

TITLE 41  
INSURANCE

CHAPTER 49  
PETROLEUM CLEAN WATER TRUST FUND ACT

41-4901. SHORT TITLE. This chapter shall be known and may be cited as the "Idaho Petroleum Clean Water Trust Fund Act."

[41-4901, added 1990, ch. 119, sec. 1, p. 267.]

41-4902. LEGISLATIVE FINDINGS AND INTENT. (1) The legislature finds that significant quantities of petroleum and petroleum products are being stored in tanks in Idaho to meet the needs of its citizens, foster economic growth and development and the overall quality of life in the state. While most storage tanks are being operated and managed responsibly, there are occasions when releases occur, threatening the public health and safety, and the environment. It is to the benefit of Idaho's citizens to correct any such threats to the public health and safety or environment as quickly and completely as possible. Significant financial resources must be available to investigate and remedy any release. However, reasonably affordable petroleum liability insurance coverage is unavailable to pay for such corrective and cleanup measures. Thus, creation of a fund for corrective actions for petroleum releases would be beneficial to the state and would provide a method for Idaho petroleum storage tank owners or operators to satisfy the financial responsibility requirements imposed on them by the federal environmental protection agency. Such a fund would be created by the imposition of a "transfer fee" of one cent (\$.01) per gallon on the delivery or storage of petroleum products within the state of Idaho. Such a fund would provide moneys for the immediate protection of the public health and safety and the environment, while helping avoid catastrophic losses to the owners and operators which could result in negative impacts on Idaho's economy.

(2) Therefore, it is hereby declared that the intent of the legislature in the passage of this chapter is to create and regulate in the public interest the formation and operation of a liability insurance trust fund that will make contracts of liability insurance available to owners and operators of petroleum storage tanks as defined herein through fair and equitable insurance contracts issued by a state-licensed nonprofit organization meeting reasonable standards as to its administration, reserves, financial soundness and the prompt and fair payment of claims arising out of the legal liability of the public and private entities protected and insured by these contracts, which will also provide for swift corrective action for releases of petroleum or petroleum products from leaking storage tanks. While the release of petroleum from any storage tank in the state may be a threat to public health and safety and the environment, this fund shall only be available for costs incurred as to those tanks which are covered by a contract of insurance between the owner or operator and the trust fund.

lation of petroleum or petroleum products, and the volume of which, including the volume of pipes connected thereto, is less than ten percent (10%) beneath the surface of the ground. This term does not include a heating tank, farm tank or residential tank or any tank with a capacity of one hundred ten (110) gallons or less.

(2) "Accidental release" means any sudden or nonsudden release of petroleum from a storage tank that results in a need for corrective action or compensation for bodily injury or property damage neither expected nor intended by the tank owner or operator.

(3) "Administrator" means the state insurance fund or any person employed by the board of trustees to replace the state insurance fund, employed by the board to administer the Idaho petroleum clean water trust fund.

(4) "Application fee" means the amount paid or payable by an owner or operator applying for a contract of insurance with the trust fund to offset the costs of issuing contracts of insurance and other costs of administering this fund.

(5) "Board" means the board of trustees appointed by the governor.

(6) "Bodily injury" means any bodily injury, sickness, disease or death sustained by any person and caused by an occurrence defined in subsection (19) of this section.

(8) "Commission" means the state tax commission of the state of Idaho.

(9) "Corrective action" means those actions as are reasonably necessary to satisfy applicable federal and state standards in the event of a release into the environment from a petroleum storage tank. Corrective action includes initial corrective action response or actions consistent with a remedial action to clean up contaminated soil and ground water or address residual effects after initial corrective action is taken, as well as actions necessary to monitor, assess and evaluate a release. Corrective action also includes the cost of removing a tank which is releasing or has been releasing petroleum products and the release cannot be corrected without removing the tank; but corrective action does not include the cost of replacing this tank with another tank.

(10) "Department" means the department of insurance of the state of Idaho.

(11) "Director" means the director of the department of insurance.

(12) "Farm tank" means any tank with a capacity of more than one hundred ten (110) gallons but less than one thousand one hundred (1,100) gallons situated above ground or underground which is used for storing motor fuel for noncommercial purposes and which is located on a tract of land devoted to the production of crops or raising animals, including fish, and associated residences and improvements. A farm tank must be located on the farm property. "Farm" includes fish hatcheries, rangeland and nurseries with growing operations.

(14) "Fund" or "trust fund" means the Idaho petroleum clean water trust fund.

(15) "Heating tank" means any tank with a capacity of more than one hundred ten (110) gallons situated above ground or underground which is used for storing heating oil for consumptive use on the premises where stored.

(16) "Legal defense costs" means any expense that an owner or operator or the trust fund incurs in defending against claims or actions brought by the federal environmental protection agency or a state agency to require corrective action or to recover the costs of corrective action; or by or on behalf of a third party for bodily injury or property damage caused by a release.

(17) "Licensed distributor" means any distributor who has obtained a license under the provisions of section [63-2427A](#), Idaho Code. If a person subject to the fee imposed by section [41-4909](#)(7), Idaho Code, is not required to obtain a distributor's license under paragraph (a) or (b) of subsection (1) of section [63-2427A](#), Idaho Code, such person shall apply to the commission for a limited license for the purpose of complying with the requirements of this chapter. Such a limited license shall not be valid for any other purpose. No bond shall be required for a limited license. A holder of a limited license is a "licensed distributor" for the purposes of filing reports, paying fees and other actions necessary to the proper administration and enforcement of this chapter.

(18) "Noncommercial purposes" means not for resale, with respect to motor fuels.

(19) "Occurrence" means an accident, including continuous or repeated exposure to conditions, which resulted in a release into the environment of petroleum products from a petroleum storage tank.

(20) "Operator" means any person in control, or having responsibility for, the daily operations of a petroleum storage tank.

(21) "Owner" means the owner of a petroleum storage tank, except that "owner" does not include any person who, without participation in the management of a petroleum storage tank, holds indicia of ownership primarily to protect the owner's security interest in the tank.

The term includes motor gasoline, gasohol, other alcohol blended fuels, diesel fuel, heating oil and aviation fuel. Biodiesel and biodiesel blends, as those terms are defined in section [63-2401](#), Idaho Code, ethanol, and natural gasoline are also petroleum or petroleum products.

(24) "Property damage" means injury or destruction to tangible property caused by an occurrence.

(25) "Release" means any spilling, leaking, emitting, discharging, escaping, leaching, or disposing from a petroleum storage tank into ground water, surface water, or surface or subsurface soils.

(1) The Idaho petroleum clean water trust fund is hereby created, subject to the direction and supervision of the board, and the administrator is hereby authorized to utilize this trust fund for the purpose of insuring governmental and private entities who are owners and operators of petroleum storage tanks against the costs of corrective action and compensating third parties that are legally entitled to receive compensation for bodily injury and property damage arising out of accidental releases of petroleum from petroleum storage tanks covered by a contract of insurance between the owner or operator and the trust fund.

(2) Nothing in this chapter shall enlarge or otherwise adversely affect the legal liability of any legal entity insured by the trust fund, and any immunity or other bar to a civil lawsuit under Idaho or federal law shall remain in effect. The fact that the trust fund insures the legal liability of any legal entity and thus may relieve the entity or an employee of the entity from the payment of any judgment arising from a civil lawsuit, shall not be communicated to the trier of fact in such a lawsuit.

(3) The trust fund shall consist of all application fees and all transfer fees collected pursuant to section [41-4909](#), Idaho Code, all other moneys received and paid into the trust fund, property and securities acquired by or through the use of money belonging to the trust fund, money loaned to the trust fund under the terms and agreements of a subordinated note of indebtedness or borrowed surplus as hereinafter defined and authorized, and of interest earned on money and securities owned or in the possession of the trust fund under an agreement that such investment earnings can accrue to the benefit of the trust fund.

(e) Auditing functions of the trust fund to maintain accurate records of receipts and disbursements by the trust fund and accurate reporting of statistics by owners or operators of storage tanks covered by a contract of insurance issued by the trust fund.

(f) Actuarial functions of the trust fund to maintain credible and viable statistics, sufficient operating fund balances, and appropriate loss reserves.

(g) Computer and data processing functions to assist the trust fund in maintaining complete and accurate records in a timely manner and issue loss payments and other disbursements, as well as provide individual statistics and records of storage tanks covered by a contract of insurance issued by the trust fund.

(h) Computer programming functions to maintain a proficient and current data processing system for the trust fund.

(i) Legal services for the trust fund.

(j) Any and all other functions the administrator deems prudent and reasonable to assure the successful operation of the trust fund.

(6) The Idaho petroleum clean water trust fund shall be administered without liability on the part of the state insurance fund or the state of Idaho beyond the amount of said trust fund.

(7) The administrator shall have the power to receive and account for all moneys paid into the trust fund, accept and evaluate applications for insurance coverage and issue the contracts of insurance and evaluate, investigate and adjust claims made against the trust fund and make agreements for corrective actions or compensation to third parties for bodily injury

or property damage those parties may be legally entitled to receive from the trust fund in accordance with the provisions of this chapter.

(8) The administrator shall establish underwriting procedures to issue contracts of insurance and claim procedures. The administrator shall be given notice of all applications, hearings and proceedings involving the rights of the trust fund and shall represent the trust fund in all proceedings. The administrator's decisions shall be written, and shall include all reasons for his decisions and shall be subject to judicial review in the district court of Ada county; provided, however, that the administrator and the trust fund shall not be liable for alleged bad faith or other legal theories based on any method or timing of the claims processed on his decision.

(9) The administrator may employ legal counsel or obtain legal counsel through the attorney general concerning all legal matters arising out of the existence and operation of the trust fund, including claims made against the contracts of insurance issued by the administrator of the trust fund.

(10) The administrator may also employ such employees or contract for such services as are necessary to assist in the administration of the trust fund, and all such administrative expenses incurred by the state insurance fund for the benefit of the trust fund shall be reimbursed by the trust fund.

41-4906. LIMITS OF LIABILITY FOR CONTRACTS OF INSURANCE ISSUED BY THE ADMINISTRATOR. (1) Contracts of insurance issued by the administrator shall contain the following per occurrence and annual aggregate limits of liability for paying the costs of corrective action and compensating third parties who are legally entitled to receive compensation for bodily injury and property damage arising out of accidental releases from covered petroleum storage tanks:

(a) For owners or operators of heating tanks, farm tanks or residential tanks, no more than one hundred thousand dollars (\$100,000) per occurrence and no more than one hundred thousand dollars (\$100,000) annual aggregate;

(b) For nonmarketers of petroleum products who are owners or operators of above ground and underground storage tanks and who consume ten thousand (10,000) gallons or less of petroleum products each month, no more than five hundred thousand dollars (\$500,000) per occurrence and no more than one million dollars (\$1,000,000) annual aggregate;

(c) For owners or operators of one (1) to one hundred (100) covered underground petroleum storage tanks, no more than one million dollars (\$1,000,000) per occurrence and no more than one million dollars (\$1,000,000) annual aggregate;

(d) For owners or operators of one hundred and one (101) or more covered underground petroleum storage tanks, no more than one million dollars (\$1,000,000) per occurrence and no more than two million dollars (\$2,000,000) annual aggregate; and

(e) For owners or operators of covered above ground petroleum storage tanks, no more than one million dollars (\$1,000,000) per occurrence and no more than one million dollars (\$1,000,000) annual aggregate.

(3) Benefits provided by the trust fund shall be primary and shall not be construed to be excess over and above any other valid and collectible insurance.

(4) If an owner or operator owns or operates more than one (1) of the types of petroleum storage tanks listed in subsection (1) of this section, then the limit of liability applicable to the type of petroleum storage tank from which the accidental release occurred shall apply. In no event shall any of the limits of liability in subsection (1) of this section be combined to exceed the highest per occurrence and annual aggregate limits of liability for any single category in subsections (1) (a) through (1) (e) of this section applicable to an insured owner or operator.

[(41-4908) 41-4907, added 1990, ch. 119, sec. 1, p. 274; am. & redesign. 2003, ch. 96, sec. 7, p. 291.]

41-4909. SOURCE OF TRUST FUND -- APPLICATION FEES -- APPLICATION FOR ENROLLMENT -- TRANSFER FEES. (1) Every owner or operator of an underground storage tank may, if he desires to apply to the trust fund to insure the underground tank, make application for and pay into the trust fund an initial application fee set by the administrator, but not to exceed twenty-five dollars (\$25.00) for each tank for which application for coverage is made.

(2) Every owner or operator of an aboveground storage tank may, if he desires to apply to the trust fund to insure the aboveground tank, make application for and pay into the trust fund an initial application fee set by the administrator, but not to exceed twenty-five dollars (\$25.00) for each tank for which application for coverage is made.

(3) Every owner or operator of a farm tank or residential tank may, if he desires to apply to the trust fund to insure the tank, make application for and pay into the trust fund an initial application fee set by the administra-

tor, but not to exceed twenty-five dollars (\$25.00) for each tank for which application for coverage is made.

(4) Every owner or operator of a heating tank may, if he desires to apply to the trust fund to insure the tank, make application for and pay into the trust fund an initial application fee set by the administrator, but not to exceed five dollars (\$5.00) for each tank for which application for coverage is made.

(5) The application for insurance shall be made to the administrator on forms furnished and prescribed by the administrator for the purpose of eliciting reasonably available information as to the type and use of the storage tank, the type of business enterprise of the tank owner or operator, the age of the storage tank, the materials used in the construction of the tank and the inside and outside protective coatings and other corrosion protective measures, leak detection methods, spill and overflow prevention methods of the tank, the location of the tank and its proximity to roads and buildings, the foundation and type of material used as a bedding and fill for the tank, any available inspection records of the tank including the gallons of petroleum products entered into the tank and the gallon dispersements from the tank, and other information that is reasonably prudent in order to obtain a sufficient body of statistical data to determine the relative hazards of various categories of tanks, the potential that future leaks or discharges may occur, and the conditions under which cleanup costs and personal injury and property damage costs may occur and vary in the severity of the release and the resultant costs to the trust fund.

(6) The administrator shall act upon the application for insurance with all reasonable promptness, and the administrator shall make such investigations of the applicant as the administrator deems advisable to determine if the information contained in the application for insurance is accurate and complete. The administrator shall determine if the applicant's storage tanks meet all the eligibility requirements and promptly notify the applicant of the acceptance or nonacceptance of the application for insurance. The absence of unknown data requested on the application shall not preclude an applicant's acceptance for coverage by the trust fund, if the applicant is otherwise eligible for insurance under this chapter.

(7) In addition to the application fees received by the trust fund pursuant to this section, the trust fund shall receive the revenue produced by the imposition of a "transfer fee" of one cent (1¢) per gallon on the delivery or storage of all petroleum products as defined in subsection (23) of section [41-4903](#), Idaho Code, delivered or stored within the state of Idaho. This transfer fee is hereby imposed upon the first licensed distributor who receives, as receipt is determined in section [63-2403](#), Idaho Code, a petroleum product within this state for the privilege of engaging in the delivery or storage of petroleum products whose delivery or storage may present the danger of a discharge into the environment and thus create the liability to be funded. The fee imposed by this subsection shall not apply to: (a) petroleum or petroleum products which are first delivered or stored in this state in a container of fifty-five (55) gallons or less if such container is intended to be transferred to the ultimate consumer of the petroleum or petroleum products; or (b) petroleum or petroleum products delivered or stored in this state for the purpose of packaging or repackaging into containers of fifty-five (55) gallons or less if such container is intended to be transferred to the ultimate consumer of the petroleum or petroleum products.

(8) The transfer fee shall be collected by the commission on all petroleum products delivered or stored within this state after April 1, 1990. This transfer fee shall be in addition to any excise tax imposed on motor fuel or other petroleum products and shall be remitted to the commission with the distributor's monthly report as required in section [63-2406](#), Idaho Code. The distributor may deduct from his monthly report those gallons of petroleum products returned to a licensed distributor's refinery or pipeline terminal storage or exported from the state when supported by proper documents approved by the commission. For the purpose of carrying out its duties under the provisions of this chapter, the commission shall have the powers and duties provided in sections [63-3038](#), [63-3039](#), [63-3042](#) through [63-3066](#), [63-3068](#), [63-3071](#), and [63-3074](#) through [63-3078](#), Idaho Code, which sections are incorporated by reference herein as though set out verbatim.

(9) No person shall be excused from liability for any duty or fee imposed in this chapter for failure to obtain a distributor's license.

(10) The director shall certify to the commission when the unencumbered balance in the trust fund equals thirty-five million dollars (\$35,000,000). Effective the first day of the second month following the date of such certification, the imposition of the transfer fee shall be suspended. Thereafter, the director shall certify to the commission when the unencumbered balance in the trust fund equals twenty-five million dollars (\$25,000,000). Effective the first day of the second month following the date of such certification, the imposition of the transfer fee shall be reinitiated.

41-4910. DISTRIBUTION OF APPLICATION FEES AND TRANSFER FEES. (1) The application fees and the transfer fees collected as provided in this chapter shall be promptly remitted to the state treasurer for deposit in the Idaho petroleum clean water trust fund. The transfer fees and accumulated interest which accrued to the fund prior to August 3, 1995, shall remain in the fund. The transfer fees and accumulated interest, which have been held in a separate suspense account since August 3, 1995, shall be distributed as provided in subsection (4) of this section. The transfer fees and accumulated interest which accrue to the Idaho petroleum clean water trust fund subsequent to April 1, 1997, shall be distributed monthly thereafter as provided in subsection (5) of this section.

(2) An amount of money equal to the actual cost of collecting, administering and enforcing the transfer fee by the commission, as determined by it, shall be retained by the commission. The amount retained by the commission shall not exceed the amount authorized to be expended by appropriation by the legislature. Any unencumbered balance in excess of the actual cost of collection, administering and enforcing the transfer fee requirements by the commission at the end of each fiscal year shall be remitted to the state treasurer for deposit into the Idaho petroleum clean water trust fund.

(3) From the receipts of the transfer fee, an amount of money shall be distributed to the state refund account established under section [63-3067](#), Idaho Code, sufficient to reimburse that account for all current refund claims under this chapter paid from that account. Any refunds due and owing from the commission under this chapter shall be paid from the state refund

account and those moneys are hereby continuously appropriated for that purpose.

(4) For the distribution on April 1, 1997, the balance of the transfer fees and accumulated interest accruing to the separate suspense account established for such fees on August 3, 1995, which remain after distributing the amounts specified in subsections (2) and (3) of this section, shall be distributed as follows:

(a) Twenty percent (20%) to the Idaho petroleum clean water trust fund established in section [41-4905](#), Idaho Code;

(2) Upon receipt of an annual application fee not exceeding twenty-five dollars (\$25.00) for each aboveground tank, underground tank, farm tank or residential tank, or not to exceed five dollars (\$5.00) for each heating tank covered by a contract of insurance, and upon receipt of evidence that the petroleum storage tanks continue to meet the eligibility provisions of this

The purposes of the examination shall be to determine compliance of the trust fund with applicable laws, the financial condition and actuarial adequacy of the trust fund, and other factors materially related to the trust fund's management and operation.

(2) The administrator shall make the books, records and accounts of the trust fund available to the examiner and otherwise facilitate the examination.

(3) The examiner shall conduct the examination expeditiously, make his report of the examination in writing, and deliver a copy thereof to the administrator and the director. The administrator shall have two (2) weeks after receipt of the report within which to recommend to the director such corrections or changes therein as the administrator may deem appropriate. After making such corrections or changes, if any, as he deems proper, the director shall file the report in his office as a document open to public inspection, and deliver to the administrator a copy of the report as so corrected or changed.

41-4934. PROHIBITED PECUNIARY INTERESTS IN PLAN MANAGEMENT. (1) Neither the administrator nor any other person having responsibility for the management of the trust fund or the investment or other handling of the trust fund moneys or assets shall:

(a) Receive directly or indirectly or be pecuniarily interested in any fee, commission, compensation or emolument, other than salary or other similar compensation regularly fixed and allowed for services regularly rendered to the trust fund, arising out of any transaction to which the trust fund is or is to be a party;

(b) Receive compensation as a consultant to the trust fund while also acting as a trustee or administrator, or as an employee of either;

(c) Have any direct or indirect material pecuniary interest in any loan or investment of the trust fund.

(2) The director may, after reasonable notice and a hearing, prohibit the administrator from employing or retaining or continuing to employ or retain any person in the administration of the trust fund upon finding that such employment or retention involves a conflict of interest not in the best interests of the trust fund or adversely affecting the interests of the owners or operators insured by the trust fund.

(3) Any conflict of interest or prohibited pecuniary interest involving the members of the board of trustees of the trust fund shall be governed solely by the conflict of interest provisions of the Idaho nonprofit corporation act as set forth in section [30-30-619](#), Idaho Code.

41-4935. POLITICAL CONTRIBUTIONS PROHIBITED. The administrator shall not make or knowingly permit the making, directly or indirectly, of any political contribution by or from the trust fund.

[(41-4935) 41-4938, added 1990, ch. 119, sec. 1, p. 286; am. & redesign. 2003, ch. 96, sec. 39, p. 305.]

41-4936. RECOVERY OF DEPLETED FUNDS. If after notice and hearing, the director finds that the trust fund has been depleted by reason of any wrongful or negligent act or omission of the board or any other person, he shall transmit a copy of his findings to the attorney general of this state, who may bring an action in the name of the people of this state, or intervene in any action brought by or on behalf of an insured owner or operator for the recovery of the amount of such depletion, for the benefit of the trust fund.

[(41-4936) 41-4939, added 1990, ch. 119, sec. 1, p. 286; am. 1991, ch. 59, sec. 25, p. 134; am. & redesig. 2003, ch. 96, sec. 40, p. 305.]

41-4937. IMPAIRED TRUST FUND. (1) If the assets of the trust fund are at any time insufficient to discharge its liabilities, and to maintain the required surplus, the administrator shall forthwith request authority from the director to make up the deficiency by borrowed surplus or other subordinated indebtedness.

(2) If the director finds that future estimated revenues from the transfer fees imposed under section [41-4909](#), Idaho Code, are not sufficient to justify any borrowed surplus funds or other subordinated indebtedness, then the director shall request the administrator to submit a plan of action whereby priority is given to the payment of cleanup costs of petroleum discharges that constitute a clear and present danger to persons or property, including discharges into underground or surface water that may seriously contaminate the water used for domestic and commercial use, agricultural products, livestock, fish, game and other wildlife. Consideration shall be given in this plan of action to establishing a claim payment priority based on the severity of the contamination, the possible endangerment of life and health including, but not limited to, possible toxic fumes, fire and explosion hazards, economic impact, population density, and the need for immediate cleanup action versus action that can be delayed with only minimal adverse effects. This plan of action shall also establish similar criteria for the prioritization of the payment of bodily injury and property damage claims.

(3) Upon receiving this plan of action, the director shall promptly hold a public hearing with appropriate notice to determine any possible adverse effects of the plan of action on the owners or operators of insured tanks, the claimants and potential claimants, and the environment. After giving due consideration to the testimony of those parties affected by the proposed plan of action, the director shall either approve or disapprove the plan in writing, stating the reasons therefor, so that a plan of action that does meet with the director's approval can be placed into effect with due diligence and dispatch.

(4) Upon receiving the director's approval of the plan of action, the administrator shall promptly commence the prioritization of claims and pay such valid and compensable claims according to this priority as funds become available from collection of the transfer fees.

[(41-4937) 41-4940, added 1990, ch. 119, sec. 1, p. 286; am. 1991, ch. 59, sec. 26, p. 134; am. & redesig. 2003, ch. 96, sec. 41, p. 305.]

41-4938. LIQUIDATION OF TRUST FUND. (1) The annual tank application fees and transfer fees are perpetually appropriated as dedicated funds for the purposes of this chapter, and the trust fund shall remain in existence as long as the need exists for the trust fund to insure the costs of corrective

actions and the need exists for the trust fund to insure the legal liability of petroleum tank owners and operators as provided in this chapter.

(2) In the event other more appropriate means come into existence to provide the insurance provided by the trust fund, then the trust fund shall be liquidated according to the provisions of this section.

(3) Liquidation shall be conducted by the board under a written plan of liquidation filed with and approved by the director. If the director finds the plan to be fair and equitable to all persons having a pecuniary interest in the trust fund, he shall approve it. Any balance remaining after payment or adequate provision for payment of all claims and charges against the trust fund has been made shall be disposed of in the manner provided for in the plan of liquidation. Unless under the plan of liquidation the liability for all unpaid claims and obligations of the trust fund has been assumed by another financially responsible person or persons, the existence of surplus funds for such disposition shall not be determined prior to the expiration of two (2) years after termination of the certificate of registration issued to the trust fund as provided in section [41-4930](#) (2), Idaho Code.

(4) After its approval by the director, the plan of liquidation for the trust fund shall be binding upon all persons pecuniarily interested in the trust fund. Pending the effectuation of the plan of liquidation the director may impose such prohibitions or restrictions upon disbursement or use of trust fund moneys as the director deems advisable for the protection of all interested persons.

(5) If the trust fund is then insolvent and a plan of liquidation thereof satisfactory to the director as being fair and equitable is not filed within sixty (60) days after the effective date of termination of the plan's registration, or if liquidation of a solvent trust fund is not being carried out in accordance with the plan of liquidation theretofore approved by the director, the director shall liquidate the trust fund under the applicable provisions of [chapter 33, title 41](#), Idaho Code, and for this purpose the trust fund shall be deemed to be an insolvent domestic insurer.

(6) If after all indebtedness and other obligations of the trust fund are discharged to the satisfaction of the director and the trust fund is dissolved, its remaining assets, if any, shall inure to the benefit of the state.

[(41-4938) 41-4941, added 1990, ch. 119, sec. 1, p. 287; am. 1991, ch. 59, sec. 27, p. 135; am. & redesign. 2003, ch. 96, sec. 42, p. 306.]

41-4939. VOUCHERS FOR EXPENDITURES. (1) The administrator of the trust fund shall not make any disbursement of twenty-five dollars (\$25.00) or more, unless evidenced by a voucher or other document correctly describing the consideration for the payment and supported by a check or receipt endorsed or signed by or on behalf of the person receiving the money.

(2) If the disbursement is for services and reimbursement, the voucher or other document, or some other writing referred to therein, shall describe the services and itemize the expenditures.

(3) If the disbursement is in connection with any matter pending before any legislature or public body or before any public official, the voucher or other document shall also correctly describe the nature of the matter and of the trust fund's interest therein.

[(41-4939) 41-4942, added 1990, ch. 119, sec. 1, p. 288; am. & redesign. 2003, ch. 96, sec. 43, p. 307.]

41-4940. BORROWED SURPLUS AND SUBORDINATED INDEBTEDNESS. (1) The trust fund may borrow money to defray the expenses of its organization, provide it with surplus funds, or for any purpose of its business, upon a written agreement that such money is required to be repaid only out of the trust fund's surplus in excess of the amount stipulated in such agreement. The agreement may provide for interest, which interest shall or shall not constitute a liability of the insurer as to its funds other than such excess or surplus, as stipulated in the agreement. No commission or promotion expense shall be paid in connection with any such loan.

(2) Money so borrowed, together with the interest thereon, if so stipulated in the agreement, shall not form a part of the fund's legal liabilities except as to its surplus in excess of the amount thereof stipulated in the agreement, or be the basis of any setoff, but until repaid, financial statements filed or published by the insurer shall show as a footnote thereto the amount thereof then unpaid together with any interest thereon accrued but unpaid.

(3) Any such loan shall be subject to the approval of the director. The trust fund shall, in advance of the loan, file with the director a statement of the purpose of the loan and a copy of the proposed loan agreement. The loan and agreement shall be deemed approved unless within fifteen (15) days after the date of such filing, the trust fund is notified of the director's disapproval and the reasons therefor. The director shall disapprove any proposed loan or agreement if he finds the loan is unnecessary or excessive for the purpose intended, or that the terms of the loan agreement are not fair and equitable to the parties, and to other similar lenders, if any, to the trust fund, or that the information so filed by the trust fund is inadequate.

(4) Any such loan to the trust fund or substantial portion thereof shall be repaid by the trust fund when no longer reasonably necessary for the purpose originally intended. No repayment of such a loan shall be made by the fund unless approved in advance by the director.

(5) In the event of liquidation, repayment of the balance of the borrowed funds and any accrued interest then due and owing shall be paid only out of assets remaining after the payment of all obligations and claims of owners or operators of petroleum tanks insured by the trust fund and general creditors.

(6) The provisions of this section shall not apply to loans obtained by the trust fund in ordinary course of business from banks and other financial institutions, nor to loans secured by pledge or mortgage of assets.

[(41-4940) 41-4943, added 1990, ch. 119, sec. 1, p. 288; am. 1991, ch. 59, sec. 28, p. 136; am. & redesign. 2003, ch. 96, sec. 44, p. 307.]

41-4941. PENALTIES. (1) Any person who willfully violates or causes or induces a violation of any provision of this chapter or any lawful rule of the director issued thereunder, shall be subject to penalty as provided in subsection (4) of this section.

(2) Any person who makes a false statement or representation of a material fact, knowing it to be false, or who knowingly fails to disclose a material fact in any application, examination, or statement required under this act or by lawful rule of the director thereunder, shall be subject to penalty as provided in subsection (4) of this section.

(3) Any person who makes a false entry in any book, record, statement, or report required in this chapter or lawful rule of the director thereunder to be kept by him, with intent to injure or defraud the trust fund or any

member thereof, or to deceive anyone authorized or entitled to examine the affairs of the trust fund, shall be subject to penalty as provided in subsection (4) of this section.

(4) For each such violation, act or omission referred to in this section, unless greater penalty is provided therefor under any other applicable law, the offender shall upon conviction thereof be subject to a fine of not more than one thousand dollars (\$1,000) and to imprisonment for not more than one (1) year, or to both such fine and imprisonment.

[(41-4941) 41-4944, added 1990, ch. 119, sec. 1, p. 289; am. & redesign. 2003, ch. 96, sec. 45, p. 308.]

(2) Such rules, or any amendment thereof, shall be made by the director only after a public hearing thereon of which the director has given written notice not less than thirty (30) days in advance to the board of the trust fund then registered with him. If reasonably possible the director shall include with the notice a copy of the proposed rules or amendment, or a condensed summary of material proposed provisions.

(3) All procedures and policies concerning the promulgation of such rules, or any amendment thereof, are subject to the provisions of [chapter 52, title 67](#), Idaho Code, and the rules of practice and procedure of the department of insurance.

[(41-4942) 41-4945, added 1990, ch. 119, sec. 1, p. 289; am. & redesign. 2003, ch. 96, sec. 46, p. 309.]
