(b) Such other items, if any, as the RBC instructions may provide.

41-5402. RBC REPORTS. (1) Every domestic insurer shall, on or prior to each March 1 (the "filing date"), prepare and submit to the director a report of its RBC levels as of the end of the calendar year just ended, in a form and containing such information as is required by the RBC instructions. In addition, every domestic insurer shall file its RBC report:
(a) With the NAIC in accordance with the RBC instructions; and
(b) With the insurance director in any state in which the insurer is authorized to do business, if the insurance director has notified the insurer of its request in writing, in which case the insurer shall file its RBC report not later than the later of:
   (i) Fifteen (15) days from the receipt of notice to file its RBC report with that state; or
   (ii) The filing date.

(2) A life and health insurer's or fraternal benefit society's RBC shall be determined in accordance with the formula set forth in the RBC instructions. The formula shall take into account, and may adjust for the covariance between, the following factors determined in each case by applying the factors in the manner set forth in the RBC instructions:
(a) The risk with respect to the insurer's assets;
(b) The risk of adverse insurance experience with respect to the insurer's liabilities and obligations;

(d) All other business risks and such other relevant risks as are set forth in the RBC instructions.

(3) A property and casualty insurer's or health organization's RBC shall be determined in accordance with the formula set forth in the RBC instructions. (b) Credit risk;
(c) Underwriting risk; and
(d) All other business risks and such other relevant risks as are set forth in the RBC instructions.

(4) An excess of capital over the amount produced by the risk-based capital requirements contained in this chapter and the formulas, schedules and instructions referenced in this chapter is desirable in the business of insurance. Accordingly, insurers should seek to maintain capital above the
RBC levels required by this chapter. Additional capital is used and useful in the insurance business and helps to secure an insurer against various risks inherent in, or affecting, the business of insurance and not accounted for or only partially measured by the risk-based capital requirements contained in this chapter.

(5) If a domestic insurer files an RBC report which in the judgment of the director is inaccurate, then the director shall adjust the RBC report to correct the inaccuracy and shall notify the insurer of the adjustment. The notice shall contain a statement of the reason for the adjustment. An RBC report as so adjusted is referred to as an "adjusted RBC report."

(iii) If a property or casualty insurer, health organization or health insurer that completes the health annual statement for the reporting year, the insurer has total adjusted capital which is greater than or equal to its company action level RBC but less than the product of its authorized control level RBC and 3.0 and triggers the trend test determined in accordance with the trend test calculation included in the property and casualty or health RBC instructions;

(b) The notification by the director to the insurer of an adjusted RBC report that indicates an event in paragraph (a) of this subsection, provided the insurer does not challenge the adjusted RBC report under section 41-5407, Idaho Code; or

(a) Identify the conditions which contribute to the company action level event;

(b) Contain proposals of corrective actions which the insurer intends to take and would be expected to result in the elimination of the company action level event;

(c) Provide projections of the insurer's financial results in the current year and at least the four (4) succeeding years, and for managed care organizations and health organizations for at least the two (2) succeeding years, both in the absence of proposed corrective actions and giving effect to the proposed corrective actions, including
projections of statutory operating income, net income, capital and surplus. The projections for both new and renewal business might include separate projections for each major line of business and separately identify each significant income, expense and benefit component;

(d) Identify the key assumptions impacting the insurer's projections and the sensitivity of the projections to the assumptions; and

(4) Within sixty (60) days after the submission by an insurer of an RBC plan to the director, the director shall notify the insurer whether the RBC plan shall be implemented or is, in the judgment of the director, unsatisfactory. If the director determines the RBC plan is unsatisfactory, the notification to the insurer shall set forth the reasons for the determination, and may set forth proposed revisions which will render the RBC plan satisfactory, in the judgment of the director. Upon notification from the director, the insurer shall prepare a revised RBC plan, which may incorporate by reference any revisions proposed by the director, and shall submit the revised RBC plan to the director:

(a) Within forty-five (45) days after the notification from the director; or

(b) If the insurer challenges the notification from the director under section 41-5407, Idaho Code, within forty-five (45) days after a notification to the insurer that the director has, after a hearing, rejected the insurer's challenge.

(6) Every domestic insurer that files an RBC plan or revised RBC plan with the director shall file a copy of the RBC plan or revised RBC plan with the insurance director in any state in which the insurer is authorized to do business if:

(a) Such state has an RBC provision substantially similar to section 41-5408(1), Idaho Code; and

(i) Fifteen (15) days after the receipt of notice to file a copy of its RBC plan or revised RBC plan with the state; or

(ii) The date on which the RBC plan or revised RBC plan is filed under subsections (3) and (4) of this section.

41-5404. REGULATORY ACTION LEVEL EVENT. (1) "Regulatory action level event" means, with respect to any insurer, any of the following events:
   (a) The filing of an RBC report by the insurer which indicates that the insurer's total adjusted capital is greater than or equal to its authorized control level RBC but less than its regulatory action level RBC;

      (i) The RBC plan or revised RBC plan submitted by the insurer is, in the judgment of the director, unsatisfactory; and

   (h) Notification by the director to the insurer that the insurer has failed to adhere to its RBC plan or revised RBC plan, but only if such failure has a substantial adverse effect on the ability of the insurer to eliminate the company action level event in accordance with its RBC plan or revised RBC plan and the director has so stated in the notification, provided the insurer has not challenged the determination under section 41-5407, Idaho Code; or
   (i) If, pursuant to section 41-5407, Idaho Code, the insurer challenges a determination by the director under paragraph (h) of this subsection, the notification by the director to the insurer that the director has, after a hearing, rejected the challenge.
(2) In the event of a regulatory action level event the director shall:
   (a) Require the insurer to prepare and submit an RBC plan or, if applicable, a revised RBC plan;
   (b) Perform such examination or analysis as the director deems necessary of the assets, liabilities and operations of the insurer including a review of its RBC plan or revised RBC plan; and
   (c) Subsequent to the examination or analysis, issue an order specifying such corrective actions as the director shall determine are required (a "corrective order").
(3) In determining corrective actions, the director may take into account such factors as are deemed relevant with respect to the insurer based upon the director's examination or analysis of the assets, liabilities and operations of the insurer, including, but not limited to, the results of any
sensitivity tests undertaken pursuant to the RBC instructions. The RBC plan or revised RBC plan shall be submitted:

(a) Within forty-five (45) days after the occurrence of the regulatory action level event;

The fees, costs and expenses relating to consultants shall be borne by the affected insurer or such other party as directed by the director.

(2) In the event of an authorized control level event with respect to an insurer, the director shall:

(a) Take such actions as are required under section 41-5404, Idaho Code, regarding an insurer with respect to which a regulatory action level event has occurred; or
(b) If the director deems it to be in the best interests of the policyholders and creditors of the insurer and of the public, take such actions as are necessary to cause the insurer to be placed under regulatory control pursuant to chapter 33, title 41, Idaho Code. In the
event the director takes such actions, the authorized control level event shall be deemed sufficient grounds for the director to take action pursuant to chapter 33, title 41, Idaho Code, and the director shall have the rights, powers and duties with respect to the insurer as are set forth in chapter 33, title 41, Idaho Code. In the event the director takes actions under this paragraph pursuant to an adjusted RBC report, the insurer shall be entitled to such protections as are afforded to insurers under the provisions of section 41-3309, Idaho Code, pertaining to summary proceedings.

[41-5406, added 1996, ch. 96, sec. 1, p. 289; am. 2014, ch. 319, sec. 4, p. 788.]

41-5407. HEARINGS. Upon any of the following the insurer shall have the right to a confidential departmental hearing, on a record, at which the insurer may challenge any determination or action by the director. (2) Notification to an insurer by the director that:
   (a) The insurer's RBC plan or revised RBC plan is unsatisfactory; and
   (b) Such notification constitutes a regulatory action level event with respect to such insurer; or

(3) Notification to any insurer by the director that the insurer has failed to adhere to its RBC plan or revised RBC plan and that such failure has a substantial adverse effect on the ability of the insurer to eliminate the company action level event with respect to the insurer in accordance with its RBC plan or revised RBC plan; or

(4) Notification to an insurer by the director of a corrective order with respect to the insurer.

[41-5407, added 1996, ch. 96, sec. 1, p. 290.]

41-5408. CONFIDENTIALITY -- PROHIBITION ON ANNOUNCEMENTS, PROHIBITION ON USE IN RATEMAKING. (1) All RBC reports, to the extent the information therein is not required to be set forth in a publicly available annual statement schedule, and RBC plans, including the results or report of any examination or analysis of an insurer performed pursuant hereto and any corrective order issued by the director pursuant to examination or analysis, with respect to any domestic insurer or foreign insurer which are filed with the director, constitute information that might be damaging to the insurer if made available to its competitors, and therefore shall be kept confidential by the director and shall be considered privileged. Notwithstanding the provisions of chapter 1, title 74, Idaho Code, this information shall not be made public or be subject to subpoena and shall not be subject to discovery or admissible in evidence in any private civil action. However, the director is authorized to use the documents, materials or other information in the furtherance of any regulatory or legal action brought as a part of the director's official duties.

(2) Neither the director nor any person who received documents, materials or other information while acting under the authority of the director shall be permitted or required to testify in any private civil action concerning any confidential documents, materials or information obtained or provided pursuant to subsection (1) of this section.
(3) In order to assist in the performance of his duties under this chapter, the director may:
   (a) Share documents, materials or other information, including the confidential and privileged documents, materials or information subject to subsection (1) of this section, with other states, federal and international regulatory agencies, with the NAIC and its affiliates and subsidiaries and with state, federal and international law enforcement authorities, provided that the recipient agrees to maintain the confidentiality and privileged status of the document, material or other information;
   (b) Receive documents, materials or information, including otherwise confidential and privileged documents, materials or information, from the NAIC and its affiliates and subsidiaries and from regulatory and law enforcement officials of other foreign or domestic jurisdictions and shall maintain as confidential or privileged any document, material or information received with notice of or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material or information; and
   (c) Enter into agreements governing the sharing and use of information consistent with the provisions of this subsection.

(4) No waiver of any applicable privilege or claim of confidentiality in the documents, materials or information referenced in this section shall occur as a result of disclosure to the director under this section or as a result of sharing as authorized in subsection (3) of this section.

(5) It is the judgment of the legislature that the comparison of an insurer's total adjusted capital to any of its RBC levels is a regulatory tool which may indicate the need for possible corrective action with respect to the insurer, and is not intended as a means to rank insurers generally. Therefore, except as otherwise required under the provisions of this chapter, the making, publishing, disseminating, circulating or placing before the public, or causing, directly or indirectly, to be made, published, disseminated, circulated or placed before the public in a newspaper, magazine or other publication, or in the form of a notice, circular, pamphlet, letter or poster, or over any radio or television station, or in any other way, an advertisement, announcement or statement containing an assertion, representation or statement with regard to the RBC levels of any insurer, or of any component derived in the calculation, by any insurer, agent, broker or other person engaged in any manner in the insurance business would be misleading and is therefore prohibited; provided however, that if any materially false statement with respect to the comparison regarding an insurer's total adjusted capital to its RBC levels, or any of them, or an inappropriate comparison of any other amount to the insurers' RBC levels is published in any written publication and the insurer is able to demonstrate to the director with substantial proof the falsity of such statement, or the inappropriateness, as the case may be, then the insurer may publish an announcement in a written publication if the sole purpose of the announcement is to rebut the materially false statement.

(6) It is the further judgment of the legislature that the RBC instructions, RBC reports, adjusted RBC reports, RBC plans and revised RBC plans are intended solely for use by the director in monitoring the solvency of insurers and the need for possible corrective action with respect to insurers and shall not be used by the director for ratemaking nor considered or introduced as evidence in any rate proceeding nor used by the director to calculate or
derive any elements of an appropriate premium level or rate of return for any line of insurance which an insurer or any affiliate is authorized to write.

41-5409. SUPPLEMENTAL PROVISIONS -- RULES -- EXEMPTION. (1) The provisions of this chapter are supplemental to any other provisions of the laws of this state, and shall not preclude or limit any other powers or duties of the director under such laws, including, but not limited to, chapter 33, title 41, Idaho Code, and rules adopted by the department of insurance relating to the director's authority for companies deemed to be in hazardous financial condition.

(2) The director may adopt reasonable rules necessary for the implementation of this chapter in accordance with the provisions of chapter 52, title 67, Idaho Code.

(3) Upon written application, the director may exempt from compliance with this chapter, for a specified period or periods, any domestic property and casualty insurer, domestic managed care organization or domestic health organization which:

(a) Writes direct business only in this state; and
(b) Writes direct annual premiums of two million dollars ($2,000,000) or less; and
(c) Assumes no reinsurance in excess of five percent (5%) of direct premium written; or
(d) Is a managed care organization offering only a limited managed care plan, a hospital service corporation or a professional service corporation that covers less than two thousand (2,000) lives.

[41-5409, added 1996, ch. 96, sec. 1, p. 292; am. 2014, ch. 319, sec. 6, p. 791.]

(a) The date an RBC report would be required to be filed by a domestic insurer under this chapter; or
(b) Fifteen (15) days after the request is received by the foreign insurer.

Any foreign insurer shall, at the written request of the director, promptly submit to the director a copy of any RBC plan that is filed with the insurance director of any other state.

(2) In the event of a company action level event, regulatory action level event or authorized control level event with respect to any foreign insurer as determined under the RBC statute applicable in the state of domicile of the insurer (or, if no RBC statute is in force in that state, under the provisions of this chapter), if the insurance director of the state of domicile of the foreign insurer fails to require the foreign insurer to file an RBC plan in the manner specified under that state's RBC statute (or, if no RBC statute is in force in that state, under section 41-5403, Idaho Code), the director may require the foreign insurer to file an RBC plan with the director. In such event, the failure of the foreign insurer to file an RBC plan with the director shall be grounds to order the insurer to cease and desist from writing new insurance business in this state.
(3) In the event of a mandatory control level event with respect to any foreign insurer, if no domiciliary receiver has been appointed with respect to the foreign insurer under the rehabilitation and liquidation statute applicable in the state of domicile of the foreign insurer, the director may make application to the district court for Ada county, state of Idaho, as permitted under chapter 33, title 41, Idaho Code, with respect to the liquidation of property of foreign insurers found in this state, and the occurrence of the mandatory control level event shall be considered adequate grounds for the application.

[41-5410, added 1996, ch. 96, sec. 1, p. 292.]

41-5411. IMMUNITY. There shall be no liability on the part of, and no cause of action shall arise against, the director or the insurance department or its employees or agents for any action taken by them in the performance of their powers and duties under this chapter.

[41-5411, added 1996, ch. 96, sec. 1, p. 293.]

41-5412. NOTICES. All notices by the director to an insurer which may result in regulatory action hereunder shall be effective upon dispatch if transmitted by registered or certified mail, or in the case of any other transmission shall be effective upon the insurer's receipt of such notice.

[41-5412, added 1996, ch. 96, sec. 1, p. 293.]

41-5413. SEVERABILITY. The provisions of this act are hereby declared to be severable and if any provision of this act or the application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of the remaining portions of this act.

[41-5413, added 1996, ch. 96, sec. 1, p. 293.]
