72-1441. DATE OF PAYMENT. All claims for benefits originating under Option II from and after October 1, 1979 shall be payable as provided in section 72-1434 through section 72-1451, Idaho Code. All claims for benefits being paid or originating prior to October 1, 1979 shall be payable as provided in section 72-1447, Idaho Code, so long as such claims or benefits are entitled to be paid, as that section existed prior to July 1, 1976; provided, however,

that any firefighter incapacitated in the performance of duty prior to the effective date of any claims under this chapter shall be entitled to benefits under Option II, if said firefighter and his or her employer have been contributing the required contributions under sections 72-1431 and 72-1432, Idaho Code.

72-1442. PENSION PAYMENT -- MAXIMUM. (1) No paid firefighter, retiring under the provisions of chapter 14, title 72, Idaho Code, shall receive more than one hundred percent (100%) of the firefighter's average compensation for the three (3) consecutive years which produce the greatest aggregate compensation, which said monthly sum shall vary annually according to the determination of the "cost of living adjustment" as set forth in section 72-1471, Idaho Code.

(2) As the amount, terms and conditions of benefits under this chapter may be revised from time to time, the application of such revisions shall be prospective only and not retrospective or retroactive unless otherwise provided by law.

72-1443. ACCRUED PENSION PAYMENT -- FIREFIGHTERS DISCONTINUING SERVICE PRIOR TO VOLUNTARY RETIREMENT. A paid firefighter, irrespective of date of hire, who has at least five (5) years of continuous service as defined in section 72-1403, subsections (E) and (H), Idaho Code, and who discontinues service with the city or fire district prior to meeting voluntary retirement or disability requirements, and who has not withdrawn his contributions as provided in section 72-1445 [72-1444], Idaho Code, shall be eligible, only after reaching sixty (60) years of age, to receive a monthly service retirement benefit equal to two percent (2%) of his average monthly salary, as defined in section 72-1431, Idaho Code, for each year of credited service, adjusted by the cost of living adjustment as provided under section 72-1471, Idaho Code.

[(72-1443) 1978, ch. 331, sec. 6, p. 855; am. 1980, ch. 50, sec. 31, p. 95; 1990, am. and redesignated, ch. 231, sec. 93, p. 656.]

72-1444. REFUND TO FIREFIGHTER TERMINATING EMPLOYMENT -- REPAYMENT ON REEMPLOYMENT -- CONVERSION OF CONTRIBUTIONS -- PURCHASE OF SERVICE CREDITS. (1) If the employment of a paid firefighter, irrespective of date of hire, as defined in this chapter, is terminated for any reason prior to the completion of twenty (20) years of service, and he cannot qualify for benefits under any other provision of this chapter, he shall be entitled to receive at the time of said termination one hundred percent (100%) of his accumulated contributions. If such firefighter is subsequently reemployed as a paid firefighter with duties which involve or are incidental to firefighting, he may reinstate his previous credited service by repaying to the retirement fund the full amount of his accumulated contributions provided such repayment includes payment of interest as determined by the board.

(2) In lieu of withdrawing his accumulated contributions as provided in subsection (1) of this section, a paid firefighter may elect to convert his accumulated contributions to an equivalent benefit entitlement under the provisions of chapter 13, title 59, Idaho Code, as if such contributions had been made by the firefighter at the contribution rate of a paid firefighter under the provisions of chapter 13, title 59, Idaho Code; this conversion will normally result in a higher "years of service" factor than the firefighter actually served under the provisions of chapter 14, title 72, Idaho Code. It is legislative intent that this is precisely the effect to be achieved.

(3) No paid firefighter may elect to proceed under the provisions of subsection (2) until he has been personally interviewed and advised by the director of the public employee retirement system, or his designee, on the choices available. The firefighter may be accompanied during such interview by any person of his choice.

(4) Paid firefighters who did not participate as a member of the system between January 1, 1978, and December 31, 1981, because of termination from employment due to reductions in work force may purchase service credits for all or part of that period. The cost of such service credit shall be the full actuarial cost as determined by the board and shall be paid in full prior to the effective date of retirement. The employer may elect, but is not required, to participate in purchasing service credit under this section. In no event shall the retirement system be liable for payment of any such costs. Terminations from employment due to a reduction in work force are limited to terminations that resulted from the elimination of a position due to budgetary constraints.

72-1445. PENSION PAYMENT -- RETIREMENT OF FIREFIGHTER INCAPACITATED IN THE PERFORMANCE OF DUTY. (1) Any paid firefighter incapacitated by injury in the performance of duty, or by illness attributable wholly or partially to service as a paid firefighter, shall be retired so long as such disability shall continue in a degree which prevents efficient service, limited to a maximum of two (2) years, and during such disability shall be paid from the public employee retirement account the monthly retirement sum to which he would be entitled if he elected to retire, but in no event less than a monthly sum equal to: (a) sixty-five per cent (65%) of the average paid firefighter's salary or wage in this state if the incapacitated firefighter is an Option I firefighter; or, (b) sixty-five per cent (65%) of the said firefighter's average monthly salary or wage, based on his average final compensation, if the incapacitated firefighter is an Option II firefighter. The monthly sum shall vary annually according to the cost of living adjustment as set forth in section 72-1471, Idaho Code.

Upon application of a firefighter or his or her department head for a service disability retirement, and prior to said retirement, a medical examination of said firefighter shall be given by a medical committee consisting of a physician named by the public employee retirement system board, a physician named by the firefighter claiming benefits, and a third physician designated by the first two (2) physicians so named. If the medical committee, by a majority opinion certifies in writing, that: (1) the firefighter

is physically incapacitated for the efficient performance of the duties as a paid firefighter, as defined under the provisions of subsection (G), section 72-1403, Idaho Code, in the service of the city or fire district, (2) such incapacity is likely to be permanent, (3) the member should be retired, and (4) there is medical evidence of probative value including reports of clinical findings (such as the individual's medical history, physical status examinations), laboratory findings, diagnosis and treatment prescribed and response to such treatment, the public employee retirement system board may approve such application for retirement as provided herein.

If the disabled firefighter is still retired at the conclusion of the two (2) year period, the public employee retirement system board shall determine whether the disability renders the disabled firefighter totally incapacitated. "Totally incapacitated" as used in this section means the inability to perform work in any remunerative employment. It is not necessary for a person to be absolutely helpless or entirely unable to do anything worthy of compensation to be considered totally incapacitated. If the person is so incapacitated that substantially all the avenues of gainful employment are reasonably closed to him, his condition is within the meaning of "totally incapacitated." In evaluating whether a person is totally incapacitated, the medical factor of permanent impairment and nonmedical factors such as age, sex, education, economic and social environment, and training and usable skills shall be considered. If the disabled firefighter is totally incapacitated, then payments shall continue at the rate prescribed in this section during the period of total incapacity. A medical committee may be summoned to determine total incapacity as provided above.

(2) If the disabled firefighter is less than totally incapacitated at the end of the two (2) year period, but has a disability which reduces his presumed ability to engage in gainful activity, payments shall be made to the disabled firefighter during the period of his disability as hereinafter provided. The board shall determine the percentage of disability suffered by the disabled firefighter as compared to the whole man. A medical committee, comprised as prescribed in this section, may be summoned to determine the percentage of disability suffered by the disabled firefighter. The disabled firefighter shall receive a disability benefit equal to the percentage that his disability bears to a totally incapacitated person.

(3) The public employee retirement system board shall provide and maintain disability benefits for all paid firefighters. Their benefits shall be as follows:

(a) For those paid firefighters who were hired for the first time between October 1, 1980, and July 1, 1993, the benefits provided shall be at least equal to those provided to an Option II firefighter. The benefits shall be maintained only until a paid firefighter is eligible for disability retirement under the provisions of chapter 13, title 59, Idaho Code. The costs for such benefits shall be paid from the appropriation made in section 59-1394(1) (b), Idaho Code.

(b) For those paid firefighters hired after July 1, 1993, the benefits and eligibility therefor shall be as provided in chapter 13, title 59, Idaho Code.

72-1446. PENSION PAYMENT -- RETIREMENT OF INCAPACITATED FIREFIGHTERS FOR NONSERVICE. (1) Any paid firefighter with not less than five (5) years' active service as defined in subsection (H) of section 72-1403, Idaho Code, as a paid firefighter who shall become totally incapacitated by reason of a personal injury or disease occurring as the result of causes arising outside the course of his employment by the city or fire district, shall, so long as he remains totally incapacitated be paid a monthly sum equal to: (a) two per cent (2%) of the average paid firefighter's salary or wage, as defined in section 72-1431, Idaho Code, in this state for each year's active service, if the incapacitated firefighter is an Option I firefighter; or, (b) a monthly sum equal to two per cent (2%) of the said firefighter's average monthly salary or wage, as defined in section 72-1431, Idaho Code, for each year's active service based on his average final compensation, as defined in section 72-1404, Idaho Code, if the incapacitated firefighter is an Option II firefighter. "Totally incapacitated" as used in this section means the inability to perform work in any remunerative employment. It is not necessary for a person to be absolutely helpless or entirely unable to do anything worthy of compensation to be considered totally incapacitated. If the person is so incapacitated that substantially all the avenues of gainful employment are reasonably closed to him, his condition is within the meaning of "totally incapacitated." In evaluating whether a person is totally incapacitated, the medical factor of permanent impairment and nonmedical factors such as age, sex, education, economic and social environment, and training and usable skills shall be considered.

(2) In the event said firefighter has twenty-one (21) or more years' service, and has otherwise met the requirements of section 72-1435, Idaho Code, if applicable, the monthly sum shall be the same amount as would be payable in the case of voluntary retirement.

(3) The monthly benefits provided for in this section shall vary annually according to the cost of living adjustment as set forth in section 72-1471, Idaho Code.

(4) Upon application of a firefighter or his or her department head for a nonservice disability retirement, and prior to said retirement, a medical examination of said firefighter shall be given by a medical committee, consisting of a physician named by the public employee retirement system board, a physician named by the firefighter claiming benefits, and a third physician designated by the first two (2) physicians so named. If the medical committee, by a majority opinion certifies in writing, that the firefighter is mentally or physically totally incapacitated the board may approve such application for retirement as provided herein.

(5) All paid firefighters who are receiving nonservice disability benefits shall be subject to the provisions of sections 72-1451 and 72-1452, Idaho Code.

72-1447. PAYMENT OF PENSIONS -- AMOUNT TO BE PAID -- PARTIES ENTITLED THERETO. Any firefighter, spouse, child or children of a firefighter entitled to compensation under the Workers' Compensation Law, shall draw benefits under this chapter only to the extent that the benefits under this chap-

ter exceed those to which he or she shall be entitled under the Workers' Compensation Law of Idaho. In no case, however, will a firefighter's regular retirement benefit be equal to more than one hundred per cent (100%) of the firefighter's average compensation for the three (3) consecutive years of employment which produce the greatest aggregate compensation. If the benefit is calculated to exceed one hundred per cent (100%) of the firefighter's average compensation, the firefighter shall be eligible for and may choose either:

(1) An annual service retirement allowance equal to the firefighter's average annual compensation for the three (3) consecutive years of employment which produced the greatest aggregate compensation; or

(2) A separation benefit.

72-1451. DISABILITY -- REEXAMINATION -- RETURN TO SERVICE. Irrespective of the date of retirement, at least once each year during the first five (5) years following the retirement of a firefighter with a disability retirement pension and in any three (3) year period thereafter, the public employee retirement system board may, or upon the disabled firefighter's application shall, require the disabled firefighter to undergo a medical examination, to be made by or under the direction of a physician designated by the board, at the place of residence of said disabled firefighter or other place mutually agreed upon. Should any disabled firefighter refuse to submit to such medical examination in any period, his or her disability retirement may be discontinued by the board and should such refusal continue for one (1) year all his or her rights in and to his or her disability retirement pension shall be revoked by the board. If upon such medical examination of said disabled firefighter, the said physician reports to the board that said disabled firefighter is physically able and capable of resuming employment in the classification held by him or her at the time of his or her retirement, he or she shall be restored to active service in the employment of the city or fire district and payment of his or her disability retirement shall cease, provided the report of the physician is concurred in by the board. A disabled firefighter so restored to active service shall from the date of his or her return to service become a member of the retirement system, thereafter in the same manner as prior to his or her disability retirement. Any service credited to him or her at the time of his or her disability retirement shall be restored to full force and effect. He or she shall be given credit for the period he or she was receiving service disability pension, provided under section 72-1445, Idaho Code; he or she shall not be given service credit for the period he or she was receiving a nonservice disability pension, provided under section 72-1446, Idaho Code. When a disabled firefighter on a disability retirement engages in work activities commensurate with the physical demands that were required in his or her classification as a firefighter, the work performed may demonstrate that said firefighter has the ability to be restored as a firefighter in the employ of the city or fire district. However, the circumstances under which the work was performed generally must be considered. Where said disabled firefighter has

to discontinue his or her work after a short time because of his or her impairment, his or her work activities would not demonstrate ability to resume his or her employment as a firefighter. The findings of the adequacy of the said firefighter's performance of work activities must be concurred in by the board. If said firefighter has a disability which is amenable to corrective treatment that could be expected to restore his or her efficient performance of duties of a paid firefighter, as defined in section 72-1403(G), Idaho Code, he or she would be considered disabled, provided he or she is undergoing the treatment prescribed by the medical committee, as set forth in section 72-1445, Idaho Code.

However, nothing in this section shall be construed to require a firefighter who in good faith relies on or is treated by prayer through spiritual means alone by a duly accredited practitioner of a well-recognized church to undergo any medical or surgical treatment, nor shall he or his dependents be deprived of any benefits hereunder to which he would have been entitled if medical or surgical treatment were employed.

72-1452. REVIEW OF DISABILITY. Upon application of a firefighter receiving a disability benefit, irrespective of the date of retirement, whether service or nonservice connected, or upon the board's own motion, the disability shall be reviewed by the board to determine whether a change of condition has occurred which would justify increasing or decreasing the disability benefit. The board may make such order as is appropriate. Such review shall only occur once every three (3) years after the date of the first disability payment.

72-1461. DEATH BENEFITS -- SPOUSE AND THE SURVIVING CHILD OR CHILDREN OF FIREFIGHTER KILLED IN PERFORMANCE OF DUTY. (1) In the event a paid firefighter is killed or sustains injury from which death results, while in the performance of duty and leaves surviving a spouse or a spouse with the firefighter's surviving child or children, the spouse, during his or her lifetime, shall be paid from the public employee retirement account the same pension the deceased firefighter would have been entitled to had the deceased firefighter retired as of the date of death, but in no event less than a monthly sum equal to: (a) sixty-five percent (65%) of the average paid firefighter's salary or wage in this state, if the deceased firefighter was an Option I firefighter, less any portion of the benefit transferred to an alternate payee as provided in sections 59-1319 and 59-1320, Idaho Code; or, (b) sixty-five percent (65%) of the deceased firefighter's average monthly salary or wage, based on his average final compensation, if the deceased firefighter was an Option II firefighter, less any portion of the benefit transferred to an alternate payee as provided in sections 59-1319 and 59-1320, Idaho Code. If the surviving spouse should die, the full retirement pay shall be paid to the firefighter's surviving child or children until they reach the age of eighteen (18) years or shall marry, whichever occurs first; provided, however, that if said deceased firefighter shall have died without leaving a surviving spouse and leaving surviving a child or children, said firefighter's surviving child or children shall be entitled to be paid

from the public employee retirement account the same pension the deceased firefighter would have been entitled to had the deceased firefighter retired as of the date of death, less any portion of the benefit transferred to an alternate payee as provided in sections 59-1319 and 59-1320, Idaho Code, until they shall reach the age of eighteen (18) years or shall marry, whichever occurs first.

(2) The monthly benefits provided for in this section shall vary annually according to the cost of living adjustment as set forth in section 72-1471, Idaho Code.

(3) Those benefits payable under the provisions of subsection (1) of this section, or under the provisions of section 72-1445, Idaho Code, which were ordered prior to July 1, 1978, shall continue under the provisions of this chapter in effect at the time such benefit payment was ordered.

(4) Eligibility for benefits of surviving spouses that was terminated on or after July 1, 1987, solely because of the spouse's remarriage is hereby reinstated effective July 1, 1992. Such spouses are entitled to have the benefits, including any cost of living allowances approved by the board effective on or after July 1, 1987, commence prospectively effective July 1, 1992, or upon their application to the retirement system, whichever is later.

72-1462. DEATH BENEFITS -- SPOUSE OF RETIRED FIREFIGHTER. (1) In the event a paid firefighter, retired on retirement pay, shall die and leave surviving a spouse, but no minor children, such surviving spouse shall receive for life the retirement benefits to which the deceased firefighter was entitled, less any portion of the benefit transferred to an alternate payee as provided in sections 59-1319 and 59-1320, Idaho Code.

(2) Those benefits payable under the provisions of subsection (1) which were ordered prior to July 1, 1978, shall continue under the provisions of this chapter in effect at the time such benefit payment was ordered.

If the surviving spouse dies the same retirement pay shall be paid to the firefighter's surviving child or children until they reach the age of eighteen (18) years or shall marry, whichever occurs first. Should a paid firefighter, retired on retirement pay, die without leaving a surviving spouse, and leave surviving him or her a minor child or children, said child or children shall be entitled to receive the pension to which said firefighter was entitled until they marry or shall attain eighteen (18) years of age, whichever occurs first.

72-1464. DEATH BENEFITS -- SURVIVING SPOUSE AND CHILDREN OF FIRE-FIGHTER DYING FROM CAUSES UNCONNECTED WITH DUTIES BUT DURING SERVICE AFTER FIVE YEARS. (1) In the event a paid firefighter who shall have died from causes unconnected with said firefighter's official duties, but during the period of said firefighter's service, leaves surviving a spouse or a spouse with firefighter's surviving child or children, and who shall have completed less than twenty (20) years, but more than five (5) years of active service as defined in subsection (H) of section 72-1403, Idaho Code, as a paid firefighter, said spouse, during the spouse's lifetime shall be paid from the account a monthly sum equal to: (a) two percent (2%) of the average paid firefighter's salary or wage in this state, if the deceased firefighter was an Option I firefighter, for each year's active service, less any portion of the benefit transferred to an alternate payee as provided in sections 59-1319 and 59-1320, Idaho Code; or, (b) two percent (2%) of said firefighter's average monthly salary or wage, based on his average final compensation, if the deceased firefighter was an Option II firefighter, for each year's active service, less any portion of the benefit transferred to an alternate payee as provided in sections 59-1319 and 59-1320, Idaho Code. The monthly sum for Option I benefits shall vary annually, according to the determination of the average paid firefighter's salary or wage in this state as set forth in section 72-1431, Idaho Code. If said surviving spouse dies, said monthly sum shall be paid to the firefighter's surviving child or children until they reach the age of eighteen (18) years or shall marry, whichever occurs first; provided, however, that if said deceased firefighter shall have died without leaving a surviving spouse and leaving surviving a child or children, said firefighter's surviving child or children shall be entitled to receive said monthly sum until they shall reach the age of eighteen (18) years or shall marry, whichever occurs first.
