39-4601. SHORT TITLE. This chapter shall be known and may be cited as the "Idaho Developmental Disabilities Services and Facilities Act of 1978."

[I.C., sec. 39-4601, as added by 1978, ch. 270, sec. 1, p. 624.]

39-4602. PURPOSE. It is declared to be the policy of the legislature of the state of Idaho to authorize and mandate the department of health and welfare to develop and coordinate services for developmentally disabled persons through adult and child development programs and through contracts with rehabilitation facilities. The complexities of developmental disabilities require the services of many state departments as well as those of the community. It is the intent of this chapter that the department of health and welfare will cooperate with recognized agencies, organizations and departments in implementing this chapter. Services should be planned and provided as a part of a continuum. A pattern of facilities, services and eligibility should be established which is sufficiently complete to meet the needs of each developmentally disabled person regardless of age or degree of disability, with consideration of the family.

39-4603. DECLARATION OF RIGHTS. Persons with developmental disabilities shall have the same legal rights and responsibilities guaranteed all other persons by the constitution and laws of the United States of America and by the constitution and laws of the state of Idaho.
