08.02.02 – RULES GOVERNING UNIFORMITY

DOCKET NO. 08-0202-1701

NOTICE OF RULEMAKING – PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 33-105, 33-1254 and 33-1258, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 18, 2017.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The Professional Standards Commission (PSC) follows a Strategic Plan of annually reviewing twenty percent (20%) of the Idaho Standards for Initial Certification of Professional School Personnel. The following certificates and endorsements were reviewed by committees of content experts: Administrator, which includes School Principal, Superintendent, and Director of Special Education; Audiology; Bilingual; Career Technical areas, which include Agriculture Science and Technology, Business Technology, Family and Computer Sciences, Marketing Technology Education, and Technology Education; Computer Science; Engineering; English as a New Language; Speech Language-Pathology; and World Language. Additionally, the Core Teaching Standards, the basic standards which all specific teaching areas are required to meet, were reviewed.

All standards and endorsements were revised to better align with national standards and best practices, including renaming the English as a New Language endorsement to English as a Second Language endorsement to match the language used by the majority of other states.

Three new Pupil Personnel Services Endorsements were added. The School Counselor – Basic (K-12) Endorsement will allow licensed social workers to serve as school counselors pursuant to Section 33-1212, Idaho Code, on a limited basis. Occupational Therapist and Physical Therapist endorsements for these licensed professionals will allow districts additional funding options for students to obtain these types of services.

Renewal requirements were updated to set a date by which current certificate holders must complete a mathematics in-service program, if the requirement applies to their endorsement areas. Language regarding the Idaho Comprehensive Literacy Course was removed as a renewal requirement, as the rule has been in existence a sufficient amount of time that it no longer applies to individuals renewing their existing certificates.

The requirements for reinstatement of an expired certificate were amended to ensure that the requirements to obtain full certification during the term of the interim certificate meet current rules and requirements.

An example was added to the Code of Ethics regarding educator compensation.

Section 075, regarding background information checks, was amended to comply with recent changes to Section 33-130, Idaho Code. Definitions were updated and requirements, fees, and processes were clarified.

Additionally, a number of minor, non-substantive changes were made by Department staff to ensure that language is clear, concise, and meets the intent of law and rule changes.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking: N/A

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(1), Idaho Code, negotiated rulemaking was conducted. The Notice of Intent to Promulgate Rules - Negotiated Rulemaking was published in the April 5, 2017 Idaho Administrative Bulletin, [Vol. 17-4, pages 26 – 27](#).

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule:

Idaho Standards for the Initial Certification of Professional School Personnel is currently a document incorporated by reference. The Idaho State Board of Education approved amendments to the document on August 31, 2017. Because of the number of pages within the document, the republication of the text would be unduly cumbersome and expensive. A complete copy of Idaho Standards for the Initial Certification of Professional School Personnel can be found on the State Department of Education's website at sde.idaho.gov/topics/admin-rules/.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, Lisa Colón Durham, Director of Certification and Professional Standards, at (208) 332-6886 or icolondurham@sde.idaho.gov.

TEMPLATE FOR SYNOPSIS FOR INCORPORATION BY REFERENCE

INCORPORATION BY REFERENCE SYNOPSIS

In compliance with Section 67-5223(4), Idaho Code, the following is a synopsis of the differences between the materials previously incorporated by reference in this rule that are currently of full force and effect and newly revised or amended versions of these same materials that are being proposed for incorporation by reference under this rulemaking.

The following agency of the state of Idaho has prepared this synopsis as part of the proposed rulemaking for the chapter cited here under the docket number specified:

***STATE DEPARTMENT OF EDUCATION
IDAPA 08.02.02 - Rules Governing Uniformity
Proposed Rulemaking - Docket No. 08-0202-1701***

This is a synopsis of the changes to the Idaho Standards for the Initial Certification of Professional School Personnel that are incorporated by reference in IDAPA 08.02.02, "Rules Governing Uniformity," Subsection 004.01.

The Professional Standards Commission follows a Strategic Plan of annually reviewing twenty percent (20%) of the Idaho Standards for Initial Certification of Professional School Personnel. The following standards were reviewed by committees of content experts and are ready for submission: Core Teaching Standards, Art, Biology, Chemistry, Drama, Earth and Space Science, Elementary, Mathematics, Music, Physics, Pre-Service Technology, Science Foundation, and Visual Arts Foundation. All standards and endorsements were revised to better align with national standards and best practices and then presented to the Professional Standards Commission and State Board of Education for consideration.

All of the reviewed standards were updated to reflect the revisions previously made to the Idaho Core Teacher Standards, which resulted in every content area having many changes. All had been reworded, and in some cases renumbered. A list of the additional specific changes made to each of the areas reviewed is below.

CORE TEACHER STANDARDS

- Updated language to match best practices regarding being actively engaged in culturally responsive teaching, diversity, differentiation, and using behavioral interventions

- Added verbiage specific to American Indian students regarding valuing their cultural resources, as well as understanding the unique status of American Indian tribes, tribal sovereignty, and having knowledge of tribal communities
- Included language to indicate the ethical responsibility for teachers regarding student assessment and student assessment data
- Strengthened the language regarding professional learning and ethical practice by adding language regarding the specific Code of Ethics for Idaho Professional Educators, as well as including verbiage relating to Idaho Professional Learning Plans
- Added the Idaho Comprehensive Literacy Standards to this section, which were already required to be taught to all teachers, in order to provide a clear showing that these are requirements for all teachers
- Moved the existing Pre-Service Technology Standards to this section, which were already required to be taught to all teachers, in order to provide a clear showing that these are requirements for all teachers

ADMINISTRATOR

The administrator standards had Foundation Standards for all administrators previously, but lacked standards for School Principals. It was determined that it would be more accurate to change the Foundation Standards into Idaho Standards for School Principals, with the requirement that all other administrators must meet the School Principal Standards, as well as those specific to the other area of endorsement.

School Principals – The previous Foundation Standards were compared to the most current national standards for school administrator preparation

- The overall standards were revised to match the current national standards
- Specific knowledge and performance components were aligned, updated, and moved to meet the revised standards

Superintendent

- The overall standards were revised to match the current national standards
- Specific knowledge and performance components were aligned, updated, and moved to meet the revised standards

- Specific knowledge and performance components were aligned, updated, and moved to meet the revised standards
- Removed redundancies already covered in the Standards for School Principals

BILINGUAL AND ENGLISH AS A NEW LANGUAGE

These standards were combined previously, with most knowledge and performance standards aligning to both endorsement areas, but some listed as being specific to one of

the endorsement areas. To match the remainder of the document, Bilingual and English as a New Language Foundation Standards were created to address the standards that align to both endorsement areas. Separate enhancement standards were created for each endorsement area to address those items that are specific to each endorsement area.

Foundation

- Included language to address the need to understand unique considerations for specific language learner groups (e.g. immigrants, refugees, migrant, students with interrupted formal education)
- Emphasized the need to understand and be able to work with culturally and linguistically diverse students, including those who have exceptionalities
- Added language to ensure that teachers understand the influence of first language on second language acquisition

Bilingual

- Moved the standards to this section that only apply to Bilingual teachers and updated the specific terminology regarding learner differences, content knowledge, and assessment

English as a New Language – Recommended name change to “English as a Second Language” to match the terminology used by most other states, and added a definition to the glossary to clarify that the term “Second Language” refers to any language one speaks other than one’s first language

- Moved the standards to this section that only apply to English as a Second Language teachers

CAREER TECHNICAL TEACHERS

Foundation Standards

- Updated language to include knowledge and performance standards specifically relating to student assessment
- Added language to ensure that teachers need to understand the need to modify instruction based on changing industrial standards
- Embedded language to ensure that laboratory and field settings are addressed

Agricultural Science and Technology

- Added language regarding performance-based assessments
- Embedded language addressing the need to understand and incorporate components of related community programs into instruction
- Emphasized the need to understand the role of industry experts and adult volunteers

Business Technology

- Included language regarding the need to understand how classroom environment ties to industry to create real-world working environments for students

- Added language to emphasize the need to maintain an awareness of the nature of the profession and careers related to the field

Marketing Technology

- Included language regarding the need to understand how classroom environment ties to industry to create real-world working environments for students

Technology Education

- Minimal changes made to update the current language

SPEECH LANGUAGE PATHOLOGISTS
