of trustees of any district that has had a change in its district
boundaries because of district consolidation on and after January 1,
2008, shall consist of five (5) members if two (2) districts consoli­
dated or seven (7) members if three (3) or more districts consolidated.
Except as otherwise provided by law, a school district trustee shall be
elected for a term of three (3) years or until the annual meeting of his
district held during the year in which his term expires.

Each trustee shall at the time of his nomination and election, or
appointment, be a school district elector of his district and a resident
of the trustee zone from which nominated and elected, or appointed.

Each trustee shall qualify for and assume office at the annual meeting of his school district next following his election, or, if appointed, at the regular meeting of the board of trustees next following such appointment. An oath of office shall be administered to each trustee, whether elected, re-elected or appointed. Said oath may be administered by the clerk, or by a trustee, of the district, and the records of the district shall show such oath of office to have been taken, and by whom administered and shall be filed with the official records of the district.

SECTION 3. That Section 33-505, Idaho Code, be, and the same is hereby amended to read as follows:

33-505. BOARD OF TRUSTEES, DISTRICT NEWLY CREATED. Within ten (10) days after the entry of any order creating a new school district by the consolidation of districts or parts thereof, the trustees of all school districts involved in the consolidation shall meet at the call of the state board of education superintendent of public instruction or his designee and, from their number, or from other qualified school district electors—of—the—district; shall select a board of trustees of the new district representing each of the merged districts in an equal number to serve until the annual election of trustees next following; and as follows: if two (2) districts consolidated, one (1) member representing the board of trustees of each district shall serve until the annual election of trustees next following; one (1) member representing the board of trustees of each district shall serve until the annual election the following year; and one (1) member appointed by the other four (4) members shall serve until the annual election in the year after that. If three (3) or more districts consolidated, three (3) members shall serve until the annual election of trustees next following; three (3) members shall serve until the annual election the following year; and one (1) member appointed by the other six (6) members shall serve until the annual election in the year after that. If the number of merged districts is greater than three (3), the superintendent of public instruction shall appoint as equally as possible from trustees of the previous districts so that each district, if possible, has representation on the consolidated district's board of trustees. The superintendent shall stagger the terms of his appointments so that an equal number of appointees' terms expire annually and those trustees shall sit for election. Thereafter, all trustees who are elected shall serve terms as provided in section 33-501, Idaho Code, for a board of trustees of a school district. The board of trustees shall report the names of said trustees to the state board of education. The board of trustees of the newly consolidated school district shall expeditiously redraw the trustee zones pursuant to section 33-313, Idaho Code.

The state board of education, at its first meeting next following receipt of notice of the creation of new school districts by the division of a district, shall appoint a board of trustees for each such new district, to serve until the annual election of school district trustees next following.

Boards of trustees selected or appointed as in this section provided shall forthwith meet and organize as provided in section 33-506, Idaho Code, and thereupon the board of trustees of any district, the whole of
which has been incorporated within the new district, or which was
divided as the case may be, shall be dissolved and its powers and duties
shall cease. Prior to the notice of annual election of trustees next
following, the board of trustees of each school district created by con-
solidation or by division of districts shall determine by lot or by
agreement which of the trustee zones the trustees therefor shall be
elected for a term of one (1) year, which for a term of two (2) years,
and which for a term of three (3) years. Thereafter each trustee shall
be elected for a term of three (3) years.

It is the intent of the Legislature to provide qualified disabled employees with effective accommodation to perform essential job functions. Therefore, based upon an informal opinion issued from the Idaho Attorney General on February 12, 2008, the Department of Health and Welfare's Human Resources Office is directed to work with the
Idaho Department of Vocational Rehabilitation to complete a job assessment regarding the director of the Council for the Deaf and Hard of Hearing need for a sign language interpreter. The Idaho Attorney General states that the assessment should, at a minimum, address the following questions:

1. What does the executive director's calendar consist of from day-to-day, in terms of the number of scheduled meetings and other expected commitments?
2. Which meetings will require a sign language interpreter, and what other forms of accommodation will be effective for other types of communication that occur during the executive director's work day?

The Joint Finance-Appropriations Committee has included $10,000 of one-time funding to cover any interpreter service costs for fiscal year 2009; however, it is the intent of the Joint Finance-Appropriations Committee that the moneys only be accessed once the assessment is complete and a determination of the interpreter hours needed has been made. It is also the intent of the Joint Finance-Appropriations Committee to, based on the completed job assessment and the recommendation of the Governor, address the ongoing need for sign language interpreter hours in the Council for the Deaf and Hard of Hearing budget during the 2009 legislative session.

SECTION 5. That Section 33-1004E, Idaho Code, be, and the same is
hereby amended to read as follows:

33-1004E. DISTRICT'S SALARY-BASED APPORTIONMENT. Each district
shall be entitled to a salary-based apportionment calculated as provided
in this section.
1. To determine the apportionment for instructional staff, first determine the district average experience and education index by placing all eligible district certificated instructional employees on the statewide index provided in section 33-1004A, Idaho Code. The resulting average is the district index. Districts with an index above the state average index shall receive their actual index but not more than the state average plus .03 for the 1994-95 school year, and shall receive their actual index but not more than the state average plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district instructional staff index shall be multiplied by the instructional base salary of $24,623. The amount so determined shall be multiplied by the district staff allowance for instructional staff determined as provided in section 33-1004(2), Idaho Code. The instructional salary allocation shall be increased by the amount necessary for each full-time equivalent instructional staff member placed on the experience and education index to be allocated at least the minimum salary mandated by this section. Full-time instructional staff salaries shall be determined from a salary schedule developed by each district and submitted to the state department of education. No full-time instructional staff member shall be paid less than $31,000. If an instructional staff member has been certified by the national board for professional teaching standards, the staff member shall be designated as a master teacher and receive $2,000 per year for five (5) years. The instructional salary shall be increased by $2,000 for each master teacher. The resulting amount is the district's salary-based apportionment for instructional staff. For purposes of this section, teachers qualifying for the salary increase as master teacher shall be those who have been recognized as national board certified teachers as of July 1 of each year.

2. To determine the apportionment for district administrative staff, first determine the district average experience and education index by placing all eligible certificated administrative employees on the statewide index provided in section 33-1004A, Idaho Code. The resulting average is the district index. Districts with an index above the state average index shall receive their actual index but not more than the state average plus .03 for the school year 1994-95, and shall receive their actual index but not more than the state average index plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district administrative staff index shall be multiplied by the base salary of $35,963,532. The amount so determined shall be multiplied by the district staff allowance for administrative staff determined as provided in section 33-1004(3), Idaho Code. The resulting amount is the district's salary-based apportionment for administrative staff.

3. To determine the apportionment for classified staff, multiply $19,783 by the district classified staff allowance determined as provided in section 33-1004(4), Idaho Code. The amount so determined is the district's apportionment for classified staff.

4. The district's salary-based apportionment shall be the sum of the apportionments calculated in subsections 1., 2. and 3., of this section, plus the benefit apportionment as provided in section 33-1004F, Idaho Code.

Approved April 1, 2008.

The allocation and utilization of such funds shall be determined jointly by the State Board of Education and the Superintendent of Public Instruction, under the administration of the State Department of Education, provided that the funds not be used for state personnel costs.

33-1004E. DISTRICT'S SALARY-BASED APPORTIONMENT. Each district shall be entitled to a salary-based apportionment calculated as provided in this section.

1. To determine the apportionment for instructional staff, first determine the district average experience and education index by placing all eligible district certificated instructional employees on the statewide index provided in section 33-1004A, Idaho Code. The resulting aver-
age is the district index. Districts with an index above the state average index shall receive their actual index but not more than the state average plus .03 for the 1994-95 school year, and shall receive their actual index but not more than the state average plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district instructional staff index shall be multiplied by the instructional base salary of $24,623. The amount so determined shall be multiplied by the district staff allowance for instructional staff determined as provided in section 33-1004(2), Idaho Code. The instructional salary allocation shall be further increased by the amount necessary for each full-time equivalent instructional staff member placed on the experience and education index to be allocated at least the minimum salary mandated by this section. Full-time instructional staff salaries shall be determined from a salary schedule developed by each district and submitted to the state department of education. No full-time instructional staff member shall be paid less than $31,000. If an instructional staff member has been certified by the national board for professional teaching standards, the staff member shall be designated as a master teacher and receive $2,000 per year for five (5) years. The instructional salary shall be increased by $2,000 for each master teacher. The resulting amount is the district's salary-based apportionment for instructional staff. For purposes of this section, teachers qualifying for the salary increase as master teacher shall be those who have been recognized as national board certified teachers as of July 1 of each year.

2. To determine the apportionment for district administrative staff, first determine the district average experience and education index by placing all eligible certificated administrative employees on the statewide index provided in section 33-1004A, Idaho Code. The resulting average is the district index. Districts with an index above the state average index shall receive their actual index but not more than the state average plus .03 for the school year 1994-95, and shall receive their actual index but not more than the state average index plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district administrative staff index shall be multiplied by the base salary of $35,816. The amount so determined shall be multiplied by the district staff allowance for administrative staff determined as provided in section 33-1004(3), Idaho Code. The resulting amount is the district's salary-based apportionment for administrative staff.

3. To determine the apportionment for classified staff, multiply $19,783 by the district classified staff allowance determined as provided in section 33-1004(4), Idaho Code. The amount so determined is the district's apportionment for classified staff.

4. The district's salary-based apportionment shall be the sum of the apportionments calculated in subsections 1., 2. and 3., of this section, plus the benefit apportionment as provided in section 33-1004F, Idaho Code.

SECTION 9. Of the moneys appropriated in Section 3 of this act, up to $50,000 may be expended by the Superintendent of Public Instruction to defray the costs associated with a Teacher Performance Evaluation Task Force. The Superintendent of Public Instruction shall appoint, con-
vene and provide administrative support for said task force. The task force shall include the following members:

This goal is consistent with the mission of the office of the national coordinator for health information technology, established by the president of the United States in 2004, to provide leadership for the development and nationwide implementation of an interoperable health information technology infrastructure to improve the quality and efficiency of health care and the ability of consumers to manage their care and safety.

(b) Coordinated implementation of statewide patient safety standards will identify uniform indicators of and standards for clinical quality and patient safety as well as uniform requirements for reporting provider achievement of those indicators and standards.
There is hereby created and established within the department a health quality planning commission ("the commission").

(a) By May 1, 2006, and as needed after that date, the governor shall appoint eleven (11) voting members upon assurance of equitable geographic and rural representation, comprising members of the public and private sectors with expertise in health information technology and clinical quality and patient safety. REQUIREMENT REGARDING A GARVEE PROGRAM MANAGEMENT SERVICES AGREEMENT; PROVIDING FOR ISSUANCE OF GARVEE BONDS; PROVIDING LEGISLATIVE INTENT AS TO THE IDAHO TRANSPORTATION BOARD'S PRIORITY USE OF BOND REVENUE; PROVIDING LEGISLATIVE INTENT REGARDING WORK PERFORMED BY THE IDAHO TRANSPORTATION DEPARTMENT; AUTHORIZING A TRANSFER OF FUNDS FOR DEBT SERVICE; PROVIDING A DATE FOR SUBMISSION OF A REPORT TO THE LEGISLATURE; PROVIDING FOR RESPONSIBILITIES OF THE IDAHO TRANSPORTATION BOARD REGARDING BOND ISSUANCE; AND PROVIDING FOR THE REMOVAL OF THE MINIMUM VALUE IN THE RANGE OF REVENUE ALLOCATED TO THE US-95, WORLEY NORTH, KOOTENAI COUNTY PROJECT.

Be It Enacted by the Legislature of the State of Idaho:

The Idaho Legislature hereby approves bonding authority for the issuance of highway transportation (GARVEE) bonds by the Idaho Housing and Finance Association in a principal amount sufficient to finance the highway transportation projects listed in Section 2 of this act in an amount up to $134,000,000. Such bonds are expected to be paid from continuing appropriations of federal funds from the State Highway Account as provided in Section 40-707, Idaho Code.

SECTION 2. The Legislature finds that the bonding authority provided in Section 1 of this act shall be used in a manner that does not obligate future legislatures or governors for additional bonding authority. Pursuant to Section 40-315, Idaho Code, the bonding authorized in Section 1 of this act may be used to finance from the following list of projects and the Idaho Transportation Board shall allocate bond revenue to the projects listed below:

SECTION 3. The Idaho Transportation Board and the Idaho Transportation Department shall not increase the scope, nor add specific projects, nor in any manner extend or enlarge the transportation projects listed in Section 2 of this act.

SECTION 4. To the extent the Idaho Transportation Board and the Idaho Transportation Department determine that GARVEE program management services are necessary, any agreement governing such services shall, to the extent possible, be fully transparent to the public and to the Legislature and shall endeavor to negotiate those services at the best possible rates.
SECTION 5. The bonds issued under the authority provided in Section 1 of this act shall be issued upon an approved resolution by the Idaho Transportation Board requesting the Idaho Housing and Finance Association to issue bonds in amounts necessary to ensure that: the funds are necessary to meet program obligation requirements; the funds will be used and disbursed in accordance with United States Treasury regulations to ensure tax exempt status is retained; and the bonds are issued at prevailing market rates of interest. Further, it is the intent of the Legislature that the bonds authorized by the authority provided in Section 1 of this act be issued on an "as needed" basis as determined by the Idaho Transportation Board. The purpose of this intent is to delay debt service on additional bonding until funds must be obligated to pay for right-of-way acquisition, construction, and/or other project-related costs and avoid violation of arbitrage rules that may result from issuance of bonds too far in advance of the need to obligate funds for expenditure. It is also the request of the Legislature that the obligation of previously issued bonds for expenditure on approved projects be achieved before an additional issuance is made, with such issuance dependent upon advantageous market rates and costs of bonding transactions.

SECTION 6. It is legislative intent that the Idaho Transportation Board direct the use of the revenue raised from the bonding authority provided in Section 1 of this act in such a manner that revenue shall be expended in a priority fashion and that the first priority of expenditures shall be for construction, followed in order of priority by expenditures for right-of-way acquisition, followed in priority by other necessary project-related costs.

SECTION 7. Relating to the projects referenced in Section 2 of this act, it is legislative intent that, to the extent feasible and practical, the Idaho Transportation Department perform project-related work within the department itself. The goal of this directive is to preserve the expenditure of GARVEE funds for the priorities described in Section 6 of this act.

SECTION 8. The Idaho Transportation Board is hereby authorized to transfer up to $3,300,000 from within the State Highway Account to the GARVEE Debt Service Fund to pay the state match as required for federal funds committed to pay the annual scheduled debt service on GARVEE bonds for fiscal year 2009.

SECTION 9. Notwithstanding any other provisions of law, it is legislative intent that by September 30 of each year, the board shall submit a report to the Legislature concerning projects currently under construction using the bond financing as authorized by the provisions of this act, and shall include a list of planned highway transportation projects to be financed with such bond financing during the next succeeding fiscal year.

SECTION 10. Notwithstanding the provisions of Section 11, Chapter 363, Laws of 2007, the bonds shall be issued when necessary, as determined by the Idaho Transportation Board, either prior to or subsequent to June 30, 2008.
SECTION 11. Notwithstanding the provisions of Section 2, Chapter 363, Laws of 2007, the minimum value stated in the range of revenue to be allocated to the US-95, Worley North, Kootenai County project shall be removed.

Approved April 1, 2008.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 1, Title 39, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 39-116B, Idaho Code, and to read as follows:

39-116B. VEHICLE INSPECTION AND MAINTENANCE PROGRAM. (1) The board shall initiate rulemaking to provide for the implementation of a motor vehicle inspection and maintenance program to regulate and ensure control of the air pollutants and emissions from registered motor vehicles in an attainment or unclassified area as designated by the United States environmental protection agency, not otherwise exempted in subsection (7) of this section, if the director determines the following conditions are met:

(a) An airshed, as defined by the department, within a metropolitan statistical area, as defined by the United States office of management and budget, has ambient concentration design values equal to or above eighty-five percent (85%) of a national ambient air quality standard, as defined by the United States environmental protection agency, for three (3) consecutive years starting with the 2005 design value; and

(b) The department determines air pollutants from motor vehicles constitute one (1) of the top two (2) emission sources contributing to the design value of eighty-five percent (85%).

(2) In the event both of the conditions in subsection (1) of this section are met, the board shall establish by rule minimum standards for an inspection and maintenance program for registered motor vehicles, not otherwise exempted in subsection (7) of this section, which shall provide for:

(a) Counties and cities within the airshed that will be subject to the motor vehicle inspection and maintenance program;

(b) The requirements for licensing authorized inspection stations and technicians;
(c) The frequency with which inspections shall be required, provided that inspections shall occur no more than once every two (2) years;
(d) The procedures under which authorized inspection stations and technicians inspect motor vehicles and issue evidence of compliance;
(e) The criteria under which it is to be determined that a motor vehicle is eligible for a certificate of compliance;
(f) The parameters and diagnostic equipment necessary to perform the required inspection. The rules shall ensure that the equipment complies with any applicable standards of the United States environmental protection agency;
(g) A fee, bond or insurance which is necessary to carry out the provisions of this section and to fund an air quality public awareness and outreach program. The fee for a motor vehicle inspection shall not exceed twenty dollars ($20.00) per vehicle;
(h) The issuance of a pamphlet for distribution to owners of motor vehicles explaining the reasons for and the methods of the inspections; and
(i) The granting of a waiver from the minimum standards as provided by rule, which may be based on model year, fuel, size, or other factors.
(3) In the event both of the conditions in subsection (1) of this section are met, the director shall attempt to enter into a joint exercise of powers agreement under sections 67-2326 through 67-2333, Idaho Code, with the board of county commissioners of each county within the airshed in which a motor vehicle inspection and maintenance program is required under this section, and the councils of incorporated cities within those counties, to develop a standardized inspection and maintenance program. If the board of county commissioners or the councils of incorporated cities within those counties choose not to enter into a joint exercise of powers agreement with the director, then within one hundred twenty (120) days of the director's written request to enter into such an agreement, the board of county commissioners or the councils of incorporated cities may notify the department that it will implement an alternative motor vehicle emission control strategy that will result in emissions reductions equivalent to that of a vehicle emission inspection program. If the department determines the emissions reductions of the alternative motor vehicle emission control strategy are not equivalent, or no equivalent reductions are proposed, the department or its designee shall implement the motor vehicle inspection and maintenance program required pursuant to the provisions of this section.
(4) The Idaho transportation department shall revoke the registration of any motor vehicle identified by the department or its designee, or any city or county administering a program established under the provisions of this section as having failed to comply with such motor vehicle inspection and maintenance program, except that no vehicle shall be identified to the Idaho transportation department unless:

burses the Idaho transportation department for all direct costs associated with the registration revocation procedure.

(5) The department shall annually review the results of the vehicle inspection and maintenance program. The review shall include, among other things, an estimate of the emission reduction obtained from the number of vehicles that initially fail the test and then pass after maintenance.

(6) Every five (5) years beginning with the implementation of the program, the director shall review the air quality data and determine whether a program initially established pursuant to the provisions of this section should be continued, modified or terminated.

(7) Electric or hybrid motor vehicles, new motor vehicles less than five (5) years old, classic automobiles, motorized farm equipment and registered motor vehicles engaged solely in the business of agriculture, shall be exempt from any motor vehicle inspection and maintenance program established pursuant to the provisions of this section.

(8) If the employee was a minor, apprentice or trainee at the time of the accident or manifestation of the disease, and it is established that under normal conditions his wages should be expected to increase during the period of disability that fact may be considered in computing his average weekly wage.

(9) When the employee is working under concurrent contracts with two (2) or more employers and the defendant employer has knowledge of such employment prior to the injury, the employee's wages from all such employers shall be considered as if earned from the employer liable for compensation.

(10) When circumstances are such that the actual rate of pay cannot be readily ascertained, the wage shall be deemed to be the contractual, customary or usual wage in the particular employment, industry or community for the same or similar service.

(11) In the case of public employees covered under section 72-205(6), Idaho Code, the income benefits shall be based on the greater of the average weekly wage of the employee's civilian employment and pay computed for one (1) weekend drill in a month, or full-time active duty pay fixed by the month as provided in section 46-605, Idaho Code.

In counting years of experience for assignment to the professional engineer or professional land surveyor examination, the board may, at its discretion, give credit, not in excess of one (1) year, for satisfactory graduate study toward a master's degree and not in excess of an additional one (1) year for satisfactory graduate study toward a doctorate degree. In the event an applicant obtains a doctorate degree without first obtaining a master's degree, the board may, at its discretion, give credit, not in excess of two (2) years.

In considering the combined education and experience qualifications of applicants, the board shall consider engineering teaching, land surveying teaching, each year of satisfactory completion of undergraduate college education, advanced degrees in engineering and advanced degrees in land surveying in establishing the applicants' minimum composite knowledge and skill.

The mere execution, as a contractor, of work designed by a professional engineer, or the supervision of the construction of such work as a foreman or superintendent, shall not be deemed to be the practice of engineering, but if such experience, in the opinion of the board, has involved responsible supervision of a character that will tend to expand the engineering knowledge and skill of the applicant the board may in its discretion give such credit therefor as it may deem proper.

Any person having the necessary qualifications prescribed in this chapter to entitle him to registration assignment to an examination for licensure or certification shall be eligible for such registration
assignment although he may not be practicing his profession at the time of making his application.

SECTION 10. That Section 54-1212, Idaho Code, as amended by Section 1, Chapter 125, Laws of 2002, as amended by Section 2, Chapter 15, Laws of 2003, as amended by Section 2, Chapter 84, Laws of 2004, be, and the same is hereby amended to read as follows:

(3) As an engineer-in-training intern:
(a) Graduation from or in the last two (2) semesters of an approved engineering curriculum of four (4) years or more in a school or college approved by the board as being of satisfactory standing and indicating that the applicant is competent to enroll as an engineer-in-training intern; or

In counting years of experience for assignment to the professional engineer or professional land surveyor examination, the board may, at its discretion, give credit, not in excess of one (1) year, for satisfactory graduate study toward a master's degree and not in excess of an additional one (1) year for satisfactory graduate study toward a doctorate degree. In the event an applicant obtains a doctorate degree without first obtaining a master's degree, the board may, at its discretion, give credit, not in excess of two (2) years.

In considering the combined education and experience qualifications of applicants, the board shall consider engineering teaching, land surveying teaching, each year of satisfactory completion of undergraduate college education, advanced degrees in engineering and advanced degrees in land surveying in establishing the applicants' minimum composite knowledge and skill.
The mere execution, as a contractor, of work designed by a professional engineer, or the supervision of the construction of such work as a foreman or superintendent, shall not be deemed to be the practice of engineering, but if such experience, in the opinion of the board, has involved responsible supervision of a character that will tend to expand the engineering knowledge and skill of the applicant the board may in its discretion give such credit therefor as it may deem proper.

Any person having the necessary qualifications prescribed in this chapter to entitle him to registration assignment to an examination for licensure or certification shall be eligible for such registration assignment although he may not be practicing his profession at the time of making his application.

SECTION 11. That Section 54-1213, Idaho Code, be, and the same is hereby amended to read as follows:

54-1213. APPLICATIONS AND REGISTRATION FEES. Applications for registration licensure as a professional engineer or professional land surveyor, or certification as an engineer-in-training intern or land surveyor-in-training intern, shall be on forms prescribed and furnished by the board. The application shall be made under oath, and shall show the applicant's education and a detailed summary of his technical and engineering or land surveying experience. An applicant for registration licensure as a professional engineer or professional land surveyor shall furnish not less than five (5) references, of whom three (3) or more should be registered professional engineers or professional land surveyors, as applicable, having personal knowledge of the applicant's engineering or land surveying experience. An applicant for certification as an engineer-in-training intern or land surveyor-in-training intern shall furnish not less than three (3) references of whom at least one (1) should be a registered professional engineer or professional land surveyor, as applicable, having personal knowledge of the applicant's engineering or land surveying experience. Applications for certificates of authorization shall be made in accordance with section 54-1235, Idaho Code.

The maximum application fee for professional engineers or professional land surveyors seeking to be licensed by an eight (8) hour or longer examination shall be an amount equal to the amount charged the board by the entity preparing and administering the examination, plus an administrative fee not to exceed one hundred dollars ($100). The total application fee shall accompany the application.

The maximum application fee for an applicant who seeks a certificate as an engineer-in-training intern or land surveyor-in-training intern shall be an amount equal to the amount charged the board by the entity preparing and administering the examination, plus an administrative fee not to exceed fifty dollars ($50.00). The application fee shall accompany the application.

The maximum application fee for business entities seeking a certificate of authorization shall be two hundred dollars ($200). The application fee shall accompany the application.

Separate application fees shall accompany all applications for each of the four (4) classes of examination—professional land surveyor, engineer-in-training, land surveyor-in-training and professional engineer.
The amount of the registration license fee or certificate fee shall be fixed by the board prior to June 30th of any year and shall continue in force until changed.

Should the board deny the issuance of a certificate of registration or authorization license to any applicant, the fee deposited paid shall be retained as an application processing fee.

SECTION 12. That Section 54-1214, Idaho Code, be, and the same is hereby amended to read as follows:

54-1214. EXAMINATIONS. (1) Examinations will be held at such times and places as the board directs. The board shall determine the acceptable grade on examinations.

(2) Written examinations will be given in two (2) sections and may be taken only after the applicant has met the other minimum requirements as given in section 54-1212, Idaho Code, and has been approved by the board for admission to the examinations as follows:

(a) Fundamentals of Engineering -- The examination consists of an eight (8) hour test period on the fundamentals of engineering. Passing this examination qualifies the examinee for an engineer-in-training intern certificate, provided he has met all other requirements of certification required by this chapter.

(b) Principles and Practice of Engineering -- The examination consists of a minimum of an eight (8) hour test period on applied engineering. Passing this examination qualifies the examinee for registration licensure as a professional engineer, provided he has met the other requirements for registration licensure required by this chapter.

(c) Fundamentals of Land Surveying -- The examination consists of an eight (8) hour test period on the fundamentals of land surveying. Passing this examination qualifies the examinee for a land surveyor-in-training intern certificate, provided he has met all other requirements for certification required by this chapter.

(d) Principles and Practice of Land Surveying -- The examination consists of a minimum of an eight (8) hour test period on applied land surveying. Passing this examination qualifies the examinee for registration licensure as a professional land surveyor, provided he has met the other requirements for registration licensure required by this chapter.

(3) A candidate failing all or part of an examination for the first time may apply for reexamination, which may be granted upon payment of a fee equal to the total application fee for the required examination. In the event of a second failure, the examinee shall be required to appear before the board or a member thereof to obtain a minimum of one (1) additional year of experience, acceptable to the board, from the date of the second examination failure, and submit evidence of having completed an additional eight (8) semester credits of college level academic education relating to the examination, before the board will consider that he has acquired the necessary additional knowledge to warrant assignment to a third examination. In the event of a third or subsequent failure, the examinee shall be required to obtain a minimum of three (3) additional years of experience, acceptable to the board, from the date of the third or subsequent examination failure, and submit evidence of having completed an additional twelve (12) semester credits of college...
level academic education relating to the examination, before the board will consider that he has acquired the necessary additional knowledge to warrant assignment to a subsequent examination.

(4) The board may prepare and adopt specifications for the written examinations in engineering and land surveying. They may be published in brochure form and be available to any person interested in being registered as a professional engineer or as a professional land surveyor.

SECTION 13. That Section 54-1215, Idaho Code, be, and the same is hereby amended to read as follows:

54-1215. CERTIFICATES LICENSE -- SEALS -- INTERN CERTIFICATES. (1) The board shall issue a certificate-of-registration license upon payment of the registration fee as provided for in this chapter to any applicant who, in the opinion of the board, has satisfactorily met all of the requirements of this chapter for licensure as a professional engineer or professional land surveyor, and an enrollment certificate shall be issued to those who qualify as an engineers-in-training and intern or a land surveyors-in-training intern. In the case of a registered professional engineer, the certificate license shall authorize the practice of "professional engineering," and in the case of a registered professional land surveyor the certificate license shall authorize the practice of "professional land surveying." Certificates-of-registration Licenses shall show the full name of the registrant licensee, shall give a serial registration license number, and shall be signed by the chairman and the secretary of the board under seal of the board.

(2) The issuance of a certificate-of-registration license by the board shall be prima facie evidence that the person named therein is entitled to all the rights, privileges and responsibilities of a registered licensed professional engineer or of a registered licensed professional land surveyor, provided that said certificate-of-registration license has not expired or has not been suspended or revoked.

(3) Each registrant licensee hereunder shall, upon registration licensure, obtain a seal, the use and design of which are described below. It shall be unlawful for any person to affix or to permit his seal and signature to be affixed to any documents after the certificate license of the registrant licensee named thereon has expired or has been suspended or revoked, unless said certificate license shall have been renewed, reinstated, or reissued, or for the purpose of aiding or abetting any other person to evade or attempt to evade any portion of this chapter.

(a) The seal may be a rubber stamp, crimp or electronically generated image. Whenever the seal is applied, the registrant's licensee's signature and date shall also be included. If the signature is handwritten, it shall be adjacent to or across the seal. No further words or wording is required. A facsimile signature generated by any method will not be acceptable unless accompanied by a digital signature.

(b) The seal, signature and date shall be placed on all final specifications, land surveys, reports, plats, drawings, plans, design information and calculations, whenever presented to a client or any public or governmental agency. Any such document presented to a client or public or governmental agency that is not final and does not contain a seal, signature and date shall be clearly marked as
"draft," "not for construction" or with similar words to distinguish the document from a final document. In the event the final work product is preliminary in nature or contains the word "preliminary," such as a "preliminary engineering report," the final work product shall be sealed, signed and dated as a final document if the document is intended to be relied upon to make policy decisions important to the life, health, property, or fiscal interest of the public.

(c) The seal and signature of the licensee and date shall be placed on all original documents in such a manner that such seal, signature and date are reproduced when the original document is copied. The application of the registrant's licensee's seal and signature and the date shall constitute certification that the work thereon was done by him or under his responsible charge. Each plan or drawing sheet shall be sealed and signed and dated by the registrant licensee or registrants licensees responsible for each sheet. In the case of a business entity, each plan or drawing sheet shall be sealed and signed and dated by the registrant licensee or registrants licensees involved. Copies of electronically produced documents, listed in paragraph (b) of this subsection, distributed for informational uses such as for bidding purposes or working copies, may be issued with the registrant's licensee's seal and a notice that the original document is on file with the registrant's licensee's signature and the date. The words "Original Signed By:" and "Date Original Signed:" shall be placed adjacent to or across the seal on the electronic original. The storage location of the original document shall also be provided. Only the title page of reports, specifications and like documents need bear the seal and signature of the licensee and the date of the registrant.

(d) The seal and signature shall be used by registrants licensees only when the work being stamped was under the registrant's licensee's responsible charge.

(e) The design of the seal shall be as determined by the board.

(4) The board shall issue to any applicant who, in the opinion of the board, has met the requirements of this chapter, an enrollment certificate or card as an engineer-in-training intern or land surveyor-in-training, which indicates that his name has been recorded as such in the board-office intern. The engineer-in-training intern or land surveyor-in-training enrollment-card intern certificate does not authorize the certificate holder to practice as a professional engineer or a professional land surveyor.

SECTION 14. That Section 54-1216, Idaho Code, be, and the same is hereby amended to read as follows:

54-1216. EXPIRATIONS AND RENEWALS -- FEES. Following issuance or renewal of certificates of registration licenses for professional engineers and professional land surveyors, expiration shall be on the last day of the month during which the registrant licensee was born, in even-numbered state of Idaho fiscal years for those born in even-numbered calendar years and in odd-numbered state of Idaho fiscal years for those born in odd-numbered calendar years, and shall become invalid on that date unless renewed. Certificates of authorization for business entities shall expire on the last day of the month of July following issuance or
renewal and shall become invalid on that date unless renewed. It shall be the duty of the board to notify every person registered licensed and every business entity certified under this chapter, of the date of the expiration of said certificate of registration license or certificate of authorization and the amount of the fee that shall be required for its renewal. Such notice shall be mailed to the last known address of the registrant licensee or business entity at least one (1) month in advance of the date of the expiration of said license or certificate of authorization. Renewal may shall be effected effective at any time in the appropriate year during the month in which the registrant licensee was born or during the month of July in the case of business entities, by the payment of a renewal fee to be fixed by the board at not more than one hundred fifty dollars ($150). The failure on the part of any registrant licensee or certificate holder to renew his or its license or certificate biennially in the month in which they were born or in the month of July in the case of business entities, as required above shall not deprive such person or business entity of the right of renewal, but the fee to be paid for the renewal of a license or certificate after the month in which it is due shall be increased twenty percent (20%) for each month or fraction of a month that payment of renewal is delayed; provided, however, that the maximum fee for delayed renewal shall not exceed twice the renewal fee for each biennium renewal cycle delinquent, but in no event more than three hundred dollars ($300). Any work performed after a registration license or certificate of authorization has expired, but before delayed renewal has been effected, shall become valid upon delayed renewal as if the registration license or certificate of authorization had not expired, but the registrant licensee or certificate holder shall may be subject to disciplinary action by the board for practice on an expired license or such other action as provided pursuant to this chapter.

Following issuance or renewal of certificates of enrollment for engineers-in-training interns and land surveyors-in-training interns, expiration shall be on the last day of the month during which the certificate holder was born, in even-numbered state of Idaho fiscal years for those born in even-numbered calendar years and in odd-numbered state of Idaho fiscal years for those born in odd-numbered calendar years. The notification to holders of certificates of enrollment shall be processed as prescribed above for registrants licensees except that the biennial renewal fee shall not be more than thirty dollars ($30.00). The failure on the part of any holder of a certificate of enrollment to effect renewal shall not invalidate his status as an engineer-in-training intern or land surveyor-in-training intern, but his name shall after ninety-(90)-days be removed from the board's current mailing list.

SECTION 15. That Section 54-1218, Idaho Code, be, and the same is hereby amended to read as follows:

54-1218. PUBLIC WORK. It shall be unlawful for this state, or for any county, city, school district, irrigation district, drainage district, highway district, or other subdivision of the state, having power to levy taxes or assessments against property situated therein, to engage in the construction of any public work when the public health or safety is involved unless the plans and specifications and estimates
have been prepared by, and the construction reviewed by a registered professional engineer.

SECTION 16. That Section 54-1219, Idaho Code, be, and the same is hereby amended to read as follows:

54-1219. COMITY CERTIFICATION LICENSURE -- FEE. The board, upon application therefor and the payment of a fee of not to exceed a maximum of one hundred fifty dollars ($150), may issue a certificate-of-registration license as a professional engineer or professional land surveyor to any person who holds a certificate-of-registration license issued to the applicant by the proper authority of any state, territory or possession of the United States, the District of Columbia, or of a foreign country, provided that, in the opinion of the board, the applicant possesses the education, experience and examination credentials, or their equivalents, that were specified in the applicable registration licensing chapter in effect in this state at the time such certificate license was issued, provided that a professional land surveyor applicant must successfully pass a land surveying examination as prepared and administered by the board, and provided such state, territory, possession or country will license, or issue certificates-of-registration, without examination and upon substantially the same condition, to applicants holding licenses or certificates-of-registration issued by the board under this chapter. In the event the applicant has been licensed and has practiced as a professional engineer or professional land surveyor in another jurisdiction for a minimum of eight (8) years, has no outstanding disciplinary action, and is in good standing under a licensing system which, in the opinion of the board, maintains substantially equivalent professional standards as required under this chapter, the board may, in its discretion, waive the requirement for satisfaction of prescriptive credentials in education and examination.

SECTION 17. That Section 54-1220, Idaho Code, be, and the same is hereby amended to read as follows:

Repeated acts of negligence may be considered as a gross act for disciplinary action. Such charges shall be in writing, and shall be sworn to by the person or persons making them and shall be filed with the executive director of the board. The executive director of the board shall be considered an affected party and may be the person making and filing the charges.

(2) All charges, unless dismissed by the board as unfounded or trivial, or unless settled informally, shall be heard by the board within six (6) months after the date they were received at the board office unless such time is extended by the board for justifiable cause.

(3) The time and place for said hearing shall be fixed by the board and a copy of the charges, together with a notice of the time and
place-of-hearing, shall be personally served on or mailed to the last known address of such individual, registrant or business entity holding a certificate of registration. The proceedings shall be governed by the provisions of chapter 52, title 67, Idaho Code.

(4) If, after such hearing, the board votes in favor of sustaining the charges, the board may, in its discretion, impose an administrative penalty, not to exceed two and five thousand dollars ($25,000) for deposit in the general account fund of the state of Idaho. In addition, the board, in its discretion, may admonish, reprimand, suspend, revoke, refuse to renew, refuse to grant, or any combination thereof, the individual's license or certificate of registration or a business entity's certificate of authorization. The board may also, in its discretion, require the individual to practice under the supervision of another licensee, or require the individual to successfully complete continuing education courses as may be prescribed by the board.

(5) The board shall have jurisdiction over registrants licensees whose licenses are not current provided the action relates to services performed when the license was current and valid.

SECTION 18. That Section 54-1221, Idaho Code, be, and the same is hereby amended to read as follows:

54-1221. REISSUANCE OF LICENSES AND CERTIFICATES. The board, upon petition of an individual or a business entity, may reissue or reinstate a license or certificate of registration or certificate of authorization, provided three (3) or more members of the board vote in favor of such reissuance or reinstatement. A new license or certificate of registration or certificate of authorization, to replace any license or certificate revoked, lost, destroyed or mutilated, may be issued subject to the rules of the board, and upon payment of such reasonable charge therefor as shall be fixed by the board to cover the estimated cost of investigation and such reissuance, but not exceeding ten dollars ($10.00) in any case.

SECTION 19. That Section 54-1222, Idaho Code, be, and the same is hereby amended to read as follows:

54-1222. VIOLATIONS AND PENALTIES -- PROSECUTION OF OFFENSES. Any person who shall practice, or offer to practice, professional engineering or professional land surveying in this state without being registered licensed in accordance with the provisions of this chapter, or any person presenting or attempting to use as his own the certificate of registration license or the seal of another, or any person who shall give any false or forged evidence of any kind to the board or to any member thereof in obtaining a license or certificate of registration; or any person who shall falsely impersonate any other registrant licensee of like or different name, or any person who shall attempt to use an expired or revoked certificate of registration license or practice at any time during a period the board has suspended or revoked his certificate of registration license, or any person who shall violate any of the provisions of this chapter, shall be guilty of a misdemeanor.

Legal counsel selected by the board, or the attorney general of this state or anyone designated by him may act as legal advisor of the board. It shall be the duty of the attorney general of this state to enforce
the provisions of this chapter relating to unlicensed practice and to prosecute any unlicensed person violating the same. The attorney general shall be reimbursed by the board for any fees and expenses incurred by the attorney general in representing the board or prosecuting unlicensed persons.

SECTION 20. That Section 54-1223, Idaho Code, be, and the same is hereby amended to read as follows:

(a) The practice of any other profession or trade for which a license is required under any law of this state or the United States.
(b) The work of an employee or a subordinate of a person holding a certificate of registration license under this chapter, provided such work does not include final engineering design or land surveying decisions and is done under the direct responsibility, checking, and supervision of, and verified by, a person holding a certificate of registration license under this chapter.
(c) Any individual teaching upper division engineering subjects that are classified as engineering design for any college or university in this state as of July 1, 1988, and any such individual employed after July 1, 1988, for a period of five (5) years from the date of employment with any college or university in this state.
(d) An individual doing surveying work for himself, or through a business entity, on property owned or leased by the individual or business entity, or in which the individual or business entity has an interest, estate or possessory right and which affects exclusively the property or interests of the individual or business entity; provided, that all land surveying maps, plats or plans filed with any county recorder's office in the state of Idaho for the purpose of illustrating or defining boundaries of property ownership, shall be made and certified by a registered, licensed professional land surveyor as provided in this chapter.
(e) An individual doing survey work for himself, or through a business entity with respect to the location, amendment, or relocation of a mining claim.
(f) The practice of engineering by employees of a business entity as long as the services provided by them are for internal business entity use only.

(3) An applicant for licensure as a professional engineer either by examination or by comity who has earned a bachelor degree in engineering from an approved engineering program and has, in addition, earned a doctorate degree in engineering from a college or university which offers an approved undergraduate program in the same discipline as the doctorate degree earned, shall be exempt from the requirement for satisfactory completion of an examination in the fundamentals of engineering. Honorary doctorate degrees are not considered earned degrees for purposes of this subsection.
(4) In addition to, and notwithstanding other provisions of this chapter, in circumstances of emergency creating conditions of imminent and substantial danger to the public health, safety or environment through the provision of engineering services, the prosecuting attorney or the attorney general may institute a civil action for an immediate injunction to halt the provision of engineering services.

(5) A professional engineer licensed in Idaho may review the work of a professional engineer who is licensed in another jurisdiction of the United States or a foreign country on a project that is a site adaptation of a standard design plan to determine that the standard design plan meets the standard of care and is applicable to the intended circumstance, with or without modification. The Idaho professional engineer shall demonstrate responsible charge, as defined in this chapter, by performing professional services related to his assignment including developing or obtaining a complete design record with design criteria and calculations, performing necessary code research and developing any necessary and appropriate changes to the standard design plan necessary to properly apply the standard design to the intended circumstance. The nonprofessional services, such as drafting, need not be redone by the Idaho professional engineer, but must clearly and accurately reflect the Idaho professional engineer's work. The burden is on the Idaho professional engineer to show such compliance. The Idaho professional engineer shall have control of and responsibility for the entire work product, shall seal, sign and date it as required in this chapter, and shall be in possession of all original documents or certified copies of documents related to the professional engineer's work for the project.

A record of such oaths shall be kept as part of the field notes of the land survey.

CHAPTER 384
(H.B. No. 532)

AN ACT
RELATING TO SCHOOL FUNDING; STATING FINDINGS OF THE LEGISLATURE; AND AMENDING CHAPTER 9, TITLE 33, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 33-910, IDAHO CODE, TO PROVIDE STATE FUNDING TO TEMPORARILY MITIGATE THE IMPACT ON CERTAIN IDAHO SCHOOL DISTRICTS FOR LOSS OF FEDERAL FUNDS PREVIOUSLY AUTHORIZED UNDER THE SECURE RURAL SCHOOLS AND COMMUNITY SELF-DETERMINATION ACT, PUBLIC LAW 106-393 AND TO PROVIDE FOR RETURN OF STATE MONEYS TO THE PUBLIC EDUCATION STABILIZATION FUND IF FEDERAL MONEYS ARE RECEIVED; PROVIDING AN EFFECTIVE DATE AND PROVIDING A SUNSET DATE.

Be It Enacted by the Legislature of the State of Idaho:
SECTION 1. It is the finding of the Legislature that there remains uncertainty in the reauthorization of the federal Secure Rural Schools and Community Self-Determination Act by the Congress of the United States. If the federal government has not reauthorized the Secure Rural Schools and Community Self-Determination Act, Public Law 106-393, or substantially similar legislation, it will have negative effects on certain Idaho school districts and in this case the Legislature is prepared to temporarily mitigate the impact on those Idaho school districts and to offset the loss of federal funds previously authorized under the Secure Rural Schools and Community Self-Determination Act, Public Law 106-393.

SECTION 2. That Chapter 9, Title 33, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 33-910, Idaho Code, and to read as follows:

33-910. SECURE RURAL SCHOOLS AND COMMUNITY SELF-DETERMINATION ACT PHASE OUT FUNDING. (1) If the state superintendent of public instruction determines that the federal government has not reauthorized the secure rural schools and community self-determination act of 2000, public law 106-393, or substantially similar legislation, by February 10, 2009, the legislature shall appropriate from the public education stabilization fund to the state superintendent of public instruction for distribution to eligible school districts an amount that is equal to seventy percent (70%) of the distribution made to school districts in December 2007 by eligible counties under title I, public law 106-393. The distributions to eligible school districts shall be based on the same proportion of the total that each school district received during the December 2007 distribution made to school districts by eligible counties under title I, public law 106-393.

(2) For each following fiscal year that the state superintendent of public instruction determines that the federal government has not reauthorized the secure rural schools and community self-determination act of 2000, public law 106-393, or substantially similar legislation, by February 10 of that year, the state shall appropriate from the public education stabilization fund:

(a) For fiscal year 2010, an amount that is equal to fifty-five percent (55%) of the distribution made to school districts in December 2007 by eligible counties under title I, public law 106-393.

(b) For fiscal year 2011, an amount that is equal to forty percent (40%) of the distribution made to school districts in December 2007 by eligible counties under title I, public law 106-393.

(c) For fiscal year 2012, an amount that is equal to twenty-five percent (25%) of the distribution made to school districts in December 2007 by eligible counties under title I, public law 106-393.

(d) For fiscal year 2013, there shall be no funding under the provisions of this section.

(3) If the superintendent of public instruction determines that the federal government has reauthorized the secure rural schools and community self-determination act of 2000, public law 106-393, or substantially similar legislation, after February 10, 2009, and that the first payment to school districts shall take place on or prior to July 15, 2009, then each school district shall return all state moneys distributed pursuant to this section for deposit to the public education stabi-
lization fund, up to a maximum of the amount of federal money so received.

(4) If the superintendent of public instruction determines that the federal government has reauthorized the secure rural schools and community self-determination act of 2000, public law 106-393, or substantially similar legislation, after February 10 of any fiscal year after 2009, and that the first payment to school districts shall take place on or prior to July 15 of that year, then each school district shall return all state moneys distributed in that fiscal year pursuant to this section for deposit to the public education stabilization fund, up to a maximum of the amount of federal money so received.

SECTION 3. This act shall be in full force and effect on and after July 1, 2008, and shall be of no force and effect on and after July 1, 2012.

Approved April 9, 2008.

CHAPTER 385
(H.B. No. 606, As Amended in the Senate)

AN ACT
RELATING TO IMPLEMENTATION OF THE FEDERAL REAL ID ACT OF 2005; STATING FINDINGS OF THE LEGISLATURE; AND AMENDING CHAPTER 3, TITLE 40, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 40-322, IDAHO CODE, TO STATE FINDINGS OF THE LEGISLATURE, TO DIRECT THE IDAHO TRANSPORTATION BOARD AND THE IDAHO TRANSPORTATION DEPARTMENT NOT TO IMPLEMENT THE PROVISIONS OF THE REAL ID ACT OF 2005 AND TO PROVIDE FOR SECURITY OF DRIVER'S LICENSES AND IDENTIFICATION CARDS; AND PROVIDING AN EFFECTIVE DATE WITH A CONTINGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. The Second Regular Session of the Fifty-ninth Idaho Legislature hereby finds that:

(1) In May of 2005, the U.S. Congress enacted the REAL ID Act of 2005 as part of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief Act (Public Law 109-13), which was signed by President George W. Bush on May 11, 2005, and which becomes fully effective May 11, 2008; and

(2) Some of the provisions of the REAL ID Act require states to:
(a) Issue a driver's license or state identification card in a uniform format, containing uniform information, all as prescribed by the Department of Homeland Security;
(b) Verify the issuance, validity and completeness of all primary documents used to issue a driver's license, such as those showing that the bearer is a U.S. citizen or a lawful alien, a lawful refugee, or a person holding a valid visa;
(c) Provide for secure storage of all primary documents that are used to issue a federally approved driver's license or state identification card;
(d) Provide fraudulent document recognition training to all persons
engaged in issuing driver's licenses or state identification cards; and

e) Issue a driver's license or state identification card in a prescribed format if it is a license or card that does not meet the criteria provided for a federally approved license or identification card; and

3) Use of the federal minimum standards for state driver's licenses and state-issued identification cards will be necessary for any type of federally regulated activity for which an identification card must be displayed, including flying in a commercial airplane, making transactions with a federally licensed bank, entering a federal building, or making application for federally supported public assistance benefits, including social security; and

4) Some of the intended privacy requirements of the REAL ID Act, such as the use of common machine-readable technology and state maintenance of a database that can be shared with the United States and agencies of other states, may actually make it more likely that a federally required driver's license or state identification card, or the information about the bearer on which the license or card is based, will be stolen, sold or otherwise used for purposes that were never intended or that are criminally related, than if the REAL ID Act had not been enacted; and

5) These potential breaches in privacy that could result directly from compliance with the REAL ID Act may violate the right to privacy of thousands of residents of Idaho; and

6) The U.S. Department of Homeland Security has estimated the cost to implement the REAL ID Act to be $3.9 billion to the states and $5.8 billion to individuals, of which the U.S. Congress has pledged only $81.3 million, or less than 1% of the total cost; and

7) For all these reasons, seventeen states passed legislation opposing the REAL ID Act in 2007, including Idaho, which passed House Joint Memorial No. 3 declaring refusal to participate in the REAL ID program; and

8) The regulations that have been adopted by the U.S. Department of Homeland Security to implement the requirements of the REAL ID Act were issued in January of 2008, and pushed compliance with the REAL ID Act to 2014 for individuals born after 1964, and to 2017 for individuals born before 1964, undercutting any security rationale that might have existed for the original act; and

9) The final regulations promulgated by the U.S. Department of Homeland Security fail to address the well known privacy problems with the REAL ID Act and in some cases, such as the issue of whether the machine-readable zone as encrypted may have exacerbated the problem; and

10) The federal government has been ineffective in stopping illegal immigration, resulting in millions of persons who are present in the United States of America without authorization; and

11) Securing our borders will greatly reduce the number of persons who enter our country without authorization and will do far more to provide security to our society than will increasing scrutiny on law-abiding American citizens by way of the REAL ID program; and

12) The mandate to the states, through federal legislation that provides no funding for its requirements, to issue what is, in effect, a national identification card, appears to be an attempt to "commandeer" the political machinery of the states and to require them to be agents...

SECTION 2. That Chapter 3, Title 40, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 40—322, Idaho Code, and to read as follows:

40—322. DIRECTIVE ON IMPLEMENTATION OF THE FEDERAL REAL ID ACT OF 2005. (1) The legislature finds that the enactment into law by the U.S. Congress of the REAL ID act of 2005, as part of public law 109-13, is inimical to the security and well-being of the people of Idaho, will cause unneeded expense and inconvenience to those people and was adopted by the U.S. Congress in violation of the principles of federalism contained in the 10th amendment to the constitution of the United States.

(2) The legislature hereby declares that the state of Idaho shall not participate in the implementation of the REAL ID act of 2005. The Idaho transportation board and the Idaho transportation department, including the motor vehicles division of the Idaho transportation department are directed not to implement the provisions of the REAL ID act of 2005.

(3) Nothing in this act shall prevent the Idaho transportation board and the Idaho transportation department from taking reasonable steps to enhance the security of Idaho state driver's licenses and identification cards.

SECTION 3. Sections 1 and 2 of this act shall be in full force and effect on and after July 1, 2008. Provided however, that if the United States Department of Homeland Security revises its final administrative regulation, 6 CFR Part 37, relating to the REAL ID, and the Governor of the State of Idaho subsequently determines that such revised final regulation is acceptable to the State of Idaho, by Executive Order the Governor may initiate implementation of REAL ID during the 2008 interim, notwithstanding the provisions of Section 40-322, Idaho Code. However, continued implementation of REAL ID shall be subject to the approval by the members of the First Regular Session of the Sixtieth Idaho Legislature. Such legislative approval shall be evidenced by the repeal of Section 40—322, Idaho Code.

Approved April 9, 2008.

RELATING TO INVASIVE SPECIES; AMENDING TITLE 22, IDAHO CODE, BY THE ADDITION OF A NEW CHAPTER 19, TITLE 22, IDAHO CODE, TO PROVIDE A TITLE, TO PROVIDE FINDINGS OF THE LEGISLATURE, TO PROVIDE FOR ADMINISTRATION, TO DEFINE TERMS, TO PROHIBIT CERTAIN ACTIONS AND TO PROVIDE EXCEPTIONS, TO PROVIDE FOR DUTIES OF THE DEPARTMENT AND DIRECTOR, TO PROVIDE FOR RULES AND ORDERS, TO PROVIDE FOR INSPECTIONS, TO PROVIDE FOR THE DISPOSITION OF INVASIVE SPECIES, TO PROVIDE FOR HOLD ORDERS, TO PROVIDE FOR THE INVASIVE SPECIES FUND, TO PROVIDE FOR CONTROL AND ERADICATION COSTS, TO PROVIDE FOR PENALTIES, TO PROVIDE FOR COOPERATIVE AGREEMENTS, TO AUTHORIZE THE DEPARTMENT TO CONDUCT CERTAIN CONTROL MEASURES, TO PROVIDE FOR DELEGATION OF CERTAIN AUTHORITY BY THE DEPARTMENT, TO CLARIFY THAT DESIGNATED PROVISIONS SHALL NOT TERMINATE OR MODIFY EXISTING CIVIL OR CRIMINAL LIABILITIES RELATING TO PLANT PESTS, TO PROVIDE THAT CERTAIN PERSONS AND ENTITIES SHALL BE HELD HARMLESS IN RELATION TO IMPLEMENTATION OF DESIGNATED PROVISIONS AND TO PROVIDE FOR SEVERABILITY; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 22, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 19, Title 22, Idaho Code, and to read as follows:

CHAPTER 19
THE IDAHO INVASIVE SPECIES ACT OF 2008

22-1901. TITLE. This chapter shall be known as "The Idaho Invasive Species Act of 2008."

22-1902. LEGISLATIVE FINDINGS. The legislature finds that:
(1) The purpose of this chapter is to address the concerns about the increasing threat of invasive species by providing policy direction, planning and authority to combat invasive species infestations throughout the state and to prevent the introduction of new species that may be harmful;
(2) The land, water and other resources of Idaho are being severely affected by invasions of an increasing number of harmful, invasive species;
(3) These invasions are damaging Idaho's environment and causing economic hardships;
(4) Idaho is a national leader in the control of invasive species, particularly noxious weeds and agricultural pests, and has a strong network of local, state, federal, tribal and private entities actively and cooperatively combating the threat;
(5) Prevention, early detection, rapid response and eradication are the most effective and least costly strategies against invasive species because they combat new invasions before they expand beyond feasible control;
(6) Implementing these strategies requires the state of Idaho to enhance its capacity to prioritize risks, prevent new invasions, employ early detection and rapid response techniques, apply state of the art control and management strategies, coordinate multiple public and private efforts and involve the public;

(7) An effective invasive species program must foster and support local initiatives; and

(8) The multitude of public and private entities with an interest in controlling and preventing the spread of harmful invasive species in Idaho need a mechanism for cooperation and collaboration to meet the threat of invasive species.

22-1903. ADMINISTRATION. This chapter shall be administered by the Idaho state department of agriculture.

22-1904. DEFINITIONS. Unless otherwise noted in this chapter the definitions as set forth in section 22-2005, Idaho Code, are adopted by reference.

(1) "Environmental harm" means to cause significant adverse effects on uses of natural resources or on plants or animals.

(2) "Invasive species" means species not native to Idaho, including their seeds, eggs, spores, larvae or other biological material capable of propagation, that cause economic or environmental harm and are capable of spreading in the state. "Invasive species" does not include crops, improved forage grasses, domestic livestock, or other beneficial nonnative organisms.

22-1905. PROHIBITED ACTIONS. No person may import, export, purchase, sell, barter, distribute, propagate, transport or introduce an invasive species into or within the state of Idaho and no person may possess an invasive species, except:

(1) Under a permit issued by the director;

(2) When being transported to an appropriate state authority, or another destination as such authority may direct, in a sealed container for purposes of identifying the species or reporting the presence of the species;

(3) When being transported for disposal as part of an approved control activity under a permit issued pursuant to section 22-1906, Idaho Code;

(4) When the specimen has been lawfully acquired dead and, in the case of plant species, all seeds are removed or are otherwise rendered nonviable;

(5) In the form of herbaria or other preserved specimens, so long as such specimens are rendered nonviable; or

(6) As the director may otherwise prescribe by rule.

22-1906. DUTIES OF THE DEPARTMENT AND DIRECTOR. The department may prevent and control, by such means as shall be prescribed and provided by law, rule or by order of the department, all invasive species that may cause economic or environmental harm to the state. The director shall:

(1) After due investigation, report the detection of new invasive species within the state to the appropriate state and federal officials;

(2) Issue permits for the transport or possession of an invasive
species into, within or through the state of Idaho. Permits shall include requirements to ensure the containment of that species, as may be prescribed in rule. These duties shall not usurp existing provisions of the Idaho Code, programs that deal with invasive species issues, or the individual missions of any state agency or duplicate efforts existing upon passage of this act.

22-1907. RULES AND ORDERS. The director is hereby authorized to promulgate rules necessary for the efficient enforcement of the provisions of this chapter. Rulemaking authority shall include, but not be limited to, the determination of which species are invasive and the establishment of procedures for testing, sampling, inspection, certification, permitting, compliance verification and recordkeeping. The director may by written order designate a species as invasive until such time as it may be added to the official rules of the department.

22-1908. AUTHORITY TO CONDUCT INSPECTIONS. (1) In order to accomplish the purposes of this chapter, the director may enter upon and inspect any public or private premises, lands, bodies of water, or means of conveyance, or article of any person within this state, for the purpose of inspecting, surveying, treating, controlling, collecting samples, or destroying any invasive species.

(2) The director may establish check stations at points of entry to the state, or other facilities and sites throughout the state, as necessary to carry out the provisions of this chapter.

22-1909. DISPOSITION OF INVASIVE SPECIES. The director is authorized to seize, decontaminate or destroy any invasive species found in this state from public or private ownership or control as necessary to carry out the provisions of this chapter.

22-1910. HOLD ORDER. The director may issue hold orders to take prompt regulatory action in invasive species emergencies on any article, commodity, vehicle or other means of transportation entering this state in violation of this chapter or rules promulgated hereunder.

22-1911. INVASIVE SPECIES FUND. There is hereby established in the state treasury an invasive species fund.

(1) The fund shall receive such appropriations as deemed necessary by the governor and the legislature to accomplish the goals of this chapter. The fund shall also receive money from the collection of reasonable fees for permits or as otherwise required by this chapter or rules promulgated hereunder. The fund may also receive, at the discretion of the director, moneys from any other lawful source including, without limitation, fees, penalties, fines, gifts, grants, legacies of money, property, securities or other assets, or any other source, public or private.

(2) Moneys in the invasive species fund are subject to appropriation for the purposes of this chapter. The fund shall be used to support activities related to the prevention, detection, control and management of invasive species in Idaho.

(3) All interest or other income accruing from moneys deposited to the fund shall be redeposited and accrue to the fund. Any unexpended
balance left in the fund at the end of any fiscal year shall carry forward without reduction to the following fiscal year.

22-1912. CONTROL AND ERADICATION COSTS -- DEFICIENCY WARRANTS -- COOPERATION WITH OTHER ENTITIES AND CITIZENS. Whenever the director determines that there exists the threat of an infestation of an invasive species on state-owned land or water, private, forested, range or agricultural land or water, and that the infestation is of such a character as to be a menace to state, private, range, forest or agricultural land or water, the director shall cause the infestation to be controlled and eradicated, using such moneys as have been appropriated or may hereafter be made available for such purposes. Provided however, that whenever the cost of control and eradication exceeds the moneys appropriated or otherwise available for that purpose, the state board of examiners may authorize the issuance of deficiency warrants against the general fund for up to five million dollars ($5,000,000) in any one (1) year for such control and eradication. Control and eradication costs may include, but are not limited to, costs for survey, detection, inspection, enforcement, diagnosis, treatment and disposal of infected or infested materials, cleaning and disinfecting of infected premises or vessels and indemnity paid to owners for infected or infested materials destroyed by order of the director. The director, in executing the provisions of this chapter insofar as it relates to control and eradication, shall have the authority to cooperate with federal, state, county and municipal agencies and private citizens in control and eradication efforts; provided, that in the case of joint federal/state programs, state moneys shall only be used to pay the state's share of the cost of the control and eradication efforts. Such moneys for which the state shall thus become liable shall be paid as a part of the expenses of the Idaho state department of agriculture out of appropriations that shall be made by the legislature for that purpose from the general fund of the state. In all appropriations hereafter made for expenses of the department, account shall be taken of and provision made for this item of expense.

22-1913. PENALTIES FOR VIOLATIONS. (1) Any person who knowingly violates any provision of this chapter, or of the rules promulgated hereunder for carrying out the provisions of this chapter, or who fails or refuses to comply with any requirements herein specified, or who interferes with the department, its agents, designees or employees, in the execution, or on account of the execution of its or their duties under this chapter or rules promulgated hereunder, shall be guilty of a misdemeanor and upon conviction thereof, shall be fined not more than three thousand dollars ($3,000) or be imprisoned in a county jail for not more than twelve (12) months or be subject to both such fine and imprisonment.

(2) Any person who violates or fails to comply with any of the provisions of this chapter or any rules promulgated hereunder may be assessed a civil penalty by the department or its duly authorized agent of not more than ten thousand dollars ($10,000) for each offense and shall be liable for reasonable attorney's fees.

(a) Assessment of a civil penalty may be made in conjunction with any other department administrative action.
(b) No civil penalty may be assessed unless the person charged was given notice and opportunity for a hearing pursuant to the Idaho administrative procedure act.

(c) If the department is unable to collect such penalty or if any person fails to pay all or a set portion of the civil penalty as determined by the department, it may recover such amount by action in the appropriate district court.

(d) Any person against whom the department has assessed a civil penalty under the provisions of this section may, within twenty-eight (28) days of the final action by the agency making the assessment, appeal the assessment to the district court of the county in which the violation is alleged by the department to have occurred.

(e) All civil penalties collected pursuant to this section shall be remitted to the invasive species fund as authorized under section 22-1911, Idaho Code.

(3) Nothing in this chapter shall be construed as requiring the director to report minor violations for prosecution when he believes that the public interest will be best served by suitable warnings or other administrative action.

22-1914. COOPERATIVE AGREEMENTS. (1) The department may enter into cooperative agreements with persons and entities including, but not limited to, civic groups and governmental agencies, to adopt and execute plans to detect and control areas infested with invasive species. Such cooperative agreements may include provisions for funding to implement agreements.

(2) If an invasive species occurs and cannot be adequately controlled by individual persons, owners, tenants or local units of government, the department may conduct the necessary control measures independently or on a cooperative basis with federal or other units of government.

(3) The department shall have the authority to delegate selected and clearly identified elements of its authorities and duties to another agency of the state with appropriate expertise or administrative capacity upon mutual agreement with that agency. The department is authorized to enter into memoranda of agreement with other state agencies to implement the delegations authorized in this subsection. Such delegation may include provisions of funding for implementation of the delegations. The department shall retain primary authority and responsibility for all requirements of this chapter unless otherwise directed herein.

22-1915. NO EFFECT ON EXISTING LIABILITY. The enactment of this chapter does not terminate or modify any civil or criminal liability relating to plant pests which exists prior to the effective date of this chapter.

22-1916. HOLD HARMLESS. Any state or federal agency or contractor, its officers, agents and employees implementing or enforcing the provisions of this chapter shall be held harmless against all claims arising from the good faith enforcement and implementation of the provisions of this chapter and rules promulgated hereunder, in accordance with the Idaho tort claims act, chapter 9, title 6, Idaho Code.
SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved April 9, 2008.

The moneys remitted to the county treasurer for replacement of property exempt from taxation pursuant to section 63-602EE, Idaho Code, may be considered by the counties and other taxing districts and budgeted at the same time, in the same manner and in the same year as revenues from taxation on personal property which these moneys replace. If a taxing district is dissolved or disincorporated, the state tax commission shall continuously distribute to the board of county commissioners an amount equal to the last quarter's distribution prior to dissolution or disincorporation. (1) Prior to the first Monday of August the auditor of each county in the state shall notify the state tax commission of the net taxable value of all property situated within each taxing unit or district in the county from the property roll for the current year and shall provide an estimate of the net taxable value for each taxing unit or district from the current year's estimated subsequent and missed property rolls. Such notification shall also include an estimate of the net taxable value within any area annexed during the immediate prior year to any taxing unit or district.

(2) Prior to the first Monday of March the auditor of each county in the state shall notify the state tax commission of the net taxable value of all property situated within each taxing unit or district in the county from the subsequent and missed property rolls. Such notification shall also include an estimate of the net taxable value within any area annexed during the immediate prior year, and listed on the subsequent or missed property roll, to any taxing unit or district.

(3) The notification required in subsections (1) and (2) of this section shall be on forms prescribed and provided by the state tax commission and shall list separately the value exempt from property taxation in accordance with section 63-602G, Idaho Code, and the value in excess of the equalized assessment valuation as shown on the base assessment roll in any revenue allocation area, pursuant to chapters 20 and 29, title 50, Idaho Code.

(4) For the purposes of this section, "taxing district," as defined in section 63-201(224), Idaho Code, shall include each incorporated city in each county, regardless of whether said city certifies a property tax budget.

SECTION 5. That Section 63-1703, Idaho Code, be, and the same is hereby amended to read as follows:
63-1703. CERTAIN FOREST LANDS TO BE DESIGNATED FOR TAXATION BY OWNER — LIMITATIONS. For the purposes of appraisal, assessment and taxation under the provisions of this chapter, all forest lands in parcels of five (5) or more acres but less than five thousand (5,000), whether contiguous or not, as long as such parcels are held in common ownership, must be designated by the forest landowner to be subject to the provisions of either subsection (a) or (b) of this section. A forest landowner cannot have parcels designated under the provisions of both subsections (a) and (b) of this section at one (1) time. If the forest landowner fails to make a designation, his forest lands shall be subject to appraisal, assessment and taxation under the provisions of section 63-1702, Idaho Code. Once a designation is made by the forest landowner, such designation must remain in effect until the designation period expires, unless the forest lands are transferred to another owner using a different taxing category; in such case, the taxing category of the transferred forest lands shall be the same as that maintained by the new owner.

A forest landowner may change the designation of all forest lands in common ownership at the end of any designation period, subject to the recapture of any deferred taxes due as a result of such change. After January 1 and by December 31 of the tenth year of each designation period the forest landowner must notify the county assessor of any change in forest land designation. Failure to notify the county assessor will result in the continuation of the landowner's present designation until the end of the next designation period.

Any substantial change in the use of forest lands not conforming with the definition of forest land in section 63-1701, Idaho Code, during such ten (10) year period under the designations made in subsection (a) or (b) shall be reported by the landowner to the county assessor within thirty (30) days of the change in use. Upon notification of the change in use, the assessor shall appraise, assess and tax those acres as provided by applicable laws and rules. Failure to notify the assessor of the change in use when forest lands have been designated as subject to the provisions of subsection (a) or (b) shall cause forfeiture of such designation, and cause that property to be appraised, assessed and taxed as provided in section 63-1702, Idaho Code.

Forest lands designated for assessment pursuant to the provisions of section 63-1706, Idaho Code, shall be subject to the recapture of deferred taxes upon removal of such designation, a substantial change in use, or ownership transfer, except that there shall be no recapture initiated upon ownership transfer of forest lands designated as subject to the provisions of section 63-1706, Idaho Code, to a landowner with forest lands already designated as subject to the provisions of section 63-1706, Idaho Code, prior to the transfer, or who so designates his lands to be subject to the provisions of section 63-1706, Idaho Code. In the event payment is offered or made, it shall be accepted by the county treasurer and applied in the manner of payment of other property tax.

The dollar amount of deferred taxes subject to recapture shall be determined by the county assessor by applying current tax levies against the current values that would have been in effect if the lands were subject to appraisal and assessment during the current year under the provisions of section 63-1705, Idaho Code, if there has been a change in ownership or a removal of designation, or section 63-1702, Idaho Code, if there has been a change in use with no change in ownership, which
amount shall be multiplied by the number of years that the lands have been subject to the designation under section 63-1706, Idaho Code. The amount of the deferred tax shall accrue through designation periods, up to a maximum of ten (10) years, and shall apply to the most recent ten (10) years in which the parcel has been designated under the provisions of section 63-1706, Idaho Code. A credit shall be allowed for taxes actually paid under the provisions of section 63-1706, Idaho Code, for an identical ten (10) year period, up to the total amount of the deferred taxes. All deferred amounts shall be a lien against the land. Deferred tax amounts shall be calculated by the county assessor on forms prescribed by the state tax commission. Deferred tax amounts shall be supplied by the county assessor to the county treasurer by May 15 of the year following conveyance or within thirty (30) days of removal of designation, or of learning of a change in use. All deferred tax amounts shall be due and payable to the county treasurer on demand and shall become delinquent if not paid by the demand due date specified by the county treasurer on the forms prescribed by the state tax commission. If the deferred tax is not paid as provided above, the payment becomes delinquent and subject to late charges, and interest in the amounts provided in sections 63-201(79) and 63-1001, Idaho Code, and subject to collection in the manner as set forth in chapter 10, title 63, Idaho Code. Estimated deferred tax amounts may be held by the county treasurer in a tax anticipation account from the date of conveyance until June 1 of the year following conveyance.

The county treasurer shall cause the deferred taxes and any penalty and interest paid pursuant to the provisions of this section to be apportioned to the various taxing authorities within which the property subject to the tax is located in the same manner as property taxes.

(a) A forest landowner may choose to have his forest land assessed, appraised and taxed under the provisions of section 63-1705, Idaho Code, by filing such choice with the county assessor on a form prescribed by the state tax commission. Designation filed pursuant to section 63-1705, Idaho Code, shall become effective the first day of January following the year of designation.

(b) A forest landowner may choose to have his forest land assessed, appraised and taxed under the provisions of section 63-1706, Idaho Code, by filing such choice with the county assessor on a form prescribed by the state tax commission. Designation filed pursuant to section 63-1706, Idaho Code, shall become effective the first day of January following the year of designation.

(c) All forest products or timber harvested from investment lands not designated as subject to the provisions of section 63-1702, 63-1705 or 63-1706, Idaho Code, and delivered to a point of utilization as logs or semiprocessed forest products (except those forest products harvested for the domestic use of the landowner under the provisions of section 63-1708, Idaho Code) shall be subject to the yield tax at the time of harvest in the same manner provided for in section 63-1706, Idaho Code.

No license shall be issued for the sale of liquor on any premises outside the incorporated limits of any city except as provided in this chapter and the number of licenses so issued for any city shall not exceed one (1) license for each one thousand five hundred (1,500) of population of said city or fraction thereof, as established in the last preceding census, or any subsequent special census conducted by the United States bureau of the census or by an estimate that is statistically valid including adding the number of new residential utility connections or including adding the population of areas annexed into the city after the last census or special census was conducted, except that upon proper application thereof not more than two (2) licenses may be issued for each incorporated city with a population of one thousand five hundred (1,500) or less, unless the retail licensing of liquor by the drink has been previously disapproved under the provisions of sections 23-917, 23-918, 23-919, 23-920 and 23-921, Idaho Code; provided, however, that any license heretofore issued may be renewed from year to year without regard to the population or status of the city for which such license is issued. Any license issued and which has remained in effect at its location for a consecutive period of ten (10) years or more shall be deemed to have been validly issued and may be renewed from year to year provided, however, that the applicant for the renewal of such license is not otherwise disqualified for licensure pursuant to section 23-910, Idaho Code, and, if the premises required special characteristics for original licensure, other than being either within or without the incorporated limits of a city, that said premises continue to have such special characteristics at the time of the application for renewal.

The course must be planted in grass except that it may provide artificial tee mats. Where any such golf course is owned or leased by an association of members and is used or enjoyed by such members, or their guests, none of the disqualifications contained in section 23-910, Idaho Code, shall apply to such association as a licensee where such disqualifications, or any of them, would apply only to a member of such association where such member has no interest therein except as a member thereof.

Also for the purpose of this section a ski resort shall comprise real property of not less than ten (10) acres in size, exclusive of the
terrain used for skiing and upon which the owner, operator, or lessee of the ski resort has made available himself, or through others, including, but not limited to, the owners of condominiums, permanent bona fide overnight accommodations available to the general public for one hundred (100) persons or more, and which real property is contiguous to or located within the area in which skiing occurs, and which real property is regularly operated as a ski resort in the winter time, and where the owner, operator, or lessee of the ski resort is also the owner, operator, or lessee of the area served by a bona fide chair ski lift facility or facilities. SECTION 1. That Section 67-8716, Idaho Code, be, and the same is hereby amended to read as follows:

67-8716. UNLIMITED SALES TAX ACCOUNT PLEDGE. (1) If moneys expected to be intercepted pursuant to section 67-8725, Idaho Code, are expected to be insufficient to reimburse the state for its payments in respect of the municipal bonds, except for bonds the authority has specifically designated at the time of issuance, not to receive payment from the sales tax, the state treasurer shall certify to and give notice to the state tax commission of the amount of the deficiency.

(2) If sufficient moneys are not available to pay debt service on the bonds of the authority, except for bonds the authority has specifically designated not to receive payment from the sales tax, the state treasurer shall give notice to the state tax commission, certifying the amount of the deficiency, at least five days prior to the scheduled payment date. After receipt of the certified notice from the state treasurer pursuant to section 67-8727, Idaho Code, or subsection (1), the state tax commission shall:

(a) Immediately fix the amount necessary and in the amount of the deficiency stated in the notice; and
(b) Cause state sales tax moneys subject to distribution under sec-
tion 63-3638, Idaho Code, to be transferred from the state sales tax account and deposited in the bond bank authority fund, which is hereby statutorily created in the state treasury; provided however, that in no event shall a transfer of moneys from the state sales tax account under the provisions of this chapter impede or otherwise affect the payment of sales tax moneys pledged for the payment on other state bonds outstanding on the effective date of this act or subsequently issued as tax anticipation notes pursuant to section 63-3202, Idaho Code.

(3) Moneys transferred from the state sales tax account to the bond bank authority fund pursuant to subsection (2) of this section shall be deposited in the reserve fund as replacement moneys for amounts withdrawn from the reserve fund to pay debt service on the bonds pursuant to section 67-8725, Idaho Code, to the extent such moneys are derived from amounts appropriated to the reserve fund by the legislature, or shall be used to pay debt service when due on bonds for which other moneys available pursuant to section 67-8727, Idaho Code, are insufficient.

(4) The state of Idaho pledges to and agrees with the holders of any bonds that the state will not alter, impair or limit the rights vested by the sales tax account pledge provided in this section and in section 63-3638, Idaho Code, with respect to the bonds until the bonds, together with applicable interest, are fully paid and discharged.

(5) To the extent that other legally available revenues and funds of the state are sufficient to meet the certified deficiency, the transfer of moneys from the sales tax account in section 63-3638, Idaho Code, is abated.

SECTION 2. That Section 67-8725, Idaho Code, be, and the same is hereby amended to read as follows:

67-8725. PAYMENT TRANSFER -- NOTICE OF NONPAYMENT -- STATE FINANCIAL ASSISTANCE INTERCEPT MECHANISM -- STATE TREASURER DUTIES -- INTEREST AND PENALTY PROVISIONS.

(1) (a) Each municipality with outstanding unpaid municipal bonds as set forth in this chapter held by or for the authority, except for those municipal bonds described in section 67-8728, Idaho Code, and so designated by the authority at the time it issues bonds to acquire such municipal bonds, shall transfer moneys sufficient for the scheduled debt service payment to its paying agent at least fifteen (15) days before any principal or interest payment date for the bonds in order that the bonds of the authority may be paid. The paying agent may be the trustee for the bonds of the authority that are secured by those municipal bonds.

(b) A municipality subject to this section and chapter with regard to any municipal bonds and which is unable to transfer the scheduled debt service payment to the paying agent at least fifteen (15) days before the scheduled payment date shall immediately notify the paying agent and the state treasurer by:

(i) Telephone;

(ii) A writing sent by facsimile transmission; and

(iii) A writing sent by first-class United States mail.

(c) If sufficient funds are not transferred to the paying agent as required by this subsection, the paying agent shall notify the
authority and the state treasurer of that failure in writing at least ten (10) days before the scheduled debt service payment date by:

(i) Telephone;
(ii) A writing sent by facsimile transmission; and
(iii) A writing sent by first-class United States mail.

(d) If sufficient moneys to pay the scheduled debt service payment have not been transferred to the paying agent at least ten (10) days before the scheduled payment date, the authority or the state treasurer shall cause sufficient moneys to be transferred from the reserve fund as provided in section 67-8713, Idaho Code, to the paying agent to make the scheduled debt service payment on the bonds of the authority.

(e) To the extent moneys transferred from the reserve fund are derived from moneys appropriated to the reserve fund by the legislature, the payment by the state treasurer:

(i) Discharges the obligation of the issuing municipality to its bondholders for the payment; and
(ii) Transfers the rights represented by the general obligation of the municipality and/or authority from the bondholders to the state.

(2) (a) If one (1) or more payments on bonds are made by the state treasurer from moneys in the reserve fund that are derived from moneys appropriated to the reserve fund by the legislature, due to the failure of the municipality to make payment on its bonds in a timely manner, the state treasurer, subject to the limitations provided in paragraph (b) of this subsection shall:

(i) Immediately intercept any payments from:
(A) The receipts of any payment of property taxes; or
(B) Sales tax moneys that would be distributed pursuant to section 63-3638, Idaho Code; or

(D) Any other source of operating moneys provided by the state to the municipality that issued the municipal bonds that would otherwise be paid to the municipality by the state; and

(ii) Apply the intercepted payments to reimburse the state for payments made by the state for the bonds of the authority by deposit to the reserve fund up to the amount withdrawn from the reserve fund for such purpose until all obligations of the municipality to the state arising from those payments, including interest and penalties, are paid in full.

(b) When--intercepting-payments-under--paragraph--(a)---of--this--subsection,--the--state--treasurer--shall-intercept--only--such--payments;--if--any,--which--would--otherwise--be--lawfully-available-to-the--municipality--for--the--repayment--of--its--municipal--bonds--and--further--subject--to--the--limitations--of--section--67--8728,--Idaho--Code--The--foregoing--intercept--and--transfer--provisions--shall--operate--by--force--of--law--and--no--consent--thereof--is--required--of--the--municipality--in--order--to--be--enforceable,--provided--that--such--provisions--shall--not--apply--to--any--municipal--bonds--that--were--previously--deemed--exempt--from--intercept--under--section--67--8728,--Idaho--Code,--when--such--section--was--in--full--force--and--effect.

(c) The state has no obligation to the municipality or to any per-
son or entity to replace any moneys intercepted under the authority of this subsection. Any funds intercepted under subsection (2)(a)(i) of this section shall be used only for payment of bonds of the authority and not the bonds of the municipality, and the municipality shall receive no credit against amounts due under its municipal bonds for any amounts intercepted under subsection (2)(a)(i) of this section.

(3) The municipality that issued municipal bonds for which the state has made all or part of a debt service payment, either from amounts in the reserve fund that are derived from moneys appropriated by the legislature or from moneys transferred from the state sales tax account pursuant to section 67-8716, Idaho Code, shall:

(a) Reimburse all moneys drawn by the state treasurer on its behalf;
(b) Pay interest to the state on all moneys paid by the state from the date the moneys are drawn to the date they are repaid at a rate not less than the average prime rate for national money center banks plus five percent (5%); and
(c) Pay all penalties required by this chapter.

(4) (a) The state treasurer shall establish the reimbursement interest rate after considering the circumstances by the municipality on the state, market interest and penalty rates, and the cost of funds, if any, that were required to be borrowed by the state to make payments on the bonds.
(b) The state treasurer may, after considering the circumstances giving rise to the failure of the municipality to make payment on its bonds in a timely manner, impose on the municipality a penalty of not more than five percent (5%) of the amount paid by the state for each instance in which a payment by the state is made.

(5) (a)(i) If the state treasurer determines that amounts obtained under this section will not reimburse the state in full within one (1) year from the state's payment of a municipality's scheduled debt service payment, the state treasurer shall pursue any legal action, including mandamus, against the municipality to compel it to:

(A) Levy and provide tax or other revenues to pay debt service on its municipal bonds when due; and
(B) Meet its repayment obligations to the state.

(ii) In pursuing its rights under paragraph (a) of this subsection, the state shall have the same substantive and procedural rights as would a holder of the bonds of a municipality.

(b) The attorney general shall assist the state treasurer in these duties.
(c) The municipality shall pay the attorney's fees, expenses and costs of the state treasurer and the attorney general.

(6) (a) Except as provided in paragraph (c) of this subsection, any municipality whose operating funds were intercepted under this section may replace those funds from other municipal moneys or from property taxes, subject to the limitations provided in this subsection. Said operating funds may also be replaced by the authority from excess amounts available to it if the municipality subsequently pays the delinquent payments on its municipal bonds and any penalties or costs of expenses due the authority in connection therewith.
(b) A municipality may use property taxes or other moneys to
replace intercepted funds only if the property taxes or other moneys were derived from:

(i) Taxes originally levied to make the payment but which were not timely received by the municipality;
(ii) Taxes from a supplemental levy made to make the missed payment or to replace the intercepted moneys;
(iii) Moneys transferred from the undistributed reserve, if any, of the municipality; or
(iv) Any other source of money on hand and legally available.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this subsection, a municipality may not replace operating funds intercepted by the state with moneys collected by the municipality and held to make payments on its municipal bonds if that replacement would divert moneys from the payment of future debt service on the its municipal bonds and increase the risk that the state would be called upon an additional time to make payments on the bonds of the authority.

SECTION 3. That Section 67-8727, Idaho Code, be, and the same is hereby amended to read as follows:

67-8727. ALTERNATIVE INTERCEPT PROCEDURE. Notwithstanding any other provision of law to the contrary, to the extent that any bonds are not secured by moneys appropriated by the legislature to the reserve fund established pursuant to section 67-8713, Idaho Code, or such moneys are insufficient to pay debt service when due on the bonds, in lieu of the provisions set forth in section 67-8725, Idaho Code, the following provisions shall apply, provided that the provisions of section 67-8725, Idaho Code, shall continue to apply with respect to transfers of amounts in the reserve fund derived from moneys appropriated by the legislature:

(1) (a) Each municipality with outstanding unpaid municipal bonds as set forth in this chapter held by or for the authority, except for--those municipal bonds described in section 67-8728, Idaho Code, and so designated by the authority at the time it issues bonds to acquire--such municipal bonds, shall transfer moneys sufficient for the scheduled debt service payment to its paying agent at least fifteen (15) days before any principal or interest payment date for the bonds. The paying agent may be the trustee for the bonds of the authority that are secured by those municipal bonds.

    (i) Telephone;
    (ii) A writing sent by facsimile transmission; and
    (iii) A writing sent by first-class United States mail.
(c) If sufficient funds are not transferred to the paying agent as trustee for the bonds of the authority that are secured by those municipal bonds at least ten (10) days before the scheduled debt service payment date of those bonds, the trustee shall transfer any available funds pledged to secure payment of the bonds of the authority or the municipality held in any reserve fund or other pledged fund, or draw on any reserve surety policy securing the such bonds, sufficient amounts to make up any shortfall in the amount
necessary to pay debt service on the bonds on the scheduled payment date and deposit such amount in the debt service payment fund for those bonds.

(d) If the trustee is required to transfer funds pursuant to paragraph (c) of this subsection to pay debt service on the bonds of the authority or there are not sufficient funds available pursuant to paragraph (c) of this subsection to make up for any shortfall in the amount necessary to pay debt service on the such bonds in order that the bonds of the authority may be timely paid, at least ten (10) days before the scheduled debt service payment date of the bonds, the trustee shall notify the authority and the state treasurer by:

AN ACT
RELATING TO ELECTIONS; TO PROVIDE LEGISLATIVE FINDINGS RELATING TO A PERSON WHO CHANGES THEIR NAME TO THAT OF A POLITICAL MESSAGE AND SEeks TO HAVE THAT POLITICAL MESSAGE PLACED ON THE BALLOT AS A CANDIDATE; AMENDING CHAPTER 9, TITLE 34, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 34-903A, IDAHO CODE, TO PROVIDE DUTIES OF THE SECRETARY OF STATE OR COUNTY CLERK WHEN A PERSON HAS FILED AS A CANDIDATE AND THE PERSON HAS CHANGED THEIR NAME TO WORDS THAT CONVEY OR ATTEMPT TO CONVEY A POLITICAL MESSAGE AND TO PROVIDE FOR A NOTATION ON THE BALLOT IF CERTAIN CRITERIA ARE MET; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. LEGISLATIVE FINDINGS. The Legislature finds that:
(1) The state has a compelling state interest in the matters described herein;
(2) The protection of the integrity and fairness of the ballot is integral to the protection of the right to vote;
(3) Ballots serve primarily to elect candidates not as fora for political expression;
(4) Neither the state, a political party, nor a candidate has the right to send a particularized political message on the ballot;
(5) Permitting candidates to convey or place a political message on the ballot by use of a changed name without explanation undermines bal-
lot integrity by transforming the ballot from a means of choosing candidates to a billboard for political advertising;

(6) To mix names of candidates with apparent political propositions is confusing to voters and will directly affect the integrity of the ballot, cause spoiled ballots due to double votes for the same office and potentially produce a result not intended by voters;

(7) It is necessary for the purpose of eliminating confusion to clarify the ballot and to advise voters that the vote to be cast is for a person and not a political proposition; and

(8) As a result of all of the above, it is appropriate to clarify the ballot with an explanation that voters are casting a vote for a person and not a political proposition.

SECTION 2. That Chapter 9, Title 34, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 34—903A, Idaho Code, and to read as follows:

34—903A. NAME ON BALLOT. Should it appear to the secretary of state or county clerk that a person has filed as a candidate and that such person has changed their name and has changed their name to words that convey or attempt to convey a political message, the secretary of state or county clerk shall make an inquiry to determine: (i) if such person has changed their name; and (ii) if such name contains words that convey a political message to voters on the ballot; and (iii) if an explanation on the ballot would clarify the ballot and would assist in eliminating voter confusion. If the secretary of state or county clerk finds affirmatively that all three (3) criteria have been met, the secretary of state or county clerk shall be required to note on the ballot immediately following the name that appears to be a political proposition the following statement in parentheses: (A person, formerly known as .......) inserting in the blank within the parentheses the name by which the candidate who changed their name was formerly known.

SECTION 3. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved April 11, 2008.

CHAPTER 31
COMMUNITY INFRASTRUCTURE DISTRICT ACT

50-3101. PURPOSE, RELATIONSHIP WITH OTHER LAWS AND SHORT TITLE. (1) The purpose of this chapter is:
(a) To encourage the funding and construction of regional community infrastructure in advance of actual developmental growth that creates the need for such additional infrastructure;
(b) To provide a means for the advance payment of development impact fees established in chapter 82, title 67, Idaho Code, and the community infrastructure that may be financed thereby; and
(c) To create additional financial tools and financing mechanisms that allow new growth to more expeditiously pay for itself.
(2) Only community infrastructure to be publicly owned by this state or a political subdivision thereof may be financed pursuant to this chapter.
(3) A community infrastructure district may only be formed pursuant to this chapter by a city in the city's incorporated area, or by a county in an area contained within a city's comprehensive plan with the city's consent.
(4) A community infrastructure district may be formed only after (i) prior review and approval by the governing body of each county or city in which the district is proposed to be located of a petition requesting the formation of the district, and (ii) the necessary approvals for site development under the local land use planning act, sections 67-6501 et seq., Idaho Code, and the planning and zoning ordinances of each county and city in which the district is proposed to be located have been obtained; provided however, that where there will be phased development, approvals obtained for the first phase of site development shall be sufficient for the initial creation and organization of the district. The formation of a district pursuant to this chapter shall not prevent the exercise by a county, city or other political subdivision of any of its powers on the same basis as on all other land within its jurisdiction. Notwithstanding the formation of a district, the development of real property located within the district shall remain subject to the provisions of chapter 65, title 67, Idaho Code, and the applicable planning and zoning ordinances of the counties and cities in which the district is located. The formation of a district pursuant to this chapter shall not prevent the subsequent establishment of other districts or the improvement or assessment of land within the district by a county, city or other political subdivision.
(5) This chapter shall be known and cited as the "Community Infrastructure District Act."

50-3102. DEFINITIONS. As used in this chapter, the following terms shall have the meanings as stated:
(1) "Assessment area" means real property within the boundaries of a community infrastructure district that is the subject of a specific special assessment as set forth in this chapter.
(2) "Community infrastructure" means improvements that directly or
indirectly benefit the district. Community infrastructure excludes public improvements fronting individual single family residential lots. Community infrastructure includes planning, design, engineering, construction, acquisition or installation of such infrastructure, including the costs of applications, impact fees and other fees, permits and approvals related to the construction, acquisition or installation of such infrastructure, and incurring expenses incident to and reasonably necessary to carry out the purposes of this chapter. (5) "District" means a community infrastructure district formed pursuant to this chapter. A district shall only include contiguous property at the time of formation. Land that is connected by only a shoe-string or strip of land which comprises a railroad or highway right-of-way shall not be considered contiguous for the purposes of this chapter. (6) "District board" means the board of directors of the district.

(7) "District development agreement" means an agreement between a property owner or developer, the county or city, any other political subdivision of the state, and/or the district. A district development agreement shall be used to establish obligations of the parties to the agreement relating to district financing and development, including: intergovernmental agreements; the ultimate public ownership of the community infrastructure financed by the district; the understanding of the parties with regard to future annexations of property into the district; the total amount of bonds to be issued by the district and the property taxes and special assessments to be levied and imposed to repay the bonds and the provisions regarding the disbursement of bond proceeds; the financial assurances, if any, to be provided with respect to the
bonds; impact and other fees imposed by governmental authorities, including credit, prepayment and/or reimbursement with respect thereto; and other matters relating to the community infrastructure, such as construction, acquisition, planning, design, inspection, ownership and control. A district development agreement shall be in addition to and shall not supplant any development agreement entered into pursuant to section 67-6511A, Idaho Code, pursuant to which a governing body may require or permit as a condition of rezoning that an owner or developer make a written commitment concerning the use or development of the subject parcel.

(8) "General plan" means the general plan described in section 50-3103(1), Idaho Code, as the plan may be amended from time to time.

(9) "Governing body" means the county commissioners or city council that by law is constituted as the governing body of the county or city in which the district is located. Reference in this chapter to "governing body or bodies" shall mean the governing body or bodies of each county and city in which the district is located.

(10) "Owner" means the person listed as the owner of real property within the district or a proposed district on the current property rolls in effect at the time that the action, proceeding, hearing or election has begun; provided however, that if a person listed on the property rolls is no longer the owner of real property within the district or a proposed district and the name of the successor owner becomes known and is verified by recorded deed or other similar evidence of transfer of ownership, the successor owner shall be deemed to be the owner for the purposes of this chapter.

(11) "Market value for assessment purposes" means the amount of the last preceding equalized assessment of all taxable property and excludes all property exempt from taxation pursuant to section 63-602C, Idaho Code, within the community infrastructure district on the tax rolls completed and available as of the date of approval in the district bond issuance.

(12) "Person" means any entity, individual, corporation, partnership, firm, association, limited liability company, limited liability partnership, trust or other such entities as recognized by the state of Idaho. A "person in interest" is any person who is a qualified elector in the district, who is an owner of real property in the district or who is a real property taxpayer in the district.

(13) "Qualified elector" means a person who possesses all of the qualifications required of electors under the general laws of the state of Idaho and:

(a) Resides within the boundaries of a district or a proposed district and who is a qualified elector. For purposes of this chapter, such elector shall also be known as a "resident qualified elector"; or

(b) Is an owner of real property that is located within the district or a proposed district, who is not a resident qualified elector as set forth above. For purposes of this chapter, such elector shall also be known as an "owner qualified elector."

(14) "Special assessment" means an assessment imposed upon real property located within an assessment area for a specific purpose and of a special benefit to the affected property, collected and enforced in the same manner as property taxes, that may be apportioned according to the direct or indirect special benefits conferred upon the affected
property, as well as any or any combination of the following: acreage, square footage, front footage, the cost of providing community infrastructure for the affected property, or any other reasonable method as determined by the district board.

50-3103. CREATION OF DISTRICT. (1) The process for the creation and organization of a community infrastructure district shall be initiated by a petition signed by not less than two-thirds (2/3) of the district residents or by all of the owners of all the lands located in the proposed district. The petition shall be filed with the clerk of the governing body in which the proposed district will be located. If the proposed district will be located within two (2) or more counties and/or cities, a petition conforming to the requirements of this section shall be filed with the clerk of each jurisdiction's governing body. The petition shall state the name of the proposed district and the purpose for which it is formed, state that the formation of the district shall entitle the district to impose special assessments, levy property taxes and impose fees or charges to pay the cost of providing services, and shall be accompanied by a map depicting the boundaries of the proposed district, a legal description of the proposed district and a copy of the proposed general plan. The general plan shall describe or identify the community infrastructure to be financed by the district, the locations of the infrastructure and the estimated cost thereof, the proposed financing methods and the anticipated special assessments, tax levies or other charges, the approvals obtained pursuant to section 50-3101(3), Idaho Code, and may include possible alternatives, modifications or substitutions concerning locations, improvements, financing methods and other information provided in the general plan. The petition shall also include copies of any proposed district development agreement. The petition, together with all maps and other papers filed therewith, shall be open to public inspection in the office of the clerk in each county or city in which the petition is filed, during such business hours as the clerk may direct.

(2) Upon the filing of a petition, the governing body shall give notice of the filing of the petition and of the time and place set for a public hearing on the petition, which hearing shall be at a regular or special meeting held within not less than thirty (30) days nor more than ninety (90) days after the date of the filing of the petition. A notice of the time of the public hearing shall be published by the governing body twice, the first time not less than twelve (12) days prior to the hearing and the second time not less than five (5) days prior to the hearing, in a newspaper of general circulation in each county or city in which the proposed district will be located. A copy of such notice shall also be mailed to each district resident and each owner of real property in the district if known or such owner's agent if known, addressed to such person at his or her post office address if known or, if unknown, to a post office in the county or city where the district is located. Ownership of real property shall be determined as of the date of the adoption of the resolution ordering the hearing. The notice shall state that a community infrastructure district is proposed to be formed, giving the proposed boundaries thereof, and that any person who is a resident of or a real property taxpayer within the proposed district may, on the date fixed for the public hearing, appear and offer any testimony pertaining to the formation of the district and the proposed boundaries.
thereof. If the district will be located within two (2) or more counties and/or cities, the governing bodies of such counties and/or cities shall coordinate their efforts and shall either hold a public hearing in each county or city in which the proposed district will be located, or hold a single public meeting in such county or city as the governing bodies shall unanimously agree. The notice shall also state that any political subdivision of this state within whose jurisdiction the proposed district will be located, including, without limitation, a highway district, a school district, a fire district or an ambulance district, may, on the date fixed for the public hearing, appear and offer testimony pertaining to the formation of the district and the proposed boundaries thereof. After hearing and considering any and all of the testimony given, the governing body shall thereupon approve a resolution either denying the petition or granting the same and, if granting the same, shall fix and describe in the resolution the boundaries of the proposed district and order the formation of the same. A resolution granting the petition may also include the approval of any district development agreement that has been approved by the governing body in the process of considering and approving the formation of the district. The boards of county commissioners and/or the city councils, as such governing bodies, are hereby specifically authorized to act in a joint manner for such purposes.

(3) Whenever a petition shall be filed as provided for in this section, the petitioner or petitioners shall deposit with each governing body a sum sufficient to defray the costs of publication and mailing of notice of the public hearing. In the event the district is formed, said petitioner or petitioners shall be entitled to be reimbursed such sum from the district, as a district formation cost related to the community infrastructure, from the district when moneys are available to the district. The amount required to be paid under this subsection shall be determined by each governing body and deposited before publication of the notice.

(4) The governing body may charge the petitioner or petitioners a reasonable fee for the governing body to retain outside advisors to assist the governing body in its consideration of the formation of the district. In the event the district is formed, the petitioner or petitioners shall be entitled to be reimbursed such fee from the district, as a district formation cost related to the community infrastructure, when moneys are available to the district.

50-3104. DISTRICT ORGANIZATION. (1) If the petition for formation of the district is granted, the district shall comply with the filing and recording requirements of section 63-215, Idaho Code, and shall also cause a copy of the applicable resolution to be delivered to the county assessor of each county in which the district is located, cause a copy of the applicable resolution to be recorded with the county clerk in each county in which the district is located, and cause a copy of the applicable resolution to be filed with the state tax commission.

(2) Members of the governing body or bodies at the time of formation shall serve as the district board. If the district is located entirely within the boundaries of a city, three (3) members of the city council chosen by the city council shall serve as the district board. If the district is located entirely within the boundaries of a county and outside the boundaries of any city, the county commissioners of the
county in which the district is located shall serve as the district board. If the district is located within the jurisdiction of more than one (1) governing body, two (2) members of each governing body shall be appointed by that governing body to serve on the district board and, in addition, the governing body within whose jurisdiction the largest land area of the district is located shall appoint another member from its governing body to serve as an additional member of the district board, so that the district board will always be comprised of an odd number of members. For purposes of determining which jurisdiction has such largest land area, the land area in the district that is within the incorporated city limits shall be considered as being the land area of the city, and shall not be considered as part of the land area of the county in which the city is located. If an area is added to the district pursuant to section 50-3106(2), Idaho Code, and such area is located in a city or county not already represented on the district board, or if the addition of such area changes the jurisdiction in which the largest land area of the district is located, the membership of the district board, at the time of addition of such area, shall be adjusted in conformity with the foregoing. If an area is deleted from the district pursuant to section 50-3106(1), Idaho Code, and, as a result, a county or city no longer has area within the district, or such deletion changes the jurisdiction in which the largest land area of the district is located, the membership of the district board, at the time of deletion of such area, shall be adjusted in conformity with the foregoing. If an area is annexed or deannexed by a city and, as a result, the jurisdiction of a county or city is changed, the membership of the district board at the time of such annexation or deannexation shall be adjusted in conformity with the foregoing. The boards of county commissioners and the city councils, as such governing bodies, are hereby specifically authorized to act in a joint manner for such purposes.

(3) Within thirty (30) days after the date of the resolution ordering formation of the district, and annually thereafter, the district board shall meet and elect a chairman and vice-chairman to act as the officers of the district board. The district board shall, unless otherwise agreed to by a majority of the board, meet in the county or city within which the largest land area of the district is located. The district shall keep the following records, which shall be open to public inspection:

(a) Minutes of all meetings of the district board;
(b) All resolutions;
(c) Accounts showing all moneys received and disbursed;
(d) The annual budget; and
(e) All other records required to be maintained by law.

(4) The district manager shall be the manager or equivalent of the city or county, the district treasurer shall be the treasurer of the city or county, the district clerk shall be the district clerk of the city or county, respectively, unless the district board engages an outside firm to perform the tasks of the district's manager, treasurer and clerk as well as other duties as may be prescribed by the district board.

(5) The district manager shall have charge and supervision of the daily operations of the district. The district manager may hire or otherwise employ and terminate the employment of such persons, including
professional, supervisory and clerical employees, as may be necessary and authorized by the board.

(6) The treasurer of the district shall have such duties as the district board may prescribe, together with the duty to keep account with the district; to place to the credit of the district all moneys received by him or her from the collection of special assessments, taxes or from any other sources, and all other moneys belonging to the district, and to pay over all moneys belonging to the district on legally drawn warrants or orders of the district board.

(7) The clerk of the district shall have such duties as the district board may prescribe, together with the duty to conduct district elections and to prepare and distribute legal notices.

(8) The district shall be separate and apart from any county or city. The members of the district board, when serving in their official capacity as members of the district board, shall act on behalf of the district and not as members of a board of county commissioners or as members of a city council.

(9) The district board shall administer in a reasonable manner the implementation of the general plan.

(10) The district shall exist until dissolved pursuant to section 50-3116, Idaho Code.

50-3105. DISTRICT POWERS. (1) A district formed pursuant to this chapter, although a political subdivision of this state, is not a governmental entity of general purposes and powers, but is a special limited purposes district, with powers only as permitted under this chapter, which powers include the power to finance community infrastructure consistent with the general plan and, in implementing the general plan, to:

(4) The district board, following notice and hearing in the manner prescribed for the formation hearing, may amend the general plan in any manner that it determines will not substantially reduce the benefits to be received by any land within the district from the community infrastructure upon completion of the work to be performed under the general plan. The total aggregate outstanding principal amount of general obligation bonds and other indebtedness for which the full faith and credit of the district are pledged shall not affect the general obligation bonding capacity of any county or city in which the district is located.

(5) Bonds issued by a district shall not be a general obligation of this state or any political subdivision thereof, including any county or city in which the district is located and shall not pledge the full faith and credit of this state or any political subdivision thereof, including any county or city in which the district is located.

50-3108. GENERAL OBLIGATION BONDS -- ELECTION -- MAXIMUM INDEBTEDNESS ALLOWED -- LEVY. (1) After district formation, whenever the district board shall deem it advisable to issue general obligation bonds of the district, the district board shall provide therefor by resolution,
which resolution shall specify and set forth the community infrastructure and other costs and expenses approved by the district board consistent with the general plan to be financed with the bonds, and make provision for the collection of an annual tax sufficient to pay the interest on the bonds as it falls due, and also to constitute a sinking fund for the payment of the principal thereof as required by the constitution and laws of the state of Idaho.

(2) The resolution shall also provide for holding an election, held in compliance with section 50-3112, Idaho Code, to submit to the qualified electors of the district the question of authorizing the district to issue general obligation bonds of the district to provide money for said community infrastructure consistent with the general plan. The ballot used in such election shall be in form substantially as follows: "In favor of issuing bonds to the amount of ....... dollars for the purpose stated in Resolution No. .....," and "Against issuing bonds to the amount of ....... dollars for the purpose stated in Resolution No. .....".

(3) If two-thirds (2/3) of the qualified electors at such election assent to the issuing of the bonds and the incurring of the indebtedness thereby created for the purpose aforesaid, the district board shall thereupon be authorized to issue and create such indebtedness in the manner and for the purposes specified in said resolution, and the bonds shall be issued and sold in the manner provided by the laws of the state of Idaho, and the district board by further resolution shall be entitled to issue and sell the bonds in series or divisions up to the authorized amount without the further vote of the qualified electors, and to issue and sell such bonds at such times and in such amounts as the district board deems appropriate to carry out a community infrastructure project or projects in phases; provided however, that before any issuance of the bonds, including issuance in series or divisions and, in addition to such other determinations made by the district board as it may deem reasonable and prudent, the district board shall also determine whether reasonable financial assurance for the payment of the debt service on the bonds through additional collateral, payment guarantee or otherwise shall be required from a developer. The developer shall be consulted and shall be given a reasonable period of time within which to appear, either in person or in writing, and respond to any proposed financial assurance. If, following such developer's response, the district board determines that reasonable financial assurance shall be required, the district board shall specify the type and amount of the financial assurance required in its resolution.

(4) In no event shall the aggregate outstanding principal amount of general obligation bonds and any other indebtedness for which the full faith and credit of the district are pledged exceed twelve percent (12%) of the actual or adjusted market value for assessment purposes on all taxable real property within the district as such valuation existed on December 31 of the previous year.

(5) After the bonds are issued, the district shall enter in its minutes a record of the bonds sold and their number and dates and shall periodically collect the pledged revenues to pay the debt service on the bonds when due.

(6) Bond proceeds received by the district shall be held in a segregated account and shall be disbursed therefrom only for:

(a) The payment of community infrastructure and/or community infra-

structure segments approved by the district board and actually completed; or
(b) For the purpose of reimbursing actually paid expenditures relating to community infrastructure as approved by the district board; provided however, that lien releases with respect to the payment made must be obtained from the underlying providers of labor, work, services or materials as a condition to such payment; or
(c) For the payment or reimbursement of governmentally imposed impact fees as approved by the district board.
(7) Completion of community infrastructure may be phased and payment made pursuant to a draw schedule. Bond proceeds shall be expended on the community infrastructure within three (3) years after issuance. Prior to issuance of the bonds, the district board shall determine that such bond proceeds can reasonably be expended within that time.
(8) Each year, prior to the time for the certification required under section 50-3114, Idaho Code, the district board shall levy a tax upon all taxable real property within the district, sufficient, together with any money from the sources described in section 50-3107(3), Idaho Code, to pay debt service on the bonds when due. The levy shall be made by resolution entered upon the minutes of the district board, and it shall be the duty of the clerk of the district, immediately after entry of the resolution in the minutes, to transmit to the board of county commissioners in each county in which the district is located the certification required under section 50-3114, Idaho Code. Such tax levied shall then be collected and accounted for at the time and in the form and manner as other taxes are collected and accounted for under the laws of this state. Moneys derived from the levy of property taxes to pay the debt service on the bonds shall be kept separately from other funds of the district. A district's levy of property taxes shall constitute a lien on all taxable real property within the district.
(9) The district may issue and sell refunding bonds to refund general obligation bonds of the district authorized by this section. The principal amount of the refunding bonds may be more or less than the principal amount of the bonds being refunded, provided that the proceeds of the refunding bonds are used only for refunding purposes and payment of the costs thereof, and the total obligation of the district is not increased, that is, if the amount of the refunding bonds is more than the principal amount of the bonds being refunded, issuance of the refunding bonds will result in a net present value savings to the district. No election shall be required in connection with the issuance and sale of such refunding bonds. Refunding bonds issued pursuant to this section shall have a final maturity date no later than the final maturity date of the bonds being refunded.

50-3109. SPECIAL ASSESSMENTS -- BONDS. (1) After district formation, upon the submission of a petition signed by all the owners of all the lands located in a proposed assessment area, or whenever the district board shall deem it advisable, the district board shall adopt a resolution ordering that a hearing be held to determine whether a special assessment should be imposed and special assessment bonds be issued to provide money for community infrastructure consistent with the general plan and the exercise by the district board of any of its powers under section 50-3105, Idaho Code.
(2) Notice of the hearing shall be posted in three (3) public
places within the boundaries of the district not less than thirty (30) days before the hearing. Notice of the hearing shall also be published twice, the first time not less than twelve (12) days prior to the hearing and the second time not less than five (5) days prior to the hearing, in a newspaper of general circulation in each county or city in which the district is located. A copy of such notice shall also be mailed to each district resident and each owner of real property in the district if known or such owner's agent if known, addressed to such person at his or her post office address if known or, if unknown, to a post office in the county or city where the district is located. Ownership of real property shall be determined as of the date of the adoption of the resolution ordering the hearing. The notice shall include the following:

(a) A description of the real property to be included within the assessment area;
(b) A description of the method by which the amount of the proposed special assessment will be determined for each class of real property to which the special assessment is proposed to apply, in sufficient detail to enable the owner of the affected parcel to determine the amount of the special assessment;
(c) A description of the community infrastructure to be financed with special assessment bonds or revenues; and
(d) A statement that any person affected by the proposed special assessment may object in writing or in person at the hearing.

3) If, after the hearing, the district board finds that it will be for the best interest of the district and the real property within the assessment area that the aggregate fair market value of the real property within the assessment area, including the value of the community infrastructure to be financed or paid for with the special assessments, and the infrastructure for which performance bonds or other financial assurances have been received, is at least three (3) times the aggregate principal amount of the special assessment bonds as determined by an MAI appraisal in form and substance acceptable to the district board, the district board shall adopt a resolution approving the imposition of the special assessment and, also by resolution, shall prepare a form of assessment roll numbering each assessment, giving the name, if known, of the owner of each lot or parcel of real property assessed, showing the amount chargeable to each such lot or parcel, and finding that each such lot or parcel is benefited to the amount of assessment imposed thereon. Such resolution shall be the final determination of the regularity, validity and correctness of the assessment roll, of each assessment contained therein, and of the amount thereof imposed on each such lot or parcel. Special assessments may be prepaid and permanently satisfied in whole or in part at any point in time. Prepayment of special assessments shall be paid in cash to the district in the following manner: (i) the interest on such portion to the next date special assessment bonds may be redeemed, plus (ii) the unpaid principal amount of such portion rounded up to the next highest multiple of one thousand dollars ($1,000), plus (iii) any premium due on such redemption date with respect to such portion, plus (iv) any administrative or other fees charged by the district with respect thereto, less (v) the amount by which any reserve fund associated with the special assessment may be reduced on the redemption date as a result of such prepayment.

4) Special assessment bonds approved at the hearing shall be
issued in the manner provided by the laws of the state of Idaho, and the
district board by further resolution shall be entitled to issue and sell
the bonds in series or divisions up to the authorized amount without
further hearing, and to issue and sell such bonds at such times and in
such amounts as the district board deems appropriate to carry out a com-

munity infrastructure project or projects in phases. Bond proceeds shall
be expended on the community infrastructure within three (3) years after
issuance. Prior to issuance of the bonds, the district board shall
determine that such bond proceeds can reasonably be expended within such
time.

(5) After the bonds are issued, the district board shall enter in
its minutes a record of the bonds sold and their numbers and dates and
shall periodically collect the pledged revenues to pay the debt service
on the bonds when due.

(6) Each year, prior to the time for the certification required
under section 50-3114, Idaho Code, the district board shall impose a
special assessment upon the real property within the assessment area of
the district that will be subject to the special assessment sufficient,
together with any moneys from the sources described in section
50-3107(3), Idaho Code, to pay debt service on the bonds when due, in
addition to reasonable costs associated with the collection of the spe-
cial assessment payments. The special assessment shall be made by reso-
lution entered upon the minutes of the district board, and it shall be
the duty of the clerk of the district, immediately after entry of the
resolution in the minutes, to transmit to the board of county commis-
sioners in each county in which the district is located, the certifica-
tion required under section 50-3114, Idaho Code. Such special assessment
shall then be collected and accounted for at the time and in the form
and manner as property taxes are collected and accounted for under the
laws of this state. Moneys derived from the imposition of the special
assessment to pay the debt service on the bonds shall be kept separately
from other moneys of the district.

(7) Special assessments against privately owned residential prop-
erty shall be subject to the following provisions:
(a) The maximum amount of any special assessment that may be
imposed shall not be increased over time by any amount exceeding two
percent (2%) per year, up to a maximum of ten percent (10%);
(b) The special assessment shall be imposed for a specified time
period, after which no further special assessment shall be imposed
and collected; and
(c) Subject to the applicable laws of this state, nothing in this
subsection shall preclude the establishment of different categories
of residential property or changing the amount of the special
assessment imposed upon a parcel whose size or use is changed. A
change in the amount of a special assessment imposed upon a parcel
due to a change in its size or use shall not require notice and
hearing, if the method for changing the amount of special assessment
was approved at the hearing approving the special assessment and was
described in sufficient detail to enable the owner of the affected
parcel to determine how the change in size or use of the parcel
would affect the amount of the special assessment.

(8) A district's imposition of a special assessment shall consti-
tute a lien on the real property within the assessment area subject to
the special assessment, including real property acquired by the state or
its political subdivisions after the imposition of the special assessment, which shall be effective during the period in which the special assessment is imposed and shall have a priority coequal to the lien of real property taxes. A special assessment shall be subject to foreclosure by the district in the same manner as real property tax liens under the laws of this state, provided that a special assessment shall be subject to foreclosure at any time after thirty (30) days following written notice of delinquency to the owner of the real property to which the delinquency applies. The portion of proceeds of any foreclosure sale necessary to discharge the lien for the special assessment shall be deposited in the special bond fund for payment of any obligations secured thereby.

(9) No holder of special assessment bonds issued pursuant to this chapter may compel any exercise of the taxing power of the district, county or city to pay the bonds or the interest on the bonds. Special assessment bonds issued pursuant to this chapter are not a debt of the state of Idaho or any political subdivision thereof including the district, county or city, nor is the payment of special assessment bonds enforceable out of any moneys other than the revenue pledged to the payment of the bonds.

(10) Subject to the provisions of this section, a district may issue special assessment bonds at such times and in such amounts as the district deems appropriate to carry out a project or projects in phases, and payment may be made pursuant to a draw schedule.

(11) The district may issue and sell refunding bonds to refund any special assessment bonds of the district authorized in this chapter. The principal amount of the refunding bonds may be more or less than the principal amount of the bonds being refunded, provided the proceeds of the refunding bonds are used only for refunding purposes and payment of the costs thereof, and the total obligation of the district is not increased, that is, if the amount of the refunding bonds is more than the principal amount of the bonds being refunded, issuance of the refunding bonds will result in a net present value savings to the district. No election shall be required in connection with the issuance and sale of such refunding bonds. Refunding bonds issued pursuant to this section shall have a final maturity date no later than the final maturity date of the bonds being refunded.

50-3110. REVENUE BONDS -- ELECTION. (1) Subject to section 3, article VIII, of the constitution of the state of Idaho, after district formation, whenever the district board shall deem it advisable to issue revenue bonds of the district, the district board shall provide therefor by resolution, which resolution shall specify and set forth the community infrastructure consistent with the general plan to be financed with such bonds.

(2) The resolution shall also provide for holding an election, held in compliance with section 50-3112, Idaho Code, to submit to the qualified electors of the district the question of authorizing the district to issue revenue bonds of the district to provide moneys for such community infrastructure consistent with the general plan.

(3) Except as otherwise specifically set forth in this section, the provisions of the water and sewer district revenue bond act codified in chapter 41, title 42, Idaho Code, shall apply with respect to the issuance of revenue bonds and refunding bonds under this section in substan-
tially the same manner as if the district were a water and/or sewer dis-

6trict, issuing bonds pursuant to the water and sewer district revenue bond act, and the district board shall conduct itself in the issuance of revenue bonds in substantially the same manner as the commissioners of a district under the water and sewer district revenue bond act.

(4) If the revenue bonds are approved at the election, the district board shall thereupon be authorized to issue and create such indebted-

ness in the manner and for the purposes specified in said resolution, and such bonds shall be issued and sold in the manner provided by the laws of the state of Idaho.

(5) After the bonds are issued, the district board shall enter in its minutes a record of the bonds sold and their numbers and dates and shall periodically collect the pledged revenues to pay the debt service on the bonds when due.

(6) Money derived from the collection of revenues pledged to pay the debt service on the bonds shall be kept separately from other moneys of the district.

(7) No holder of revenue bonds issued pursuant to this chapter may compel any exercise of the taxing power of the district, county or city to pay the bonds or the interest on the bonds. Revenue bonds issued pur-

suant to this chapter are not a debt of the state or any political sub-

division thereof, including any county or city in which the district is located, nor are they the debt of the district, other than with respect to the revenue pledged to the payment of the bonds. The payment of revenue bonds is not enforceable out of any money other than the revenue pledged to the payment of the bonds.

(8) Subject to the provisions of this section, a district may issue revenue bonds at such times and in such amounts as the district deems appropriate to carry out a project in phases.

(9) The district may issue and sell refunding bonds to refund reve-

nue bonds of the district authorized by this section. The principal amount of the refunding bonds may be more or less than the principal amount of the bonds being refunded, provided the proceeds of the refund-

ing bonds are used only for refunding purposes and payment of the costs thereof, and the total obligation of the district is not increased, that is, if the amount of the refunding bonds is more than the principal amount of the bonds being refunded, issuance of the refunding bonds will result in a net present value savings to the district. No election shall be required in connection with the issuance and sale of such refunding bonds. Refunding bonds issued pursuant to this section shall have a final maturity date no later than the final maturity date of the bonds being refunded.

50-3111. TERMS OF BONDS. For any bonds issued under this chapter, the district board shall prescribe the denominations of the bonds, the principal amount of each issue and the form of the bonds and shall establish the maturities, which shall not exceed thirty (30) years, interest payment dates and interest rates, whether fixed or variable, not exceeding the maximum rate stated in the notice of the election or the resolution of the district board. The bonds, up to the aggregate authorized principal amount thereof, may be issued in whole or divided into series, and by supplementary resolution adopted from time to time by the district board, the district may issue any remaining principal amount of the bonds in one (1) or more subsequent divisions. No elec-
tion shall be required in connection with the issuance of any remaining principal amount of the bonds in a subsequent division. The bonds may be sold by competitive bid or negotiated sale for public or private offering at, below or above par. The proceeds of the bonds shall be deposited with the treasurer, or with a trustee or agent designated by the district board, to the credit of the district to be withdrawn for the purposes provided by this chapter. Pending that use, the proceeds may be invested as determined by the district board. The bonds shall be made payable as to both principal and interest solely from revenues of the district, and shall specify the revenues pledged for such purposes, and shall contain such other terms, conditions, covenants and agreements as the district board deems proper. The bonds may be payable from any combination of taxes or revenues of the types described in sections 50—3108, 50—3109 and 50—3110, Idaho Code.

50—3112. NOTICE AND CONDUCT OF ELECTION. (1) Any election pursuant to this chapter shall be a nonpartisan election, and in regard to election dates, shall be held in compliance with section 34—106, Idaho Code, or section 50—429, Idaho Code. Except as otherwise specifically set forth in this section, the district board shall cause the election to be held and conducted in the same manner prescribed by law for the holding of general elections in this state, including chapter 14, title 34, Idaho Code, and shall call the election by posting notices in three (3) public places within the boundaries of the district not less than thirty (30) days before the election. Notice shall also be published twice, the first time not less than twelve (12) days prior to the election and the second time not less than five (5) days prior to the election, in a newspaper of general circulation in each county or city in which the proposed district is located. A copy of such notice shall also be mailed to each district resident and each owner of real property in the district if known or such owner's agent if known, addressed to such person at his or her post office address if known or, if unknown, to a post office in the county or city where the district is located. Ownership of real property shall be determined as of the date of the adoption of the resolution ordering the hearing. The notice shall state:

(a) The place of holding the election;
(b) Subject to section 34—1409, Idaho Code, the hours during the day in which the polls will be open;
(c) If the election is a bond election, whether the bonds are general obligation bonds or revenue bonds, the total principal amount of bonds to be authorized, whether the bonds will be issued in series, the maximum rate of interest to be paid on the bonds and the maximum term of the bonds, not exceeding thirty (30) years;
(d) If the election is an election to change or eliminate an existing tax, the maximum tax amount to be imposed as a result of the change or elimination;
(e) The purposes for which property taxes levied and revenues raised will be used, including a description of the community infrastructure to be financed with tax revenues, district revenues or bond proceeds;
(f) That the imposition of property taxes will result in a lien for the payment thereof on real property within the district; and
(g) That a general plan is on file with the county clerk of each county in which the district is located.
(2) The district board shall determine the date of the election and the polling place or places for the election. The district board may establish, change, and consolidate election precincts within the district, as it deems necessary and appropriate, and shall define precinct boundaries.

(3) Subject to sections 50-3102(10) and 50-3102(13), Idaho Code, the current property rolls for the district and current voter lists in effect at the time that the election has begun shall be used to determine the qualified electors. If the district includes land lying partly in and partly out of any precinct, the voter lists may contain the names of all electors in the precinct, and the precinct boards at those precincts shall require that a prospective elector execute an affidavit stating that the elector is also a qualified elector.

(4) If the district is to be located within two (2) or more counties and/or cities, the election shall be held on the same day in each jurisdiction.

(5) The ballot material provided to each voter shall include:
(a) For an election concerning the issuance of bonds, an impartial description of the bonds to be issued and an impartial description of the property taxes to be imposed; the method of apportionment, collection and enforcement and other details sufficient to enable each qualified elector to reasonably estimate the amount of tax he or she will be obligated to pay; and a statement that the issuance of the bonds and the imposition of property taxes is for the provision of certain, but not necessarily all, community infrastructure that may be needed or desirable within the district, and that other taxes or assessments by other governmental entities may be presented for approval by qualified electors; and
(b) For an election to change an existing maximum tax or eliminate an existing tax, an impartial description of the change or elimination.

(6) Within ten (10) days after an election, the district board shall meet and canvass the returns, and declare the results thereof. At least a two-thirds (2/3) majority of the votes cast at the election shall be required for issuing bonds or changing an existing tax. The canvass may be continued for an additional period not to exceed thirty (30) days at the election of the district board for the purpose of completing the canvass. Failure of a required majority to vote in favor of the matter submitted shall not prejudice the submission of the same or similar matters at a later election. The canvass of any general obligation bond election shall be filed and recorded in each county in which the district is located.

(7) In any election held pursuant to this chapter, every voter may vote at any election held pursuant to this chapter, but shall be entitled to cast votes, as follows: (i) each resident qualified elector shall be entitled to one (1) vote; and (ii) each owner qualified elector shall be entitled to one (1) vote. An owner qualified elector shall not be entitled to an additional vote as a result of also being a resident of the district. When record title is held in more than one (1) name, the owners shall file with the clerk of the district at or prior to the election a designation in writing, of which one of the owners shall be deemed the owner for purposes of voting.

(8) In conducting an election, the polling official may require evidence of ownership of property and designation of the power to exer-
cise the vote of any owner consistent with the provisions of this sec-
tion and section 50-3102(10), Idaho Code.

50-3113. COST OF ADMINISTRATION. Each year, prior to the time for
the certification required under section 50-3114, Idaho Code, the dis-
trict board may levy a tax upon all taxable real property within the
district of up to one-hundredth of one percent (.01%) of the market
value for assessment purposes on all taxable real property within the
district, to be used only to reimburse or defray the administrative
expenses of the district pursuant to a district development agreement.
No election shall be required. The levy shall be made by resolution
entered upon the minutes of the district board, and it shall be the duty
of the clerk of the district, immediately after entry of the resolution
in the minutes, to transmit to the board of county commissioners in each
county in which the district is located, the certification required
under section 50-3114, Idaho Code. Such tax shall then be collected and
accounted for at the time and in the form and manner as other taxes are
collected and accounted for under the laws of this state.

50-3114. ANNUAL FINANCIAL STATEMENTS AND ESTIMATES -- ANNUAL BUDGET
-- CERTIFICATION. (1) When levying property taxes or imposing special
assessments, and prior to certification of same to the county commis-
sioners, the district board shall make annual statements and estimates
of the administrative expenses of the district, the costs of community
infrastructure to be financed by property taxes and special assessments
and the amount of all other expenditures for community infrastructure
proposed to be paid from property taxes and special assessments and of
the amount to be raised to pay general obligation bonds and special
assessment bonds of the district, all of which shall be provided for by
the levy, imposition and collection of property taxes and special
assessments. The annual estimates prepared by the district board shall
include an amount determined by the district board, in consultation with
the county tax collector, to defray the costs imposed upon the county
tax collector's office for any additional administrative services that
will be required in the collection of and accounting for such district
property taxes and special assessments. Such additional costs shall be
for those services not otherwise included in the general tax collection
and accounting services already provided by the county tax collector's
office and otherwise paid for by property tax revenues, and shall be
reasonably related to, but shall not exceed, the actual cost of the
additional administrative services provided. The district board shall
file the annual statements and estimates with the district clerk and,
not later than the time required by section 63-802A, Idaho Code, shall
set and notify the county clerk of the date and location set for the
annual budget hearing of the district. The district board shall publish
a notice of the filing of the estimate, shall hold a public hearing on
the portion of the estimate not relating to debt service on general
obligation bonds and special assessment bonds and shall adopt a budget.
Notice of the budget hearing shall be posted at least ten (10) days
prior to the date of said meeting in at least one (1) conspicuous place
within the district to be determined by the district board; a copy of
the notice shall also be published in a newspaper of general circulation
in the county or city in which the proposed district is located, in one
(1) issue thereof, during such ten (10) day period. The place, hour and
day of the hearing shall be specified in said notice, as well as the place where the budget may be examined prior to the hearing. A full and complete copy of the proposed budget shall be published with and as a part of the publication of the notice of hearing. The budget shall be available for public inspection from and after the date of the posting of notices of hearing as in this section provided, at such place and during such business hours as the district board may direct. A quorum of the district board shall attend the hearing and explain the proposed budget and hear any and all objections to the proposed budget. The district board at the time of the certification required under subsection (2) of this section shall file with the board of county commissioners in each county in which the district is located a certified copy of the annual budget as previously prepared, approved and adopted.

(2) The district board, having determined the total amount required from property taxes and special assessments to raise the amount of money fixed by the annual budget, including the amount of money needed to satisfy annual bond payments, shall cause the amount of money so determined to be certified in dollars to the board of county commissioners in each county in which the district is located not later than the time required for certification under section 63-803, Idaho Code. Said certification shall list separately each tax levy and special assessment if more than one (1), and the purpose of each thereof, and shall otherwise comply with the requirements of section 63-803, Idaho Code.

(3) Following such certification to the county commissioners, district property taxes and special assessments shall then be collected and accounted for at the time and in the form and manner as other taxes are collected and accounted for under the laws of this state. Except as specifically provided otherwise in this chapter, all statutes of this state relating to the levy, imposition, collection, settlement and payment of property taxes, including the collection of delinquent taxes and sale of property for nonpayment of taxes and special assessments, apply to district property taxes and special assessments.

50-3115. DISCLOSURE. (1) The district board shall record with the county clerk in each county in which the district is located, upon the records of each parcel of real property within the district that will be encumbered with any future general obligation bond or special assessment bond repayment liability, a notice setting forth:
   (a) The current obligation of a property owner within the district with respect to any bond repayment liability;
   (b) That the obligation to retire the bonds will be the responsibility of any property owner in the district through the payment of real property taxes and special assessments collected by the county treasurer in addition to all other property tax payments;
   (c) The estimated maximum tax or special assessment rate upon the parcel for bond repayment;
   (d) Whether the tax or special assessment rate is to be maintained at any level by means of any developer agreement with the district; and
   (e) That in the event of the failure to maintain the tax rate, the tax rate on a parcel will increase, as needed, to provide for bond repayment.

(2) Such notice may be separately recorded or included in a recorded district development agreement. The governing body, in its res-
solution approving formation of the district, shall require that a form disclosure, consistent with the foregoing, be signed and acknowledged by any purchaser of land within the district prior to purchase. The form disclosure shall be entitled "CID TAX AND SPECIAL ASSESSMENT DISCLOSURE NOTICE" and shall specifically and conspicuously set forth "YOU ARE PURCHASING REAL PROPERTY THAT IS INCLUDED WITHIN THE BOUNDARIES OF A COMMUNITY INFRASTRUCTURE DISTRICT." Further, the notice shall set forth such other notifications as determined appropriate by the district board that shall fully and fairly disclose the property owner's general obligation bond and special assessment repayment liability with examples provided.

50-3116. DISSOLUTION OF DISTRICT. (1) The district shall be dissolved by the district board by a resolution of the district board upon a determination that each of the following conditions exist:

(a) All community infrastructure owned by the district has been, or provision has been made for all community infrastructure to be conveyed, either to the state of Idaho or to a political subdivision thereof, which shall include a county or city in which the district is located, or to a public district or other authority authorized by the laws of this state to own such community infrastructure;
(b) The district has no outstanding bond obligations; and
(c) All obligations of the district pursuant to any contracts or agreements entered into by the district have been satisfied.

(2) All property within the district that is subject to the lien of district taxes or special assessments shall remain subject to the lien for the payment of general obligation bonds or special assessment bonds, as the case may be, notwithstanding dissolution of the district. The district shall not be dissolved if any revenue bonds of the district remain outstanding unless an amount of money sufficient, together with investment income thereon, to make all payments due on the revenue bonds, either at maturity or prior redemption, has been deposited with a trustee or escrow agent and pledged to the payment and redemption of the bonds. The district may continue to operate after dissolution only as needed to collect money and make payments on any outstanding bonds.

(3) The district shall send a notice of dissolution to the governing body or bodies, the county assessor of each county in which the district is located, and the state tax commission. The district shall also record a notice of dissolution with the county clerk in each county in which the district is located.

(4) Subject to the foregoing provisions of this section, if upon dissolution of the district there remain any excess moneys of the district, the district board shall, by resolution, cause the same to be fairly distributed among the current taxpayers of the district. If, as determined in the sole discretion of the district board, the amount to be distributed is de minimis, or the administrative cost of distribution is prohibitive, such remaining moneys shall be paid to the county treasurer of each county in which the district is located to be distributed among the cities and counties in which the district is located in proportion to which said cities and counties receive property tax revenues generally.

50-3117. EXEMPTIONS AND EXCLUSIONS. (1) All public utilities, as defined in section 61-129, Idaho Code, shall be exempt from taxation under this chapter.
(2) No railroad right-of-way may be included within a community infrastructure district without the consent of the railroad.

50-3119. APPEAL -- EXCLUSIVE REMEDY -- CONCLUSIVENESS. Any person in interest who feels aggrieved by the final decision of a governing body or a district board in the formation or governing of a district, including, with respect to any tax levy, special assessment or bond, may, within thirty (30) days after such final decision, seek judicial review by filing a written notice of appeal with the clerk of the district and with the clerk of the district court for the judicial district in which a majority of the land area of the district is located. After said thirty (30) day period has run, no one shall have any cause or right of action to contest the legality, formality or regularity of said decision for any reason whatsoever and, thereafter, said decision shall be considered valid and uncontestable and the validity, legality and regularity of any such decision shall be conclusively presumed. With regard to the foregoing, if the question of validity of any bonds issued pursuant to this chapter is not raised on appeal as aforesaid, the authority to issue the bonds, the legality thereof and of the levies or assessments necessary to pay the same shall be conclusively presumed and no court shall thereafter have authority to inquire into such matters.

50-3120. CONSISTENCY WITH STATE LAW. (1) A community infrastructure district shall develop community infrastructure consistent with the general plan and in compliance with the requirements of chapter 13, title 50, Idaho Code, and chapter 65, title 67, Idaho Code.

A JOINT MEMORIAL

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the state of Idaho is home to thousands of veterans who have served our country honorably as members of the armed forces, and activated members of the National Guard and Reserve component forces; and

WHEREAS, each day we learn more about the price our military members pay to defend our freedom and protect our national security, including physical and mental illnesses and injuries sustained in the line of duty; and

WHEREAS, veterans can have a wide range of short-term and long-term health care problems including spinal cord injury, blindness, traumatic brain injury, posttraumatic stress reaction, loss of limbs and mental illness; and

WHEREAS, untreated combat-related illnesses and injuries can result in severe social problems, including alcohol and drug abuse, domestic violence, child abuse, familial disintegration, suicide and homelessness; and

WHEREAS, our returning service members have earned and deserve timely treatment for injuries and illnesses sustained while in service to the United States and Idaho; and

WHEREAS, there is an escalation of the number of combat veterans returning home who require health care services and it is imperative that the availability of those services keep up with that need.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we express our profound gratitude for the sacrifices made by our veterans including, but not limited to, those who suffer from medical or mental illnesses and injuries sustained while they are serving in the United States armed forces.
and as activated members of the National Guard and Reserve component forces.

BE IT FURTHER RESOLVED that the Idaho Legislature hereby expresses our support for federal initiatives to ensure that our returning service members have timely access to the range and quality of health care services they require, while requesting that Congress and the President support, and work closely with state and local governments in implementing such initiatives.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the Secretaries of the United States Departments of Veterans Affairs and Defense, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the Maintenance of Effort (MOE) provision in Section 108 of the College Opportunity and Affordability Act of 2007 (H.R. 4137) now before the United States House of Representatives would punish states for not maintaining or increasing higher education funding appropriations; and

WHEREAS, this would place the federal government in charge of determining when state legislatures and governors have adequately funded higher education; and

WHEREAS, this mandate in higher education would set a dangerous precedent for federal intrusion into state policy and appropriations authority; and

WHEREAS, state legislators are also concerned with the rising cost of higher education and are committed to making higher education affordable for all citizens; and

WHEREAS, state budgeting decisions should be made by state officials, not the United States Secretary of Education.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that Congress should strike Section 108 from the College Opportunity and Affordability Act of 2007 (H.R. 4137) before sending the final bill to the President of the United States to sign into law.
BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

A JOINT MEMORIAL

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, Section 4, Article 4 of the United States Constitution declares: "The United States shall guarantee to every state in this Union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature can not be convened) against domestic violence."; and

WHEREAS, even conservative estimates of the number of illegal immigrants residing in the United States range from twelve million to twenty million, with some estimates as high as thirty million; and

WHEREAS, the illegal entry into the United States by tens of millions of illegal immigrants approaches ten percent of this nation's population and should be considered an invasion; and

WHEREAS, the federal government has allowed this illegal immigration invasion to occur at an accelerating pace for the last several decades; and

WHEREAS, the North American Free Trade Agreement (NAFTA) and the Security and Prosperity Partnership of North America (SPP) are being used to nullify the Declaration of Independence and the United States Constitution.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we emphatically urge and petition the President of the United States and the Congress of the United States and particularly the congressional delegation representing the state of Idaho to honor their oath of office to "support and defend the Constitution of the United States" by passing the necessary and appropriate legislation to resolve the illegal immigration crisis by:

(1) Securing our national borders;
(2) Stopping illegal immigration, including the ending of government incentives for illegal immigration; and
(3) Immediately implementing a guest-worker program that requires guest-workers to apply for work visas and that establishes compliance and enforcement standards.
BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

A JOINT MEMORIAL

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, we strongly object to any treaty or agreement, which threatens to violate national security, private property, United States commerce, constitutional rights and American sovereignty while emphasizing our commitment to the Pacific Northwest Economic Region (PNWER) and other cooperative nations working for mutually beneficial goals; and

WHEREAS, the unique form of freedom and free enterprise system enjoyed by Americans, provided for in the United States Constitution and Declaration of Independence, is now being threatened by the North American Free Trade Agreement (NAFTA) between the United States and foreign countries; and

WHEREAS, Article 2205 of NAFTA allows for the withdrawal of the United States from the agreement and provides that "(a) A party may withdraw from this Agreement six months after it provides written notice of withdrawal to the other Parties. If a Party withdraws, the Agreement shall remain in force for the remaining Parties"; and

WHEREAS, by 2002, which was the last year United States government agencies tracked NAFTA specific job losses, over 1.5 million American jobs were verified as lost due to NAFTA, with the majority from the high wage manufacturing sector; and

WHEREAS, NAFTA-related trade imbalances have grown from an imbalance in 2002 of $85 billion to a trade deficit of nearly $139 billion with Mexico and Canada in 2007 pursuant to foreign trade statistics of the U.S. Census Bureau; and

WHEREAS, NAFTA has reduced the value of the dollar, harmed the U.S. economy, local communities and American families, undermined the free enterprise system in the United States, and resulted in a lack of parity regarding laws and regulations related to the environment and labor, as well as other laws and regulations placing America at a disadvantage; and

WHEREAS, the volume of imports from Mexico and Canada has soared since NAFTA, straining security checks at the U.S. border and threaten-
ing the economic and physical security of the United States with the potential loss of control of its borders; and

WHEREAS, future unrestricted foreign trucking allowed by NAFTA into the United States has the potential of posing a safety hazard to the American people due to inadequate maintenance and inspection, lack of background checks for violations in Mexico, lack of drug and alcohol testing, lack of enforcement of size and weight requirements and lack of national security procedures which undermine the very charge given to the U.S. Department of Homeland Security to defend our borders against threats; and

WHEREAS, NAFTA has resulted in spiraling deficits with Mexico and Canada, unfair agricultural trade, job loss, wage reductions and an erosion in standards of living, an erosion of the United States manufacturing base, an increase in health and environmental hazards, and an increase in the flow of illegal drugs and controlled substances into the country due to inadequate inspection practices; and

WHEREAS, continued participation in NAFTA should be conditioned on the renegotiation of the terms of NAFTA by the President of the United States to correct trade deficits, currency distortions and agricultural provisions. Continued participation should also be conditioned on certification to Congress by the President that the Government of Mexico is elected in free and fair elections, provides a fair, impartial and transparent justice system, and protects the rights of its citizens to organize into political parties, to have free speech and free media, and to assemble and organize associations to advance human rights and economic opportunities; and

WHEREAS, continued participation should also be conditioned on certification of gains in United States jobs and living standards by the U.S. Secretary of Labor, certification of increased domestic manufacturing by the U.S. Secretary of Commerce, certification by the U.S. Secretary of Agriculture that there has been a reduced incidence of contaminated and adulterated food, certification by the U.S. Administrator of the Environmental Protection Agency that conditions affecting public health in the United States - Mexico border zone have not worsened since January 1, 1994, and certification by the Attorney General of the United States that increased imports from NAFTA parties are not resulting in an increase in crime involving illegal drugs or other controlled substances; and

WHEREAS, unless the conditions for continued participation are met, congressional approval of NAFTA should cease to be effective and the President of the United States should provide written notice of withdrawal to the Governments of Mexico and Canada in accordance with Article 2205 of NAFTA.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we emphatically urge and petition the Congress of the United States and particularly the congressional delegation representing the State of Idaho to require that specified conditions for the continued participation in NAFTA be enacted and that, should conditions for continued participation fail to be met, congressional approval of NAFTA should cease to be effective and the President of the United States should provide written notice of withdrawal to the Governments of Mexico and Canada in accordance with Article 2205 of NAFTA.
BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

A JOINT MEMORIAL

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES, TO MEMBERS OF THE UNITED STATES SENATE COMMITTEE ON BANKING, HOUSING AND URBAN AFFAIRS AND TO MEMBERS OF THE UNITED STATES HOUSE OF REPRESENTATIVES COMMITTEE ON FINANCIAL SERVICES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, regulation, oversight and consumer protection have traditionally and historically been powers reserved to state governments under the McCarran-Ferguson Act of 1945; and

WHEREAS, state legislatures are more responsive to the needs of their constituents and the need for insurance products and regulation to meet their state's unique market demands; and

WHEREAS, many states, including Idaho, have recently enacted and amended state insurance laws to modernize market regulation and provide insurers with greater ability to respond to changes in market conditions; and

WHEREAS, state legislatures, the National Conference of Insurance Legislators (NCOIL), the National Association of Insurance Commissioners (NAIC), and the National Conference of State Legislatures (NCSL) continue to address uniformity issues among states by the adoption of model laws that address market conduct, product approval, agent and company licensing and rate deregulation; and

WHEREAS, initiatives are being contemplated by certain members of the United States Congress that have the potential to destroy the state system of insurance regulation and create an unwieldy and inaccessible federal bureaucracy, all without consumer and constituent demand; and

WHEREAS, such initiatives include S.40/H.R.3200, the National Insurance Act of 2007, which is proposed optional federal charter legislation that would bifurcate insurance regulation and result in a quagmire of federal and state directives that would promote ambiguity and confusion; and

WHEREAS, S.40/H.R.3200 would allow companies to opt out of state insurance regulatory oversight and evade important state consumer protections; and
WHEREAS, the mechanism set up under S.40/H.R.3200 does not, and cannot by its very nature, respond as state regulation does, to states' individual and unique insurance markets and constituent concerns; and

WHEREAS, S.40/H.R.3200 has the potential to compromise state guaranty fund coverage, and employers could end up absorbing losses otherwise covered by these safety nets for businesses affected by insolvencies; and

WHEREAS, S.40/H.R.3200 would ultimately impose the costs of a new and needless federal bureaucracy upon businesses and the public; and

WHEREAS, many state governments derive general revenue dollars from the regulation of the business of insurance, including over $14 billion in premium taxes generated in 2006, of which the state of Idaho generated over $80 million; and

WHEREAS, S.40/H.R.3200 does not fully guarantee state premium tax revenues for a long-term period of time and has the potential to draw premium tax revenue from the states.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Idaho Legislature joins the National Conference of Insurance Legislators in expressing its strong opposition to S.40/H.R.3200 and any other such federal legislation that would threaten the power of state legislatures, governors, insurance commissioners and attorneys general to oversee, regulate and investigate the business of insurance and to protect consumers.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, the congressional delegation representing the State of Idaho in the Congress of the United States, to members of the United States Senate Committee on Banking, Housing and Urban Affairs, and the United States House of Representatives Committee on Financial Services.

TO THE PRESIDENT OF THE UNITED STATES, TO THE SECRETARY OF THE UNITED STATES DEPARTMENT OF HEALTH AND HUMAN SERVICES, TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the federal survey process through which skilled nursing facilities are inspected is a federal process which is not available for significant state deviation or modification; and

WHEREAS, the federal survey process was developed in 1987 and was designed for typical residents in skilled nursing facilities at that time; and

WHEREAS, the acuity levels of patients now being cared for in skilled nursing facilities are significantly elevated from those of twenty years ago; and

WHEREAS, the federal survey process does not allow for trained, experienced surveyors to provide consulting of any kind when surveying a skilled nursing facility; and

WHEREAS, the punitive and negative design of the federal survey process often negatively impacts the morale, turnover and motivation of the workforce of the skilled nursing facility; and

WHEREAS, the costs of the very expensive federal survey process out-weigh the benefits; and

WHEREAS, the state of Idaho has produced a survey process for assisted living providers which is not punitive, provides for significant consulting and, as current feedback indicates, a confidence building and learning experience for employees of the facility.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Idaho Legislature urges the Idaho congressional delegation, the Idaho Department of Health and Welfare, the United States Department of Health and Human Services,
resident advocate groups in Idaho and industry representatives to negotiate how to improve the survey process in skilled nursing facilities in Idaho and that the Idaho Legislature supports measures to improve quality care in the skilled nursing facilities in Idaho and the Idaho Legislature also affirms our desire to be efficient with tax dollars.

BE IT FURTHER RESOLVED that the Idaho Legislature urges the Idaho congressional delegation to request support and necessary funding from the United States Congress for a pilot project in the state of Idaho to implement the changes negotiated by the aforementioned groups.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, to the Secretary of the United States Department of Health and Human Services, to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the state of Idaho in the Congress of the United States.

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the Internet has been an extremely important means of exchanging information, and is relied upon in Idaho for business, education, recreation and other uses; and

WHEREAS, many Internet sites contain material that is pornographic, either obscene or inappropriate for children, and a majority of these sites originate within the United States but outside of the state of Idaho; and

WHEREAS, the availability of Internet pornography on the job costs Idaho employers significant numbers of work hours, strains employers' computer equipment, reduces productivity and leads to potentially hostile work environments for men and women; and

WHEREAS, while the custody, care and nurturing of children resides primarily with parents, the widespread availability of Internet pornography and the ability of children to circumvent existing filtering technology defeat the best attempts at parental supervision or control; and

WHEREAS, Internet pornographers are using evolving techniques to lure Idaho children and others into viewing and purchasing pornographic material, defying existing technology designed to block adult content; and

WHEREAS, current methods for protecting computers and computer networks from unwanted Internet content are expensive, block more than the intended content and are easily circumvented; and
WHEREAS, because children, employees and others may seek out pornography, warnings and other labels meant to help avoid inadvertent hits on pornographic sites may simply increase the likelihood that these sites will be visited; and

WHEREAS, credit card verification systems burden credit card companies, are expensive and time consuming to establish and maintain and these systems inhibit legal speech, and other forms of age verification have not been practicable; and

WHEREAS, prior congressional attempts to address children's access to Internet pornography have been held unconstitutional or otherwise have not passed constitutional scrutiny and have not been based on technology that allows individual Internet users to select what kind of Internet content enters their homes and workplaces; and

WHEREAS, protecting the physical and psychological well-being of Idaho's children by shielding them from inappropriate materials is a compelling interest of the Legislature of the State of Idaho; and

WHEREAS, although the state of Idaho has taken rigorous action in an attempt to shield Idaho's children from obscenity and other inappropriate adult content, it cannot effectively curb the programs with Internet pornography within its borders without the support of the United States government; and

WHEREAS, the United States remains in control of the Internet through the Department of Commerce and the National Telecommunications and Information Association; and

WHEREAS, the United States has the ability to create appropriate policies and enforcement tools to effectively deal with these issues.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we strongly urge the United States Congress to take action to help stop children and employees from accessing Internet pornography and that legislation be enacted to facilitate a technology-based solution that allows parents and employers to subscribe to Internet access services that exclude adult content.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

A JOINT MEMORIAL

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, water is among the most precious natural resources of the state of Idaho; and
WHEREAS, residents of Idaho have been experiencing shortages in water availability and deliveries in recent years; and
WHEREAS, continued, unprecedented drought, population growth and urban development, conjunctive administration, Endangered Species Act requirements and other additional demands are being placed on the already scarce water resources of the state; and
WHEREAS, Idaho stores a small percentage of its average annual run-off in comparison with other states; and
WHEREAS, additional storage would be beneficial for Idaho residents for irrigation, domestic, municipal, commercial, industrial, recreational, flood control, resident fisheries, wildlife and other purposes; and
WHEREAS, new storage reservoirs can take many years to plan, design and construct; and
WHEREAS, the Minidoka Dam enlargement, Teton Dam replacement, Twin Springs Dam, Calloway Dam and Lost Valley Dam have initially been identified by the Director of the Idaho Department of Water Resources as potential projects that could be constructed; and
WHEREAS, studies have been undertaken, or have been proposed, which indicate that there are potential storage sites that would provide significant additional storage to residents of the state of Idaho, which can be built in a safe, environmental and economical manner, and which will provide significant long-term benefits to the state of Idaho; and
WHEREAS, additional studies have been proposed specific to the Minidoka Dam enlargement, Teton Dam replacement and Twin Springs Dam; and
WHEREAS, the Bureau of Reclamation is agreeable to the study of Minidoka Dam enlargement, but the opportunity to do so is limited by the fact that environmental compliance and design work are ready to commence on the replacement of the spillway at the Minidoka Dam, making time of the essence for the storage enlargement study; and
WHEREAS, the United States Army Corps of Engineers, by virtue of the 2007 amendments to the federal Water Resource Development Act, has feasibility authority to study water supply and flood control on the Boise River, including Twin Springs Dam.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we support the study of additional water storage projects.

BE IT FURTHER RESOLVED that we encourage the Bureau of Reclamation, the United States Army Corps of Engineers, the Governor of the State of Idaho, the Idaho Water Resource Board, the Idaho Department of Water Resources, and other federal, state and local agencies to cooperate with the residents of the State of Idaho in initiating and completing the study of additional water storage projects including, but not necessarily limited to, the Minidoka Dam enlargement, Teton Dam replacement and Twin Springs Dam, identifying those projects that are feasible, and moving forward with implementation and construction of those water storage projects that most benefit the residents of the state of Idaho.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Fifty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the U.S. Forest Service was established in 1905 as an agency of the United States Department of Agriculture for the purpose of managing public lands in national forests and grasslands; and

WHEREAS, the Wild and Scenic Rivers Act establishes a National Wild and Scenic Rivers System for the protection of rivers with important scenic, recreational, fish and wildlife, and other values. The act designates specific rivers for inclusion in the system and prescribes the methods and standards by which additional rivers may be added; and

WHEREAS, the Middle Fork of the Clearwater River was included in the Wild and Scenic River System in 1968, authorizing, among other things, the acquisition of easements from private landowners for the protection of the character of the river and its surroundings but was to retain the right for rural agricultural uses, including light ranching and farming operations; and

WHEREAS, there have been instances where the U.S. Forest Service has initiated litigation against private property owners who hold easements pursuant to the Wild and Scenic Rivers Act relating to their ranching and farming operations without exhausting every effort such as mediation, consultation and coordination.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we urge the U.S. Forest Service to exhaust every effort such as mediation, consultation and coordination with private property owners who hold easements pursuant to the Wild and Scenic Rivers Act, and have operated in good faith under such terms and conditions of said easement, before initiating litigious efforts against such citizens of the State of Idaho.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, concurrent enrollment is being widely discussed within Idaho; and
WHEREAS, concurrent enrollment is entering a rapid growth phase throughout the state and attracting greater interest among high school students because it allows them to accelerate their education and become better prepared for postsecondary education; and

WHEREAS, concurrent enrollment opportunities are increasing and concurrent enrollment is being offered by most colleges and universities within the state; and
WHEREAS, concurrent enrollment could actually reduce educational costs to the taxpayers and reduce college and university expenses for families of the state of Idaho; and
WHEREAS, the Governor of the state of Idaho, the House of Representatives and Senate Education standing committees, the State Board of Education, the Department of Education, the Joint Finance Appropriations Committee and state colleges and universities all see the value of increasing concurrent enrollment; and
WHEREAS, a clear vision of how to proceed has not yet developed among the different stakeholders; and

A CONCURRENT RESOLUTION
STATING FINDINGS OF THE LEGISLATURE, ADOPTING A STATE EMPLOYEE COMPENSATION POLICY, ADOPTING FUNDING RECOMMENDATIONS, AND DIRECTING IMPLEMENTATION OF COMPENSATION POLICIES.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Legislature has by law provided that the Governor and Division of Human Resources report to the Legislature their recommendations for proposed pay policies, together with the estimated costs thereof; and
WHEREAS, the Legislature has received and reviewed the report of the Governor dated January 7, 2008, and the report of the Division of Human Resources dated December 1, 2007.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that:

(1) It is the policy of the state of Idaho to provide a total compensation system that attracts, retains and recognizes state employees for their valuable service. The foundation of this system is to pay competitive job market average salaries, reward performance with a merit-based compensation philosophy, and a quality benefits package.

(2) The Change in Employee Compensation Committee recommends no adjustments be made to the current payline or compensation structure.

(3) The committee recommends that the Joint Finance-Appropriations Committee provide funding for a 3% increase in employee compensation for state employees to be distributed as follows:
   (a) Agencies and institutions are first directed to allocate to all eligible state employees a 1% salary increase.
   (b) Agencies and institutions are required to review and target any needed funding, based on merit, toward high turnover classifications, individuals below midpoint within their agency, and individuals below 90% of the Compa-Ratio.
   (c) Agencies and institutions are directed to target any remaining funding based on merit using the merit matrix required by Idaho Code.

(4) The committee recommends the following for an active state employee benefit package:
   (a) The Joint Finance-Appropriations Committee is directed to provide funding of $8,700 per full-time equivalent position for the employer portion of the benefit premiums. The Department of Administration is directed to collect no more than $16,400,000, equivalent to a 29% total employee premium increase for premiums from active state employees.
   (b) State agencies and institutions are directed to remit all state funding for health insurance included in the appropriations for employees eligible to be enrolled in health insurance to the group insurance account created in section 67-5771, Idaho Code.
   (c) The Department of Administration is directed to institute an additional insurance plan option in order to provide state employees a choice that better meets the employee's individual needs and benefit coverage desires. The additional plan must maintain premiums at the 2008 premiums cost for both the employer and the employee.
   (d) The Department of Administration is further directed to provide in fiscal year 2009 active employee insurance plans with benefits substantially similar to benefits provided in the fiscal year 2008 active employee insurance plans. If the Department of Administration is unable to maintain substantially similar benefits within the fiscal year 2009 funding designated in subsection (4)(a) above, the department shall notify both the Change in Employee Compensation Committee and...
the Joint Finance-Appropriations Committee of any substantial benefit changes to the insurance plans.

(e) The Change in Employee Compensation Committee recognizes that there exist subsidies within the active employee insurance plans as well as within the active employee insurance premium charges. The Department of Administration shall be given the appropriate flexibility to address other inequities within the active employee insurance plans that are deemed appropriate by the Director of the Department of Administration.

(5) The committee further recommends that elected officials, judges, and commissioners be treated in a similar manner as state employees.

(6) Agencies and institutions shall create compensation and distribution plans to ensure such plans are consistent with the policies contained herein. Agency directors and institutional presidents shall approve all compensation and distribution plans and ensure that implementation of the plans is consistent with policies contained herein. Each agency and institution shall forward, for informational purposes only, copies of the agency approved compensation and distribution plans to the Legislative Services Office and the Division of Financial Management by June 1, 2008.

(7) For fiscal year 2009, agencies and institutions are hereby directed to allocate salary savings to provide for employee salary needs based on performance, before other operational budget priorities are considered. Where applicable, employees whose salaries are below midpoint of their pay grade, or occupational groups with significant turnover shall be considered first in the order of salary savings distributions.

(8) The effective date of implementation of ongoing salary adjustments shall be June 15, 2008.

BE IT FURTHER RESOLVED that appropriations measures to fund nonclassified employees be prepared as nearly as possible in the same manner as for classified employees.

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND REQUESTING THE JOINT LEGISLATIVE OVERSIGHT COMMITTEE TO DIRECT THE OFFICE OF PERFORMANCE EVALUATION TO COMMISSION AN INDEPENDENT EVALUATION OF THE IDAHO TRANSPORTATION DEPARTMENT.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Idaho Transportation Department (ITD) has responsibility for approximately 5,000 centerline miles of highways in Idaho with a budget of over 547 million dollars; and

WHEREAS, ITD estimates that its annual revenue shortfall on maintenance and construction is currently 245 million dollars; and

...
WHEREAS, highways are a critical infrastructure for Idaho's economy and for the mobility of its citizens; and

WHEREAS, the Legislature is deliberating on fee increases to provide more revenue to meet the ongoing and future needs of Idaho's highways; and

WHEREAS, the Legislature has the responsibility to ensure that current revenues and any potential new revenues are spent appropriately.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Joint Legislative Oversight Committee is requested to direct the Office of Performance Evaluations to manage an independent evaluation of the ITD by a qualified, out-of-state consultant(s) without current contractual relationships with ITD or any consultant or contractor that works for or with ITD and without any other conflict of interest with ITD. The evaluation shall address the following questions:

1. As measured over an appropriate time frame, does the manner in which ITD schedules, finances and sets priorities for improvement projects minimize life-cycle costs?

2. Does ITD have appropriate processes and criteria to measure and evaluate the quality of its maintenance and construction work on state highways and do these processes and criteria include value engineering?

3. Does ITD have a process for identifying and selecting projects in writing that is followed in a timely basis to ensure project consideration, progress and completion?

4. What practices are used in determining the best price to value ratio on project contracts?

5. What metrics are being used to evaluate project success?

6. Are there state policies or legislation that might hamper ITD's programs, increase costs or limit options for efficiency, and, if so, what are they?

7. Are there any precautions undertaken by ITD to insulate it from construction cost fluctuations?

8. Is there work that ITD is currently outsourcing that ITD is capable of performing in-house or work that is being done in-house and that could be outsourced, including planning, environmental studies, right-of-way acquisition, design, public contacts and actual construction, and, if so:
   a. Is ITD's staff adequate to perform work in-house that is being outsourced;
   b. Could cost savings result by either performing the work in-house or outsourcing the work; and
   c. Would the quality of the work improve by either performing the work in-house or by outsourcing it?

9. Does ITD have a written maintenance project budget and modeling process to project what moneys and resources will be required at any given time to maintain existing and additional highways?

BE IT FURTHER RESOLVED that the independent evaluation address the ITD's contracting process and supervision with regard to consulting contracts, including:

1. The selection of those consultants requested to submit proposals and whether qualified consultants are being given the opportunity to submit proposals or whether the scope of contacted consultants has been arbitrarily limited;
(2) Whether the scope of the project to be performed by the consultant has been carefully defined so as to limit the need for supplementals and add-ons; and
(3) The performance of ITD in supervising its consultants, including auditing the consultant's task performance, hours of work claimed and requests for payment.

BE IT FURTHER RESOLVED that the independent evaluation address the ITD's contracting and supervision with regard to construction contracts, including:

(1) Whether no frills designs are being employed that ensure efficiencies in the expenditure of taxpayer dollars and that enable projects to achieve the most construction for the dollar without sacrificing safety and while complying with federal and state guidelines;
(2) ITD's evaluation of methods and engineering competency employed by estimating project costs and whether such methods and engineering competency limit the awarding of contracts that substantially exceed the ITD estimate or limit the rebidding of contracts;
(3) Determine whether quality inspections by qualified inspectors or project engineers are being utilized;
(4) Examination of ITD's current policies and efforts to avoid and limit cost overruns and limit the supplemental amounts demanded by contractors. Also, whether there is a fair but firm appeals process in place, staffed with competent individuals, to address these issues; and
(5) Examination of ITD's internal review process on change orders, including the process for confirming change order costs and the utilization of value engineering in evaluating change orders.

BE IT FURTHER RESOLVED, that the Joint Legislative Oversight Committee is requested to direct the Office of Performance Evaluations to develop a scope of study to address the issues set forth above. As part of this study, the Office of Performance Evaluations shall develop and submit a report to the Legislature, not later than the Second Regular Session of the Sixtieth Idaho Legislature, on findings concerning best practices and appropriate performance measures. At the conclusion of each phase of the consultant's work, the Joint Legislative Oversight Committee is requested to submit a report of the completed results of the independent evaluation to the Sixtieth Idaho Legislature. The results so reported are to include action item recommendations upon which the Idaho Transportation Board and the Legislature can act to improve safety, efficiency and economies on surface transportation projects.

STATING THE FINDINGS OF THE LEGISLATURE AND ENCOURAGING THE GOVERNOR OF THE STATE OF IDAHO, THROUGH THE IDAHO OFFICE OF ENERGY RESOURCES, TO EXPLORE OPPORTUNITIES FOR THE DEVELOPMENT OF RENEWABLE RESOURCE ENERGY GENERATION ON STATE ENDOWMENT LANDS, ENCOURAGING THE IDAHO STATE BOARD OF LAND COMMISSIONERS TO EXPLORE OPPORTUNITIES FOR THE LEASE OF STATE ENDOWMENT LANDS FOR THE DEVELOPMENT OF RENEWABLE RESOURCE ENERGY GENERATION AND ENCOURAGING THE LEGISLATURE TO PROMOTE DEVELOPMENT OF IDAHO'S RENEWABLE RESOURCES ON STATE ENDOWMENT LANDS AND TO PROVIDE ENABLING AUTHORITY AS WELL AS ECONOMIC INCENTIVES FOR THE PURPOSE OF ENCOURAGING AND STIMULATING PRIVATE SECTOR DEVELOPMENT OF RENEWABLE RESOURCE ENERGY GENERATION TO MAXIMIZE POTENTIAL RETURNS FROM OUR ENDOWMENT LANDS FOR PUBLIC EDUCATION WHILE AT THE SAME TIME PROMOTING RURAL AND URBAN ECONOMIC DEVELOPMENT AND JOB STIMULATION.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Idaho public schools represent a cornerstone of Idaho's future in relation to education, democracy and economic vitality; and

WHEREAS, adequate fiscal resources from multiple sources are important to sustaining Idaho's system of public education; and

WHEREAS, the state of Idaho owns and manages several million acres of land, known as the "trust" or "endowment" lands, granted to it by the federal government for the purpose of financing public institutions, chief among the beneficiaries being the public schools; and

WHEREAS, the original grant of land occurred in 1863 in the Organic Act of the Territory of Idaho which granted to the Idaho Territory sections sixteen and thirty-six of each township for the support of public schools; and

WHEREAS, pursuant to the Constitution of the State of Idaho, the lands are to be managed in such a manner as will secure the maximum long-term financial return to the institution to which granted or to the state if not specifically granted; and

WHEREAS, funding for Idaho's public schools is in part dependent upon the beneficial management and productive utilization of our nearly 2.5 million acres of endowment lands, acres of which are located throughout every county in Idaho; and
WHEREAS, utilizing Idaho's endowment lands to their fullest potential, securing the maximum long-term financial return for our public schools and children while stimulating Idaho's rural and urban areas, may require a new management approach and use of the lands which would simultaneously generate stable funding for public schools and ensure reliable low-cost energy sources for Idaho that protect the environment and promote economic growth; and

WHEREAS, endowment lands can serve as both a source of fiscal resources for public schools and rural economic development because many of Idaho's endowment lands are located in our most rural areas where renewable resource development would promote the economy through job growth and tax revenue stimulation; and

WHEREAS, in addition to traditional uses of grazing, logging and mineral exploration, Idaho's endowment lands are rich with renewable energy resources including wind, sun, geothermal, low impact hydro and biomass sources that should be developed as a means to generate fiscal resources for our public school system and as a means to generate electricity to meet the needs of Idaho's growing population; and

WHEREAS, developing in-state renewable resources on endowment lands would contribute to secure reliable energy by reducing dependence upon remote resources that must be transported over long distances and also contribute to a more secure funding source for Idaho's public education system through the dedicated endowment lands.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Governor of the State of Idaho, through the Idaho Office of Energy Resources, is encouraged to explore opportunities for the development of renewable resource energy generation on state endowment lands.

BE IT FURTHER RESOLVED, that the Idaho State Board of Land Commissioners is encouraged to explore opportunities for the lease of state endowment lands for the development of renewable resource energy generation.

BE IT FURTHER RESOLVED, that the legislature is encouraged to promote development of Idaho's renewable resources on state endowment lands and to provide enabling authority as well as economic incentives for the purpose of encouraging and stimulating private sector development of renewable resource energy generation to maximize potential returns from our endowment lands for public education while at the same time promoting rural and urban economic development and job stimulation.

ESTABLISHING THE IDAHO ALCOHOL AND DRUG-FREE WORKPLACE POLICY
REPEALING AND REPLACING EXECUTIVE ORDER 2006-42

WHEREAS, the State of Idaho has a vital interest in maintaining a safe, healthy and efficient working environment for its employees, clients and the public; and

WHEREAS, employees impaired by alcohol or other drugs during work hours pose safety and health risks not only to themselves but to others; and

WHEREAS, employees who use illegal drugs, whether on or off duty, are generally less productive, less reliable and prone to greater absenteeism than employees who do not use drugs; and
WHEREAS, the use of illegal drugs by state employees is inconsistent with both law-abiding behavior expected of all citizens, and the special trust placed in such employees as servants of the public; and

WHEREAS, the use of alcohol or drugs by state employees in certain positions of sensitivity poses a special risk to public safety and the effective enforcement of the law; and

WHEREAS, the use of alcohol or drugs becomes a matter of concern to the State of Idaho when it interferes with job performance, conduct, attendance, or safety of state employees; and

WHEREAS, the State of Idaho, as an employer, has a responsibility to taxpayers to ensure that state functions are performed efficiently and without undue risk to the people of the State; and

WHEREAS, the State of Idaho, as an employer, also is concerned with the well-being of its employees and should encourage the identification and rehabilitation of employees with alcohol or drug problems; and

WHEREAS, the position of Office of Drug Policy was established within the Office of the Governor to advise and assist the Governor in coordinating all drug and substance abuse initiatives in the State of Idaho;

NOW, THEREFORE, I, C.L. "BUTCH" OTTER, Governor of the State of Idaho, by virtue of the power and authority vested in me by the Constitution and statutes of the State of Idaho, do hereby order the Idaho Alcohol and Drug-Free Workplace Policy to become effective immediately for all employees of the State of Idaho:

1. The consumption of alcohol on the job is prohibited. Employees may not work if their performance is impaired by the use of alcohol;

2. The unlawful manufacturing, distribution, dispensing, possession, or use of a controlled substance is prohibited, and if occurring on State property or during an employee's hours of work, demands immediate corrective action;

3. Each State agency shall provide employees with information on Idaho's Alcohol and Drug-Free Workplace Policy, as well as information on the State's Employee Assistance Plan;

4. Violations of the Idaho Alcohol and Drug-Free Workplace Policy will be cause for management/supervisor intervention and may result in referral to treatment, including participation in the Employee Assistance Program. It shall be the policy of the State of Idaho to direct its efforts toward rehabilitation whenever reasonable;

5. Any intervention steps taken upon a violation of the Idaho Alcohol and Drug-Free Workplace Policy must be consistent with all due process requirements and other constitutional rights of state employees;

6. The privacy rights of employees are important. Any intervention steps taken because of a violation of the Idaho Alcohol and Drug-Free Workplace Policy, including a referral for treatment, counseling or rehabilitation programs, shall include procedures to protect the confidentiality of treatment records as well as the employee's identity;

7. The director of each agency shall report quarterly, the first of January, April, July, and October, to the Division of Human Resources and Office of Drug Policy any violations of the Idaho Alcohol and Drug-Free Workplace Policy and the corrective
"Quarterly" means the report shall be filed the first day of January, April, July, and October. The report shall, to the extent practicable, protect the confidentiality of the employee involved, but shall describe the nature of the employee's position;

The Division of Human Resources in conjunction with the Office of Drug Policy shall annually compile information regarding violations of this policy and the corrective actions taken, and report this information by June 30 to the Governor. Any information so reported shall be reported in a manner to avoid revealing the identity of the employees involved. The Division of Human Resources and the Office of Drug Policy, when they compile this data, shall do so by type of position so as to determine whether there is an alcohol or drug problem in any "safety-sensitive" positions;

9. Whenever there is an alcohol or drug problem in a "safety-sensitive" position, it is critical that the problem be addressed aggressively. For the purpose of this policy, a "safety-sensitive" position is one in which:
   A. The duties involve a greater-than-normal level of trust for, responsibility for, or impact on the health and safety of the employee or others; and
   B. Errors in judgment, inattentiveness or diminished coordination, dexterity, or composure while performing the duties could result in mistakes that would endanger the health and safety of the employee or others; and
   C. Employees in these positions work with such independence that it cannot be safely assumed that mistakes such as those described in subsection (B) could be prevented by a supervisor or another employee;

10. In the event the Division of Human Resources finds an alcohol or drug problem in any agency or classification, it shall report that to the Governor and the Office of Drug Policy, and the agency, working in conjunction with the Division of Human Resources and the Governor, shall develop a program to respond to the problem. This program may include alcohol or drug testing for employees in safety-sensitive classifications where such a problem has been documented;

11. All state agencies responsible to the Governor are directed, and all other public entities are requested, to assist the Division of Human Resources in discharging its responsibilities under this order;

12. Nothing in this order shall be deemed to abrogate any existing policy or directive relating to alcohol or drug use by state employees or to affect any existing or future state employee disciplinary proceeding; and

Where federal laws or regulations require the State to implement more stringent regulations than those contained in this policy, those federal regulations and procedures supersede and/or augment this policy.

This Executive Order shall cease to be effective four years after its entry into force.

1. The Division of Purchasing in the Department of Administration shall develop policies and procedures to ensure that all vendors seeking to enter into a service contract with the State or a contract to develop, sell or lease software to the State of Idaho disclose:

   b. The vendor or its subcontractor is a foreign firm hired to market Idaho services or products to a foreign country; or
   c. The State, as determined by the Division of Purchasing and the using agency, if applicable, would incur a significant and substantial cost if it failed to use the vendor or subcontractor; or
   d. The vendor or its subcontractor maintains a significant business presence in the United States and only performs a de minimus portion of work under the contract outside the United States.

5. If the contractor or subcontractor declares that services or work under the contract will be performed in the United States during the term of a contract and then proceeds to shift services or work outside of the United States, the contractor shall be in breach of the contract, unless the Division of Purchasing and the using agency first determine in writing that extraordinary circumstances require the shift or that a failure to shift would result in economic hardship to the State of Idaho.

6.
