(2) The department of parks and recreation shall develop, with the guidance and approval of the peace officers standards and training academy, an appropriate training course for employees applicable to issuing citations as authorized and delegated in this section. [67-4239, added 2000, ch. 357, sec. 1, p. 1192; am. 2003, ch. 128, sec. 1, p. 379.]

67-4240. LEGISLATIVE INTENT. The legislature finds that in order to obtain the maximum long-term benefits to the people of Idaho, it is necessary for lands of outstanding park and recreation potential to be acquired and incorporated into the state park system in the most economical manner possible.

The legislature further recognizes that the land assets of the department must be reviewed from time to time to determine whether such assets are most suitable for achieving the department's objectives. If such assets are unsatisfactory for the purpose of providing outstanding park and recreation opportunities or because of geographic location or other factors are inefficient to manage, then such assets should be replaced by other, more suitable assets so that the full potential of the state park system shall be realized.

The purpose of this chapter is to provide a means to facilitate the disposition, by the parks and recreation board, of unsuitable park and recreation lands, and the acquisition of lands to improve the overall park and recreation opportunities offered by the state park system.

[67-4240, added 1989, ch. 386, sec. 1, p. 962.]

67-4241. PARK LAND TRUST -- CREATED -- ACQUISITION OF PROPERTY AUTHORIZED. The parks and recreation board may, by gift, purchase, agreement, device, donation, or otherwise, acquire property to be held by the department in a park land trust. The department may place any lands under its jurisdiction, where not prevented by deed or other restriction, in the park land trust.

[67-4241, added 1989, ch. 386, sec. 2, p. 962.]

67-4242. EXCHANGE OR SALE OF PROPERTY HELD IN PARK LAND TRUST. The parks and recreation board may:

(1) Exchange property held in the park land trust for any lands of equal value which it administers, provided such exchange is not prohibited by title restrictions on such lands;

(2) Exchange property held in the park land trust for property of equal or greater value which is owned publicly or privately and which has greater potential for park and recreation purposes, property which could be more efficiently managed by the department, or property which could be traded for other lands with high park and recreation potential. No power of eminent domain is hereby granted to the department;

(3) Sell property held in the park land trust as provided in section [67-4227](#), Idaho Code, at a price not less than its appraised value, and use the proceeds from such sale to acquire property for the park land trust which has substantial potential for park and recreation purposes, which can be efficiently managed by the department, or which can be traded for other lands with high park and recreation potential.

[67-4242, added 1989, ch. 386, sec. 3, p. 962.]

67-4243. CONTROL, MANAGEMENT, AND ADMINISTRATION OF PROPERTY HELD IN PARK LAND TRUST. The department of parks and recreation shall control, manage, and administer the property held in the park land trust as provided in [chapter 42, title 67](#), Idaho Code. The department of parks and recreation shall, on all lands that were subject to ad valorem taxes on the day prior to the date of acquisition by the park land trust, consult with the county commissioners to determine impact of the acquisition and consider an in lieu of fee as if the lands had continued to be subject to ad valorem taxes.

[67-4243, added 1989, ch. 386, sec. 4, p. 963.]

67-4244. APPROPRIATION -- USE OF INCOME. The legislature may authorize an appropriation of moneys in the park lands account, which is hereby created in the agency asset fund of the state treasurer, for the purposes of this chapter. Income from the sale or management of property in the park land trust shall be returned as a recovered expense to the park land account and may be used to acquire property under section [67-4224](#), Idaho Code. All interest earned on idle moneys in the park land account shall accrue to that account.

[67-4244, added 1989, ch. 386, sec. 5, p. 963.]

67-4245. SHORT TITLE. This act shall be known as the "State Trust for Outdoor Recreation Enhancement (STORE) Act."

[67-4245, added 1995, ch. 332, sec. 1, p. 1104.]

67-4246. LEGISLATIVE INTENT. The legislature finds that outdoor recreation is a primary force in providing important social, personal, resource, and economic benefits to the people of Idaho. The legislature further recognizes that in order to obtain the optimum benefit to the people of Idaho, it is necessary to create a reliable source of revenues which will provide funding for capital improvements, repairs, renovations, land acquisition and a recreation incentive program which will enhance Idaho's local and state park and outdoor recreation opportunities and which will provide alternative activities (to crime or delinquency) for youth and young adults in cooperation with Idaho's education and law enforcement agencies. The purpose of this act is to establish a trust fund that will generate sufficient revenue to provide stable funding to address Idaho's outdoor recreation needs.

[67-4246, added 1995, ch. 332, sec. 1, p. 1104.]

67-4247. STATE TRUST FUND FOR OUTDOOR RECREATION ENHANCEMENT -- CREATION, ADMINISTRATION, ELIGIBLE RECIPIENTS. (1) There is hereby created and established in the state treasury a fund to be known and designated as the "state trust for outdoor recreation enhancement (STORE)." The park and recreation board may dedicate funds acquired by gift, agreement, donation, appropriation or otherwise to the STORE fund.

(2) Commencing with the passage and approval of this act, all interest income from the STORE fund is hereby appropriated to, and is to be administered by, the park and recreation board for the purpose of carrying out the provisions of this act.

(a) Up to fifteen percent (15%) of the STORE fund interest income appropriated to the department each year may be used by the department to defray STORE program administrative costs. Any moneys unused at the end of the fiscal year shall be returned to the state treasurer for deposit in the STORE fund.

(b) The park and recreation board may return interest income to the STORE fund to increase the trust principal.

(3) The department shall use the moneys appropriated from the interest income on the STORE fund to:

(a) Operate a grant program to fund capital improvements, repairs, renovations, and land acquisitions that enhance opportunities for outdoor recreation. Indoor swimming pools and indoor ice rinks shall be eligible to receive grant funding provided use is primarily for public recreation. Grant recipients shall be required to provide a fifty percent (50%) match for all grants.

(b) Organize and operate a recreation incentive program to initiate positive growth activities for children and young adults and which will assist rural communities to meet the growing demand for recreation services.

(4) The state of Idaho and any of its subdivisions legally authorized to provide public recreation facilities may apply for and receive grant funds.

(5) Because public, private, and corporate moneys will be contributed to the STORE fund, it is the intent of the legislature to protect the STORE

fund against appropriations for purposes other than those stated in this act.

[67-4247, added 1995, ch. 332, sec. 1, p. 1104; am. 1996, ch. 61, sec. 1, p. 178.]

67-4248. MANAGEMENT OF FUNDED PROJECTS AND LANDS. (1) Grant recipients must enter into a contract with the park and recreation board which specifies that all property acquired, developed, repaired, renovated or improved with grant funds from the STORE shall be held in perpetuity for outdoor recreation by the grant recipient.

(a) Upon approval from the park and recreation board, trails acquired, developed, repaired, renovated or improved through STORE grant funds may be exempted from this requirement.

(b) Property acquired, developed, repaired, renovated or improved with STORE grant funds, and all recreation incentive programs funded by moneys from the STORE, shall be operated and maintained as being open and available for public use.

(2) Upon approval from the park and recreation board, property acquired, developed, renovated or improved through STORE may be converted to non-recreation purposes when, in the board's opinion, all practical alternatives to the conversion have been evaluated and rejected on a sound basis, there is not irreparable damage caused to the state's recreation infrastructure as a result of the proposed action, the grant recipient has provided for ample public involvement in the conversion, and the recreation utility lost is mitigated by the grant recipient.

(a) Conversions generally occur when property interests are conveyed for nonpublic outdoor recreation use, nonoutdoor recreation uses (public or private) are made of the project area or a portion thereof, noneligible outdoor recreation facilities are developed within the project area, or public outdoor recreation use is terminated.

(b) The following are not considered conversions but require the approval of the park and recreation board: (i) granting underground utility easements which do not have significant impact upon the recreation utility of the facility; and (ii) constructing public indoor recreation facilities where it can be demonstrated that there is an increased benefit to public recreational opportunities without a decrease in the outdoor recreation utility of the STORE assisted area.

(c) The project sponsor may mitigate the conversion by replacing the loss of recreation utility caused by the conversion or by reimbursing the STORE the fair market value of converted property as developed. The reimbursement shall be returned to the STORE fund for redistribution.

(d) Recreation utility shall be established by the fair market value of the property to be converted, the type and amount of use occurring on the property, equivalent usefulness and location of converted property and other factors the park and recreation board may consider relevant and may be mitigated by placing land previously not in recreation use into recreation use or by improving recreation opportunities on previously developed land commensurate to the loss of recreation utility caused by the conversion.

(3) The department may, by rule, impose a fee to defray the department's cost of administration and management of this replacement process.

[67-4248, added 1995, ch. 332, sec. 1, p. 1105.]

67-4249. RULES. The Idaho park and recreation board shall adopt rules as necessary to administer the provisions of this act in accordance with legislative intent.

[67-4249, added 1995, ch. 332, sec. 1, p. 1106.]
